HOUSE JOURNAL No. 1

Wednesday, December 3, 2014

On the first Wednesday in December in the year of our Lord, two thousand fourteen, it being the day designated by the Constitution for assembling for organizational purposes, the one hundred and sixty-fourth General Court of the State of New Hampshire convened at the Capitol in the City of Concord. The Representatives-elect were called to order by Karen Wadsworth, Clerk of the House for the preceding session.

Prayer was offered by Kate Atkinson, Rector of St. Paul's Episcopal Church in Concord.
O God, the Alpha and the Omega, God of beginnings and endings, we place in Your hands the events of this day, in this House. We give You thanks for those people whose terms of service have come to an end, and for those whose terms are just beginning. As plans are put in motion, and projects are completed, we pray for the wisdom that results in good decisions. Please bless this gathering with listening ears, clarity of thought, and a deep respect for the people they serve throughout the State of New Hampshire. We pray in gratitude for the gift of leadership. Amen.

Representative-elect Travis Bennett, member from Plymouth, led the Pledge of Allegiance.

Katie Rozmuck of Salem, daughter of Representative-elect John Manning sang the National Anthem.

CALL OF THE ROLL

BELKNAP COUNTY

Dist. No. 1 (1)	Valerie Fraser, r

Lois and Johnathan Bates, wife and son of Representative-elect Bates. Diann Pitre, wife of Representative-elect Pitre. Susan Taff Ervin, guest of Representative-elect Peter Schmidt. Paul Twomey, guest of Representative-elect Cushing. The Honorable Caitlin Rollo, former member from Manchester, daughter-in-law of Representative-elect Deanna Rollo. Thomas and Barbara Sweeney, parents of Representative-elect Joe Sweeney. Steve Ingbretson, brother of Representative-elect Ingbretson.

OATH OF OFFICE

Her Excellency, Governor Margaret Wood Hassan, having been informed that a quorum of the House was assembled, appeared, accompanied by the Honorable Councilors, Joseph D. Kenney, Colin Van Ostern, Christopher T. Sununu, Christopher C. Pappas and Debora B. Pignatelli. The members-elect, having presented their credentials, were duly qualified by the Governor as members of the House of Representatives by taking and subscribing the oath of office agreeable to the provisions of the Constitution of the State of New Hampshire.

The Governor and Executive Councilors retired.

ADOPTION OF PROPOSED GROUND RULES FOR ELECTION

Rep. Bates offered the following proposed Rules for Election:

ORGANIZATION DAY

New Hampshire House of Representatives

GROUND RULES FOR ELECTION

The rules of these elections shall be the rules of the 2014 New Hampshire House of Representatives, subject to the following ground rules:

Only members certified by the Secretary of State shall be eligible to participate and vote. Access to the floor shall be limited to members, and such other officers and assistants as may be required by the Clerk and Sergeant-at-Arms. The Clerk will prepare a checklist of those present and qualified to vote.

Election of candidates will be by majority vote of those present and voting. If more than two candidates are standing for an office, and if after any round of balloting no candidate receives a majority vote, the candidate with the least number of votes shall be eliminated in any subsequent balloting. Any candidate may withdraw of their own volition at any time.

Once nominations are declared closed, nominations may not be reopened. All balloting will be conducted by an open call of the roll as set forth on the checklist. If there is no candidate with a majority of votes, there shall be a 15-minute recess after the announcement of the results. Balloting shall continue until an officer is elected.

Each candidate will name one teller to observe the marking and counting of the checklist tally.

First-ballot nominating and seconding speeches will be limited to 15 minutes for each candidate. Subsequent speeches shall be limited to 3 minutes per candidate. Candidates who desire to concede or withdraw shall speak first. No other limitations will apply to these speeches.

When not inconsistent with these rules, Mason's Manual of Legislative Procedure (2010 edition) shall govern proceedings under these rules. No rule can be suspended on less than an affirmative vote of two-thirds of those qualified to vote as set forth on the prepared checklist.
Dated: December 3, 2014
Rep. Shurtleff spoke against.
Rep. Bates spoke in favor and requested a roll call.

MOTION ON VOTING PROCEDURE

Rep. Shurtleff moved that the vote on the Proposed Ground Rules for Election be by paper ballot.
Reps. Eaton and Cali-Pitts spoke in favor and yielded to questions.
Reps. Shurtleff, Horrigan, Robertson and Jasper spoke in favor.
Reps. Bates and Ladd spoke against and yielded to questions.

Rep. Baldasaro moved the previous question.
On a division vote, with 383 members having voted in the affirmative and 8 in the negative, the motion to limit debate was adopted.

Rep. Bates withdrew his request for a roll call.

The question now being adoption of the motion by Rep. Shurtleff that the vote on the Proposed Ground Rules for Election be by paper ballot.
On a division vote, with 222 members having voted in the affirmative and 171 in the negative, the motion was adopted.

Rep. Jasper offered the following proposed Rules for Election as an amendment to the proposed Rules for Election offered by Rep. Bates:

PROPOSED GROUND RULES FOR ELECTION

The rules of these elections shall be the rules of the 2014 New Hampshire House of Representatives, subject to the following ground rules:
Only members certified by the Secretary of State shall be eligible to participate and vote. Access to the floor shall be limited to members, and such other officers and assistants as may be required by the Clerk and Sergeant-at-Arms. The Clerk will prepare a checklist of those present and qualified to vote.
Election of candidates will be by majority vote of those present and voting. If more than two candidates are standing for an office, and if there is no majority vote, there will be no elimination of the low candidate after any ballot. All candidates will remain in the running unless they withdraw of their own volition.
Balloting shall continue until an officer is elected. If there is no candidate with a majority of votes, there shall be a 15-minute recess after the announcement of the results.
On each ballot, the Clerk will have printed, in alphabetical order, the name of any candidates, who prior to the opening of the session, informed the Clerk of their candidacies. There will be one blank line for write-in candidates.
Each candidate will name two tellers to count the ballots.
First-ballot nominating and seconding speeches will be limited to 15 minutes for each candidate. Subsequent speeches shall be limited to 3 minutes per candidate. Candidates who desire to concede or withdraw shall speak first. No other limitations will apply to these speeches.
Rep. Jasper spoke in favor.

The House recessed at 11:50 a.m.

RECESS

The House reconvened at 1:00 p.m.

Rep. Jasper withdrew his proposed Ground Rules for Election.

The question now being adoption of the proposed Ground Rules for Election offered by Rep. Bates.
On a paper ballot, with 162 members having voted in the affirmative and 224 in the negative, the proposed Ground Rules for Election, offered by Rep. Bates, failed.

Rep. Jasper offered the following proposed Rules for Election:

PROPOSED GROUND RULES FOR ELECTION

The rules of these elections shall be the rules of the 2014 New Hampshire House of Representatives, subject to the following ground rules:
Only members certified by the Secretary of State shall be eligible to participate and vote. Access to the floor shall be limited to members, and such other officers and assistants as may be required by the Clerk and Sergeant-at-Arms. The Clerk will prepare a checklist of those present and qualified to vote.
Election of candidates will be by majority vote of those present and voting. If more than two candidates are standing for an office, and if there is no majority vote, there will be no elimination of the low candidate after any ballot. All candidates will remain in the running unless they withdraw of their own volition.
Balloting shall continue until an officer is elected. If there is no candidate with a majority of votes, there shall be a 15-minute recess after the announcement of the results.
On each ballot, the Clerk will have printed, in alphabetical order, the name of any candidates, who prior to the opening of the session, informed the Clerk of their candidacies. There will be one blank line for write-in candidates.
Each candidate will name two tellers to count the ballots.
First-ballot nominating and seconding speeches will be limited to 15 minutes for each candidate. Subsequent speeches shall be limited to 3 minutes per candidate. Candidates who desire to concede or withdraw shall speak first. No other limitations will apply to these speeches.
Rep. Jasper spoke in favor.
Rep. William O'Brien spoke in favor and moved the previous question.
The motion to limit debate was accepted by the Chair.
Proposed ground rules for Election offered by Rep. Jasper were adopted.

ELECTION OF HOUSE SPEAKER

The Chair declared that nominations for Speaker were in order.
Rep. Ladd placed the name of Rep. William O'Brien in nomination for Speaker and addressed the House.
Rep. Tucker seconded the nomination and addressed the House.

Rep. Rosenwald placed the name of Rep. Stephen Shurtleff in nomination for Speaker and addressed the House.
Rep. White seconded the nomination and addressed the House.
Reps. William O'Brien and Shurtleff accepted the nominations and addressed the House.

The Chair, at the request of the candidates, named Reps. Baldasaro, Itse and Silva as tellers for Rep. William O'Brien; Reps. Eaton and Weber as tellers for Rep. Shurtleff and the Chair appointed Reps. Kaen, Kurk and Schuett as tellers for the House.

FIRST BALLOT

Of the 387 votes cast, 194 were needed for election. Rep. William O'Brien received 190 votes and Rep. Shurtleff received 168. No candidate was elected on the first ballot.

Rep. Sytek moved to re-open nominations.
Reps. Sytek, Eaton and Weber spoke in favor.

Reps. Hunt, Simmons, Itse and Baldasaro spoke against.

The Chair ruled nominations could be reopened.

APPEAL OF THE RULING OF THE CHAIR

Rep. Stepanek appealed the ruling of the Chair on re-opening nominations for Speaker and requested a roll call; not sufficiently seconded.

The question being shall the ruling of the Chair be upheld?
Rep. Jasper spoke in favor.
Rep. Eaton spoke in favor and yielded to questions.
Rep. Hunt spoke against.
Rep. William O'Brien moved the previous question.
The motion to limit debate was accepted by the Chair.
Rep. Stepanek withdrew his appeal of the ruling of the Chair.

The question now being adoption of the motion by Rep. Sytek to re-open nominations for Speaker. On a division vote, with 199 members having voted in the affirmative and 182 in the negative, the motion was adopted.

The House recessed at 3:40 p.m.

RECESS

The House reconvened at 3:55 p.m.

MOTION FOR REPUBLICAN CAUCUS

Rep. William O'Brien moved that the House stand in recess for 15-minutes for a Republican caucus.
Reps. William O'Brien and Kurk spoke in favor.
Reps. Jasper and Eaton spoke against.
On a division vote, with 222 members having voted in the affirmative and 157 in the negative, the motion was adopted.

The House recessed at 4:05 p.m.

RECESS

The House reconvened at 4:20 p.m.

ELECTION OF HOUSE SPEAKER

The Chair declared that nominations are reopened for Speaker.
Rep. Hoelzel placed the name of Rep. Shawn Jasper in nomination for Speaker and addressed the House.
Rep. Kidder seconded the nomination and addressed the House.
Rep. Jasper accepted the nomination and addressed the House.

ANNOUNCEMENT

Rep. Shurtleff addressed the House and withdrew his name from nomination for Speaker.

Rep. Lynne Ober seconded the nomination of Rep. William O'Brien for Speaker and addressed the House.

SECOND BALLOT

Of the 380 votes cast, 191 were needed for election. Rep. William O'Brien received 187 votes and Rep. Jasper received 190. No candidate was elected on the second ballot.

THIRD BALLOT

Of the 377 votes cast, 189 were needed for election. Rep. William O'Brien received 178 votes, Rep. Jasper received 195 and 4 ballots were blank. The Chair declared Rep. Shawn Jasper the duly elected Speaker of the House for the 2015-2016 biennium.
The Sergeant-at-Arms escorted Speaker Jasper to the rostrum. The Speaker addressed the House.

(Speaker Jasper in the Chair)

Without objection, the Speaker called for the Joint Convention prior to the election of House Officers.

RESOLUTION

Reps. Chandler and Shurtleff offered the following: RESOLVED, that the House inform the Honorable Senate it has elected a Speaker and is ready to meet with the Senate in Joint Convention for the purpose of electing a Secretary of State and a State Treasurer.
Motion adopted.

SENATE MESSAGE

The Senate has organized and is ready to meet with the House of Representatives in Joint Convention for the purpose of electing a Secretary of State and a State Treasurer.

JOINT CONVENTION

(Speaker Jasper presiding)

The Speaker called the Joint Convention to order.

The Chair declared that nominations were in order for Secretary of State.
Sen. D'Allesandro placed the name of William M. Gardner in nomination for Secretary of State and addressed the Joint Convention.
Rep. Griffin seconded the nomination and addressed the Joint Convention.

There being no further nominations, one ballot was cast for William M. Gardner and the Chair declared him the duly elected Secretary of State for the 2015-2016 biennium.

The Chair declared that nominations were in order for State Treasurer.
Senate President Morse placed the name of William F. Dwyer in nomination for State Treasurer and addressed the Joint Convention.
Rep. Weyler seconded the nomination and addressed the Joint Convention.

There being no further nominations, one ballot was cast for William F. Dwyer and the Chair declared him the duly elected State Treasurer for the 2015-2016 biennium.

The Chair administered the oath of office to William M. Gardner and William F. Dwyer.
William M. Gardner and William F. Dwyer addressed the Joint Convention.

Sen. Bradley and Rep. Flanagan moved that the Joint Convention arise.
Motion adopted.
The Joint Convention adjourned.

HOUSE SESSION

The Speaker reconvened the House Session.

ELECTION OF HOUSE OFFICERS

The Speaker declared nominations were in order for Clerk of the House.
Rep. Hess placed the name of Paul C. Smith in nomination for Clerk of the House and addressed the House.
Reps. Leishman, Simmons and Shaw seconded the nomination and addressed the House.

Rep. Marjorie Smith placed in nomination the name of Joel Winters for Clerk of the House and addressed the House.
Reps. Backus and Williams seconded the nomination and addressed the House.

The Speaker, at the request of the candidates, named Reps. Hess, Simmons and Shaw as tellers for Paul C. Smith and Reps. Jones, Patrick Long and Cilley as tellers for Joel Winters.

Of the 332 votes cast, 167 votes were needed for election. Paul C. Smith received 183 votes and Joel Winters received 143 votes. The Speaker declared Paul C. Smith the duly elected Clerk of the House for the 2015-2016 biennium.
Paul C. Smith addressed the House.

The Speaker declared nominations were in order for Sergeant-at-Arms.
Rep. Weyler placed in nomination the name of Walter Sword for Sergeant-at-Arms and addressed the House.
Rep. Wallner seconded the nomination and addressed the House.

There being no further nominations, and without objection, the Speaker closed nominations and one ballot was cast for Walter Sword and he was declared the duly elected Sergeant-at-Arms for the 2015-2016 biennium.
Walter Sword addressed the House.

The Speaker administered the oath of office to Paul C. Smith and Walter Sword.

Reps. Welch and Shurtleff offered the following:

RESOLUTION NO. 1

RESOLVED, that the House adopt the Rules of the 2014 session, with Rule 64 deadlines prospective only, for the 2015-2016 biennium.
Motion adopted.

Reps. Welch and Shurtleff offered the following:

RESOLUTION NO. 2

RESOLVED, that all action taken at all sessions of the House of Representatives be recorded through the public address system, and that the recording be used by the Clerk to confirm and correct the permanent journal. The permanent journal as prepared by the Clerk and as may be corrected by the House shall be the official record of the House.
Motion adopted.

Reps. Welch and Shurtleff offered the following:

RESOLUTION NO. 3

RESOLVED, that the following policy be established for the distribution of House calendars and journals, bills and resolutions to members of the General Court and state departments:

1. Every citizen is entitled, free of charge, to one copy of any publication at the legislative counter or to have the publication mailed to that person upon individual request for one such copy.
2. Persons requesting copies for the entire session will be charged a fee sufficient to cover postage, envelopes and handling. Such fees may be prorated when service is received for portions of the session only. All fees are payable in advance. The subscriber list may be submitted for legislative accounting and auditing purposes, but is not for publication or sale.
3. All fees charged for publications in accordance with this resolution shall be fixed with the approval of the Speaker, paid into the state treasury and credited to the legislative appropriation.

Motion adopted.

Reps. Welch and Shurtleff offered the following:

RESOLUTION NO. 4

RESOLVED, that the Speaker may employ such personnel as he may deem necessary and, with the approval of the House subcommittee of the Committee on Legislative Facilities, may fix their compensation in accordance with RSA 17-E:5.
Motion adopted.

Reps. Welch and Shurtleff offered the following:

RESOLUTION NO. 5

RESOLVED, that the members will be paid their legislative salary, as provided in the Constitution, in the month of January 2015, and that mileage of members of the House of Representatives be paid every two weeks during the session.
Motion adopted.

SENATE MESSAGE

The Senate has organized and elected its officers: President of the Senate, Senator Chuck Morse and Clerk of the Senate, Tammy L. Wright.

RESOLUTION

Rep. Welch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of resolutions be by caption only and that all resolutions be read a third time and passed and when the House adjourns today it be to convene on Wednesday, January 7, 2015.
Motion adopted.

The Organizational session of the 2015-2016 House of Representatives adjourned at 7:20 p.m.

RECESS

RECESS

HOUSE JOURNAL No. 2

Wednesday, January 7, 2015

The House assembled at 10:00 a.m. and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Monsignor Anthony R. Frontiero, Rector of Saint Joseph Cathedral in Manchester.

Please keep in your thoughts and prayers the family of Ronnie Berlack, a New Hampshire skier that was killed last week from an avalanche in Austria. Let us pray. Almighty and Ever-Living God, as we begin this New Year, we implore Your wisdom and guidance. Grant to the members of these legislative bodies an outpouring of Your Spirit that they may be wise in their judgments and serve freely the best interests of all the people of this great state. Broaden their personal concerns that they may seek the common good. Clarify their vision as they work together in the search for the best ideas and strategies to meet the greatest needs of our times, to best serve and safeguard the equal and inherent dignity of every human person, and to always be attuned to the helpless cries of the most vulnerable among us. Bless all members of this House, both the new and the experienced. May their faith in You, Lord God, and their awareness of the noble purpose of their awesome responsibilities on behalf of the people they represent, keep them humble in their service. May their families remain their deepest love and lasting joy. May all here who assist them in these chambers, in their respective offices and in committee responsibilities, be wise in their counsel and gracious in their service. May this legislature be a sign of unity and confidence to the people of New Hampshire, good news to the poor, and an instrument of peace in this corner of the world. Lord God, in You we trust now and forever. Amen.

Representative Peggy McCarthy, member from Nashua, led the Pledge of Allegiance.

The National Anthem was sung by the B Naturals from the Speaker's Alma mater, Alvirne High School in Hudson.

LEAVES OF ABSENCE

Reps. Balcom, Butler, Fothergill, Friel, Sanborn, Silva, Simmons, Southworth and Williams, the day, important business.

Rep. Groen, the day, death in the family.

INTRODUCTION OF GUESTS

James Segiline and Stephan Pretorius, guests of Rep. Lundgren. Lloyd Hadden, guest of Rep. Ticehurst. Lois Scribner, wife of Rep. Moffett. Ann Saunderson, wife of Rep. Saunderson. Michael and Sharon Watson, guests of Rep. Francese. Stephanie and Andrew Alicea, Dante Saulsberry, daughter, grandson, and guest of Rep. Alicea. Ian Hill, and the Honorable Kathleen Lauer-Rago, former member from Franklin, son and guest of Rep. Hill. The Honorable Robert Scott, former member from Windham, guest of Rep. Vose. The Honorable Jan Schmidt, former member from Nashua, guest of Representative Harvey. The Honorable Suzanne Vail, former member from Nashua, guest of Reps. Harvey and Horrigan. The Honorable Michael McCarthy, former member from Nashua, husband of Rep. Peggy McCarthy. The Honorable Mark Pearson, former member from Salem, guest of the Speaker.

COMMUNICATION

December 23, 2014

Paul C. Smith

Virginia O'Brien Irwin, d, Newport (182 Fletcher Rd.) 03773

Sincerely,
William M. Gardner, Secretary of State

COMMUNICATION

January 3, 2015

Dear Mr. Speaker,

Effective immediately I resign my seat in the New Hampshire Legislature, Rockingham District 32. I do so in order to concentrate on my duties to serve the Office of Congressman Frank Guinta and the veterans community of our state.

Respectfully,
Brian F. Dobson

The Speaker accepted the resignation.

RESOLUTION

Reps. Flanagan and Shurtleff offered the following: RESOLVED, that the House of Representatives inform the Honorable Senate it is ready to meet in Joint Convention for the purpose of canvassing the votes for Governor and Executive Council.
Motion adopted.

SENATE MESSAGE

The Senate is now ready to meet with the House of Representatives in Joint Convention for the purpose of canvassing the votes for Governor and Executive Council.

JOINT CONVENTION

(Speaker Jasper presiding)

RESOLUTION

Rep. Flanagan and Sen. Bradley offered the following: RESOLVED, that the Honorable Secretary of State be requested to lay before the Joint Convention the return votes for Governor and Executive Council.
Motion adopted.

In accordance with Article 42, Part 2 of the New Hampshire Constitution, David M. Scanlan, Deputy Secretary of State, appeared before the Joint Convention and presented the return votes for Governor and the Executive Council cast in the General Election held November 4, 2014 as follows:

Thursday, June 11, 2015	Last day to form Committees of Conference.
Thursday, June 18, 2015	Last day to sign Committee of Conference reports.
Thursday, June 25, 2015	Last day to act on Committee of Conference reports.

Rep. Flanagan spoke in favor.
Motion adopted.

Reps. Hinch and Flanagan moved the adoption of an amendment to House Rule 63, as proposed by the Rules Committee and as printed in the House Calendar.

AMENDMENT TO HOUSE RULES

Amend the first sentence of House Rule 63 to read as follows:
No person, including members of the House, except law enforcement officers while actively engaged in carrying out their duties as such, shall display any deadly weapon as defined in RSA 625:11, V while in the House Chamber, anterooms, cloakrooms, or any portion of the State House adjacent to any of the above.

Reps. Pantelakos and DiSesa spoke against.
Rep. Frederick Rice spoke in favor.
Rep. Burt spoke in favor, yielded to questions and requested a roll call; sufficiently seconded.

and the amendment was adopted.

Reps. Packard and Shurtleff moved the adoption of an amendment to House Rule 22 (c), as proposed by the Rules Committee and as printed in the House Calendar.

AMENDMENT TO HOUSE RULES

Amend House Rule 22 (c) to read as follows:
A roll call shall be taken when a member moves for a roll call vote and that motion is seconded by 20 other members. The member requesting the roll call vote and the 20 members who second the motion shall notify the clerk in writing and must be present in the chamber when the request is seconded or shall rise from their seats or otherwise be recognized by the Speaker. Whenever a roll call vote is requested and properly seconded, members shall enter the chamber to take their seats and the question shall then be put to the House.

LAID ON THE TABLE

Rep. Hunt moved that the Amendment to House Rule 22 (c) be laid on the table.
Rep. Tamburello requested a roll call; sufficiently seconded.

and the motion was adopted.

Rep. Stepanek moved the adoption of a floor amendment to House Rule 8.

AMENDMENT TO HOUSE RULES

Proposed by Reps. Stepanek and Bates: Amend House Rule 8 to read as follows:

Designating a substitute to preside, *appointing a majority and minority leader. (a)* The Speaker shall have power to substitute any member to perform the duties of the Chair. If absent, the Speaker shall designate a member to perform the duties of the Chair unless otherwise ordered by the House.

(b) The Speaker shall appoint the elected majority and minority caucus leaders as the respective Majority and Minority Leader. (c) If the elected majority caucus leader is the Speaker, he or she shall appoint his or her designee as Majority Leader.

Reps. Stepanek, Weyler and Wood spoke in favor.
Reps. Rowe, Shurtleff and Packard spoke against.
Rep. Stepanek requested a roll call; sufficiently seconded.

and the floor amendment failed.

Rep. Itse moved the adoption of a floor amendment to House Rule 30.

AMENDMENT TO HOUSE RULES

Proposed by Reps. Itse, Baldasaro and Ingbretson: Amend House Rule 30 to read as follows:
Committee names and duties: The following standing policy committees shall be appointed at the commencement of any session and will consist of not more than 24 members, with the exception of the House Finance Committee, which will have no more than 26 members: Children and Family Law; Commerce and Consumer Affairs; Criminal Justice and Public Safety; Education; Election Law; Environment and Agriculture; Executive Departments and Administration; Finance; Fish and Game and Marine Resources; *Government Oversight and Audit;* Health, Human Services and Elderly Affairs; Judiciary; Labor, Industrial and Rehabilitative Services; Legislative Administration; Municipal and County Government; Public Works and Highways; Resources, Recreation and Development; Rules; Science, Technology and Energy; State-Federal Relations and Veterans Affairs; Transportation; and Ways and Means. The Speaker may designate divisions within committees.
Amend House Rule 30, by adding the following:
30. (v) It shall be the duty of the Committee on Government Oversight and Audit to hear petitions for redress; to review all audit reports regarding the executive branch and the judicial branch; and to conduct all investigations of impeachment. The committee shall have authority to demand oaths of witnesses and to request that the House of Representatives issue subpoenas to provide testimony and/or material to the committee.

The Speaker ruled the Amendment out of order because it does not adequately reflect the additional changes to House Rules that would be necessary for it to be adopted. Specifically, House Rules 30(g) and 31 would need to be amended in order for this amendment's applicability to succeed and as it is silent on those counts, the amendment is not in order.

RESOLUTION

Rep. Flanagan offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bills numbered 101 through 139 and House Concurrent Resolutions numbered 1 and 2, shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees.
Motion adopted.

INTRODUCTION OF HOUSE BILLS AND HCRS

First, second reading and referral

HB 101, relative to prescription refills. (D. McGuire, Merr 21; Kotowski, Merr 24; Reagan, Dist 17: Health, Human Services and Elderly Affairs)
HB 102, relative to consideration of warrant articles. (J. Belanger, Hills 27; Flanagan, Hills 26; Hoelzel, Rock 3; DiSesa, Straf 16: Municipal and County Government)
HB 103, limiting the capabilities of wireless communication devices in motor vehicles. (J. Belanger, Hills 27: Science, Technology and Energy)
HB 104, prohibiting placement at the Sununu Youth Services Center under the child protection act. (Rideout, Coos 7; Burt, Hills 39: Health, Human Services and Elderly Affairs)
HB 105, relative to special number plates for members of the Civil Air Patrol. (Notter, Hills 21; Baldasaro, Rock 5; Marston, Hills 19; LeBrun, Hills 32; T. Smith, Hills 17; Moore, Hills 21: Transportation)
HB 106, relative to marital assets in divorce proceedings. (Flanagan, Hills 26; Abrami, Rock 19; Oligny, Rock 34: Judiciary)
HB 107, relative to the retention of municipal trust fund bank statements. (Rappaport, Coos 1; Theberge, Coos 3; Fothergill, Coos 1: Municipal and County Government)

HCR 1, rescinding all requests by the New Hampshire legislature for a federal constitutional convention. (Notter, Hills 21; LeBrun, Hills 32; Baldasaro, Rock 5; Marston, Hills 19; McConnell, Ches 12: Legislative Administration)

HCR 2, applying to Congress to hold a convention for amendments. (T. Smith, Hills 17; Theberge, Coos 3; Massimilla, Graf 1: Legislative Administration)

RESOLUTION

Rep. Flanagan offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time and when the House adjourns today it be to meet Thursday, January 8, 2015 at 10:30 a.m.

Motion adopted.

LATE SESSION

UNANIMOUS CONSENT

Rep. Bixby requested Unanimous Consent of the House in regards to the natural rights in the Constitution and addressed the House.

Rep. Rogers and the Concord Delegation requested Unanimous Consent of the House in regards to memorial remarks for Lt. Colonel Stephanie Riley of Concord. Rep. Rogers addressed the House.

Reps. Rowe and Wall requested Unanimous Consent of the House in regards to memorial remarks for former Representative, the Honorable David Nixon and addressed the House.

Reps. Backus and Marjorie Smith requested Unanimous Consent of the House in regards to memorial remarks for former Representative, the Honorable Kimon S. Zachos of Manchester and addressed the House. Rep. Itse requested Unanimous Consent of the House in regards to the purpose of government and addressed the House.

MOTION TO PRINT REMARKS

Without objection, the Speaker ordered the remarks made by Rep. Rogers during Unanimous Consent be printed in the Permanent Journal.

REMARKS

Rep. Rogers: Thank you, Mister Speaker. Mister Speaker, colleagues and friends, once in a while it is important to step back from our work here in Concord and recognize a rare and special person who stood among us, someone of achievement, an inspirational life well led. On December 29, New Hampshire lost Lt. Colonel Stephanie Murdough Riley of Concord to cancer at age 47. She served our country and our state, and she was the backbone of her family. Stephanie spent her life serving others, and leading the cause of helping others, even in her own struggle. She was a nurse, a wife to Shawn and a loving mother to Shane, 13 and Sammy, 9. Lt. Colonel Riley served in Operation Desert Storm and in the New Hampshire Air National Guard where she was deployed in support of Operation Iraqi Freedom. She served with distinction. Stephanie worked at Concord Hospital, served on the New Hampshire Commission on Post Traumatic Stress Disorder and Traumatic Brain Injury, was a member of the New Hampshire State Veterans Advisory Committee, and two years ago, served as a member of Governor Hassan's military guard during the inauguration. Lt. Colonel Riley loved the military and would have loved to stay for twenty more years, but it was not in the cards for her. Stephanie's body betrayed her powerful will. She bravely fought and defeated breast cancer only to have to take up the fight against lung cancer. She rarely allowed her smile or her determination to live fade from view. She served our nation as long as her health would allow. Lt. Colonel Riley was to have her retirement ceremony this coming Saturday, January 10. Cancer denied her that honor. She lost her battle with lung cancer, but not without one hell of a fight. After her diagnosis, she was tireless in efforts to raise public awareness about early cancer screenings. She knew the face of the enemy and Stephanie was a powerful weapon for good. Last fall, over 5,300 walkers rose over $560,000 for research in Concord's Making Strides against Cancer walk. Steph was among them even as she battled stage IV lung cancer. Even then, she was leading the way. She had walked a year before as a survivor without assistance. She was one of the largest fundraisers. It was important for her to participate despite the physical toll fighting lung cancer had taken on her. "I walked a little bit of it and did the rest of it in a wheelchair that my great friends took turns pushing," she stated proudly. The 5-mile loop became a bit of a pep rally, included 184 teams, and among them was "Steph Strong." Her team wore pink camouflage sweatshirts. Steph kept everyone updated on her battle with postings on Facebook. She was incredibly open about her battle with cancer. She shared the victories and the joys and made us all stronger. Among her postings: "I told myself to stop being such a wimp and just give myself the stupid shot. Well I gave myself the shot and now I am a pro at self-injections. Just another learning experience on this cancer journey…" "You always kinda wonder if you have made any impact in your life and I am just overwhelmed by how much everyone is behind me." "Just got home from…the State Veterans Advisory Committee meeting, of which I am the secretary, an awesome group of veteran services organizations and community members that do so much for the veterans in our great state. So proud to be a part of such an important organization. If I could give any advice I would say to LISTEN TO YOUR BODY and get things checked that just don't seem right so that you can treat things early and successfully. Change your priorities and don't let your stress kill you. Family and friends are what it is all about…live and love well." Mr. Speaker, New Hampshire has lost a great warrior and a great woman. May we all show the courage she has shown to her family, to her friends, and to her country when our time comes. Thank you, Lt. Colonel Stephanie Riley for showing us all what it means to be "Steph Strong!" Rest in peace, my friend.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of Lieutenant Colonel Stephanie Riley of Concord.

REMARKS

Without objection, the Speaker requested the remarks by Reps. Rowe and Wall printed in the Permanent Journal.

Rep. Rowe: Thank you, Mister Speaker. Last November, one of New Hampshire's premier citizens died, David Nixon, at the age of 82. David was a military veteran, he was an attorney, he was a Legislator, a member of this House and he was President of the Senate. I got to know David forty years ago when he took an extreme measure in the Senate of taking the Senate on the road. They went around to different schools and had executive sessions there. Most important about David is, in his profession as a legislator and as an attorney, he was a compassionate, caring individual. I will tell you one anecdote that illustrates some of his actions. Three years ago, my wife, Helen, and I went to a restaurant with David and his wife, Pat. It was the Mile Away restaurant in Milford. As we were walking out, way off to my left, a woman jumped up from her table and rushed over and said, "Are you attorney Nixon?" My reaction was uh-oh, what's coming next? David said, "Yes" and she said, "I want to thank you. You represented my mother 30 years ago. You saved her life. Thank you." So, colleagues, how many of us would be thanked for something we did, an action, 30 years ago? I think very few. God bless you, David.

Rep. Wall: Thank you, Representative Rowe. I first knew David from his reputation and from his daughter, who served here in the House when I first started nearly 30 years ago. I knew him to be a good and decent man. David was a man who was compassionate. David was a man who would take on cases for the regular person, a lot of cases no other attorney would take on because they weren't moneymakers. David came back into the House a few years ago and filed a number of pieces of legislation and I approached him and said, "David, it looks like you are trying to clean up a lot of unfinished business." He said, "You are right, I am." I knew David was not well at that time, but David was noble. David was committed. David served with us on the Judiciary Committee and did a beautiful job. He wasn't always respected because he brought in so much legislation that time and a lot of people didn't think it really mattered, but to David, it did. David mattered to a lot of other people. David became a friend. I knew him, as I said, first through his daughter. My son knew him through me. He became a mentor to my son and a dear friend. David kept in touch with us after he left the legislature and for those of us in Judiciary, occasionally we would receive these great big bundles of papers from David just reminding us of things we needed to do and should do as decent human beings and as legislators. Last time I was in touch with David was last summer. I knew it wouldn't be long, but my heart broke when we lost him. God bless him and may he rest in peace.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the former member from Manchester, the Honorable David L. Nixon.

MOTION TO PRINT REMARKS

Without objection, the Speaker ordered the remarks made by Reps. Backus and Marjorie Smith during Unanimous Consent be printed in the Permanent Journal.

REMARKS

Rep. Backus: Thank you, Mister Speaker. I am joined by Representative Marjorie Smith in these remarks, which are made on behalf of a wonderful citizen of Manchester, the State of New Hampshire and a very important part of the history of this House and this legislature. I speak of attorney Kimon Zachos of Manchester who died very suddenly and his wake is actually tomorrow. Interestingly enough, in the remarks we just heard about David L. Nixon, another fine lawyer and citizen who worked in Manchester, Kimon and David Nixon were best friends. Kimon came from Bennington, New Hampshire. His parents were immigrants from Greece and he came up to attend Wesleyan University, which happens to be my Alma mater and David Nixon's Alma mater. He was the first White House fellow. He served in that time and got very close to the attorney general, Nicholas Katzenbach at the time when the civil rights movement was at its height and the Justice Department was enforcing voting rights in the South and he was a key part of that. Since he returned to Manchester to practice law, he spent 42 years with one law firm, Sheehan, Phinney Bass & Green firm in Manchester, but he never stopped contributing to the public in so many ways. There are so many things he did. He was a critical part of the development of Southern New Hampshire University which everybody knows now and what an amazing institution that is coming from a small operation in Hanover to now having five campuses. He also was a long time trustee and Chairman of the Board of the Currier Gallery of Art in Manchester and he just made that institution into a world-class museum that is the pride of not only Manchester, but also New Hampshire. Under him

the museum was completely renovated, 50% expanded exhibition space. It has become a source of great pride and great benefit to citizens throughout New Hampshire with not only its exhibits, which the last one was amazing, but also its art education and many other activities. He was married to his wife, Anne, for over 50 years and he is the father of three daughters. Those three daughters have five sons, so he had five grandsons and the next generation is presumed to be all daughters again. He was a terrific family man, a good friend, and an able lawyer. He was named Lawyer of the Year, served many honors, but in terms of this House, he served both as the Majority Leader on the Republican side and as Deputy Speaker and he clearly could have gone much further with a political career, but he was happy with his legal career, happy with his family life, but he never stopped contributing. As his partner, Brad Cook says, a long time distinguished lawyer, "He had a most complete life anybody could imagine; a great family life, a great life of public service and a great life as an excellent and well regarded lawyer." New Hampshire has lost a wonderful citizen and I have lost a great friend with both Dave Nixon and Kimon Zachos. I would ask Marjorie if she would like to add to those comments.

Rep. Marjorie Smith: Thank you, Bob. In 1965, I was working in Washington and was joined in Washington by my sister and brother-in-law. My brother-in-law was in the first group of White House Fellows. In that group were some absolutely incredible people. In that same year, I met a gentleman that came from all places, New Hampshire. My sister was quite surprised that anybody from New Hampshire would be someone I would be interested in so in trying to figure out exactly the nature of this relationship, she introduced us to one of my brother-in-law's colleagues in that first group of White House Fellows and that was Kimon Zachos. In 1965, we bonded and the bond has never been broken and will never be broken. They do not make people like Kimon Zachos anymore. He spent his entire life focused on the public good whether it was having legal services available to people who need it, whether it was understanding the importance of arts and culture in our society, whether it was encouraging people to participate in the political process or whether it was playing a strategic role in building the New Hampshire Charitable Foundation to one of the preeminent charitable foundations in the country. In every aspect of life, this was a man who was guided by integrity and honesty and commitment to the public good. A life-long Republican, he was appointed by Republican and Democratic leaders alike to play key roles in advisory positions because they knew that his integrity and his intelligence would rule the day. We have lost a real leader in the state of New Hampshire and I hope those of us who remain will try always to do our best to live up to his expectations. Thank you.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the former member from Manchester, the Honorable Kimon S. Zachos.

RECESS MOTION

Rep. Flanagan moved that the House stand in recess for the purposes of the introduction of bills and receiving Senate messages.
Motion adopted.

The House recessed at 12:00 p.m.

RECESS

(Speaker Jasper in the Chair)

Rep. Chandler moved that the House adjourn.
Motion adopted.

HOUSE JOURNAL No. 3

Thursday, January 8, 2015

The House assembled at 10:30 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord. I am honored to serve as your chaplain and at the same time, I recognize that the Episcopal brand of spirituality is not for everyone. That's why, in addition to my regular visits, you will also have visits from representatives of other denominations and faiths, as you did yesterday. And, on this momentous Inaugural Day, you will be blessed by the presence of four faith leaders of different traditions! It's important for us to respect the wide range of spirituality that exists wherever people gather. Even those of the same denomination are not all inspired in exactly the same way, but whatever your personal faith story may be, there is another faith that permeates this Chamber and connects us all. That is the faith that the people of New Hampshire have placed in you, their elected representatives. So, my prayer for you today, and every day, is that you will come away from each Session, each official gathering, knowing that you have done your best to honor the people's trust. O God of many names, many forms and many expressions, I pray that You would inspire the people who serve in this House. Give them wisdom and insight and speak clearly to their hearts. Equip them with everything they need to be the best they can be. Amen.

Representative Laura Pantelakos, member from Portsmouth, led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Gagne, Kenison, Massimilla, Parsons, Patten, Phillips, Spang and Wheeler, the day, illness.
Reps. Aldrich, Allen, Ammon, Avellani, Balcom, Ronald Belanger, Berch, Bordenet, Bouldin, Duane Brown, Rebecca Brown, Bush, Butler, Byron, Cardon, Cynthia Chase, Francis Chase, Chris Christensen, Cilley, Comeau, Cook, Cordelli, Crawford, DeSimone, Edwards, Emerick, Flanders, Fothergill, Valerie Fraser, June Frazer, Friel, Froburg, Gagnon, Gannon, Gargasz, Gile, Goley, Gould, Goulette, Grenier, Guthrie, Haefner, Hagan, Harris, Henle, Higgins, Hill, Hirsch, Hoell, Hull, Hunt, Infantine, Irwin, Eric Johnson, Jones, Kaczynski, Kellogg, LeBrun, Ley, Lundgren, Major, Mann, Marston, Matthews, McClarren, McConkey, Carol McGuire, Dan McGuire, McLean, Milz, Nelson, Michael O'Brien, O'Hearne, Oligny, Osborne, Parent, Parison, Parkhurst, Pellegrino, Piper, Potucek, Prudhomme-O'Brien, Chip Rice, Carol Roberts, Robertson, Rollins, Russell, Sad, Andrew Schmidt, Peter Schmidt, Schroadter, Seaworth, Shaw, Simmons, Gregory Smith, Steven Smith, Suzanne Smith, Timothy Smith, Southworth, Souza, Sterling, Victoria Sullivan, Sykes, Sylvia, Sytek, Takesian, Tholl, Doug Thomas, Townsend, Treleaven, True, Alan Turcotte, Thomas Walsh, Joanne Ward, White, Williams and Wuelper, the day, important business.
Rep. Marjorie Smith, the day, illness in the family.
Rep. Doucette, the day, death in the family.

INTRODUCTION OF GUESTS

Atinuke Cahill, wife of Rep. Cahill. Lorrie and Sarah Jasper, wife and daughter of the Speaker.

RESOLUTION

Reps. Chandler and Shurtleff offered the following: RESOLVED, that the House of Representatives notify the Honorable Senate that it is ready to meet in Joint Convention for the purposes of hearing the report of the Joint Committee appointed to compare and count the votes for Governor and Executive Council, for the Inauguration of the Governor and for the taking of the oath by the Executive Council.
Motion adopted.

SENATE MESSAGE

The Senate is now ready to meet with the House of Representatives in Joint Convention for the purpose of hearing the report of the Joint Committee appointed to compare and count the votes for Governor and Executive Council, the Inauguration of the Governor, the Honorable Margaret Wood Hassan, and the taking of the oath by the Executive Council.

JOINT CONVENTION
(Speaker Jasper presiding)
REPORT

Reps. Chandler, Flanagan and Shurtleff and Sens. Bradley and Woodburn offered the following report: The Joint Committee appointed to compare and count the votes for Governor and Executive Council reports that it has attended to its duties and the vote is correct.

INTRODUCTION AND SEATING OF SPECIAL GUESTS

The Sergeant-at-Arms introduced the following special guests who were escorted to their seats by Aides-de-camp: Friends, family and honored guests of Governor Hassan. Mayor of Concord, Hon. James Bouley. Commissioners and Department Heads for the State of New Hampshire. Members of Law Enforcement and Public Safety. Deputy Administrative Judge of the New Hampshire Circuit Court, Hon. David D. King. Administrative Judge of the New Hampshire Circuit Court, Hon. Edwin W. Kelly. Associate Justices of the New Hampshire Supreme Court, Hon. James P. Bassett, Hon. Robert J. Lynn, and Hon. Carol Ann Conboy. Senior Associate Justice of the New Hampshire Supreme Court, Hon. Gary E. Hicks. Chief Justice of the New Hampshire Supreme Court, Hon. Linda S. Dalianis. United States District Court Judges for the District of New Hampshire, Hon. Landya McCafferty and Hon. Paul J. Barbadoro. Chief Justice of the United States District court of the District of New Hampshire, Hon. Joseph N. Laplante. New Hampshire Attorney General, Joseph A. Foster. Leadership of the New Hampshire House of Representatives. Former Speaker of the House, Speaker Terie Norelli. Hon. William H. Shaheen, representing United States Senator Jeanne Shaheen. Retired Justice of the United States Supreme Court, Justice David H. Souter. New Hampshire State Treasurer, Hon. William F. Dwyer. New Hampshire Secretary of State, Hon. William Gardner. The Reverend Clergy. Executive Councilor representing District 1, Hon. Joseph D. Kenney. Executive Councilor representing District 2, Hon. Colin Van Ostern. Executive Councilor representing District 3, Hon. Christopher T. Sununu. Executive Councilor representing District 4, Hon. Christopher C. Pappas. Executive Councilor-elect representing District 5, Hon. David K. Wheeler. Governor Hassan's mother, son and daughter, Margaret Wood, Benjamin and Megan Hassan, accompanied by Joyce Averill and Elizabeth Halliday.

Governor Margaret Wood Hassan and her husband, Thomas E. Hassan were introduced and escorted to the rostrum by Major General William N. Reddel III, the Adjutant General of the State of New Hampshire.

INVOCATION

Offered by the Reverend Father Robert J. Archon from St. Nicholas Greek Orthodox Church in Portsmouth.

Almighty God and Creator, You are the Father of all people on the earth. Guide, I pray, Your elected Governor Maggie Hassan in the ways of justice and peace. Protect her office from thoughts of injustice, prejudice, exploitation, and conflict. Help her to put away mistrust, bitterness and hatred. Lead her to seek of peace, respect and freedom. Unite her governing board in the making and sharing of tools of peace against ignorance, poverty, disease and oppression. Grant that we may grow in harmony and friendship as brothers and sisters created in Your image to Your honor and praise. St. Paul reminds us, "Let everyone be subject to the governing authorities, for there is no authority except that which God has established" (Romans 13:1). Let us therefore be subject to one another in reverence to You. Bless this, our elected Governor, Maggie Hassan. Grace her with compassion for those she faces with challenges, justice for those who long for liberation, and a spirit of respect for life, the dignity of each person, and the common good. I thank You for the plan You gave to our forefathers by which to govern our nation and for the division of powers so that our destiny does not rest in the hands of one person. In praying for those in authority, I therefore lift up her Excellency Governor Maggie Hassan, to You. I pray that by Your Holy Spirit this legislative body will make laws that are just. Father, I ask You to give her and those who work with her, wisdom to make decisions that would strengthen and prosper our State of New Hampshire and nation at large. I desire that they would make right decisions concerning the politics, social welfare, and economics of our state. I pray that they will be motivated by Your hand and not their own personal abilities alone. Thank You, Father, for surrounding Your chosen Governor with wise counsel, calling upon Your guidance to be bold, just and true, a woman

of high moral character not compromising the standards that Your ways lay out for them. Bless her Excellency, Governor Maggie Hassan, New Hampshire's eighty-first governor, her husband Tom, their children Ben and Meg as they journey to serve Your people with humility and confidence in their God-given talents to effect positive change in this our nation. Amen.

PRESENTATION AND POSTING OF COLORS

Members of the New Hampshire Colonial Color Guard and the New Hampshire National Guard Honor Guard presented and posted the Colors.

PLEDGE OF ALLEGIANCE

Shane Riley of Concord, in memory and in honor of his mother, New Hampshire Air National Guard Lieutenant Colonel Stephanie Riley, led the Pledge of Allegiance.

NATIONAL ANTHEM

The National Anthem was sung by Christopher Duffley of Manchester.

PRAYER FOR PEACE AND THANKSGIVING

Offered by Rabbi Amy Loewenthal of Congregation Ahavas-Achim in Keene.

We are thankful to be together on this bright day, to offer and to receive words of blessing. Let us look into each other's hearts and be thankful for what unites us, a common desire to serve, to build, to bring more peace into the world. Let us look into each other's faces and be thankful for what differentiates us, our varied cultures, considerations, concerns. My Jewish culture has a longstanding tradition of appreciating difference, honoring the lively and constructive clash of opinions. Our ancient sages, Rabbi Hillel and Rabbi Shammai disagreed in most areas of ritual practice and ethics. Shammai was concerned with upholding tradition, was strict in interpreting Jewish law to fit the situation at hand, being flexible to bring the greatest good. Let us note the warmth and humanitarianism of Hillel and let us also recognize Shammai's vigilance in preserving a coherent tradition. They brought out the best in each other. Their debates, endless yet respectful, were called "disputes for the sake of Heaven." What is a 'dispute for the sake of Heaven'? It is a dispute which will ultimately lead to something enduring. Let us note how Hillel and Shammai together strove for a justice tempered with mercy. Their thinking together gave rise to a pluralistic tradition, which continues until this day, two thousand years later. Governor Hassan, you surely appreciate our Sages' legacy. You encourage 'debates for the sake of Heaven.' Debates that shape action for the greatest common good for the people of New Hampshire. Let us give honor to you on this bright day as you are sworn in for your second term as our Governor. Let us thank you for your clear vision and your patient dedication. Let us thank you for your ability to unite us across our differences. And, let us bless you as our leader, inspiring all of us as we too strive to serve, to build, to bring more peace into this world. Governor Hassan, we bless you in words from the Psalmist. MA'ASEH YADAYIKH KONENAH ALAYIKH. May the work of your good hands continue and continue. And, let us say, "Amen."

OATHS OF OFFICE

The Honorable Linda S. Dalianis, Chief Justice of the New Hampshire Supreme Court administered the oath of office to Governor Margaret Wood Hassan.

Thomas, Benjamin and Megan Hassan, husband, son and daughter, joined the Governor on the rostrum.

Governor Hassan administered the oath of office to the Honorable Executive Councilors, Joseph D. Kenney, Colin Van Ostern, Christopher T. Sununu, Christopher C. Pappas and David K. Wheeler.

PRAYER FOR A SUCCESSFUL ADMINISTRATION

Offered by Reverend Kathleen Brownback, teacher of Religion and Philosophy at Phillips Exeter Academy.

God of many faiths, many names, we gather on this bright morning, members of both parties, members of the senate and the assembly old and new, other members of the federal, state and local government, and citizens and friends of New Hampshire, to participate in the second inauguration of the Governor, Maggie Hassan. To govern is an awesome responsibility, and to do it well takes courage. It takes the kind of wisdom that comes only with experience. It takes unbelievable com-

mitment. It takes an endless ability to focus on the big picture, on the purpose of good government, to manage our common life together in a way that supports the potential of all. This is not a job for one person alone, and we are here above all to rededicate ourselves to this extraordinary task. From the sparkling waves of Seacoast beaches to the tallest peaks in the White Mountain range, to our farmlands and lakes and thriving cities, New Hampshire is a beautiful state. We are blessed with public resources to steward and to protect, with schools and transportation and public health to strengthen. This is the elected task of many in this room, and their staffs, and their colleagues. At times their work is unglamorous and unseen, and noticed only when it is not done. The common good often seems elusive and the difficult questions before us loom large and yet their work, and their leadership, could not be more important in upholding the value of community, shared risk, and a fabric of connection we all depend on in ways we often do not notice. The work of the Governor is central to it all, helping support the ideals of those who elected her and to recognize the legitimate concerns of those who did not. It takes courage, it takes wisdom, it takes commitment, it takes ability, all of which she has. No one does this job alone. May she be able to depend on the rest of us for support, for constructive challenge, for humor and perspective at stressful moments, and with deep respect for her leadership past, present, and future. This is our prayer. Amen.

READING

Victoria Arlen, Paralympic Gold Medalist from Exeter recited a poem by Alice B. Fogel of Acworth, New Hampshire Poet Laureate.

Inaugurate

Let's take the advice of birds,
and begin in flight.
Stirred with one slight flutter,
and another,
and another,
winds will spin
into the formation of one flock.
Let's rise up from the surrounding mountains and move
from the margins to the heart
until we are all heart –
the grand or small, singular peak
where we each nest
woven into one
common geometry of range and reach.
Let's praise the state
of a circle,
praise the color, the bloom and sheen,
of every plume on every wing –
praise the ring
of weather rough and sweet, of songs
aired from cities and fields, from the hills and trees.
Let's spiral from border to core.
Let's begin again as we are, and must be –
able and free,
solving the problems of gravity
by every imperceptible
pulse and prayer
lifting a feather in turn,
till finally, all together,
we take flight
with the force
of our collective wings, their span
filling the whole sky.

MUSICAL INTERLUDE

"Jubilate Deo" was performed by the Concord Community Music School's Scholarship Vocal Ensemble.

INAUGURAL ADDRESS

By Governor Margaret Wood Hassan

Mr. Speaker, Mr. President, Madam Chief Justice, Justice Souter, honorable members of the House, Senate, Executive Council and Judiciary, and my fellow citizens, thank you for once again entrusting me with the solemn responsibilities of this office. It is an honor to serve as your Governor, and I will continue striving every single day to live up to your trust and to make progress for all of the people of New Hampshire. To Speaker Jasper and President Morse, I am ready to roll up my sleeves and I know you are too. I look forward to working with both of you, and with all members of the House and Senate, to keep our state moving forward. I also want to take a moment to thank my family, my husband, Tom, and our children, Ben and Meg, my mom, Peggy, my brother, Frank and my sister, Franny and our family of the heart, Liz and Joyce. Without your love and support, I wouldn't be standing here today. Thank you for everything, today, and every day, and let me express our profound gratitude to the brave men and women serving with the New Hampshire National Guard, and all members of our armed services and veterans. It is because of your dedicated service that we are all free to be here today. As I stood before you two years ago on this occasion, our people, businesses, and economy were still reeling from the worst recession our nation had known in generations. Facing into the great challenge before us, we recommitted ourselves that day to the traditions that make the Granite State strong, cooperation, bipartisanship, and common-sense problem solving in order to move our economy forward. The people of our state work through problems together every day, and they expect their elected leaders to do the same thing and over the past two years, we have not allowed the partisan divide to be an obstacle to getting things done. Democrats, Republicans and Independents worked together, and we found that when we did, the sum of our progress was far greater than our individual ideas or perspectives. After vigorous debates, we emerged stronger. From health care to higher education to transportation, by working together, we found a new way forward on our most pressing challenges. To continue building an innovation economy for our future, with more opportunity for all of our people, we must always be looking to find that place where differing ideas meet. We know better than to think that any one political party has all the answers. At every step of the way, we must ask ourselves how can we reach the middle ground that fuses our individual ideas into something greater, something that will strengthen the economic future of all of our people? How can we find new solutions and approaches, the ones that nobody has thought of yet? Though the challenges before us are significant, we are capable of finding that new way forward, because that's what Granite Staters do. That's what a young man from Concord did nearly 230 years ago when he needed a way to wake himself up before dawn to get to work because in the year 1787 there was no such thing as a mechanical alarm clock in America. Yet Levi Hutchins was undeterred, and he refused to accept that he would have to wait for the roosters to crow before he could start his day so Levi figured out that by adding an extra gear into a brass clock, he could make it strike a bell at four o'clock every morning. Like a true Granite Stater, he recognized that while tradition is important, we must not simply rely on the old way of doing things. When faced with a challenge, he found a new way forward. That stubborn refusal to accept that there is a limit to what we can accomplish lives on in our state today. Just ask Deepika Kurup, a sixteen-year old sophomore at Nashua South High School. According to Deepika, "Science has the enormous power to help people find solutions to problems we never thought could be solved," and she would know. On a family trip to India, Deepika was troubled when she saw children drinking dirty water so she spent her summer vacation developing a system to purify water using solar energy. She discovered that by combining two chemicals and adding sunlight, her sustainable, cost-effective system could destroy bacteria and decontaminate water. As global challenges go, it doesn't get much bigger than the scarcity of safe drinking water, but rather than be daunted by the magnitude of this challenge, Deepika found a new way forward. For her work, Deepika has earned the title of "America's Top Young Scientist," and she and her family are here with us today. In the months and years ahead, we must not forget Levi and Deepika's examples here in Concord. Examples of people who challenged themselves to find new approaches that nobody had thought of yet and if we can do the same, we will continue laying the foundation of a brighter economic future. A future where our middle class families can breathe just a little bit easier. A future where our entrepreneurs and small businesses have the support they need to thrive and create good jobs. A future where young people have attractive opportunities for both careers and quality of life. Together, while ensuring fiscal responsibility, we have already made real progress in building a stron-

ger, more innovative economy, but as we gather today, we remain at the beginning of our work to ensure that all of our citizens are included in our shared success and prosperity. The good news is that thanks to our bipartisan progress, we're in a better position than most other states. Our unemployment rate is at its lowest level since 2008. Last month, New Hampshire's credit outlook was restored to "stable," and our private sector has recovered all of the jobs lost in the recession. We also continue to be known across the country for our high quality of life. A recent report ranked New Hampshire as the best state to live and the best state to earn a living, and in 2013, our median household income was the highest in the nation, but to the hard-working people across our state, statistics don't always reflect the individual struggles that some face. Our families are focused on whether they can afford to send their kids to college, and whether they'll be able to make their mortgage payment at the end of the month. Our small business owners want to know that they'll be able to pay their electric bill and make payroll. Our young people are focused on whether they have access to an affordable higher education, and whether they'll be able to build a career and a life here when they're done. When young parents read that our state is the best place to live and raise a family, we need to ensure that they can see a path for themselves and their children to share in our high quality of life and thrive economically. All across our state there are people who work hard, play by the rules, and give back to their communities. They do all the right things, yet they are finding that the cost of the essential components of a thriving middle class life, college tuition, health care, owning a home, is growing faster than their paychecks. These Granite Staters aren't looking for a free pass, just an opportunity to work their way to a brighter future. To widen the doors of middle class opportunity, we must approach these next two years with a relentless focus on ensuring that every Granite Stater who works hard can find success. On building a more innovative economic future that lifts all of our people, in every corner of this state, we must not let ourselves believe that if we simply do things the same way we've always done them, the future will take care of itself. The needs of families and businesses are changing, and we too must adapt our approach to meet those needs. Our low-tax environment, which the Tax Foundation ranked 7th best in the country for businesses, will continue to be important to our economic success. That's why we will continue to balance our budget without a sales or an income tax, but we must also think more broadly about what matters to people and businesses who are considering becoming a part of our economy. Both individuals and businesses need to know that we will remain one of the safest, healthiest, and most livable states in the nation. They need to know that in New Hampshire they'll have access to modern and safe infrastructure, and also world-class schools that are preparing the workforce of the future. Over the past two years, we've begun to strengthen the foundation of a more innovative economic future, but we know that there is more we must do to build on all of our advantages in the Granite State. There is perhaps no area where the needs of our businesses and families intersect more than in education. Last year, we brought together a task force to modernize the way we teach science, technology, engineering, and math in our schools. It's time to bring our standards into the 21st century to ensure that our students are prepared to compete for jobs in today's global economy. Our new vision for the future must also ensure that when our students reach college age, higher education is not a financial weight for young people and their families to bear for years to come, but rather an opportunity to jumpstart a secure career. I'm proud that we took an important step in that effort by restoring funding for higher education in our bipartisan budget, allowing us to freeze tuition at our university system, and lower it at our community colleges, but that must only be the beginning. In our next budget, we must work as hard as we can to continue to hold down the cost of higher education. We must make sure that tuition at our universities is affordable enough to help attract and retain young people, rather than drive them away and when our students finish college, we must continue to find ways to keep more of them here. That means that our young people must have confidence that they will have opportunities for good jobs in New Hampshire when they graduate. We know that there are innovative companies looking for high-skilled workers, and we need to help our businesses create more good jobs. We have made progress to support job-creating companies, such as doubling the R&D tax credit to help businesses invest in new technologies, revitalizing our economic development efforts, and modernizing our Corporations Act. Through our Live Free and Start initiative, we're bringing together business leaders and entrepreneurs from across New Hampshire to help make our state even more responsive to the needs of new businesses. As part of that effort, we are proposing to update and modernize our Securities Regulations Act, making it easier for innovative businesses to raise the capital they need to grow

and to flourish. We also must respond to what our businesses, young people, and families, are telling us about how they see themselves and the part they play in the 21st-century economy. We know that young people and families want to be able to hike in the mountains on a Saturday morning and then go to a Red Sox game in the evening. We know that our businesses want faster, more convenient access to their customers, and they want us to retain a younger workforce ready for the future of our economy. We are not going to move our state's economy forward over the next decade by withdrawing into ourselves. We are part of an economic region, and our new vision for the future must take an integrated approach to economic development. New Hampshire, with all of our advantages, can compete with Massachusetts for businesses and individuals, while also touting our proximity to Boston as one of the many selling points to locating in the Granite State. That's why, in order to maximize our regional position, and to spark economic growth for decades to come, we should bring commuter rail from Boston to Nashua and Manchester. Rail brings with it improved access to the entire region, and can provide new transportation and housing opportunities, the kind of opportunities that 21st-century workers and families are looking for. Our business community understands the many benefits of commuter rail, and that is why they are calling on us to act. We must find a consensus way forward on rail that will build on our many advantages and help set the stage for a new generation of economic growth by keeping more of our young people right here in the Granite State. Young people, like all Granite Staters, must also know that they will always have the personal and financial security that comes with access to affordable health insurance, no matter their economic circumstances. Through life's bruises, breaks, or worse, they must know that the next accident or illness won't lead them to bankruptcy. We have already worked together to provide that peace of mind with more than 30,000 Granite Staters receiving coverage through our bipartisan health care expansion plan. This uniquely New Hampshire solution is helping reduce uncompensated care and the resulting cost shifting to New Hampshire's families and businesses. We must recognize that the benefits of our expansion plan are a critical component of our economic future. We cannot overstate the importance of continuity and predictability for our citizens and our businesses. As we plan for the future of health care in our state, we must do so with the commitment that our responsibility to our people, to our businesses, and to our economy cannot sunset and in order for all of our people and businesses, young and old, new and established, to succeed, we must achieve the affordable energy future that has eluded our state for far too long. We already know that this winter our families and businesses are seeing spikes in their electricity bills due in large part to the shortage of natural gas pipeline capacity. While we must increase our focus on conservation and energy efficiency to protect our natural resources and to lower costs, we must also acknowledge that we need to increase the supply of natural gas and diversify our energy resources. Working with local communities, we must find solutions while protecting our beautiful places, our natural resources, and the character of our state. We will not capitulate to plans that aren't right for New Hampshire, but we must innovate, negotiate, and get to solutions that lead to a stronger, more affordable energy future. As we do all these things though, our vision for a new way forward must always include the needs of our workers, so that they can thrive economically in their own lives. For too long, wages have failed to grow with the cost of our families' needs. Our path forward must strengthen wages for our workers by restoring and increasing New Hampshire's minimum wage. Increasing the minimum wage will have a ripple effect on wages higher up the scale, while supporting businesses and encouraging job creation by putting more money in the pockets of consumers so that they can buy goods and services. It is long past time that we take this critical step forward for our economy. We must also ensure that when Granite Staters find a good job, they'll also be able to find dependable childcare, housing that's both convenient and affordable, and access to full-day kindergarten. We need to find new ways to make these essentials a reality for more of our people. Each of the challenges that we must overcome to reach our full economic potential can be taken on while living within our means and maintaining fiscal responsibility. Granite Staters are frugal and we pride ourselves on our small, nimble state government. With our bipartisan budget, and the steps that we've taken together to protect that budget and our bond rating, we've shown that we can remain fiscally responsible while investing in the priorities that will help build a brighter, more innovative economic future, but as we continue our responsible approach and develop our next balanced budget, we must also recognize that there are certain basic responsibilities of government that must be met for our people, our businesses, and our economy to thrive. We've made critical investments to improve public safety, to address pressing public health challenges like

substance misuse and behavioral health, and to ensure that we have a modern, safe transportation infrastructure. Our commitment to these priorities must continue and in order to protect taxpayer dollars, we must also continue to challenge ourselves to make state government more innovative and efficient. Our dedicated state employees are constantly working to do more with less as they face ever-tightening budgets, and we must find new ways to support them as they continue to work tirelessly to move our state forward. We will, of course, face difficult choices ahead and when we do, we will work to bring people together to find a new way forward – to solve our biggest challenges in a fiscally responsible way that expands middle class opportunity and keeps our economy moving in the right direction. Let us be clear; the challenges before us are great but as we embark on this next chapter, we must not be deterred, and we must not allow politics to stand in the way of our progress. Together, we can lay the foundation of a brighter economic future with stronger wages and more opportunity to climb the ladder of success, a future where innovative businesses are creating more good jobs, and where more of our young people are staying and thriving. To those who say we can't come together to do these things and more, I say to them, you don't know the Granite State. That's what we do here. What it will take, throughout our work together, is moving past the inevitable arguments, identifying our challenges, and then finding the solutions that nobody has thought of yet, the New Hampshire solutions that will help build a more prosperous future for all of our people. The people of New Hampshire are tough and we are daring, we are rugged individuals and we are members of our close-knit communities, we are innovative and we respect the traditions that make us strong and we are stubborn in our refusal to accept that there is a limit to what we can accomplish. That's how a clockmaker from Concord found a way to start the day on his own terms, and how a teenager from Nashua conceived an idea that could save lives and maybe even change the world. With that same stubborn determination, we too can do remarkable things. That's who we are as Granite Staters, and that's who we must continue to be. I look forward to that challenge, and to the brighter economic future that we will all build, and share in, together. Thank you.

BENEDICTION

Offered by the Right Reverend, A. Robert Hirschfeld, Bishop, Episcopal Church of New Hampshire. Gracious God, Source of all life, counsel and wisdom, we stand within stout walls of granite, a symbol of our steadfast character. Our State House and Legislative buildings were constructed in the rock of our rugged state in witness to aspirations to be solid, certain, and stable, for each other and for the future generations. But such endeavors are always under Your sight and depend on Your favor. Granite buildings such as these can remind us of the Tower of Babel if those who labor here expect to encounter one voice that claims to embrace all that is true. As that sacred story teaches us, for a community to endure it must be challenged by drastic, at time even indecipherable, difference among us. And so deliver us, O Holy One, from the presumption that our Granite State will be monolithic, unwilling to be changed and shaped by the voices of the stranger, the underprivileged, the other party, the other. May statements uttered within these solid walls begin not with the limiting words "of course" or "obviously" but with the open "tell me how" and the curious "what if?" May those who visit these stone walls not find stoney hearts, but beating hearts eager to join justice with mercy, to shape truth by empathy. May our state government give birth to a new era of respect, by which we literally "see again" the one we are tempted to discredit and may our nation notice the work that takes place in Concord as a bright example of how dignity is practiced in civil life. So make our communities flourish in Your sight. In Your hallowed name we pray. Amen.

Rep. Chandler and Sen. Bradley moved that the Joint Convention arise.
Motion adopted.
The Joint Convention adjourned.

HOUSE SESSION

(Speaker Jasper in the Chair)

RESOLUTION

Rep. Parker offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time.
Motion adopted.

RECESS MOTION

Rep. Parker moved that the House stand in recess for the purposes of the introduction of bills and receiving Senate messages.
Motion adopted.

The House recessed to the Call of the Chair at 1:10 p.m.

RECESS

(Rep. Cote in the Chair)

RESOLUTION

Rep. Weyler offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bills numbered 140 through 175 and House Resolution numbered 6 shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees.
Motion adopted.

INTRODUCTION OF HOUSE BILLS AND HR

First, second reading and referral

HB 140, relative to appointment of inspectors of election. (Gray, Straf 8; Hoelzel, Rock 3: Election Law)
HB 141, relative to rulemaking authority concerning work schedules in pharmacies. (P. Schmidt, Straf 19: Executive Departments and Administration)
HB 142, relative to student social media policies by educational institutions. (Rogers, Merr 28; Cushing, Rock 21; Boehm, Hills 20: Education)
HB 143, relative to electric renewable energy classes. (Murotake, Hills 32; Flanagan, Hills 26; Eastman, Hills 28; Seidel, Hills 28; Avard, Dist 12: Science, Technology and Energy)
HB 144, establishing a commission to study the long-term viability of the New Hampshire state port authority. (Cali-Pitts, Rock 30: Public Works and Highways)
HB 145, allowing municipalities to dedicate a percentage of timber yield taxes to the conservation fund. (Manley, Hills 3: Municipal and County Government)
HB 146, relative to the board of dental examiners. (P. Schmidt, Straf 19: Executive Departments and Administration)
HB 147, relative to the homestead exemption amount. (Tucker, Rock 23: Municipal and County Government)
HB 148, limiting the authority of delegates to Article V conventions. (Itse, Rock 10; Hoell, Merr 23; Ingbretson, Graf 15; Ulery, Hills 37; Tucker, Rock 23; Reagan, Dist 17: State-Federal Relations and Veterans Affairs)
HB 149, relative to qualifications for the office of county commissioner. (Bailey, Graf 14; Richardson, Coos 4: Election Law)
HB 150, establishing a study committee on the legalization of marijuana. (Phillips, Ches 16; Cushing, Rock 21: Criminal Justice and Public Safety)
HB 151, establishing a committee to study end-of-life decisions. (Phillips, Ches 16: Judiciary)

HB 184, relative to travel insurance. (Hunt, Ches 11; Gidge, Hills 33; Carson, Dist 14; Lasky, Dist 13: Commerce and Consumer Affairs)

HB 185, allowing straight ticket voting. (Marston, Hills 19; Spillane, Rock 2; Lachance, Hills 8; Mullen, Straf 1; Hagan, Rock 4; LeBrun, Hills 32; Souza, Hills 43; Daniels, Dist 11: Election Law)

HB 186, enabling the department of environmental services and the town of New Ipswich to negotiate an agreement regarding the encroachment of the town cemetery on state land. (Coffey, Hills 25; Parison, Hills 25: Municipal and County Government)

HB 187, relative to information sharing for enforcement of the tobacco tax and relative to the biennial adjustment of the filing threshold for the business enterprise tax. (Major, Rock 14; Almy, Graf 13: Ways and Means)

HB 188, allowing the department of health and human services to share certain Medicaid enhancement tax information with the Centers for Medicare and Medicaid Services. (Major, Rock 14; Almy, Graf 13: Health, Human Services and Elderly Affairs)

HB 189, relative to authorization of payments by the treasurer from the Rockingham county delegation budget. (Weyler, Rock 13; Major, Rock 14; M. Griffin, Rock 7; F. Rice, Rock 21; Kappler, Rock 3; Birdsell, Dist 19; Reagan, Dist 17: Municipal and County Government)

HB 190, establishing a committee to study the standards for collaborative pharmacy practice. (MacKay, Merr 14; White, Graf 13; Schuett, Merr 20: Health, Human Services and Elderly Affairs)

HB 191, relative to projects which are privately financed in energy efficiency and clean energy districts. (Mann, Ches 2; Bradley, Dist 3: Municipal and County Government)

HB 192, relative to the valuation of utility property. (Coffey, Hills 25; Carson, Merr 7; Karrick, Merr 25: Municipal and County Government)

HB 193, relative to utility assessments for the use of village district roads. (Coffey, Hills 25: Municipal and County Government)

HB 194, providing that life begins at conception. (Hoell, Merr 23; Moore, Hills 21; DeLemus, Straf 11; Kappler, Rock 3; Murotake, Hills 32; Wuelper, Straf 3; Prudhomme-O'Brien, Rock 6; Gould, Hills 7; Souza, Hills 43; Leeman, Straf 23: Judiciary)

HB 195, relative to continuing care communities. (Hunt, Ches 11; Butler, Carr 7; Pierce, Dist 5: Commerce and Consumer Affairs)

RECESS

(Rep. Weber in the Chair)

RESOLUTION

Rep. Kaen offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bills numbered 196 through 204 and Constitutional Amendment Concurrent Resolutions numbered 1 and 2 shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees.

Motion adopted.

INTRODUCTION OF HOUSE BILLS AND CACRS

First, second reading and referral

HB 196, requiring the removal of identifying features from vehicles formerly used as ambulances. (Welch, Rock 13; Fields, Belk 4: Transportation)

HB 197-FN, relative to sales and samples provided by wine manufacturers. (Hansen, Hills 22; Sad, Ches 1: Commerce and Consumer Affairs)

HB 198, relative to retention requirements for certain motor vehicle records. (Crawford, Carr 4: Criminal Justice and Public Safety)

HB 199, relative to tax relief information contained on a property tax bill. (Jones, Straf 24; Sad, Ches 1; Beaudoin, Straf 9; Leeman, Straf 23; Cordelli, Carr 4; Hannon, Straf 25; Ferreira, Hills 28; Berube, Straf 18; Sylvia, Belk 6; C. Chase, Ches 8; Cataldo, Dist 6; Reagan, Dist 17; Avard, Dist 12; Pierce, Dist 5; Watters, Dist 4: Municipal and County Government)

HB 200, defining "farm stand." (R. Brown, Graf 2; Moynihan, Coos 2; Bixby, Straf 17; Rappaport, Coos 1; Fuller Clark, Dist 21: Environment and Agriculture)

HB 201, relative to the acquisition of property rights at Back Lake dam in the town of Pittsburg, Lake Armington dam in the town of Piermont, Cass Pond dam in the town of Epsom, and Chesham Pond dam in the town of Harrisville by the department of environmental services. (Mullen, Straf 1: Resources, Recreation and Development)

HB 202, repealing the authority for the dispensing of prescription drugs in certain clinics. (Wuelper, Straf 3: Health, Human Services and Elderly Affairs)

HB 203, relative to the unauthorized practice of law. (Beaudoin, Straf 9; Jones, Straf 24; Cook, Rock 11: Judiciary)

HB 204, relative to incompatibility of town offices. (Rowe, Hills 22: Election Law)

CACR 1, relating to taxation. Providing that a 3/5 vote is required to pass legislation imposing new or increased taxes or license fees, or to authorize the issuance of state bonds and providing that the general court shall appropriate funds for payment of interest and installments of principal of all state bonds. (Ulery, Hills 37: Ways and Means)

CACR 2, relating to dedicated funds. Providing that funds shall be used solely for the purpose of the fund. (Steven Smith, Sull 11; Laware, Sull 8; Itse, Rock 10; Grenier, Sull 7; Pierce, Dist 5; Fuller Clark, Dist 21: Ways and Means)

RECESS

The Speaker appointed a Special Committee of the House as follows:

SPECIAL COMMITTEE ON PUBLIC EMPLOYEE PENSION PLANS

It shall be the duty of the Special Committee on Public Employee Pension Plans to consider matters pertaining to the functioning, revision and reform of public employee pension plans and programs; the funding of public employee pension plans and programs; eligibility for participation in and benefits under public employee pension plans and programs; alternative public employee pension plans and programs; and such other matters as may be referred to it.

RECESS

(Rep. Chandler in the Chair)

RESOLUTION

Rep. Flanagan offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bills numbered 674 through 688 shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees. Motion adopted.

INTRODUCTION OF HOUSE BILLS

First, second reading and referral

HB 674-FN, relative to the salaries of certain unclassified positions. (P. Schmidt, Straf 19: Executive Departments and Administration)
HB 675-FN, relative to eligibility for in-state tuition rates at the university system of New Hampshire and the community college system of New Hampshire. (Gottling, Sull 2; A. Schmidt, Sull 1; Burton, Straf 6; Kidder, Merr 5; P. Schmidt, Straf 19: Education)
HB 676-FN-A, establishing a science, technology, engineering, and mathematics scholars program. (Kurk, Hills 2; Ladd, Graf 4; Gile, Merr 27; Shaw, Hills 16; Umberger, Carr 2; Reagan, Dist 17; Stiles, Dist 24: Education)
HB 677-FN, prohibiting the use of public funds for abortion services. (Groen, Straf 10; R. Gordon, Rock 35: Judiciary)
HB 678-FN, requiring evaluation of vendor performance on certain state contracts. (Seidel, Hills 28; Ferreira, Hills 28; Avard, Dist 12: Finance)
HB 679-FN, establishing tax deferrals for expansion of natural gas distribution systems. (Shattuck, Hills 1: Ways and Means)
HB 680-FN-L, relative to establishing the rate for and the collection of the education property tax and establishing a homestead exemption from the education property tax. (Shattuck, Hills 1: Ways and Means)
HB 681-FN-A, increasing the marriage license fee. (Cushing, Rock 21; Mangipudi, Hills 35; Pantelakos, Rock 25; Harvey, Hills 29; Simpson, Rock 18; Soucy, Dist 18: Commerce and Consumer Affairs)
HB 682-FN, granting group II retirement system status to certain positions in the department of corrections. (Cushing, Rock 21; Berube, Straf 18; Rogers, Merr 28; Welch, Rock 13; Pantelakos, Rock 25: Executive Departments and Administration)
HB 683-FN, regulating cash for gold businesses. (Williams, Hills 4: Commerce and Consumer Affairs)
HB 684-FN, establishing a state minimum hourly rate. (Cilley, Straf 4; Rogers, Merr 28; Cahill, Rock 17; Cloutier, Sull 10; Verschueren, Straf 13; Fuller Clark, Dist 21: Labor, Industrial and Rehabilitative Services)
HB 685-FN, prohibiting a state agency, state employee, or political subdivision from enforcing any federal law regarding a firearm, firearm accessory, or ammunition. (Hoell, Merr 23: Criminal Justice and Public Safety)
HB 686-FN-A, establishing a single payer health care system and making an appropriation therefor. (McNamara, Hills 38; Suzanne Smith, Graf 8; Moody, Rock 17: Commerce and Consumer Affairs)
HB 687-FN-L, relative to eligibility for Medicaid. (Hess, Merr 24: Health, Human Services and Elderly Affairs)
HB 688-FN-L, relative to establishing an agricultural education number plate. (Bixby, Straf 17: Transportation)

RECESS

(Rep. Packard in the Chair)

RESOLUTION

Rep. Hinch offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bill numbered 689 shall be by this resolution read a first and second time by the therein listed title, sent for printing and referred to the therein designated committee.
Motion adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 689, relative to adoption of a default budget. (Ammon, Hills 40; Hoell, Merr 23; Coffey, Hills 25: Municipal and County Government)

RECESS

(Speaker Jasper in the Chair)

Rep. Chandler moved that the House adjourn.
Motion adopted.

HOUSE JOURNAL No. 4

Wednesday, February 4, 2015

The House assembled at 10:00 a.m., and was called to order by the Speaker.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord. Almighty, unchanging God, we come before You with our hopes and our disappointments, our joyful celebrations and our heart-wrenching losses, knowing that Your unfailing love is present through it all. We remember today former Governor John Lynch, who was honored yesterday. We give thanks for him and for all people who are inspired by values of individuality, hard work, humanitarianism and patriotism. We remember, too, U.S. Navy Seal Blake Marston, who lost his life last month. We give thanks for him and for all people who dedicate their lives to protecting their fellow citizens and defending the cause of freedom. As we rejoice with the Lynch family and grieve with the Marston family, we call to mind the many times You deepen our joys and comfort our sorrows and we give You thanks. Amen.

Representative Timothy Soucy, member from Nashua, led the Pledge of Allegiance.

The National Anthem was sung by Brooke Nelson, a student at Gilbert H. Hood Middle School in Derry.

LEAVES OF ABSENCE

Reps. Mary Griffin, Irwin, Manning, Marston, Martel, Oxenham, Parkhurst, Parsons, Chip Rice, Russell and Scontsas, the day, illness.
Reps. Avellani, DeSimone, Barbara Griffin, Hoell, Infantine, Kolodziej, William O'Brien, Phillips, Porter, Andrew Schmidt, Sherman, Gregory Smith and Treleaven, the day, important business.
Rep. Pamela Brown, the day, illness in the family.
Rep. O'Hearne, the day, death in the family.

INTRODUCTION OF GUESTS

Sumana Shashidar, a student at Bedford High School and Ryan Dube, a student from Lebanon High School, Pages for the day.
Sarah Hartwick, guest of Rep. Sanborn. Ralph Holder, Katrina Heinrich and Kevin Rondeau, guests of Rep. Itse. Janis Kuch, Edward and Gail Jahn, wife and guests of Rep. Kuch. Joel Weinrebe, guest of Rep. LeBreche. Jodi, Scott and Luke Nelson, family of the Singer, guests of the House.

PETITIONS

Petitioner Representative Daniel Itse on behalf of Ralph Holder. This grievance against the State of New Hampshire, the circuit court family division and a guardian ad litem seeks introduction of legislation regarding attorneys, conflicts of interest and restraining orders.
Petitioner Representative Robert Luther on behalf of Ann Marie Moynihan. This grievance against the 10th Circuit Court Family Division seeks review of court procedures in a particular case, disciplinary action against a certain judge, amendment of various statutes regarding parental rights and stalking, review of judicial salaries, establishment of a legislative committee and reimbursement of financial damages.
Petitioner Representative Daniel Itse on behalf of Katrina H. This grievance against the State of New Hampshire and the circuit court family division seeks review by the general court of a court case, the adoption of legislation if applicable and providing of relief if appropriate.
Petitioner Representative Daniel Itse on behalf of Kevin Rondeau. This grievance against the State of New Hampshire and the circuit court family division seeks review by the general court of a court case, the adoption of legislation if applicable and providing of relief if appropriate.
Petitioner Representative Daniel Itse on behalf of Timothy Sanborn. This grievance against two marital masters seeks introduction of legislation regarding the family court division and an appropriation to return funds.

The Speaker announced that copies of Petitions are on file in the Clerk's Office.

MOTION TO REFER TO COMMITTEE

Rep. Itse moved that the Petitions be referred to the Committee on Children and Family Law.
Rep. Flanagan spoke against.
Rep. Itse spoke in favor and requested a roll call; sufficiently seconded.

COMMUNICATION

January 8, 2015

Mr. Paul Smith
Clerk of the House of Representatives
State House
Concord, NH 03301

Dear Paul:
Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this day:

Merrimack County District No. 21
Dan McGuire, r, Epsom (700 Suncook Valley Hwy.) 03234

Sincerely,
William M. Gardner, Secretary of State

MOTION TO VACATE

Rep. Hunt moved that the House vacate the reference of **HB 251-FN,** excluding circumcision from the state Medicaid Plan, and **HB 325,** relative to the release of the names of winners of multi-state lotteries, to the Committee on Commerce and Consumer Affairs.
Motion adopted.

The Speaker referred **HB 251-FN** to the Committee on Health, Human Services and Elderly Affairs, and **HB 325** to the Committee on Executive Departments and Administration.

MOTION TO VACATE

Rep. Hinch moved that the House vacate the reference of **HCR 2,** applying to Congress to hold a convention for amendments, **HCR 3,** applying to Congress to call a convention of states under the

United States Constitution, **HCR 5,** calling for an article V convention for the purpose of considering a countermand amendment to the United States Constitution, and **HCR 6,** petitioning Congress for an Article V amendment convention to the Committee on Legislative Administration.
Motion adopted.

The Speaker referred **HCR 2, HCR 3, HCR 5** and **HCR 6** to the Committee on State-Federal Relations and Veterans Affairs.

MOTION TO VACATE

Rep. Andrew Christie moved that the House vacate the reference of **HB 472,** relative to the parole board and parole board procedures, to the Committee on Executive Department and Administration.
Motion adopted.

The Speaker referred **HB 472** to the Committee on Criminal Justice and Public Safety.

MOTION TO VACATE

Rep. Tholl moved that the House vacate the reference of **HB 636-FN,** relative to forfeiture of property, to the Committee on Criminal Justice and Public Safety.
Motion adopted.

The Speaker referred **HB 636-FN** to the Committee on Judiciary.

MOTION TO VACATE

Rep. Rowe moved that the House vacate the reference of **HB 508,** relative to the dissolution of the New Hampshire medical malpractice joint underwriting association, to the Committee on Judiciary.
Motion adopted.

The Speaker referred **HB 508** to the Committee on Commerce and Consumer Affairs.

MOTION TO VACATE

Rep. Major moved that the House vacate the reference of **HB 672-FN,** establishing a state bank, to the Committee on Ways and Means.
Motion adopted.

The Speaker referred **HB 672-FN** to the Committee on Commerce and Consumer Affairs.

CONSENT CALENDAR

Rep. Flanagan moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.
HB 181, relative to the definition of "meeting" under the right-to-know law, removed by Rep. Cali-Pitts.
Consent Calendar adopted.

HB 135, relative to qualifications of assistant election officials. **OUGHT TO PASS.**
Rep. James P. Gray for Election Law. This bill clarifies the age qualification for an individual to perform the duties of an assistant election official. Currently RSA 658:7-a states that an assistant election official "shall be 17 years of age as of the date on which such official initiates performance of the duties of office." By changing the words to "shall be at least 17 years of age" it is clear that 17 is the minimum age to be an assistant election official. Vote 11-0.

HB 173, relative to instruction on ballots. **INEXPEDIENT TO LEGISLATE.**
Rep. Robert A. Luther for Election Law. This bill would change the wording on the ballot from "Vote for not more than" to "You may vote for" in RSA 656:17, 659:17 and 669:23. The committee felt that to change the language would create more confusion than it would clear up. Vote 11-0

HB 106, relative to marital assets in divorce proceedings. **INEXPEDIENT TO LEGISLATE.**
Rep. Timothy O. Horrigan for Judiciary. RSA 458:16-a governs the equitable division of the property of a marriage when the marriage ends. Currently, the court is allowed on a case-by-case basis to decide how to divide property acquired as a gift or inheritance. This bill, if passed, would have forbidden the court from counting such property as joint property. This bill would have caused numerous unintended consequences, and the committee deemed it inexpedient to legislate. Vote 17-0.

HB 120, relative to complaint procedures before the state commission for human rights. **INEXPEDIENT TO LEGISLATE.**
Rep. Barry J. Palmer for Judiciary. This bill would prohibit parties in discrimination complaints from coming together to resolve the complaints until after a probable cause is found, thereby forcing parties to spend time and money on cases that could have been settled much earlier in the process. Further, the bill noted that "reasonable time" should be given to prepare for the hearing with the 3-member commissioner panel. The term "reasonable time" is nebulous. All testimony from businesses, that would be the defendants, supported the process as it currently exists. The committee felt this bill was a solution to a problem that does not exist. Vote 18-0.

HB 172, establishing a commission to study the operations of small claims court. **INEXPEDIENT TO LEGISLATE.**
Rep. Timothy O. Horrigan for Judiciary. The sponsor introduced HB 172, establishing a commission to study the operations of small claims court, at the request of a constituent. Since the bill was introduced, the Judicial Branch changed the rules for small claims court. The sponsor recommended an inexpedient to legislate motion because the proposed commission may no longer be needed. The sponsor desires to see how the new rules will work. Vote 16-0.

HB 102, relative to consideration of warrant articles. **OUGHT TO PASS.**
Rep. James P. Belanger for Municipal and County Government. In 1994, House Bill 1443 was introduced to correct three problems specific to communities with 10,000 or more population. These problems dealt with the number of voters needed to call a special town meeting, authority of the governing body to sell town owned land, and selectmen authority to adopt town codes not required by RSA. During that bill's process through the House and Senate, the provision that all warrant articles on a town warrant had to be dealt with prior to final adjournment was added. Since the bill was specific to towns of 10,000 or more population, that inadvertently also applied to the warrant article issue. This criteria was not an issue until, more recently, some town meetings lasting many hours or over multiple days caused some voters to move to adjourn without taking up some warrant articles on the last part of the ballot. These were often petitioned articles and were denied an opportunity to be addressed by the town meeting because it adjourned before all business was conducted. This bill, HB 102, corrects that and provides that all towns, no matter their population, must take up all warrant articles on the warrant. They can be tabled, passed, defeated, etc., but they must be taken up and that should have been the effect in the 1994 bill and should never have had the 10,000 population stipulation applied to it. If an article is on the warrant, the meeting should take it up and deal with it. Vote 18-0.

HB 167, directing the commissioners of the department of resources and economic development and the department of environmental services to develop a business development plan to attract certain businesses to New Hampshire. **INEXPEDIENT TO LEGISLATE.**
Rep. Suzanne J. Smith for Resources, Recreation and Development. This bill would require the Department of Resources and Economic Development and Department of Environmental Services to work together to attract businesses to the state which would require a sustainable water supply. The committee heard testimony that DES has a strong partnership with DRED, and the agencies currently work together on all economic development recruitment or development projects for which environmental opportunities or concerns are identified. There were also concerns voiced that operations which are water dependent, such as breweries and beverage companies, could impact the state's water quality. Legislation enacted in 2014, Chapter 275, of Laws 2014, requires that these two agencies develop a 2-year economic development strategy and operating plan. Because this plan is in process, and DRED already markets the state to business and industry throughout the northeast, the committee unanimously agreed that HB 167 is unnecessary. Vote 17-0.

HB 174, establishing a committee to study the name and structure of the department of resources and economic development. **INEXPEDIENT TO LEGISLATE.**
Rep. Carol M. McGuire for Resources, Recreation and Development. This bill hoped to study the name and function of DRED, with the goal of renaming it to something with a less humorous acronym. After the sponsor investigated the situation, he realized that changing the name would involve something over $200,000 and it wasn't worth it. The committee agreed. Vote 18-0.

HB 103, limiting the capabilities of wireless communication devices in motor vehicles. **INEXPEDIENT TO LEGISLATE.**
Rep. Carolyn Halstead for Science, Technology and Energy. This bill would regulate cell phone devices whether you are driving or not and thus does not help with minimizing distracted drivers. It also implies that distractions only come from cell phone use, when in reality; it is a much broader problem that can be better dealt with by education programs. The sponsor concurs with this decision but would like to keep the distraction of cell phones while driving in the forefront. Vote 19-0.

HB 132-L, relative to time-based rates for electric service. **INEXPEDIENT TO LEGISLATE.**
Rep. John E. Mann for Science, Energy and Technology. This bill would have required a utility to adjust timing of off-peak outdoor lighting rates to accommodate evening community sporting events. An alternative solution was found by the bill's sponsor, making this bill unnecessary. The sponsor recommended ITL. Vote 17-0.

HB 121, making a technical correction to the negligent driving statute. **OUGHT TO PASS.**
Rep. Brian K. Chirichiello for Transportation. This bill makes a technical correction to change RSA 626:2, I(d) to II(d). The bill was requested by the Department of Safety and approved by committee. Vote 14-0.
Referred to the Committee on Criminal Justice and Public Safety.

HB 134, establishing a committee to study the use of motorized scooter chairs on roadways and sidewalks. **OUGHT TO PASS.**
Rep. Pamela T. Brown for Transportation. Many of our constituents use motorized scooter chairs as their primary mode of transportation and may be in jeopardy when using such devices on roads and sidewalks. Many of our towns and cities do not have adequate sidewalks, forcing those who use this mode of transportation into the street. This bill will study and make recommendations to enhance safe use of these devices, making our roads safe for all. Vote 14-0.

REGULAR CALENDAR

HB 115, repealing the allocation of gross appropriations from the highway fund in the state budget. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Gene G. Chandler for Public Works and Highways. For many years, citizens and lawmakers have been concerned with the amount of Highway Fund money that goes to other agencies. While most of these funds are constitutionally allowed, concerns were raised about having a cap on the amount that could go to other agencies. In 2003, a law was passed requiring that no less than 74% of unrestricted revenue from the Highway Fund shall be allocated to the Department of Transportation; no more than 24% shall be allocated to the Department of Safety and no more than 2% to other projects or departments that comply with Part II, Article 6A of NH's Constitution. In 2008, the law was amended to adjust gross highway fund allocations over 6 years (3 biennia) from FY 2010 - FY 2014, ending with the current allocation: not less than 73% for the Department of Transportation, not more than 26% to the Department of Safety and not more than 1% to other projects or departments that comply with Part II, Article 6A of the NH's Constitution. Since FY 2010, the legislature has approved and the Governor at the time has allowed two suspensions of RSA 9:9-b, resulting in the amount the Department of Transportation receives this FY to decrease to 66.97% and the amount Safety receives to increase to 31.87% and other projects and departments to increase to 1.16%. The committee is very concerned with this trend and strongly believes we should revert back to the original intent of RSA 9:9-b. If, during the current biennium, we had followed the language of the current statute, the Highway Fund would have received $28 million dollars for construction projects, etc. than it did receive and almost $39 million more since FY 2012. Is it no wonder that the general public is skeptical when it comes to trying to increase revenues to the Department of Transportation when we as a state cannot abide by the very laws we pass without suspending them and subverting the will of the legislature and NH's citizens? The amendment increases by two, the number of people who receive an annual report. Vote 15-0.

Amendment (0057h)

Amend the title of the bill by replacing it with the following:
AN ACT relative to reports on gross appropriations from the highway fund in the tentative state budget.
Amend the bill by replacing all after the enacting clause with the following:

1 State Budget; Tentative Budget; Reports. Amend RSA 9:6 to read as follows:

9:6 Tentative Budget. Upon the receipt of the efficiency expenditure requests called for by RSA 9:4 and the preparation of the estimates of income called for by RSA 9:5, and not later than November 1 next succeeding, the commissioner of administrative services shall cause to be prepared a tentative budget conforming as to scope, contents, and character to the requirements of RSA 9:3 and containing the efficiency expenditure requests and estimates of revenue as called for by RSA 9:4 and RSA 9:5, which tentative budget shall be transmitted to the director of the budget for submittal to the governor. The tentative budget shall comply with the requirements of RSA 9:9-b. The budget shall be made available in printed format and in at least one electronic computer file format in common use at the time. The sections of the budget that state: gross appropriations from the highway fund, the highway block grant aid appropriation, the highway fund appropriation to the department of safety, and highway fund appropriations that are transferred to other agencies that comply with part II, article 6-a of the New Hampshire constitution relative to the use of highway funds, shall be reported to the president of the senate, the speaker of the house of representatives, and the [~~chairmen~~] ***chairpersons*** of the house and senate standing committees on finance***, the house public works and highways committee, and the senate transportation committee***.

2 Effective Date. This act shall take effect July 1, 2015.

AMENDED ANALYSIS

This bill adds the house public works and highways committee and the senate transportation committee to the recipients of reports on gross appropriations from the highway fund in the tentative state budget.
Committee amendment adopted.
Committee report adopted and ordered to third reading.

HB 144, establishing a commission to study the long-term viability of the New Hampshire state port authority. **INEXPEDIENT TO LEGISLATE.**
Rep. Mark E. McConkey for Public Works and Highways. The Division of Ports and Harbors is assigned to the Pease Development Authority. There presently is an advisory committee in place (Port Authority Council). This council presently makes recommendations to the Division of Ports and Harbors concerning policy, programs and future goals. Their meetings are public and testimony presented to Public Works and Highways led the committee to believe that the proposed commission proposed in this bill was not necessary at this time. Vote 15-0.
Committee report adopted.

BILL REMOVED FROM THE CONSENT CALENDAR

HB 181, relative to the definition of "meeting" under the right-to-know law. **INEXPEDIENT TO LEGISLATE.**
Rep. Robbie L. Parsons for Judiciary. This bill would add non-meeting requirements to the right-to-know law (91-A). The purpose of adding this is unclear in that it would/could add many types of non-meetings i.e. political caucuses, meetings with counsel, etc. This addition would cause confusion with the non-public meetings, which are very specific on what reasons a public body can enter into one. HB 181 is not needed and is unclear about many things. Vote 15-2.
Rep. Rowe spoke in favor and yielded to questions.
Rep. Cali-Pitts spoke against and requested a roll call; sufficiently seconded.

and the motion failed lacking the necessary two-thirds vote.

Rep. Itse moved the adoption of a floor amendment to House Rule 30.

AMENDMENT TO HOUSE RULES

Proposed by Reps. Itse, Baldasaro and Ingbretson.

Amend House Rule 30, to read:

30. Committee names and duties. The following standing policy committees shall be appointed at the commencement of any session and will consist of not more than 24 members, with the exception of the House Finance Committee, which will have no more than 26 members: Children and Family Law; Commerce and Consumer Affairs; Criminal Justice and Public Safety; Education; Election Law; Environment and Agriculture; Executive Departments and Administration; Finance; Fish and Game and Marine Resources; *Government Oversight and Audit*; Health, Human Services and Elderly Affairs; Judiciary; Labor, Industrial and Rehabilitative Services; Legislative Administration; Municipal and County Government; Public Works and Highways; Resources, Recreation and Development; Rules; Science, Technology and Energy; State-Federal Relations and Veterans Affairs; Transportation; and Ways and Means. The Speaker may designate divisions within committees.

Amend House Rule 30 (g) to read as follows:

30 (g) It shall be the duty of the Committee on Executive Departments and Administration to consider matters pertaining to the general administration of state laws and changes therein; matters of policy pertaining to the executive departments; matters relating to the New Hampshire Retirement System; matters pertaining to the administration of professional licensing; ~~review of performance audits;~~ and such other matters as may be referred to it.

Amend House Rule 30 by adding the following:

30. (v) It shall be the duty of the Committee on Government Oversight and Audit to hear petitions for redress; to review all audit reports regarding the executive branch and the judicial branch; and to conduct all investigations of impeachment. The committee shall have authority to demand oaths of witnesses and to request that the House of Representatives issue subpoenas to provide testimony and/or material to the committee. For the purpose of reviewing audit reports the Speaker may appoint members from the standing committees responsible the subject area as special members; members from the Committee on Executive Departments and Administration shall be appointed for performance audits.

Amend House Rule 31 to read as follows:

31. Reporting: meeting. The committees shall promptly consider and report on all matters referred to them. ~~It shall also be the duty of each standing committee to review audits in the subject areas for which they are responsible and to consider suggestions for recommended legislation identified in such audits and monitor compliance with audit recommendations. In the case of performance audits, the standing committee shall coordinate its review with the Committee on Executive Departments and Administration.~~ The standing committees, or any special committees, shall meet during the session in the respective committee rooms at such times as the committee may determine, unless the House shall otherwise order. No committee shall meet while the House is in session unless the Speaker shall consider it necessary. The Speaker may authorize any committee having a heavy workload to meet as needed on non-legislative days.

Reps. Itse and Ingbretson spoke in favor.

Rep. Hess spoke against and yielded to questions.

Rep. Itse requested a roll call; sufficiently seconded.

RESOLUTION

Rep. Flanagan offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, February 11, 2015 at 10:00 a.m. Motion adopted.

LATE SESSION

Third reading and final passage

HB 135, relative to qualifications of assistant election officials.
HB 102, relative to consideration of warrant articles.
HB 134, establishing a committee to study the use of motorized scooter chairs on roadways and sidewalks.
HB 115, relative to reports on gross appropriations from the highway fund in the tentative state budget.

UNANIMOUS CONSENT

Rep. Mangipudi requested Unanimous Consent of the House in regards to a diversity celebration and addressed the House.
Rep. Umberger requested Unanimous Consent of the House in regards to memorial remarks for the former Representative from Conway, the Honorable Howard "Crow" Dickinson and addressed the House.
Rep. Flanagan requested Unanimous Consent of the House in regards to an apology and addressed the House.

MOTION TO PRINT REMARKS

Rep. Shurtleff moved that the remarks made by Rep. Umberger be printed in the Permanent Journal. Motion adopted.

REMARKS

Rep. Umberger: Thank you, Mister Speaker. Forty years ago on the first Wednesday in December, Howard Crow Dickinson sat here in this chamber and raised his hand for the first time to be sworn in as a State Representative from Conway. He would take the oath of office fifteen more times. For thirty-two consecutive years, Crow would drive from Conway to the state house to do the people's business. Crow was always affable and well liked by the myriad of legislators he met in those thirty-two years. His easygoing nature and gentlemanly conduct were hallmarks of his time at the state house and the major reason he had so many friends. He was also well liked by the legislative staff as can be attested to by the number of times folks would inquire, how is Crow doing? Crow had many accomplishments, but the ones he was most proud of were the development of the current use assessment regulations and the skier's liability policy. These two accomplishments have had a profound effect on the fabric of New Hampshire. Crow served twenty years on the Resources, Recreation and Development Committee with ten years as its Chairman. He also served on Ways and Means and Election Law. Let me digress just a little. Crow along with many other legislators would stay at the Highway Hotel. A lot of business, as well as monkey business, occurred. It provided for a comradery among legislators and an opportunity to cuss and discuss what was happening in the various committees as well as votes to be taken on the floor. Another infamous place was the American Legion. I understand Crow spent time during Session days enjoying the various offerings that were available to the legislators who were veterans. I need to point out this was before the voting machines were installed. How things have changed. Crow was also known for his chocolate chip cookies, particularly around this time of year when he would bring batches into the various legislative offices and as I understand, they were absolutely delectable. Who knew that Crow himself was a cookie monster? He did agree to let the folks know his secret for these wonderful cookies after many years of asking. His secret, follow the recipe for chocolate chip cookies on the bag of chips, add a little more brown sugar and then double the chips! The legislative staff had thought it was an old family recipe, but it was simply more chips. As with everything involving Crow, more

was better. I know there are many other stories out there, some I am sure are best untold, but think about the good ones and how Crow Dickinson influenced your life. In addition to his legislative duties, he served on many local and state boards. Prior to his election as a State Representative, he served as a Conway selectman and was elected again as a Conway selectman once he left the legislature. Crow was well liked throughout the community and if you needed help of any kind, Crow was the person to call. Crow carried a cell phone, but that was as far as he would go in the world of technology. I had talked to him several times about hooking up to the internet, however, that was not in the cards and no amount of cajoling would change his mind. He believed in getting his information the old fashion way, talking on the phone, reading the newspapers, listening to the radio, getting copies of documents to be read and studied at his leisure. All I can say is this was Crow and no one was going to change how he obtained his information. Crow graduated from Harvard in 1958, served as an Ensign in the US Navy, worked in international banking and in 1968, received his master's degree in forestry from Yale University. Forestry was definitely his life's work. His legislative career spanned from 1974 to 2006. He passed away October 8, 2014. I would like to thank the Honorable Howard "Crow" Dickinson for his years of service to his country, his state and his town. He was truly one of a kind.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the former Representative from Conway, the Honorable Howard "Crow" Dickinson.

RECESS MOTION

Rep. Flanagan moved that the House stand in recess for the purposes of the introduction of bills and receiving Senate messages.
Motion adopted.

The House recessed at 11:45 a.m.

RECESS

(Rep. Packard in the Chair)

RESOLUTION

Rep. Richard Gordon offered the following: RESOLVED, that pursuant to House Rule 35c and in accordance with the list in the possession of the Clerk, House Resolution numbered 12 shall be by this resolution read a first and second time by the therein listed title.
Motion adopted.

INTRODUCTION OF HOUSE RESOLUTION

First, second reading

HR 12, affirming revenue estimates for fiscal years 2015, 2016 and 2017.

RECESS

(Speaker Jasper in the Chair)

Rep. Chandler moved that the House adjourn.
Motion adopted.

HOUSE JOURNAL No. 5

Wednesday, February 11, 2015

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord.

O God of inspiration and energy, there are days when we wonder where our strength has gone, when we're not sure we can manage everything we're called upon to do. There are days when we despair of the burdens of responsibility that threaten to overwhelm us. As we set our minds and our hands to the work of these coming weeks, help us to use our time and resources effectively. Bless us with creativity, agile thinking, and a sense of proportion; help us to seek rest and restoration when our reserves are low and open our eyes to the many opportunities You give us to support, encourage, and learn from one another, as we strive together to serve the people of New Hampshire and to seek the common good. Amen.

Representative Jean Jeudy, member from Manchester, and Representative Kris Roberts, member from Keene, led the Pledge of Allegiance.

The National Anthem was sung by Leonard Bell, a teacher at Smyth Road Elementary School in Manchester.

LEAVES OF ABSENCE

Reps. Ronald Belanger, Francis Chase, Gladys Johnsen, Martel, McClarren, Milz, O'Hearne, Parkhurst, Russell, Sterling and Joe Sweeney, the day, illness.

Reps. Avellani, Beaulieu, Coffey, Crawford, DeSimone, Fromuth, Hess, Hurt, LeBreche, Martin, Nordgren, Priestley, Carol Roberts, Rokas, Sanborn, Silva, Gregory Smith, Sykes, Treleaven, Vann and Weber, the day, important business.

Rep. Marjorie Smith, the day, illness in the family.

INTRODUCTION OF GUESTS

Ojashwi Giri and Samuel Alicea, Students from Merrimack Valley High School, Pages for the day. Dennis Green, guest of Reps. Weyler, Welch and Guthrie. Yvonne Dean-Bailey, guest of Rep. Spillane. Stephanie Alicea, daughter of Rep. Alicea. Fourth graders from Sant Bani School in Sanbornton, guests of Rep. Gallagher.

COMMUNICATION

February 5, 2015

To whom it may concern,

Due to increased demands in both my personal and professional life, I will be unable to complete my term as New Hampshire State Representative for Rockingham County – District 13. I therefore resign, effective immediately.

Sincerely,
Rep. Ann M. Howe

The Speaker accepted the resignation.

MOTION TO SUSPEND HOUSE RULES

Reps. Flanagan and Shurtleff moved that House Rules be so far suspended as to allow for late drafting and introduction of HB 1-A, HB 2-FN-A-L and HB 25-FN-A.

Motion adopted by the necessary two-thirds vote.

CONSENT CALENDAR

Rep. Flanagan moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 492, relative to military and historic reenactments and commemorations, removed by Rep. Hoell.

HB 133, relative to recounts on questions, removed by Rep. Bates.

HB 101, relative to prescription refills, removed by Rep. Dan McGuire.

CACR 8, relating to the nomination and appointment of officers. Providing that judicial officers shall be confirmed by the legislature, removed by Rep. Hoell.

HB 246, relative to jury nullification, removed by Rep. Hoell.

HB 338, relative to nomination of candidates for United States senator, removed by Rep. Hoell.

HR 6, recognizing February 26, 2015, as the 23rd anniversary of the Khojaly Tragedy in Azerbaijan, removed by Rep. Tucker.

HR 8, commemorating the 50th anniversary of the Social Security Act of 1965, removed by Rep. Horrigan.

HB 145, allowing municipalities to dedicate a percentage of timber yield taxes to the conservation fund, removed by Rep. Porter.

Consent Calendar adopted.

HB 118, relative to vehicular assault. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Len DiSesa for Criminal Justice and Public Safety. The NH Department of Safety supports this bill, and the bill amends the vehicular assault statute in RSA 265:79-a in response to a ruling of the NH Supreme Court (State v. Rollins-Ercolino, 149 NH 336 (2003)) that the current wording violates Part I, Article 15 of the NH Constitution by shifting the burden of proof to the defendant and removing the evidence-weighing function of the jury regarding an element of the crime. The bill deletes the last line of the statute paragraph: "Evidence that the driver violated any of the rules of the road shall be prima facie evidence that the driver caused or materially contributed to the collision." The intent raised another concern of a potential language problem that the amendment to the bill eliminates: every misdemeanor or felony crime must have a mens rea (a culpable state of mind), and the criminal code itemizes four culpable states of mind, purposely, knowingly, recklessly, and negligently. This statute begins with the statement, "Whoever, without intent..." The department believes that the law would not survive a challenge on that portion of it and that police and prosecutors may be reluctant to bring charges under the statute for that reason. Therefore, the amendment removes the words "without intent" from the statute paragraph, and further amends it in this manner: the wording, "...where such person's unlawful operation of the propelled vehicle...." is changed by removing the word "unlawful" and substituting the word "negligent" to wit: "...where such person's negligent operation of the propelled vehicle." Vote 16-0.

Amendment (0056h)

Amend RSA 265:79-a as inserted by section 1 of the bill by replacing it with the following:

265:79-a Vehicular Assault. Any person who[~~, without intent,~~] causes death or serious bodily injury as defined in RSA 625:11, VI to another while using a vessel or propelled vehicle as defined in RSA 637:9, III shall be guilty of a class A misdemeanor, where such person's [~~unlawful~~] ***negligent*** operation of the propelled vehicle or vessel causes or materially contributes to the collision. [~~Evidence that the driver violated any of the rules of the road shall be prima facie evidence that the driver caused or materially contributed to the collision.~~]

AMENDED ANALYSIS

This bill deletes the last sentence of the vehicular assault statute pursuant to the New Hampshire supreme court ruling in State v. Rollins-Ercolino, 149 N.H. 336 (2003), which held that the last sentence of the statute violates part I, article 15 of the New Hampshire constitution by shifting the burden of proof to the defendant and removing the evidence-weighing function of the jury regarding an element of the crime. The bill also adds a more specific requirement of culpability for the operation of a vehicle or vessel.

HB 282, relative to removal or impoundment of a vehicle. **INEXPEDIENT TO LEGISLATE.**

Rep. John A. Burt for Criminal Justice and Public Safety. The majority of the committee saw some unintended issues with removing line 16 and 17 in RSA 262:32, "and the vehicle will be a menace to traffic if permitted to remain." In that case, the officer may tow the car even if parked in a non-menace area of the roadway. The owner that was arrested may not want the car towed. The majority

feels the owner of the car should have a say and the current law allows that. If the car is parked in a menace area of a roadway the officer under the current law can have the car towed. The current law allows a balance which works well for the officer and person being arrested. Vote 13-3.

HB 152, establishing a state poem. **INEXPEDIENT TO LEGISLATE.**
Rep. Peter B. Schmidt for Executive Departments and Administration. This bill, brought at the request of a NH citizen, proposed to adopt his favorite poem as the state poem. While the Committee recognized the heartfelt sentiments contained in the work, penned during WWII by an American serviceman deployed thousands of miles away from his deeply loved native land, we also plainly saw several problems, which rendered it unsuitable as the state poem. Vote 15-0.

HB 162, transferring authority for explosives and fireworks rules from the director of state police to the commissioner of safety. **OUGHT TO PASS WITH AMENDMENT.**
Rep. John Sytek for Executive Departments and Administration. This bill is a request from the Department of Safety. The bill transfers regulatory (rule making) authority over the purchase, storage and transportation of explosives and fireworks from the Director of the State Police to the Commissioner of Safety. The bill makes no changes in any rule. Future rule making responsibility would rest with the Commissioner. This will not cause any problems since all rules from the State Police already require the approval of the Commissioner. In fact, the motivation for this bill is a result from a study ("the LEAN process") conducted by the Department to improve efficiency and customer service. Vote 15-0.

Amendment (0067h)

Amend RSA 158:9-c, VI as inserted by section 3 of the bill by replacing it with the following:

VI. There shall be a fee of $100 for any competency examination or renewal certificate [~~given by the director of state police for any examination or certificate~~] given under this subdivision.

HB 182, establishing a committee to study alternative public employee retirement plans. **INEXPEDIENT TO LEGISLATE.**
Rep. Peter T. Hansen for Executive Departments and Administration. The sponsors requested the Committee vote this bill Inexpedient to Legislate as the subject matter will be studied by the Special Committee on Public Employee Pension Plans. Vote 15-0.

HB 217-FN, relative to fees for reinstatement of licenses, registrations, and certifications established by the pharmacy board. **OUGHT TO PASS.**
Rep. Mark L. Proulx for Executive Departments and Administration. This bill prevents the Pharmacy Board from charging the license renewal fee or any other assessments for the years the applicant's license had lapsed. The board is only allowed to charge a restoration fee and the current year's license fee. Vote 15-0.

HB 573-FN, relative to licensure of individuals as private investigators, bail enforcement agents, and security guards, requiring skills training courses for applicants for such licensure and license renewal, and relative to the certification of security officer instructors. **INEXPEDIENT TO LEGISLATE.**
Rep. John Sytek for Executive Departments and Administration. The sponsor requested that the Committee report this bill as Inexpedient to Legislate. He testified that due to deadline pressure the bill, as drafted, had too many problems for correction by an amendment. The sponsor plans to introduce the substance of the bill in a subsequent session. Vote 15-0.

CACR 7, relating to funding substance abuse treatment. Providing that all moneys received for the substance abuse treatment fund under RSA 172:14 and all the interest received on such moneys shall, after deducting the necessary costs of administration, be appropriated and used exclusively for the substance abuse treatment fund. Such moneys shall be used exclusively for the purpose of the substance abuse treatment fund and shall not be transferred or diverted to any other purpose. **INEXPEDIENT TO LEGISLATE.**
Rep. Frank A. Byron for Finance. This constitutional amendment provides that all monies received under RSA 172:14, along with all interest received on such monies would, after deductions for administrative costs, be appropriated and used exclusively for the purpose of the substance abuse treatment fund and shall not be transferred or diverted to any other purpose. This CACR would appear on the 2016 state ballot. It was agreed that this amendment would take away all discretion

from the legislature to determine the appropriate funding of the substance abuse program. We believe that the legislature is fully capable of assigning an appropriate funding level. Further, it was not clear to the committee how much money from the gross profits of the liquor commission or the substance abuse funds available through medicaid would be apportioned into the dedicated fund, which was the subject of CACR 7. For these reasons, a majority of the committee along with the prime sponsor agreed that Inexpedient to Legislate was appropriate. Vote 23-1.

HB 239-FN-A, establishing a statutory commission to study the creation of a state retirement security program and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE.**
Rep. J. Tracy Emerick for Finance. This bill proposes to establish a study commission and fund it with $100,000. The study commission would study a method to set up retirement savings accounts for workers in NH without a company paid pension and to allow payroll deductions to fund the account, periodic reporting on monies in the account, be self-sustaining, allow employees to port this account from one employer to another, qualify for all federal tax deductions, and be professionally managed. During public hearings, the committee learned about a recently established federal program that meets all of the stated criteria. MyRA (My Retirement Account) is a federal program that has regular reporting, payroll deductions to make it easy for employees to save, is professionally managed by the US Treasury, allows portability and allows participants to move balances of $15,000 or more into a ROTH account, which requires no minimum distribution when a participant reaches 70 and one half. The committee believes this program is not needed at the state level and that employees should begin setting up their accounts, which can be done on-line in about 10 minutes. Employer resources have already been developed for this plan. Vote 22-0.

HB 333, establishing a process for review and reporting of dedicated funds. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Karen C. Umberger for Finance. This bill provides a process for review and reporting of dedicated funds. The bill establishes a joint committee to review all dedicated funds over a five-year period with specific agencies identified in each of the five years. The joint committee may recommend legislation to modify or repeal certain funds or add newly discovered dedicated funds to RSA 6-12. The joint committee will consult with the standing committee responsible for the fund to determine if the fund or account no longer serves the statutory purpose for which it was created, or the purpose has become obsolete, and submit legislation to repeal or modify the fund. Systematic review of dedicated funds is long overdue and this bill will ensure that all dedicated funds are serving the purpose for which they were created. Vote 24-1.

Amendment (0185h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; State Treasurer and Accounts; Joint Committee on Dedicated Funds; Agency Review and Reporting of Dedicated Funds. Amend RSA 6 by inserting after section 12-h the following new sections:

6:12-i Joint Committee on Dedicated Funds.

I. A joint committee on dedicated funds is hereby established to review the finances and purpose of all dedicated funds on a rotating basis every 5 years and recommend continuance, amendment, or repeal of relevant provisions. The joint committee shall be composed of 3 members of the house of representatives appointed by the speaker of the house of representatives, 2 from the ways and means committee and one from the finance committee, and 2 members of the senate appointed by the senate president, at least one of whom shall come from the ways and means committee. The speaker of the house of representatives also shall appoint 2 alternate members to the committee and the senate president shall appoint one alternate member. The first meeting shall be within 60 days after the effective date of this paragraph and called by the first-named house member.

II. The joint committee shall file reports with recommendations for legislation to modify or repeal certain funds and to add newly discovered dedicated funds to RSA 6:12, I, on or before November 1 of each year, with the speaker of the house, the senate president, the governor, and the commissioner of revenue administration. Reports required by this section shall be made available to the general public on the general court's website.

6:12-j Review and Reporting Requirement for Dedicated Funds.

I. Every 5 years, the agency responsible for administration of a fund or account listed in RSA 6:12 shall prepare a report that:

(a) In addition to the information contained in the report submitted under RSA 6:12-e, identifies all fund or account expenditures during the prior 4 fiscal years by accounting unit; and

(b) Demonstrates the continued need for the fund or account.

II. The report shall be submitted on or before August 15 of the reporting year to the ways and means committee in the house and senate, the finance committee in the house and senate, the joint committee on dedicated funds, the relevant policy committees in the house and senate, and the legislative budget assistant.

III. If the joint committee on dedicated funds, in consultation with the relevant policy committee, determines that the fund or account no longer serves the statutory purpose for which it was created, or that the purpose has become obsolete, the joint committee shall submit legislation to repeal, merge, or modify the fund or account in the next legislative session.

IV. The joint committee shall also annually request information of the department of administrative services as to dedicated funds which are not yet listed in RSA 6:12, I and submit legislation to add them to this list.

V. The reporting year for each agency responsible for a dedicated fund shall be as follows:

(a) Year 1, beginning November 1, 2015, and every 5 years thereafter:

(1) The department of safety.

(2) The police standards and training council.

(3) The department of employment security.

(4) The department of resources and economic development.

(5) The department of state.

(b) Year 2, beginning November 1, 2016, and every 5 years thereafter:

(1) The department of environmental services.

(2) The liquor commission.

(3) The department of justice.

(4) The lottery commission.

(5) The racing and charitable gaming commission.

(6) The judicial branch.

(c) Year 3, beginning November 1, 2017, and every 5 years thereafter:

(1) The department of agriculture, markets and food.

(2) The labor department.

(3) The department of corrections.

(4) Pease development authority.

(5) The office of energy and planning.

(6) The adjutant general.

(7) The state treasurer.

(8) The insurance department.

(9) The department of transportation.

(d) Year 4, beginning November 1, 2018, and every 5 years thereafter:

(1) The department of cultural resources.

(2) The department of education.

(3) The banking department.

(4) The public utilities commission.

(5) The retirement system.

(e) Year 5, beginning November 1, 2019, and every 5 years thereafter:

(1) The department of administrative services.

(2) The general court.

(3) The department of health and human services.

(4) The fish and game department.

VI. The joint committee on dedicated funds may submit legislation at any time after the first review to exempt a fund or account from this section which receives adequate and periodic review elsewhere.

2 Effective Date. This act shall take effect 60 days after its passage.

HB 117, relative to providers prescribing cannabis for therapeutic purposes. **INEXPEDIENT TO LEGISLATE.**

Rep. James R. MacKay for Health, Human Services and Elderly Affairs. Legislation has been in place to initiate the highly complex process of establishing a medical cannabis treatment program.

The department of health and human services has put a high priority on the important service. Considerable progress has been achieved including the development of required administrative rules. The committee felt that the current legislation should be put into place and future legislation should be considered after gaining experience from its evolution. Vote 16-0.

HB 129, relative to unused prescription drugs. **INEXPEDIENT TO LEGISLATE.**
Rep. Joanne A. Ward for Health, Human Services and Elderly Affairs. This bill seeks to take unused prescription drugs out of medicine cabinets and homes. The bill's intent is to prevent these drugs from misuse or from "hitting the streets." As written, the intent of the bill could not be easily implemented. As a result of that, the substance of the bill will be referred to the Governor's Commission on Alcohol and Drug Abuse Prevention. Vote 16-0.

HB 164, relative to processing applications for the therapeutic use of cannabis. **INEXPEDIENT TO LEGISLATE.**
Rep. Lucy M. Weber for Health, Human Services and Elderly Affairs. This bill would require the department of health and human services to begin processing applications for registry identification cards no later than July 25, 2015. Committee members were concerned that this requirement would produce inefficiency and extra work for the department, as the cards are to be issued for use at a specific facility, and cards would have to be re-issued when a final decision was made as to facility location. Additionally, there was concern that proponents of the bill believed that possession of the card would allow the possession of marijuana obtained prior to the opening of the NH dispensaries, but that is not the case. Vote 18-0.

HB 165, relative to the definition of "qualifying medical condition" for the therapeutic use of cannabis. **INEXPEDIENT TO LEGISLATE.**
Rep. James R. MacKay for Health, Human Services and Elderly Affairs. The Committee recognized that existing legislation is in place to initiate a medical cannabis treatment program. The department of health and human services is in charge of implementing this complex program. It is recognized that additional legislation may be required after the department has the benefit of learning how the treatment program is initiated. It is recommended that most proposed legislation wait for the programs to be organized and evaluated. Vote 17-1.

HB 190, establishing a committee to study the standards for collaborative pharmacy practice. **OUGHT TO PASS WITH AMENDMENT.**
Rep. James R. MacKay for Health, Human Services and Elderly Affairs. This legislation, as amended, establishes a commission to study standards for collaborative pharmacy practice. A number of protocols have been established on a national level. The commission will give the various pharmaceutical organizations in New Hampshire the opportunity to resolve differences as to how collaborative pharmacy practices can be utilized. The commission is requested to provide legislative and non-legislative solutions. The commission will be repealed immediately after it's reported as submitted on November 1, 2015. Vote 17-0.

Amendment (0164h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a statutory commission to study the standards for collaborative pharmacy practice.

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose. Today more and more Americans are suffering from chronic diseases, taking multiple medications, and struggling with higher and higher healthcare costs. The establishment of a commission to study standards for collaborative pharmacy practice is an important first step for the state of New Hampshire to move towards fully utilizing pharmacists to improve health outcomes and to lower healthcare costs. Pharmacists represent the third largest profession and consistently rank among the most accessible and trusted of healthcare professions. It is imperative the state of New Hampshire take this step in expanding access to team-based care and ensuring that pharmacists are allowed to be on the team when a physician deems it necessary.

2 New Section; Collaborative Pharmacy Practice; Commission Established. Amend RSA 318 by inserting after section 16-b the following new section:

318:16-c Commission to Study the Standards for Collaborative Pharmacy Practice. There is established a commission to study the standards for collaborative pharmacy practice.

I. The members of the commission shall be as follows:

(a) One member of the senate, appointed by the president of the senate.

(b) Three members of the house of representatives, appointed by the speaker of the house of representatives, 2 of whom shall be members of the health, human services and elderly affairs committee and one of whom shall be a member of the executive departments and administration committee.

(c) A representative of the New Hampshire Society of Health-System Pharmacists, appointed by the society.

(d) A representative of the New Hampshire Pharmacists Association, appointed by the association.

(e) A representative of the New Hampshire board of pharmacy, appointed by the board.

(f) A representative from the Coalition of New Hampshire Chain Drug Stores, appointed by the coalition.

(g) A representative from the New Hampshire Independent Pharmacy Association, appointed by the association.

(h) A provider from a healthcare facility that is currently participating in a collaborative practice agreement approved by the board of pharmacy, appointed by the board.

(i) A pharmacist from a healthcare facility that is currently participating in a collaborative practice agreement approved by the board of pharmacy, appointed by the board.

(j) A representative from the New Hampshire Hospital Association, appointed by the association.

(k) A representative of the New Hampshire Medical Society, appointed by the society.

(l) A representative of the board of nursing, appointed by the board.

(m) A representative of the New Hampshire Nurse Practitioners Association, appointed by the association.

II. Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

III. The commission's study shall include, but not be limited to:

(a) Reviewing RSA 318:16-a and discussing of areas where it is working effectively and where there are areas for improvement in the current framework of regulatory oversight;

(b) Studying the national standards for best practice of collaborative practice;

(c) Defining the appropriate training required for a pharmacist to engage in different scopes of practice;

(d) Discussing how to expand access to collaborative practice pharmacy services to New Hampshire citizens in order to provide greater access to cost-effective care;

(e) Defining collaborative pharmacy practice environments to ensure safety;

(f) Identifying recommended solutions, both legislative and non-legislative;

(g) Reviewing any other matter the committee deems relevant to its objective.

IV. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named house member. The first meeting of the commission shall be held within 30 days of the effective date of this section. Five members of the commission shall constitute a quorum.

V. The commission shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2015.

3 Repeal. RSA 318:16-c, relative to the commission to study the standards for collaborative pharmacy practice, is repealed.

4 Effective Date.

I. Section 3 of this act shall take effect November 2, 2015.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a statutory commission to study the standards for collaborative pharmacy practice.

HB 219-FN, relative to the use of electronic benefit transfer (EBT) cards. **OUGHT TO PASS.** Rep. Charles E. McMahon for Health, Human Services and Elderly Affairs. This bill is the product of the interim study committee charged in 2014 to address the management and oversight of cash and product benefits provided to qualifying NH citizens using the Electronic Benefits Transfer/EBT card. The EBT card is used for the SNAP (food stamp) benefit program and the four cash assistance

programs known as TANF, APTD, OAA & ANB. In order to improve and enhance oversight and tighten management controls, the committee worked collaboratively with stakeholders and the department to address EBT card restrictions by location, technology enhancements and improved education outreach. The bill reflects the committee consensus to support a cost effective methodology to enhance EBT rule compliance and reduce the incidence of misuse of the cash benefit. We move towards this goal by increasing the management of ATM and point of sale store registers utilizing the department's new merchant category codes tool now in place. Vote 17-0.

HB 330, establishing an oversight commission for medical cost transparency. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Charles E. McMahon for Health, Human Services and Elderly Affairs. This bill provides for the establishment of a commission to provide active oversight of the development of the NH Health Cost website. The amendment adds two public members. This resource, when completed, shall provide a cohesive resource for medical cost transparency for NH citizens in search of knowing what a medical procedure will cost, what insurance will cover and what the out-of-pocket expenses will be. The goal of the commission is to ensure a timely completion of this effort as time is of the essence. To motivate a timely completion, the commission shall have strong stakeholder participation as detailed in the bill and a sunset of the commission to motivate timely completion of this important work. Vote 18-0.

Amendment (0158h)

Amend RSA 400-A:67, II(e)-(g) as inserted by section 1 of the bill by replacing it with the following:

(e) Two public members who shall represent New Hampshire patients, appointed by the governor.

(f) A representative of the New Hampshire Hospital Association, appointed by the association.

(g) A representative of the New Hampshire Medical Society, appointed by the society.

(h) One member representing the private health insurance industry, appointed by the governor.

Referred to the Committee on Finance.

HB 247, prohibiting the assignment and acceptance of recommendations of unauthorized judicial referees. **INEXPEDIENT TO LEGISLATE.**

Rep. Kurt F. Wuelper for Judiciary. This bill intended to correct deficiencies in the family courts' use of referees. The bill, however, addressed RSA 493-A:1 Judicial Referees and RSA 490-F:15 Referees and so would have no effect on family court referees. Vote 14-0.

HB 107, relative to the retention of municipal trust fund bank statements. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Ken S. Peterson for Municipal and County Government. This bill, as amended, serves to clarify the types of records that trust funds are required to retain or are permitted to dispose of, and specifies the length of time they must be retained. It codifies the ability to use electronic documents in addition to paper documents. This bill replaces RSA 33-A3-a, CXXXVIII (Disposition of Municipal Records; Disposition and Retention Schedule CXXXVIII. Trust fund minutes, quarterly reports, and bank statements: permanently) with the requirement that Trust Fund minutes and quarterly reports be retained permanently in either paper for electronic format; and bank statements be retained for 6 years after audit in paper or electronic format. Vote 20-0.

Amendment (0052h)

Amend the bill by replacing section 1 with the following:

1 Disposition of Municipal Records; Disposition and Retention Schedule. RSA 33-A:3-a, CXXXVIII is repealed and reenacted to read as follows:

CXXXVIII. Trust fund:

(a) Minutes and quarterly reports, in paper or electronic format: permanently.

(b) Bank statements, in paper or electronic format: 6 years after audit.

HB 154, relative to the power of towns to adopt bylaws and ordinances. **INEXPEDIENT TO LEGISLATE.**

Rep. James E. Coffey for Municipal and County Government. This legislation seeks to amend RSA 31:39, which lists the powers and duties of the towns to make regulations and bylaws, to add to it all the powers and duties of RSA 47:17, which regulates the power of city councils to enact bylaws and ordinances. During the testimony and in the ensuing discussion the committee found that most of the concerns the bill's supporters had were addressed in numerous other laws. The

power to regulate roads was discussed at some length and seemed to be a major concern that could be easily handled by other existing laws. RSA 47:17 is a very old statute that addresses such things as artificial curiosities, destruction of gaming devices, stables, tanneries, clothing worn by bathers, geese, swine, and countless other items from earlier centuries. While much of this archaic language can be translated into a more modern parlance, it seemed better not to attach RSA 47:17 to RSA 31:39, but to amend RSA 31:39 in the future if necessary. Vote 18-0.

HB 155, relative to municipal contracts for police chief. **OUGHT TO PASS.**
Rep. David A. Bickford for Municipal and County Government. This bill codifies allowing municipalities to designate a police chief by contract for a fixed term. The New Hampshire Supreme Court decided in Kassotis v. Fitzwilliam 2014, Aug 28, that failure to renew a public employee contract was not the same as dismissal. Some municipalities would prefer to hire for a fixed period. This bill puts the court decision in statute that will be more visible to hiring communities. Vote 18-0.

HB 166-L, relative to records storage by municipalities. **OUGHT TO PASS.**
Rep. Bruce L. Tatro for Municipal and County Government. This bill allows storage of records in other than paper form. Electronic storage and other media format is added to RSA 31:132. Vote 20-0.

HB 186, enabling the department of environmental services and the town of New Ipswich to negotiate an agreement regarding the encroachment of the town cemetery on state land. **INEXPEDIENT TO LEGISLATE.**
Rep. James E. Coffey for Municipal and County Government. This bill is no longer required since it has been replaced by HB 275. Vote 15-0.

HB 275, relative to the encroachment of a town cemetery on state-owned land. **OUGHT TO PASS.**
Rep. James E. Coffey for Municipal and County Government. This bill provides the framework to better facilitate the resolution of a problem caused by a New Ipswich town cemetery boundary being misunderstood by the town, which resulted in graves being located on state land managed by the New Hampshire Department of Environmental Services adjacent to a flood control dam on the West Branch of the Souhegan River. This bill will allow both parties to enter into a lot line adjustment and the town to move those graves that could interfere with maintenance of the flood control dam. It also allows the town to call a special town meeting, if needed. The New Ipswich selectmen and the Commissioner of DES support this legislation and both parties have already started work on resolving the problem. Vote 15-0

HB 344, relative to membership on advisory boards for municipal economic development and revitalization districts and relative to the financing plan of such districts. **OUGHT TO PASS.**
Rep. Franklin W. Sterling for Municipal and County Government. The purpose of this bill is to give the local legislative body the authority to raise or lower the financial plan submitted by the governing body. Currently the statute only allows the legislative body to accept or reject the financial plan as submitted. This bill would allow the legislative body to deliberate the proposal and to increase or decrease the plan. Second, the bill would allow for the appointment of members from the community at large to the advisory committees when the municipality is unable to find enough members from the economic zone. Vote 16-2.
Referred to the Committee on Ways and Means.

HB 201, relative to the acquisition of property rights at Back Lake dam in the town of Pittsburg, Lake Armington dam in the town of Piermont, Cass Pond dam in the town of Epsom, and Chesham Pond dam in the town of Harrisville by the department of environmental services. **OUGHT TO PASS.**
Rep. John A. Mullen for Resources, Recreation and Development. The bill allows the department of environmental services to acquire easements at the Back Lake dam in Pittsburg, Lake Armington dam in Piermont, Cass Pond dam in Epsom, and Chesham Pond dam in Harrisville, for the purpose of repairing the dams. All four dams are in need of repair and are scheduled to be repaired in the next biennium. However, while the dams are owned by the state agencies they do not own some of the immediate abutting land and require easements to access the dams to conduct the repairs. Therefore, they are seeking the authority to seek an easement. Under RSA 482:44, it requires an act by the legislature to authorize these agencies to be able to seek such easements. The committee felt that this was prudent to allow the acquisition of easements as required by statute to be able to repair the dams and keep them safe. Vote 19-0.

HB 254, relative to exceptions to restrictions on boating. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Carolyn L. Matthews for Resources, Recreation and Development. According to RSA 270:75, only state employees are exempt from the prohibition against use of outboard motors or power boats in restricted waters, and only when an emergency or other extraordinary situation occurs. This bill extends that exemption to municipal employees engaged in emergency rescue operations or training. While exempting the restriction on municipal employees engaged in emergency rescue is critical, other public water bodies without restrictions are available for training. The Department of Safety recommended deleting "or training" due to the need to protect sensitive public waters, which the committee agreed to in the amendment. Vote 19-0.

Amendment (0180h)

Amend RSA 270:75, II as inserted by section 1 of the bill by replacing it with the following:

II. The provisions of this subdivision shall not apply to municipal employees engaged in emergency rescue operations.

HB 259, relative to the reporting date of the economic development strategy and plan. **OUGHT TO PASS.**
Rep. Carolyn L. Matthews for Resources, Recreation and Development. As requested by the Department of Resources and Economic Development, this bill amends RSA 12-A:66 to allow the department to use results and validation from the previous fiscal year instead of the closing calendar year when updating the department's strategy and plan. The department believes that an economic review at the end of the fiscal year is consistent with the data and will improve the quality and efficiency of the report. The annual report will continue to be due by December 31. Vote 19-0.

HB 281, defining "exotic aquatic species of wildlife" and relative to the duties of the exotic aquatic weeds and species committee. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Suzanne H. Gottling for Resources, Recreation and Development. This bill addresses an additional threat to New Hampshire's water bodies, exotic aquatic animals. The existing Exotic Aquatic Weeds and Species Committee has been studying control and eradication of exotic aquatic weeds and plants such as milfoil, but was not charged with study of exotic aquatic animals such as Asian clams, zebra mussels or water fleas. This bill adds exotic aquatic animals to the committee's charge. The bill also includes a definition of these animals and asks the committee to study two additional areas: 1. best management practices in other states and 2. Development of an action plan, similar to that for exotic aquatic plants, if an infestation is discovered. The amendment changes the placement of and references to the definition of exotic aquatic animals. Vote 12-0.

Amendment (0135h)

Amend the bill by replacing section 1 with the following:

1 New Paragraph; Pollution and Aquatic Growth; Definitions; Exotic Aquatic Species of Wildlife.

Amend RSA 487:16 by inserting after paragraph I the following new paragraph:

I-a. "Exotic aquatic species of wildlife" means wildlife, as defined in RSA 207:1, XXXV, that:

(a) Depend on a freshwater aquatic environment; and

(b) Are not naturally occurring in New Hampshire or have not become established in New Hampshire.

Amend RSA 487:30, III(a) as inserted by section 3 of the bill by replacing it with the following:

(a) Study the spread of exotic aquatic weeds and exotic aquatic species ***of wildlife, as defined in RSA 487:16, I-a,*** in the waters of New Hampshire including education, management, and potential means to eliminate the spread of these weeds and [~~species; and~~] ***wildlife.***

HB 394-FN, establishing an industrial heritage program within the department of cultural resources. **INEXPEDIENT TO LEGISLATE.**
Rep. Eric Johnson for Resources, Recreation and Development. This bill establishes an industrial heritage program within the Department of Cultural Resources, which shall be responsible for the preservation of the historic grist mill complex in Hampton. While the committee recognizes the value of the Hampton grist mill and recognizes the value of preserving New Hampshire's industrial heritage, this act may not be the most frugal and efficient way to accomplish this goal. Other means are available according to testimony. Vote 13-0.

HB 238, relative to the energy efficiency implementation plan. **INEXPEDIENT TO LEGISLATE.** Rep. Herbert R. Vadney for Science, Technology and Energy. This bill would direct the Office of Energy and Planning to consider a variety of additional issues in its energy efficiency planning. The energy efficiency resource standard draft proposal that was released by the Public Utilities Commission on February 3, 2015 covers these topics, making this bill unnecessary. Vote 21-0.

HB 291, establishing a committee to study modernization of the energy grid in New Hampshire. **INEXPEDIENT TO LEGISLATE.**
Rep. Marjorie J. Shepardson for Science, Technology and Energy. The sponsor feels strongly that the State of New Hampshire should implement a goal in the new Ten-Year Energy Strategy which states New Hampshire should modernize the electric grid. This bill would have created a study committee to do that but another bill, HB 614, directs the PUC to open a docket on grid modernization. Since HB 614 would accomplish the same thing more quickly than this bill, the sponsor proposed to ITL HB 291. Vote 21-0.

HB 130, relative to the use of blue lights on emergency vehicles. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Michael B. O'Brien for Transportation. This is an enabling bill, which will allow blue lights on fire, ambulances and rescue vehicles. This bill allows exceptions to current law where only sworn police officers are allowed blue lights to municipal, township or village-owned fire apparatus or ambulances. This bill does not allow blue lights on private vehicles except in accordance with current law for police officers. This bill has the support of the NH Police Chiefs' Association and the NH Fire Chiefs' Association. The intention of the bill is to enhance the safety of all emergency first responders operating in the field. The amendment adds relevant references to existing statutes regarding authorized use of blue lights to ensure compliance with existing laws. Vote 18-0.

Amendment (0108h)

Amend the bill by replacing all after the enacting clause with the following:

1 Blue Lights Restricted. Amend RSA 266:78-b to read as follows:

266:78-b Blue Lights Restricted to Law Enforcement ***and Emergency Response***.

I. No person other than a sworn law enforcement officer with power of arrest shall operate a vehicle equipped with blue colored lights, except in the case of a service technician driving the vehicle in connection with servicing or maintaining the vehicle ***or as provided under paragraph II***.

II. No person other than a sworn law enforcement officer with power of arrest or an emergency response employee or volunteer of a city, town, or village district or the federal government or an employee of a private ambulance service contracted with a city, town, or village district shall operate a vehicle equipped with a rear-facing blue colored light, except in the case of a service technician driving the vehicle in connection with servicing or maintaining the vehicle.

~~[II.]~~ ***III.*** Blue ***colored*** lights are authorized ***only*** for vehicles owned or leased by state, county, municipal, or federal law enforcement agencies, fire marshal vehicles, ***emergency response vehicles owned or leased by city, town, village district, or federal fire departments, forestry departments, or emergency medical departments, or emergency response vehicles owned or leased by a private ambulance service contracted with a city, town, or village district*** and vehicles privately owned or leased by sworn law enforcement officers when authorized by their department heads. When blue colored lights are installed on a private vehicle owned by or leased to a law enforcement officer, such lights shall be covered when the vehicle is being driven by someone other than a law enforcement officer. ***A blue colored light installed on emergency response vehicles other than those vehicles used by a sworn law enforcement officer shall be limited to a single, rear-facing blue colored emergency light on each vehicle. A private ambulance service that is no longer contracted with a city, town, or village district shall remove the single rear-facing blue colored light upon the expiration of the contract.***

2 Use of Blue Lights. Amend RSA 266:78-f to read as follows:

266:78-f Use of Lights by Law Enforcement. Law enforcement officers shall only illuminate emergency lights and warning lights when in pursuit or stopping a violator, when responding to but not returning from an emergency call for service, when conducting an escort, or when parked on or adjacent to the highway to warn other traffic of a hazard or obstruction. ***Except as provided for under RSA 266:78-b, II*** no person other than a sworn law enforcement officer shall drive a vehicle with a blue light or lights in operation.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill authorizes the use of blue lights on vehicles operated by local and federal emergency response employees and volunteers and employees of an ambulance service contracted with a city, town, or village district.

HB 156, relative to the 70 mile per hour speed limit on a portion of I-93. **INEXPEDIENT TO LEGISLATE.**

Rep. Thomas C. Walsh for Transportation. This bill would eliminate the 70 mile per hour speed limit from mile marker 45 to mile marker 58 (north of Tilton) on I-93. In 2013, HB 146, which changed the speed limit to 70 mph, passed the House 292-65, passed the Senate by a voice vote and was signed into law. The committee was not provided any data or incidents related to the speed change. In fact, the Department of Safety testified that it would take three to five years to compile such data. Considering the support HB 146 had, and no evidence to support a change, the majority of the committee voted ITL. Vote 17-1.

HB 178, relative to exclusions from seasonal highway weight limit regulations. **OUGHT TO PASS.**

Rep. Russell Dumais for Transportation. The intent of this bill is to support our maple sugar industry, which can be hurt by seasonal weight limits. This bill does not remove department of transportation oversight and approval of granting waivers. Vote 18-0.

HB 314, establishing a commission to study the charitable status of certain nonprofit organizations for purposes of state and local taxation. **INEXPEDIENT TO LEGISLATE.**

Rep. Patrick F. Abrami for Ways and Means. This bill is based on one possibly fraudulent charity said to be operating in New Hampshire, but the sponsor has not yet been able to contact the attorney general's office of charitable trusts, which is responsible for oversight of such cases, to learn whether this case or others present a problem that would be correctable by further legislation. We invite the sponsor to bring forth a later bill on the subject is such inquiry shows a need. Vote 19-0.

HB 657-FN-A-L, relative to video lottery. **INEXPEDIENT TO LEGISLATE.**

Rep. Gary S. Azarian for Ways and Means. This bill authorizes up to 300 slot machines at each location authorized for charitable gaming. The committee feels that such a major expansion is contrary to the intent of the law authorizing low stakes charitable gaming. Public testimony indicated strong opposition, with only card rooms supporting it. Vote 19-0.

REGULAR CALENDAR

HB 168, relative to grounds for divorce for persons with minor children. **INEXPEDIENT TO LEGISLATE.**

Rep. Cynthia L. Chase for Children and Family Law. This bill would not allow irreconcilable differences as a ground for divorce for couples with minor children. The committee felt that the bill was a step backward because it re-introduces the necessity for a determination of fault into the divorce process. It would also raise the cost of divorce to both the divorcing individuals and to the state. Forcing couples to stay married until their youngest child attains majority status could allow for the perpetuation of a stressful living situation, which can have as stressful an impact on the child as going through a parental divorce. Vote 13-4.

Rep. Gargasz corrected the committee report.

Rep. Groen spoke against.

Committee report adopted.

HB 245, establishing a committee to study state and county departments of corrections. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Laura C. Pantelakos for the Majority of Criminal Justice and Public Safety. This bill calls for a study on county jails and the state department of correction. This bill comes in every session. As representatives, we can make our own correction to our county jails. The committee believes this bill is not necessary. If we want changes in our county jails, we have the power to make those changes within the counties. Vote 10-6.

Rep. John A. Burt for the Minority of Criminal Justice and Public Safety. This bill simply creates a study committee to examine New Hampshire's system of state and county jails, to determine if this structure is the best way to provide incarceration and rehabilitation at the lowest cost to state

and local taxpayers. County jails frequently house persons awaiting trial, or required to be separated from other inmates in the state system, or even temporary overflows. The functions of county jails and state prisons largely overlap after an inmate is discharged, so it is reasonable to look at the post incarceration system as a whole. Vermont, for example, has an integrated prison system that incorporates the opportunities to reduce recidivism. In NH recidivism is 43% at the state level and around 60% for counties. The minority believes that a study committee on this subject has the potential to identify significant opportunities for cost savings without affecting performance.
Majority committee report adopted.

HB 597-FN, relative to penalties for indecent exposure and lewdness. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**
Rep. Laura C. Pantelakos for the Majority of Criminal Justice and Public Safety. This bill changes the penalty for exposing one's genitals from misdemeanor to a class B felony. This change makes the law the same penalty that it is if you take a picture of your genitals and send it out. The committee felt it should be the same in person as a picture. Vote 11-5.
Rep. Ed Comeau for the Minority of Criminal Justice and Public Safety. It is the minority opinion that the following language within HB 597 will have unintended results when interpreting the following verbiage, section 2. (a) A person is guilty of a class B felony if : (a) Such person purposely fornicates, exposes his or her genitals, or performs any other act of gross lewdness in the presence of a child who is less than 16 years of age. The condition whereby genitals may be exposed may occur during nude sunbathing on ones own private property; attendance to a nudist camp; a family practicing a naturalist lifestyle. Section (a) begins with (a) Such person purposely fornicates, then attempts to list; "exposes his or her genitals." It is the minority opinion that this can be misinterpreted, if the intent was to simply be "purposely naked" without the intent of harm to a child less then 16 years of age.
Rep. Tholl moved Recommit and spoke in favor.
Motion adopted.
Recommitted to the Committee on Criminal Justice and Public Safety.

HB 119, establishing the John G. Winant Memorial Commission. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**
Rep. Raymond G. Gagnon for the Majority of Executive Departments and Administration. Governor John G. Winant was among the most accomplished and respected New Hampshire citizens of the 20th Century, attaining national and international recognition during the 1930s and World War II. This bill establishes a commission to raise private sector funds for the erection and maintenance of a statue, as well as a scholarship fund for New Hampshire students of government. This public/private initiative will be funded solely from non-government sources and will have no fiscal impact on state finances. The intent of the commission is to erect the statue on the grounds of the NH State Library facing the capital and the governor's office. In addition to serving as Governor (1925-27; 1931-35), he was also a member of both the NH House and Senate. A life-long republican, Governor Winant was appointed by President Franklin Roosevelt to be the first head of the Social Security Board in 1935, a position he held until 1937. In 1941, Roosevelt appointed Winant ambassador to Great Britain, a post he remained in until March 1946. In a 2010 book, *Citizens of London: The Americans Who Stood with Britain in Its Darkest, Finest Hour,* author Lynne Olson described Winant as dramatically changing the U.S. stance in regards to Great Britain. The establishment of this commission in no way diminishes the accomplishments of other New Hampshire men and women, but continues the NH tradition of preserving a sense of history and recognizing the accomplishments of its citizens. We encourage members of the House to support the committee's bi-partisan vote. Vote 10-3.
Rep. J.R. Hoell for the Minority of Executive Departments and Administration. The committee heard only from the sponsor in favor of this commission. Testimony included that the commission is planning to put the statue in the front lawn at the State Library across the street from the State House. While there have been numerous other Governors that have contributed to the state, very few have received the recognition to have a statue so prominently located near the State House. The family did donate 85 acres for a park in the City of Concord and the minority felt that an amendment specifying the location of the statue within the Winant Park would be appropriate.

The question being adoption of the majority committee report of Ought to Pass.
Rep. Hoell offered floor amendment (0295h).

Floor Amendment (0295h)

Amend RSA 4:9-l as inserted by section 1 of the bill by replacing it with the following:

4:9-l Commission Established; Special Account.

I. A commission is established to oversee the location, design, construction, and maintenance of a John G. Winant memorial and to privately raise and expend all the funds necessary for its construction and maintenance. The governor and council are authorized to accept for the commission, in the name of the state, the gifts of money, which are donated to construct and maintain the memorial. Notwithstanding any other provision of law, the commission may accept donated in-kind services, goods, and materials for the construction and maintenance of the memorial with the approval of the governor and council.

II. The gifts of money, which are donated to contract, construct, and maintain the memorial, shall be placed in a special nonlapsing account in the state treasury, to be expended for the purposes of the John G. Winant memorial. Any money remaining in the special account after construction of the memorial is completed shall be used for the care, maintenance, repair, and additions to the memorial, or for any other purpose deemed appropriate by the commission. Notwithstanding any other provision of law, the commission may expend the money raised or accepted as a gift with the approval of governor and council, to contract for the construction and perpetual maintenance of the memorial.

III. The commission shall remain in existence upon the completion of the John G. Winant memorial for the purpose of overseeing maintenance and approving any change to the memorial. Any site change for the memorial shall be made under the supervision of the director of operations of the department of transportation.

Amend RSA 4:9-m as inserted by section 1 of the bill by replacing it with the following:

III. The commission shall select the location within Winant Park and design for the John G. Winant memorial and oversee the construction and maintenance of the memorial.

Rep. Hoell spoke in favor.

Rep. Sytek spoke against and yielded to questions.

Floor amendment (0295h) failed.

Majority committee report adopted and ordered to third reading.

HB 642-FN-L, allowing gold and silver as lawful mediums of exchange. **INEXPEDIENT TO LEGISLATE.**

Rep. John Sytek for Executive Departments and Administration. This bill would make gold and silver as lawful mediums of exchange in NH. The committee found several problems with the bill - some of which would take significant legal research to resolve. For example, it was not clear that this is permissible under the US Constitution, which reserves coinage powers to the federal government. There was the sense that there were symbolic aspects to the bill that could reflect poorly on NH's sense of purpose among the community of states. Nor did the sponsor establish any cogent need for this bill. There were practical considerations also. Exactly what mechanism would determine the dollar value of particular precious metals? Finally, it was pointed out that the bill is unnecessary. Any mutually agreeing individuals could exchange goods and services for precious metals without the agency of state law. Vote 13-3.

Committee report adopted.

HB 176-FN-A-L, relative to towns affected by the Merrimack River flood control compact and the Connecticut River flood control compact and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE.**

Rep. Peter R. Leishman for Finance. After several devastating floods in the 1930s, the Merrimack River Flood Control Compact was created in 1957 and the Connecticut River Flood Control Compact was created in 1953. The terms of the compacts are contained in RSA 484. During the late 1950s, the federal government through outright purchase and eminent domain acquired land in 18 New Hampshire communities to construct flood control structures (dams) to restrict water flow and prevent downstream flooding in New Hampshire, Massachusetts, Vermont and Connecticut. Under the compacts, a formula was developed to pay the 18 communities for the loss of land taken for flood prevention. The state of New Hampshire, the Commonwealth of Massachusetts and the state of Connecticut are each required to pay a portion of the lost tax revenue for land taken as determined by the NH Department of Revenue Administration. Regrettably, the Commonwealth has failed to make timely payments and when payments have been received or negotiated, the payments have

fallen short of the anticipated reimbursements. Recently, on December 5, 2014, the NH Department of Justice and the commonwealth agreed to settle the outstanding liability for FY13 and FY14 for $658,000. This figure being $427,344 short of the funds the DRA believes the commonwealth owes the 18 communities. During FY14 and FY15, the legislature again provided the full amount of lost tax revenue as determined by the DRA and as required by RSA 122:4. The FY14/FY15 total reimbursement was $1,575,796.86 in general funds. Despite the commonwealth's delinquencies and since 1969, New Hampshire has reimbursed the impacted communities for the full amount of lost tax revenue with the exception of FY13. However, under the terms of the compacts, New Hampshire is under no obligation to pay the commonwealth's share of the reimbursement. Additionally, any modification of the language contained in the compacts would require Congressional approval. The majority of the Finance Committee believes that New Hampshire can no longer subsidize the Commonwealth's portion of these two compacts. Furthermore, the majority believes the Legislature, the Department of Justice, DRA and the New Hampshire Compact Commissioners must review the terms of the compacts and re-examine New Hampshire's obligations and options. Until then, the majority cannot support this appropriation of $542,672 from the state general fund for FY13. Vote 13-9.
Reps. Ratzki, Myler, Luneau, Karrick and Shattuck spoke against.
Rep. Leishman spoke in favor and yielded to questions.
Rep. Lynne Ober spoke in favor.
Rep. Myler requested a roll call; sufficiently seconded.

and the committee report was adopted.

HB 194, providing that life begins at conception. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS**

Rep. Claire A. Rouillard for the Majority of Judiciary. House Bill 194 seeks to create an act, which provides that "The state of New Hampshire declares that the right to life guaranteed by the United States Constitution is vested in each human being, therefore it is the policy of the state of New Hampshire that human life is deemed to exist from conception." It also states that, "nothing in this subdivision shall be construed to authorize the prosecution of any woman for the death of her unborn child." Additionally, it states "human being includes… every member of the species homo sapiens at all stages of life, including the moment of fertilization, cloning or other…" The statement of findings and intent, contained in this bill, addresses issues of aborting pre-born humans and their right to life, It does not matter whether we are pro-life supporters, or pro-choice supporters, HB 194, as written, is unconstitutional. The Ninth Amendment, reservation of rights to the people, and Fourteenth Amendment, concept of personal liberty, as explained in the United States Supreme Court Decision, Roe v. Wade, 410 U.S. 113 (1973), encompass a woman's decision whether or not to terminate her pregnancy. The Court further stated that a "person" as used in the Fourteenth

Amendment, does not include the unborn. Also, the language of the bill is vague, as the sentence contained in HB 194, which does not authorize the prosecution of any woman for the death of her unborn child, does not "prohibit" her prosecution. It also does not prohibit the prosecution of others, including a physician who performs an abortion, even in instances that could save the woman's life, or the prevent prosecution of a boyfriend who supplies his girlfriend with the morning after pill. This bill could have other unknown criminal and civil consequences. Lastly, this bill as worded, may take away rights of families who need medical assistance to have children. Specialists, who provide in vitro fertilization (IVF) currently available in New Hampshire, may not be able to do so if this bill were passed. The freezing of embryos have an 85-95% chance of survival. This means some of them do not survive. Testimony from physicians who performed IVF indicated that they would be unwilling to perform embryo freezing on the chance the embryos do not survive, as criminal prosecution and other claims could be brought against them. Additionally, liability in the disposal of unwanted fertilized embryos, has unknown consequences, which could effectively eliminate the practice of IVF in New Hampshire. We are trusted with the responsibility to pass good laws for the citizens of New Hampshire. This bill as worded, violates the US Constitution, is vague and has known and unknown consequences that would make its passage hurt the citizens of our state. Vote 10-4. Rep. Kurt F. Wuelper for the Minority of Judiciary. The minority believes the right to life is the most fundamental human right. The right to life inheres to every person from the very beginning of life until death, and that NH law should recognize that right as did the US Supreme Court when it ruled in Gonzales v. Carhart, "by common understanding and scientific terminology, a fetus is a living organism while within the womb, whether or not it is viable outside the womb". The court also ruled that [obviously human] life is worthy of protection"both pre-viability and post-viability."

The question being adoption of the majority committee report of Inexpedient to Legislate.
Reps. Wuelper, Murotake, Leeman and Moore spoke against.
Rep. Hoell spoke against and yielded to questions.
Reps. Rowe and Rouillard spoke in favor.
Rep. Tamburello requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 269, allowing a landlord to collect first and last month's rent in addition to a security deposit. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Linda B. Kenison for the Majority of Judiciary. This bill proposes an amendment to 540-a:6. The amendment would allow landlords to charge the equivalent of three month's rent prior to tenancy. The religious community, charities and nonprofit organizations were unanimous in opposing this bill. Local welfare administrators expressed extreme concern passage of this bill would increase welfare budgets and raise property taxes. To require prospective tenants to pay first and last month's rent in addition to a security deposit will create an undue hardship on families already struggling to access affordable housing. For a family to obtain a modest two-bedroom apartment they would have to raise about $2,600. This financial barrier to obtaining affordable housing will exacerbate

the problem of homelessness. Middle and low-income families need affordable housing. To attract and keep young people in the state, affordable housing is essential. Vote 13-2.
Rep. Kurt F. Wuelper for the Minority of Judiciary. The minority believes it is the landlord's property right to set the rental terms, including the amount of security required and that the state shouldn't restrict that right. The shortage of rental property available might be partially alleviated by allowing landlords to collect more security and landlords dealing with low income tenants would most likely keep the current security conditions.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. Sylvia spoke against.
Rep. Kenison spoke in favor and yielded to questions.
On a division vote, 187 members having voted in the affirmative and 167 in the negative, the majority committee report was adopted.

HB 371, relative to assessing the consequences of the Citizens United decision. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Jack B. Flanagan for the Majority of Legislative Administration. The bill assumes from its beginning that the supreme court has made several "wrong" decisions with respect to campaign finance. That issue alone is one of considerable debate and one that will undoubtedly continue. The mechanisms put in place in this bill require standing committees of the House and Senate to travel around the state to take public input on the issue; it then even requires those committees to submit draft language to the US Constitution on how to fix this perceived problem! Additionally, this bill calls on the Congressional delegation to act on this perceived problem by working towards a constitutional amendment. A more apt approach would be a constitutional convention to address whatever perceived issues may exist at large; but the majority of the committee believes the inferences supposed in this bill are without merit to begin with. Vote 5-4.
Rep. Lucy M. Weber for the Minority of Legislative Administration. HB 371 requires hearings to be held in four separate sites around the state so that testimony may be heard from NH citizens about the effects of the Citizens United decision. The results of those hearings were to be communicated to the NH congressional delegation, as well as to various NH state officials. For those of us who support amending the US Constitution to make it clear that Citizens United was wrongly decided, but who are also concerned about using Article V to amend the US Constitution, this bill presented an excellent opportunity to further communicate our concerns to our Congressional delegation.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Reps. Elliott and Bixby spoke against.
Rep. Stephen Schmidt spoke in favor.
Rep. Rosenwald requested a roll call; sufficiently seconded.

MOTION TO PRINT REMARKS

Rep. Dan McGuire moved that the remarks made by Rep. Elliott on **HB 371,** relative to assessing the consequences of the Citizens United decision, be printed in the Permanent Journal.
On a division vote, 178 members having voted in the affirmative and 173 in the negative, the motion was adopted.

REMARKS

Rep. Elliott: Thank you, Mister Speaker. Originally, this controversial bill was about the constitutional meaning of freedom of speech and the fear of political, financial corruption. It started in 2002, when Senator McCain and Senator Feingold sponsored the famous, bipartisan campaign reform act. It had to do with what they call electioneering communication. In that bill, they defined electioneering communication as any broadcast, any cable, any satellite communication that mentions a candidate within 30 to 60 days of a general election. Their bill also said that such communication being funded by corporations or unions was unconstitutional. Two years later, during the presidential campaign, 2004, Citizens United, a conservative 501c group, took Michael Moore to court saying his movie, "Fahrenheit 9/11" was a severe criticism on George Bush and his response to the 9/11 terrorist attack. That constituted political advertising and the case went before the Federal Election Commission that promptly dismissed the suit and Citizens United lost their case. In 2007, Citizens United produced their own film called "Hillary" and it was a severe criticism of Hillary Clinton and they tried to get it on to national television, but they were called into court. In 2008, the district court for the District of Columbia ruled that the movie "Hillary" "violated the bipartisan campaign reform act" and Citizens United lost that case as well, but then they got lucky, because they appealed it to the supreme court. On March 28, 2009, the United States Supreme Court reversed that decision and said it is constitutional to make a film critical of any president or candidate during any campaign. This was a major victory for free speech, so everyone thought. Citizens United won that case, or did they? The first part of the ruling of the supreme court said from now on, all corporations, all unions or any individual will be sheltered and treated just like an individual citizen when it comes to the issue of freedom of speech. From now on, corporations and unions will be treated as a person. Then something went wrong. There was an unintended consequence given by the supreme court that day when Supreme Court Chief Justice John Roberts went on further to conclude that from now on, any citizen of the United States of America could contribute as much money as he wished and keep his name anonymous by donating all of his money to what we now call, Super PACs. Now, this bill today has nothing to do with the rightness or the wrongness of that decision. Listen to me. This bill today has to do with offering a solution to a possible consequence of that decision and help to avoid further political corruption. Now, the majority would have us believe that this is a perceived problem. In fact, if you read the blurb, you'll see the phrase doesn't occur not once, but three times as if to accent the belief that political corruption does not even exist. I think it does and I think it has had a strange effect on the citizens and the voters all across America. They no longer have an interest in politics that they once had because they feel they no longer have an affect on much of the income and they have strong opinions even though they are not able to express them. Deep, deep down, this bill today, this bill, HB 371 is about the silent majority, as Nixon used to say. Those thousands of people in New Hampshire and those millions of people in the United States of America have lost their voice. This bill today is really about the common man. This bill today is about thousands and thousands of voters from all over our country who feel that they are not only shut out from any major decision process, but who also feel that their politicians have lost touch with the common man who works for minimum wages sometimes, who struggles everyday to make ends meet and as many a stranger has said to me, "I don't like politicians anymore because they don't care about me and they don't care about my family. They are all a bunch of crooks anyway. The only thing they care about is the next election." Now, the legislative committee

is thinking just the opposite of what this bill intends to do. They feel that they do not need to hear the voices of the people on this issue and this is how they think. They might be saying to themselves and many of you too, the people have voted for me to represent them so I don't need their input. Well, if that's true, why are we having all these public meetings this month in order for us to hear the public and get their input before we vote in executive session? This bill does the same thing, only the public hearing is not limited to ten or twenty people; it's limited to thousands of people all over the state of New Hampshire. All this bill does, really, is it makes it possible for two committees, one from the House and one from the Senate, to go to four different sections of our beloved state, North, East, South and West, whatever, and listen to the voice of the people, to take that feedback, refine it, condense it, if necessary, and put it into more simple language how the voters of New Hampshire feel about one of the most controversial issues in America today, namely the corruption of our entire political system. What could be fairer than that? Isn't that what we do on every public hearing? Remember this, it is only if we take steps one and two in this bill, sending them out, the committee, that step three even becomes possible. It may be that at the end of their investigation, the group may come to the conclusion that the legislative committee was correct, this is not really an issue; it is only a perceived problem. On the other hand, if the committee of Reps. and Senators hear a roar of discontent, if they hear a cockamamie of disagreement, if they hear angry voices by thousands, then and only then, will they be motivated to contact our Representatives in Washington and make some reasonable suggestions arrived at by both parties. This cannot be achieved by one party. This has to be a bipartisan effort. If we do not at least attempt to do this, you and I both know that the common man will still retain his right to freedom of speech. That is not the issue, but it will be a much quieter voice because he has lost his political influence because of his limited financial resources and we will all lose our ability as common men and women to pick our own candidates here in New Hampshire and throughout America. Not because of the influence of wealthy people. I'm not opposed to that. We can accept that as a political way of life already. It's been with us a long time. We'll always have it. We always will, but what we cannot compete with is the growing corrupting influence and recent emergence of an entirely new group of powerful politicians. We call them the 1%. The 1% who control 90% of America's resources. We call them billionaires - billionaires. One of the fastest growing groups in our country. Let me conclude by asking you this, just let the public know that we will, we in New Hampshire, we in this Session, yes we will listen to you on this highly controversial issue. We haven't forgotten you. We realize that this is not a perceived problem, this is a real problem. We, like them, will know that this is one of the biggest issues of our time. Maybe not by some in the New Hampshire Session, but certainly by millions and millions of Americans all over our country, ordinary, common, hard working people who live their lives from paycheck to paycheck, paying the rent or paying the mortgage on their house or paying the latest car payment. We call that the middle class and you and I are the middle class and we don't contribute millions to our political candidates. Below our level of income are the poor and the poor have no voice at all. Let's give them a voice today. Now, press the red button. Thank you.

REFERRAL DECLINED

Rep. Kurk, Chairman of the Committee on Finance, under the provisions of House Rule 46 (f), declined the referral of **HB 330,** establishing an oversight commission for medical cost transparency.

The House recessed at 12:20 p.m.

RECESS

The House reconvened at 1:20 p.m.

(Speaker Jasper in the Chair)

REGULAR CALENDAR CONT'D

HB 147, relative to the homestead exemption amount. **OUGHT TO PASS WITH AMENDMENT.** Rep. Susan C. DeLemus for Municipal and County Government. This bill, as amended, would raise the homestead exemption from $100,000.00 to $120,000.00. The majority of the committee felt that this modest increase would match the increase in valuations of property in the last 10+/years. Vote 14-5

Amendment (0119h)

Amend RSA 480:1 as inserted by section 1 of the bill by replacing it with the following:

480:1 Amount. Every person is entitled to $[~~100,000~~] ***120,000*** worth of his or her homestead, or of his or her interest therein, as a homestead. The homestead right created by this chapter shall exist in manufactured housing, as defined by RSA 674:31, which is owned and occupied as a dwelling by the same person but shall not exist in the land upon which the manufactured housing is situated if that land is not also owned by the owner of the manufactured housing.

Amend RSA 529:20-a as inserted by section 2 of the bill by replacing it with the following:

529:20-a Notice of Homestead Exemption. Along with the notice required under RSA 529:20, the party in whose name the execution has issued shall provide to any person who resides or appears to reside on the real estate to be sold, the following notice by certified mail:

NOTICE

IF YOU OR YOUR SPOUSE OWNS AND RESIDES IN THIS PROPERTY, YOU AND/OR YOUR SPOUSE MAY BE ENTITLED TO A HOMESTEAD EXEMPTION PURSUANT TO RSA 480:1. THIS EXEMPTS $[~~100,000~~] ***120,000*** FOR A SINGLE PERSON AND $[~~200,000~~] ***240,000*** FOR A MARRIED COUPLE.

IN ORDER TO CLAIM THIS EXEMPTION, YOU MUST NOTIFY THE SHERIFF OF THE COUNTY IN WHICH THE REAL ESTATE IS SITUATED AND THE JUDGMENT CREDITOR OF THE AMOUNT OF YOUR HOMESTEAD CLAIM IN WRITING. IF YOU DO SO BEFORE THE SALE, THE SHERIFF MUST PAY YOU THE AMOUNT OF YOUR HOMESTEAD EXEMPTION BEFORE PAYING THE JUDGMENT CREDITOR FROM THE PROCEEDS OF THE SALE. IF, HOWEVER, THE JUDGMENT CREDITOR FILES A MOTION IN COURT CHALLENGING YOUR ENTITLEMENT TO OR THE AMOUNT OF THE HOMESTEAD EXEMPTION, THE SHERIFF SHALL NOT DISTRIBUTE THE PROCEEDS FROM THE SALE UNTIL FURTHER ORDER OF THE COURT.

IF YOU DO NOT NOTIFY THE SHERIFF AND THE CREDITOR OF YOUR EXEMPTION UNTIL AFTER THE SALE, THE CREDITOR NEED NOT PAY YOU THE AMOUNT OF YOUR HOMESTEAD EXEMPTION UNTIL THE EXPIRATION OF THE ONE-YEAR PERIOD DURING WHICH YOU MAY REDEEM THE PROPERTY PURSUANT TO RSA 529:26.

IF THE SHERIFF RECEIVES YOUR NOTICE OF HOMESTEAD EXEMPTION PRIOR TO THE SALE, THE SHERIFF MAY NOT SELL THE PROPERTY FOR LESS THAN THE AMOUNT OF THE CLAIMED HOMESTEAD EXEMPTION WITHOUT FURTHER ORDER OF THE COURT.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 153, relative to the telecommunications planning and development advisory committee. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Suzanne Harvey for the Majority of Science, Technology and Energy. The Telecommunications Planning and Development Advisory Committee (TAB) is primarily tasked with issues relating to broadband infrastructure in the state. It is also concerned with the use of broadband for educational opportunities and for medical related services. HB 153 adds to the committee's membership the commissioners of DHHS and DOE (or their designees) for their counsel on telemedicine and education, plus the state libraries since libraries offer computer access. The majority believes these additions will enhance the work of the committee. Vote 12-9.

Rep. Michael Vose for the Minority of Science, Technology and Energy. This bill would increase the Telecommunications & Planning Advisory committee from 23 to 27 members. The current number seems sufficient. Testimony indicated that the quorum number is nine, which would subject the committee to being dominated by a small minority of members. No provision was made to make the committee bipartisan.

Majority committee report adopted and ordered to third reading.

HB 362, relative to the reliability of the electric grid. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David K. Murotake for Science, Technology and Energy. It is easier and less costly to prune or cut trees, than to clean up damage and restore power after a tree or branch falls. This bill removes the word "unreasonable" from the conditions under which a tree can be designated a "danger" from RSA 231, enhancing the ability of public utilities to pro-actively identify trees for pruning or removal

to help protect the electric grid from power failures. The bill also allows electric utilities to identify trees that may offer a danger, in properties abutting the right of way, to have a dangerous tree to be removed at no cost or compensation to the property owner. The bill preserves all other rights of due process, privacy and appeal currently embodied in legislation. HB 362 also directs the PUC to investigate electric utility programs designed to ensure a more reliable and resilient grid to prevent or minimize power outages, including but not limited to, infrastructure automation and technologies. The amendment is simply a grammatical fix. Vote 18-3.

Amendment (0183h)

Amend RSA 231:172, I as inserted by section 2 of the bill by replacing it with the following:

I. No licensee shall have the right to cut, prune, or remove any shade or ornamental tree, for the purpose of erecting or maintaining poles or structures or installing wires or other attachments or appurtenances thereto, without obtaining the consent of the owner of the land on which such tree grows. The receipt of a license to erect and maintain such equipment pursuant to RSA 231:160 and RSA 231:160-a includes consent to cut, prune, or remove shade or ornamental trees growing on land located within the public right-of-way, ***or which may fall upon the right-of-way,*** that pose [~~an unreasonable~~] ***a*** danger to the reliability of equipment installed at or upon licensed utility facilities. Nothing in this section shall affect the right of the landowner to the cordwood or timber that results from the activities of a licensee under this subdivision.

Rep. Murotake yielded to questions.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Horn moved that the House reconsider its action whereby, on a division vote of 187-167, the House adopted the majority committee report of Inexpedient to Legislate on **HB 269,** allowing a landlord to collect first and last month's rent in addition to a security deposit.

Rep. Baldasaro spoke in favor.

Rep. Rowe spoke against.

Rep. William O'Brien requested a roll call; sufficiently seconded.

BILLS REMOVED FROM THE CONSENT CALENDAR

HB 492, relative to military and historic reenactments and commemorations. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David A. Welch for Criminal Justice and Public Safety. This bill amends RSA 644:13 Unauthorized Use of Firearms and Firecrackers by including in the exceptions the fire department along with the police department in the notification process when organizing an event where cannons, muskets or other firearms are used to celebrate or commemorate an event where such arms use blank cartridges. The state fire code has rules concerning how historical re-enactments or events where veterans participate ought to be organized for the safety of the participants and fire personnel during an incident. The notification of the fire department is to ensure that the participants are aware of the safety requirements contained in the fire code. This bill is a request of the state fire marshal's office. An amendment changes the title by removing references to firecrackers, which had been removed from the statute many years ago. The committee agreed that the bill is necessary and voted unanimously. Vote 16-0.

Amendment (0168h)

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 Unauthorized Use of Firearms and Firecrackers; Section Heading Amended. Amend the section heading in RSA 644:13 to read as follows:

644:13 Unauthorized Use of Firearms [~~and Firecrackers~~].

AMENDED ANALYSIS

This bill requires military and historic re-enactors to obtain permission from the fire department and comply with the state fire code and amends a section heading to remove an obsolete reference.

This bill is a request of the department of safety.

Rep. Tholl moved Recommit and spoke in favor.

Motion adopted.

Recommitted to the Committee on Criminal Justice and Public Safety.

HB 133, relative to recounts on questions. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James P. Gray for Election Law. RSA 40:4-c, I codifies the requirements to request a recount of the ballots cast at an annual or special meeting on any question affecting the town. This bill adds a requirement for the town clerk to provide notification to the first named recount requester. The notification shall provide the time and place of the recount and that it be delivered by registered mail. The amendment retains the notification requirement but eliminates the requirement that it be delivered by registered mail. Vote 18-0.

Amendment (0123h)

Amend the bill by replacing section 1 with the following:

1 Recount; Deadline. Amend RSA 40:4-c, I to read as follows:

I. If any 10 voters of a town shall, before the expiration of 7 days from the date of an annual meeting or special meeting, apply in writing to the town clerk for a recount of the ballots given in at said meeting on any question, affecting said town only, legally appearing on the official Australian or nonpartisan ballot used at said meeting, said clerk shall appoint a time and place for the recount not earlier than 5 days nor later than 10 days after the receipt of said application. ***The clerk shall give reasonable notice of the recount to the first-named voter who applied for a recount on a question and a representative of other known interested parties, at least 3 days prior to the day appointed for the recount of ballots. Notice of the time and place of the recount shall be posted in 2 public places at least 24 hours prior to the recount.*** The applicants for such recount shall pay to the town clerk, for the use of the town, a fee of $10.

AMENDED ANALYSIS

This bill requires notice to voters requesting a recount on certain local questions and public posting of notice of the time and place of the recount.

Rep. Bates spoke against.

Rep. Gray spoke in favor.

Rep. Bates moved Recommit, spoke in favor and yielded to questions.

Rep. Hoelzel spoke against.

On a division vote, 157 members having voted in the affirmative and 193 in the negative, the motion failed.

Committee amendment adopted.
Committee report adopted and ordered to third reading.

HB 101, relative to prescription refills. **INEXPEDIENT TO LEGISLATE.**
Rep. Lucy M. Weber for Health, Human Services and Elderly Affairs. This bill would remove schedule III topical androgens from the list of prescriptions that may not be refilled with more than a 34-day supply. The purpose of the bill was to allow purchase of the medications in 90-day quantities, to achieve savings on the deductible paid for the refill. Topical androgens are male hormone replacements applied to the skin. The committee was concerned about the safety of increasing the amounts of a drug that can cause harm to women and children if they come in contact with it. A second concern was the confusion created by micro managing the treatment of individual drugs within the current categories of controlled drugs. Vote 14-0.
Rep. Dan McGuire spoke against and yielded to questions.
Rep. Beaudoin spoke against.
Rep. Kotowski spoke in favor.
Rep. Rideout requested a roll call; sufficiently seconded.

and the committee report was adopted.

CACR 8, relating to the nomination and appointment of officers. Providing that judicial officers shall be confirmed by the legislature. **INEXPEDIENT TO LEGISLATE.**

Rep. David Woodbury for Judiciary. This CACR seeks to increase the participation of the legislative branch in the selection of judicial officers. Presently, judicial officers are nominated by the governor and confirmed by the council. Although well intentioned, this bill presents the specter of dueling nominations between governor and council. It subjects confirmations to the increased partisanship of house and senate and present the problem of dealing with a confirmation occurring while the house and senate are not in session. The present system has worked well over the years and does not require modification. Vote 13-2.

Rep. Woodbury spoke in favor.

Rep. Hoell spoke against and requested a roll call; sufficiently seconded.

and the committee report was adopted.

HB 246, relative to jury nullification. **INEXPEDIENT TO LEGISLATE.**
Rep. Paul S. Berch for Judiciary. This bill would allow a judge to potentially be impeached for maladministration if she or he instructs a jury, according to law, of its right to judge the facts and the application of the facts to the law, as approved by the New Hampshire Supreme court in the Wentworth case. This bill does not seek to change the law relating to the powers and rights of a jury; it seeks to punish judges who conform their ruling to that required by law, as decided by the New Hampshire Supreme Court. Inasmuch as the committee was informed that trial judges give the "Wentworth instruction" to all criminal cases, the committee, by a 14-1 vote, agreed that to punish judges for doing so would be inappropriate and unwise. Vote 14-1.
Reps. Hoell and Sylvia spoke against.
Rep. Berch spoke in favor and yielded to questions.
Rep. Burt requested a roll call; sufficiently seconded.

and the committee report was adopted.

HB 338, relative to nomination of candidates for United States senator. **INEXPEDIENT TO LEGISLATE.**

Rep. Jack B. Flanagan for Legislative Administration. The committee felt the current process of nominating and electing a US Senator is the appropriate way to select the candidate for office. This bill attempted to nominate the candidates via the New Hampshire House of Representatives and there were concerns that every individual in the state wouldn't have the ability to run for office. Vote 9-0.

Rep. Dan McGuire spoke against.

Rep. Flanagan spoke in favor.

Rep. Leeman requested a roll call; sufficiently seconded.

and the committee report was adopted.

HR 6, recognizing February 26, 2015, as the 23rd anniversary of the Khojaly Tragedy in Azerbaijan. **INEXPEDIENT TO LEGISLATE.**
Rep. Lucy M. Weber for Legislative Administration. Committee members recognize the horrors of genocide and the tragedy that occurred on February 25 and 26, 1992. That is why, in 2014, we passed a bill now codified as RSA 4:13-t, which recognized the month of April as New Hampshire Genocide Awareness Month. The goal of that bill was to ensure ongoing awareness of and education about genocide, both historically and in the present. Committee members believe that is the best way to address this most important and difficult of issues, rather than addressing the subject in separate resolutions. Vote 8-0.

LAID ON THE TABLE

Rep. Hinch moved that **HR 6,** recognizing February 26, 2015, as the 23rd anniversary of the Khojaly Tragedy in Azerbaijan, be laid on the table.
Motion adopted.

BILLS REMOVED FROM THE CONSENT CALENDAR CONT'D

HR 8, commemorating the 50th anniversary of the Social Security Act of 1965. **INEXPEDIENT TO LEGISLATE.**
Rep. Jack B. Flanagan for Legislative Administration. This bill commemorates the Social Security Act of 1965. The majority felt that there was no need to celebrate various Federal Acts in the state legislature. Although this act made changes in the dispensing of medical care, it wasn't to be recognized by this resolution. Vote 9-0.
Reps. Horrigan and Emerson spoke against.
Rep. Russell Ober spoke in favor.
On a division vote, 255 members having voted in the affirmative and 71 in the negative, the committee report was adopted.

HB 145, allowing municipalities to dedicate a percentage of timber yield taxes to the conservation fund. **INEXPEDIENT TO LEGISLATE.**
Rep. David A. Bickford for Municipal and County Government. The committee felt the timber yield tax should continue to be deposited into the general fund. There are already two funding mechanisms designed to fund the conservation fund. One is by designating the Current Use Penalty funds into the conservation fund and the other is by appropriations through the Conservation Commission account where any unspent funds is allocated to the conservation fund rather than lapsing like other accounts at the end of the fiscal year. The committee felt funds going through the general fund is subject to better controls and transparency. The governing body is already able to introduce annual warrant articles to direct a portion of the timber taxes to the conservation fund. Vote 16-2.
Rep. Porter corrected the committee report.
Committee report adopted.

HOUSE RESOLUTION 12

A RESOLUTION affirming revenue estimates for fiscal years 2015, 2016, and 2017.

Whereas, the House Ways and Means Committee has considered what the unrestricted revenue estimates should be for fiscal years 2015, 2016, 2017 and has presented those estimates to the House of Representatives; now, therefore, be it

Resolved by the House of Representatives:

That the House wishes to go on record as affirming the following revenue estimates for fiscal years 2015, 2016, and 2017.

Committee estimates are based on current law and economic conditions. Committee estimates will be updated in March, April, May and June to reflect current conditions and economic forecasts.

GEN'L & EDUCATION TRUST FUND: (Dollars in Millions)	FY 2015 Official Estimate	FY 2015 Committee Estimate	FY 2016 Committee Estimate	FY 2017 Committee Estimate

Statewide Property Tax	363.600	363.400	363.100	363.100
Medicaid Recoveries	5.400	5.400	9.800	10.400
TOTAL GEN'L & EDUCATION TRUST FUNDS	$2,219.800	$2,210.775	$2,240.375	$2,261.700

*Insurance tax estimates do not include potential revenue associated with the implementation of step 2 of the New Hampshire Medicaid Care Management Program.

HIGHWAY FUNDS: (Dollars in Millions)	FY 2015 Official Estimate	FY 2015 Committee Estimate	FY 2016 Committee Estimate	FY 2017 Committee Estimate
Road Toll	$122.000	$121.800	$121.200	$120.600
Motor Vehicle Fees	109.900	110.000	106.300	112.900
Miscellaneous	15.000	15.000	1.300	0.900
TOTAL HIGHWAY FUNDS	$246.900	$246.800	$228.800	$234.400

FISH AND GAME FUNDS: (Dollars in Millions)	FY 2015 Official Estimate	FY 2015 Committee Estimate	FY 2016 Committee Estimate	FY 2017 Committee Estimate
Fish & Game Licenses	$8.500	$8.500	$8.500	$8.500
Fines & Miscellaneous	1.600	2.500	1.800	1.800
TOTAL FISH & GAME FUNDS	$10.100	$11.000	$10.300	$10.300

Reps. Major and Almy moved Ought to Pass and spoke in favor.
Motion adopted.

LAID ON THE TABLE

Rep. Major moved that **HR 12,** affirming revenue estimates for fiscal years 2015, 2016, and 2017, be laid on the table.
Motion adopted.

RESOLUTION

Rep. Flanagan offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, February 12, 2015 at 1:00 p.m.
Motion adopted.

LATE SESSION

Third reading and final passage

HB 118, relative to vehicular assault.
HB 162, transferring authority for explosives and fireworks rules from the director of state police to the commissioner of safety.
HB 217-FN, relative to fees for reinstatement of licenses, registrations, and certifications established by the pharmacy board.
HB 333, establishing a process for review and reporting of dedicated funds.
HB 190, establishing a statutory commission to study the standards for collaborative pharmacy practice.
HB 219-FN, relative to the use of electronic benefit transfer (EBT) cards.
HB 107, relative to the retention of municipal trust fund bank statements.
HB 155, relative to municipal contracts for police chief.
HB 166-L, relative to records storage by municipalities.
HB 275, relative to the encroachment of a town cemetery on state-owned land.
HB 201, relative to the acquisition of property rights at Back Lake dam in the town of Pittsburg, Lake Armington dam in the town of Piermont, Cass Pond dam in the town of Epsom, and Chesham Pond dam in the town of Harrisville by the department of environmental services.
HB 254, relative to exceptions to restrictions on boating.
HB 259, relative to the reporting date of the economic development strategy and plan.
HB 281, defining "exotic aquatic species of wildlife" and relative to the duties of the exotic aquatic weeds and species committee.
HB 130, relative to the use of blue lights on emergency vehicles.
HB 178, relative to exclusions from seasonal highway weight limit regulations.
HB 119, establishing the John G. Winant Memorial Commission.
HB 330, establishing an oversight commission for medical cost transparency.
HB 147, relative to the homestead exemption amount.
HB 153, relative to the telecommunications planning and development advisory committee.
HB 362, relative to the reliability of the electric grid.
HB 133, relative to recounts on questions.

UNANIMOUS CONSENT

Reps. Alicea and Kris Roberts requested Unanimous Consent of the House in regards to celebrating Black History Month and addressed the House.
Rep. Itse requested Unanimous Consent of the House in regards to the form of government and addressed the House.
Rep. Frederick Rice requested Unanimous Consent of the House in regards to flag etiquette and addressed the House.

MOTION TO PRINT REMARKS

Rep. Shurtleff moved that the remarks made by Rep. Alicea and by Rep. Kris Roberts be printed in the Permanent Journal.
Motion adopted.

REMARKS

Rep. Alicea: Thank you, Mister Speaker. Mister Speaker, Honorable colleagues, State House staff, and guests in the Gallery, I have lived in New Hampshire for 46 years and as many of you have, I have witnessed our beloved state become more and more diverse. Though I would like to tell you my story, I will not take the Houses' time to do so. What I will share is that like everyone in this room, I would not be where I am today if it were not for people who fought and lost their lives to make things better for the next generation. I truly salute those persons that put their lives on the line, those persons whose shoulders I now proudly stand on. Differences bring us together, likenesses keep us together and the work that we do today will bring us forward to tomorrow. February is designated as Black History Month. Dr. Martin Luther King Jr's speech, "I have a Dream," gave many people of all faiths, races, ethnicities and cultures a voice of hope. I was one of those persons and that is why today I can comfortably stand in front of you and share that my hope is to advance the dream. I would like to take a moment and read a poem written by one of my favorite authors, Khalil Gibran, titled "The Prophet."

Your children are not your children.
They are the sons and daughters of Life's longing for itself.
They come through you but not from you,
and though they are with you yet they belong not to you.
You may give them your love but not your thoughts,
for they have their own thoughts.
You may house their bodies but not their souls,
for their souls dwell in the house of tomorrow,
which you cannot visit, not even in your dreams.
You may strive to be like them,
but seek not to make them like you.
For life goes not backward nor tarries with yesterday.
You are the bows from which your children
as living arrows are sent forth.
The archer sees the mark upon the path of the infinite,
and He bends you with His might
that His arrows may go swift and far.
Let your bending in the archer's hand be for gladness;
for even as He loves the arrow that flies,
so He loves also the bow that is stable.

The word diversity is a noun. It means variety, a point of difference and unlikeness. Again, I say that differences bring us together, as likeness keeps us together. The work that we do here today will bring us forward to tomorrow. I would ask you to honor our future generations and advance the dream. It doesn't take much. Ask yourself at the end of the day, did I very eagerly respect or service an individual today or yesterday? Thank you.

REMARKS

Rep. Kris Roberts: Thank you, Mister Speaker. Sometimes my voice goes out, so please bear with me. In 1718, New Hampshire barred all Negroes and Indians from serving in the militia. With the passage of the New Hampshire Militia Law in 1776, that exclusion was expanded to include mulattoes. It wasn't until 1777 that Negroes were allowed to serve. However, they had to be slaves substituting for white militiamen. Any slave accepted into a New Hampshire regiment was purchased by the state of New Hampshire and was granted his freedom. In 1775, the Massachusetts Committee of Safety stated that "all such as are Freemen" could join the army assembling near Boston but that "no slaves be admitted whatsoever." As the colonial forces assembled outside Boston, dozens of free men from New England colonies, with their fellow white colonist prepared to risk their lives in the impending battle of Bunker Hill. The New Hampshire Militia Law did not prevent Jude Hall, a free man from Exeter, New Hampshire from risking his life at Bunker Hill. Jude Hall, with other free black men, willingly risked their lives fighting for the same freedoms and rights that took almost 200 years for their descendants to enjoy. I wonder how many New Hampshire free men and women were lost to history because they had been barred by law from proudly serving under the colors of New Hampshire. On a cold rainy night back in 1842, pro-slavery Senator Moses Norris, Jr., on his way home came across a hungry black man who had been refused shelter in a nearby hotel, sitting on a gravestone in Pittsfield, New Hampshire. Despite his views on slavery, Senator Norris took him to his home so the black man could be fed and have a place to spend the night. Upon entering his home, the black man was greeted with distain by Mrs. Norris and was repeatedly called the N-word by the children. This pro-slavery senator, for some reason known only to him, may have changed the course of American history. This black man, a former slave, a son of a white man and a black slave, was to visit New Hampshire twice more, to include speaking at the 1,000 seat Portsmouth Lyceum. "I once knew a little colored boy, whose mother and father died when he was but six years old. He was a slave and had no one to care for him. He slept on a dirt floor in a hotel, and in cold weather, would crawl into a meal bag head foremost, and leave his feet in the ashes to keep them warm. Often he would roast an ear of corn and eat it to satisfy his hunger, and many times, he had crawled under the barn or stable and secured eggs, which he would roast in the fire and eat. That boy did not wear pantaloons, as you do, but a tow-linen shirt. Schools were unknown to him, and he learned to spell from an old Webster spelling book, and to read and write from posters on cellar

and barn doors, while boys and men would help him. He would then preach and speak, and soon became well known. He became a presidential elector, United States marshal, United States recorder, United States diplomat and accumulated some wealth. He wore broadcloth, and didn't have to divide crumbs with the dogs under the table. That boy was Frederick Douglass. What was possible for me is possible for you. Don't think because you are colored you can't accomplish anything. Strive earnestly to add to your knowledge. So long as you remain in ignorance, so long will you fail to command the respect of your fellow men." For the people who question the need for black history month, today we first acknowledge, we acknowledge not only the mistakes made by this General Court and people of New Hampshire, but also acknowledge the actions taken by the people of New Hampshire to rectify those mistakes. But, even more important as a fatherless, mixed race child living on welfare with a mother having a 9th grade education and six younger siblings, I needed heroes who looked like me. When he said these words, "What was possible for me is possible for you. Don't think because you are colored you can't accomplish anything. Strive earnestly to add to your knowledge." I had my hero and my life was forever changed. Just like Senator Norris, one single act can possibly change the course of a life, and possibly the course of American history. Jude Hall and Frederick Douglass may have been black heroes, but they were New Hampshire and American heroes. That is why we have Black History month, not just for African-Americans, but for all Americans. Thank you.

RECESS MOTION

Rep. Shurtleff moved that the House stand in recess for the purposes of the introduction of bills and receiving Senate messages.
Motion adopted.

The House recessed at 4:10 p.m.

RECESS

(Speaker Jasper in the Chair)

Rep. Chandler moved that the House adjourn.
Motion adopted.

HOUSE JOURNAL No. 6

Thursday, February 12, 2015

The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Paul C. Smith, Clerk of the New Hampshire House of Representatives.
Most Holy and glorious Lord God, You have told us that whenever there are two or three gathered together in Thy name, Thou will be in the midst of them and bless them. In Thy name, we have gathered today to hear the Governor's budget address. Grant that the address be brief, but powerful. Grant that the members take heed of her words. Grant that Your actions guide us all in our daily work. In Your name we pray. Amen.

Representative David Luneau, member from Hopkinton, led the Pledge of Allegiance.

The National Anthem was sung by Christine Charman, wife of Rep. Fothergill.

LEAVES OF ABSENCE

Reps. Ronald Belanger, Booras, Darrow, Gould, Gladys Johnsen, McClarren, Milz, O'Hearne, Parkhurst, Kris Roberts, Russell, Sanders and Sterling, the day, illness.
Reps. Avellani, Berrien, Chirichiello, Andrew Christie, Converse, Crawford, Flanders, Friel, Gagne, Gargasz, Haefner, Hatch, Hennessey, Hess, Higgins, Hodgdon, Kellogg, Ley, Mangipudi, Martin, McBeath, McLean, Nigrello, Nordgren, Michael O'Brien, O'Neil, Oligny, Pierce, Piper, Proulx, Frederick Rice, Rideout, Carol Roberts, Sad, Seaworth, Silva, Simpson, Gregory Smith, Steven Smith, Suzanne Smith, Sytek, Takesian, True, Alan Turcotte, Vose, Robert Walsh, Thomas Walsh, Weber, Welch and White, the day, important business.
Rep. Marjorie Smith, the day, illness in the family.
Rep. Frazer, the day, death in the family.

INTRODUCTION OF GUESTS

Leadership New Hampshire participants, guest of the Speaker.

RESOLUTION

Reps. Flanagan and Shurtleff moved that the House notify the Honorable Senate that it is ready to meet in Joint Convention for the purpose of hearing the Budget Address by her Excellency, Governor Margaret Wood Hassan.
Motion adopted.

SENATE MESSAGE

The Senate is ready to meet with the Honorable House of Representatives in Joint Convention for the purpose of hearing the budget address by her Excellency, the Governor Margaret Wood Hassan.

INTRODUCTION OF SENATE

The Acting Sergeant-at-Arms introduced the Honorable Senate and Senate President, Chuck Morse of Salem.

JOINT CONVENTION

(Speaker Jasper presiding)

The Acting Sergeant-at-Arms introduced the following special guests: Administrative Judge of the Circuit Court, the Honorable Edwin W. Kelly. Associate Justices of the New Hampshire Supreme Court, the Honorable James P. Bassett, the Honorable Robert J. Lynn and the Honorable Carol Ann Conboy. Senior Associate Justice of the New Hampshire Supreme Court, the Honorable Gary E. Hicks. Chief Justice of the New Hampshire Supreme Court, the Honorable Linda Stewart Dalianis. Executive Councilor for District 2, the Honorable Colin Van Ostern. Executive Councilor for District 4, the Honorable Christopher C. Pappas.

The Acting Sergeant-at-Arms introduced the Governor, her Excellency, Margaret Wood Hassan.

BUDGET ADDRESS

Her Excellency, Governor Margaret Wood Hassan, addressed the Joint Convention.

Mr. Speaker, Mr. Senate President, Madam Chief Justice, Honorable members of the House, Senate and Executive Council, my fellow citizens. Today, I present to you a fiscally responsible, balanced budget - with no income or sales tax. This is a budget that helps expand opportunity for middle class families, supports job-creating businesses, encourages innovation, and aims to attract and retain more young people here in New Hampshire. It is a budget that continues re-thinking and re-shaping how state government works to make us more effective and efficient and to stretch our citizens' tax dollars as far as possible. It is a budget that is honest about how we will use our limited resources, beginning to move away from misleading budgeting gimmicks. And it is a budget that does not include a major new revenue source, while also recognizing that we cannot afford to further erode the revenue sources that we have. Our country's economy continues to strengthen – and in many respects, New Hampshire remains ahead of the curve. In December, our unemployment rate dropped to four percent, the seventh lowest in the country and the lowest in New England. Our median household income in 2013 was the highest in the nation, and our private sector has recovered all of the jobs lost in the recession. Once again, we were ranked the best state in the nation based on more than a dozen measures of quality of life. And another recent report ranked New Hampshire as the best state to live and the best state to earn a living. Despite the many encouraging signs that indicate that our economy is moving in the right direction, we know that we remain at the beginning of our work to ensure that all of our citizens are included in our shared success and prosperity. Today, we stand at a critical juncture. We lead the nation in many measures, and our economic potential is strong, but respected economists and public policy experts say there are warning signs ahead: our population is aging and in-migration is slowing. Our ability to address these trends as quickly as we might like is impeded by a number of challenges in recent years – the recession, tax law changes and resulting loss in revenue, and lawsuits that needed to be addressed in order for us to move forward. Given these challenges, this is a tight budget that reflects difficult choices. This is a common-sense budget that invests to stem troublesome demographic trends and build a brighter economic future with more opportunity to climb the ladder of success. A future where innovative businesses are creating more good jobs, where more of our young people are staying and thriving, and where young families and workers are once again choosing New Hampshire. This future will not simply happen by chance. Seizing New Hampshire's full economic potential will require bipartisan problem-solving, innovative thinking, and fiscally responsible, strategic investments in our shared priorities. Two years ago, we recognized these imperatives, coming together to pass the most bipartisan budget in more than a decade. It was a budget that strengthened the foundation of our innovation economy, investing in critical priorities for our middle class families, our businesses, and our young people – without a sales or an income tax. Our bipartisan budget restored funding for higher education, allowing us to freeze tuition at our university system, and lower it at our community colleges. It reinvigorated our commitment to economic development, and it made significant progress on the priorities that are critical for improving the health and well-being of our people and communities, helping maintain our status as one of the safest, healthiest and most livable states in the nation. In addition, through fiscally responsible, bipartisan efforts over the past two years we were able to restore our credit outlook to stable by ending costly lawsuits that threatened our state's finances and bond rating. As you know, we have also faced a number of budgetary challenges over the past two years, from paying for mandated but unspecified back-of-the-budget cuts, to additional appropriations approved by the legislature, to the rising number of children receiving traditional Medicaid coverage, to concerns about the failure of revenue from business taxes and the interest and dividends tax to meet plan. We have made tough decisions to confront these challenges head-on, and thanks to prudent management, combined with proposed legislation, we are in a position to finish Fiscal Year 2015 in the black. Last May, I issued a preventive and preemptive freeze on generally funded hiring, equipment, purchasing and out-of-state travel, and that freeze remains in effect today. I also issued an Executive Order last November reducing Executive Branch expenditures by 18 million dollars, and I worked with the Department of Health and Human Services to put in place a plan to keep that department's budget balanced in the face of new costs, new demands and across-the-board cuts required by the legislature. As you know, I also recommended a one-time tax amnesty program that would allow taxpayers who may have fallen behind to catch up with reduced penalties, helping them get out from under the weight of these debts. And I have

recommended another piece of legislation to make additional reductions and changes to ensure that we end Fiscal Year 2015 with a balanced budget. The good news is that, moving forward, our consensus revenue estimating panel projects that the economic recovery – combined with stronger revenues in some areas, such as the insurance premium tax thanks to health care expansion – means that we should end this year close to our original revenue plan despite the significant year-to-date shortfall in revenue from business taxes and the interest and dividends tax. As we take the responsible actions needed to close out this budget in balance and look toward the future, I hope that we can continue to build on our bipartisan progress of the last two years. The simple fiscal reality is that our progress won't be as fast as some of us would like, and we won't be able to do everything. But we can still overcome our challenges, together, if we recognize that the needs of families and businesses are changing, and that we too must adapt our approach to meet those needs. The young people and innovative businesses we hope to attract and keep here in New Hampshire appreciate our low-tax environment, which we must maintain. They are also looking for good schools, affordable higher education, modern transportation options, workforce opportunities, and safe, healthy communities, and they will not sacrifice these priorities that they care about... the priorities that will drive our economic growth for decades to come. We can no longer govern by lawsuit, waiting for the force of a court order to address the challenges facing our state, and we no longer need to simply be reactive to the economic crisis. Now that the crisis is over, we must commit to addressing things that we put off – with good reason – during the recession. We must be frugal – that is who we are as Granite Staters – but we should not be penny-wise and pound-foolish. While this budget is frugal, it keeps us moving forward. This budget reflects the priorities I hear from Granite Staters and businesses as I travel across the state. And as with every budget, it required difficult choices to ensure that we protect our shared priorities while living within our means and maintaining one of the lowest tax burdens in the nation. In preparing this budget, we cut more than one billion dollars from total agency budget requests and more than 500 million dollars from agency general fund requests over the biennium. We also begin to transition away from the budgeting gimmicks that have been used for far too long, misleading the public about what we can truly afford to do. This budget does not include back-of-the-budget cuts, a practice that requires department heads to cut programs and services that the legislature supposedly funded, and in this budget, we begin to decrease so-called "lapse" estimates. The "lapse" estimate started out as a recognition that agencies can't spend every penny in every line item of their budgets, and that there would naturally be some money leftover at the end of the year. Unfortunately, these lapse estimates have been inflated so much in recent years that they have become another unspecified budget cut. Both back-of-the-budget cuts and inflated lapses are practices that allow us to promise more than we can deliver, while hiding behind our state agencies as they make reductions. In my budget, I have been specific and transparent in what I have chosen to fund – and in what I recognize that we simply can't afford at this time. The legislature should do the same. In this budget, many state agencies are budgeted at or below their Fiscal Year 2015 budget appropriation. To hold the line on spending, this budget implements some of the recommendations of the Innovation Commission, including increasing flexibility for state managers, expanding our efforts to centralize key services, consolidating some function areas, and creating the position of a Chief Operating Officer. The Chief Operating Officer's sole job will be to work across state agencies to drive process and efficiency improvements. To help the Chief Operating Officer achieve that goal, we have also created an innovation fund, allowing agencies -- with the approval of Governor and Council -- to move forward with efficiency projects that can provide solid returns on investment. We also invested in greater centralization of basic services, adding two more purchasing agents to the Department of Administrative Services and a contract attorney to the Department of Justice, who will work with agencies to make sure that we are leveraging all of our buying power to get the best deal for taxpayers. And we are recommending clearer authority for the Department of Information Technology to set standards, particularly around cybersecurity. We are also combining, eliminating or reducing the frequency of dozens of reports that agencies are required to produce – few of which are read. The Department of Resources and Economic Development alone, for example, is required to produce 44 separate reports annually. With this budget, we are not only going to streamline the production of reports, we are also going to allow agencies to submit reports electronically. As the Innovation Commission noted, our state government structure has been fundamentally the same for 30 years – even as revenues, budgets and needs have changed. Our budget recognizes the need to begin

modernizing the structure of state government in order to improve efficiency and services for our citizens. We can no longer afford numerous one-, two- or three-person agencies. That's why this budget creates the Office of Professional Licensure, to provide staff and support to all of our professional boards, merging the Joint Board, the Health and Human Services boards, the Real Estate Commission, and several other small boards. The dedicated volunteers who serve on these important boards will continue their critical role of setting the rules for their professions and ensuring that those rules are followed, while the office and its director will oversee the administrative functions, including ensuring that more services of the boards are available online. This budget also merges the Racing and Charitable Gaming Commission into the Lottery Commission, allowing for greater efficiency, effectiveness and better enforcement. And in a similar step, it also moves the Highway Safety Agency into the Department of Safety six months into the first year of the biennium. Combined, these steps will help streamline state government and help provide even higher quality customer service for our people and our businesses. While we take steps to innovate and improve how state government operates, we know that we must continue making progress on what our families, young people and businesses need for success in the 21st century economy. What I hear more than anything else from our businesses, both big and small, is the need for an even stronger workforce pipeline. That's why this budget builds on the important steps we've taken to begin holding down the cost of higher education, increasing funding over the biennium by 13 million dollars at the university system and by six-and-a-half million dollars at our community colleges compared to Fiscal Year 2015. With this renewed commitment to our colleges and universities, we believe that the leadership of both systems should work as hard as possible to hold down the cost of tuition. In fact, the community college system has already indicated that with this increase, they will be able to lower in-state tuition again in 2016 and 2017. In the past year, we have begun a pilot program through the Bureau of Adult Education to help adults get any remedial education they need before they get to the community college system. This helps adult students save their Pell Grant allotment, and helps us make sure that we are using our higher education dollars as effectively as possible. We are expanding that pilot program to all of our community colleges by the end of the biennium. Investing in the future of young Granite Staters doesn't begin or end with higher education, and this budget takes steps to ensure that we are providing our students with a rigorous public education at every step of the way. We know that early childhood education, including full-day kindergarten, is a fundamental aspect of long-term success and that access to education during these critical years of learning shouldn't be determined by a parent's income. While the money isn't available to bring full-day kindergarten statewide all at once, we can take steps to move forward, including developing a better understanding of the capacity of each district to expand to full-day. This budget includes a study to evaluate the facility needs of local districts to make full-day kindergarten a reality. Adequate facilities are essential for students to learn, and this budget continues funding for the projects that we have already committed to, but unfortunately there are not sufficient funds to support new school building projects at this time. As we prepare our students for success in the 21st century, developing skills in the STEM fields of Science, Technology, Engineering and Math is more important than ever in today's global economy, helping lead to better paying and more stable careers. Earlier this year, our STEM Task Force issued its recommendations on how to better prepare our students in these critical fields, and this budget funds a new STEM specialist at the Department of Education to help our schools modernize STEM education. In addition, this budget will help encourage innovation by providing an additional 19 million dollars in charter school funding over the biennium to allow for growth in the charter school population and to allow for new charter schools. And to support students across the state, we are increasing the cap on adequacy distribution growth to local districts to 115 percent. In addition to a highly skilled workforce, we know that our businesses need a healthy workforce in order to grow and to thrive. Last year, we came together across party lines to pass a historic health care expansion plan. New Hampshire's business community, as well as our hospitals and health care providers, support this bipartisan plan because it reduces health care cost-shifting onto our families and businesses, strengthens the health of our workforce, and boosts our economy. Because of our expansion plan, nearly 34,000 hard-working Granite Staters now have the health and economic security that comes with quality, affordable health coverage. And next year, these individuals will move to private coverage through the state's health insurance marketplace, helping increase competition that will improve affordability and increase choices for all of New Hampshire citizens. Across the nation, more and more states are moving forward with

health care expansion, and states without it will see higher costs and find it harder to compete. This budget provides for the reauthorization of our expansion plan and includes the funds needed to cover New Hampshire's share in the next biennium, maintaining our commitment to our people and businesses, and to the future of our economy. Our budget also recognizes the savings we will see in the next two years from our work on health care expansion, including estimated reduced costs for uncompensated care and the ability to move people formerly served by several special programs to the marketplace or to the health protection program. And those savings don't even include the long-term savings that come from a more productive and healthier workforce. In addition, our budget also recognizes a significant increase in insurance premium tax revenue from the health protection program and the marketplace. Allowing expansion to sunset would result in reduced savings and reduced revenues. Allowing expansion to sunset would result in increased cost-shifting onto all of our people and businesses. And allowing expansion to sunset would cause significant harm to the health and financial security of the thousands of men and women receiving coverage. We must maintain our commitment to our bipartisan health care expansion plan. In order to continue strengthening our health care system and to maximize our health care dollars, this budget also moves forward with implementing the "so-called" Step 2 of Medicaid managed care. For me, for the individuals and for the families we serve, the most important thing is doing Step 2 right. Our driving force should be better services. That's why this budget includes stable rates and stable funding for both years of the biennium, ensuring that implementation is based only on a timeline and principles that work for recipients, families, providers, and all other stakeholders. And to further ensure that our most vulnerable have the services that they need, our budget proposal maintains funding for services for people who experience developmental disabilities, people with acquired brain disorder, those needing long-term care, and other 'waiver' services. It also funds what has historically been called the waitlist, but that term suggests that we don't have a moral and legal obligation to provide these services. We do – which is why we have renamed that budget line, now calling it transitional services, which will fund care for the estimated 600 people who will become eligible over the next two years. We must also continue our work to ensure that our veterans and their families, who have sacrificed bravely in defense of our freedoms, receive the full care and support that they deserve. This budget adds a Veterans Services Officer to the State Office of Veterans Services and it will allow us to open 25 additional beds at the State Veterans Home. In addition, our capital budget includes funding for an additional unit at the State Veterans Home that will be dedicated to care for veterans with Alzheimer's or other dementias. As we work to improve health care for all of our citizens, we must continue our efforts to address our strained mental health system, which remains a pressing challenge facing our families, health care providers, police officers, and communities across the state. This budget funds the new crisis unit at New Hampshire Hospital to help relieve overcrowded hospital emergency rooms. And by including the funds necessary to maintain our commitment to our landmark mental health settlement, this budget will help alleviate the strain on our state's mental health system and ensure that we are providing appropriate care at the right place and time, before the point of crisis. Substance misuse – which at times co-occurs with mental illness – also remains a serious public health and safety challenge facing our state. In 2014, we had more than 280 drug overdose deaths – an unprecedented number – with many of those caused by heroin or related drugs. To address the rising rate of heroin and opioid overdoses, we have worked to train our first responders in the safe and effective use of Narcan, an emergency treatment for someone who has overdosed. We recently announced rules to create a new license that would allow all trained police officers the option to carry and administer Narcan. While increasing the safe and effective use of Narcan will help us save lives, we know that we must also strengthen our prevention and treatment efforts. Our bipartisan health care expansion plan provides coverage for treatment for substance and alcohol abuse, and this budget adds funds in the second year of the biennium to extend the full substance use disorder benefit to traditional Medicaid. This budget further builds on our efforts to address the substance misuse challenge facing our state, tripling funding over the biennium to the Governor's Commission on Alcohol and Drug Abuse Prevention, Treatment, and Recovery. These steps together will help ensure that our state remains among the healthiest in the nation, while promoting a healthy, highly skilled workforce that is prepared for success in the innovation economy. And there are other basic requirements that must be met in order for our workers and businesses to thrive and grow, and to ensure that we are attracting and keeping the young people here who will drive our future economic growth. We know

that a modern, safe transportation infrastructure is critical to the success of our people and businesses. The bipartisan transportation funding plan that we passed last year is advancing critical road and bridge projects and helping to finish the long-overdue expansion of Interstate 93. But we still have work to do to ensure the full range of modern transportation options that our people and businesses need. The business community is calling on us to take action on commuter rail because it will improve access to the entire region and provide new transportation and housing opportunities that 21st century workers and families are looking for. Commuter rail will build on our many advantages and help set the stage for a new generation of economic growth by keeping more of our young people right here in the Granite State. That's why, as recommended by the Capital Corridor Rail Study, our capital budget includes four million dollars for the environmental and engineering assessment that this vital project requires to move forward. Finding consensus to make commuter rail a reality will require buy-in from local communities, the federal government and from Massachusetts, as well as robust public-private partnerships. I know that we can work together to move this project forward, and the environmental and engineering assessment is an important next step. We must also maintain a healthy and thriving port that can drive economic growth for years to come. Our capital budget provides funds to Pease for the Port Authority to secure additional federal dollars needed to expand the turning basin in the Piscataqua River, making it easier for larger ships to operate and bring their goods and services to our state. While improving our transportation infrastructure is crucial, it is just one of the ways that we can help promote economic development, and this budget takes other important steps to support growing businesses. We need to keep more of our young people here in New Hampshire, but we also need to once again encourage more young people from other states to choose New Hampshire. That's why this budget will allow the Department of Resources and Economic Development to develop a workforce recruitment strategy that will help serve our existing businesses and attract more job-creating companies to our state. We are also providing additional support for the Small Business Development Center, which helps small businesses get off the ground. And to build on the work of our Live Free and Start initiative, which is focused on making it easier for innovative businesses to start up and grow, this budget also adds two-hundred-and-fifty thousand dollars for education and acceleration programs at our business incubators – like Alpha Loft's Accelerate New Hampshire. These accelerator programs provide intense support, mentorship and investment to help participating companies grow faster and put them in a better position to seek additional long-term funding through angel investors and venture capitalists. This budget also recognizes that as our second largest industry, travel and tourism is integral to our economy, so it provides for an increase in travel and tourism promotion that will benefit workers and businesses across the state. Also understanding that local agriculture and our state's working landscape are critical to our economy, culture and way of life, this budget more than doubles agriculture promotion. We also know that workers at our growing businesses need access to affordable housing in the communities where they work, so our capital budget proposal includes two million dollars for the Housing Finance Authority, which will help create at least 100 and as many as 250 non-age-restricted new homes, with priority for veterans. Our families, workers and businesses also need us to continue to focus on building a more affordable energy future. As we are experiencing this winter, high energy costs remain a burden on our people and our businesses. In order to reduce costs, we need to increase the supply of natural gas and diversify our energy resources. As we consider debates about new transmission and new natural gas pipelines, we cannot do it in isolation or with the expectation that they will solve all of our problems. Any proposed project must deliver real benefits to our ratepayers, while also incorporating the views of local communities and protecting our natural resources. And a successful long-term strategy – as recommended by the hundreds of stakeholders who helped develop our state's energy plan – must include stepping up our energy efficiency efforts and supporting small home- and business-based renewable energy projects. The Regional Greenhouse Gas Initiative and the Renewable Energy Fund are critical to encouraging energy efficiency and diversification through our growing clean energy sector. This budget uses those funds to expand efficiency and renewable energy projects, which will help reduce costs for ratepayers, create jobs and decrease harmful emissions that lead to climate change. Our budget also seeks to maintain the natural, historic and cultural resources that make our state such a special place to live, work and visit by maintaining our commitment to the Land and Community Heritage Investment Program. And this budget provides important funding for municipalities, funding existing water treatment projects for communities and increasing meals and

rooms distributions by five million dollars in the second year of the biennium. Another crucial component of New Hampshire's high quality of life is the safety of our communities, and we should be proud that our state has long been recognized as one of the safest states in the nation. But improving public safety must always be an ongoing effort. We took an important step forward in our last budget by putting more troopers on the road, and this budget continues those efforts by providing for three additional troopers to keep our roads safe and two additional State Police detectives to help combat the opioid crisis. This budget also continues to fund our cold case unit, continues to fund drug task force teams and maintains the restoration of the Children in Need of Services program. But to truly address the public safety needs of our state, we must also renew our focus on the corrections system. In the last capital budget, we came together to finally fund the construction of a new women's prison, which is set to open in late 2016. The new women's prison will be an important step forward for the safety of our communities, and our capital budget allows us to complete the construction of this critical facility. But there are other challenges in our corrections system as well. For too long, we have required corrections workers to work mandatory overtime because of staff shortages, straining our corrections officers to their limits. Through enhanced recruiting efforts and a new program to re-certify probation and parole officers who have previously worked as corrections officers, the Department of Corrections has made progress in addressing its staffing challenges, and we must continue that progress. That's why this budget recognizes our responsibility to adequately fund the Department of Corrections, allowing the department to fill positions and staff the new women's prison. To fund the priorities that are essential to safe, healthy communities and a thriving economy, this budget relies on realistic, conservative revenue growth as recommended by the nonpartisan experts on the Consensus Revenue Estimating Panel. Indications are that the next two years will be strong years for the economy, but we maintain conservative revenue projections of 2.7 percent baseline revenue growth in the first year of the biennium and 1.9 percent in the second. We know that the business community needs a skilled and healthy workforce, a solid transportation infrastructure and lower energy costs. We know that our families are counting on safe communities, good schools and a high quality of life. And we know that young people want affordable higher education and modern transportation options. These are priorities that must be met if we want to overcome the trends that are holding our economy back, if we want to expand opportunity and build a more innovative economic future. And meeting these priorities will require a fiscally responsible approach that recognizes the importance of ensuring sufficient revenue to make strategic investments in strengthening our economy. Adjusted for inflation, the Fiscal Year 2016 general and education trust fund budget is at least 250 million dollars less than what Governor Benson and a Republican legislature spent in 2004. We face lost revenue from the Medicaid Enhancement Tax, as well as other lost revenues over the years, while fees have held steady even as costs have increased. We also continue to see significant shortfalls in year-to-date revenues from business taxes and the interest and dividends tax. Therefore, in order to invest in the priorities that are critical to our middle class families, young people and innovative businesses, this budget makes modest adjustments to ensure that we have the revenue needed to make strategic investments and help build a more innovative economic future. We know that our youth smoking rate is too high, and cigarette taxes have proven to be one of the most effective ways to prevent youth smoking. This budget raises the cigarette tax by 21 cents. That will still keep our cigarette tax below our surrounding states. It also provides tax parity for other related products, including smokeless tobacco, cigars and e-cigarettes. Another measure to ensure that we can invest in our shared priorities is to allow the operation of Keno and self-service lottery terminals in certain establishments, with licensing enforced by the Lottery Commission. Six of the ten most lucrative Keno locations in Massachusetts are located within five miles of the New Hampshire border. Allowing Keno and self-service lottery terminals would help bring that revenue back home to invest in our priorities. Representative Lynn Ober has sponsored Keno legislation in the House, which I hope will gain the support of the legislature. This budget also funds auditor positions at the Department of Revenue Administration that have been left vacant for far too long and closes off-shore tax loopholes. And in order to restore fairness in our tax system, this budget increases the safe harbor for the reasonable compensation deduction by 25,000 dollars to 100,000 dollars, while also restoring the requirement that existed until two years ago that filers should be able to show a reasonable basis for that deduction – just as with every other tax deduction. This measure will restore our business tax base to the original estimates for Fiscal Year 2015. In addition to our General Fund challenges, we are also

facing significant funding issues with the Highway Fund, which supports the important efforts to maintain and plow our roads and bridges and keep our roads safe. While last year's bipartisan transportation plan is making critical investments in capital improvements, we cannot ignore the day-to-day efforts that keep our highways and bridges open and safe for the commuters, visitors and businesses that drive our economic growth. For nearly the last decade, the Highway Fund has been operating on one-time revenues and reserves. Those sources have run dry. If we take no further action, we will be left with the untenable choice of leaving our roads unplowed, cutting state police, or leaving our local communities with little or no state aid. I know that nobody in this room wants to jeopardize those priorities, so this budget increases vehicle registration fees, ensuring that we can fully address the challenges facing the Highway Fund and keep our roads safe. At the same time, we must also change the way we fund another critical state agency, the Fish and Game Department, in order to ensure that it remains solvent and can continue providing services to protect our fish, wildlife and marine resources, as well as search and rescue and other important law enforcement responsibilities. The study commission to improve the sustainability of the Fish and Game Department – which included legislators from both parties – recommended authorizing the Fish and Game Commission to set license fees, and that authority is included in this budget, along with the first increase in the boat access fee since 1993. If we want to maintain the Fish and Game Department that Granite Staters and tourists rely on, we must make the difficult decisions now on how to fund it, and that's exactly what this budget does. The revenue changes included in this budget will not diminish New Hampshire's standing as having one of the lowest tax burdens in the nation, and my commitment to veto a sales or income tax remains firm. We have a small, responsive state government that reflects the fiscal responsibility that our people are known for and that they demand. But the people of New Hampshire are also known for their common sense and their desire to solve problems. They understand that we can't just wish for a new generation of innovative economic growth while refusing to make responsible strategic investments to make it a reality. This budget increases investment in only a few key areas, recognizing that there is more that we would like to do, but cannot given the revenue challenges that we face. It begins to move us away from governing by crisis and litigation, to stability. The work that state government does must be done efficiently, thoughtfully and frugally, and we must never forget how important it is to the lives of our people. I would like to thank our dedicated department heads and business managers who helped develop this budget plan and all of our hard-working state employees, who continue to serve our citizens well and do more with less despite ever-tightening budgets. Our hard-working state employees and the critical services that they provide have a positive impact on the lives of New Hampshire's citizens each and every day. During the blizzard on January 27, one of our DOT workers was approached by a gentleman who asked if he worked for the Department of Transportation. The worker replied yes, only to find that this man simply wanted to say, "thank you." The man explained that his wife has breast cancer and needs to make regular trips from the Lakes Region to Dartmouth Hitchcock for treatment, no matter the weather. He added that because of the tireless efforts of our state's DOT workers to keep our roads clear and safe, his wife has always been able to get to the hospital for treatment, even during the harshest days of New Hampshire's winter. This story is just one example of how the daily functions of state government help ensure that our people can do the things they that want and need to do in their lives – whether it is keeping our roads safe, maintaining and promoting recreational opportunities, responding to the needs of the business community, or any of the other countless examples of how a state must work for its people and businesses. We must never lose sight of the real difference that dedicated public servants and the services that they provide make in the lives of our citizens. We must also never lose sight of our responsibility to our people or of how investing in the foundation of our innovation economy will reap real economic benefits for years to come. What we have done in this budget is make the strategic investments that we can afford to help make New Hampshire more efficient, more competitive and more successful economically. There are additional investments that we may want to make – lifting the moratorium on new school building aid and increasing the R&D tax credit, for example – but the revenue isn't there to responsibly do those things in this budget. As we work to finalize this budget together, it will as always require difficult choices and shared sacrifices. And it will require finding new approaches and building on the ideas and perspectives of Democrats, Republicans and Independents to reach new solutions. Over the last two years, we have proven that by working across party lines we can make significant progress. By investing in a strong workforce,

the health and safety of our communities, economic development and innovation in state government, we will strengthen what makes our state special and ensure that all of our people can share in our high quality of life. The budget I present to you today is a fiscally responsible, balanced budget. I stand ready to work with any member of either party who is willing to bring constructive, long-term ideas to the table so we can continue investing in critical priorities. Together, we can expand middle class opportunity, support job-creating businesses, encourage innovation and keep our economy moving in the right direction. Together, New Hampshire will thrive. Thank you.

Rep. Flanagan and Sen. Bradley moved that the Joint Convention arise.
Motion adopted.
The Joint Convention adjourned.

HOUSE SESSION

The Speaker reconvened the House session.

RESOLUTION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time.
Motion adopted.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purposes of the introduction of bills and receiving Senate messages.
Motion adopted.

The House recessed at 2:20 p.m.

RECESS

(Speaker Jasper in the Chair)

REFERRAL DECLINED

Rep. Major, Chairman of the Committee on Ways and Means, under the provisions of House Rule 46 (f), declined the referral of **HB 344,** relative to membership on advisory boards for municipal economic development and revitalization districts and relative to the financing plan of such districts.

RECESS

(Speaker Jasper in the Chair)

Rep. Flanagan moved that the House adjourn.
Motion adopted.

HOUSE JOURNAL No. 7

Wednesday, February 18, 2015

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Doctor Dawn Berry, Pastor and teacher at Brookside Congregational Church in Manchester.
O God, the morning is cold and the snow is deep. Some of us have worried about the economic impact of plowing and salting and roofs collapsing, while others of us put on skis and snowshoes and start up snowmobiles contributing to New Hampshire's tourism economy. Still others go someplace warmer and wait until the snow is gone. We have such different perceptions of snow. Here, in the New Hampshire House, 398 have gathered to work with the snow outside, each with his or her own perspective they contribute because diversity of ideas stimulates collective creativity. Yet, we confess that difference can also create conflict and the hardening of positions where overcoming is prized more than common ground. So today, O God, stir creativity. Open us up to possibility. In Your way move this body toward a common goal and common ground. Remind us of the trust that has been placed in this body to serve justly and with a generosity of compassion for the most vulnerable in our state. And, may all that is deliberated upon, decided, and voted be pleasing to You. Amen.

Representative Eric Eastman, member from Nashua, led the Pledge of Allegiance.

The National Anthem was sung by Kayleigh MacFarland, a 7th grade student at Merrimack Middle School.

LEAVES OF ABSENCE

Reps. Carson, Guthrie, Heath, Gladys Johnsen, Lundgren, Harold (Chip) Rice, Kris Roberts and Russell, the day, illness.
Reps. Adams, Avellani, Beaudoin, Bridge, Rick Christie, Friel, Froburg, Goulette, Hansberry, Parison, Silva, Sykes, Tucker and Gerald Ward, the day, important business.
Rep. Massimilla, the day, illness in the family.

INTRODUCTION OF GUESTS

Claudette Moynihan, wife of Rep. Moynihan. Nancy and Anne Lachance, Lorraine Tessier, Jeff Rapson, Gary Trahan and Sis Dunn, wife, mother, mother-in-law and guests of Rep. Lachance. Russell Norris, guest of Rep. James Belanger. Chris and Jamie MacFarland, parents of the singer, guest of Rep. Notter.

CONSENT CALENDAR

Rep. Flanagan moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.
HB 676-FN-A, establishing a science, technology, engineering, and mathematics scholars program, removed by Rep. Kurk.
HB 670-FN, relative to the rights of conscience for medical professionals, removed by Rep. Groen.
HB 352, relative to violations of constitutional rights, removed by Rep. Marple.
HB 397, relative to the duties of public servants, removed by Rep. Marple.
Consent Calendar adopted.

HB 159, repealing the committee to study the laws relating to condominium and homeowners' associations. **INEXPEDIENT TO LEGISLATE.**
Rep. Kermit R. Williams for Commerce and Consumer Affairs. This bill would repeal the committee to study the laws relating to condominium and homeowners' associations. The members of the Committee felt that there is more work for that committee to do, and thought it should continue. There are 10 other bills related to condominiums currently under consideration, and work on homeowners' association law has not yet taken place. Vote 17-0.

HB 170, relative to the advisory committee on international trade. **OUGHT TO PASS.**
Rep. Pamela Z. Tucker for Commerce and Consumer Affairs. The purpose of the bill is to update the language in the advisory committee on international trade. The committee was established years

ago to promote international trade for New Hampshire. The committee membership had not been updated in over ten years and was lacking some needed additions and deletions. Language was added to include a broader spectrum, including representatives of New Hampshire's federal delegation; the duration of the appointments and language regarding meetings. Vote 19-0.

HB 587-FN, repealing the registration fee for sexual offenders and offenders against children. **INEXPEDIENT TO LEGISLATE.**
Rep. Dick Marston for Criminal Justice and Public Safety. The bill as introduced would have repealed the annual $50 registration fee. There is a provision in the law that would currently allow the fee to be waived if the offender was unable to afford it. The committee determined that repealing the fee would have resulted in virtually eliminating the registry, which would be a disservice to the citizens of NH. Vote 13-0.

HB 221-FN, relative to the granting of 4-year baccalaureate degrees by the community college system of New Hampshire. **INEXPEDIENT TO LEGISLATE.**
Rep. James L. Grenier for Education. This bill would allow community colleges to offer 4-year baccalaureate degrees. Presently, the NH Community College System works with the University System of New Hampshire to provide a transition from two-year degrees to four-year degrees. In one program, three years of instruction are at the community college level with the fourth year in the University System. Testimony from representatives of both the Community College System and the University System indicated their collaborative efforts are working well and this bill is not needed. It was pointed out that there is no statutory limitation regarding a community college offering a four-year degree. Vote 19-0.

HB 577-FN-A-L, establishing a children's savings account program. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Mary Stuart Gile for Education. This bill, as amended, proposes a commission to establish a NH children's Savings account program. The bill is a request of a committee established in 2014 to study the feasibility of funding a kindergarten to college/career program and universal college savings account. In addition to creating the commission, HB 577 proposes two pilots and originally included an appropriation request. The majority of the education committee supported the concept of a NH children's savings account program, but were concerned that the request for funds could be a problem. The amendment removes the section of HB 577 requesting an appropriation. Vote 18-2.

Amendment (0309h)
Amend the bill by deleting section 3 and renumbering the original section 4 to read as 3.

AMENDED ANALYSIS

This bill establishes the children's savings account program, including a commission and fund, for the purpose of establishing children's savings accounts for children attending public kindergarten.

This bill is a request of the committee to study the feasibility of funding a kindergarten to college/career ready program and a universal college savings account established in 2014, 122.
Referred to the Committee on Finance.

CACR 11, relating to voting at elections. Providing that the general court may authorize all voters to choose to vote by absentee ballot. **INEXPEDIENT TO LEGISLATE.**
Rep. Duane R. Brown for Election Law. Current law allows voting by absentee ballot for reasons of absence, religious observance and disability. This constitutional amendment would eliminate restrictions and allow all voters to vote by absentee ballot. The committee feels that this issue is best dealt with by other legislation that addresses RSA 657:1-657:10-b and not a constitutional amendment. Vote 16-0.

HB 179, relative to placement of political advertising. **INEXPEDIENT TO LEGISLATE.**
Rep. Kathleen F. Souza for Election Law. This bill would have allowed more political signage outside the polling places, specifically unattended signs currently not allowed. These signs would be allowed only on election day or the day prior. Although the bill called for removal by the Friday following the election, the committee felt that the likelihood was great that this bill would only add to the clutter and disposal problems some polling areas experience already. Another bill regarding political signage is currently before the committee. Vote 18-0.

HB 320, relative to removal of certain campaign materials at the polling place. **INEXPEDIENT TO LEGISLATE.**
Rep. William M. Gannon for Election Law. The committee believes that the bill gives too much discretion to the moderator in deciding what is vulgar, sexual or disturbing and would impinge on the constitutional privilege of free speech. The committee believes that the powers that this bill would grant a moderator would be overly broad and fail a court examination for vagueness. Vote 17-0.

HB 340, relative to appointing undeclared voters as inspectors of election. **INEXPEDIENT TO LEGISLATE.**
Rep. Joe Sweeney for Election Law. Current law requires inspectors of election to be appointed by the two political parties, which cast the largest number of votes for governor in the previous state general election. This bill would allow the appointment of undeclared voters as inspectors of election when a sufficient number of inspectors were not identified by the parties. After consideration of this bill and other bills addressing this issue, the committee has decided to support HB 140 and not this bill. Vote 18-0.

HB 355, relative to pre-election tests of ballot counting devices. **INEXPEDIENT TO LEGISLATE.**
Rep. Edith A. Hogan for Election Law. Current law requires ballot counting devices to be tested by the Wednesday immediately prior to the election. This bill would modify the law to require testing to be conducted two weeks prior to the election. The secretary of state makes every effort to get ballots to the cities and towns in a timely manner to provide time for election officials to conduct pre-election tests. Changing this requirement imposes an unnecessary constraint on the process. Therefore, the committee unanimously agreed that HB 355 should be Inexpedient to Legislate. Vote 18-0.

HB 493, relative to minimum voting booths for city or town elections. **OUGHT TO PASS.**
Rep. Rick G. Christie for Election Law. This bill amends RSA 658:9, VI (b(3) and establishes separate minimum voting booth requirements for city and town elections. This change would authorize one voting booth for every 200 voters on the checklist during city and town elections only, where voter turnout is historically much lower. Currently the requirements are, when voting for president not less than one booth for every 125 voters. When not voting for president it shall be one booth for every 125 voters. For all other elections including the state primary, it shall be one booth for every 150 voters on the checklist. After reviewing the information at the public hearing, the committee believes that reducing the requirement to one booth per 200 voters will not increase wait time for voters and expedite set-up and break down of polling places. Vote 16-0.

HB 502, relative to petitions for verification of checklists. **OUGHT TO PASS.**
Rep. Barbara J. Griffin for Election Law. This bill extends the time period for local officials and the ballot law commission to conduct verification of the checklist of the town or ward. The time period is extended from 5 weeks to 8 weeks. No other deadlines in the process are affected. Vote 16-0.

HB 503, relative to presidential primary ballots. **OUGHT TO PASS.**
Rep. William M. Gannon for Election Law. The committee believes that the great state of New Hampshire, the granite state, the state of "I paid for this microphone," the state of the "Comeback Kid," should be recognized for our historic role in the nation's presidential primary. This bill authorizes the secretary of state to print a heading on the presidential primary ballot commemorating the 100th anniversary of the first in the nation presidential primary. The rest of HB 503 requires candidate names to be listed on the presidential primary ballot using the same procedure as other New Hampshire ballots. Vote 16-0.

HB 529, relative to party conventions. **OUGHT TO PASS.**
Rep. Robert A. Luther for Election Law. Current law prohibits filling a vacancy in the office of delegate to a state party convention and requires that conventions be called between specified dates. The law does not allow the chair of the state committee to call the state party convention at his will. This bill will change both the ability to fill delegate vacancies and allow the state party chairman to call a convention without a date restriction. The committee believes that both changes are important to the functioning of political parties. Vote 16-0.

HB 545, relative to eligibility for office. **OUGHT TO PASS.**
Rep. James P. Gray for Election Law. The declaration of candidacy contained in RSA 655:17 lists several restrictions that would render a person ineligible to be a candidate for office. These restrictions include incompatible offices and being a federal employee. This bill would add a reference to the RSA 607-A:2 to identify that persons who have been convicted of a felony must have completed their sentence to be eligible for office. Vote 16-0.

HB 146, relative to the board of dental examiners. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Peter B. Schmidt for Executive Departments and Administration. This housekeeping bill, brought at the request of the board of dental examiners, codifies several changes already implemented in state government to provide greater efficiencies or to align the board with national standards, where the statute reflects previous arrangements now superseded. Vote 15-0.

Amendment (0062h)
Amend the bill by replacing sections 1 and 2 with the following:
1 Dentists; Applications for Licensure. Amend RSA 317-A:8, I to read as follows:
I. Applications for licensure shall be made to the board in writing and shall be accompanied by a fee established in rules adopted under RSA 541-A by the board and by satisfactory proof that the applicant is a graduate of a school that is recognized by the [~~American Dental Association Commission of Accreditation of Dental and Dental Auxiliary Educational Programs~~] ***Commission on Dental Accreditation (CODA)***. The applicant shall be of good professional character and 18 years of age or older.
2 Repeal. The following are repealed:
I. RSA 317-A:4, I(g), relative to request of director of dental health to serve as executive director.
II. RSA 317-A:36, relative to the location of the board office.

HB 364, relative to renewal fees administered by the office of professional licensing. **OUGHT TO PASS.**
Rep. Jeffrey S. Shackett for Executive Departments and Administration. This bill authorizes the office of professional licensing to establish a biennial license due June 30th for all boards and committees. This will expedite the licensing process and help the office of professional licensing move to an online renewal system, thus saving money and time for both the administration and licensees. Vote 15-0.

HB 468-FN, requiring a warrant to obtain electronic device location information. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Steven P. Beaudoin for Executive Departments and Administration. This legislation, as amended, is crafted to protect citizens from being tracked and/or located by government using electronic devices such as a cell phone or GPS locator without a warrant. Exceptions are made in cases of emergencies for situations involving imminent death or injury such as a 911 hang up call. In situations where a GPS locator is used by private companies, such as a rental car, the customer must be made aware of the device beforehand and the information gathered may only be shared with government by warrant. Concerns that this bill would prohibit the use of locators when dealing with circumstances involving parolees, patients with dementia, or cases where their use involves government or industry tracking of vehicle locations has been addressed in the amendment. Vote 11-1.

Amendment (0349h)
Amend the bill by replacing all after the enacting clause with the following:
1 New Chapter; Electronic Device Location Information. Amend RSA by inserting after chapter 644 the following new chapter:

CHAPTER 644-A
ELECTRONIC DEVICE LOCATION INFORMATION

644-A:1 Definitions. In this chapter:
I. "Electronic communication service" means a service that provides users the ability to send or receive wire or electronic communications.
II. "Electronic device" means a device that enables access to or use of an electronic communication service, remote computing service, or location information service, including without limitation a cellular telephone.

III. "Government entity" means a federal, state, or local agency, including but not limited to a law enforcement agency or any other investigative entity, department, division, bureau, board, or commission, or an individual acting or purporting to act for or on behalf of a federal, state, or local agency. "Government entity" shall not apply to a federal government agency to the extent that federal statute preempts such application.

IV. "Location information" means information concerning the location of an electronic device, including both the current location and any prior location of the device that, in whole or in part, is generated, derived from, or obtained by the operation of an electronic device.

V. "Location information service" means a global positioning service or other mapping or directional information service.

VI. "Owner" means the individual or person having the legal title, claim, or right to an electronic device.

VII. "Person" means a corporation, trust, estate, partnership, limited liability company, association, firm, or any other legal entity.

VIII. "Remote computing service" means computer storage or processing services provided by means of an electronic communication service.

IX. "User" means an individual, person, or government entity that uses an electronic device.

644-A:2 Warrant Required for Acquisition of Location Information.

I. Except as provided in this chapter, a government entity shall not obtain location information from an electronic device without a warrant issued by a judge based on probable cause and on a case-by-case basis.

II. No government entity shall place, locate, or install an electronic device on the person or property of another, or obtain location information from such an electronic device, without a warrant issued by a judge based on probable cause and on a case-by-case basis.

644-A:3 Exceptions to Warrant Requirement. A government entity may obtain the location information without a warrant:

I. To respond to a call for emergency services, including a request from an E-911 supervisor to an electronic communication service to determine the location of a cellular telephone when the supervisor informs the services that the information is required pursuant to an emergency involving actual or potential death, serious physical injury or major damage to property and the information is needed without delay. Such a request shall not create a cause of action against the E-911 system or employee or the electronic communication service or its employees;

II. With the informed consent of the owner or user of the electronic device concerned, except when the device is known or believed by the owner or user to be in the lawful possession of a third party known to the owner or user;

III. With the informed consent of the parent or foster parent of a minor who is the owner or user, or the legal guardian or next of kin of the owner or user, if the owner or user is believed to be deceased or reported missing and unable to be contacted;

IV. If the government entity reasonably believes that an emergency involving immediate danger of death or serious physical injury to a person requires the disclosure, without delay, of location information concerning a specific person and that a warrant cannot be obtained in time to prevent the identified danger, and the possessor of the location information, in good faith, believes that an emergency involving danger of death or serious physical injury to a person requires the disclosure without delay;

V. Pursuant to a legally-recognized exception to the warrant requirement;

VI. If the government entity is the owner of the electronic device and has issued it to an employee or it is attached to property owned by the government entity; or

VII. If an alcohol ignition interlock device has been installed in a motor vehicle in compliance with an order issued by a court or the commissioner of the department of safety.

644-A:4 Conditions of Use of Location Information. No individual or person shall, without consent, place, locate, or install an electronic device on the person or property of another and obtain location information from such electronic device. No such consent shall be required by the parent, foster parent, or legal guardian of a minor, or by the legal guardian for the subject of his or her guardianship, or for persons under house arrest or probation or parole supervision who are issued ankle bracelets.

644-A:5 Action Against a Corporation. This chapter shall not be construed to create a cause of action against a corporation or its officers, employees, or agents for providing location information to a government entity in accordance with the provisions of this chapter.

644-A:6 Penalties.

I. A government entity that purposely violates this chapter shall be guilty of a class B misdemeanor.

II. An individual or person who is injured as a result of a violation of this chapter may file a civil action against a government entity, individual, or person that fails to comply with the provisions of this chapter.

2 Effective Date. This act shall take effect July 1, 2015.

Referred to the Committee on Criminal Justice and Public Safety.

HB 645-FN, relative to the licensure and regulation of child day care agencies. **OUGHT TO PASS.**

Rep. Jacalyn L. Cilley for Executive Departments and Administration. This bill, Willa's Law, corrects an oversight in RSA 170-E:4, II, Child Day Care Agencies; License Required; Prohibition Against Child Endangerment. Currently the law prohibits endangering the health, safety or welfare of a child in the care of a licensed child day care agency or a facility exempted from licensure pursuant to RSA 170-E:3, I. However, the law makes no provision for an unlicensed child day care agency such as the one the committee heard about that should otherwise have been licensed but had allowed its license to lapse. This was, indeed, the case for a constituent of the prime sponsor of the bill whose daughter tragically died while in the care of an unlicensed child care agency. As a consequence of that facility having allowed its license to lapse, it could not be held to the same standards of negligent violation of a duty of care or protection that those with a license or those exempted from license are held. The bill also corrects for a similar oversight relative to insurance disclosures and sets penalties for operating without a license. The committee unanimously agreed this oversight should be rectified and recommends OTP on this bill. Vote 16-0.

Referred to the Committee on Criminal Justice and Public Safety.

HB 354, relative to the closing of clam, oyster, and other bivalve areas for restoration. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James A. Spillane for Fish and Game and Marine Resources. The committee addressed some issues with open-ended language with this amended bill. Capping the amount of acreage closed at any time to 50 acres and permitting the closure time to not more than five years. A required public hearing and language to limit interference with commercial or recreational use complete the bill by allowing restoration without impacting commerce or sportsmen. The committee worked hard at resolving all issues and with these charges it is a very solid bill. Vote 13-0.

Amendment (0368h)

Amend RSA 211:63-b as inserted by section 1 of the bill by replacing it with the following:

211:63-b Closing for Restoration. The executive director, after a public hearing, may order a closing of clam, oyster, and other bivalve areas for the purpose of restoration of the area, provided that the closure will not unduly interfere with existing or anticipated commercial or recreational activities. When such closing for restoration is ordered, the order shall be effective immediately without a waiting period and shall continue in effect for a period of not more than 5 years. No more than 50 acres shall be closed at any time.

AMENDED ANALYSIS

This bill allows the executive director of fish and game, after a hearing, to close a clam, oyster, or other bivalve area for the purpose of restoration of the area for a period of not more than 5 years.

Referred to the Committee on Finance.

HB 104, prohibiting placement at the Sununu Youth Services Center under the child protection act. **INEXPEDIENT TO LEGISLATE.**

Rep. Susan Emerson for Health, Human Services. This bill intended to prohibit placement at the Sununu Youth Services Center under the Child Protection Act. Upon review of the incident which stimulated the bill, it was determined that legislation is already in place to prevent such placement. Vote 15-0.

HB 188, allowing the department of health and human services to share certain Medicaid enhancement tax information with the Centers for Medicare and Medicaid Services. **INEXPEDIENT TO LEGISLATE.**

Rep. Thomas M. Sherman for Health, Human Services and Elderly Affairs. The committee found HB 188 unnecessary because the problem has been resolved by the settlement made between the department of

health and human services and the hospitals prior to the bill being heard in committee. The determination was made not to proceed with the bill, but rather to allow the settlement a chance to become effective. If the settlement does not prove to be effective, all parties have committed to revisit the issue. Vote 15-0.

HB 271, relative to possession and administration of an opioid antagonist for opioid-related overdoses. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John Fothergill for Health, Human Services and Elderly Affairs. This bill significantly increases the availability and the likelihood of life saving administration of Narcan. Opiod-related overdose is a well described public health problem that affects all segments of society. Having Narcan available can minimize the morbidity and mortality associated with such overdoses. The committee feels the benefits of having Narcan available far outweigh any risks. Vote 15-0.

Amendment (0112h)

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect upon its passage.

HB 671-FN-A, establishing a state mental health first aid program and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James R. MacKay for Health, Human Services and Elderly Affairs. This legislation recognizes the importance of training and application of mental health first aid. Mental health first aid deals with risk factors and warning signs of mental health issues; information on depression, anxiety, trauma, psychosis and substance use and serves to reduce the stigma of mental illness. It is an evidence based program. The goal is to assist individuals who are having emotional distress. The training is designed to help anyone who wants to learn to help those in need of assistance. This legislation also provides a $1 appropriation to provide a mechanism to accept grant money and donations. Vote 18-0.

Amendment (0354h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to mental health first aid training and making an appropriation therefor.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose.

I. The general court recognizes the emergence of mental health first aid and the increasing role it plays nationally in educating and empowering community leaders, health care education and safety officials, and others who may deal with mental health crises on the local level. New Hampshire has already established itself as a leader in this movement by holding the first statewide mental health first aid training program in 2014.

II. It is the intent of the general court to support and encourage mental health first aid training programs through state, county, and local public-private partnerships, using the curriculum and format prescribed by the National Council on Behavioral Health. Therefore, the general court hereby establishes a line item in the state budget to accept financial support for such programs.

2 State Operating Budget for the Fiscal Year Ending June 30, 2017. There is hereby established a line item in the state operating budget ending June 30, 2017 to accept grants, federal funds, and other financial support for the mental health first aid training programs described in section 1 of this act.

3 Appropriation; Mental Health First Aid Program. The sum of $1 for the biennium ending June 30, 2017 is hereby appropriated to the department of health and human services for the purposes of section 2 of this act. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

4 Effective Date. This act shall take effect July 1, 2015.

AMENDED ANALYSIS

This bill establishes a line item in the state budget for the purpose of accepting financial support for establishing mental health first aid training programs. The bill makes an appropriation for the purposes of the bill.

Referred to the Committee on Finance.

HB 687-FN-L, relative to eligibility for Medicaid. **INEXPEDIENT TO LEGISLATE.**

Rep. John Fothergill for Health, Human Services and Elderly Affairs. The bill requires the department to contract with a vendor to conduct data matches to verify eligibility for medical assistance.

Similar legislation was passed in 2012, HB 1658, and the expected savings did not materialize. New technology is available which makes the process more efficient and hiring a vendor to verify is an unnecessary expense. The committee vote was unanimous. Vote 15-0.

HB 398-FN, relative to the acceptance of documents notarized by a justice of the peace. **INEXPEDIENT TO LEGISLATE.**
Rep. Claire A. Rouillard for Judiciary. This bill seeks to establish a criminal penalty if a financial or other entity does not accept the signature of a justice of the peace without a seal. New Hampshire does not require a seal for justices of the peace as provided in New Hampshire RSA 455-A: 3. This committee unanimously believes the criminal penalty is unwarranted and unnecessary. Vote 15-0.

HB 509, relative to jury tampering by magistrates. **INEXPEDIENT TO LEGISLATE.**
Rep. David Woodbury for Judiciary. This bill seeks to prevent a judge from communication with a jury with the intent of imposing his or her will and influence on a juror's decision. The penalty for this conduct is un-appealable removal from office, loss of benefits and exclusion for ten (10) years from any public office. This bill, if enacted, would strip a judge of virtually all ability to conduct the trial or to instruct the jury. The penalty is truly draconian and would work real harm if enacted. Vote 17-0.

HR 7, directing the house of representatives to investigate whether grounds exist to impeach Judge Jacalyn Colburn for her decision in City of Nashua v. William M. Gardner, Secretary of State. **INEXPEDIENT TO LEGISLATE.**
Rep. Robert H. Rowe for Judiciary. This resolution is the first step in an impeachment action. It is a resolution directed to the House to approve, give funds and powers to the Judiciary Committee to investigate to action of superior court judge Jaclyn Colburn for her decision in the case of the City of Nashua v. William A. Gardner, our Secretary of State. The case involved a ballot issue in the Superior Court with the hearing occurring on September 23, 2014. The Judiciary Committee members voted that the resolution is inappropriate for two reasons. First, the matter is currently under appeal to the supreme court, and we should delay until the court rules on the lower court decision; was the lower court judge's decision correct or not? Second, impeachment is the most extreme of measures to be used for the removal of an office in New Hampshire government. Under Part II, Article 38 it can only be utilized for the most severe conduct of an officer, namely bribery, corruption, malpractice or maladministration. Nonetheless, this suit brings forth an election ballot matter that must be addressed before the November 2016 election. The secretary of state is charged with the preparation of ballots for the state and supplying the ballots to the communities expeditiously. Under normal circumstances, the secretary of state and his staff are under extreme pressure to print and distribute the ballots to the appropriate communities on time. The problem is that the timing between the primary and the general election is short. If there is a primary election dispute, the time is severely compressed. By federal law the ballots must be printed and in the hands of our overseas military citizens 45 days before the November election. Add to this, state law provides ten (10) days for a primary election to be contested. Then there is the time necessary for the recount. This may allow a day or less to print and distribute ballot. A lawsuit between the primary election and the November election can and will disrupt the election process. In this matter, the Superior court suit was heard on September 23, 2014. The Judiciary Committee urges that action be taken to insure adequate time is provided to meet ballot deadlines. One suggestion is that the judicial branch have one judge assigned for election matters such as is done with business disputes. Vote 17-0.

HR 9, to express support for the federal return of public lands to the western states, and to urge the United States Congress to engage in good faith communication and cooperation to coordinate the return of title to the western states. **INEXPEDIENT TO LEGISLATE.**
Rep. Jack B. Flanagan for Legislative Administration. While this resolution may have merit, the committee felt that the impacted states and the federal government should work out any detail dealing with this issue. Furthermore, the committee felt that the state of New Hampshire had no stand in the issue. Vote 8-0.

HB 235, relative to obstruction of traffic on certain highways. **INEXPEDIENT TO LEGISLATE.**
Rep. Ken S. Peterson for Municipal and County Government. This bill as proposed would require a motor vehicle driver that is impeding the normal reasonable movement of traffic on a 2-lane class II highway to pull the motor vehicle off the road when there were five or more vehicles immediately following the motor vehicle and let the following vehicles pass. This is a "feel good" proposal that

has numerous flaws in its attempt to regulate courtesy. What is normal reasonable movement of traffic? How would a driver count the vehicles behind if the first vehicle following was a truck of some size? How much driver inattention would occur when trying to count the vehicles behind? How would this law be enforced? If the driver is doing the speed limit and five cars still stack up behind, would there be a requirement to pull over? Although well intentioned, this bill, if enacted, besides being difficult (at best) to enforce would very likely be ignored by the same drivers who don't stop at a stop sign, don't stop for a red light, and don't yield at a yield sign. Vote 13-0.

HB 341, relative to eligibility in a municipality for the property tax for the disabled. **INEXPEDIENT TO LEGISLATE.**

Rep. Keith Ammon for Municipal and County Government. This enabling legislation would allow a town or city to require that an applicant for the disabled property tax exemption be a resident of the town or city for 5 years rather than a state resident for 5 years. A disabled person receiving the exemption in one town could move to another and have to start the five-year period all over again. As amended by amendment 2015-0128h it would grandfather anyone receiving this exemption in another community that was moving in but if the first community had no time limit and the disabled person had been receiving the exemption for three years, they would have a two-year waiting period to become eligible in the second community. The committee felt this may cause disabled people to lose an already earned benefit and to start "community shopping" to move. This legislation could be deemed to be discriminatory by a court of law. Vote 18-0.

HB 368, relative to third party review required by the planning board. **INEXPEDIENT TO LEGISLATE.**

Rep. Susan C. DeLemus for Municipal and County Government. This bill puts the planning board in a position to be the sole selector of professional engineers and does not allow the applicant to submit names for consideration. Although the intent is good, this may disenfranchise the applicant by not allowing them to use a perfectly acceptable alternative. Although the bill provides for an alternate method of selection, that has to be done by mutual agreement; which may not happen. The planning board could eliminate a professional engineering company just because they don't like them even though they are very qualified. Vote 17-0.

HB 464, establishing the fishing family protection act, prohibiting political subdivisions from interfering with commercial and recreational operations of fishing families. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David A. Bickford for Municipal and County Government. This bill offers commercial and recreational fishing operations some relief from local government zoning and nuisance ordinances, which may unreasonably curtail their operation. The committee felt fishing should be given similar consideration as agriculture and farming, especially in seacoast communities. The amendment simply clarified the term "fishing family" in the original bill by replacing that term with other language. Vote 17-0.

Amendment (0280h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing the traditional commercial and recreational fishing protection act, prohibiting political subdivisions from interfering with commercial and recreational operations.

Amend the bill by replacing sections 1 and 2 with the following:

1 Legislative Findings and Purpose. The general court finds that traditional commercial and recreational fishing conducted by fishers and fishing families are an important activity with historical significance to the state and the region. The continuation of these commercial and recreational fishing operations benefit the health and welfare of the state. The general court further finds that commercial and recreational fishing operations conducted in developing and urbanizing areas are potentially subject to curtailment as a result of local government zoning and nuisance ordinances which may unreasonably burden or force the closure of productive commercial and recreational fishing operations. In accordance with the purposes outlined in RSA 672:1, III-f, it is the purpose of this act to prevent the curtailment or abolishment of commercial and recreational fishing operations solely because the area in which they are located has changed in character or the operations are displeasing to neighboring residents.

2 New Subdivision; Traditional Commercial and Recreational Fishing Protection Act. Amend RSA 674 by inserting after section 66 the following new subdivision:

Traditional Commercial and Recreational Fishing Protection Act

674:67 Definition. In this subdivision:

I. "Commercial fishing operation" means any type of activity conducted on land, requiring the location or storage of commercial fishing equipment such as fishing vessels, fishing gear, docks, piers, loading areas, landing areas, and cold storage facilities, including any activity necessary to prepare finfish or shellfish for refrigeration, conducted by any person licensed to take, possess, land or transport, on the waters of New Hampshire, any marine specials by any method for the purpose of sale. Commercial fishing operation shall not include operations with the sole or primary function of processing seafood.

II. "Recreational fishing operation" means a party or charter boat that takes paying passengers for recreational fishing in coastal waters.

674:68 Protection of Commercial and Recreational Fishing Operations. No commercial or recreational fishing operation shall be declared a public or private nuisance solely because of a change in ownership or a change in the character of the property in or around the locality of the operation.

674:69 Local Ordinances Prohibited. No local legislative body shall adopt any ordinance that declares any commercial or recreational fishing operation to be a nuisance solely because it is a commercial or recreational fishing operation, or any zoning ordinance that unreasonably burdens or forces the closure of any commercial or recreational fishing operation or does not recognize fishing as a home occupation. Nothing in this subdivision shall prevent a local government from regulating commercial and recreational fishing operations, including by requiring the use of methods, structures, or appliances where such use will prevent, ameliorate, or remove conditions which create or may create a nuisance.

674:70 Construction of Subdivision. This subdivision shall not be construed to permit an existing commercial or recreational fishing operation to change to a larger operation with regard to emitting more noise or odor, where such change violates local ordinances or regulations or creates a nuisance.

AMENDED ANALYSIS

This bill establishes the commercial and recreational fishing protection act, which prohibits local governments from adopting ordinances declaring commercial or recreational fishing operations to be nuisances or which unreasonably burden or force the closure of such operations.

HB 572-FN-L, relative to taking land by eminent domain for high pressure gas pipelines and requiring payment of the land use change tax when land is taken by eminent domain to build energy infrastructure. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Benjamin L. Tilton for Municipal and County Government. This bill as amended in 2015-0323h was introduced to correct two problems specific to eminent domain and utilities. The first: high pressure gas pipeline was not specified in existing RSA 371:5-A. The second: the taking of property may trigger land use change tax on land under current use. This bill includes the high pressure gas pipeline language within RSA 371:5-A. This bill also prevents an additional tax burden to the original property owner caused by the party taking property by eminent domain. The committee agreed. Vote 15-1.

Amendment (0323h)

Amend the bill by replacing all after the enacting clause with the following:

1 Eminent Domain; Residential Owner Option. Amend RSA 371:5-a, I to read as follows:

I. When private real property which is used for residential purposes is proposed to be acquired in part for the construction of an above ground substation, ***high pressure gas pipeline,*** or transmission line, the owners of the residential property shall have the option to require the [~~utility~~] ***taker*** to condemn and take in fee the entire tract of land impacted by the proposed partial taking including all buildings and improvements thereon if all owners, excluding lien holders and mortgagees, of the private real property make such an election and provide the commission and the utility with written notice of their election within 30 days after receipt of the notice under RSA 371:4. If the utility acquires the entire tract of land with buildings and improvements thereon pursuant to this section or by agreement with the owners, the entire acquisition shall be deemed to be an acquisition for a public purpose and for use in the utility's business.

2 New Subparagraph; Land Use Change Tax. Amend RSA 79-A:7, IV by inserting after subparagraph (c) the following new subparagraph:

(d) Land is taken under eminent domain to build energy infrastructure which will result in revenue for the public utility. Notwithstanding subparagraph VI(a), the taker shall pay the land use change tax on all land that no longer qualifies for current use assessment.

3 Effective Date. This act shall take effect June 1, 2015.
Referred to the Committee on Ways and Means.

HB 639-FN-L, repealing the resident tax, relative to tax collection under RSA 80, and establishing a legislative commissioner to revise RSA 80 governing the collection and enforcement of taxes. **INEXPEDIENT TO LEGISLATE.**
Rep. Keith Ammon for Municipal and County Government. This bill would repeal sections in several RSAs (72, 73, 76, 80, 261) related to the "resident tax." It would also establish a legislative commission to revise RSA 80 concerning the collection and enforcement of taxes. The committee felt that the bill is at cross purposes with itself. For instance, if a commission is needed to revise RSA 80, why revise it before the commission has had a chance to deliberate and produce recommendations? Vote 16-0.

HB 329, relative to a construction project at the state veterans cemetery. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Franklin T. Tilton for Public Works and Highways. This bill allows the New Hampshire Veterans Cemetery Association, a private 501(c)(3)organization, which receives and manages donations to the New Hampshire Veterans Cemetery, to design and construct an addition to the Administration Building at the NH Veterans Cemetery. This will be a multi-purpose room that would not likely ever obtain funding from the Federal VA or the NH State Capital Budget. Because this is a private organization constructing and donating to the State, the amendment, carefully crafted by the Adjutant General, the bureau of public works, and the NH Veterans Cemetery Association, will ensure proper oversight of the project by the Capital Budget Overview committee and the bureau of public works. This is an example of the benefits realized through NH Veterans organizations and private contributors to make the New Hampshire Veterans Cemetery the best in the nation. Vote 17-0.

Amendment (0304h)

Amend the bill by replacing all after the enacting clause with the following:

1 Design and Construction of Addition at State Veterans Cemetery; Exemption. The New Hampshire State Veterans Cemetery Association, subject to the approval of the capital budget overview committee established in RSA 17-J, shall have the authority to design and construct an addition to the administration building at the state veterans cemetery.

2 Project Oversight. The New Hampshire State Veterans Cemetery Association shall utilize a licensed independent architect or professional engineer to oversee the design and construction of this addition. The architect or professional engineer shall be selected by mutual agreement by the department of administrative services, division of public works design and construction, and the New Hampshire State Veterans Cemetery Association. The department of administrative services, division of public works design and construction shall provide oversight of the design and construction of the building addition. The division of public works design and construction shall represent the adjutant general and the state in order to assure compliance of the plans and specifications for the project with accepted state standards for building design and construction. The building shall not be deemed completed until certified by the division of public works design and construction that the addition has been constructed in accordance with the above standards. The New Hampshire State Veterans Cemetery Association shall reimburse the division of public works design and construction for its design and construction oversight services at a cost not to exceed 4 percent of the project cost.

3 Exemptions. For the purposes of the planning and construction of this addition, the New Hampshire State Veterans Cemetery Association and the adjutant general shall be exempt from the requirements of RSA 9, RSA 14:30-a, VI, RSA 17-M, RSA 21-I:78-86, and RSA 110-B.

4 Effective Date. This act shall take effect upon its passage.
Referred to the Committee on Finance.

HB 384, establishing a committee to study the feasibility of privatizing the New Hampshire toll system. **INEXPEDIENT TO LEGISLATE.**
Rep. Gene G. Chandler for Public Works and Highways. The committee unanimously agreed that another study committee was not necessary since our toll road system is in excellent shape financially, and virtually all of the system's red listed bridges have been eliminated. Over 70% of the $120+ million in toll revenue is derived from out of state drivers. Some states that have tried privatization have had problems, and the risk reward ratio does not seem to be in the best interests of NH's turnpike system. Vote 16-0.

HB 274, relative to the sovereignty of the state. **INEXPEDIENT TO LEGISLATE.**
Rep. Eric R. Eastman for State-Federal Relations and Veterans Affairs. This bill would permit any (unspecified) state official to identify, indict and eject from office any other public servant for transgressions against the "state's sovereignty," as per Part I, Art. 7 of the New Hampshire Constitution. The argument in favor supports an established protocol to impose consequences if a public servant's performance runs afoul of their constitutional permissions, yet opponents raise concerns that there is no provision for redress or appeal on the part of the accused. Vote 11-1.

HB 260, relative to the definition of antique motor vehicle or motorcycle. **OUGHT TO PASS.**
Rep. Thomas C. Walsh for Transportation. This bill amends the definition of antique motor vehicle to include antique trucks, regardless of weight, so long as they are not used in commerce. They will be issued antique registrations and plates and follow the same guidelines as other antique vehicles. The department of safety also supports this change. Vote 17-0.

HB 357, relative to notice of change of name or address on a driver's license. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Alan Cohen for Transportation. This bill extends the time allowed for change of name or address on drivers' licenses to eliminate hardships associated with the current short window. The committee amendment is the result of working with DMV. Vote 19-0.

Amendment (0268h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to notice of change of name or address on a driver's license and on the registration of a vehicle.

Amend the bill by replacing all after the enacting clause with the following:

1 Notice of Change of Licensee's Name or Address. Amend RSA 263:9 to read as follows:

263:9 Notice of Change of Licensee's Name or Address. Whenever any person who has been duly licensed to drive a motor vehicle within this state shall change his legal name or his permanent residence he shall notify the director in writing of such change within [~~10~~] ***30*** days.

2 Notice of Change of Licensee's Name or Address. Amend RSA 261:55 to read as follows:

261:55 Change of Address or Name.

I. Whenever any person after making application for or obtaining the registration of a vehicle shall move from the address named in the application or shown on a registration certificate or certificate of title, such person shall within [~~10~~] ***30*** days thereafter notify the division in writing of his old and new address.

II. Whenever the name of any person who has made application for or obtained the registration of a vehicle is thereafter changed by marriage or otherwise, such person shall within [~~10~~] ***30*** days notify the division of such former and new name.

3 Effective Date. This act shall take effect January 1, 2016.

Referred to the Committee on Finance.

HB 395-FN, relative to electronic toll collection. **OUGHT TO PASS.**
Rep. Steven D. Smith for Transportation. This bill clarifies whom the responsible party is when tolls are owed, and a court order assigns exclusive use of a vehicle to a party other than the first named owner on the vehicle title or registration. Vote 13-0.

HB 414-FN, relative to idling by commuter rail locomotives. **INEXPEDIENT TO LEGISLATE.**
Rep. Michael B. O'Brien for Transportation. This bill was presented on behalf of a community that may have a future issue with commuter rail locomotives idling. Currently the situation does not exist and if in the future it does, local control may be the better option. The committee recommends ITL. Vote 17-0.

HB 319, establishing a committee to study effects of making changes to certain New Hampshire tax laws. **INEXPEDIENT TO LEGISLATE.**
Rep. Joseph R. Lachance for Ways and Means. This bill would establish a study committee to study the effects of making certain changes to New Hampshire taxes. HB 319 would also establish a tax credit for venture capital companies, reduces the rate of the business profits tax and the business enterprise tax by 100 basis points per year, provides for a sunset provision, and adopts a gross receipts tax. The committee heard testimony from the bill's sponsor regarding business taxes in New Hampshire. However, the sponsor stated this bill may not be the best way to achieve the intended goal and requested we ITL the bill. The committee agreed. Vote 19-0.

REGULAR CALENDAR

HB 230, relative to penalties for failure to timely discharge a mortgage. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Kenneth N. Gidge for the Majority of Commerce and Consumer Affairs. Current state law requires that when a mortgage is paid off, the lender, typically a bank, must discharge that mortgage within 60 days of final payment or is subject to a violation. This bill increases the fine to $2500 if the mortgagor fails to properly record the discharge at the registry of deeds. NH already allows a much longer discharge period than most states and all of our neighboring states have prescribed a fine for failing to discharge a mortgage. So there really is no reason for lenders to not discharge the mortgage. Property owners can experience a delayed or cancelled transaction when it is discovered that the lender failed to properly record the discharge. This is a real issue which is disrupting a segment of the housing industry and while some felt this bill did not go far enough, the bipartisan majority felt it was a reasonable first step. Vote 12-7.

Rep. Kermit R. Williams for the Minority of Commerce and Consumer Affairs. The minority agrees with the bill's authors that issues exist with the timely discharge of mortgages, but we believe that this bill does not provide a solution to those issues. The bill only increases the fine for a state law that is often not enforced, and provides no mechanism for more effective enforcement. The bill also provides no assistance for the timely discharge of other liens, such as mechanics' liens, which often go undischarged after they are paid. Passing this bill will send the wrong message to the public that the legislature has addressed this problem.

Majority committee report adopted and referred to the Committee on Criminal Justice and Public Safety.

HB 686-FN-A, establishing a single payer health care system and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE.**

Rep. Pamela Z. Tucker for Commerce and Consumer Affairs. This bill would turn New Hampshire into a single payer health care state, meaning that the state government would entirely control the health care of its citizens. The only other state to attempt this was Vermont, which balked implementing its plan after the $2.6 billion price tag required an 11.5% payroll tax on employers and up a 9.5% premium tax on citizens. If this bill were to pass, it would dramatically increase taxes on business and the public; make the state less competitive and would particularly impact seasonal employers that would experience huge cost increases, and ultimately would result in massive job losses. This bill has no mechanism for which to pay for the enormous cost of single payer. Other defects in the legislation include no provisions for New Hampshire residents to be covered for outpatient care in other states and a failure to address tort reform while not providing any form of recourse for malpractice. In fact, the bill will initiate a transition to a no fault system for medical liability. HB 686 would prohibit the sale of any other competing health insurance policies in New Hampshire, leaving the health care system to be run like the state liquor commission. The sponsors suggested this bill was necessary due to the failings of the Affordable Care Act, but this is not the right solution to fix the problems with ACA. Vote 12-7.

Reps. McNamara and Herbert spoke against.

Rep. Hannon spoke in favor.

Committee report adopted.

HB 585-FN-A, relative to fines for violation of alcoholic beverage laws. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Robert R. Cushing for the Majority of Criminal Justice and Public Safety. This bill, as amended, requires the proceeds of fines imposed by courts for violation of liquor laws to be deposited into the treasury of the county, city, or town that originated the prosecution, and requires approval of the legislative body (county convention, city council, town meeting) to spend the funds. This clarification of existing law concerning the use of fines for liquor law violations is necessary to assure that the funds are utilized in a manner that the legislative body approves of. HB 585 also extends the penalty assessment currently collected on criminal fines to include violations of liquor law, and, to help meet state costs mitigating some of the damage done by the abuse of liquor, allocates the 10% penalty assessment on liquor fines to be divided evenly for deposit in the existing victims assistance fund, special fund for domestic violence programs, and alcohol abuse prevention and treatment fund. Vote 11-2.

Rep. Ed Comeau for the Minority of Criminal Justice and Public Safety. The liquor commission has been tasked with the oversight and control of alcohol consumption and sale. To combat the negative social effects of alcohol abuse, it has also has the authority to assess penalties for violating laws governing alcoholic beverages. The liquor commission enforcement personnel receive training from the New Hampshire Police Standards and Training and the penalty assessments for violating the laws assist in funding enforcement. The system of alcohol control and assessment of penalties is designed to compensate the state for the expenses associated with alcohol use and abuse. The fines are imposed, collected and are transmitted to three funds; victim assistance fund; domestic violence programs; and alcohol abuse prevention and treatment fund. It is the minority opinion that since the commission has oversight and control over alcohol it may be inadvertently perpetuating the destructive aspects of alcohol use by using negative social behaviors to fund enforcement.

Majority Amendment (0305h)

Amend the bill by replacing section 4 with the following:

4 Fines. Amend RSA 179:61, I to read as follows:

I. All fines imposed by any court and collected for the violation of the provisions of this title shall be paid to the ***treasurer of the*** state, county, or town, the officials of which instituted the prosecution. ***None of the funds collected for violations shall be expended by a political subdivision without approval of the legislative body of the political subdivision.***

AMENDED ANALYSIS

This bill establishes a penalty assessment for violation of alcoholic beverage laws.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Burt requested a roll call; sufficiently seconded.

and the majority committee report was adopted and referred to the Committee on Ways and Means.

HB 215-FN, relative to school building aid grant payments. **OUGHT TO PASS WITH AMENDMENT.** Rep. John L. Balcom for Education. This bill lifts the school building fund moratorium and sets annual school building aid at $50 million until further changed. The bill as introduced proposed that SBA shall not "be less than" $50 million per fiscal year while the bill as amended reads shall "be established at" $50 million. Throughout the 6-year moratorium, the operating budget included only

funds to pay state obligated debt from previous years. Fifty percent of New Hampshire's schools are over 50 years in age of which a number of communities need state support in addressing needed renovation and construction projects. Vote 19-0.

Amendment (0218h)

Amend RSA 198:15-a, IV as inserted by section 1 of the bill by replacing it with the following:

IV. Beginning July 1, [~~2013~~] ***2015***, and every fiscal year thereafter, school building aid grants for construction or renovation projects approved by the department of education shall [~~not exceed~~] ***be established at*** $50,000,000 per fiscal year less any debt service payments owed in the fiscal year, unless otherwise provided by an act of the general court. School building aid grants shall be funded from appropriations in the state operating budget and no state bonds shall be authorized or issued for the purpose of funding such school building aid grants.

AMENDED ANALYSIS

This bill provides that beginning July 1, 2015, the amount of school building aid grants shall be $50,000,000 per fiscal year.

Committee amendment adopted.

Committee report adopted and referred to the Committee on Finance.

HB 537-FN-L, relative to the calculation of the school administrative unit budget. **INEXPEDIENT TO LEGISLATE.**

Rep. John L. Balcom for Education. The committee felt this bill changes the basis for calculating the budget for SAUs, but the bill, as introduced, will have an indeterminable fiscal input on expedition in FY 16 and beyond. Complications arise with assessing financial impact as some SAUs do not operate schools, or some school districts belong to multi-district SAUs. Vote 21-0.

Committee report adopted.

HB 562-FN-L, repealing the limitation on the total education grant distributed to a municipality in a fiscal year and reducing the stabilization grants to certain municipalities. **OUGHT TO PASS.**

Rep. James Verschueren for Education. Currently New Hampshire is not fully funding the cost of an adequate education in every community as required by the New Hampshire Supreme Court. In 2011, a cap was put in place that limits any increase in adequacy education funding relative to the prior fiscal year. As a result of the cap, to date 79 communities have been underfunded in excess of $79 million dollars. This bill is revenue neutral. It addresses the distribution of existing adequacy funds, which are sufficient to meet the requirements of the court order, by adjusting how stabilization grants are distributed. The bill also stops sending education funding to communities with no students. The bipartisan majority of the committee believes that as a matter of fairness and constitutional requirement, the cap must be eliminated so that every community is fully funded. Vote 14-6.

Rep. Emerson requested a roll call; not sufficiently seconded.

Committee report adopted and referred to the Committee on Finance.

HB 575-FN-A, establishing the position of school nurse coordinator in the department of education and making an appropriation therefor. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Glenn Cordelli for the Majority of Education. This bill would create a new position of nursing coordinator within the department of education. We heard testimony of services provided by the school nurses association and an informal network of school nurses. The majority believes that there are higher priorities than this new position. Vote 12-6.

Rep. June M. Frazer for the Minority of Education. The committee minority remains convinced that the need for a school nurse coordinator is imperative. In the five years that this position has not existed, it has become clear that there are problems not met that would have been met if the position had existed. Moreover, those members are concerned at the message we send to the schools and the young people of the state, if we do not even retain this bill for further study.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Rideout requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 635-FN, relative to aid to school districts for costs of special education. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Ralph G. Boehm for the Majority of Education. This bill proposes that special education aid to school districts be fully funded in accordance with the established formula. If fully funded in accordance with HB 635, the state's general fund expenditure and local revenues would increase by an indeterminable amount in FY 2016; however, based upon FY 15, the difference between full formula entitlement, less appropriation would be $7,400,859. For years FY 13 through FY 15, the state portion percentage has been 72%, 75% AND 74%. Vote 11-10.

Rep. Mary Stuart Gile for the Minority of Education. This bill removes the requirement that catastrophic special education funds be prorated among school districts entitled to such aid. The majority of the committee citing the past history of this legislation, voted Inexpedient to Legislate. The minority disagreed stating that the policy proposed in HB 635 made an important statement of support for children with catastrophic special needs, their families and communities.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Cloutier spoke against.

Rep. Cordelli spoke in favor.

Rep. Pamela Brown requested a roll call; not sufficiently seconded.

On a division vote, 220 members having voted in the affirmative and 140 in the negative, the majority committee report was adopted.

Rep. Berube did not vote and notified the Clerk that he wished to be recorded against.

HB 675-FN, relative to eligibility for in-state tuition rates at the university system of New Hampshire and the community college system of New Hampshire. **INEXPEDIENT TO LEGISLATE.**

Rep. Ralph G. Boehm for Education. This bill allows children of illegal residents to obtain in-state tuition at our state universities and colleges. It is the federal government's responsibility to handle immigration, thereby, we the state should not get involved. By allowing illegal aliens to have the same access to our universities as in-state residents is not fair to law-abiding residents. How many of our legal residents will be forced out of classes because their seat is taken by an illegal? Is it fair for the children of legal immigrants to this country to be pushed aside by immigrants that have come here illegally? Lastly, in the absence of credible information about the existence of a problem and the costs attendant to the proposed solution, it is not possible to responsibly access the value or good sense of HB 675. It is clear that HB 675 would impose certain structures on the USNH Board of Trustees broad authority to establish residence rule, an authority delegated by the General Court in RSA 187-A:16, XIX. Vote 11-7.

Committee report adopted.

HB 530-FN-A, authorizing a trial program for electronic voter check-in. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Edith A. Hogan for the Majority of Election Law. This bill would authorize a trial program for the use of an electronic database check-in process instead of a paper checklist on election day. Although this may provide for faster voter check-in, the committee had a number of concerns with this bill. We are concerned about data security, the inability to determine the cost of the trial program, the elimination of a paper trail and the potential for compromising the integrity of the election process. For these reasons, a majority of the committee agreed that HB 530 was Inexpedient to Legislate. Vote 12-4.
Rep. Adam R. Schroadter for the Minority of Election Law. HB 530 aims to explore processes that can modernize or increase the efficiency and case of processing the information of the checklist after the election. The minority felt the proposal could be studied further.
Majority committee report adopted.

HB 216-FN, relative to recovery of certain investigatory costs by regulatory boards and commissions. **OUGHT TO PASS.**
Rep. Peter B. Schmidt for Executive Departments and Administration. This bill corrects a current inequity in regulatory practices in New Hampshire. When investigations must be conducted to verify or disprove allegations of misconduct against licensed practitioners, there can be substantial costs involved in ascertaining the facts. Especially for smaller boards these can be quite difficult to afford, given the fact that NH boards are self-financed. HB 216 would allow these boards, in cases where misconduct is proven, to recover the actual investigatory costs that were incurred, up to a maximum of $10,000. Currently, these costs are being borne by the boards' other licensees, thus unfairly penalizing those to whom no fault attaches. Vote 15-0.
Committee report adopted and referred to the Committee on Finance.

HB 401-FN, requiring the use of cloud computing technology by state agencies. **INEXPEDIENT TO LEGISLATE.**
Rep. J.R. Hoell for Executive Departments and Administration. The bill attempted to get the state agencies to move "where appropriate" and "if feasible" to the use of cloud technology. During the public hearing, no one from the various information technology departments testified in favor of this bill. Members of the committee expressed during executive session that cloud computing is potentially a cost reduction for the state, but the drafting of the bill was insufficient to accomplish the stated objective. The majority thought that letting the free market drive the adoption of cloud based computing solutions was in the best interest of the state agencies. Vote 14-1.
Committee report adopted.

HB 457-FN-A, establishing a nurse practitioner position at the veterans' home and making an appropriation therefor. **WITHOUT RECOMMENDATION.**

LAID ON THE TABLE

Rep. Andrew Christie moved that **HB 457-FN-A,** establishing a nurse practitioner position at the veterans' home and making an appropriation therefore, be laid on the table.
Motion adopted.

REGULAR CALENDAR CONT'D

HB 674-FN, relative to the salaries of certain unclassified positions. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Peter B. Schmidt for Executive Departments and Administration. This bill codifies actions already approved by the joint committee on employee classification and amends current statutory language to reflect actual department staffing. As such, it is ministerial, rather than policy-making. Vote 12-3.

Amendment (0342h)

Amend the bill by replacing section 3 with the following:

3 Compensation of Certain State Officials. Amend RSA 94:1-a, I(b), salary grade GG by inserting the following positions:

GG	Department of information technology	director of technical support services
GG	Department of information technology	director of web support
GG	Insurance department	chief financial examiner
GG	Department of corrections	warden, New Hampshire correctional facility for women

Amend the bill by replacing section 10 with the following:

10 Salary of Financial Examinations Supervisor. Amend 2013, 205:2 to read as follows:

205:2 Salary of [~~Financial Examinations Supervisor~~] ***Insurance Department Position***. [~~The salary of the financial examinations supervisor established in section 1 of this act shall be determined after assessment and review of the appropriate temporary letter grade allocation in RSA 94:1-a, I(b) for the position which shall be conducted pursuant to RSA 94:1-d and RSA 14:14-c. Upon completion of this action and appointment of the financial examinations supervisor,~~] Position 41776 shall be abolished to allow for the transition of this classified position with its available appropriations into the unclassified position of [~~financial examinations supervisor~~] ***chief financial examiner***. Funding shall be transferred into expenditure class [~~014~~] ***011***, within accounting unit 02-24-24-240010-2520.

Committee amendment adopted.

Committee report adopted and referred to the Committee on Finance.

HB 682-FN, granting group II retirement system status to certain positions in the department of corrections. **INEXPEDIENT TO LEGISLATE.**

Rep. J.R. Hoell for Executive Departments and Administration. This bill sought to reclassify a large number of department of corrections support positions currently in retirement group I as group II positions. Concerns were expressed that this change was overly broad and that a more carefully crafted bill to cover just a subset of these positions would make more sense. The list positions included plumbers, electricians, warehouse personnel, administrators and clerks. While the text of RSA 100-A:1, VII(b) may imply that these positions meet the requirements of this section of statutes, the committee felt that this interpretation of that statute was overly broad. The committee thinks there may be merit in a future bill with a more limited scope or a separate bill that makes changes to RSA 100-A:1 to further clarify what positions should be included for group I & II. Vote 13-2.

Committee report adopted.

HB 261, relative to disbursements of school building aid grant payments. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Karen C. Umberger for the Majority of Finance. The current methodology for distribution of school building aid is to provide 80% of eligible grant upon approval of the application for school building aid and disburse the remaining balance upon completion of construction and verification of the final costs of construction by the department of education. HB 261 wanted to provide an option for the school district to opt for a 20-year disbursement. The primary reason for the 80% upon approval was to reduce the bond amount the community would be required to put before the voters. This reduction in bonding requirements would save local taxpayers money and the interest paid over the life of the bond. HB 261 does not provide the savings to the school districts as is currently provided in the RSAs. Vote 14-9.

Rep. Thomas L. Buco for the Minority of Finance. HB 261 would allow the department of education to disburse school building aid in equal installments over a period not to exceed 20 years. Currently the school building aid program is under a moratorium through June 30, 2015. The program is capped at $50 million per year. The FY 17 payments on previous obligations are $36 million leaving $14 million for new projects if the $50 million is appropriated. The department of education estimates there are 42 projects pending which would be eligible for school building aid. The school building aid program currently requires that any new appropriations be paid 80% in a lump sum but HB 261 would change that requirement to allow more projects to participate by receiving annual payments over 20 years.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Buco and Cahill spoke against.

Rep. Umberger spoke in favor and yielded to questions.

Rep. Hoell requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 663-FN, requiring the implementation of a plan for the transfer of the fish and game department to the department of safety on or before July 1, 2017. **INEXPEDIENT TO LEGISLATE.**
Rep. David H. Kidder for Fish and Game and Marine Resources. The committee felt that the bill, as written, was not what the sponsor represented that he wanted and so we felt that we had no choice but to ITL the bill. It was also felt that the concept of moving the Fish and Game Department to Safety has a number of real problems that would truly need a study committee to address before a bill like this is introduced. Vote 13-0.
Committee report adopted.

HB 616-FN, increasing eligibility of claimants under the victims' assistance fund. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Frank H. Heffron for Judiciary. The victims' assistance fund reimburses victims of crime for medical expenses, lost wages and other expenses caused by the crime. It is funded from many sources, not including the general funds of the state. This bill raises the maximum amount of reimbursement for a victim from $25,000 to $30,000; prohibits a debt collector from collecting a debt resulting from a crime-related expense until an award is made from the fund or determined to be non-compensable; and permits the attorney general to request additional funds from compensation of crime victims out of any money in the Treasury not otherwise appropriated. The committee concluded that all of these modifications are reasonable and necessary. Vote 15-1.

Amendment (0221h)

Amend the title of the bill by replacing it with the following:
AN ACT relative to compensation to claimants under the victims' assistance fund.
Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 New Paragraphs; Claimant Eligibility; Compensation. Amend RSA 21-M:8-h by inserting after paragraph IX the following new paragraphs:

X.(a) No debt collector that has received notice of a claim filed pursuant to this section shall collect a debt or attempt to collect a debt resulting from a crime-related expense against a claimant under this section until an award is made to the claimant or the claim is determined to be noncompensable. The statute of limitations for the collection of such debts shall be tolled during the period of this prohibition.

(b) Any debt collector who violates the provisions of this paragraph shall be liable to the claimant pursuant to the provisions of RSA 358-C:4.

(c) In this paragraph, "debt collector" shall have the same meaning as in RSA 358-C:1, VIII.

XI. With the approval of the fiscal committee of the general court and the governor and council, the attorney general may request additional funds to pay claims for compensation to victims pursuant to RSA 21-M:8-h, on the warrant of the governor, out of any money in the treasury not otherwise appropriated.

AMENDED ANALYSIS

This bill:

I. Increases maximum eligibility for compensation from the victims' assistance fund.

II. Prohibits a debt collector from collecting or attempting to collect a debt from a claimant resulting from a crime-related expense during the pendency of the claim.

III. Authorizes the attorney general to request additional funds as necessary to pay victims' compensation claims.

Committee amendment adopted.

Committee report adopted and referred to the Committee on Finance.

HB 677-FN, prohibiting the use of public funds for abortion services. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Charlene F. Takesian for the Majority of Judiciary. This bill seeks to prohibit the use of public funds for abortion services. The bill is not needed as the law already prohibits public funds to be used for those services. These clinics provide vital healthcare services for men and women including cancer screening, prevention and counseling on sexually transmitted diseases, annual exams, immunization, urinary tract infection treatment and contraceptive options. These services are provided to our most vulnerable citizens including low income, uninsured and newly insured. Vote 14-3.

Rep. Kurt F. Wuelper for the Minority of Judiciary. HB 677-FN seeks to prohibit the state from contracting with any organization that provides or encourages abortion. The minority believes public funds going to these organizations indirectly supports abortions violating the conscience rights of taxpayers.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Souza and Groen spoke against.

Rep. Wuelper spoke against and yielded to questions.

Reps. Phillips and Takesian spoke in favor.

Rep. Gagne requested a roll call; sufficiently seconded.

SULLIVAN

Laware, Thomas Rollins, Skip

and the majority committee report was adopted.

HJR 1-FN, making restitution to Jeffrey Frost for inappropriate prosecution. **INEXPEDIENT TO LEGISLATE.**

Rep. James R. MacKay for Legislative Administration. This house joint resolution evolved from a petition heard by the house committee on redress of grievances heard during the 2012 legislative session. This proposed legislation involves a complex legal situation that is presently being litigated in the New Hampshire court system. Jeffrey Frost decided to appeal the decision on his case to the New Hampshire supreme court. The committee agrees that this is an appropriate course of action. At this point, oral arguments before the Supreme Court have not been scheduled. Therefore, no final decision on this matter has been made. The committee agrees that legislative interaction that would appropriate $176,448.50 for prior court cost is unacceptable. Vote 8-0.

Committee report adopted.

HB 125-FN-L, relative to county audits and competitive bidding for county services. **INEXPEDIENT TO LEGISLATE.**

Rep. Lawrence M. Kappler for Municipal and County Government. The Municipal and County Government committee found that HB 125 is unnecessary, may have an undeterminable impact on counties, and voted to recommend ITL. Vote 10-7.

Rep. Cordelli spoke against.

Rep. Kappler spoke in favor.

On a division vote, 303 members having voted in the affirmative and 56 in the negative, the committee report was adopted.

HB 189, relative to authorization of payments by the treasurer from the Rockingham county delegation budget. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Keith Ammon for the Majority of Municipal and County Government. The county treasurer has to pay bills but needs the authority to do so. This bill would transfer that authority away from the county commissioners to a "designated" county delegation official, but only for Rockingham County. This effectively removes the ability for County Commissioners to pay bills even if they were already budgeted and/or authorized by the delegation. The majority felt that bills setting up special rules to address internal power struggles for one county are disfavored. The committee felt this stipulation belongs in delegation rules or in specific county RSAs and should not be in general RSAs if deemed warranted. Vote 10-8.

Rep. Lawrence M. Kappler for the Minority of Municipal and County Government. There was a misrepresentation of the county RSA's. It was stated, in committee, that naming a county within the law was an exceptional thing to do. The reality is truly quite different. In the RSA chapters 22 thru 30, there are 21 different references to specific counties. These references are not just for Rockingham and Hillsborough counties either. There are eight different counties having specific references: Rockingham has five; Belknap, Strafford, and Hillsborough have three each; Merrimack, Grafton and Cheshire have two exceptions; and Carroll has one. The state's two largest counties, Rockingham and Hillsborough have over half of the state's population and the majority of the state representatives. Rockingham alone has 90 representatives. These two counties are organized a little differently because of their size. And, it was in recognition of the fact that we filed this very needed legislation. We, the Rockingham county delegation really need this bill passed. The minority humbly asks for your support in overturning the committee's recommendation of ITL, so we can move Ought to Pass.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Weyler spoke against and yielded to questions.

Rep. Sterling spoke in favor.

Rep. Kappler requested a roll call; sufficiently seconded.

Rep. Kappler withdrew his request for a roll call.

On a division vote, 191 members having voted in the affirmative and 168 in the negative, the majority committee report was adopted.

HB 205-L, relative to lending practices of energy efficiency and clean energy districts. **INEXPEDIENT TO LEGISLATE.**

Rep. Clyde J. Carson for Municipal and County Government. This bill would remove the eligibility of private business to take advantage of the energy efficiency and clean energy district law, also known as PACE. PACE has been part of state law for a few years, and is just beginning to have an impact on local efforts to control energy costs. This bill, if it were to be enacted would be a major set back to these efforts. The PACE program for businesses is based on financing renewable energy and energy conservation projects by private lenders for terms longer than conventional loans, and is designed to provide a positive cash payback from day 1. The loan for the project is repaid with the energy savings resulting from the project through a voluntary lien on the building, which is attached to the building, not the building owner or tenants. In this way, if the building is sold, the new owner assumes the debt to the private lender, as well as the energy measures. The municipality, where the building is located, acts as a conduit, collecting the loan repayments via the property tax bill and it receives an administrative fee for this role. The majority of the committee found that HB 205 was based on wrong assumptions about constitutionality of the PACE legislation, namely, that the municipality would guarantee the loan to the business. It was brought out during testimony that this was not the case, and the role of the municipality was solely to collect the loan payment and forward it to the lender. The committee was assured that only private investment would be used in this program – no municipal bonds, no ratepayer funds, no taxpayer dollars. The bill's author seemed to agree that the role of the municipality did not violate the constitution. Also, a NH constitutional expert from UNH Law School testified that nothing in the current RSA was in violation of the NH Constitution. Vote 12-4.

Rep. James Belanger moved Recommit.

Motion adopted.

Recommitted to the Committee on Municipal and County Government.

HB 407, prohibiting the state and political subdivisions from acquiring military-equipped vehicles or equipment which are not readily available in an open national commercial market. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. James P. Belanger for the Majority of Municipal and County Government. This bill has generated a lot of positive interest as many feel that the availability and purchase of military type equipment and firearms has incentivized the militarization of local police precincts and helped municipal governments build what are essentially small armies. Many on the committee sympathized with this notion and most of the phone calls received by committee members supported the bill with some exceptions. There were so many exceptions mentioned and the testimony at two sessions of hearings brought out the myriad of areas where this bill produced unintended consequences; too many to make this bill work even with amendments, as there was not enough time and expertise available to effect workable amendments. This bill cries out for a study committee, not retention, not amendments, but a full study of the subject matter using input from experts in the field. Statements like; "no state agency or political subdivision of this state shall acquire, purchase, or otherwise accept for use any military-equipped vehicle or military grade hardware, including but not limited to armored personnel carriers," and "any military-equipped vehicle or military grade hardware acquired in violation hereof shall be forfeited." were too far reaching and affected fire departments, state police special units and others. The majority of the committee saw no other option but to ITL. Vote 8-5.

Rep. Susan C. DeLemus for the Minority of Municipal and County Government. This bi-partisan legislation would prohibit the continued acquisition of military grade hardware by the various police forces in the state. Over the last 10 years, the state has received almost $6,000,000 worth of just department of defense surplus grade hardware, including but not limited to: firearms (handguns and rifles), grenade launchers, vehicles and night vision goggles. While there is potentially good reason to take advantage of excess federal equipment being given away, the concern for the safety of the citizens needs to be taken into account. After the fall out in Ferguson, MO, the distribution of used military grade hardware became a concern for citizens across the spectrum. The bill limits the ban to certain forms of hardware, the kind typically found on the battlefield. For example, a .308 semi-automatic rifle could be given to the police force, where as a full-auto rifle would be prohibited under the language in the bill. Furthermore as experienced in several towns, some citizens were against the acquisition of some of these pieces of equipment, but the town councils have chosen

to proceed with the grant application anyway. The bill allows for a local control override on the prohibition provided the citizens vote for the acquisition. Additionally an amendment was submitted that would have expressly allowed the distribution of medical supplies. It is time to ask ourselves; with this extra equipment are the citizens safer? Is allowing the purchase or receipt of this military assault style equipment going to strain our already burdened budgets? We have already received over 400 military grade rifles; the question is how many more do we need to feel safe?

MOTION TO SPECIAL ORDER

Rep. Flanagan moved that **HB 407,** prohibiting the state and political subdivisions from acquiring military-equipped vehicles or equipment which are not readily available in an open national commercial market, be made a Special Order to the end of today's Regular Calendar.
Motion adopted.

REFERRAL DECLINED

Rep. Kurk, Chairman of the Committee on Finance, under the provisions of House Rule 46 (f), declined the referral of **HB 616-FN,** increasing eligibility of claimants under the victims' assistance fund.

The House recessed at 12:10 p.m.

RECESS

The House reconvened at 1:15 p.m.

(Speaker Jasper in the Chair)

REGULAR CALENDAR CONT'D

HB 591-FN-A-L, relative to the road toll rate and eliminating a capital appropriation for highway projects. **INEXPEDIENT TO LEGISLATE.**
Rep. Mark E. McConkey for Public Works and Highways. The sponsor's position was that revenue raised by road toll in 2014 (18 cents) was sufficient to maintain our transportation system, if spent properly. In 2014, the road toll was adjusted for the first time in 22 years by 4.2 cents and increased revenue by millions of dollars. Over 33 million dollars in 2015 for state and municipal road/bridge repair, 25 million dollars for our worst roads, over 8 million dollars more for municipal bridge aid, increased municipal block grant road/bridge aid by 4 million dollars a year and funds the completion of I-93. After the increase in road toll was legislated, the department of transportation awarded contracts for new work and many of those projects have begun. If repealed, there would be financial consequences and there is no source of funds to make up for that shortfall. The I-93 completion would be halted and monies intended to bolster state and municipal road/bridge repair, municipal bridge aid, municipal block grant and bridge aid would be curtailed. Vote 18-0.
Rep. Seidel spoke against and yielded to questions.
Reps. McConkey and Cloutier spoke in favor.
Rep. Spillane spoke against and requested a roll call; sufficiently seconded.

and the committee report was adopted.

HB 208-FN, repealing the New Hampshire regional greenhouse gas initiative program. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.** Rep. Michael Vose for the Majority of Science, Technology and Energy. This bill originally proposed to repeal the regional greenhouse gas initiative (RGGI) program. Such repeal, while attractive on several levels, is not practical: New Hampshire ratepayers would pay the same price for wholesale electricity while losing $15-$18 million in RGGI auction proceeds. These proceeds are expected to increase to $40 million by 2020. The amended bill simply increases the amount rebated to ratepayers from 80% to 100%, less administrative costs. This amended bill would thus slow the increase in electricity costs. It would protect residential and business ratepayers while leaving in place a structure that will make it easier for NH to comply with future EPA carbon emission regulations. Vote 12-8.

Rep. William S. Baber for the Minority of Science, Technology and Energy. The minority concurs with the many citizens, doctors, businesses, retail merchants, health and conservation organizations, the Department of Environmental Services and the Public Utilities Commission that spoke out in opposition to this bill. If enacted, this bill as amended will raise the cost of electricity to ratepayers, eliminate tax reducing energy efficiency subsidies to cities and towns, negatively impact over 1,000 energy efficiency jobs, increase our dependence on imported fuel, export more state dollars and jobs, and increase our health cost by decreasing our air quality. It also would rob funding from programs reducing energy costs to low income residents that reduce the dilemma of choosing between fuel and food. All this in exchange, according to the PUC, for a mere 16 cents per month savings to the average ratepayer. RGGI provides incentives for electric generators to reduce carbon emissions and provides funding for energy efficiency projects. These efficiency projects have two multipliers: recipients will invest some of their own funds in energy efficiency measures to receive an incentive; implemented efficiency projects return around $4 dollars for every $1 invested. As an example of effectiveness of these incentives, the PUC lifetime estimated energy savings for participating NH municipalities for 2014 projects alone will approach 67,000,000 KWH of electricity that will no longer need to be paid out of local property taxes. Cumulative RGGI energy efficiency investments benefit every state ratepayer by decreasing total demand. This avoids purchasing power at the highest offered price and reduces the need to build new generating plants. RGGI has been in place throughout our recovery from the great recession. Without RGGI, our energy consumption would have grown proportionally. With RGGI, ISO New England reports our energy consumption has actually decreased. And, there are the health impacts. The American Lung Association testified that by reducing air pollution, RGGI is preventing heart attacks, avoiding hospitalizations, and saving lives. Under current law RGGI is a hallmark example of an effective program that is providing substantial benefits to every citizen in New Hampshire. At a time of rapidly rising energy prices, passing a bill that will lead to increased demand is a big step in the wrong direction.

Majority Amendment (0139h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to allowance sales under the New Hampshire regional greenhouse gas initiative program.

Amend the bill by replacing all after the enacting clause with the following:

1 Energy Efficiency Fund and Use of Auction Proceeds. Amend RSA 125-0:23, II to read as follows:

II. All amounts in excess of the threshold price, ***minus administrative costs,*** of [~~$1~~] ***$0*** for any allowance sale shall be rebated to all retail electric ratepayers in the state on a per-kilowatt-hour basis, in a timely manner to be determined by the commission.

2 Repeal. The following are repealed:

I. RSA 125-O:23, III-V, relative to use of remaining proceeds received by the state from the sale of allowances.

II. RSA 374-F:6, V, relative to the duty of the oversight committee on electric utility restructuring to monitor core energy efficiency programs pursuant to RSA 125-O:23, III.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires all amounts from allowance sales under the New Hampshire regional greenhouse gas initiative program to be rebated to retail electric ratepayers in this state.

Reps. Kaen, Backus and Baber spoke against.

Reps. Vose, Vadney and Spillane spoke in favor.

Rep. Schleien requested a roll call; sufficiently seconded.

and the majority committee report was adopted and referred to the Committee on Finance.

HB 615-FN-A, relative to funding for state energy efficiency programs. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Michael Vose for the Majority of Science, Technology and Energy. This bill would codify current practices within several state departments with regard to operating procedures for implementing state government energy efficiency plans. The cost analysis provided for the bill indicated that costs could increase after a five-year period. Testimony indicated that the affected agencies were already using the operating procedures described. Vote 11-9.

Rep. Robert A. Backus for the Minority of Science, Technology and Energy. This bill would implement some of the recommendations of the 2014 state energy strategy by aligning some reporting dates and making the law consistent with current practices in regard to energy efficiency measures undertaken by state agencies. It would also allow state agencies to retain in their own accounts some of the savings achieved through energy efficiency projects. Although there was no opposing testimony, the bill failed to receive majority support due in part to a fiscal note that called for adding one-half time employee, even though the fiscal note stated that the bill would not require any new revenue because of the savings to be gained through energy efficiency measures.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Backus and Shepardson spoke against.

Reps. Vose and Vadney spoke in favor.

Rep. William O'Brien requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 273, relative to the rights of inhabitants and their political choice. **INEXPEDIENT TO LEGISLATE.** Rep. David C. Lundgren for State-Federal Relations and Veterans Affairs. This bill addresses the rights of inhabitants and their political choice. The bill discussion centered on corporate government and contracts. The committee deemed it Inexpedient to Legislate. Vote 8-5.
Committee report adopted.

HB 433, relative to the state guard. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Timothy J. Smith for the Majority of State-Federal Relations and Veterans Affairs. This bill makes unnecessary changes to various statutes relating to the state guard. The adjutant general testified in opposition to this bill, and saw no need for the changes it contains. Vote 8-5.

Rep. Alfred P. Baldasaro for the Minority of State-Federal and Veterans Affairs. The New Hampshire State Guard existed from 1913 to about 1953, with a primary purpose of guarding the prisoner of war camps in WWI and WWII. HB 433 amends the existing state guard statute, RSA 111, which was last amended in 1985, before the war on terror. It corrects a defect identified by the attorney general addressing liability issues for actions of the state guard. It further reorganizes the state guard so that it would normally operate on a volunteer basis and be fully self-supplied, including its administration, so that there will be no regular cost to the state. HB 433 also updates language in a related statute regarding the ability of the towns to seek the support of the state guard should it exist and clarifying that the state guard requested by towns would be subordinate to civilian emergency personnel. Finally, it removes the requirement that the National Guard been federal service for the state guard to exist: SOF Rule 1, "A competent force cannot be created after emergencies occur."

The question being adoption of the majority committee report of Inexpedient to Legislate.
Reps. Itse and Baldasaro spoke against.
Rep. Timothy Smith spoke in favor.
Rep. William O'Brien requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 241-FN, prohibiting driving while holding an animal in the driver's seat. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Michael B. O'Brien for the Majority of Transportation. The majority of the committee felt an animal in the lap of an operator is a distraction. This bill will name this a violation with a fine of $100 if convicted. The majority does not want to make common sense law but to look at each bill on its' own merit. In this case, the animal on the lap is the distraction that could lead to injury or death of the innocent. If we write state motor vehicle law to protect the public, then this bill furthers the goal of safety. Vote 10-8.

Rep. Chris A. True for the Minority of Transportation. The minority feels that this is a 'nanny state' bill. There are laws on the books that address distracted driving. This bill will have the government finding yet another action that people cannot do. It is a slippery slope when we allow government to legislate common sense.

LAID ON THE TABLE

Rep. Timothy Smith moved that **HB 241-FN,** prohibiting driving while holding an animal in the driver's seat, be laid on the table.

Rep. William O'Brien requested a roll call; sufficiently seconded.

and the motion was adopted.

REGULAR CALENDAR CONT'D

HB 387-FN, relative to motor vehicle inspections. **INEXPEDIENT TO LEGISLATE.**

Rep. Michael B. O'Brien for Transportation. This bill would allow biennial inspections and would raise the current fee per sticker from $3.25 to $6.50 to maintain renewal. The majority of the committee felt that our state has one of the worst driving climates, and this weather takes a severe toll on our vehicles. In a state where the average vehicle may be on the road for 10 years or more, current inspection policy works and no change is needed. Vote 19-1.

Reps. Spillane, Vose and Baldasaro spoke against.

Rep. Tamburello spoke against and yielded to questions.

Rep. Steven Smith spoke in favor.

Rep. Michael O'Brien spoke in favor, yielded to questions and requested a roll call; sufficiently seconded.

and the committee report was adopted.

Rep. Notter declared a conflict of interest and did not participate.

HB 258-FN-L, relative to fees for preparing motor vehicle registration documents. **OUGHT TO PASS.**
Rep. Mary R. Cooney for Ways and Means. The administrative costs to cities and towns of processing vehicle registrations have increased significantly over the three decades since the reimbursement amount to town clerks was set at one dollar. Manchester officials have estimated their actual costs to be greater than one dollar per registration. This bill, which has bipartisan support, raises this amount to two dollars with the result that the increased costs, which are now borne by the property tax payers, will justifiably be shifted to motor vehicle owners. Vote 13-5.
Committee report adopted and referred to the Committee on Finance.

HB 576-FN-A, repealing the provision allowing operators to retain 3 percent of meals and rooms taxes collected and continually appropriating 3 percent of meals and rooms tax revenues to school building aid. **INEXPEDIENT TO LEGISLATE.**
Rep. Patrick F. Abrami for Ways and Means. The intent of this bill is to repeal this provision in state statute that allows business operation to retain 3 percent of the meals and room tax, which is compensation for acting as agent of the state to collect this tax. This 3 percent would be redirected to a school building aid fund established by this bill. A bipartisan majority of the committee felt that the 3 percent compensation to the business operations is a fair amount for their effort, to collect and remit this tax in a timely fashion. It was also noted by the committee that many business operators also pay credit card fees of 3 percent of more. Vote 19-1.
Rep. Cahill spoke against.
Rep. Abrami spoke in favor.
Committee report adopted.
Rep. Schroadter declared a conflict of interest and did not participate.

HB 623-FN, providing property tax relief for taxpayers for the property tax year beginning April 1, 2016. **INEXPEDIENT TO LEGISLATE.**
Rep. Bill H. Ohm for Ways and Means. This well intended bill attempts to give local property tax relief by directing $100,000,000 of Tobacco Tax funds and $40,000,000 of Tobacco settlement funds to cities and towns. However, no replacement funding is identified. Vote 18-0.
Rep. Brewster spoke against.
Rep. Ohm spoke in favor.
Committee report adopted.

SPECIAL ORDER

HB 407, prohibiting the state and political subdivisions from acquiring military-equipped vehicles or equipment which are not readily available in an open national commercial market. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. James P. Belanger for the Majority of Municipal and County Government. This bill has generated a lot of positive interest as many feel that the availability and purchase of military type equipment and firearms has incentivized the militarization of local police precincts and helped municipal governments build what are essentially small armies. Many on the committee sympathized with this notion and most of the phone calls received by committee members supported the bill with some exceptions. There were so many exceptions mentioned and the testimony at two sessions of hearings brought out the myriad of areas where this bill produced unintended consequences; too many to make this bill work even with amendments, as there was not enough time and expertise available to effect workable amendments. This bill cries out for a study committee, not retention, not amendments, but a full study of the subject matter using input from experts in the field. Statements like; "no state agency or political subdivision of this state shall acquire, purchase, or otherwise accept for use any military-equipped vehicle or military grade hardware, including but not limited to armored personnel carriers," and "any military-equipped vehicle or military grade hardware acquired in violation hereof shall be forfeited." were too far reaching and affected fire departments, state police special units and others. The majority of the committee saw no other option but to ITL. Vote 8-5.
Rep. Susan C. DeLemus for the Minority of Municipal and County Government. This bi-partisan legislation would prohibit the continued acquisition of military grade hardware by the various police forces in the state. Over the last 10 years, the state has received almost $6,000,000 worth of just department of defense surplus grade hardware, including but not limited to: firearms (handguns and rifles), grenade launchers, vehicles and night vision goggles. While there is potentially good reason to take advantage of excess federal equipment being given away, the concern for the safety of the

citizens needs to be taken into account. After the fall out in Ferguson, MO, the distribution of used military grade hardware became a concern for citizens across the spectrum. The bill limits the ban to certain forms of hardware, the kind typically found on the battlefield. For example, a .308 semi-automatic rifle could be given to the police force, where as a full-auto rifle would be prohibited under the language in the bill. Furthermore as experienced in several towns, some citizens were against the acquisition of some of these pieces of equipment, but the town councils have chosen to proceed with the grant application anyway. The bill allows for a local control override on the prohibition provided the citizens vote for the acquisition. Additionally an amendment was submitted that would have expressly allowed the distribution of medical supplies. It is time to ask ourselves; with this extra equipment are the citizens safer? Is allowing the purchase or receipt of this military assault style equipment going to strain our already burdened budgets? We have already received over 400 military grade rifles; the question is how many more do we need to feel safe?

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. James Belanger spoke against.
Rep. Hoell requested a roll call; sufficiently seconded.

and the majority committee report failed.

Rep. Hannon voted Yea and intended to vote Nay.

Rep. Hoell moved the minority committee report of Ought to Pass and offered floor amendment (0472h).

Floor Amendment (0472h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the classifications of military vehicles and equipment that may be purchased by the state and its political subdivision.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study the classifications of military vehicles and equipment that may be purchased by the state and its political subdivisions.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Four members of the house of representatives, appointed by the speaker of the house of representatives.

(b) One member of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study:

I. The classifications of military vehicles and equipment and determine which classifications the state and its political subdivision should be prohibited from purchasing.

II. The various possible dispositions of vehicles and equipment currently owned by the state or its political subdivision that the committee would recommend prohibiting.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2016.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study classifications of military vehicles and equipment and make recommendations as to which classes the state and its political subdivisions should be prohibited from purchasing.

Rep. Hoell spoke in favor.

Floor amendment (0472h) adopted.

Minority committee report adopted and ordered to third reading.

CLERK'S NOTE

The Speaker waived the referral of **HB 407,** establishing a committee to study the classifications of military vehicles and equipment that may be purchased by the state and its political subdivision, to the Committee on Executive Departments and Administration.

BILLS REMOVED FROM THE CONSENT CALENDAR

HB 676-FN-A, establishing a science, technology, engineering, and mathematics scholars program. **INEXPEDIENT TO LEGISLATE.**

Rep. Ralph G. Boehm for Education. This bill assumes that there will be STEM jobs available in the state for scholarship graduates. With the high level of business taxes and energy costs in our state, businesses may opt to locate in other states with less taxes and costs. In addition, the proposed bill does not include scholarship availability in the New Hampshire Community College System where career emphasis is placed on advanced manufacturing and technology. Vote 19-0.

LAID ON THE TABLE

Rep. Ladd moved that **HB 676-FN-A,** establishing a science, technology, engineering, and mathematics scholars program, be laid on the table.

Motion adopted.

BILLS REMOVED FROM THE CONSENT CALENDAR CONT'D

HB 670-FN, relative to the rights of conscience for medical professionals. **INEXPEDIENT TO LEGISLATE.**

Rep. John Fothergill for Health, Human Services and Elderly Affairs. The intent of the bill is to protect the right of all healthcare providers, healthcare institutions and health care payers. The committee felt the protection offered was too broad involving individuals as well as institutions. Most professional groups have a code of ethics, which provide guidelines to address conscientious objection and offer a better balance between patient rights and provider rights. Finally, the committee did not feel the bill adequately protects the employer. Vote 18-0.

Reps. Itse and Groen spoke against.

Rep. Fothergill spoke in favor.

Rep. Itse requested a roll call; sufficiently seconded.

and the committee report was adopted.

HB 352, relative to violations of constitutional rights. **INEXPEDIENT TO LEGISLATE.**
Rep. Timothy O. Horrigan for Judiciary. This bill would have required county attorneys to immediately file civil actions whenever an individual alleged that his or her constitutional rights had been diminished. The committee agreed that this bill's proposal was vague and overly broad. Vote 15-0.
Rep. Horrigan spoke in favor.
Rep. Marple spoke against and requested a roll call; not sufficiently seconded.
Committee report adopted.

HB 397, relative to the duties of public servants. **INEXPEDIENT TO LEGISLATE.**
Rep. Jane E. Beaulieu for Municipal and County Government. The bill sponsor was not available for the hearing and nobody was present to explain the intent to the committee. Without any information received during the hearing or after, the committee felt ITL was the prudent position to take. Vote 17-0.
Rep. Marple spoke against.
Rep. Beaulieu spoke in favor.
On a division vote, 274 members having voted in the affirmative and 45 in the negative, the committee report was adopted.

REFERRAL DECLINED

Rep. Kurk, Chairman of the Committee on Finance, under the provisions of House Rule 46 (f), declined the referral of **HB 258-FN-L,** relative to fees for preparing motor vehicle registration documents.

RESOLUTION

Rep. Flanagan offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, March 4, 2015 at 10:00 a.m.
Motion adopted.

LATE SESSION

Third reading and final passage

HB 344, relative to membership on advisory boards for municipal economic development and revitalization districts and relative to the financing plan of such districts.
HB 170, relative to the advisory committee on international trade.
HB 493, relative to minimum voting booths for city or town elections.
HB 502, relative to petitions for verification of checklists.
HB 503, relative to presidential primary ballots.
HB 529, relative to party conventions.
HB 545, relative to eligibility for office.
HB 146, relative to the board of dental examiners.
HB 364, relative to renewal fees administered by the office of professional licensing.
HB 271, relative to possession and administration of an opioid antagonist for opioid-related overdoses.
HB 464, establishing the traditional commercial and recreational fishing protection act, prohibiting political subdivisions from interfering with commercial and recreational operations.
HB 260, relative to the definition of antique motor vehicle or motorcycle.
HB 395-FN, relative to electronic toll collection.
HB 616-FN, relative to compensation to claimants under the victims' assistance fund.
HB 407, establishing a committee to study the classifications of military vehicles and equipment that may be purchased by the state and its political subdivision.
HB 258-FN-L, relative to fees for preparing motor vehicle registration documents.

MOTION TO PRINT REMARKS

Rep. Goulette moved that the remarks made by Rep. Itse on February 11, 2015 on Unanimous Consent be printed in the Permanent Journal.
Motion failed.

UNANIMOUS CONSENT

Rep. Nordgren, along with members from Lebanon, Hanover and Canaan requested Unanimous Consent of the House regarding memorial remarks for the former Representative from Hanover, the Honorable Elizabeth Crory.
Rep. Nordgren addressed the House.

MOTION TO PRINT REMARKS

Rep. Hinch moved that the remarks made by Rep. Nordgren be printed in the Permanent Journal.
Motion adopted.

REMARKS

Rep. Nordgren: Thank you, Mister Speaker. Elizabeth Crory was 82 when she passed away on February 1, 2015. She and her husband, Fred, raised their six children in Hanover after 3 years in Alaska. Elizabeth, sometimes called Betty, served as a House member from Hanover for 14 years from 1976 to 1986 and again from 1992 to 1996. In between, she ran for Senate against our friend, Jim Rubens. Also, during that race, she had major surgery, which she kept a secret and nobody knew. Even on TV debates that she was in quite a bit of pain. She was tough. Elizabeth served on the Commerce Committee and became an expert on health care, insurance and banking. We certainly could have used her lately. She was a vital member of the Upper Valley community for her work with the very young and very old. For example, she was the Executive Director of the Children's Center of the Upper Valley. She was also instrumental in starting Outreach House, an assisted living facility for frail elders. Elizabeth was the first layperson selected by the New Hampshire Supreme Court to the New Hampshire Bar's Board on Character and Fitness. She also chaired the New Hampshire Health Services Planning and Review Board. A lifelong Democrat, an avid walker, voracious reader, lover of the arts, philanthropist and loyal fan of the Red Sox and Hanover High Marauders, she loved to garden and play cribbage. When I first came to the House in 1988, there always cribbage games in the anteroom, also smoking in the cafeteria, but then before that, there was smoking in this very hall. Elizabeth was a committed advocate for fairness, the underserved, healthcare, education and life long learning, volunteerism, community nursing and more. She was committed to the importance of the democratic process. She loved the New Hampshire House and always made herself available to advise and mentor others who were in office or thinking of running. She lived a full life, one full of public and volunteer service. She died as she wished, in peace and in her home being remembered as a good friend to many, a teacher, a legislator and a successful businesswoman. Elizabeth would have been happy to be remembered simply as a caring and committed citizen. Thank you.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the former Representative from Hanover, the Honorable Elizabeth Crory.

RECESS MOTION

Rep. Flanagan moved that the House stand in recess for the purposes of the introduction of bills and receiving Senate messages.
Motion adopted.

The House recessed at 4:35 p.m.

RECESS

(Rep. Eaton in the Chair)

RESOLUTION

Rep. Rosenwald offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bills numbered HB 1-A, HB 2-FN-A-L and HB 25-FN-A shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees.
Motion adopted.

INTRODUCTION OF HOUSE BILLS

First, second reading and referral

HB 1-A, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2016 and June 30, 2017. (Kurk, Hills 2: Finance)
HB 2-FN-A-L, relative to state fees, funds, revenues, and expenditures. (Kurk, Hills 2: Finance)
HB 25-FN-A, making appropriations for capital improvements. (Chandler, Carr 1: Public Works and Highways)

RECESS

(Speaker Jasper in the Chair)

REFERRAL DECLINED

Rep. Kurk, Chairman of the Committee on Finance, under the provisions of House Rule 46 (f), declined the referral of **HB 208-FN,** relative to allowance sales under the New Hampshire regional greenhouse gas initiative program.

RECESS

(Speaker Jasper in the Chair)

Rep. Packard moved that the House adjourn.
Motion adopted.

HOUSE JOURNAL No. 8

Wednesday, March 4, 2015

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord. Almighty God, bless the members of this House, their staff, their colleagues, and our Governor, Maggie Hassan. During these challenging weeks, as each person takes on their share of the burden of work, give them energy, purpose, and clarity of thought. There are so many distractions in our daily lives, including those which prey upon our human weaknesses, so I pray for Your protection for these dedicated women and men. Keep them safe from anything that might divert them from their tasks; give them concentration, focus and perseverance. May they be confident in their skills and their knowledge, and have vision to imagine new possibilities. Bless them in the work they do today and every day, and give them the satisfaction of a job well done. Amen.

Representative Stephen Schmidt, member from Wolfeboro, led the Pledge of Allegiance.

The National Anthem was sung by Nathan Smith, a junior at Concord High School.

LEAVES OF ABSENCE

Reps. Berube, Cote, Gladys Johnsen, Manning, Frank McCarthy, Moody, Oxenham, Parsons and Wheeler, the day, illness.
Reps. Fisher, Flanders, Forest, Gidge, Guerette, Hull, Thomas Katsiantonis, Kolodziej, Douglas Long, Milz and Souza, the day, important business.
Rep. DeLemus, the day, illness in the family.

INTRODUCTION OF GUESTS

Ifreet Taheea and Ulviyya Akbarova, exchange students at Pittsfield High School, Pages for the day.

Joel Weinrebe and Brad Ober, guests of Rep. LeBreche. Glen Allred, brother of Rep. Valerie Fraser. Students from Merrimack High School, guests of Rep. Notter. Students from The White Mountain School, government and civics field course, guests of Reps. Bailey and Ford. Joan Smith, mother of the singer, guest of Rep. MacKay.

CONSENT CALENDAR

Rep. Flanagan moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.
HB 302, requiring a public hearing prior to the submission of a grant application by the department of education, removed by Rep. Hoell.
HB 228, relative to showing or specially marking a ballot, removed by Rep. Rideout.
HB 406, relative to the date of the state primary election, removed by Rep. Joe Sweeney.
HB 620-FN, relative to the Interstate Voter Registration Crosscheck Program, removed by Rep. Hoell.
HB 627-FN, relative to registering to vote, removed by Rep. Hoell.
HB 665-FN, relative to nomination papers, removed by Rep. Abramson.
HB 202, repealing the authority for the dispensing of prescription drugs in certain clinics, removed by Rep. Hoell.
HB 489, relative to annulment of mental health records, removed by Rep. Hoell.
HB 435, relative to persons held in civil contempt, removed by Rep. Hoell.
HB 224-FN, repealing the exemption for water and air pollution control facilities from local property taxation, removed by Rep. Cushing.
HB 525, relative to appropriations in the county budget, removed by Rep. Frank McCarthy.
HB 148, limiting the authority of delegates to Article V conventions, removed by Rep. Horrigan.
HCR 2, applying to Congress to hold a convention for amendments, removed by Rep. Notter.
HCR 3, applying to Congress to call a convention of states under the United States Constitution, removed by Rep. Horrigan.

HB 437-FN, exempting proprietorships from taxation under the business enterprise tax, removed by Rep. Itse.
HB 438-FN-A, exempting proprietorships from taxation under the business profits tax, removed by Rep. Hoell.
Consent Calendar adopted.

HB 126, establishing a commission to study issues related to students receiving special education services while attending a chartered public school. **OUGHT TO PASS.**
Rep. Mary Heath for Education. This bill establishes a commission to study the issues related to students receiving special education services while attending a chartered school and is the result of the study committee assigned by the House Education Committee related to HB 1128. Numerous individuals came forward with related concerns on this issue, thus the need to establish a year-long commission to study and recommend findings related to: funding of special Ed services, practices related to relationships and communication between public charter schools and LEA's to better serve children with disabilities. Vote 18-3.

HB 237, requiring vocational education centers to prioritize science, technology, engineering, and mathematics curricula as a condition for funding. **INEXPEDIENT TO LEGISLATE.**
Rep. John L. Balcom for Education. This bill was not considered necessary for a statewide vocational program that currently is working well. Furthermore, the committee believed that it made little sense to have popular career center programs such as culinary arts and automotive mechanics competing for different levels of funding priorities than STEM programs. Vote 21-0.

CACR 12, relating to qualifications for public office. Providing that no person shall be qualified for any elective office unless previously residing in and having as domicile a place within the limits of the district for which the candidate is seeking office for no less than the term of the office sought. **INEXPEDIENT TO LEGISLATE.**
Rep. William M. Gannon for Election Law. The intent of the bill was to place a domicile requirement on candidates for office equal to the term of office. The qualification clause of the U.S. Constitution states that neither Congress nor the states may add to the qualifications of residents as this is an exclusive enumeratory power of the U.S. Congress. The U.S. Supreme Court decision in U.S. Term Limits, Inc. v. Thornton (1995) found that states cannot add to those qualifications for federal office stated in the U.S. Constitution. According to that decision, this bill would be unconstitutional. Vote 18-0.

HB 127, relative to identification of voters. **INEXPEDIENT TO LEGISLATE.**
Rep. Edith A. Hogan for Election Law. This bill authorizes the ballot clerk to verify the identity of a voter. Currently the clerk, city, town or ward moderator or supervisors of the checklist can verify a person's identity if they don't produce an authorized photo identification. This bill would add ballot clerks to the list and the committee doesn't feel it is appropriate to expand this list. A strong majority of the committee feels this bill should be Inexpedient to Legislate. Vote 17-1.

HB 140, relative to appointment of inspectors of election. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Barbara J. Griffin for Election Law. This bill modifies the procedure for appointing inspectors of election. Currently town and ward political committees are to appoint the inspectors of election per RSA 658:2. Often this does not happen, leaving the obligation on selectmen who often have a difficult task to find qualified voters to serve. The original bill allowed appointments by town officials without regard to political party. After consideration of comment from the public and secretary of state's office, the committee adopted the bill as amended. The amendment maintains the party role as provided for in the current statute, but allows the appointments to occur in conjunction with the moderator, and sets forth a specific process to follow in the appointment of the inspectors of election. Vote 17-0.

Amendment (0355h)

Amend the bill by replacing all after the enacting clause with the following:

1 Inspectors of Election; Appointment. Amend RSA 658:2 to read as follows:

658:2 Appointment. [~~Each town and ward political committee of the 2 political parties which cast the largest number of votes for governor in the state at the last previous general election is authorized to appoint between~~] ***Prior to*** May 15 [~~and July 15~~] of each general election year,

the selectmen, in consultation with the moderator, shall make a list of registered voters in the town or ward in equal numbers from the 2 political parties that received the highest number of votes for governor in the last state general election to serve as inspectors of election for the next 2-year period. The list shall designate 2 inspectors of election ***from each party*** to act at each polling place. If the number of voters qualified to vote at a polling place shall exceed 2,000, [~~said political committees may each appoint~~] ***the list may designate*** for such polling place one additional inspector ***from each party*** for each 1,500 qualified voters or fraction thereof in excess of 2,000. The [~~town and ward political committees may also appoint~~] ***list may also designate*** such additional inspectors, equally divided between said 2 political parties, as the moderator considers necessary for the efficient conduct of the election. ***The selectmen shall submit the list to the town or ward political committees of the 2 parties for approval or changes. The list, approved or changed by the political committees, shall constitute the appointments of inspectors of election for the applicable term.*** On or before July 15, the [~~chairmen of said political committees~~] ***selectmen*** shall notify the appointees and the town or ward clerk and city clerk concerned as to appointments made under this authority. [~~If any such appointments are not made by said political committees and proper notification thereof given on or before July 15, then the appointments shall be made by the selectmen of the town or ward in equal numbers from said 2 political parties.~~]

2 Inspectors of Election; Alternates. Amend RSA 658:5 to read as follows:

658:5 Alternates. In making appointments of inspectors of elections as provided in RSA 658:2, [~~town and ward political committees or town and ward~~] ***the*** selectmen***, in consultation with the moderator,*** may designate a list of alternates ***to the list of appointed inspectors***, who shall meet the same qualifications as inspectors of elections[~~, to~~]. ***Alternates shall*** be called in numerical order to serve in case one or more of the principal appointees fails to accept the appointment or is otherwise unavailable to perform his ***or her*** duties.

3 Effective Date. This act shall take effect 60 days after its passage.

HB 149, relative to qualifications for the office of county commissioner. **OUGHT TO PASS.**
Rep. William A. Pearson for Election Law. This bill seeks to include county commissioner as one of the offices incompatible with executive councilor. The law already excludes governor, U.S. senator and representative, state senator and representative, county sheriff, county attorney, county treasurer, register of deeds and register of probate from being on executive council. It is the belief of the committee that there would also exist a conflict of interest should someone inhabit both the offices of executive councilor and county commissioner. Vote 18-0.

HB 204, relative to incompatibility of town offices. **INEXPEDIENT TO LEGISLATE.**
Rep. Wayne M. Burton for Election Law. This bill inserts "cemetery trustee" into the list of town appointments that can only be held one at a time. Other positions incompatible with cemetery trustee are: town treasurer, moderator, trustee of the trust funds, selectman, and head of the town's police department on a full-time basis. Absent compelling testimony in support of this bill and any discussions in committee that would cause us concern, the vote for Inexpedient to Legislate was unanimous. Vote 18-0.

HB 304, establishing a committee to study public access to political campaign information. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Kathleen F. Souza for Election Law. This bill establishes a committee to study public access to campaign information by looking into the possibility of using an on-line reporting system. This might make our campaign finance reporting more transparent and encourage citizen confidence in our system. HB 304 would also look into the feasibility of an on-line clearinghouse of voter information, something of potential benefit to the electorate. Vote 15-1.

Amendment (0359h)

Amend the bill by replacing section 3 with the following:

3 Duties.

I. The committee shall study public access to political campaign information. The committee shall evaluate the merits and viability of having the state establish or endorse:

(a) A system of online campaign finance reporting.

(b) An online clearinghouse of information for voters, including voter registration and polling place information and information filed by candidates and political committees.

II. The committee shall solicit input from the secretary of state and the attorney general.

HB 311, relative to withdrawal of candidates. **INEXPEDIENT TO LEGISLATE.**
Rep. Travis Bennett for Election Law. RSA 655:30 identifies that candidates who want to withdraw must do so by the end of the filing period. HB 311 would extend the date to the Wednesday following. Both the subcommittee and full committee unanimously recommended to Inexpedient to Legislate this bill due to concerns about conflicts arising from shifting the withdrawal deadline to after the filing period closes. Vote 18-0.

HB 432, relative to counting votes. **INEXPEDIENT TO LEGISLATE.**
Rep. James P. Gray for Election Law. This bill would modify both RSA 659:17 and 659:64. RSA 659:17 requires instruction to voters describing how to vote be printed at the top of the general election ballot. HB 432 would add an additional instruction informing voters that if they incorrectly mark their ballot that they may request a new ballot from the moderator. RSA 658:28 requires this same information be printed on a voter instruction card that is posted in each voting booth. The committee did not agree that the information should also be printed on each ballot. RSA 659:64 provides guidance on counting ballots, which are not marked in compliance with the instructions. HB 432 describes some of the marks found on ballots during the most recent recounts and provides instructions on how those ballots would be counted. The committee believes that the determination of the intent of the voter must be done by evaluating each mark on the ballot in context with the other marks on the ballot and should not be prescribed in law. Vote 18-0.

HB 649-FN, relative to campaign contributions. **INEXPEDIENT TO LEGISLATE.**
Rep. Robert A. Luther for Election Law. RSA 664 regulates political expenditures and contributions; and codifies the reporting requirements. HB 649 would further regulate the contributions made by individuals who are not residents of New Hampshire to $250 and require the fiscal agent of a candidate who receives a contribution from any out-of-state source in the last week prior to the primary or general election to report it to the secretary of state within 48 hours of receipt. The committee believes that limiting the contributions of individuals who are not New Hampshire residents to $250 is unjust and the change to the reporting requirement unneeded. Vote 16-0.

HB 652-FN, relative to undeclared voters. **INEXPEDIENT TO LEGISLATE.**
Rep. Duane R. Brown for Election Law. Current law allows undeclared voters to declare as a registered voter with party affiliation prior to voting in a primary election and return to undeclared status after voting. This bill allows undeclared voters to vote in any party primary without declaring party affiliation. Voting in a party primary should be for members of that party. The current system is appropriate and should not be changed. Vote 18-0.

HB 412, relative to reporting of corrective action implementation of audit findings by entities subject to an audit by the legislative budget assistant. **INEXPEDIENT TO LEGISLATE.**
Rep. David J. Danielson for Finance. This bill requires an agency audited by the Legislative Budget Assistant to report its progress on remedying those corrective actions noted in the audit. The issue the committee recognized is that there is no provision for follow-up actions regarding the implementation of those required actions; the bill merely required a report. After consultation with agencies about next steps to ensure audit findings are corrected as needed, it was observed that the Fiscal Committee, which hears reports on all audits, could, if it wished, set specific follow-up deadlines as part of its supervisory responsibilities. Vote 20-0.

HB 534, relative to the duties of the housing finance authority. **OUGHT TO PASS.**
Rep. Timothy L. Twombly for Finance. This bill requires the NH Housing Finance Authority to disclose all terms and conditions associated with grants or loans made to municipalities including requirements of a third party, such as a federal agency, which may be providing funds. It also sets November 1 as a deadline for the agency's annual report of operations with a complete certified financial audit of its preceding fiscal year. Vote 21-0.

HB 654-FN-A-L, relative to the distribution of marriage license fees and the funding source for the domestic violence grant program. **INEXPEDIENT TO LEGISLATE.**
Rep. Cindy Rosenwald for Finance. This bill removes the $38 of the marriage license fee currently appropriated to fund domestic violence programs and adds this money to the general fund. The bill establishes a new dedicated fund, which would be authorized to accept gifts, grants and donations

to fund domestic violence. During testimony, the committee learned that 50% of murders and 92% of murder-suicides in New Hampshire involve domestic violence. The committee believes the bill's proposed funding mechanism is less stable than the current funding mechanism for these important programs and would leave vulnerable victims of domestic violence less protected. In addition to the Finance Committee looking at the domestic violence funding during the budget process, there is also a bill before the legislature to examine all dedicated funds. Vote 23-1.

HB 678-FN, requiring an evaluation of vendor performance on certain state contracts. **INEXPEDIENT TO LEGISLATE.**
Rep. J. Tracy Emerick for Finance. While well intended, this bill is insufficiently complete to accomplish the desired results. The posting of evaluations on the internet is not well advised due to the potential for lawsuits by poorly rated vendors. Another bill, the result of a study committee, with the same evaluation topic is in process. The bill also required additional staff with no appropriation in the bill. Vote 24-0.

HB 232, relative to training in suicide risk assessment, treatment, and management. **INEXPEDIENT TO LEGISLATE.**
Rep. Lucy M. Weber for Health, Human Services and Elderly Affairs. Committee members share the concern about the appropriate level of training in suicide risk assessment, treatment and management for mental health care workers. However, we believe that another bill currently being heard would provide a more comprehensive approach to the issue. Vote 15-0.

HB 337, relative to the patients' bill of rights. **INEXPEDIENT TO LEGISLATE.**
Rep. John Fothergill for Health, Human Services and Elderly Affairs. The intent of the bill was to abolish the patients' bill of rights if the person was not of sound mind and relinquish those rights to an immediate family member or guardian. The committee heard very little testimony to support such a bill. Most patient advocates were opposed, as was the committee. Vote 14-0.

HB 483, relative to the commission on primary care workforce issues. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Thomas M. Sherman for Health, Human Services and Elderly Affairs. This bill, as amended expands the membership of the commission and extends the commission's sunset to 2019. Primary care workforce and manpower issues represent a significant ongoing challenge throughout New Hampshire. The commission is anxious to continue its work. Vote 15-0.

Amendment (0236h)

Amend the bill by replacing section 1 with the following:

1 Commission on Primary Care Workforce Issues; Membership. Amend RSA 126-T:1 to read as follows:

126-T:1 Commission Established; Membership. There is hereby established a commission on primary care workforce issues. The members of the commission shall be as follows:

I. One member of the house of representatives, appointed by the speaker of the house of representatives.

II. The commissioner of the department of health and human services, or designee.

III. The commissioner of the department of labor, or designee.

IV. T***he insurance commissioner, or designee.***

V. The dean, or designee, from a public ***institution with a*** health science school, appointed by the president of the institution.

[~~V.~~] ***VI.*** The dean, or designee, from a private ***institution with a*** health science school, appointed by the president of the institution.

[~~VI.~~] ***VII.*** A representative of the New Hampshire Medical Society, appointed by the society.

[~~VII.~~] ***VIII*** A representative of the New Hampshire Dental Society, appointed by the society.

[~~VIII.~~] ***IX.*** A representative of the New Hampshire Mental Health Coalition, appointed by the coalition.

[~~IX.~~] ***X.*** Three representatives from the state's rural ***and underserved*** health care facilities, including 2 practitioners and one administrator, appointed by the governor.

[~~X.~~] ***XI.*** A representative of the New Hampshire Citizens Health Initiative, appointed by such organization.

[~~XI.~~] ***XII.*** A representative of the New Hampshire Area Health Education Center, appointed by the organization.

[~~XII.~~] ***XIII.*** A representative of the Bi-State Primary Care Association, appointed by the association.

[~~XIII.~~] ***XIV.*** Three at large members, nominated by the commission and appointed by the governor.

XV. A representative of the New Hampshire Nurse Practitioner Association, appointed by the association.

XVI. A representative of the New Hampshire Society of Physician Assistants Association, appointed by the association.

XVII. A representative of the New Hampshire Hospital Association, appointed by the association.

Amend the bill by deleting sections 2 and 3 and renumbering the original sections 4-6 to read as 2-4, respectively.

HB 225, requiring the defendant to personally appear in the courtroom during a victim impact statement. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David Woodbury for Judiciary. This bill seeks to require a defendant to be present during a victim's impact presentation prior to sentencing. We are familiar with a recent attempt by a convicted murderer to avoid facing the family of his victim. This bill would avoid this, but would give the sentencing judge some leeway to excuse attendance if circumstances at the time warranted. Vote 16-1.

Amendment (0205h)

Amend RSA 651:4-a as inserted by section 1 of the bill by replacing it with the following:

651:4-a [~~Victims of Certain Violent Crimes Against a Person Permitted to Speak Before Sentencing and at Sentence Reduction or Suspension Hearings~~] ***Right of Crime Victim to Address Judge; Defendant Required to Personally Appear.*** Before a judge sentences or suspends or reduces the sentence of any person for capital, first degree or second degree murder, attempted murder, manslaughter, aggravated felonious sexual assault, felonious sexual assault, first degree assault, or negligent homicide committed in consequence of being under the influence of intoxicating liquor or controlled drugs, the victim of the offense, or the victim's next of kin if the victim has died, shall have the opportunity to address the judge. The victim or victim's next of kin may appear personally or by counsel and may reasonably express his views concerning the offense, the person responsible, and the need for restitution. The prosecutor[~~, the person to be sentenced,~~] and the attorney for the [~~person to be sentenced shall have the right to~~] ***defendant may*** be present when the victim or victim's next of kin so addresses the judge. ***The defendant shall personally appear in court when the victim or victim's next of kin addresses the judge, unless excused by the court.*** The judge may consider the statements of the victim or next of kin made pursuant to this section when imposing sentence or making a decision regarding sentence reduction or sentence suspension.

HB 415, limiting liability of out-of-state emergency services entities responding to incidents in New Hampshire. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Linda B. Kenison for Judiciary. New Hampshire emergency services responders have limited liability in responding to incidents in New Hampshire. New Hampshire towns bordering Maine, Massachusetts and Vermont have interstate mutual aid emergency services compacts. This bill would provide the same limited liability afforded to New Hampshire emergency services responders to out-of-state emergency services responders responding to incidents in New Hampshire. There was no opposition to this bill. Vote 15-0.

Amendment (0421h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Liability Limited for Certain Out-of-State Emergency Services Entities. Amend RSA 508 by inserting after section 12-b the following new section:

508:12-c Liability Limited for Certain Out-of-State Emergency Services. When a police officer, firefighter, or other emergency services worker from an out-of-state entity responds to an emergency in New Hampshire, such out-of-state entity and its employees and volunteers shall have all the same liability limitations to which a New Hampshire entity, police officer, firefighter, or emergency services worker would be entitled under New Hampshire laws.

2 Effective Date. This act shall take effect upon its passage.

HB 417, relative to reimbursement of fees and out-of-pocket expenses associated with estate administration. **INEXPEDIENT TO LEGISLATE.**
Rep. David Woodbury for Judiciary. This bill seeks to require a ruling on payment of fees and expenses to administrators or executors within 90 days of the request to the court. This does not seem to be a problem in the probate division and could, if enacted, cause premature disbursement of estate funds. Vote 18-0.

HB 193, relative to utility assessments for the use of village district roads. **OUGHT TO PASS WITH AMENDMENT.**
Rep. James E. Coffey for Municipal and County Government. This bill ensures that when a municipality receives payment for the use of its roads by a public utility that the municipality is the owner of the road or right of way. This bill prevents towns from charging for the use of roads owned by a village district and requires that any fees or taxes go to the municipality that owns the road. Vote 18-0.

Amendment (0363h)

Amend the bill by replacing section 1 with the following:

1 New Paragraph; Village District; Commissioner's Duties; Roads. Amend RSA 52:3-a by inserting after paragraph II the following new paragraph:

III. No town or city shall levy any fee or collect any tax for the use by any utility of roads maintained by a village district under RSA 52:1, I(m), except on the vote of the village district commissioners for remittance to the village district.

HB 199, relative to tax relief information contained on a property tax bill. **INEXPEDIENT TO LEGISLATE.**
Rep. Marjorie A. Porter for Municipal and County Government. This bill requires municipalities to add a reference to the low and moderate income homeowners property tax relief program to the information on a local property tax bill. Although the bill is well-intentioned, the committee had several concerns. The low and moderate income tax relief program only applies to the state-wide property tax, and not local property taxes. Those applying for the program apply to the state, not the local municipality. It was felt that including references to a state program on the local bill would cause confusion for the taxpayer, and may set an unfortunate precedent for the future. Vote 12-4.

HB 227, relative to eminent domain on public lands. **OUGHT TO PASS WITH AMENDMENT.**
Rep. James P. Belanger for Municipal and County Government. This bill, as amended, provides a non-binding vote to accept or reject the taking of public land in easements by eminent domain as a result of state or federal permissions. Although non-binding, it provides an opportunity for the municipality to negotiate with the "taker" with the possibility of an agreement such as exchange of land or some other compromise. Vote 18-0.

Amendment (0362h)

Amend RSA 371:25 as inserted by section 1 of the bill by replacing it with the following:

371:25 Land Acquired With Public Funds and Donated Land. Whenever any party, having power of eminent domain or not, seeks to violate the covenants and conservation easements or both, placed on land which has been acquired with public funds or land which has been donated to a public entity, the proposal shall require the approval of the legislative body of the affected municipality or unincorporated place. No lands or rights of way or easements shall be taken by eminent domain without the approval of the affected legislative body as evidenced by a vote of the affected legislative body, at a duly called special or regular meeting of the legislative body. This subdivision shall not apply to state-owned lands.

HB 233, relative to local approval of mining activity. **OUGHT TO PASS.**
Rep. Ken S. Peterson for Municipal and County Government. This bill clarifies the scope of local approval requirements for mining activity, and also modifies some requirements for pre-application meetings. The statement that pre-application meetings and documentation are not public information has been removed, and a requirement has been inserted to provide notice of the pre-application meeting for public comments on the potential application. The local approval mining permit ordinance as noted in RSA 12-E:4, IV must be consistent with this chapter unless it attempts to impose a less stringent standard or requirement than those already established in the chapter. Vote 18-0.

HB 250, relative to requirements for perambulation of town lines. **INEXPEDIENT TO LEGISLATE.**
Rep. Keith Ammon for Municipal and County Government. This bill as amended, attempts to eliminate the age old practice of perambulation of town lines because of new advancements in GPS and electronic surveillance equipment like drones and; "because it has become too hard and is being ignored by selectmen anyway." Perambulation is the act of walking the town line with selectmen, or their designees, from adjoining towns and agreeing to the location of town property lines. Even using surveying grade GPS equipment brings one to the approximate location of a town bound and does not verify if the bound is still there or in need of replacement. It also does not show if recent development has encroached on town lines. Many instances were brought to the committee's attention where, after perambulation, property and even homes were found to be in a different town than what the tax maps showed. The fact that selectmen are not diligent in having this done is no excuse to eliminate it. The period of time between perambulations and imposing penalties for ignoring the statute might be a subject for change but the act of agreeing with your neighbor as to where your property lines are should not be eliminated. The notion that some selectmen are not physically capable of doing the perambulation was brought up but this is no different today than it was 100 years ago. Vote 14-2.

HB 257, relative to amending municipal charters. **INEXPEDIENT TO LEGISLATE.**
Rep. Bruce L. Tatro for Municipal and County Government. This bill would move the municipal elections to the same time as state and national elections. The secretary of state stated doing this will further complicate elections and would cause more confusion of voters and cause long times in the voting booth. Vote 14-0.

HB 268, establishing a committee to study the adoption of low-impact housing development standards by the department of environmental services. **OUGHT TO PASS.**
Rep. Marjorie A. Porter for Municipal and County Government. This bill came as a request of the commission on housing policy and regulation established in 2013. This commission was tasked with examining state regulations having to do with housing development and to identify areas where problems might exist that impede housing development throughout the state. The commission discovered there were some inconsistencies between the standards DES requires for low-impact development and those being required by local authorities. This has caused confusion and delays for developers. HB 268 establishes a committee to study the issue and to suggest resolutions. Vote 15-3.

HB 277, relative to the policy for acceptance of grants by county conventions. **INEXPEDIENT TO LEGISLATE.**
Rep. Chris Brown for Municipal and County Government. This bill mandated that a grant committee be established by each county to review grants prior to their acceptance. Currently counties are free to establish their own processes in the regard. This seemed to us to be fixing procedures in many counties that were not broken. It was not clear to us that a grant committee is inherently an improvement over existing systems of oversight and review. Counties should continue to have flexibility in performing their duties and resolving their own differences when they arise. Vote 16-0.

HB 289, relative to the content of annual town reports. **INEXPEDIENT TO LEGISLATE.**
Rep. Ken S. Peterson for Municipal and County Government. This bill would mandate that all municipalities with a population between 500 and 15,000 inhabitants include in their annual town report municipal building energy consumption statistics for the year. The bill's author acknowledged that the stated population numbers were purely arbitrary. This would not be enabling legislation, but a requirement directed by the state to these communities. It was felt that a directive by the state forcing towns to make another ancillary written report was not in the spirit of the NH philosophy of government. Vote 13-2.

HB 313, relative to municipal elections. **INEXPEDIENT TO LEGISLATE.**
Rep. Benjamin L. Tilton for Municipal and County Government. This bill permits cities to hold municipal elections on biennial election day. The majority of the committee agreed that the bill would create unintentional consequences. The first would be unacceptable wait times to vote. The second would be an increase of incomplete and inaccurate ballots caused by the increased items to vote on. The secretary of state's office testified that, as proven in the 1984 election, the more issues to vote on in the booth, the longer it takes and causes lines to vote and voters give up and leave without voting. They also vote for state issues and ignore the local issues. Vote 16-1.

HB 331, relative to absences among selectmen on election day. **OUGHT TO PASS.**
Rep. David A. Bickford for Municipal and County Government. This bill allows selectmen to designate someone to take their place during elections. The Attorney General has interpreted the constitution and now requires a quorum of the board of selectmen be present at elections for the entire day, which is very difficult for selectmen, they have to work. This bill will make public service easier for our citizens to participate in. Vote 16-0.

HB 335, relative to the disposition of rangeways. **INEXPEDIENT TO LEGISLATE.**
Rep. James E. Coffey for Municipal and County Government. This bill addresses a problem that was addressed in 2008 by HB 1491. Rangeways are long narrow strips of land, which were reserved usually for roads on colonial period plans of some towns. There is no present problem with "rangeways" and most issues were resolved during the nineteenth century. The committee studied the subject and concluded that nothing was needed to be done at this time. Vote 18-0.

HB 339, relative to transfer station income. **INEXPEDIENT TO LEGISLATE.**
Rep. Marjorie A. Porter for Municipal and County Government. This bill would allow the local governing body of a municipality to transfer surplus funds from the reclamation trust fund to the capital reserve fund, and then expend those funds without having to get the approval of the legislative body at town meeting. This would circumvent the intent of trust funds as outlined in the current RSAs, which always requires legislative approval to withdraw and expend. Although the money spent in this way would be reported to the town after the fact, the committee felt this was not a wise course of action. Vote 16-0.

HB 348, allowing municipalities to adopt a property tax credit for elderly homeowners for the extent their tax bill exceeds 10 percent of income. **INEXPEDIENT TO LEGISLATE.**
Rep. Marjorie A. Porter for Municipal and County Government. This bill would allow municipalities to adopt a property tax credit for elderly homeowners such that the tax would not exceed 10% of their income. Property taxes do weigh heavily on the elderly, and the committee was sympathetic to the intention of this bill. However, the implementation would prove problematic and unwieldy for municipalities. Unlike states with an income tax, NH has no database of personal income, which towns could use to help make the 10% determination; town officials would be required to delve into each applicant's personal finances in order to do so. Municipalities already have the ability to help their elderly citizens via an elderly exemption, and the DRA reports every municipality in the state has adopted some form of elderly exemption for property taxes. Vote 17-0.

HB 444-L, exempting certain long-term residents from local school taxes. **INEXPEDIENT TO LEGISLATE.**
Rep. Chris Brown for Municipal and County Government. This bill exempts any person from paying school district taxes who has paid said taxes for 36 consecutive years or longer in New Hampshire. Our committee has been presented with many bills this session concerning property tax relief. None of them are without merit. On the other hand enacting any of them creates new inequities as it seeks to rectify existing inequities. The 36 consecutive year provision, however compelling, excludes many situations that could be equally or more deserving. Not the least of which is that it does not address one's ability to pay, an issue that effects many, but not all, older property owners. The bill also opens the door to arguments that only those with children in school should be paying for public schools. All of our citizens benefit from public schools and must share in it's cost. Vote 17-1.

HB 451, relative to local approval of mining permits. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Franklin W. Sterling for Municipal and County Government. The purpose of this amended bill is to give local planning boards the authority to review and act on mining activity on sites of 5 acres or less. Current law does not allow for site plan review of such activity, granting local control is a desirable goal. Vote 17-0.

Amendment (0435h)

Amend RSA 12-E:5, I as inserted by section 3 of the bill by replacing it with the following:

I. Upon filing of a permit application or an application for an amended permit, the operator shall publish notice of such application in a newspaper in general circulation of each county wherein the affected land lies at least once each week for 2 successive weeks after filing the application. The operator shall notify landowners within 1/2 mile of the proposed permit area in writing of the

application and shall file a copy of the mining and reclamation plan, or amended plan with the town clerk or city solicitor of the town or city wherein the land lies. ***If the mining activities are exempt under RSA 12-E:1, IX(a) the town or city planning board shall review the plan under the municipality's site plan review regulations if the municipality has adopted such regulations.***

HB 486, authorizing towns and cities to establish special assessment districts. **OUGHT TO PASS.** Rep. Clyde J. Carson for Municipal and County Government. Special assessment districts provide municipalities with a new way to finance capital projects for a specific group of property owners. In many ways special assessment districts are similar to village districts, but without the requirement and overhead of a governing body. You might call it village district light. A special assessment district could be established to finance public facilities benefiting a defined group of properties for purposes such as parking garages, extension of telecommunications, renewable energy projects, etc. A similar bill was introduced in the last legislative session and came before the Municipal and County Government Committee. The committee liked the concept, but felt the details of the bill needed work. The bill went to interim study and HB 486 is the result. A special assessment district starts with a petition to the governing body from a group of property owners representing at least 50% of the lots and 65% of the assessed value in the proposed district. The petitioners define the boundaries of the district along with the proposed improvement plan. The bill provides for notification of all property owners included in the district as well as a public hearing. The governing body has the authority to approve the district. The cost for the improvements are recovered through an assessment on the property tax bills within the district. The district would be dissolved once cost of the improvements had been repaid. Vote 16-0.

HB 487, requiring that planning board and zoning board of adjustment members be elected. **INEXPEDIENT TO LEGISLATE.**
Rep. James P. Belanger for Municipal and County Government. This bill requires that planning board and ZBA members be elected instead of appointed. That option exists now at a municipality's option. This bill would mandate it. Many good, qualified people are willing to serve but will not compete in an election process. An elected member who does not perform or attend is almost impossible to replace while that is not the case with an appointed member. Vote 16-1.

HB 497, relative to interference with a cemetery burial plot. **OUGHT TO PASS.**
Rep. Catherine Cheney for Municipal and County Government. This bill addresses an important issue where an ascendant survives and would like to relocate their relative's remains. Currently, only descendants have that permission. When someone passes before his/her time, earlier generations in the family should be able to authorize moving remains. The sponsor verified all related RSAs and contacted the New Hampshire Cemetery Association. There is no conflict or objections. Vote 17-0.

HB 524-FN-L, relative to the calculation of default budgets. **INEXPEDIENT TO LEGISLATE.**
Rep. James E. Coffey for Municipal and County Government. This bill looks to change the formula for SB 2 towns and school districts for the default budget from the prior year's budget to 98% of the prior year's expenditure. The committee realized that this amount cannot be calculated in time for the annual meeting. It was also observed that using a percentage of actual expenditure would encourage unnecessary spending. Vote 16-1.

HB 607, relative to fees for carrying a concealed firearm. **OUGHT TO PASS.**
Rep. David A. Bickford for Municipal and County Government. This bill places resident concealed firearm license fees into the issuing town's general fund. Non-resident license fees already go into the state's general fund that are issued by state police. This change coincides with that rather than having the fee go to a law enforcement department. The bill recognizes that the law names selectmen, mayors, police and designees to issue permits. Vote 15-2.

HB 662-FN-L, relative to property taxes paid by chartered public schools leasing property. **OUGHT TO PASS.**
Rep. Keith Ammon for Municipal and County Government. This bill would entitle those chartered public schools which are already exempt from property taxation, but which lease their facilities from an owner who is not exempt, to a rebate of the portion of the lease that pays for the property taxes. Other public and private schools currently receive property tax exemptions. Rebating property taxes to chartered public schools paying leases provides a level playing field for all schools. Vote 16-1.

HB 111, relative to land retained by the state. **INEXPEDIENT TO LEGISLATE.**
Rep. Judith T. Spang for Resources, Recreation and Development. By statute, lands retained by the state are "acquired to be held forever." A 5-acre parcel in Bradford was so reserved to protect the iconic Bradford Pines. The town fire department requested 20% of this land be removed for their use. However, the committee did not receive a letter of support from the selectmen, a consistent plan of what the use would be, or a compelling public need for it. Vote 14-0.

HB 306, relative to membership of the wetlands council and the water council. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Judith T. Spang for Resources, Recreation and Development. The wetlands and water councils are charged with advising the commissioner of the department of environmental services on state policies relating to wetlands and shorelands respectively, and principally to hear administrative appeals from department decisions. The councils have been experiencing problems with achieving a quorum because certain member departments find that the issues being acted upon are outside their area of concern. Removing those members will address this problem. The amendment adds two new members to the water council, one to represent lakes and one to represent rivers, to whom the work of the council will be more relevant. Both the NH Rivers Council and the NH Lakes Association have affirmed that they will nominate members who will be committed to participating actively. Vote 13-0.

Amendment (0133h)

Amend RSA 21-O:5-a, I as inserted by section 1 of the bill by replacing it with the following:

I. There is established a wetlands council for the purpose of implementing the provisions of law conferring on the department authority to decide matters relative to resources of the state, including, but not limited to, excavating, dredging, and filling waters of the state as well as activities occurring within the state's regulated shoreland under RSA 483-B. Appointees and officials shall have voting rights as members of the wetlands council; provided, however, that nothing in this section shall be construed as affecting other duties of the department with reference to dams, water levels, and administration of the department of environmental services. The wetlands council shall be composed of the following:

(a) The executive director of the department of fish and game or designee.
(b) The commissioner of transportation or designee.
(c) The commissioner of resources and economic development or designee.
(d) The director of the office of energy and planning or designee.
(e) The commissioner of the department of agriculture, markets, and food, or designee.
(f) [~~The commissioner of safety or designee.~~
~~(g)~~] Eight members of the public appointed by the governor and council for a term of 3 years or until a successor is chosen. One of these shall be a member of a municipal conservation commission at the time of appointment, and be one of 3 nominees submitted by the New Hampshire Association of Conservation Commissions; one shall be a supervisor, associate supervisor, former associate supervisor, or former supervisor, of a conservation district at the time of appointment, and be one of 3 nominees submitted by the New Hampshire Association of Conservation Districts; one shall be [~~an elected~~] ***a*** municipal official ***other than a member of the conservation commission*** at the time of appointment, and be one of 3 nominees submitted by the New Hampshire Municipal Association; one shall be a natural resource scientist and be one of 3 nominees submitted by the New Hampshire Association of Natural Resource Scientists; one shall be a member of the construction industry and be one of 3 nominees submitted by the Associated General Contractors of New Hampshire; one shall be a member of the marine industry and be one of 3 nominees submitted by the New Hampshire Marine Trades Association; one shall have experience in environmental protection and resource management at the time of appointment and be one of 4 nominees submitted, 2 each, by the New Hampshire Audubon Society and the Society for the Protection of New Hampshire Forests; and one shall be a farm or forest landowner and be one of 2 nominees submitted, one each, by the New Hampshire Farm Bureau Federation and the New Hampshire Timberland Owners Association. One member of the council shall be elected annually as chairperson by the members of the council.

Amend the introductory paragraph of RSA 21-O:7, I as inserted by section 2 of the bill by replacing it with the following:

I. There is established a water council which shall consist of [~~16~~] ***15*** members:

Amend RSA 21-O:7, I(a) as inserted by section 2 of the bill by replacing it with the following:

(a) [~~Eleven~~] ***Thirteen*** of the members shall be public members appointed by the governor, with the consent of the council, who shall serve for terms of 4 years. Of these members, 2 shall represent the industrial interests of the state; one shall represent the vacation home or private recreational interests of the state; one shall represent the agricultural interests of the state; one shall be an employee of any municipal or privately-owned waterworks in the state; one shall be a representative of the septage hauling industry, nominated by the New Hampshire Association of Septage Haulers; one shall be a member of a statewide nonprofit conservation or environmental organization; one shall be a treatment plant operator; [~~and~~] one shall be a designer or installer of septic systems, nominated by the Granite State Designers and Installers Association***; one shall represent New Hampshire rivers, nominated by the New Hampshire Rivers Council, and one shall represent New Hampshire lakes, nominated by the New Hampshire Lakes Association***. The 2 remaining members shall be appointed and commissioned respectively as the chairman and vice chairman of the council;

HB 565-FN, relative to banning the use of boats on certain waters with a confirmed exotic aquatic species infestation. **INEXPEDIENT TO LEGISLATE.**
Rep. Carol M. McGuire for Resources, Recreation and Development. This well-intentioned bill attempts to limit the spread of milfoil and other invasive weeds by authorizing the commissioner of environmental services to quarantine infested waters by banning boats there. However, there is existing statutory authority to establish "restricted use areas" that has much the same effect, and HB 565 is unenforceable as written. HB 667, also addressing the spread of invasive weeds and currently in committee, has a more narrowly focused approach that should be as effective, with fewer unintended consequences and at much less expense. For these reasons, the committee agreed that HB 565 should not go forward. Vote 14-0.

HB 209, repealing New Hampshire's atomic energy policy. **INEXPEDIENT TO LEGISLATE.**
Rep. Robert A. Backus for Science, Technology and Energy. This bill, as introduced, would have repealed RSA 162-B as archaic, out of date and also as setting an energy priority inconsistent with current New Hampshire law. After hearing testimony that some portions of the law were still considered relevant to certain users of radioactive isotopes, the bill was amended substantially. However, various stakeholders and members of the committee still found issues with the proposed wording. Since the only purpose of the bill was to modernize a 1957 state statute having little current use, the committee felt, given the problems identified with the attempt to amend it, that the bill should be rejected and the existing statute left in force. Vote 20-0.

HB 234, relative to renewable portfolio standards. **INEXPEDIENT TO LEGISLATE.**
Rep. David K. Murotake for Science, Technology and Energy. This bill deletes electric renewable energy classes from the electric renewable portfolio standards. After consideration of testimony from stakeholders including agencies, utilities, commissions, and companies, the committee determined that the Renewable Electric Portfolio Standards (RPS) is net revenue positive for NH and its growing renewable energy businesses. The committee also determined that elimination of RPS class structure, which segregates a variety of different renewable energy generators (hydroelectric, solar, biomass, wind, geothermal) into separate classes, is essential, at least in the near term, to the continued survival of small businesses in the biomass, solar, and small hydroelectric industries. Elimination of the existing RPS class structures may well result in the failure of many small renewable energy businesses, which would be counter to the NH Energy Strategy, and bad for small energy businesses. Elimination of RPS classes, at least at this time, is Inexpedient to Legislate. Vote 19-0.

HB 252, relative to the divestiture of electrical generation facilities. **INEXPEDIENT TO LEGISLATE.**
Rep. David A. Borden for Science, Technology and Energy. The committee determined that HB 252 was not necessary as it interferes with a legislatively ordered proceeding that is underway at the Public Utilities Commission (PUC). PSNH (now Eversource Energy) emerged from electric utility restructuring in the early 2000s still owning some of its generation facilities, which has prompted discussion in the ensuing years as to whether restructuring should be completed with the divestiture of those plants. In 2013, the Legislative Oversight Committee on Electric Utility Restructuring formally took up the issue and concluded that the appropriate body to examine this complex economic issue and determine whether divestiture should occur was the PUC. Subsequently, HB 1602 was passed in 2014, which required the PUC to open a proceeding to determine if divestiture is in the

economic interests of PSNH ratepayers and, if so, authorized the PUC to order such divestiture. The proceeding is underway and the Public Utilities Commission will be submitting a progress report to the Legislative Oversight Committee on March 31. Besides interfering with this important proceeding, the bill would put into statute an unworkable standard for divestiture. Vote 20-0.

HB 342, relative to property owners' consent for smart meter gateway devices. **INEXPEDIENT TO LEGISLATE.**
Rep. Carolyn Halstead for Science, Technology and Energy. This is a bill that changes the definition of a smart meter gateway (which is the device inside the home that is used to monitor and control household devices and is protected from use by the utility companies) to include the demarcation meter used by all utilities. By doing this, it would now require all utilities to get the permission of the owner to have a utilities usage meter on their house. The utilities usage meter has traditionally been the demarcation point between what the utilities own and what a resident owns and has access to. The owner having the ability to choose the utility usage meter (potentially restricting all options) is fraught with problems. The utility companies are entitled to measure usage for billing purposes. The information on the smarter utility usage meters are already being regulated to insure that data breaches do not occur. Vote 20-0.

HB 345, requiring utilities to provide data to consumers explaining rates and rate increases. **INEXPEDIENT TO LEGISLATE.**
Rep. Michael Vose for Science, Technology and Energy. This bill would require electricity suppliers to publish schedules showing their rates and prices and the data that supported those rates. It would also have prohibited customer disconnection for failure to pay. All these matters are being dealt with in greater detail in other legislation. Testimony from several sources suggested that bill had broad support. The Public Utilities Commission testified that it is preparing rules that deal with many of the issues described in this bill. Vote 20-0.

HB 360, relative to public utilities that fail to restore service within 3 days. **INEXPEDIENT TO LEGISLATE.**
Rep. James A. Parison for Science, Technology and Energy. This bill would set a fixed time limit of three days for a utility to restore service or be liable for damages. Currently the PUC has oversight responsibility pursuant to RSA 365, through Rule PUC 304.03 "Interruptions of Service." "(a) Each utility shall use all reasonable means within industry practices to avoid interruptions to service...(b) If an interruption to service occurs, the utility shall restore service within the shortest time reasonable, consistent with safety, and provide service on a 24-hour basis." Violators of PUC rules can be fined up to $250k. Testimony from stakeholders included concerns around local or regional events that may not trigger a state of emergency and where safe access to begin repairs may not be possible for several days. Readiness for such an eventuality would require much higher levels of staffing, an increased cost to be born by ratepayers. Also undefined in the bill was the extent of "damages" for which the offending utility might be liable. Given affected customers have a remedy in the PUC complaint process (RSA 365, PUC 204) the committee feels this proposal, however noble in its simplicity, lacks a provision for extenuating circumstances that the current "reasonable" language affords. Vote 20-0.

HCR 4, urging Congress to adopt a policy ending the use of a backward American Flag on military uniforms. **OUGHT TO PASS.**
Rep. Alfred P. Baldasaro for State-Federal Relations and Veterans Affairs. The committee finds the use of a backward American flag on military uniforms to be contrary to, and in violation of the US Flag Code, Title 4, Subsections 7, 8 and 10, the display of the flags is meticulously outlined and never allows for the symbol of our country to be displayed backward anywhere. Furthermore, we find that in 2005, the secretary of the army overstepped his authority in ordering the display of a backward flag to be affixed to the US Army uniform. While adding a true representation of the American flag to a military uniform is allowed under the flag code, a backward flag is not. Vote 13-1.

HCR 5, calling for an article V convention for the purpose of considering a countermand amendment to the United States Constitution. **INEXPEDIENT TO LEGISLATE.**
Rep. Peggy A. McCarthy for State-Federal Relations and Veterans Affairs. The legislation addresses creating Article 28, which restores state sovereignty in the constitutional republic by providing state legislatures countermand authority i.e., rescinding any congressional statute. The US Constitution provides a mechanism through the amendment process. Vote 13-0.

HCR 6, petitioning Congress for an Article V amendment convention. **INEXPEDIENT TO LEGISLATE.**
Rep. Peggy A. McCarthy for State-Federal Relations and Veterans Affairs. This bill calls for an Article V Convention for the purpose of proposing a balanced budget amendment to the Constitution of the United States of America. Other pending legislation, if passed, will accomplish the same goal. This bill did not receive adequate support from the committee and the majority voted HCR 6 Inexpedient to Legislate. Vote 13-0.

HR 11, requesting the National Oceanic and Atmospheric Administration and Congress to relax rules on Atlantic states recreational fishing. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Elizabeth Edwards for State-Federal Relations and Veterans Affairs. The public hearing was packed with recreational fishermen and the small business owners who cater to them who are harmed by NOAA's restrictions on recreational fishing. NOAA's restrictions are an example of oppressive federal regulations, in this case destroying both simple pleasures and entire livelihoods derived from family businesses that have spanned generations. A resolution is the least we can do to stand up for New Hampshire citizens. Vote 13-0.

Amendment (0389h)

Amend the resolution by replacing the third paragraph after the resolving clause with the following:

That copies of this resolution be sent by the house clerk to the National Oceanic and Atmospheric Administration, to the United States Secretary of Commerce, and to each member of the New Hampshire congressional delegation.

HB 310, relative to reporting the destruction of motor vehicles. **OUGHT TO PASS.**
Rep. Werner D. Horn for Transportation. This bill simplifies and avoids duplicate reporting of vehicles that are crushed or otherwise junked, and serves the primary purpose of preventing and detecting vehicle theft. This bill is supported by the department of safety. Vote 15-0.

HB 453, relative to special number plates for circuit court judges. **INEXPEDIENT TO LEGISLATE.**
Rep. Bruce E. Hodgdon for Transportation. The committee heard no testimony from judges asking for this plate. There was no need for this bill. Vote 14-1.

HB 187, relative to information sharing for enforcement of the tobacco tax and relative to the biennial adjustment of the filing threshold for the business enterprise tax. **OUGHT TO PASS.**
Rep. Susan W. Almy for Ways and Means. Revenue Administration is forbidden to share information about taxpayers with a few specific exemptions. This bill adds the liquor commission only for purposes of their enforcement of the tobacco tax. Secondly, the bill clarifies the law adjusting the business enterprise tax floor biennially for inflation. Vote 18-0.

HB 222-FN, exempting certain homeowners over 80 years of age from the statewide education tax. **INEXPEDIENT TO LEGISLATE.**
Rep. Brian S. Gallagher for Ways and Means. This well intended bill would require that a homeowner who is over 80 years of age and who has lived in his or her homestead for at least 5 years shall be exempt from the statewide education tax. The committee felt that since there was no income limit set in this bill and due to the fact that cities and towns already provide graduated property tax benefits to help compensate homeowners, this additional property tax benefit is not warranted. Vote 19-0.

HB 550-FN, relative to administration of the tobacco tax. **OUGHT TO PASS.**
Rep. John J. Manning for Ways and Means. This bill, at the request of the Department of Revenue Administration makes a number of technical and clarifying changes to RSA 78, Tobacco Tax Laws, which include clarifying activities constituting unauthorized sales of tobacco products, and other reporting information to the taxpayers records. Vote 19-0.

HB 558-FN, establishing a clean water tax credit. **INEXPEDIENT TO LEGISLATE.**
Rep. Patricia T. Lovejoy for Ways and Means. This bill attempts to set up another business tax credit program. Proceeds would be directed to non-profit environmental organizations, which would award grants to homeowners for replacing or upgrading septic systems. The provisional program is overly broad and there were too many unanswered questions. Vote 19-0.

REGULAR CALENDAR

CACR 1, relating to taxation. Providing that a 3/5 vote is required to pass legislation imposing new or increased taxes or license fees, or to authorize the issuance of state bonds and providing that the general court shall appropriate funds for payment of interest and installments of principal of all state bonds. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.** Rep. Robert L. Nigrello for the Majority of Ways and Means. This bill would be the first step in approving a constitutional amendment to require a 3/5 vote of the House of Representatives and the Senate to pass a new or increased tax or fee or to authorize the issuance of state bonds. The majority of the committee believes the current practice of majority rule has served the house and senate well since their incorporation. The NH legislative branch has a robust and transparent process to decide the fate of all legislation. Legislators are mindful of the effects on our constituents when seeking new taxes or for raising existing taxes. New Hampshire is ranked number 7 in the country by the Tax Foundation for business tax climate. Requiring a 3/5 vote for all taxes, fees and bond issuances, would be an undue burden to effectively manage the finances of the state. Vote 18-1. Rep. Jordan G. Ulery for the Minority of Ways and Means. For far too long the general court has passed tax bills with little or no regard to the real need for the tax. All this bill does is assure that when a tax increase is warranted 60% of the membership agrees. This type of legislation returns the power to the people to pay their taxes, not limiting the imposition of taxes and license fees by political whim.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. William O'Brien spoke against.
Rep. Hess spoke in favor.
Rep. Ulery spoke against, yielded to questions and requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 350, establishing a commission to study the impacts of the property tax on New Hampshire's residents, businesses, municipalities, and the economy. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Joseph R. Lachance for the Majority of Ways and Means. Specifically, this bill would create a property tax study commission mandating a comprehensive study of how New Hampshire's property taxes are designed, implemented or whether taxes in their current form promotes or hinders the economic well-being in our state. The property tax is an essential part of the diversified source of revenue in New Hampshire. The pros and cons of the argument of the property tax are well known. The committee questioned what further knowledge would be gained through a study commission. The committee felt specific bills dealing with property tax legislation being filed would be a more appropriate approach to decide possible changes. Vote 13-6.

Rep. Paul J. Henle for the Minority of Ways and Means. In 2013, 63 cents of every $1 raised through taxation in New Hampshire was raised through the property tax. No other state in the union comes close to being so reliant on one tax. Since we have put all of our eggs in this one basket, it would behoove us to know as much as we can about this tax – but we don't. For many of our businesses the property tax is the biggest tax they pay. What impact does it have on the decisions they make? The minority believes it is applied unequally, but do we know just how unequally? How many taxpayers pay 1% or 10% of their income in property taxes? How many NH citizens have to leave our state when they retire? What effect does current use have? Does the property tax influence land use decisions? We know it skews real estate values, but by how much? What can be done to address these problems? We have a hodge podge of band-aids including elderly and veteran abatements, TIF districts and low-income assistance, but are there other options we should explore? Perhaps circuit breakers would help. What about homestead exemptions? What about other ways of assessing, or taxing different types of real estate differently?

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. Rebecca Brown spoke against.
Rep. Lachance spoke in favor.
Rep. Spang requested a roll call; sufficiently seconded.

and the majority committee report was adopted.
Rep. Hill voted Nay and intended to vote Yea.

HB 390-FN, relative to stop loss insurance. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Laura M. Jones for the Majority of Commerce and Consumer Affairs. This bill would change the group size for purposes of stop loss insurance. Current law sets the annual aggregate attachment point for groups of 50 or fewer employees at 120 percent of expected claims, and for groups of 51 or more employees at 110 percent of expected claims. This bill would set the attachment point of 120 percent to groups of 100 or fewer employees. Therefore, the change in required reserves would affect employers who self-insure that have between 51 and 100 employees. According to the New Hampshire Insurance Department, there are an estimated 58 employers of this size who would be affected. The extra 10 percent of required risk assumed by these employers, in order to remain self-insured, would average an additional $50,000 in required reserves, according to the

Self-Insurance Institute of America. The provision of the Affordable Care Act (ACA) that increases the size of small groups to 100 employees in 2016 is not applicable to self-insurance. There are no documented problems with the fully insured market that would warrant this additional constraint upon our business community, and this legislation could take away their current insurance plans, eliminating an important health plan option. In addition, this suggested change is not based on any national model legislation, such as legislation developed by the National Association of Insurance Commissioners, nor is any other state pursuing this type of legislation. Vote 11-8.
Rep. Edward A. Butler for the Minority of Commerce and Consumer Affairs. Stop loss insurance protects employers who self-insure. Above a certain risk amount, stop loss kicks in and protects against large or catastrophic loss. The Affordable Care Act (ACA) requires that the definition of small group change in 2016 from 50 to 100. This is being done, at least in part, to bolster the fully insured small group market. The reason that the insurance department requested this change, to require that stop loss insurance follow this change in size at the state level, is to help protect the fully insured market. An analysis of stop loss options requested by the insurance department in 2012 notes: "If too many healthy small groups leave the rate regulated risk-based market...rates for those left in the small group insurance market could spike, ultimately destabilizing the market overall..." The minority believes that protecting the affordability of healthcare insurance is critical and believes that this request from the insurance department is reasonable.

The question being adoption of the majority committee report of Inexpedient to Legislate.
On a division vote, 216 members having voted in the affirmative and 135 in the negative, the majority committee report was adopted.

HA 1, for the removal of certain state officials in the department of education. **INEXPEDIENT TO LEGISLATE.**
Rep. Mary Stuart Gile for Education. This house bill of address requests the removal of Virginia Barry, commissioner of education and Paul Leather, deputy commissioner of the department of education. The majority of the committee agreed that causes identified as reasons for removal reflected serious misunderstandings. Both the commissioners and the deputy commissioner promote and support New Hampshire as a local control state and neither has exceeded their responsibilities as outlined by the New Hampshire Constitution. Vote 14-5.

MOTION TO LAY ON THE TABLE

Rep. Lars Christiansen moved that **HA 1,** for the removal of certain state officials in the department of education, be laid on the table.
Rep. Lars Christiansen requested a roll call; not sufficiently seconded.
On a division vote, 75 members having voted in the affirmative and 285 in the negative, the motion failed.

The question now being adoption of the committee report of Inexpedient to Legislate.
Rep. Lars Christiansen spoke against.
Rep. Gile spoke in favor and yielded to questions.
Committee report adopted.

HB 116, relative to the renomination of teachers. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Glenn Cordelli for the Majority of Education. This bill reduces the current time of 5 years to 3 years for the renomination of teachers. With the massive ongoing changes in our schools, schools often require longer than 3 years to determine if a teacher should be renominated. It will often be to the teachers benefit to have a longer time to improve. Poor teachers can be terminated at any time. The majority believes current statute protects teachers and schools. Vote 14-7.
Rep. Mary Heath for the Minority of Education. The minority believes three consecutive years is sufficient time to award a continuing contract for educators. A continuing contract does not denote tenure and allows practicing teacher's access to due process. Furthermore, until 2011 New Hampshire only required three years as it is in Vermont, Massachusetts and Maine. New Hampshire needs to recruit and retain the best and the brightest teachers for its classrooms. Passage of HB 116 would assist in that process. The percentage of New Hampshire's teachers leaving the classroom within the first 5 years is increasing; defeating HB 116 only exacerbates that percentage.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. Heath spoke against.
Rep. Cordelli spoke in favor.
Rep. William O'Brien requested a roll call; sufficiently seconded.

and the majority committee report was adopted.
Rep. Prudhomme-O'Brien voted Yea and intended to vote Nay.

HB 142, relative to student social media policies by education institutions. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Ralph G. Boehm for Education. This bill protects students from educational institution access to their private social media accounts. School administration cannot force students to show their accounts without their permission, supply their account information or force a student to add school personnel to his/her social media. The amendment allows school districts to request information from parents in the case of a minor. This does not apply to school created social media accounts, whereby students and faculty may be members. The amendment was done to protect student's 4th and 5th amendment rights. This bill would apply to public or private schools, colleges, universities, or other institutions that offers students, participants, or trainees in an organized course of study or training that is academic, technical, vocational, trade-oriented, or designed to prepare a person for employment. Vote 16-4.

Amendment (1424h)
Amend RSA 189:70, I(d) as inserted by section 1 of the bill by replacing it with the following:
(d) Take or threaten to take any action against a student or prospective student to discipline or prohibit such student or prospective student from participation in curricular or co-curricular activities for refusal to disclose information or to take actions specified in subparagraphs (a)-(c).
Amend RSA 189:70, II(a) as inserted by section 1 of the bill by replacing it with the following:
(a) Conducting an investigation, without requiring or requesting access to a personal social media account through username, password, or other means of authentication, for the purpose of ensuring compliance with applicable law or educational institution's policies against student misconduct based on the receipt of specific information about activity associated with a student's social media account. In the case of a minor, the educational institution may request the student's parent or guardian to provide specific data from the student's social media account.

Amend RSA 189:70, IV(a) as inserted by section 1 of the bill by replacing it with the following:

(a) "Educational institution" means a public or private school, college, university, or other institution that offers students, participants, or trainees an organized course of study or training that is academic, technical, vocational, trade-oriented, or designed to prepare a person for employment. "Educational institution" shall not include a military school.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Sylvia offered floor amendment (0597h).

Floor Amendment (0597h)

Amend RSA 189:70, I(d) as inserted by section 1 of the bill by replacing it with the following:

(d) Take or threaten to take any action against a student or prospective student to discipline or prohibit such student or prospective student from participation in any activity for refusal to disclose information or to take actions specified in subparagraphs (a)-(c).

Amend RSA 189:70, II(a) as inserted by section 1 of the bill by replacing it with the following:

(a) Conducting an investigation, without requiring or requesting access to a personal social media account through username, password, or other means of authentication, for the purpose of ensuring compliance with applicable law or educational institution's policies against student misconduct based on the receipt of specific information about activity associated with a student's social media account.

Amend RSA 189:70, IV(a) as inserted by section 1 of the bill by replacing it with the following:

(a) "Educational institution" means a public college, public university, or other institution that offers students, participants, or trainees an organized course of study or training that is academic, technical, vocational, trade-oriented, or designed to prepare a person for employment. "Educational institution" shall not include a military school, a nonpublic or private school, or a home school or home education program.

Rep. Sylvia spoke in favor.

Rep. Boehm spoke against.

Floor amendment (0597h) failed.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. William O'Brien moved that the House reconsider its action whereby, on a voice vote, the House failed to adopt floor amendment (0597h) on **HB 142,** relative to student social media policies by education institutions.

On a division vote, 196 members having voted in the affirmative and 165 in the negative, the motion was adopted.

CONSIDERATION OF FLOOR AMENDMENT

The question now being adoption of floor amendment (0597h).

On a division vote, 112 members having voted in the affirmative and 249 in the negative, floor amendment (0597h) failed.

Committee report adopted and ordered to third reading.

REGULAR CALENDAR CONT'D

HB 206, relative to non-academic surveys or questionnaires given to students. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Mary Stuart Gile for the Majority of Education. This bill requires school districts to adopt a policy regarding student participation in non-academic surveys, or questionnaires. The bill further states that the policy require school districts to make such survey/questionnaires and their purpose available to students' parents/legal guardians at least 10 days prior to the distribution to students. The committee also supported that the students/parents/legal guardians, right to opt out of participating in non-academic surveys be included in the policy. Vote 17-4.

Rep. James Verschueren for the Minority of Education. The minority has no objection to parental notification. Had this bill limited its reach requiring that every school district have in place a policy to specify notification requirements, there would be no objection. The fault with this bill is that it unnecessarily tramples on the local authority of the school board to determine how best to meet the laudable objective of effective parental notification. Worse still, federal law already requires parental notification, rendering this law duplicative and unnecessary.

Majority Amendment (0410h)

Amend RSA 186:11, IX-d as inserted by section 1 of the bill by replacing it with the following:

IX-d. Require school districts to adopt a policy governing the administration of non-academic surveys or questionnaires to students. The policy shall require school districts to notify a parent or legal guardian of a non-academic survey or questionnaire and its purpose. The school district shall make such surveys or questionnaires available, at the school and on the school or school district's website, for review by a student's parent or legal guardian at least 10 days prior to distribution to students. The policy shall also allow a parent or legal guardian to opt out of the non-academic survey or questionnaire either in writing or electronically. In this paragraph, "non-academic survey or questionnaire" means surveys, questionnaires, or other documents designed to elicit information about a student's social behavior, family life, religion, politics, sexual orientation, sexual activity, drug use, or any other information not related to a student's academics.

Rep. Moore spoke against.

Rep. Hoell requested a roll call; sufficiently seconded.

and the majority committee amendment was adopted.
Majority committee report adopted and ordered to third reading.

HB 283, requiring school districts to establish a policy permitting a pupil's parent or legal guardian to observe his or her classes. **INEXPEDIENT TO LEGISLATE.**
Rep. John L. Balcom for Education. The majority of the committee agreed that all school districts should have such a policy; however, visitation by a pupil's parent could be requested for a myriad of reasons, some of which are based in family court decisions. Therefore, dictating guidelines for this policy is best left to the local school boards and administration. Vote 16-4.
Committee report adopted.

CACR 4, relating to the right to vote. Providing that 17-year olds who will be eligible to vote in the general election be permitted to vote in the election's primary election. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Barbara J. Griffin for the Majority of Election Law. This CACR seeks to change Article 11 of the New Hampshire Constitution to allow inhabitants of the state who are 17 years of age at the primary, but 18 years of age at the general election, to vote in the primary for that general election in the community that is their domicile. The language of our constitution provides clear guidance. A change as proposed will create questions of applicability in other elections, such as special elections, and if the date of the primary is changed the period of time in question could be more than doubled. Implementation will cause more work for local officials for what is a political party event. There are also enforcement and implementation issues when primary and general elections occur on the same day. Currently individuals can register to vote in an election when they are 17 years of

age allowing them to vote in the general or local election. While it was presented that the primary goal of the change is to increase voter turnout and participation, there was no evidence presented of such a long-term change in voter turnout in the 13 states where it has been implemented. Vote 10-7. Rep. Wayne M. Burton for the Minority of Election Law. If approved by the house and by voters in the state via the 2016 general election, this proposed constitutional amendment would grant inhabitants 17 years of age who will reach age 18 prior to the general election an equal right to vote in the primary leading to that election. The minority of the committee finds more than sufficient reason to put this issue before the voters in the next election cycle. The students from Merrimack High School who developed the proposal gave compelling arguments on behalf of their generation that disallowing their participation in the primary when they are 17, deprives them of their right to participate in the process of selecting the candidates who appear on the general election ballot when they can vote having attained the age of 18. The minority offers two primary reasons in support of their position. Turnout is historically low among young voters. This constitutional amendment if adopted would serve to encourage young people to begin voting and form a habit that will last a lifetime. The minority also believes that those old enough to be drafted into the armed forces should the draft be reinstated, deserve the opportunity to vote in the election establishing the national leaders who would make such a decision. Arguments against CACR 4 had to do with potential administrative challenges. David Scanlan, the Deputy Secretary of State testified that any administrative problems were not insurmountable. He also concurred with the assertion that administrative challenges should not preclude the adoption of a policy that will inspire young people to vote, a goal of the committee and his office. If the students from Merrimack High School, who had experienced what they perceive as unjust treatment – no vote in the primary, a vote in the general – are any example of the youth of the state, democracy in New Hampshire will be the beneficiary of an ought to pass recommendation.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Reps. Notter and Burton spoke against.
Reps. Barbara Griffin and Gray spoke in favor.
On a division vote, 263 members having voted in the affirmative and 93 in the negative, the majority committee report was adopted.

HB 185, authorizing straight ticket voting. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Robert A. Luther for the Majority of Election Law. This bill would allow straight ticket voting. In 2007, the straight ticket option was repealed. Over many years, election officials working on recounts reported many instances that confirmed voter confusion relating to straight ticket voting. In some instances, it is difficult to determine the intent of the voter. Voters still have the ability to vote for all candidates in one party without the straight ticket. Vote 16-2.
Rep. William M. Gannon for the Minority of Election Law. We, the minority, believe it should be a person's choice as a free citizen to choose to cast a straight ticket for one party. The majority argued that there can be administrative problems with straight ticket balloting on ballots that subsequently don't proceed with a straight ticket on their ballot and make counting hard. This, though problematic, avoids the intent of the bill, which is to give a voter their choice of an easy, straightforward vote for the party of their choice.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. Gannon spoke against and yielded to questions.
Rep. Gray spoke in favor.
On a division vote, 335 members having voted in the affirmative and 28 in the negative, the majority committee report was adopted.

HB 404-FN, relative to showing a ballot. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. James P. Gray for the Majority of Election Law. Current law prohibits a person from showing his or her marked ballot in order to hinder any effort to sell votes. This law was updated last year to add a prohibition on taking a digital image or photograph of a marked ballot. Just as with HB 228, the committee believes that we should wait for the outcome of pending litigation before making any changes to this law. Vote 14-2.

Rep. Kathleen F. Souza for the Minority of Election Law. The minority of the committee felt that HB 404, repealing the current prohibition on showing one's ballot, is consistent with our right of free speech, a constitutional guarantee not to be abridged by the possibility that someone might attempt voter coercion. The person attempting coercion should be guilty of a crime, not the person exercising one's first amendment rights.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Reps. Rideout and Burt spoke against.
Rep. Gray spoke in favor and yielded to questions.
Rep. Hoell requested a roll call; sufficiently seconded.

SULLIVAN

Irwin, Virginia Rollins, Skip

and the majority committee report was adopted.

The House recessed at 12:25 p.m.

RECESS

The House reconvened at 1:25 p.m.

(Speaker Jasper in the Chair)

REGULAR CALENDAR CONT'D

HB 463, relative to state agency communications. **MAJORITY: OUGHT TO PASS. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter R. Leishman for the Majority of Finance. The Legislative Budget Assistant (LBA) is legislatively mandated to conduct both performance and fiscal audits of state administrative agencies. From time to time agency heads have claimed that requested information is either confidential or attorney-client protected and have relied on the attorney general's office to support their position. The majority of the committee believes that should an administrative agency claim requested documents are confidential or attorney-client protected, the joint legislative fiscal committee should be tasked with determining whether documents are in fact confidential. Finally, we believe the question of disclosure of alleged confidential or attorney-client protected documents by the elected house and senate members of the fiscal committee, rather than the attorney general, will greatly enhance the LBA's on-going efforts to provide complete and transparent audits of administrative agencies and will not result in public disclosure of any confidential documents. Vote 19-5.

Rep. Cindy Rosenwald for the Minority of Finance. A loophole in the HIPAA privacy rule allows individually-identifiable medical records to be released to the Legislative Budget Assistant. The minority believes that psychiatric records of New Hampshire residents should not be disclosed to the legislative branch. The minority amendment requires that no individually-identifiable medical information be disclosed to the LBA; de-identified records will be available for use in audits.

The question being adoption of the majority committee report of Ought to Pass.
Rep. Rosenwald offered floor amendment (0521h).

Floor Amendment (0521h)

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 New Section; Audits; Personal Health Information. Amend RSA 14 by inserting after section 31-c the following new section:

14:31-d Personal health information about an individual's medical condition or treatment disclosed during the course of an audit under this subdivision shall not contain the name or address of the individual unless the personal health information does not include a unique identifying record number.

Rep. Rosenwald spoke in favor.
Rep. Lynne Ober spoke against and requested a roll call; sufficiently seconded.

and floor amendment (0521h) failed.
Majority committee report adopted and ordered to third reading.

HB 539-FN, establishing an early learning incentive fund in the department of education. **INEXPEDIENT TO LEGISLATE.**

Rep. Laurie J. Sanborn for Finance. This bill creates a new dedicated fund in the department of education for the purpose of developing voluntary early learning programs for children aged 3-5. The fund would be non-lapsing and continually appropriated, and would be able to accept gifts and funding from any sources. Although this bill does not appropriate any funds, the majority of the committee is concerned about creating yet another dedicated fund and did not receive sufficient compelling data to support the necessity of this fund, given the existence of early learning programs. For these reasons, the majority believes this bill is Inexpedient to Legislate at this time. Vote 14-9.

Rep. Gile spoke against.
Rep. Sanborn spoke in favor.
Committee report adopted.

HB 631-FN-A, making an appropriation to the New Hampshire state house bicentennial education and commemoration fund. **INEXPEDIENT TO LEGISLATE.**
Rep. Peter J. Spanos for Finance. RSA 17-R:3 initially established the New Hampshire State House Bicentennial Education and Commemoration Fund. This non-lapsing dedicated fund may accept various grants and gifts presently. HB 631-FN-appropriated $1 into the fund and is unnecessary. Vote 21-3.
Committee report adopted.

HB 638-FN-A, reestablishing the catastrophic illness program and making an appropriation therefor. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Dan McGuire for the Majority of Finance. This bill reinstitutes the catastrophic illness program, which ended four years ago. It paid for some uncovered expenses for those with one of six specific severe medical conditions. HHS was given wide latitude on what expenses were covered, to what extent, how the program was administered, etc. This flexibility proved useful for the department to cover necessary items that otherwise would have fallen through the cracks. In its last two years, the program spent roughly $100,000 per year. The department states that today a $70,000 staff person would be required to run the program, so administrative expenses are very high. The committee also heard testimony that in the intervening years, insurance coverage has increased, and together with other changes to medical programs, the need for the program has lessened. Finally, if the department sees a need to resurrect the program, it can be done as part of their budget. For these reasons, HB 638 is Inexpedient to Legislate. Vote 14-10.
Rep. Katherine D. Rogers for the Minority of Finance. The minority believes that HB 638 would reserve a place in the budget for this program that was repealed in 2011. This program assisted residents of NH suffering from catastrophic illnesses in gaining access to needed diagnostic, curative, and rehabilitative health services when they are unable to pay the entire cost of the medical care and treatment on a continuing basis despite the existence of insurance, Medicare, Medicaid and other governmental assistance programs and private charitable assistance programs. HB 638 called for an appropriation of only $1.00 to act as a "place holder" to allow for future discussion of this important and needed program.
Majority committee report adopted.

HB 136, prohibiting tanning facilities from tanning persons under 18 years of age. **OUGHT TO PASS.**
Rep. John Fothergill for Health, Human Services and Elderly Affairs. The committee considered three aspects. First was the safety of tanning and the preponderance of data, which shows tanning to be unsafe. The business aspect was considered, but the industry itself, assured us it was only between 0.5-2% of their business. Finally, parental rights were discussed at length and the benefits of preventing children under 18 from tanning are similar to the benefits of attempts to minimize their exposure to tobacco. Vote 14-0.

MOTION TO LAY ON THE TABLE

Rep. Itse moved that **HB 136,** prohibiting tanning facilities from tanning persons under 18 years of age, be laid on the table.
Rep. Sherman requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.
Rep. Infantine declared a conflict of interest and did not participate.

HB 389-FN, repealing the certificate of need moratorium. **INEXPEDIENT TO LEGISLATE.** Rep. Thomas M. Sherman for Health, Human Services and Elderly Affairs. This bill carves out the nursing home, skilled nursing facility, intermediate care facility and rehabilitation facility industry for a moratorium on the certificate of need statute restrictions. The majority of the committee, while divided on whether the CON process should be allowed to sunset in 2016 as planned, were united in their opposition to exceptional carve outs from the CON process without clear benefit to the citizens of New Hampshire and with testimony to the resulting significant negative impact to current providers. Vote 9-5.
Rep. Carol McGuire spoke against.
Rep. Sherman spoke in favor.
On a division vote, 205 members having voted in the affirmative and 129 in the negative, the committee report was adopted.

HB 476-FN, amending the definition of "qualifying medical condition" in the therapeutic cannabis law. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Stephen J. Schmidt for Health, Human Services and Elderly Affairs. This bill, as amended, adds epilepsy, lupus, parkinson's disease and dementia associated with alzheimer's to the list of conditions for therapeutic cannabis. Compelling medical testimony was heard for reasons to include these chronic conditions and diseases in the therapeutic cannabis legislation to the benefit of New Hampshire patients. The bill leaves intact all the controls in place to restrict cannabis use to those patients where traditional medicine has failed to provide relief and continues to require a long-term relationship with a physician. Vote 10-3.

Amendment (0308h)

Amend RSA 126-X:1, IX(a) as inserted by section 1 of the bill by replacing it with the following:

(a) "Qualifying medical condition" means the presence of:

(1) Cancer, glaucoma, positive status for human immunodeficiency virus, acquired immune deficiency syndrome, hepatitis C currently receiving antiviral treatment, amyotrophic lateral sclerosis, muscular dystrophy, Crohn's disease, agitation of Alzheimer's disease, multiple sclerosis, chronic pancreatitis, spinal cord injury or disease, traumatic brain injury, ***epilepsy, lupus, Parkinson's disease, dementia associated with Alzheimer's disease,*** or one or more injuries that significantly interferes with daily activities as documented by the patient's provider; and

(2) A severely debilitating or terminal medical condition or its treatment that has produced at least one of the following: elevated intraocular pressure, cachexia, chemotherapy-induced anorexia, wasting syndrome, severe pain that has not responded to previously prescribed medication or surgical measures or for which other treatment options produced serious side effects, constant or severe nausea, moderate to severe vomiting, seizures, or severe, persistent muscle spasms.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

CACR 9, relating to judgment on impeachment. Providing that persons impeached by the senate forfeit their state pensions and state-funded insurance. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Timothy O. Horrigan for the Majority of Judiciary. There have been only two impeachment trials in the history of the State of New Hampshire, and neither defendant was convicted by the State Senate. In 1790, Justice Woodbury Langdon resigned his post as a state judge during the trial, and in 2000, the senate acquitted Chief Justice David Brock. If either official had been convicted, the only penalties the Senate could have imposed, pursuant to Part second, Article 39 of the state constitution, would have been "removal from office" and "disqualification to hold or enjoy any place of honor, trust or profit under this State." Part second Article 39 has been unchanged since 1784, and the majority of the committee concluded that there was no need to change it now. The proposed additional penalties in CACR 9 of "the forfeiture of all state pension contributions and the profit thereon, and the loss of state-funded healthcare insurance" were unnecessary, in the view of the majority, and also could quite possibly be in violation of federal employee-benefits law. Moreover, the proposed changes to Part second, Article 39 are in conflict with the existing language of Part first, Article 36-a, which stipulated that funds contributed to the New Hampshire Retirement System (including the new Hampshire Judicial Retirement System) "shall not be encumbered for, or diverted to, any other purposes." Vote 14-1.

Rep. Kurt F. Wuelper for the Minority of Judiciary. CACR 9 mandates a government officer who has been removed from office through impeachment, not receive any government funded pension/health benefits. The minority finds this a reasonable addition to the constitutionally specified maximum penalty.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Itse spoke against.

Rep. Hoell requested a roll call; sufficiently seconded.

Gagnon, Raymond Rollins, Skip

and the majority committee report was adopted.

HB 151, establishing a committee to study end-of-life decisions. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Larry R. Phillips for the Majority of Judiciary. A bi-partisan majority supports helping citizens encounter end of life with personal, medical and appropriate decisions. This bill would study innovative approaches to medical care and dying, many of which have been implemented in other states. Through the efforts of such a committee, new initiatives could emerge. Vote 9-7.

Rep. Gary S. Hopper for the Minority of Judiciary. The sponsor of HB 151 would like us to use taxpayer's money to study "end of life issues." This is merely a euphemism for state-assisted suicide. Although the minority has great compassion for those who are at the end of their natural lives, we believe that this issue has been studied at great length in many places around this country and there is no need for New Hampshire to pay for a study, too.

The question being adoption of the majority committee report of Ought to Pass.

On a division vote, 189 members having voted in the affirmative and 161 in the negative, the majority committee report was adopted and ordered to third reading.

HB 203, relative to the unauthorized practice of law. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David Woodbury for Judiciary. The legislature passed this measure last term but failed to take into account that many properties are owned by trusts. Trustees were not included in the original bill. This bill now extends to trustees, beneficiaries and their designees and/or property manager. The minority felt that the original bill should be allowed to mature or ripen to see what problems might actually arise. However, the omission of trustees was recognized last term at a point in time when amendment was no longer available. Vote 7-6.

Amendment (0284h)

Amend RSA 540:30 as inserted by section 1 of the bill by replacing it with the following:

540:30 Unauthorized Practice of Law; Exception; Certain Employees and Members of Limited Liability Companies, Corporations, or Partnerships. Notwithstanding RSA 311:7, a person of good character who is not approved to practice law in New Hampshire, but is a member or employee of a limited liability company, corporation, or partnership, which has 5 or fewer members, ***that owns the premises, or is the trustee or beneficiary or the trustee's or beneficiary's designee of a trust that owns the premises, or is employed or contracted to manage the premises by the owner of the premises*** shall, with the proper written authorization from the organization, be authorized to represent the entity on matters in the circuit court of New Hampshire arising under this chapter ***and RSA 503***; provided that each such appearance shall require a new written authorization ***and the cases under RSA 503 are a landlord/tenant dispute***.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 290, relative to the acceptance of risk in outdoor recreational activities. **OUGHT TO PASS.**
Rep. Michael J. Sylvia for Judiciary. This bill is a good bill for land owners, and it is even better for land users. If that isn't enough, it is also good for the State of New Hampshire. We all know how important outdoor recreational activity is to the economy of this state. By easing concerns of possible lawsuits, this bill allows bikers, horse riders, hikers, snowshoers, cross country skiers and dog mushers to access the great network of trails throughout the state. While outdoor recreational activities carry a variety of potential risks, the enthusiasts are fully willing to accept the personal responsibility that is inherent in their sports. This bill brings the outdoor recreational activities assumption of risk in line with that of snowmobiles and OHRV operations. Vote 13-4.
Committee report adopted and ordered to third reading.

HB 315, relative to termination of tenancy. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**
Rep. Michael J. Sylvia for the Majority of Judiciary. The business of residential rentals is a unique type of business. The landlord, particularly in a multi-family property, needs to provide a hospitable environment for all of his or her customers (tenants). As law enforcement will attest, domestic quarrels can be the most volatile of relations. Landlords prefer to have peaceable customers that all get along. To this end, landlords are very careful about screening their new customers to assure that they will fit into the environment he or she wishes to maintain. It is a poor business practice to have frequent turnover in the residential property arena. Eviction is a sign of a failure in this business; it is only sought as a last resort. Eviction can be expensive and time consuming. HB 315 provides three additional causes for which a landlord may seek eviction; if the tenant fails to establish utility services, the tenant has an unauthorized person staying for extended periods, or the tenant keeps unauthorized pets or animals. Vote 11-7.
Rep. Timothy O. Horrigan for the Minority of Judiciary. HB 315 would add three items to the list of infractions, which can justify eviction with 7 days notice: failure to establish utility service, keeping one or more pets without permission of the landlord, or having any person staying more than 14 days in a row or 30 days per year without the landlord's written permission. The minority concluded that this bill was unnecessarily broad. The minority was especially concerned about the provision, which would allow a landlord to evict tenants merely because friends or family members happen to visit for more than just a few days. The concerns behind this bill could best be dealt with by addressing these issues specifically in tenants' lease contracts. Existing law already allows landlords to evict any tenant with 7 days notice who causes substantial damage to the property and/or who endangers the landlord, the landlord's representatives or other tenants. Existing law also allows landlords to evict tenants for any legitimate business or economic reason with 30 days notice.

Majority Amendment (0298h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraphs; Termination of Tenancy. Amend RSA 540:2, II by inserting after subparagraph (g) the following new subparagraphs:

(h) Failure by the tenant to establish utility service in the tenant's name or termination by the tenant or the utility provider of a utility service, where payment for such utility service is the tenant's obligation under the lease or rental agreement, provided that:

(1) No tenancy shall be terminated under this subparagraph if prior to the expiration of the eviction notice the tenant has the utility service established or restored and has reimbursed the landlord any costs associated with tenant's termination of said utility; and

(2) If the tenant cures his or her failure pursuant to subparagraph (1), the landlord may still initiate an eviction action pursuant to RSA 540:2, II(b) in cases in which the tenant's failure caused substantial damage to the premises, or the tenant has cured such failure more than 3 times in 12 months.

(i) A person staying in the leased premises who is not a party to the lease or rental agreement, without the written consent of the landlord, more than 14 consecutive days or 30 days in a 12-month period. No tenancy shall be terminated under this subparagraph if the tenant has the person who is not a party to the lease permanently leave the premises before the expiration of the eviction notice, provided that the tenant has not previously cured this breach of the lease or rental agreement.

(j) Having one or more pets or animals in the leased premises in violation of the lease or rental agreement. No tenancy shall be terminated under this subparagraph if the tenant has the unauthorized pets or animals permanently removed from the premises before the expiration of the eviction notice, provided that the tenant has not previously cured this breach of the lease or rental agreement.

2 Eviction Notice. Amend RSA 540:3, II to read as follows:

II. For all residential tenancies, 30 days' notice shall be sufficient in all cases; provided, however, that 7 days' notice shall be sufficient if the reason for the termination is as set forth in RSA 540:2, II(a), (b), [~~or~~] (d), ***(h), (i), or (j)***.

3 Effective Date. This act shall take effect January 1, 2016.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Sylvia requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 540-FN, relative to access to court records in parenting cases. **INEXPEDIENT TO LEGISLATE.**
Rep. Linda B. Kenison for Judiciary. This bill adds a new section to RSA 461, Parental Rights and Responsibilities by adding section 461-A:25, Access to Court Records. This bill would require the court to provide parties with access to all records filed in parenting or child support cases. In addition, any court officer or employee who fails to comply shall be subject to prosecution for official oppression pursuant to RSA 643:1. This bill is in direct conflict with Chapter 170-C, Termination of Parental Rights. Specifically, 170-C:14 Confidentiality of Records. The bill as written would apply to court sealed records. HB 540 violates critical confidentiality protections. Releasing these sensitive documents could result in significant harm to the parties involved. Vote 16-2.
Committee report adopted.

HB 191, relative to projects which are privately financed in energy efficiency and clean energy districts. **OUGHT TO PASS.**
Rep. Marjorie A. Porter for Municipal and County Government. This bill removes dollar amount caps and requirements for a loan loss reserve for projects which are privately financed in energy efficiency and clean energy districts under RSA 53-F. This clarifies the intent of the amendment to RSA 53-F added by the senate in 2014. Although understood in both the senate committee and the committee of conference in 2014 that projects financed by private investors would not be subject to dollar amount caps, the statute as written is unclear and has raised concerns from businesses interested in implementing energy efficiency and clean energy projects. Having the legislature cap the size of projects in this market-led effort will stymie project development and therefore reduce the benefits of the program. In addition, a loan loss reserve is unnecessary for privately financed projects because investors are interested in the program without one. The committee agreed that for projects that pose no financial risk to a municipality, the private market should negotiate details of projects without the general court limiting their conditions. Vote 10-5.

LAID ON THE TABLE

Rep. James Belanger moved that **HB 191,** relative to projects which are privately financed in energy efficiency and clean energy districts, be laid on the table.
Motion adopted.

REGULAR CALENDAR CONT'D

HB 192, relative to the valuation of utility property. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Clyde J. Carson for the Majority of Municipal and County Government. This bill differentiates between the valuation of utility property as determined by the DRA for purpose of the state utility tax and the valuation of that property as determined by municipalities for purpose of municipal property taxes. This differentiation applies specifically to municipal property tax abatement requests from utilities. The vast majority of NH municipalities hire professional assessors to value utility property as part of their municipal appraisals. The methods used by municipalities are market based, consistent with the way other property is appraised by municipalities and have been accepted by the courts as valid. The DRA uses cost to acquire minus depreciation for its appraisals, which is comparable to the asset value on the utility books. The DRA then allocates the value back to the municipalities in a way that makes direct comparisons difficult. The result of these two different approaches is that municipal appraisals are higher than the appraisals from the DRA. What has happened is that utility companies challenge the municipal appraisal through the abatement process, citing the lower DRA valuation with an expectation that the municipalities will settle for something less. The municipalities must either decide to take a lesser amount or go to court. Many municipalities are currently joined together defending against one utility in court, which is costly. This bill would not stop utilities from requesting abatements, but would not allow the DRA valuation to be used as the basis for those abatement requests. Vote 11-4.

Rep. Susan C. DeLemus for the Minority of Municipal and County Government. The minority of the committee felt this bill should be retained because of the disparity on how utility property is assessed differently for the same property in different communities. The DRA assessment method may result in lower assessed values but they treat similar property more uniformly. Removing the ability of a utility to use a differing opinion of value in an appeal prevents them from using evidence to prove their case. Majority committee report adopted and ordered to third reading.

HB 416-L, relative to compensation for members of the Coos county convention. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Susan C. DeLemus for the Majority of Municipal and County Government. A majority of the committee felt that increasing the per diem for one out of 10 counties was not acceptable. The geographic area covered and the distances traveled to a county delegation meeting were considered but the fact that mileage was also paid for this travel swayed the committee. The county delegates often meet in Concord on session days and receive per diem. Vote 11-7.

Rep. Jane E. Beaulieu for the Minority of Municipal and County Government. The minority of the committee felt this bill should pass because most of the members of the Coos County Delegation co-sponsored this bill, which means most of these state legislators recommend passage. Coos County represents 21% of the state's land mass, which makes it very difficult for members of the delegation to meet at one designated location for county convention. This delegation wishes to have the right to meet in Coos County and to be paid for each meeting they call to fulfill their obligations. Currently the Coos County Delegation meet once in Concord for county convention on session days because most of the county delegation members attend session day and a quorum is in attendance. This meeting is somewhat inadequate because it makes it almost impossible for constituents to attend. The delegation is asking for compensation of mileage and a sum of up to $50 for each of the three regional county convention meetings they currently conduct.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Theberge spoke against.

Rep. Kappler spoke in favor.

On a division vote, 172 members having voted in the affirmative and 167 in the negative, the majority committee report was adopted.

HB 526, relative to transfers of appropriations in Carroll county. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. James P. Belanger for the Majority of Municipal and County Government. This bill does for Carroll County substantially the same thing HB 1190 did last year for Hillsborough County. The only difference is that this bill sets the exact amount of dollars transferred between line items before requiring a vote of the executive committee is specified where the Hillsborough County bill allowed the executive committee to change that amount as they deemed necessary. This bill as amended creates more flex-

ibility to allow transfers of amounts under $1,000 without executive committee approval. Vote 10-8. Rep. Keith Ammon for the Minority of Municipal and County Government. This bill, as amended, requires department heads to request permission of the county commissioners before transferring any appropriation in excess of $1,000 from one line item to another. Then the county commissioners, if they approve, must report in writing their recommendations to the county executive committee, who then approve part or all of the transfer. It is noted that New Hampshire is not a "home rule" state but a "Dillon's Rule" state, meaning municipalities only have those powers expressly allowed by state law, and that past legislatures have enacted legislation specific to one county or another. However, there has to be a better way to govern counties than having constant requests for legislation, specific to one county or another, come before the legislature. These laws are often proposed by a select few claiming to represent the best interests of the entire county. One could come away with the impression that bills such as these are attempts to settle internal power struggles with the club of the state. The minority felt that laws governing counties should be general to all counties and enabling legislation so that each county can adopt provisions that make sense for its unique demographics, geography, etc. Why should state representatives who reside in other counties vote on laws that force a specific county government to take certain actions when they don't live in that county?

Majority Amendment (0293h)

Amend RSA 24:13-d, I as inserted by section 1 of the bill by replacing it with the following:

I. Prior to the transfer of an appropriation, or any part thereof exceeding $1,000, or an accumulative total exceeding $1,000, from one line item to another, the following procedure shall apply: a request to transfer an appropriation shall be made in writing, by the department head, whether elected or appointed, to the county commissioners, who, if they approve the same, shall report in writing their recommendation to the executive committee.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

HB 689, relative to adoption of a default budget. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Keith Ammon for the Majority of Municipal and County Government. Senate Bill 2 (SB 2), enacted in 1995, is enabling legislation that allows towns and school districts to adopt, by a 3/5 majority of the town's voters, a prepackaged set of rules designed to address perceived problems with the traditional town meeting-style of government. Approximately thirty percent of towns have since adopted SB 2. One perceived problem addressed by SB 2 is the ability of the voters to vote down the budget during town meeting. In order to prevent this, the concept of a "default budget" was introduced. The default budget amount is determined using a calculation found in RSA 40:13 IX (b). Some budget item definitions in this calculation are open to interpretation and can be abused. Under SB 2, if a majority votes "no" on the proposed budget, instead of having to renegotiate the amount of the budget with the public, the governing body is allowed to impose an amount by default. This default amount is often nearly as much as the original proposed budget, giving the voters nearly no choice on voting day. HB 689, as amended, would allow voters in SB 2 jurisdictions to place a question on the ballot asking in effect, 'should voters be able to vote on the default budget?' A 3/5th majority must approve this question. If that question passes, then on the following year's ballot, instead of just a single warrant article dealing with the budget, there would be two contingent warrant articles: one article for the proposed budget and one for the default budget, to be voted on separately. Should both the proposed and the default budget articles receive a majority vote, then the proposed budget would be the decided budget. If both questions fail to receive a majority then a traditional-style town meeting would be held for the sole purpose of determining the amount of the budget. This final resort is similar to how many local political subdivisions already determine their budgets. Vote 10-6.

Rep. Marjorie A. Porter for the Minority of Municipal and County Government. This bill seeks to change the way official ballot, or SB 2, towns vote for a budget. Presently, the governing body offers a proposed budget to the voters at a deliberative session, where changes can be made; at a later date, voters approve it or not in the voting booth. If the proposed budget fails, current law provides that a default budget is automatically adopted. Current law specifies what figures should and must be included in the default budget. HB 689 would change the law such that both the proposed AND the default budgets would be voted on in the voting booth. If both fail, a special "town meeting" would be held, where citizens would determine the operating budget. The bill does not specify what would happen

if both budgets were to pass. The minority feels this process is unwieldy, and will cause confusion in the voting booth. It will create delays in getting budgets passed, and may result in a small group of vocal citizens passing an unworkable budget, leaving the town underfunded or unable to provide needed services. If voters are unhappy with the SB 2 process, nothing in current law prevents them from returning to the traditional town meeting format, or pursuing the establishment of a municipal charter.

Majority Amendment (0436h)

1 New Section; Use of Official Ballot; Contingent Warrant Article. Amend RSA 40 by inserting after section 13 the following new section:

40:13-a Contingent Warrant Article.

I. As an alternative to the provisions of RSA 40:13, X, the legislative body of the local political subdivision may, by a 3/5 majority of those voting on the question, require the default budget to be placed on the ballot as a separate contingent warrant article if no operating budget article is adopted. If neither the operating budget nor the default budget is adopted, the governing body may call a special meeting to take up the issue of a revised operating budget only; provided that RSA 31:5 and RSA 197:3 shall not apply to such a special meeting. The special meeting shall consist of a single session held pursuant to RSA 39 and RSA 40:1 through RSA 40:12, and shall not be subject to RSA 40:13.

II. The question of adopting the alternative in this section shall be placed on the official ballot at an annual meeting by the governing body or by petition under RSA 39:3 or 197:6, and shall read substantially as follows:

"Shall (local political subdivision) adopt the provisions of RSA 40:13-a, requiring the default budget to be placed on the ballot as a separate contingent warrant article if no operating budget article is adopted, and providing that the governing body may call a special meeting to take up a revised operating budget in the event that neither the operating budget nor the default budget is adopted?"

III. If the question is approved by a 3/5 majority of those voting on the question, the alternative shall be in effect beginning with the following year's annual meeting. The legislative body may rescind its adoption of this paragraph in the same manner.

IV. In political subdivisions that require the default budget to be voted on as a separate contingent warrant article if no operating budget article is adopted, the wording of the second session ballot question concerning the operating budget shall be as follows:

"Shall (local political subdivision) raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling $_____?"

V. Should the article in paragraph IV be defeated, the wording of the second session contingent ballot question concerning the default budget shall be as follows:

"Shall (local political subdivision), if article ___ is defeated, raise and appropriate as the default budget $ _____, which is the same as last year, with certain adjustments required by previous action of (local political subdivision) or by law? Should this article be defeated, the governing body shall call one special meeting to take up the issue of a revised operating budget only."

2 Effective Date. This act shall take effect 60 days after its passage.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Porter spoke against.

Rep. Ammon spoke in favor.

Rep. Burt requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 213, establishing an energy awareness commission. **INEXPEDIENT TO LEGISLATE.**
Rep. Herbert R. Vadney for Science, Technology and Energy. This bill would establish a special committee to focus on educating society to be more aware of energy issues. It is hard to imagine how any subject could get more visibility than energy already gets in radio, television, print media, schools, etc. Vote 15-3. Committee report adopted.

HB 316, establishing a committee to study offshore wind energy production. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Herbert R. Vadney for the Majority of Science, Technology and Energy. The recently completed study of offshore wind painted a fairly dismal future for offshore wind. Although it is the place where the wind blows best, it is also where it is most difficult to install, to connect and to manage. Most of the currently installed offshore turbines are in shallow water (less than 50 feet). Our water past the Isle of Shoals gets deep very quickly dropping to 200-400 feet within four miles. No wind turbine anywhere has been installed in water even close to that depth. Further, the multiple line splices required to connect deep underwater transmission lines are extremely difficult. At best, another off-shore wind study now would be extremely premature. Vote 11-7.
Rep. Charles L. Townsend for the Minority of Science, Technology and Energy. A similar committee established through HB 1312 during the 2014 session met seven times and developed a great deal of information, including a finding that New Hampshire should continue to coordinate with the offshore wind development projects in Massachusetts and Maine. Continuing coordination will facilitate a request to the federal Bureau of Ocean Energy Management to identify suitable areas for wind energy development in the Massachusetts/New Hampshire/Maine offshore areas. Majority committee report adopted.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Flanagan moved that the House reconsider its action whereby, on a division vote of 172-167, the House adopted the majority committee report of Inexpedient to Legislate on **HB 416-L,** relative to compensation for members of the Coos county convention.
Rep. Flanagan spoke against.
Rep. Porter spoke in favor.
On a division vote, 205 members having voted in the affirmative and 138 in the negative, the motion was adopted.

CONSIDERATION OF HB 416-L

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. Porter spoke against and yielded to questions.
Reps. Kappler and James Belanger spoke in favor.
Rep. Burt requested a roll call; sufficiently seconded.

and the majority committee report failed.
Rep. Shurtleff moved the minority committee report of Ought to Pass.

PARLIAMENTARY INQUIRY

Rep. Kappler inquired if **HB 416-L,** relative to compensation for members of the Coos county convention, could be laid on the table. The Speaker stated the motion would be out of order.

The question now being adoption of the minority committee report of Ought to Pass.
On a division vote, 200 members having voted in the affirmative and 155 in the negative, the minority committee report was adopted and ordered to third reading.

REGULAR CALENDAR CONT'D

HB 379, establishing a commission to study the effects of ocean acidification on commercially harvested species. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Michael Vose for the Majority of Science, Technology and Energy. This bill sought to establish a commission to study the effects of ocean acidification on commercially harvested species. Testimony revealed that many regional organizations have ongoing research projects to study this problem. New Hampshire Department of Environmental Services (DES) has representatives on one or more of these organizations. University of New Hampshire scientists are also studying this problem. Vote 10-9.
Rep. David A. Borden for the Minority of Science, Technology and Energy. Acidification has increased dramatically in the world's oceans, threatening hard-shelled species including lobsters. The minority of the committee felt that we should join Maine, Massachusetts, Rhode Island and the Maritime Provinces of Canada, which all have commissions to study this issue. The New Hampshire acidification commission will focus on how this growing problem will affect our fishing industry and help us present a united regional front in dealing with the federal government.

LAID ON THE TABLE

Rep. Borden moved that **HB 379,** establishing a commission to study the effects of ocean acidification on commercially harvested species, be laid on the table.
On a division vote, 218 members having voted in the affirmative and 121 in the negative, the motion was adopted.

REGULAR CALENDAR CONT'D

HB 382, establishing a committee to study facilitating private investment in energy efficiency and renewable energy. **OUGHT TO PASS.**
Rep. Marjorie J. Shepardson for Science, Technology and Energy. This bill addresses two of the recommendations in the 10-Year State Energy Strategy: "improve consumer access to financing," and "attract private financing." There is enormous, pent up demand for energy investment and private investors are interested in energy efficiency, but we have not yet seen significant investment in New Hampshire. A study committee would be an effective way to start finding a solution that would benefit the state's ratepayers while helping us become more energy efficient. Vote 10-9.
Committee report adopted and ordered to third reading.

HB 409, banning corn-based ethanol as an additive to gasoline in New Hampshire. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Douglas W. Thomas for the Majority of Science, Technology and Energy. The majority of the committee felt that this bill would increase the price of gasoline by requiring 100% pure gasoline for New Hampshire only. Currently, all states in the region use a 10% blend of corn ethanol to gasoline (E10). Gasoline is more expensive than ethanol; production costs would be greater due to a unique and smaller amount refined, and delivery costs would increase since special deliveries would be needed. The vast majority of vehicles and newer model 2-cycle engines have been manufactured to accept E10 without harm to the engine and now run more efficiently. Corn used for ethanol is not used for food, but produces high-valued co-products, one of which lowers the cost of animal feed. In fact, since 2005 the price of food has increased at nearly the rate of the consumer price index and has not been affected by the increased production of corn for ethanol. Other gains in the environment by the use of E10 were also noted. Although arguments were heard that 100% gasoline is a slightly more efficient fuel than E10, the committee felt that the potential downside of New Hampshire being the only state without ethanol gasoline outweighed this one factor. Vote 17-1.

Rep. Jeanine M. Notter for the Minority of Science, Technology and Energy. The minority of one understands the committee's reasons for voting against the repeal. The lone "nayer" voted on principle: ethanol attracts water, causing rust, especially in smaller engines. Gasoline without ethanol costs more but the gas mileage improves. Gasoline without the 10% ethanol is available in a few locations. Airports were mentioned during the hearing. Some people do go the distance to buy gas without 10% ethanol, such as flyers of RC planes, or the prime sponsor of the bill.

Majority committee report adopted.

HB 543, repealing the electric renewable portfolio standard. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Herbert D. Richardson for the Majority of Science, Technology and Energy. This is the third of the three bills seeking to change the state's renewable portfolio law. After several hours of testimony, the vast majority of which opposed the bill, the committee recommends no further changes to the RPS program. This bill would have repealed the program altogether; to do so would eliminate hundreds of jobs and harm the state's renewable energy and forest industries. The renewable portfolio law's benefits are significant, ranging from encouraging schools and hospitals and a county complex to install wood pellet boilers to homeowner and municipal solar installations, to the state's largest biomass plant having been built in Berlin, and to the retention of the state's existing hydroelectric facilities and existing biomass plants and associated forestry jobs. For the same reasons noted in HB 234, we recommend the bill as ITL. Vote 17-2.

Rep. Jeanine M. Notter for the Minority of Science, Technology and Energy. First and foremost, the minority does have compassion for the woodsmen of New Hampshire. The committee heard from many businesses who said that they could not stay in business if it were not for the RPS mandate. What the minority objects to is the welfare subsidies creating jobs as opposed to the free market. It is taxing one group to give to another, which is against our principles. It is bad economics that increases the cost of electricity.

LAID ON THE TABLE

Rep. Richardson moved that **HB 543,** repealing the electric renewable portfolio standard, be laid on the table.

Rep. William O'Brien requested a roll call; sufficiently seconded.

and the motion was adopted.

REGULAR CALENDAR CONT'D

HB 196, requiring the removal of identifying features from vehicles formerly used as ambulances. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. George E. Sykes for the Majority of Transportation. This bill will regulate that a vehicle formerly used as a rescue vehicle or an ambulance can no longer have a siren, emergency lights, lettering with words such as emergency, ambulance or rescue. This will lessen the chance these used vehicles will be mistaken as a licensed ambulance or rescue vehicle, state, county, and municipal vehicle (leased or owned) by those entities, the American Red Cross, or transporting EMS agencies. Duly registered antique vehicles are exempt. The amendment clarifies the definitions allowing restored antique ambulances to retain their markings, and private EMS companies to also retain theirs. Vote 17-1.

Rep. Bruce E. Hodgdon for the Minority of Transportation. The minority feels that this bill puts a burden on a small business that purchases the vehicle by making them paint and remove all articles when it should be the seller. The bill should say, "Prior to selling or transfer of title, the owner or lessee shall remove all lights, lettering, siren, and repaint."

Majority Amendment (0282h)

Amend RSA 266:78-r as inserted by section 1 of the bill by replacing it with the following:

266:78-r Vehicle Formerly Used as Ambulance to Have Identifying Features Removed.

Prior to driving on the ways of the state, a vehicle which was formerly used as an ambulance or rescue vehicle but is no longer licensed as an ambulance under RSA 159-A, a person shall remove any siren, emergency lights, gold lettering, red cross, caduceus, or other medical insignia, "Keep back 500 feet," "Emergency," "Ambulance," "Rescue," or other lettering or insignia that might cause the vehicle to be mistaken for a working ambulance or rescue vehicle. The vehicle shall be repainted a different color than the traditional red and white pattern so that it is readily distinguishable from an ambulance. This section shall not apply to vehicles owned or leased by state, county, or municipal emergency response agencies, the American Red Cross, duly registered antique vehicles, or licensed transporting EMS agencies.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Proulx spoke against.

Rep. Sykes spoke in favor and yielded to questions.

On a division vote, 263 members having voted in the affirmative and 73 in the negative, the majority committee report was adopted and ordered to third reading.

HB 467-FN, relative to the expiration of OHRV registrations and repealing the authority for 14-month initial OHRV registrations. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Thomas C. Walsh for Transportation. This bill, as amended, allows the fish and game department to issue 14-month OHRV registrations (includes May and June) for all registrants, not just for initial registrations, which are currently allowed. This is a convenience for the growing number of OHRV enthusiasts and has the support of the fish and game department. The committee amendment also removes the costs of the original bill. Vote 14-0.

Amendment (0292h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the 14-month registration of off highway recreational vehicles.

Amend the bill by replacing all after the enacting clause with the following:

1 Off Highway Recreational Vehicles; Registrations; 14-Month. Amend the introductory paragraph of RSA 215-A:21, X to read as follows:

X. The executive director shall issue to a person applying therefor a 14-month registration to include the months of May and June for an [~~initial~~] registration of an OHRV under RSA 215-A:23, provided that the prorated [~~initial~~] registration fee and the appropriation from each fee shall be as follows:

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill allows the fish and department to issue 14-month OHRV registrations. Current law allows the 14-month registration only on the initial registration.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 559-FN, relative to vehicle registration by entities doing business in New Hampshire. **OUGHT TO PASS.**

Rep. Thomas C. Walsh for Transportation. Out of state businesses with locations in NH have the option to register their vehicles in other states. This bill requires that vehicles, which are garaged here and travel our roads, contribute to NH by also being registered here. Vote 15-0.

Rep. Abramson spoke against.

Rep. Thomas Walsh spoke in favor and yielded to questions.

MOTION TO LAY ON THE TABLE

Rep. Kappler moved that **HB 559-FN,** relative to vehicle registration by entities doing business in New Hampshire, be laid on the table.

On a division vote, 97 members having voted in the affirmative and 235 in the negative, the motion failed.

Committee report of Ought to Pass adopted and ordered to third reading.

REGULAR CALENDAR CONT'D

HB 621-FN, establishing fines for violations of the "wide berth" laws. **OUGHT TO PASS.**

Rep. Werner D. Horn for Transportation. This bill addresses an oversight in the existing wide berth laws where no fine was set for violations. Currently, violators are required to appear in court and learn of the fine there. This bill establishes a uniform fine structure. Vote 14-1.

Committee report adopted and ordered to third reading.

BILLS REMOVED FROM THE CONSENT CALENDAR

HB 302, requiring a public hearing prior to the submission of a grant application by the department of education. **INEXPEDIENT TO LEGISLATE.**

Rep. Barbara E. Shaw for Education. There are already sufficient checks and balances in place regarding grant applications by DOE. It is a comprehensive process with timelines and several layers of oversight, including executive council members and governor. Why add yet another level of government to what's already in place when there is no evidence of abuse, or misuse of funds to warrant policy change? Additionally, the federal government and the Legislative Budget Assistant (upon request) audit all grants in place. This bill is unnecessary. Vote 18-2.

Rep. Ladd spoke in favor.

Rep. Hoell spoke against and requested a roll call; sufficiently seconded.

and the committee report was adopted.

HB 228, relative to showing or specially marking a ballot. **INEXPEDIENT TO LEGISLATE.** Rep. James P. Gray for Election Law. RSA 659:35 is designed to keep a person from selling his or her vote by requiring a marked ballot to be kept private. This law was updated last year to add references to digital images photographs. It is currently the subject of a lawsuit. The committee believes that it should not be changed prior to the conclusion of the court action. Vote 16-0.

MOTION TO LAY ON THE TABLE

Rep. Rideout moved that **HB 228,** relative to showing or specially marking a ballot, be laid on the table. On a division vote, 149 members having voted in the affirmative and 184 in the negative, the motion failed.

The question now being adoption of the committee report of Inexpedient to Legislate. Rep. Rideout requested a roll call; sufficiently seconded.

and the committee report was adopted.

HB 406, relative to the date of the state primary election. **INEXPEDIENT TO LEGISLATE.** Rep. Robert A. Luther for Election Law. This bill would amend RSA 653:8, state primary elections. These elections are now held on the second Tuesday in September of every even numbered year. This bill would move the primary to the first Tuesday in June of every even numbered year. It would change the filing dates from June to March. The committee felt the change in date was too great and the filing dates would be too significant a change for towns, with all their priorities, town meetings, tax collecting, etc. Vote 18-0.

Rep. Joe Sweeney spoke against.

Rep. Luther spoke in favor.

Committee report adopted.

HB 620-FN, relative to the Interstate Voter Registration Crosscheck Program. **INEXPEDIENT TO LEGISLATE.**
Rep. Duane R. Brown for Election Law. The bill would authorize the secretary of state to enter New Hampshire into the Interstate Voter Registration Crosscheck Program. While it is important to maintain accurate voter rolls, this program has proven itself untrustworthy and three states have already withdrawn. A major concern is providing personal voter information to a third party in addition to other states. The potential for fraud and identity theft is great. Vote 15-1.
Committee report adopted.

HB 627-FN, relative to registering to vote. **INEXPEDIENT TO LEGISLATE.**
Rep. Barbara J. Griffin for Election Law. Currently, New Hampshire is exempt from some of the provisions of the National Voter Registration Act (NHRA) because we are among the states that register voters on election day. This bill proposes to eliminate election day registration, which would trigger the NHRA requirement for a number of state agencies to register voters. The cost of this change is reported to be indeterminable, but sweeping in scope and deemed "significant." The current process of same day registration is part of our state system that results in voter participation rates that are higher than other states. Given the financial consequences and voter participation rates, the committee believed this bill was inappropriate. Vote 16-0.
Rep. Kappler requested a roll call; sufficiently seconded.

and the committee report was adopted.

HB 665-FN, relative to nomination papers. **INEXPEDIENT TO LEGISLATE.**

Rep. Kathleen F. Souza for Election Law. This bill would change the number of nominations to get on the ballot. The committee felt the number was so drastically reduced that as few as 4 or 5 nominations were all that be required for some races. In addition, this bill would allow non-defined volunteer service to substitute for signatures. The committee saw many problems and ambiguities with this. Vote 15-1.

Rep. Hoelzel spoke in favor.

Rep. Abramson spoke against and requested a roll call; sufficiently seconded.

and the committee report was adopted.

HB 202, repealing the authority for the dispensing of prescription drugs in certain clinics. **INEXPEDIENT TO LEGISLATE.**
Rep. Lucy M. Weber for Health, Human Services and Elderly Affairs. The sponsor of this bill was particularly concerned about the use of mifepristone to produce medical abortions. The bill, as drafted, would have no effect on medical abortions, as registered nurses do not dispense these drugs. However, if passed, the bill would have significant adverse effects on basic and routine health care, particularly in rural and underserved areas in particular, the bill would interfere with pregnancy prevention in that it would prohibit the dispensing of birth control pills. It would also interfere with the treatment of sexually transmitted diseases, as it would prohibit the routine dispensing of antibiotics. Vote 14-0.
Committee report adopted.

HB 489, relative to annulment of mental health records. **INEXPEDIENT TO LEGISLATE.**
Rep. Kendall A. Snow for Health, Human Services and Elderly Affairs. This bill is a positive step towards enhancing the consumer rights and privacy of persons affected by mental illness and it is an important factor in reducing the stigma that could negatively impact the affected person. However, the actual records subject to annulment needs to be refined and more precisely defined as to what medical records are exempt from annulment. Some stakeholder concerns regarding waiting periods and limits on the number of annulments that can be pursued, needs to be considered. Vote 15-0.

MOTION TO LAY ON THE TABLE

Rep. Hannon moved that **HB 489,** relative to annulment of mental health records, be laid on the table.
Motion failed.
Committee report adopted.

HB 435, relative to persons held in civil contempt. **INEXPEDIENT TO LEGISLATE.**
Rep. Timothy O. Horrigan for Judiciary. This bill would have made it much harder to collect civil judgments, by restricting the courts' ability to incarcerate persons for civil contempt. The losing defendant would be able to delay the collection process by demanding a hearing to find that he had sufficient liquid assets. The bill would do nothing to prevent defendants from diverting their liquid assets before the hearing. The bill would also forbid the courts from requiring a defendant to sell his or her principal residence and sole motor vehicle to satisfy a civil contempt finding, which would especially complicate family law cases. Bankruptcy law specifically excludes child support obligations from the list of debts, which can be discharged, but this bill included no such exclusion. Several of the witnesses who spoke in favor of this bill were parents who had been penalized under the current civil contempt regulations after failing to pay child support and/or alimony. This bill would have added a new section to RSA 491, which deals with the superior court system, but failed to add an equivalent section to RSA 502-A, which deals with the circuit court system, including the family courts. Finally, this bill only attempts to protect citizens of New Hampshire, which discriminates against citizens of other states who happen to be civil defendants in New Hampshire courts, as well as resident aliens. Vote 14-2.
Committee report adopted.

HB 224-FN, repealing the exemption for water and air pollution control facilities from local property taxation. **INEXPEDIENT TO LEGISLATE.**
Rep. Bruce L. Tatro for Municipal and County Government. The committee decided that repealing this exemption would be anti-business and testimony from industry indicated the additional tax would either be passed on to consumers or might actually cause their companies to relocate to another state. Vote 15-1.

Rep. Frederick Rice spoke against.
Rep. Cushing spoke against and yielded to questions.
Reps. Burt and James Belanger spoke in favor.
Rep. Frederick Rice requested a roll call; not sufficiently seconded.
On a division vote, 249 members having voted in the affirmative and 77 in the negative, the committee report was adopted.

HB 525, relative to appropriations in the county budget. **INEXPEDIENT TO LEGISLATE.**
Rep. James E. Coffey for Municipal and County Government. This bill defines an appropriation as a single line item in a county budget. The committee felt this was micromanaging and would be a burden to most counties. Vote 16-1.
Committee report adopted.

HCR 2, applying to Congress to hold a convention for amendments. **OUGHT TO PASS.**
Rep. Timothy J. Smith for State-Federal Relations and Veterans Affairs. This resolution applies to congress to hold a convention for proposing amendments for the sole purpose of getting money out of politics and restoring free and fair elections at all levels of government. Vote 13-2.

MOTION TO LAY ON THE TABLE

Rep. Notter moved that **HCR 2,** applying to Congress to hold a convention for amendments, be laid on the table.
Rep. Timothy Smith requested a roll call; not sufficiently seconded.
On a division vote, 156 members having voted in the affirmative and 170 in the negative, the motion failed.

The question now being adoption of the committee report of Ought to Pass.
Reps. McConnell and Baldasaro spoke against and yielded to questions.
Rep. Timothy Smith spoke in favor, yielded to questions and requested a roll call; sufficiently seconded.

Reps. Bailey and Biggie voted Yea and intended to vote Nay.

HB 148, limiting the authority of delegates to Article V conventions. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Linda A. Massimilla for State-Federal Relations and Veterans Affairs. This bill, as amended, reasserts the authority of the states in matters, which directly affect their sovereignty, solvency, and general welfare. Furthermore, this bill affirms that delegates/agents to an Article V convention of the states would strictly be identified as agents of the state of NH and would be bound by the law of agency. It assures the implementation of proportional penalties for non-compliance with the tenets of the "permitted scope" of an Article V application/resolution passed by the NH General Court and submitted to the United States Congress. This legislation addresses the fear of the perceived possibility for an unmanageable convention, by articulating practical safeguards, which are consistent with the recommendations of numerous notable and accomplished constitutional scholars. NH delegates would be legally compelled to adhere to specifically identified subject matter when drafting or voting on proposed constitutional amendments at such a convention event. This bill, as amended, addresses the obligations of delegates to an Article V Convention of the states and the penalties for not fulfilling those duties. Vote 12-2.

Amendment (0378h)

Amend RSA 20-C:1, I as inserted by section 1 of the bill by replacing it with the following:

I. "Article V convention" means a convention for the purpose of proposing amendments, called by the states pursuant to Article V of the Constitution for the United States of America.

Amend RSA 20-C:1, V as inserted by section 1 of the bill by replacing it with the following:

V. "Unauthorized amendment" means any amendment outside the scope permitted by the general court of New Hampshire. If New Hampshire is one of the states whose application has prompted the call for the convention, then the permitted scope shall be the purposes specified in its petition. If the New Hampshire general court was not one of the two-thirds of the several states that applied for a convention, then the lawful scope and authority of the delegates shall be established by the resolution, which names the delegates. The general court shall adopt a scope and authority by concurrent resolution that is consonant with the tenor of the purposes contained in the relevant applications from the sister states.

Amend RSA 20-C:2 and 20-C:3 as inserted by section 1 of the bill by replacing them with the following:

20-C:2 Selection of Delegates.

I. Whenever an Article V convention is convened, the New Hampshire general court shall select delegates as follows. Four members of the delegation shall be appointed by the house of representatives. Three members of the delegation shall be appointed by the senate. No person holding any office or position with the government of the United States of America, including members of Congress, the judiciary, or executive branch, shall be named a delegate.

II. A list of 7 alternate delegates shall be selected and given priority as follows. The first alternate delegate shall be appointed by the senate. The second shall be appointed by the house of representatives. This method of alternating appointments shall continue until the full number is reached.

III. In the event that any delegate is unable or unwilling to serve or continue to serve, or if the delegate becomes disqualified as provided herein, the secretary of state shall immediately notify the first-named alternate that he or she has been appointed a delegate. The secretary of state shall also immediately notify the presiding officer of the convention that a replacement delegate has been named.

IV. The expenses of the delegates to the convention shall be paid at the same per diem rate as received by members of the general court.

20-C:3 Authority of Delegates.

I. No delegate from New Hampshire to the Article V convention shall have the authority to allow consideration, consider, or approve an unauthorized amendment. Improper support includes, but is not limited to, making or seconding a motion, voting for, or otherwise taking any formal action in favor of an unauthorized amendment to the Constitution.

II. Any vote taken by a delegate from New Hampshire at the Article V convention in violation of paragraph I shall be null and void. Any delegate making this vote shall be immediately disqualified from serving as a delegate to the Article V convention. Any other delegate from New Hampshire who believes that such disqualifying action has been taken by another delegate shall immediately report the same to the secretary of state. Upon receiving written or other recorded evidence of improper support by a delegate, the secretary of state shall take immediate action to revoke the credentials of the offending delegate and immediately issue new credentials to the first-named alternate.

III. Every delegate from New Hampshire to the Article V convention called for by the Article V application shall be required to take the following oath:

"I do solemnly swear or affirm that to the best of my abilities, I will, as a delegate to the Article V convention, uphold the Constitution and laws of the United States of America and the state of New Hampshire. I will accept and will act according to the limits of the authority as a delegate granted to me by New Hampshire law, and I will not vote to consider or approve any unauthorized amendment to the Constitution for the United States of America. I understand and accept any penalties that may be imposed on me by New Hampshire law for violating this oath."

IV. The secretary of state shall certify the selection of the New Hampshire delegates in writing to the Article V convention and shall provide a copy of the certification to each delegate. No delegate shall have authority to vote or otherwise serve as a delegate at the Article V convention without the certification.

V. The secretary of state shall notify the Article V convention and any delegate involved of the automatic revocation of that delegate's certification should the delegate violate his or her pledge to act only within the limits of the authority granted by the state of New Hampshire.

20-C:4 Enforcement by Attorney General; Right to Private Action.

I. The provisions of this chapter shall be enforced by the department of justice.

II. A New Hampshire citizen may file an action to enforce the requirements of this chapter and shall be entitled to reasonable attorney's fees if successful.

AMENDED ANALYSIS

This bill establishes a procedure for the selection of delegates to an Article V convention. The bill limits delegates' authority to consideration of amendments that are within the legitimate scope of the Article V applications. Delegates who consider unauthorized amendments may be recalled by the secretary of state.

On a division vote, 245 members having voted in the affirmative and 62 in the negative, the committee amendment was adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Horrigan spoke against.

Rep. Eastman spoke in favor.

On a division vote, 233 members having voted in the affirmative and 76 in the negative, the committee report was adopted and ordered to third reading.

HCR 3, applying to Congress to call a convention of states under the United States Constitution. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert L. Theberge for State-Federal Relations and Veterans Affairs. This bill mimics the application put forth by three other states; Georgia, Florida and Alaska for a convention of states. The members strongly believe that no part of the U.S. Constitution is less credible than another. An Article V convention is part of the U.S. Constitution and therefore should not be considered dangerous but a process to address the concerns of "we the people." Vote 13-0.

Amendment (0423h)

Amend the resolution by inserting after the first paragraph after the resolving clause the following new paragraph:

That the New Hampshire general court adopts this application with the following understandings (as the term "understanding" is used within the context of "reservations, understandings, and declarations" as provided in the Restatement (Third) of Foreign Relations Law of the United States section 313 cmt. g (1986)):

I. An application to Congress for an Article V convention of states confers no power on Congress other than to perform a ministerial function to "call" a convention of states; and

II. This ministerial duty shall be performed by Congress only when Article V applications for substantially the same purpose are received from two-thirds of the legislatures of the several states; and

III. The power of Congress to "call" a convention of states solely consists of the authority to name a reasonable time and place for the initial meeting of the convention of states; and

IV. Congress possesses no power whatsoever to name delegates to the convention of states, as this power remains exclusively within the authority of the legislatures of the several states; and

V. Congress possesses no power to set the number of delegates to be sent by any state; and

VI. Congress possesses no power whatsoever to determine any rules for said convention of states; and

VII. By definition, a convention of states means that states vote on the basis of one state, one vote; and

VIII. A convention of states convened pursuant to this application is limited to consideration of topics specified herein and no other; and

IX. The New Hampshire general court may provide instructions to its delegates (commissioners); and

X. The New Hampshire general court may recall its delegates at any time for breach of their duties or violation of their instructions; and

XI. Pursuant to the text of Article V, Congress may determine whether proposed amendments shall be ratified by the legislatures of the several states or by special state ratification conventions; the New Hampshire general court recommends that Congress specify its choice on ratification methodology contemporaneously with the call for the convention of states; and

XII. Congress possesses no power whatsoever with regard to the Article V convention of states beyond the 2 powers acknowledged herein; and

XIII. New Hampshire places express reliance on prior legal and judicial determinations that Congress possesses no power under Article I relative to the Article V process, and that Congress must act only as expressly specified in Article V.

LAID ON THE TABLE

Rep. Baldasaro moved that **HCR 3,** applying to Congress to call a convention of states under the United States Constitution, be laid on the table.

On a division vote, 205 members having voted in the affirmative and 101 in the negative, the motion was adopted.

BILLS REMOVED FROM THE CONSENT CALENDAR CONT'D

HB 437-FN, exempting proprietorships from taxation under the business enterprise tax. **INEXPEDIENT TO LEGISLATE.**

Rep. Patrick F. Abrami for Ways and Means. This bill exempts from taxation under the business enterprise tax (BET) persons who perform business activity as a proprietorship. It was proposed that this change take effect July 1, 2015 or the first day of the next budget biennium. The prime argument for this bill is that proprietorships who register with the state pay this tax and those who do not register do not have to pay this tax. This is a false argument. The Department of Revenue Administration indicates that an individual engaged in business activity, whether registered with the State of New Hampshire or not, is considered a proprietor subject to business taxes. Legal precedent also indicates that a constitutional challenge could be made as this legislation exempts a classification of taxpayers. NH Supreme Court decisions in 1975 and 1990 are very clear in stating, "distinctions in tax treatment must rest upon reasonable classification of property, not upon classifications of taxpayers owning a common class of property." The budget estimates that the state will receive $227,700,000 in BET revenue for FY 2015. BET paid by proprietorships has averaged 7.5% of total BET revenue, which would be $17,100,000 of the projected $227,700,000. From a practical standpoint in a tight budget year this change if it became law would result in a loss of $17.1 million in revenue in FY 2016 and an undeterminable amount (although in the same range of loss) in FY 2017 and each fiscal year into the future. It was the bipartisan, unanimous decision of the committee that this bill be Inexpedient to Legislate. Vote 17-0.

Committee report adopted.

HB 438-FN-A, exempting proprietorships from taxation under the business profits tax. **INEXPEDIENT TO LEGISLATE.**

Rep. Patrick F. Abrami for Ways and Means. This bill exempts from taxation under the business profits tax (BPT) persons who perform business activity as a proprietorship. It was proposed that this change take effect July 1, 2015 or the first day of the next budget biennium. The prime argument for this bill is that proprietorships who register with the state pay this tax and those who do not register do not have to pay this tax. This is a false argument. The Department of Revenue Administration indicates that an individual engaged in business activity, whether registered with the State of New Hampshire or not, is considered a proprietor subject to business taxes. Legal precedent also indicates that a constitutional challenge could be made as this legislation exempts classifications of taxpayers. NH Supreme Court decisions in 1975 and 1990 are very clear in stating, "distinctions in tax treatment must rest upon reasonable classification of property, not upon classifications of taxpayers owning a common class of property." The budget estimates that the state will receive $340,500,000 in BPT revenue for FY 2015. BPT paid by proprietorships has averaged 5% of total BPT revenue, which would be $17,025,000 of the projected $340,500,000. From a practical standpoint in a tight budget year this change if it became law would result in a loss of $17.025 million in revenue in FY 2016 and an undeterminable amount (although in the same range of loss) in FY 2017 and each fiscal year into the future. It was the bipartisan, unanimous decision of the committee that this bill be Inexpedient to Legislate. Vote 17-0.

Rep. Hoell requested a roll call; sufficiently seconded.

RESOLUTION

Rep. Flanagan offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, March 11, 2015 at 10:00 a.m.

Motion adopted.

LATE SESSION

Third reading and final passage

HB 208-FN, relative to allowance sales under the New Hampshire regional greenhouse gas initiative program.

HB 126, establishing a commission to study issues related to students receiving special education services while attending a chartered public school.

HB 140, relative to appointment of inspectors of election.

HB 149, relative to qualifications for the office of county commissioner.

HB 304, establishing a committee to study public access to political campaign information.

HB 534, relative to the duties of the housing finance authority.

HB 483, relative to the commission on primary care workforce issues.

HB 225, requiring the defendant to personally appear in the courtroom during a victim impact statement.

HB 415, limiting liability of out-of-state emergency services entities responding to incidents in New Hampshire.

HB 193, relative to utility assessments for the use of village district roads.

HB 227, relative to eminent domain on public lands.

HB 233, relative to local approval of mining activity.

HB 268, establishing a committee to study the adoption of low-impact housing development standards by the department of environmental services.

HB 331, relative to absences among selectmen on election day.

HB 451, relative to local approval of mining permits.

HB 486, authorizing towns and cities to establish special assessment districts.

HB 497, relative to interference with a cemetery burial plot.

HB 607, relative to fees for carrying a concealed firearm.

HB 662-FN-L, relative to property taxes paid by chartered public schools leasing property.

HB 306, relative to membership of the wetlands council and the water council.

HCR 4, urging Congress to adopt a policy ending the use of a backward American Flag on military uniforms.

HR 11, requesting the National Oceanic and Atmospheric Administration and Congress to relax rules on Atlantic states recreational fishing.

HB 310, relative to reporting the destruction of motor vehicles.
HB 187, relative to information sharing for enforcement of the tobacco tax and relative to the biennial adjustment of the filing threshold for the business enterprise tax.
HB 550-FN, relative to administration of the tobacco tax.
HB 142, relative to student social media policies by education institutions.
HB 206, relative to non-academic surveys or questionnaires given to students.
HB 463, relative to state agency communications.
HB 136, prohibiting tanning facilities from tanning persons under 18 years of age.
HB 476-FN, amending the definition of "qualifying medical condition" in the therapeutic cannabis law.
HB 151, establishing a committee to study end-of-life decisions.
HB 203, relative to the unauthorized practice of law.
HB 290, relative to the acceptance of risk in outdoor recreational activities.
HB 315, relative to termination of tenancy.
HB 192, relative to the valuation of utility property.
HB 526, relative to transfers of appropriations in Carroll county.
HB 689, relative to adoption of a default budget.
HB 416-L, relative to compensation for members of the Coos county convention.
HB 382, establishing a committee to study facilitating private investment in energy efficiency and renewable energy.
HB 196, requiring the removal of identifying features from vehicles formerly used as ambulances.
HB 467-FN, relative to the 14-month registration of off highway recreational vehicles.
HB 559-FN, relative to vehicle registration by entities doing business in New Hampshire.
HB 621-FN, establishing fines for violations of the "wide berth" laws.
HCR 2, applying to Congress to hold a convention for amendments.
HB 148, limiting the authority of delegates to Article V conventions.

RECESS MOTION

Rep. Flanagan moved that the House stand in recess for the purposes of the introduction of bills and receiving Senate messages.
Motion adopted.

The House recessed at 6:10 p.m.

RECESS

(Rep. Peter Schmidt in the Chair)

RESOLUTION

Rep. Hess offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 5, 11, 13, 14, 16, 20, 21, 33, 35, 38, 39, 41, 43, 44, 46, 54, 56, 60, 63, 65, 69, 70, 71, 73, 74, 78, 80, 88, 90, 91, 93, 94, 96, 97, 98, 99, 101, 106, 116, 120, 141, 142, 143, 149, 166, 173, 182, 208, 218, 222 and 231 shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees.
Motion adopted.

INTRODUCTION OF SENATE BILLS

First, second reading and referral

SB 5, relative to transfers into the revenue stabilization reserve account. (Finance)
SB 11, recodifying the Uniform Interstate Family Support Act. (Children and Family Law)
SB 13, relative to the disposition of dedicated funds. (Finance)

SB 149, relative to nonpublic sessions under the right-to-know law. (Judiciary)
SB 166, relative to facilitated individualized education program meetings. (Education)
SB 173, establishing a committee to study the feasibility of a club assistance program for off highway recreational vehicles. (Resources, Recreation and Development)

SB 182, relative to the sale of freshwater fishing bait. (Fish and Game and Marine Resources)
SB 208, establishing a committee to study limiting the sulfur content of liquid fuels. (Science, Technology and Energy)
SB 218-FN, making spoofing an unfair and deceptive act under the consumer protection law. (Commerce and Consumer Affairs)
SB 222-FN, relative to harassment of hunting, fishing, or trapping. (Fish and Game and Marine Resources)
SB 231, relative to the month of inspection for municipal fleets. (Transportation)

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn.
Motion adopted.

HOUSE JOURNAL No. 9

Wednesday, March 11, 2015

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by former House Chaplain, Reverend Roger Boucher.
Eternal God, we find ourselves nearly in the spring of the year; a time of anticipation, of melting snows and new growth. In the midst of our assembly and legislative purpose, we ask for Your grace and Your guidance and Your love. Bless this membership in this early season so that we might see every change for the good and appreciate it to the full. Choices are not always easy and mostly always stressful. We find it no compromise then to ask for Your strength in putting our faith and reason to the task of the common good. Help us this day to keep our mission on good ground; to engage each other with goodwill and compassion and the hope that what we do helps all the people of our state to flourish with great human dignity. We especially remember those who need physical healing, those who need their emotional life restored and those who need their families to be wholesome. We remember our friends and family members in uniform who are in harm's way. We ask that they return to us safe and sound. With sympathy, we remember especially the family members of those who were lost near Eglin Air Force Base. We do not ask too much, oh Lord, in a chamber whose history of debate is rational, honest and accountable. Help us, then, this day and tomorrow to see beyond the details and not lose sight of the whole. It takes effort to see beyond what is in front of us and to free ourselves from the tyranny of what directly presses upon us. Help us with that effort. Help us maintain what is essential in listening and legislating and in ensuring a culture that is prosperous and productive, and sharing in what You have planted and we have strengthened. We pray this in Your Holy name. Amen.

Representative Duane Brown, member from Wentworth, led the Pledge of Allegiance.

Representative Mary Griffin, member from Windham, led the singing of the National Anthem.

LEAVES OF ABSENCE

Reps. Bush, Flanagan, Flanders, Gladys Johnsen, Mann, Moody, Osborne, Parsons and Priestley, the day, illness.
Reps. Coffey, Luneau, Oligny, Peckham, Joe Sweeney, Shawn Sweeney and Twombly, the day, important business.
Reps. Rebecca Brown, DeLemus, Jeudy, Ulery and White, the day, illness in the family.

INTRODUCTION OF GUESTS

Maria Pia Hachem, and Meghan Percy, students at Coe-Brown Northwood Academy, Pages for the day.

Tizzy Brown, Daughter of Rep. Chris Brown. Maynard Goldman, guest of Rep. Andrew Schmidt. Alex and Ellen Kedzierski, guests of Rep. Balcom. Honorable Jan Schmidt, former member from Nashua and Victoria Parmele, guests of Rep. Horrigan. Honorable Robert J. Giuda, former member from Warren, guest of Rep. Ingbretson.

CONSENT CALENDAR

Rep. Hinch moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.
HB 263, prohibiting residency restrictions on sex offenders, removed by Rep. Webb.
HB 492-FN-L, relative to military and historic reenactments and commemorations, removed by Rep. Hoell.
HB 568-FN, requiring a supervisory law enforcement officer to arrest a law enforcement officer when the supervisor knows that the law enforcement officer has committed a criminal offense, removed by Rep. Hoell.
HB 598, relative to the definition of deadly force, removed by Rep. Abramson.
HB 317, relative to contracts between schools and school districts, removed by Rep. Ladd.
HB 323, relative to the administration of the statewide assessment program, removed by Rep. Ladd.
HB 244-L, relative to the permissible level of methyl tertiary butyl ether in drinking water, removed by Rep. McConnell.

HB 139-FN, relative to an emergency exception under the New Hampshire retirement system for certain part-time employment, removed by Rep. Ratzki.
HB 459, establishing a committee to study medical services provided to residents of the New Hampshire veterans' home, removed by Rep. Theberge.
HR 10, urging the department of justice to reexamine the conviction of Chad Evans, removed by Rep. Abramson.
HB 370-L, enabling counties and municipalities to establish minimum wage rates, removed by Rep. Robertson.
HB 402-FN, establishing the Franklin Partin right-to-work act, removed by Rep. William O'Brien.
Consent Calendar adopted.
Rep. Hansberry declared a conflict of interest on **HB 109-FN-L**, and did not participate in the vote on the Consent Calendar.

HB 265, relative to moneys allocated for child support. **INEXPEDIENT TO LEGISLATE.**
Rep. Carolyn M. Gargasz for Children and Family Law. The sponsor did not speak to the content of the bill. Therefore, the committee heard no explanation of why this bill was needed and voted Inexpedient to Legislate on the bill. Vote 18-1.

HB 293, relative to the renewal or modification of an alimony order. **INEXPEDIENT TO LEGISLATE.**

Rep. Kimberly A. Rice for Children and Family Law. The committee decided to vote Inexpedient to Legislate on HB 293 and incorporate the content into HB 249, which was retained in committee. Vote 19-0.

HB 305, relative to assessment of and discharge planning for minors in the juvenile court system. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Frank Edelblut for Children and Family Law. This bill, as amended, instructs the court to advise minors and parents that they may consult with counsel in making a decision to waive counsel under predetermined conditions. It also codifies the current practice to prepare and update discharge plans for minors entering the youth development center. It also makes a technical correction to RSA 615:5 dealing with annulment of a criminal record. Finally, it requires the department of health and human services (DHHS) to inquire if minors entering the juvenile court system have medical insurance and to provide information to the minor and family on where such insurance may be obtained. Vote 18-0.

Amendment (0693h)

Amend the bill by replacing all after the enacting clause with the following:

1 Delinquent Children; Waiver of Counsel. Amend RSA 169-B:12, II(d) and (e) to read as follows:

(d) The petition does not allege a violation of RSA 631:1, RSA 631:2, RSA 635:1, or any violation of RSA 630, RSA 632-A, RSA 633, or RSA 636; [~~and~~]

(e) The prosecution has informed the court that it does not intend to seek certification pursuant to RSA 169-B:24, RSA 169-B:25, or any other provision of law permitting adult prosecution of the minor*; and*

(f) The court has instructed both the minor and the parent, guardian, or custodian that they may consult with counsel about the possible consequences of the proposed waiver of the right to counsel.

2 New Paragraph; Youth Development Center; Discharge Planning. Amend RSA 621:19 by inserting after paragraph II the following new paragraph:

III. To facilitate the implementation of this section, discharge plans from the center shall be developed as early in the commitment as practicable, and in the case of children to which paragraph I-a applies, shall be designed to prepare those children for release no later than 6 months from the date of their commitments. Discharge plans shall be updated throughout the commitment as needed.

3 Annulment of Criminal Record Based on Conduct Occurring Between May 14, 2014 and July 1, 2015. Notwithstanding any provision of RSA 651:5 to the contrary, any person convicted of a criminal offense which occurred between May 14, 2014 and July 1, 2015, and while the person was 17 years of age shall be entitled to an annulment of such conviction upon application

to the court. This section shall not apply to any offenses which may continue to be prosecuted as an adult criminal offense after July 1, 2015 against persons who have not yet reached 18 years of age. Annulment requests brought under this section shall not be subject to any filing fee, and may only be brought following the expiration of any sentence imposed by the court. The only permitted basis for denial of an annulment request brought under this section is a written finding by the court, based on clear and convincing evidence, that the subject offense would have qualified for transfer to the superior court pursuant to RSA 169-B:24 and that the prosecution would have pursued such transfer.

4 New Section; Delinquent Children; Information Regarding Health Insurance Provided. Amend RSA 169-B by inserting after section 13 the following new section:

169-B:13-a Health Insurance; Information Provided. The department of health and human services shall inquire whether the minor and his or her family are enrolled in public or private medical insurance and, if not, shall provide the minor and his or her family with information on where such insurance coverage may be obtained.

5 Effective Date.

I. Section 1 of this act shall take effect on July 1, 2015 at 12:01 a.m.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill:

I. Requires the court to instruct minors and their parents of the consequences of waiving the right to counsel before accepting a waiver of the right to counsel.

II. Requires the department of health and human services to develop discharge plans for minors at the youth services center.

III. Provides for annulment of a criminal conviction if the criminal offense was based on conduct that occurred between May 14, 2014 and July 1, 2015, while the person was 17 years of age.

IV. Directs the department of health and human services to provide information relative to health insurance coverage to minors involved in the juvenile court system.

HB 307, relative to the membership and duties of the legislative youth advisory council. **INEXPEDIENT TO LEGISLATE.**

Rep. Debra L. DeSimone for Children and Family Law. The Legislative Youth Advisory Council and the children and family law committee agree that this legislation does not work being that it is a complete rewrite of the statute and it assigns duties to the Speaker of the House and the Senate President, which impinge on their already full agendas. Vote 19-0.

HB 122, relative to advertising of liquor or beverages. **OUGHT TO PASS.**

Rep. Pamela Z. Tucker for Commerce and Consumer Affairs. This bill makes minor modifications to RSA 179:31, addressing advertising on alcoholic beverages. The bill came to fruition due to restrictions placed on the liquor commission in approving labeling for a particular brand of beer. Current law prohibits any depiction of minors for use of advertising, and rightfully so, to not encourage underage drinking. However, the law is overly restrictive and does not allow leeway if the advertising did use a minor, perhaps a small child, but in no way promoted underage drinking. This bill allows for common sense determinations to be considered by the liquor commission in approving advertising instead of overly strict laws. Vote 20-0.

HB 157, relative to enforcement of condominium liens for assessments. **INEXPEDIENT TO LEGISLATE.**

Rep. George Hurt for Commerce and Consumer Affairs. This bill would permit a condominium unit owners' association to enforce an outstanding lien for assessments by bringing an action to foreclose on the property. The committee felt this change is unnecessary for two reasons. One: current law is adequate in terms of addressing liens and assessments and, two: this bill threatens first lien status covered by current statute. Vote 20-0.

HB 160, relative to qualifications of condominium association board members. **INEXPEDIENT TO LEGISLATE.**

Rep. George Hurt for Commerce and Consumer Affairs. This bill amends the condominium act to permit only condominium unit owners to serve on a condominium association's board of directors.

Although the benefits of having unit owners serve on the board are clear, the committee, after meaningful discussions with the bill's sponsor, determined that the current laws are adequate in meeting the needs of condominium association members. Vote 20-0.

HB 161, relative to the termination of a management contract by a condominium association. **INEXPEDIENT TO LEGISLATE.**
Rep. George Hurt for Commerce and Consumer Affairs. This bill would allow a condominium unit owners association to cancel a contract with a managing agent irrespective of the terms of the management agreement. The subcommittee and full committee believe that this constitutes an unnecessary intrusion into a private contract and that micromanaging of condominium associations is not in the best interest of its board or members. Vote 20-0.

HB 171, relative to rebating. **OUGHT TO PASS.**
Rep. Laura M. Jones for Commerce and Consumer Affairs. This bill seeks to treat insurance producers (agents) and carriers equally when it comes to allowing them to offer contests, sweepstakes, raffles, or drawings, conducted in connection with the marketing or promotion of insurance policies. Currently there is a $1,000 per year limit placed on producers, and this bill would remove that limit. Producers should be able to run their businesses as they see fit. Consumers who believe a producer may have inflated prices in order to cover the cost of rebating can purchase from another producer who does not use rebating. Vote 20-0.

HB 175, establishing a committee to study removing the department of justice from the financial approval process for residential condominium and housing subdivisions. **OUGHT TO PASS WITH AMENDMENT.**
Rep. George Hurt for Commerce and Consumer Affairs. The committee heard testimony from a number of speakers that the financial approval process used by the department of justice for housing subdivisions is protracted and can lead to costly delays in construction projects. The committee agreed the bill had merit and that a study committee could find ways to improve this process. The committee amendment refines the charge of the study committee and reduces the number of senators appointed to it. Vote 20-0.

Amendment (0374h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study improving the efficiency of the financial approval process for housing subdivisions used by the department of justice.

Amend the bill by replacing sections 1-3 with the following:

1 Committee Established. There is established a committee to study improving the efficiency of the financial approval process for housing subdivisions used by the department of justice.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Four members of the house of representatives, appointed by the speaker of the house of representatives.

(b) One members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study improving the efficiency of the financial approval process for housing subdivisions used by the department of justice.

AMENDED ANALYSIS

This bill establishes a committee to study improving the efficiency of the financial approval process for housing subdivisions used by the department of justice.

HB 177-FN, relative to sales for on-premises consumption by beverage manufacturers. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Bart Fromuth for Commerce and Consumer Affairs. This bill, as amended, allows liquor, wine and beverage manufacturers, as well as rectifiers, the ability to sell samples of their products, at their facilities. Samples will be limited to one per person, per label. After hearing testimony from various in state alcohol manufacturers it became clear to the committee that the current prohibition

on the sale of samples was causing significant harm to these valued businesses. In the case of beverage manufacturers, the harm was even more egregious, in that the state currently taxes them on the volume of free samples they provide to patrons. As such, the unanimous majority agreed that this bill, as amended, was necessary to help improve the business climate for our growing alcohol manufacturing industry and our rectifiers. Vote 20-0.

Amendment (0098h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to sales of alcoholic beverages by manufacturers.

Amend the bill by replacing all after the enacting clause with the following:

1 Liquor Manufacturer License. Amend RSA 178:6, IV to read as follows:

IV. A liquor manufacturer may provide to visitors ***of legal drinking age*** at its facility samples of liquor ***manufactured on the premises*** for tasting. Samples [~~shall not exceed 1/2 ounce, and shall not be provided to any persons under 21 years of age~~] ***may be provided either free or for a fee and shall be limited to one 1/2-ounce sample per label per person. Samples sold under this section shall be subject to fees as established in paragraph VI.***

2 Rectifier License. Amend RSA 178:7, IV to read as follows:

IV. A rectifier may provide [~~a reasonable number of~~] samples of liquor ***rectified on the premises*** for tasting to [~~a visitor~~] ***visitors of legal drinking age*** at its licensed rectifier facility. Samples [~~shall not exceed 1/2 ounce, and shall not be provided to any person under 21 years of age~~] ***may be provided either free or for a fee and shall be limited to one 1/2-ounce sample per label per person. Samples sold under this section shall be subject to fees as established in paragraph VI.***

3 Wine Manufacturer License. Amend RSA 178:8, III to read as follows:

III. Each wine manufacturer shall have the right to sell at retail or wholesale at its winery for off-premises consumption any of its wines. Visitors ***of legal drinking age*** at said premises may be provided with [~~reasonable~~] samples of wine ***manufactured on the premises*** for tasting. ***Samples may be provided either free or for a fee and shall be limited to one 2-ounce sample per label per person.*** Pursuant to rules adopted by the commission, a wine manufacturer may transport its products to a farmers' market or a wine festival licensed under RSA 178:31, and may sell such products at retail in the original container.

4 New Paragraph; Beverage Manufacturer; Sales for On-Premises Consumption. Amend RSA 178:12 by inserting after paragraph II the following new paragraph:

II-a. The holder of a beverage manufacturer license may sell beverage samples to visitors of legal drinking age for consumption on the premises where the beverages were manufactured. Sales of samples for consumption on the premises shall be limited to one 4-ounce glass per label per person.

5 Effective Date. This act shall take effect July 1, 2015.

AMENDED ANALYSIS

This bill authorizes sales of samples of alcoholic beverages by manufacturers. Samples sold by beverage manufacturers would be for on-premises consumption.

HB 184, relative to travel insurance. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John Bordenet for Commerce and Consumer Affairs. This legislation, as amended, sets out the roles and responsibilities of insurance producers who are limited to handling the distribution of travel insurance and the supervision of the travel retailers who directly sell travel insurance. It is based on model legislation that has been adopted in more than 30 states and will help provide clear and consistent regulatory oversight as well as guidelines insuring consumer protection. Vote 20-0.

Amendment (0111h)

Amend RSA 402-L:1, V(b) as inserted by section 1 of the bill by replacing it with the following:

(b) Travel insurance shall not include major medical plans, which provide comprehensive medical protection for travelers with trips lasting 12 months or longer, including those persons working overseas or military personnel being deployed.

Amend RSA 402-L:2, I and II as inserted by section 1 of the bill by replacing it with the following:

I. Pursuant to the provisions of RSA 402-J, the commissioner may issue to an individual or business entity that has filed with the commissioner an application for such limited license, a limited lines travel insurance producer license, which authorizes the limited lines travel insurance producer to sell, solicit or negotiate travel insurance through a licensed insurer.

II.(a) A travel retailer may offer and disseminate travel insurance on behalf of and under a limited lines travel insurance producer business entity license only if the following conditions are met:

(1) The limited lines travel insurance producer or travel retailer provides to purchasers of travel insurance:

(A) A description of the material terms or the actual material terms of the insurance coverage;

(B) A description of the process for filing a claim;

(C) A description of the review or cancellation process for the travel insurance policy; and

(D) The identity and contact information of the insurer and the limited lines travel insurance producer.

(2) At the time of licensure, the limited lines travel insurance producer establishes and maintains a register, on a form prescribed by the commissioner, listing each travel retailer that offers travel insurance on the limited lines travel insurance producer's behalf. The register shall be maintained and updated annually by the limited lines travel insurance producer and shall include the name, address, and contact information of the travel retailer and an officer or person who directs or controls the travel retailer's operations, and the travel retailer's federal tax identification number. The limited lines travel insurance producer shall submit such register to the insurance department upon request. The limited lines travel insurance producer shall also certify, upon request, that the registered travel retailer complies with 18 U.S.C. section 1033.

(3) The designated responsible producer, president, secretary, treasurer, and any other officer or person who directs or controls the limited lines travel insurance producer's insurance operations has complied with the fingerprinting requirements applicable to insurance producers in the resident state of the limited lines travel insurance producer.

(4) The limited lines travel insurance producer has paid all applicable insurance producer licensing fees.

(5) The limited lines travel insurance producer requires each employee and authorized representative of the travel retailer whose duties include offering and disseminating travel insurance to receive a program of instruction or training, which may be subject to review by the commissioner. The training material shall, at a minimum, contain instructions on the types of insurance offered, ethical sales practices, and required disclosures to prospective customers.

(b) Limited lines travel insurance producers, and those registered under its license, are exempt from all examination requirements.

Amend RSA 402-L:5 as inserted by section 1 of the bill by replacing it with the following:

402-L:5 Enforcement. The limited lines travel insurance producer and any travel retailer offering and disseminating travel insurance on behalf of the limited license travel insurance producer and under the limited lines travel insurance producers license shall be subject to RSA 417:4, VIII(e), RSA 402:J:12, and RSA 402-J:15.

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 Repeal. RSA 402:16-a, relative to travel agent insurance licensing, is repealed.

HB 195, relative to continuing care communities. **OUGHT TO PASS.**

Rep. Edward A. Butler for Commerce and Consumer Affairs. The insurance department has financial oversight over continuing care retirement communities (CCRC's) under RSA 420-D. CCRCs are those retirement communities that require residents to pay a large deposit as a condition of living in the facility. The department regulates the financial condition of CCRCs to ensure the CCRC can honor the commitments made to residents, and can return deposit funds in accordance with the contracts between the CCRC and its residents. Existing law, RSA 420-D:16, gives the commissioner authority to rehabilitate or liquidate CCRCs if the CCRC is in financial difficulty in order to protect the resident's deposits being held by the CCRC. The insurance commissioner currently has authority to liquidate insurance companies. The standards for how he conducts those insurance company liquidations can be found at RSA 402-C, rehabilitation and liquidation. This amendment to RSA 420-D:16 simply adds a new paragraph VI, that references this insurance company liquidation law and requires the commissioner to follow the same process if he needs to rehabilitate or liquidate a CCRC. Vote 20-0.

HB 223-FN, relative to external review under the managed care law. **OUGHT TO PASS.**

Rep. Joseph A. Hannon for Commerce and Consumer Affairs. This bill clarifies the right to external review for persons enrolled in the marketplace premium assistance program. The committee unanimously supported passage. Vote 20-0.

HB 256, relative to automobile insurance statements of residency. **INEXPEDIENT TO LEGISLATE.**
Rep. John B. Hunt for Commerce and Consumer Affairs. This bill removes a requirement for an automobile insurance company to obtain a statement of residency from an insurance applicant upon policy renewal. Despite the title of the bill, it did not remove this requirement but the bill did attempt to address a problem of one auto insurance company's unique systems issue that require the insured to file a residency form for each car, trailer, etc. they own. Attempting to fix the one insurance company's problem was too problematic, so the committee decided to vote ITL on the bill. Vote 19-1.

HB 264, prohibiting mortgage lenders from considering child support obligations as part of the mortgage application process. **INEXPEDIENT TO LEGISLATE.**
Rep. Valerie Fraser for Commerce and Consumer Affairs. The committee found that this bill would place an undue hardship on families that depend on the child support income in order to qualify for a mortgage. It could impact their choices of homes by not allowing them to shop in a price range that they could afford, but wouldn't be able to purchase because the child support was not allowed to be calculated in the application process. Vote 20-0.

HB 284, relative to motor vehicle franchises. **INEXPEDIENT TO LEGISLATE.**
Rep. Edward A. Butler for Commerce and Consumer Affairs. This bill would undo key provisions of last session's overwhelmingly approved Auto Dealer's Bill of Rights (RSA 357-C). HB 284 comes before us now because the sponsor believes that our state is an outlier and, as such, hurts local dealers and consumers. General Motors claims that the bill approved by this legislature makes it too costly for them to conduct business in NH, though in committee those costs were not explained. Because of their disapproval of the legislature's actions, GM has prevented NH dealers from participating in incentive programs that can help those dealers to thrive. It is important to note that no other manufacturer has responded in this way. All other manufacturers are complying with the new law and working with their NH dealers to help both the brand and the dealer to succeed. The majority believes that we should not succumb to these intimidating tactics by GM; that the law passed in the last session is a good one, supports our NH auto dealers and should continue to be supported. Vote 19-1.

HB 296, relative to a named insured of a life insurance policy. **INEXPEDIENT TO LEGISLATE.**
Rep. John Bordenet for Commerce and Consumer Affairs. This bill requires a life insurance company to notify the named insured on a life insurance policy if the named insured did not take out the policy. We found that this bill is unnecessary since only someone that has an insured interest can apply for a life insurance policy. Vote 20-0.

HB 308, relative to the supervision of a real estate office and the duties of a facilitator under the real estate practice act. **OUGHT TO PASS.**
Rep. Valerie Fraser for Commerce and Consumer Affairs. As the current law is written, (RSA 331-A: 16, II) all licensees and employees associated with a real estate office shall be supervised on site by the principal broker or managing broker. In today's electronic world, many real estate agents work from their home and cars and use computers, email, and cell phones to conduct their business. This bill would solve the restriction of having to be "on site" by removing the "on site" requirement and changing the language to reflect that the employee shall be reasonably supervised. The NH Real Estate Commission submitted their declaratory ruling on the definition of "reasonable supervision" as used in RSA 331-A:16, I-II and RSA 331-A:26 XXVII. HB 308 also amends RSA 331-A:25 by inserting after paragraph VII the following new paragraph: VIII. A facilitator shall present in a timely manner all offers and agreements to and from the parties during a real estate transaction. According to the real estate commission, a facilitator does not represent either the buyer or seller and is to remain neutral. RSA 331-A:25 a-e explain the duties of a facilitator and the new paragraph simply requires that all offers be submitted in a timely manner. Vote 19-1.

HB 318, establishing a committee to study state laws and rules affecting New Hampshire businesses. **INEXPEDIENT TO LEGISLATE.**
Rep. John B. Hunt for Commerce and Consumer Affairs. This bill establishes a committee to study state laws and rules affecting New Hampshire businesses with the goal of reducing, streamlining, or eliminating laws and rulemaking provisions, which are ineffective or obstructive. The sponsor did urge the committee to kill the bill since there have already been several committees with the same charge in last couple of years. Vote 20-0.

HB 353, relative to the governance of condominium unit owners' associations. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Kermit R. Williams for Commerce and Consumer Affairs. This bill is a product of the committee to study the laws relating to condominium and homeowners' associations. The current law – RSA 356-B or the Condominium Act – mainly deals with the development and sale of condominium properties. Once the developer sells the units and turns the operation over to a board, very little protection exists for residents in the law. This bill provides additional structure for the operation of a condominium association, including requirements for the bylaws, which are the rules that control the association, a framework for how meetings of the association operate, and rules for the membership and actions of the board of directors. Vote 20-0.

Amendment (0489h)

Amend RSA 356-B:37, II as inserted by section 1 of the bill by replacing it with the following:

II. An association shall hold a special meeting of unit owners to address any matter affecting the unit owners or the association if its president, a majority of the board of directors, or unit owners having at least 20 percent, or any lower percentage specified in the bylaws, of the votes in the association request that the secretary call the meeting. If the association does not notify unit owners of a special meeting within 30 days after the requisite number or percentage of unit owners request the secretary to do so, the requesting members may directly notify all the unit owners of an informational meeting, the purpose of which shall be to present the issue to fellow residents and unit owners. Only matters described in the meeting notice required by RSA 356-B:37-a may be considered at a special meeting.

Amend RSA 356-B:39, IV(a) as inserted by section 2 of the bill by replacing it with the following:

IV.(a) The votes appertaining to any unit may be cast pursuant to a proxy or proxies duly executed by or on behalf of the unit owner, or, in cases where the unit owner is more than one person, by or on behalf of all such persons. A person may not cast undirected proxies representing more than 10 percent of the votes in the association. The proxy or proxies shall list the name of the person who is to vote. No such proxy shall be revocable except by actual notice to the person presiding over the meeting, by the unit owner or by any of such persons, that it be revoked. Any proxy shall be void if it is not dated or if it purports to be revocable without the required notice. The proxy of any person shall be void if not signed by a person having authority, at the time of the execution thereof, to execute deeds on behalf of that person. Any proxy shall terminate automatically upon the adjournment of the first meeting held on or after the date of that proxy. The board of directors shall deliver to the unit owners, together with their notice of meeting and agenda, proxy forms bearing a control number, which the board of directors shall correlate to the list of all unit owners then entitled to vote. At the noticed meeting, the board of directors shall recover all proxies and compare them to the control list maintained for that purpose. Any proxies which are on a form other than that provided by the board of directors or which do not correlate with the control list maintained by the board of directors shall be disregarded for purposes of determining whether a quorum was present at the meeting and for purposes of casting any vote at that meeting.

Amend RSA 356-B:40-c, I as inserted by section 2 of the bill by replacing it with the following:

I. The board of directors, at least annually, shall adopt a proposed budget for the unit owners' association for consideration by the unit owners. Not later than 30 days after adoption of a proposed budget, the board of directors shall provide to all the unit owners a summary of the budget, including any reserves, and a statement of the basis on which any reserves are calculated and funded. Simultaneously, the board shall set a date not less than 10 days or more than 60 days after providing the summary for a meeting of the unit owners to consider ratification of the budget. Unless at that meeting 2/3 of all unit owners or any larger number specified in the declaration reject the budget, the budget is ratified, whether or not a quorum is present. If a proposed budget is rejected, the budget last ratified by the unit owners continues until the unit owners ratify a subsequent budget.

HB 381-FN, allowing a liquor manufacturer to be issued an on-premises license. **OUGHT TO PASS.**

Rep. Bart Fromuth for Commerce and Consumer Affairs. This bill allows liquor manufacturers to be issued an on-premises license to sell and serve their spirits. The committee voted unanimously for this bill because of the win-win it provided for our manufacturers and their patrons. This bill, as introduced, will heighten the experience for consumers and will lead to increased sales for the manufacturers, which mean more revenues for the state. Vote 20-0.

HB 419, relative to use of insurance scores for rating policies. **INEXPEDIENT TO LEGISLATE.**
Rep. John Bordenet for Commerce and Consumer Affairs. This bill requires property and casualty insurers to make certain information available to a consumer if such information reflected negatively on the policy rate. Providing all of this information would be burdensome to insurers and would not change underwriting procedures. Vote 17-3.

HB 428, relative to New Hampshire products sold by the liquor commission. **INEXPEDIENT TO LEGISLATE.**
Rep. Barbara Biggie for Commerce and Consumer Affairs. This bill would modify the law requiring the liquor commission to purchase New Hampshire products and list them for sale. The intent is to clarify the law by adding definitions for "product of NH," "made in NH" and "packaged in NH." The definitions require the liquors and wines affected by this law to contain specified percentages of locally grown products, or to be primarily manufactured or packaged locally. Although well-intentioned, the committee decided that more work should be done by the sponsors to clarify the language to make it less confusing. Vote 20-0.

HB 429, revising the commission to review and consider alcoholic beverage manufacturing processes and retail sales in manufacturing facilities. **OUGHT TO PASS.**
Rep. Pamela Z. Tucker for Commerce and Consumer Affairs. This bill revives a commission to review and consider alcoholic beverage processes and sales. There is mutual consensus the commission has work in progress and needs to continue its work on issues such as bailment and definitions of New Hampshire made alcoholic beverages. This commission is uniquely designed to bring all interested parties together to develop future legislation as needed. Vote 20-0.

HB 478, relative to rulemaking for market conduct record retention and production. **OUGHT TO PASS.**
Rep. Edward A. Butler for Commerce and Consumer Affairs. RSA 400-B Market Conduct Record Retention and Production was enacted in 2005 (Chapter 221, SB 73). This law was enacted to establish standards for maintaining insurance records and documents so that the commissioner can readily ascertain in an examination, if the insurer is in compliance with state insurance laws and rules. These standards also help ensure that records and documents that support the policies issued by the insurer are retained so that any errors discovered in rating, underwriting, claims handling and the like, can be corrected. The addition of rulemaking authority to RSA 400-B will enable the department to clarify with more specificity what documents are expected to be kept, what documents can be destroyed and what documents may be requested in a market conduct examination. Vote 19-1.

HB 479, relative to uninsured or hit-and-run motor vehicle coverage. **OUGHT TO PASS.**
Rep. John Bordenet for Commerce and Consumer Affairs. This bill is a request of the NH insurance department. It amends 264:15, Uninsured or Hit-and-Run Motor Vehicle Coverage to address an issue created when the NH Supreme Court delivered its 2004 opinion in Swain. The opinion states that the liability limits and the uninsured motorist limits only have to be equal in scope of coverage when an insured selects minimum coverage limits when purchasing a policy. But if an insured selects coverage above the minimum limits then the liability limits and the uninsured motorist limits have to be equal in dollar amounts. HB 479 clarifies that equality in scope of coverage and dollar amounts applies whether the insured elects minimum limits or higher limits. Vote 19-0.

HB 480, relative to policies for property and casualty insurance. **OUGHT TO PASS.**
Rep. Laura M. Jones for Commerce and Consumer Affairs. This bill declares that no liability policy issued in New Hampshire shall contain coverage for payment of a fine or penalty for a criminal offense, but may provide coverage for defense costs and restitution to injured parties. This type of policy is usually purchased by corporations concerned about being sued because of the actions of their officers and/or directors. The concept that criminal behavior should not be covered by insurance is already in case law and the New Hampshire Insurance Department requested this bill in order to also have it in statute. Vote 18-1.

HB 481, relative to commercial insurance. **OUGHT TO PASS.**
Rep. Edward A. Butler for Commerce and Consumer Affairs. This bill is intended to make it clear that the cancellation or refusal to renew provisions for commercial insurance under RSA 417-C do not apply to mortgage guaranty insurance or sureties. Mortgage guaranty insurance is usually known as private mortgage insurance (PMI). It is purchased to compensate lenders in the case of mortgage

default. Sureties provide payment to one party if a second party fails to meet some obligation like failing to fulfill the provisions of a contract. As such, these products are treated as personal lines policies to which the commercial policy provisions do not apply. Vote 18-1.

HB 482, relative to the insurance claims adjuster definition. **OUGHT TO PASS.**
Rep. Edward A. Butler for Commerce and Consumer Affairs. This bill clarifies the definition of "home state" for the purpose of licensing independent adjusters who reside in a state that does not issue an independent adjusters license for the line of business sought. It enables the independent adjuster to designate as their "home state" any state in which the independent adjuster qualifies pursuant to RSA 402-B:7. 33 states license adjusters. That leaves some qualified adjusters living and working in states without a license. When these same adjusters seek to come and work in states like New Hampshire during times of emergency or catastrophes, they have to prove they are qualified under our statutes. Without a designated home state, any adjuster whose residential (home) state does not license adjusters would have to seek to qualify in several states - which can take time. By allowing qualified adjusters whose home state does not license them to seek a license in a designated home state, the adjusters have the ability to get licensed quickly in other states, including New Hampshire, should the need arise. Our emergency licensing provisions allow for a licensed adjuster to get a reciprocal license here in New Hampshire within 2 hours. Without a license, the process can take days. Vote 19-0.

HB 498, relative to notification of radon and arsenic testing. **OUGHT TO PASS.**
Rep. John B. Hunt for Commerce and Consumer Affairs. This bill revises the radon notice required prior to the sale of real property and establishes a similar notice requirement regarding arsenic. A similar bill was passed last session, but ran into problems with some of the language in the senate. All the interested parties have agreed upon this new language. Vote 15-2.

HB 528, relative to motor vehicle records provided to insurance companies. **INEXPEDIENT TO LEGISLATE.**
Rep. John Bordenet for Commerce and Consumer Affairs. This bill excludes violations of vehicle registration and emissions requirements from the motor vehicle records available to insurance companies if the applicable fines and assessments have been paid. We found that any driving violation would be reported and have risk implications. Vote 16-0.

HB 531, establishing a committee to study short-term rentals by homeowners and owners of residential properties. **OUGHT TO PASS.**
Rep. Edward A. Butler for Commerce and Consumer Affairs This bill establishes a study committee to look at the many web-based 'home-site' lodging and short-term rental programs flourishing over the past few years, such as AirBNB, HomeAway, FlipKey, Tripping.com, Roomorama and others. These sites are obviously providing a service that fills a niche. But they are also competing with the more traditional lodging market and on an uneven playing field. They are not, to a very large degree, paying rooms and meals tax. This allows these rentals to undercut the traditional market and that traditional market is at the heart of our tourism economy. This study committee will look at how other municipalities and states around the country are starting to deal with these businesses, to what degree they impact the hospitality industry and will make recommendations for our state. Vote 13-3.

HB 608-FN-A, relative to liquor licenses at games of chance facilities. **INEXPEDIENT TO LEGISLATE.**
Rep. Pamela Z. Tucker for Commerce and Consumer Affairs. This bill would extend a liquor license to gambling facilities without the food requirement. The concept is well intentioned to allow eight locations that have games of chance to serve alcohol without food. New Hampshire is a controlled state and each liquor license is designed to fill a specific need that addresses many. This bill wants to carve out a special exemption for a small group of businesses. There are other licenses that these businesses could use to fulfill their needs. Vote 16-0.

HB 644-FN, relative to regulation of small loans, title loans, and payday loans. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Laura M. Jones for Commerce and Consumer Affairs. This bill is a request of the New Hampshire Banking Department for the purpose of reorganizing RSA 399-A, the chapter regarding the regulation of small loans, title loans, and payday loans. With this legislation, the department seeks to have statutes that are user friendly, easy to understand, and offer clear and consistent requirements among its regulated entities. This bill is mostly technical in nature with only one substantive policy issue addressed which is

the requirement for bonding of licensees. HB 644-FN requires licensees to post a surety bond, instead of cash reserves or loan assets, in case the department needs to access funds for consumer restitution or department invoice. The amendment makes technical improvements to the original language. Vote 16-0.

Amendment (0680h)

Amend RSA 399-A:1, XX as inserted by section 1 of the bill by replacing it with the following:

XX. "Small loan" means a title loan, payday loan, open-end loan, or closed-end loan that:

(a) Is $10,000 or less; and

(b) Has an annual percentage rate of 10 percent or more except for the lawful fees, if any, actually and necessarily paid out by the lender to any public officer, for filing or recording in any public office any instrument securing such loan and except for the reasonable costs, charges, and expenses, including court costs actually incurred in connection with a repossession of the security or an actual sale of the security.

Amend the section heading of RSA 399-A:15 as inserted by section 1 of the bill by replacing it with the following:

399-A:15 Provisions Applicable to All Persons Under This Chapter.

Amend RSA 399-A:15, VI as inserted by section 1 of the bill by replacing it with the following:

VI. No licensee shall take any confession of judgment or any power of attorney running to himself, herself, or any third person to confess judgment or to appear for the borrower in a judicial proceeding.

Amend RSA 399-A:16 as inserted by section 1 of the bill by replacing it with the following:

399-A:16 Small Loans Other Than Payday Loans or Title Loans. The following provisions are applicable only to small loans other than payday loans or title loans:

I. The annual percentage rate for small loans shall not exceed 36 percent. Notwithstanding the federal definition of annual percentage rate, for purposes of calculating annual percentage rate, the finance charge shall exclude one application fee per borrower per year and one participation or membership fee per borrower per year.

II. A lender may lend in money, goods, or things of value upon such security not prohibited by RSA 399-A:15, IX as may be agreed upon, and in connection with any such loan, may contract for, exact, or receive, directly or indirectly, charges, whether for interest, compensation, brokerage, endorsement fees, consideration, expense, or otherwise, on the entire principal of the loan.

III. No small loan lender shall permit any person to be obligated to him or her on one or more contracts of loan the total principal balance of which is more than $10,000.

IV. For the purpose of applying paragraphs II and III of this section only, small loan lender shall mean any single small loan lender, except that in the event any person or affiliated group of persons holds more than one small loan lender license, such person or affiliated group of persons shall be considered a single small loan lender.

V. No small loan lender shall induce any potential borrower who is not a loan customer of the lender to enter into a closed-end loan agreement, by delivering in the first instance a negotiable check for such loan to such potential borrower, without including the following information clearly printed on the endorsement side of the check:

(a) A statement which reads, "By endorsing this check, you become legally liable for repaying all moneys, including interest, as specified in the following loan agreement/disclosure statement";

(b) The amount financed;

(c) The annual percentage rate;

(d) The number of installments; and

(e) The amount of each installment payment.

VI. If a borrower desires to renew an existing small loan for obtaining additional cash a new contract shall be drawn up in its entirety and such prior loan shall be paid in full from such proceeds of the new loan. All legal papers in connection with such prior loan shall be stamped "PAID IN FULL" and returned to such borrower.

HB 666-FN, relative to licensing of money transmitters. **OUGHT TO PASS WITH AMENDMENT.** Rep. Laura M. Jones for Commerce and Consumer Affairs. This bill is a request of the New Hampshire Banking Department for the purpose of reorganizing RSA 399-G, the chapter regarding the licensing of money transmitters. With this legislation, the department seeks to have statutes that are user friendly, easy to understand, and offer clear and consistent requirements among its regulated entities. This bill is mostly technical in nature and includes a definition for virtual currencies. The amendment makes technical improvements to the original language. Vote 15-1.

Amendment (0681h)

Amend RSA 399-G:1 as inserted by section 1 of the bill by inserting after paragraph VI the following new paragraphs:

VII. "Convertible virtual currency" means a digital representation of value that:

(a) can be a medium of exchange, a unit of account, and/or a store of value;

(b) has an equivalent value in real currency or acts a substitute for real currency;

(c) may be centralized or decentralized; and

(d) can be exchanged for currency or other convertible virtual currency.

VIII. "Currency" means the coin and paper money of the United States or of any other country that is designated as legal tender and that circulates and is customarily used and accepted as a medium of exchange in the country of issuance.

IX. "Department" means the banking department.

X. "Direct owner" means any person, including individuals, that owns, beneficially owns, has the right to vote, or has the power to sell or direct the sale of 10 percent or more of the applicant or licensee.

XI. "Financial services" or "financial services-related" means securities, commodities, banking, insurance, consumer lending, money transmission, debt adjustment, or real estate, including, but not limited to, acting as or being associated with a bank or savings association, credit union, mortgage lender, mortgage broker, mortgage servicer, real estate salesperson or agent, closing agent, title company, or escrow agent.

XII. "Indirect owner" means, with respect to direct owners and other indirect owners in a multilayered organization:

(a) In the case of an owner that is a corporation, each of its shareholders that beneficially owns, has the right to vote, or has the power to sell or direct the sale of, 25 percent or more of that corporation;

(b) In the case of an owner that is a partnership, all general partners and those limited and special partners that have the right to receive upon dissolution, or have contributed, 25 percent or more of the partnership's capital;

(c) In the case of an owner that is a trust, the trust, each trustee, and each beneficiary of 25 percent or more of the trust;

(d) In the case of an owner that is a limited liability company ("LLC"):

(1) Those members that have the right to receive upon dissolution, or have contributed, 25 percent or more of the LLC's capital; and

(2) If managed by elected managers, all elected managers; and

(e) In the case of an indirect owner, the parent owners of 25 percent or more of their subsidiary.

XIII. "Individual" means a natural person.

XIV. "Licensee" means a person duly licensed by the commissioner under this chapter.

XV. "Monetary value" means a medium of exchange, whether or not redeemable in currency, and includes convertible virtual currency.

XVI. "Money transmission" means:

(a) Engaging in the business of selling or issuing payment instruments or stored value; or

(b) Receiving currency or monetary value for transmission to another location.

XVII. "Money transmitter" means a person engaged in the business of money transmission.

XVIII. "Net worth" means assets minus liabilities calculated in accordance with generally accepted accounting principles.

XIX. "Payment instrument" means any electronic or written check, draft, money order, traveler's check, or other electronic or written instrument or order for the transmission or payment of currency or monetary value, sold or issued to one or more persons, whether or not negotiable. The term does not include a credit card voucher, letter of credit, or instrument that is redeemable by the issuer in goods or services.

XX. "Person" means an individual, corporation, business trust, estate, trust, partnership, association, 2 or more persons having a joint or common interest, or any other legal or commercial entity however organized.

XXI. "Principal" of the applicant or licensee means an owner with 10 percent or more ownership interest in the applicant or licensee, a corporate officer, director, member, general and limited liability partner, limited partner with 10 percent or more ownership interest, trustee, beneficiary of 10 percent or more of the trust that owns the applicant or licensee, indirect owner, senior manager, and any person occupying similar status or performing similar functions.

XXII. "Principal office" means the main office location of a person required to be licensed under this chapter.

XXIII. "Publicly traded" means a company whose securities are traded on a securities exchange system approved and supervised by the Securities and Exchange Commission, including but not limited to the NYSE, AMEX, BSE, and NASDAQ. The term also includes a public reporting company that is subject to sections 12 or 15(d) of the Securities Exchange Act of 1934.

XXIV. "Registrant" means a person registered as an authorized delegate by the commissioner under this chapter.

XXV. "Senior manager" means any officer of record, assistant vice president or higher, office or branch manager, director of operations, or other position the responsibilities of which provide such employee with the discretion or ability to set policy or manage or direct affairs of the licensee as a whole, or of any division or department or unit of the licensee.

XXVI. "Stored value" means monetary value that is evidenced by an electronic record.

Amend RSA 399-G:2, III as inserted by section 1 of the bill by replacing it with the following:

III. Any license fee required by this chapter shall be paid before a license becomes effective. Authorized delegate registrations shall be effective upon the commissioner's receipt of written notice conditioned upon payment of the registration fee within 30 calendar days, as required by RSA 399-G:4.

Amend RSA 399-G:4, I(a)(9) as inserted by section 1 of the bill by replacing it with the following:

(9) A consent to service of process as described in subparagraph V;

Amend RSA 399-G:4, III-VII as inserted by section 1 of the bill by replacing it with the following:

III.(a) Unless the applicant is a publicly traded corporation, the department shall complete a background investigation and criminal history records check on the applicant's principals. If the applicant is a subsidiary, the department shall complete a background investigation and criminal history records check on individuals who are indirect owners.

(b) The persons described in subparagraph III(a) shall submit to the department a notarized criminal history records release form, as provided by the New Hampshire division of state police, which authorizes the release of the person's criminal records, if any. The person shall submit with the release form a complete set of fingerprints taken by a qualified law enforcement agency or an authorized employee of the department. In the event that the first set of fingerprints is invalid due to insufficient pattern, a second set of fingerprints is necessary in order to complete the criminal history records check. If, after 2 attempts, a set of fingerprints is invalid due to insufficient pattern, the department may, in lieu of the criminal history records check, accept police clearances from every city, town, or county where the person has lived during the past 5 years.

(c) The department shall submit the criminal history records release form to the New Hampshire division of state police, which shall conduct a criminal history records check through its records and through the Federal Bureau of Investigation. Upon completion of the background investigation, the division of state police shall release copies of the criminal conviction records to the department. The department shall maintain the confidentiality of all criminal history records information received pursuant to this paragraph.

(d) The department may require the applicant or licensee to pay the actual costs of each background investigation and criminal history records check.

(e) The department may conduct a pre-licensing examination of the applicant.

(f) The department may rely on criminal records checks reported through a national licensing facility in lieu of subparagraphs (b) and (c).

IV.(a) Each money transmitter applicant shall post a continuous surety bond in the amount of $100,000. The surety bond shall be payable to the state of New Hampshire and the bank commissioner of the state of New Hampshire for the benefit of any person who is damaged by any violation of this chapter and shall be conditioned upon the licensee's compliance with each provision of this chapter.

(b) Surety bonds shall include a provision requiring the surety to give written notice to the commissioner 30 days in advance of the cancellation or termination of the bond.

(c) Every bond shall provide that no recovery may be made against the bond unless the state makes a claim for recovery or the person brings suit naming the principal within 6 years after the act upon which the recovery or suit is based. The obligations of the surety shall survive the bankruptcy, insolvency, liquidation, or reorganization of the licensee, including, without limitation, any bankruptcy, insolvency, liquidation, or reorganization commenced by or against the licensee under any applicable state or federal law, including the United States Bankruptcy Code.

(d) When an action is commenced on a licensee's bond, the licensee shall immediately file a new bond. Immediately upon recovery upon any action on the bond the licensee shall file a new bond.

V. Every applicant for licensing under this chapter shall file with the commissioner, in such form as the commissioner prescribes by rule, irrevocable consent appointing the commissioner to receive service of any lawful process in any noncriminal suit, action, or proceeding against the applicant or the applicant's successor, executor, or administrator which arises under this chapter or any rule or order under this chapter after the consent has been filed, with the same force and validity as if served personally on the person filing the consent. A person who has filed such a consent in connection with a previous application need not file another. When any person, including a nonresident of this state, engages in conduct prohibited or made actionable by this chapter or by any rule or order under this chapter, and such person has not filed a consent to service of process under this section and personal jurisdiction over such person cannot otherwise be obtained in this state, that conduct shall be considered equivalent to such person's appointment of the commissioner to receive service of any lawful process. Service may be made by leaving a copy of the process in the office of the commissioner along with $5, but is not effective unless:

(a) The plaintiff, who may be the attorney general in a suit, action, or proceeding instituted by him or her, forthwith sends a notice of the service and a copy of the process by registered mail to the defendant or respondent at such person's last address on file with the commissioner; and

(b) The plaintiff's affidavit of compliance with this paragraph is filed in the case on or before the return day of the process, if any, or within such further time as the court allows.

VI. Applicants shall provide written plans for compliance with federal laws, including but not limited to the Bank Secrecy Act of 1970, as amended, and regulations in 31 C.F.R. part 1010. Such plans shall include required recordkeeping and reporting procedures.

VII. The commissioner may license or register individuals or firms by means of or through the facilities of a national organization which facilitates registration and licensing on a nationwide basis.

Amend RSA 399-G:8, III as inserted by section 1 of the bill by replacing it with the following:

III. Failure to comply with the provisions of this section and rules adopted under this section shall be cause for denial of future license applications and the imposition of penalties under RSA 399-G:23.

Amend RSA 399-G:9, II(d) as inserted by section 1 of the bill by replacing it with the following:

(d) Prior to the commissioner's approval of such change of a principal, the licensee shall disclose any injunction or administrative order that has been issued against the principal and whether the principal has been convicted of a misdemeanor involving financial services or a financial services-related business, or any fraud, false statements or omissions, theft or any wrongful taking of property, bribery, perjury, forgery, counterfeiting, or extortion, or a conspiracy to commit any of these offenses, or convicted of any felony.

Amend RSA 399-G:10, V as inserted by section 1 of the bill by replacing it with the following:

V. In addition to the annual report and financial statement, the banking department may require such additional regular or special reports as it may deem necessary for the proper supervision of licensees under this chapter.

Amend RSA 399-G:13, I as inserted by section 1 of the bill by replacing it with the following:

I. The department may examine during business hours the business affairs and records of any licensee, any authorized delegate, or any other person, whether licensed or not, as it deems necessary to determine compliance with this chapter and the rules or orders adopted under this chapter. The department shall have the power to subpoena witnesses and administer oaths in any adjudicative proceedings, and to compel, by subpoena duces tecum, the production of all books, records, files, and other documents and materials relevant to its investigation.

HB 198, relative to retention requirements for certain motor vehicle records. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John A. Burt for Criminal Justice and Public Safety. The full committee agrees that the courts are allowed by law to look back 10 years for a second DWI charge. Currently the DWI records are retained only 7 years. HB 198 allows the department of safety to retain just those records for the full 10 years. The amendment keeps other motor vehicle records purged at 7 years. Vote 15-0.

Amendment (0607h)

Amend the bill by deleting section 2 and renumbering the original section 3 to read as 2.

AMENDED ANALYSIS

This bill increases the minimum period for retention of certain motor vehicle records from 7 years to 10 years.

HB 207, defining probable cause or reasonable ground for the purpose of arrest without a warrant. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert R. Cushing for Criminal Justice and Public Safety. This bill states that law enforcement cannot arrest for a domestic violence assault or violation of a protective order unless they have personally witnessed the assault, another officer has witnessed the assault, or there are two or more witnesses to the abuse at the scene. Domestic violence assaults rarely occur in front of law enforcement and other witnesses, with the exception of children. If HB 207 were to pass, a law enforcement officer who responds to a 911 call and finds a woman beaten and bleeding could not arrest her abuser on the spot unless an officer or 2 other individuals witnessed the abuse. If enacted this legislation will, without doubt, cause additional injuries to victims of domestic violence and their children. The implications of passing this bill would be turning back victims' protections in New Hampshire to the 1950s. Vote 15-1.

HB 262, relative to criteria for classification as a tier III sex offender. **INEXPEDIENT TO LEGISLATE.**

Rep. John A. Burt for Criminal Justice and Public Safety. The majority of the committee feels that RSA 651-B:1 works as intended. The main conversation was about who should be on the tier III sex offender list and this is not the bill to address that issue. Vote 16-0.

HB 270, granting immunity from criminal prosecution to certain persons involved in a drug or alcohol related emergency. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John A. Burt for Criminal Justice and Public Safety. The full committee agrees this bill will save NH lives. NH saw 300 deaths from overdose last year, a dramatic increase from about 175 in 2013. Deaths often occur in these situations because witnesses delay calling 911 for fear of self-incrimination. This bill provides immunity from the charge of possession if the evidence was gained during the emergency response. The amendment enhances the bill to ensure that it accomplishes its intended purpose, requiring a 911 caller to cooperate with emergency responders and remain on site. The states that have passed similar laws have seen the overdose death rate drop. Vote 16-0.

Amendment (0488h)

Amend the title of the bill by replacing it with the following:

AN ACT granting immunity from criminal prosecution to a person who reports a drug related emergency.

Amend the bill by replacing all after the enacting clause with the following:

1 Legislative Intent. It is the intent of the general court to encourage a witness or victim of a drug overdose to seek medical assistance in order to save the life of an overdose victim by establishing a state policy of protecting the witness or victim from prosecution and conviction for certain crimes. It is not the intent of the general court to provide immunity from citation, arrest, or prosecution for violation of the controlled drug act pursuant to RSA 318-B, in cases where medical assistance has not been sought for someone experiencing an overdose.

2 New Section; Immunity from Liability. Amend RSA 318-B by inserting after section 28-a the following new section:

318-B:28-b Immunity From Liability.

I. As used in this section:

(a) "Drug overdose" means an acute condition resulting from or believed to be resulting from the use of a controlled drug which a layperson would reasonably believe requires medical assistance.

(b) "Medical assistance" means professional services provided to a person experiencing a drug overdose by a health care professional licensed, registered, or certified under state law who, acting within his or her lawful scope of practice, may provide diagnosis, treatment, or emergency services for a person experiencing a drug overdose.

(c) "Seeks medical assistance" shall include providing care to someone who is experiencing a drug overdose while awaiting the arrival of medical assistance to aid the overdose victim, provided that person remains at the scene of the event until a law enforcement officer or an emergency medical responder arrives, or remains at the facilities of the medical provider until a law enforcement officer arrives.

II. A person who, in good faith and in a timely manner, seeks medical assistance for someone who is experiencing a drug overdose shall not be cited, arrested, or prosecuted for a violation of this chapter if the evidence for the charge of possession of a controlled drug was gained as a result of the seeking of medical assistance.

III. A person who is experiencing a drug overdose and, in good faith, seeks medical assistance for himself or herself or is the subject of a good faith request for medical assistance shall not be cited, arrested, or prosecuted for a violation of this chapter if the evidence for the charge of possession of a controlled drug was gained as a result of the overdose and the need for medical assistance.

IV. A person who seeks medical assistance for a drug overdose pursuant to paragraph II or III:

(a) Shall not be subject to any of the penalties for violation of RSA 173-B for being at the scene of the drug overdose, or for being within close proximity to any person at the scene of the drug overdose; and

(b) Shall not be subject to any sanction for a violation of a condition of pretrial release, probation, furlough, or parole for being at the scene of the drug overdose, or for being within close proximity to any person at the scene of the drug overdose.

V. The act of seeking medical assistance for or by someone who is experiencing a drug overdose shall be considered a mitigating circumstance at sentencing for a violation of any other offense.

VI. The immunity provisions of this section shall apply only to the use and derivative use of evidence gained as a proximate result of the person's seeking medical assistance for a drug overdose, and do not preclude prosecution of the person on the basis of evidence obtained from an independent source.

VII. A person who seeks medical assistance for a drug overdose pursuant to paragraph II or III shall not be subject to the laws governing property subject to forfeiture, except that prima facie contraband shall be subject to forfeiture.

VIII. Except in cases of reckless or intentional misconduct, law enforcement shall be immune from liability for citing or arresting a person who is later determined to qualify for immunity under this section.

3 Applicability. This act shall apply to a person who seeks medical assistance for a drug overdose on or after the effective date of this act.

4 Effective Date. This act shall take effect 60 days after its passage.

HB 287, allowing citizens to record by audio or video a traffic stop by law enforcement officers. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John A. Burt for Criminal Justice and Public Safety. The majority of the committee agrees this bill will allow a citizen to audio and video tape a traffic stop while the amendment protects the officer's ability to perform his official duties. A federal judge in MA made a ruling that it is ok for the citizen to audio and video tape a traffic stop. HB 287 will codify the federal judge's ruling. Vote 17-0.

Amendment (0114h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Audio and Video Recording of Traffic Stop by Law Enforcement Permitted. Amend RSA 570-A:2, II by inserting after subparagraph (l) the following new subparagraph:

(m)(1) Any person to make an audio or video recording of a traffic stop by a law enforcement officer; provided that the act of recording does not interfere with the law enforcement officer's ability to perform his or her official duties.

(2) Any audio or video recording of a law enforcement officer shall remain the property of its owner. In the event that such property is seized by law enforcement authorities, a copy of the audio or video recording shall be provided to the owner of the property within 30 days of the day the property is seized.

2 Effective Date. This act shall take effect July 1, 2015.

HB 436, relative to the penalty for making a false statement in a criminal complaint. **INEXPEDIENT TO LEGISLATE.**
Rep. Len DiSesa for Criminal Justice and Public Safety. The committee unanimously felt that it is confusing to add the reference to RSA 641:2, false swearing. A person can be prosecuted for false swearing if she/he swears under oath falsely to the matter at hand. The statute being amended by this bill pertains to RSA 592-A:7, complaints, does not require any oath. The committee felt the statute should remain as is. Vote 17-0.

HB 440, establishing private prosecution of criminal proceedings. **INEXPEDIENT TO LEGISLATE.**
Rep. Geoffrey D. Hirsch for Criminal Justice and Public Safety. Citizens have recourse to seek redress in civil court should law enforcement or the state not seek criminal proceedings in an action. If law enforcement or the state does not find sufficient ground to pursue prosecution, allowing private citizens to file criminal complaints could overwhelm the courts with meritless proceedings. Vote 15-2.

HB 442, changing references to "law enforcement officer" to "peace officer" in the Revised Statutes Annotated. **INEXPEDIENT TO LEGISLATE.**
Rep. Arthur E. Barnes for Criminal Justice and Public Safety. This bill would simply change referrals to "law enforcement officer" to "peace officer" in approximately 180 RSAs. The committee felt this was an unnecessary expense; as Shakespeare said, "a rose by any other name still smells as sweet." Vote 14-2.

HB 472, relative to the parole board and parole board procedures. **OUGHT TO PASS.**
Rep. David A. Welch for Criminal Justice and Public Safety. This bill changes the composition of the adult parole board from 7 members to 9 members and deletes the requirement of notice of hearings to be published in a newspaper of general circulation. The hearings notice will be posted on the department of corrections website stating the name and birth date of the person seeking parole and the location of the hearing. Currently the victims are notified by mail or by telephone. The addition of 2 members increases the pool that members are drawn from to populate the board. Vote 16-0.

HB 494, relative to industrial hemp as a controlled substance. **OUGHT TO PASS.**
Rep. Ed Comeau for Criminal Justice and Public Safety. Industrial hemp has been part of the nation's economy from its inception. The finest Bible paper is hemp based and chosen for its durability and it is well established that hemp is component of economic strength as our Declaration of Independence was penned upon its sturdy fibers. It is the opinion of the committee that industrial hemp shall not be designated as a controlled substance; amending RSA 318-B:1-a. Today industrial hemp is a sustainable fiber used in many products that are imported but could be made locally. Items from durable clothing, soaps and health food, to industrial lubricants; biofuels; biocomposites used in modern manufacturing. The committee unanimously concludes that prohibiting a controlled substance designation would foster a vibrant economy and bring needed job growth to the local economies within New Hampshire. Vote 16-0.

HB 557-FN, relative to penalties for driving while intoxicated, third and fourth offenses. **INEXPEDIENT TO LEGISLATE.**
Rep. John A. Burt for Criminal Justice and Public Safety. The full committee agrees that HB 557 is not needed. Current law allows the judge to give or not give a driver's license back to a third or fourth convicted DWI charge. Instead of requiring a license be suspended indefinitely with a 10-year minimum instead of what is currently suspended indefinitely with a 5-year minimum. Vote 16-0.

HB 590-FN, relative to the accountability of public officials. **INEXPEDIENT TO LEGISLATE.**
Rep. Arthur E. Barnes for Criminal Justice and Public Safety. This bill is intended to strengthen penalties for public officials who fail to respond to an affidavit, commit an unauthorized act, which purports to be an official act, or refrains from performing an official duty. As written, the bill would have the public official removed from office if he/she is found guilty with no right to appeal. The committee believed denying anyone the right to due process would constitute a gross violation of his/her constitutional rights. Vote 17-0.

HB 612-FN, establishing a penalty for falsifying information to obtain a protective order. **INEXPEDIENT TO LEGISLATE.**
Rep. Robert R. Cushing for Criminal Justice and Public Safety. There is already language contained within RSA 173-B:3, Protection of Persons from Domestic Violence, which states: "Any person filing a petition containing false allegations of abuse shall be subject to criminal penalties." Further,

it is already a misdemeanor, under current statute, to falsely report to law enforcement. Making it a class B felony to falsely report in order to obtain a protective order would be inconsistent with the rest of the statute and would more harshly penalize victims of domestic violence than anyone else making a false statement to law enforcement. The policy implications of passing this bill would be the codified presumption that victims of domestic violence make false allegations at a higher rate than other civil litigants, such as big corporations or tort litigants in personal injury claims, with no basis in empirical evidence that this is the case. There is however, extensive literature supporting that batterers often use the legal system as a further method of power and control over their victims. To that end, abusers are much more likely to generate false claims in family court. The American Bar Association's Commission on Domestic and Sexual Violence has collected data that debunks the notion that victims obtain protective orders in order to gain an advantage in divorce or parenting proceedings. The ABA's commission cites there is no effect on custody outcomes in cases where there are allegations of abuse against fathers. In fact, abusers are more likely to seek sole custody of their children over the non-abusive parent, and are successful in doing so 70% of the time. Before a final domestic violence protective order can be granted, the court must find abuse as defined in our criminal code, and further find that the defendant poses a credible threat to the victim's safety. The burden of proof in these cases is on the petitioner—not the defendant. These cases are highly scrutinized in court. In 2013, 42% of all domestic violence petitions scheduled for a final hearing resulted in the court granting a final protective order for one year. Less than half of these petitions being granted speak to a careful review of all facts, circumstances, and credibility of both parties. These orders are not handed out easily or indiscriminately. Vote 16-0.

HB 640-FN, relative to the crime of criminal coercion. **INEXPEDIENT TO LEGISLATE.**
Rep. Len DiSesa for Criminal Justice and Public Safety. This bill is both overly complex and would be extremely difficult to enforce. It also violates the due process of public officials and it would have a chilling effect on any person who was contemplating entering the public service sector. Vote 17-0.

HB 322, relative to protection of personally identifiable data by the department of education. **OUGHT TO PASS.**
Rep. Glenn Cordelli for Education. This bill adds additional security provisions to protect our state student data. It requires the department of education to develop a detailed security plan and to publish an annual report on any security breaches. In addition, the department is to publish student and parent's rights with information on where to file complaints. Vote 18-1.

HB 346, relative to criminal history records checks for school employees and volunteers. **OUGHT TO PASS WITH AMENDMENT.**
Rep. James L. Grenier for Education. This bill amends RSA 189:13-a, II-VII regarding criminal background checks of school employees and volunteers. Presently, criminal history records provided to a school district will only identify when a perspective employee has been convicted of a felony. This bill, as amended, will add all criminal convictions, or pending dispositions to the criminal background data provided to the school district. The need for this change was supported by an example where felony charges were pleaded down to a misdemeanor and the school district was unaware that the perspective employee had been convicted of a felony crime against a child. Vote 19-0.

Amendment (0101h)

Amend RSA 189:13-a, III as inserted by section 1 of the bill by replacing it with the following:

III. The school administrative unit, school district, chartered public school, or public academy shall submit the criminal history records release form to the New Hampshire state police which shall conduct a criminal history records check through its records and through the Federal Bureau of Investigation. [~~The state police shall examine the list of crimes constituting grounds for non-approval of employment, or non-acceptance of volunteer services in that school administrative unit, school district, chartered public school, or public academy, and~~] ***Upon completion of the criminal history records check, and notwithstanding the charges or pending dispositions in paragraph II, the division of state police*** shall [~~report the presence or absence of any such crime~~] ***release a copy of the criminal history records check*** to the school administrative unit, school district, chartered public school, or public academy. [~~Under no circumstances shall the criminal records be released to the school administrative unit, school district, chartered public school, or public academy.~~] The school administrative unit, school district, chartered public school, or public academy shall maintain the confidentiality of

all criminal history records information received pursuant to this paragraph. [~~If the criminal history records information indicates no criminal record, the school administrative unit, school district, chartered public school, or public academy shall destroy the information received immediately following its review of the information.~~] If the criminal history records information indicates that the applicant has been convicted of a [~~felony or has been charged pending disposition for or convicted of a crime listed in paragraph V,~~] ***crime,*** the school administrative unit, school district, chartered public school, or public academy shall review the information for a hiring decision, and the division of state police shall notify the department of education of any such charges pending disposition or convictions. The school administrative unit, school district, chartered public school, or public academy shall [~~destroy any~~] ***only retain*** criminal history record information that indicates a criminal record [~~within 30 days of receiving such information~~] ***if the applicant is extended a final offer of employment. This information shall be confidentially maintained in the applicant's personnel file.***

HB 375, relative to providing information about effective forms of child discipline to parents. **INEXPEDIENT TO LEGISLATE.**
Rep. Terry M. Wolf for Education. The committee unanimously agreed that curriculum development is a local control issue. Vote 19-0.

HB 424, relative to the accessibility of assessment materials. **OUGHT TO PASS.**
Rep. James L. Grenier for Education. This bill will amend RSA 193-C:10 requiring school districts to notify parents within 30 days after the results of the state assessment are released by the department of education. Presently, a parent must request inspection or review of their child's test results without notification of the availability of the test results. Vote 19-0.

HB 474, relative to grounds for denial of a chartered public school application. **INEXPEDIENT TO LEGISLATE.**
Rep. Glenn Cordelli for Education. This bill reinstates the ability for the department of education to deny a public charter school application because of lack of funds. Last term the legislature put into statute that a funding denial could not be made. In 2012-13 charter school applications were denied for this reason, which caused schools to lose funding and support. Other schools had to start applications all over again. This was contrary to our statutes, which say charter schools are to be encouraged. Vote 17-3.

HB 491, relative to immunity for school personnel using reasonable force to protect a minor. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Ralph G. Boehm for Education. This bill allows school personnel to use reasonable force if they reasonably believe it is necessary to end a disturbance, which would constitute a danger. The amendment removes the word to maintain decorum. Vote 17-1.

Amendment (0721h)

Amend RSA 627:6, II(a) as inserted by section 1 of the bill by replacing it with the following:

(a) A teacher or person otherwise entrusted with the care or supervision of a minor for special purposes or pupil may use reasonable force against any such minor or pupil when and to the extent that he or she may reasonably believe it necessary to end a disturbance, to maintain safety, or to remove such minor or pupil from the premises when the minor's or pupil's behavior or continued presence on the premises would constitute a danger to that individual, or to other children or adults present. Conduct which is justifiable under this subparagraph constitutes a defense to any offense. The fact that such conduct is justifiable shall constitute a complete defense to any civil action based on such conduct.

HB 507, relative to teacher personally identifiable data. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Glenn Cordelli for Education. This bill, as amended, provides for the protection of teacher identifiable information in the same way we protected student data in the prior session. It also requires school board approval and provision for written consent before allowing any recording in classrooms. Vote 19-0.

Amendment (0492h)

Amend RSA 189:65, VII-a as inserted by section 2 of the bill by replacing it with the following:

VII-a. "Teacher personally-identifiable data" or "teacher data," which shall apply to teachers, paraprofessionals, principals, school employees, contractors, and other administrators, means:

(a) Social security number.
(b) Date of birth.
(c) Personal street address.
(d) Personal email address.
(e) Personal telephone number.
(f) Performance evaluations.
(g) Other information that, alone or in combination, is linked or linkable to a specific teacher, paraprofessional, principal, or administrator that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify any with reasonable certainty.
(h) Information requested by a person who the department reasonably believes or knows the identity of the teacher, paraprofessional, principal, or administrator to whom the education record relates.

Amend RSA 189:67, IV as inserted by section 3 of the bill by replacing it with the following:

IV. Except as provided in RSA 193-E:5, or pursuant to a court order signed by a judge, the department shall not disclose student personally-identifiable data in the SLDS ***or teacher personally-identifiable data in other department data systems*** to any individual, person, organization, entity, government or component thereof, but may disclose such data to the school district in which the [~~student's~~] ***student*** resides ***or the teacher is employed.***

HB 566-FN-L, relative to consolidation of school administrative units. **INEXPEDIENT TO LEGISLATE.**

Rep. Terry M. Wolf for Education. This bill consolidates SAUs to one per county except for Hillsborough county. School districts already have the authority to combine SAUs. This is a local control issue. Vote 21-0.

HB 604, relative to the use of mixed use school buses by special education pupils. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John L. Balcom for Education. This bill, as amended, authorizes the use of school vehicles other than school busses to transport small numbers of students to and from school activities, special education and other school functions. This bill enhances the current law to make it clear for the department of safety that school busses are not required for the transport of special education students, either for public, or private schools. There was concern expressed by the department of safety concerning travel out of state. Current state law is more stringent than federal law in transport across state lines for both private and public schools. Federal law states that if transporting 16 or more students, a commercial school bus license is needed for private school transportation and no requirement for public schools. State law is 12 for both public and private. Vote 20-1.

Amendment (0747h)

Amend RSA 189:6-c, I as inserted by section 1 of the bill by replacing it with the following:

I. Pupils may be transported to or from [~~school or a school-sponsored activity~~] ***school activities*** in a mixed use school bus, as defined by RSA 259:96-a, which bears a valid state inspection sticker and is operated by a driver who holds a valid ***driver's*** license to operate that vehicle.

HB 610, relative to a school board vote on the reassignment of a pupil. **OUGHT TO PASS.**

Rep. John L. Balcom for Education. This bill had the unanimous support of the education committee. This bill allows for the reassignment of a pupil to another school with the approval of the local school boards. It is empowering legislation in favor of local control. Vote 21-0.

HB 200, defining "farm stand." **OUGHT TO PASS WITH AMENDMENT.**

Rep. Rebecca A. Brown for Environment and Agriculture. The bill is aimed at making market access easier for local farmers and other producers of local food products. It allows home-based makers of products like bread, jams, and jellies to sell these at retail stores up to $20,000 gross sales volume without a state license. After they reach that volume they would require a license. This change reflects our current law for selling from a farm stand or farmers market. By helping kick start local food production, our intent is to grow local food businesses and meet consumer demand for local products. Vote 17-1.

Amendment (0606h)

Amend the title of the bill by replacing it with the following:

AN ACT allowing homestead food operations exempt from licensure to sell homestead food products at retail food stores.

Amend the bill by replacing all after the enacting clause with the following:

1 Exempt Homestead Food Operations; Sales Points. Amend RSA 143-A:12, II to read as follows:

II. Homestead food operations selling less than a maximum annual gross sales of $20,000 of food, excluding potentially hazardous food, from the homestead residence, at the owner's own farm stand, ~~[or]~~ at farmers' markets, ***or at retail food stores*** are exempt from licensure under this subdivision.

2 Exempt Homestead Food Operations; Sales Points. Amend RSA 143-A:12, IV to read as follows:

IV. All homestead food products sold in packages from the home kitchen ~~[or]~~, farm stand of a homestead food operation ~~[or]~~, at farmers' markets, ***or at retail food stores*** shall have individual labels on each package containing the following information: name, address, and phone number of the homestead food operation; name of the homestead food product; the ingredients of the homestead product, in descending order of predominance by weight; and allergy information. Products made by homestead food operations exempt from licensure shall also be clearly labeled with the following statement: "This product is exempt from New Hampshire licensing and inspection." Products made by non-exempt homestead food operations shall also be clearly labeled with the following statement: "This product is made in a residential kitchen licensed by the New Hampshire Department of Health and Human Services."

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows homestead food operations exempt from licensure to sell homestead food products at retail food stores.

HB 248, directing the university system of New Hampshire to conduct a study of the effects of prolonged human consumption of and exposure to methyl tertiary butyl ether (MTBE). **INEXPEDIENT TO LEGISLATE.**

Rep. Robert H. Haefner for Environment and Agriculture. This bill seeks to require the University of New Hampshire to research the effects of prolonged consumption and exposure to MTBE. The legislation further seeks to pay for the mandated study with settlement funds which have been set aside for remediation of MTBE. The majority of the committee believes that the legislature should not be mandating what research projects our state university conducts, especially when we are not willing to fund it. The majority also heard testimony that diverting the money that has been set aside for remediation and using it for research was not the best use of those settlement funds. While UNH has said they had no plans to research long-term consumption and exposure to MTBE, should they decide to do so, they would follow their normal practice of seeking grants to fund it. Vote 19-0.

HB 421, authorizing the university of New Hampshire to grow industrial hemp for research purposes. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert H. Haefner for Environment and Agriculture. This bill, as amended, authorizes, but does not require, the state's research universities to conduct a study on industrial hemp. The bill further requires, if the study is undertaken, research into not only the agricultural aspects, but the business, marketing and economic viability of growing hemp in New Hampshire. The federal government is, for the first time, allowing hemp research through the 2012 Farm Bill. Other states have begun research on hemp, most notably Kentucky which sees hemp as a possible replacement for tobacco. The majority of the committee feels NH should take advantage of this opportunity. Vote 18-0.

Amendment (0531h)

Amend RSA 433-C as inserted by section 1 of the bill by replacing it with the following:

CHAPTER 433-C

INDUSTURIAL HEMP RESEARCH

433-C:1 Industrial Hemp Defined. "Industrial hemp" means the plant Cannabis sativa L. and any part of such plant, whether growing or not, with a delta-9 tetrahydrocannabinol concentration of not more than 0.3 percent on a dry weight basis.

433-C:2 Authorization. An institution of higher education, as defined in 20 U.S.C. section 1001, may grow or cultivate industrial hemp, on site or off site, for purposes of research under an agricultural pilot program or other agricultural or academic research. In addition to studying the plant's growth and cultivation, the research shall also study the economics of industrial hemp, including markets and processing. Industrial hemp grown or cultivated in accordance with this chapter shall not be considered a controlled drug or controlled substance under RSA 318-B.

433-C:3 Regulation. All research shall be undertaken in coordination with the department of agriculture, markets, and food. The department may certify and register sites used to grow or cultivate industrial hemp and may adopt rules to regulate such research to the extent necessary to comport with 7 U.S.C. section 5940. Such rules shall be exempt from RSA 541-A. All research projects shall conclude within 3 years of commencement.

AMENDED ANALYSIS

This bill authorizes any institution of higher education to grow industrial hemp for research purposes.

This bill is a request of the committee to study the growth and sale of industrial hemp in New Hampshire established by 2014, 218.

HB 579-FN, establishing a maple products coordinator in the department of agriculture, markets, and food using federal funds. **INEXPEDIENT TO LEGISLATE.**

Rep. Tara A. Sad for Environment and Agriculture. This bill would have established a new position in the department of agriculture, markets and food to coordinate the promotion and marketing of the New Hampshire's maple industry. A new federal program, the Acer Access and Development Program (AADP), was included in the 2012 Farm Bill, and would have entirely funded this new position. Even though the Farm Bill is now law, the appropriation for AADP has not yet been approved. Therefore, the committee felt that establishing this position prior to funding would be premature. The committee feels strongly, however, that the maple industry needs this support, and will be drafting a letter to our congressional delegation seeking their assistance in securing the appropriation. Vote 18-0.

HB 624-FN-L, relative to animal care costs in animal cruelty cases. **INEXPEDIENT TO LEGISLATE.**

Rep. John T. O'Connor for Environment and Agriculture. This bill takes away a citizen's right to due process of law, and presumes guilt prior to a hearing. It allows for seizure of an owner's animals and requires them to post an animal care bond or other security prior to any conviction of animal cruelty. Current law already requires proof of financial accountability for those who have been convicted of cruelty and had their animals lawfully seized. During testimony, the ACLU stated 'that the poor in New Hampshire who own pets would be far more likely to forfeit their animals given the inability to post bond. In addition, the ACLU noted a federal court decision (Louisville Kennel Club, Inc. v. Louisville/Jefferson County Metropolitan Gov't) stating, "that mandating permanent forfeiture for failing to timely post a bond, without finding of guilt, has been rejected for violating procedural due process," holding that the portion of the law that would permanently deprive a pet owner of his property, absent a finding of guilt, is unconstitutional. Vote 18-0.

HB 109-FN-L, relative to the testing of backflow devices. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Steven P. Beaudoin for Executive Departments and Administration. Existing statute is unclear as to whether testing of residential backflow prevention devices is required. This bill was filed to add statutory clarification to that effect as well as to change the twice annual testing of high hazard devices to once annually and to eliminate the need to have low hazard devices tested routinely. After hearing testimony about the importance of backflow preventer testing, the bill was amended to retain the requirement of twice annual testing of high hazard devices and once annual testing of commercial low hazard devices while more closely defining that residential low hazard devices do not need routine testing. Vote 11-0.

Amendment (0379h)

Amend RSA 485:11 as inserted by section 1 of the bill by replacing it with the following:

485:11 Backflow Device Requirements and Tests, Installations, Repairs and Replacements. There shall be a backflow prevention device installed at every connection to a public water system if the facility connected may pose a hazard to the quality of water supplied by the public water system as determined by the department. Where applicable, the facility receiving water from a public

water supply shall be responsible for having such drinking water distribution system protective backflow prevention devices inspected and tested by individuals certified by a third party who has been approved by the department to conduct backflow device inspection and testing certification. The facility shall also have backflow devices installed, maintained, repaired, and replaced by individuals qualified by either a plumbers license or by certification by the department under RSA 332-E:3, III proving competency in distribution system operation. The activities to be conducted by qualified individuals shall be specifically limited to the inspection and testing, maintenance, repair or replacement, and installation of the water meters, meter horns, backflow preventers, and assembly devices directly adjacent to and required as part of the protection for the drinking water distribution system. Testing of drinking water distribution system protective backflow prevention devices, where applicable, shall occur after installation or repair to ensure that new and repaired devices are working properly. There shall be a backflow prevention device installed at every connection to a public water system if the facility connected may pose a hazard to the quality of water supplied by the public water system as determined by the department of environmental services. The facility receiving water from a public water supply shall be responsible for having such backflow prevention devices installed, serviced, and tested by individuals qualified by license or certification to perform these activities. Testing of backflow devices shall occur twice annually unless the public water supplier determines the facility poses a low hazard, in which case testing shall be performed on an annual basis. The facility receiving water from a public water supplier is responsible for ensuring that the backflow prevention device is working properly to prevent backflow into the public water system. Testing shall also occur twice annually for [~~existing~~] ***any high hazard*** devices [~~unless~~] ***and facilities. When*** the public water supplier determines that the facility poses a low hazard, [~~in which case~~] testing shall occur annually. A residential property ***containing a non-testable device*** shall not be considered a [~~low~~] hazard facility [~~but~~] ***and shall not require annual testing. A residential property*** may be considered a high hazard facility if it has an irrigation system, private well connection, or other feature that may cause a public health risk. If an outside irrigation system is the sole reason a residential property is considered a hazard to the public water supply distribution system, such irrigation system shall be tested annually during the period when the irrigation system is operated. The facility receiving water from a public water supplier is responsible for ensuring that the backflow prevention device is working properly to prevent backflow into the public water system.

AMENDED ANALYSIS

This bill modifies the requirements for testing drinking water distribution system protective backflow prevention devices.

HB 326, relative to the membership of the board of registration of medical technicians. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John Sytek for Executive Departments and Administration. This bill would add a medical technician as a member to the board of medical technicians. The board's original composition did not include a medical technician. The committee felt that it was both appropriate and useful to have a medical technician representative on the board. The amendment clears up an ambiguity noticed by the NH board of medicine. Vote 15-1.

Amendment (0343h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the board of registration of medical technicians.

Amend the bill by replacing all after the enacting clause with the following:

1 Board of Registration of Medical Technicians; Membership. Amend RSA 328-I:2, I-III to read as follows:

I. There shall be a board of registration of medical technicians consisting of 5 members. The members shall be[~~:~~

~~(a) The commissioner, or designee.~~

~~(b) Four members~~] appointed by the governor with the consent of the council as follows:

[~~(1) Three~~] ***(a) Four*** licensed***, registered, or certified*** health care providers, ***only one of whom may be a medical technician required to be registered under this chapter,*** one of whom shall have experience supervising medical technicians, and one of whom shall be a licensed physician.

[~~(2)~~] ***(b)*** One public member, who shall be a person who is not, and never was, a member of a health care profession or the spouse of any such person, and who does not have, and never has had, a material financial interest in either the provision of medical services or an activity directly related to health care.

II. The members [~~under subparagraph (b)~~] shall be appointed to a term of 5 years. [~~The commissioner shall serve coterminous with his or her term of office.~~] No member shall serve more than 2 consecutive terms.

III. [~~Appointed~~] ***The*** members of the board shall receive $50 for each day actually engaged in the duties of the board and shall be reimbursed for all actual travel necessarily incurred in carrying out the provisions of this chapter.

2 Board of Registration of Medical Technicians; Registration. Amend RSA 328-I:5, I and II to read as follows:

I. A person engaging in work as a medical technician***, as defined in RSA 328-I:1, VI,*** in New Hampshire shall be registered in accordance with this chapter.

II. Any [~~person who is not registered as a~~] medical technician***, as defined in RSA 328-I:1, VI, who is not registered*** under this chapter, ***and who*** advertises himself or herself as being a medical technician, practices as a medical technician, or engages in such acts after receiving notice that such person's registration has been revoked shall be guilty of a misdemeanor.

3 Board of Registration of Medical Technicians; Powers and Duties of the Board. Amend RSA 328-I:3, VII to read as follows:

VII. Maintain a database of registered medical technicians and share all information received with other licensing boards or advisory committees within this state, and with appropriate boards out of state and with ***the office of Inspector General, Department of Health and Human Services and with*** any law enforcement entity, as allowed by RSA 91-A and in accordance with RSA 328-I:11, I.

4 Board of Registration of Medical Technicians; Rulemaking. Amend RSA 328-I:4, X to read as follows:

X. Procedures for sharing information with other in-state boards, ***the Office of Inspector General, Department of Health and Human Services,*** out-of-state boards and law enforcement entities.

5 Board of Registration of Medical Technicians; Registration; Temporary Registration. Amend RSA 328-I:6, V to read as follows:

V. Any medical technician who changes his or her name, place or status of employment in New Hampshire, or residence shall notify the board in writing within 30 days. For failure to report such a change within 30 days ***of such event***, the board may suspend the medical technician's registration.

VI. Once an application has been approved by the board, a temporary registration may be issued, pending receipt of the criminal records check and finger print information.

6 Board of Registration of Medical Technicians; Disciplinary Actions. Amend RSA 328-I:10, III to read as follows:

III. Every facility administrator, or designee, for any licensed hospital, health clinic, ambulatory surgical center, or other health care facility within the state shall report to the board any disciplinary or [~~adverse action~~] ***action related to disruptive conduct, professional incompetence or violation of an organizational rule or procedure involving controlled substances, or any adverse action which results in the termination of an employment relationship***, within 30 days after such action is taken, including situations in which allegations of misconduct are settled by voluntary resignation without adverse action, against a person registered by the board. Disciplinary or adverse action shall include the requirement that a registrant undergo counseling or be subject to any policy with regard to disruptive behavior.

7 Repeal. RSA 328-I:1, II relative to the definition of commissioner, is repealed.

8 Effective Date. This act shall take effect January 1, 2016.

AMENDED ANALYSIS

This bill makes certain changes in the law regarding registration of medical technicians.

HB 363, relative to Lyme disease awareness. **OUGHT TO PASS WITH AMENDMENT.** Rep. Mark L. Proulx for Executive Departments and Administration. This bill, as amended, requires that the governor annually proclaim May as Lyme disease awareness month. It also requires the HHS web site to include a link to the International Lyme and Associated Diseases Society (ILADS). This site provides information about other treatments for Lyme disease and considers that Lyme disease may need to be treated as a chronic condition. The HHS website would provide this link as a matter of information and not necessarily endorsement. Vote 12-0.

Amendment (0159h)

Amend RSA 126-A:5, XXVIII as inserted by section 3 of the bill by replacing it with the following:

XXVIII. The commissioner shall include a link to the International Lyme and Associated Diseases Society (www.ILADS.org) on its Internet website and may include a disclaimer that the department of health and human services neither endorses nor supports the position of the International Lyme and Associated Diseases Society.

HB 396-FN, relative to part-time employment by retirees in the New Hampshire retirement system. **INEXPEDIENT TO LEGISLATE.**

Rep. Peter T. Hansen for Executive Departments and Administration. This bill sought to increase the allowable work hours for retired members of the New Hampshire Retirement System. Currently at 1300 hours in a calendar year to 1664 hours in a 12 month period. Insufficient information was brought to the committee with respect to the number of potential participants, the accurate fiscal impact to the NHRS, nor the critical need to increase hours to benefit the public. Therefore, the committee felt the current law is adequate. Vote 16-0.

HB 408, making a technical correction relative to fees for chiropractors. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter T. Hansen for Executive Departments and Administration. This bill, as amended, establishes the initial and subsequent licensing fees and timing for renewal of licenses for chiropractors and audiologists. The bill establishes licensing procedures for the professions which conform to the established procedures for licensing by the joint board of licensure. Vote 12-1.

Amendment (0260h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Chiropractor Licenses. Amend RSA 316-A by inserting after section 14 the following new sections:

316-A:14-a Licenses and Certificates. Each applicant who qualifies under this chapter and who attains a minimum grade of 70 percent upon the examination given under RSA 316-A:13, I shall receive a license from the board as a chiropractor permitted to practice in New Hampshire. The fee for an initial license and for a license renewal shall be $300. The initial license and renewal licenses shall be valid for the terms established under RSA 316-A:19.

316-A:14-b License Fees. Each applicant who qualifies under this chapter shall pay a fee for an initial license and for a license renewal of $300. The initial license and license renewals shall be valid for the terms established under RSA 316-A:19.

2 Audiology Licensure Required; License Renewal. Amend RSA 137-F:11, II to read as follows:

II. The board shall license each applicant who satisfies the requirements of this chapter. Upon payment of a $300 license fee, the board shall issue to such person a certificate of licensure which shall be evidence of the right to practice as an audiologist. [~~The license shall be valid for 2 years from the date of issuance.~~] ***The initial license shall be valid for at least 2 years and expire on June 30. Renewals shall be valid for 2 years from the date of renewal.***

3 Effective Date. This act shall take effect July 1, 2015.

HB 425, relative to procedures for the adoption of agency rules under the administrative procedures act. **OUGHT TO PASS.**

Rep. Peter B. Schmidt for Executive Departments and Administration. The sponsors of this bill, all members of the joint legislative committee on administrative rules, including two chairs and vice-chairs of the JLCAR, recognize that, although our statute RSA 541-A is quite mature and comprehensive, there are still aspects that can be improved as we operate the committee and observe general rule-writing developments, court decisions, electronic and digital innovations, improvements in forms, use of incorporation by reference, and the like. These changes, though not major, improve the administrative procedures act for the public and the agencies. Vote 13-0.

HB 456, relative to appointment of a veterans' ombudsman by the governor. **INEXPEDIENT TO LEGISLATE.**

Rep. Peter B. Schmidt for Executive Departments and Administration. The sponsor informed the committee that the bill's intended purpose would result in duplication and therefore requested a recommendation of Inexpedient to Legislate. Vote 12-0.

HB 473, relative to the smoking policy at the New Hampshire veterans' home. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Steven P. Beaudoin for Executive Department and Administration. Though the veterans' home allows six or so existing residents to continue to smoke, new residents are required to quit. The committee felt that forcing someone to give up a habit that, in many cases, was promoted during their military service, was unfair to someone who put their life on the line for their country. This bill, as amended, requires new residents to attend a smoking cessation program but, if unsuccessful, allows them to continue to smoke in the designated outdoor smoking areas. Vote 15-2.

Amendment (0496h)

Amend the bill by replacing section 2 with the following:

2 New Section; Smoking Policy. Amend RSA 119 by inserting after section 9 the following new section:

119:9-a Smoking Policy. No otherwise qualified veteran shall be denied admission or have his or her admission delayed solely because he or she is a smoker who desires to continue to smoke, as a resident, in the home's designated smoking areas. Smoking veterans shall be offered smoking cessation assistance by the home, shall be required to agree to participate in such a program as a condition of admission, but shall not be required to complete such a program successfully as a condition of continued residence. Smoking veterans who refuse smoking cessation assistance or fail the voluntary smoking cessation program shall be permitted to smoke only in the home's designated smoking areas.

HB 484, relative to the board of nursing and exemptions from licensure by the board. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter B. Schmidt for Executive Departments and Administration. This bill, as amended, addresses a present shortage among service providers caring for elderly or disabled persons who require their medications to be administered to them. It represents an agreement between the board of nursing and a group of such service providers to develop protocols and training to expand the pool of competent personnel able to give medications. Vote 16-0.

Amendment (0647h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to medication administration by licensed nursing assistants and relative to exemptions from regulation for certain nursing care and attendant care services.

Amend the bill by replacing all after the enacting clause with the following:

1 Nurse Practice Act; Scope of Practice; Licensed Nursing Assistants. Amend RSA 326-B:14, II to read as follows:

II. An LNA is responsible for competency in the nursing assistant curriculum approved by the board. ~~[LNAs are authorized to administer medication when they hold a currently valid certificate of medication administration and under the circumstances established by the board through rules adopted pursuant to RSA 541-A.]~~

II-a. An LNA is authorized to administer medication if:

(a) The LNA holds a currently valid certificate of medication administration; or

(b) A licensed nurse delegates the task of medication administration to the LNA who is employed in the home care, residential care, or adult day care setting. The board, in consultation with the commissioner of health and human services or a designee, shall adopt rules under RSA 541-A establishing standards for such delegation of medication administration which include, but are not limited to, limitations on the number of delegations per assistive personnel, training and competency requirements, documentation requirements, and medication administration error reporting requirements.

2 New Chapter; Nursing Care and Consumer Directed Attendant Care Services. Amend RSA by inserting after chapter 332-J the following new chapter:

CHAPTER 332-K

NURSING CARE AND CONSUMER DIRECTED ATTENDANT CARE SERVICES

332-K:1 Nursing Care and Consumer Directed Attendant Care Services; Care by Unlicensed Persons. No provision of Title XXX shall prohibit the following care:

I. Nursing care provided by family and friends.

II. Consumer directed attendant care services directed by or on behalf of an individual with a disability of any age who requires assistance with such services in order to live in his or her home and community, including a residential care facility.

III. For the purpose of this section:

(a) "Attendant care services" means assistance with any of the following:

(1) Activities of daily living;

(2) Instrumental activities of daily living; or

(3) Health maintenance activities.

(b) "Health maintenance activities" means activities that a licensed health care professional determines could be performed by the individual if the individual were physically able and may safely be performed in the home or community setting. Such activities include, but are not limited to, bowel and bladder care, routine ostomy care, medication administration, and wound care.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill clarifies the authority of licensed nurse assistants to administer medication and adds an exemption from regulation for nursing care and consumer directed attendant care services provided by unlicensed persons.

HB 510, establishing a commission to study the regulation of pawnbrokers, secondhand dealers, and junk or scrap metal dealers. **OUGHT TO PASS.**

Rep. Peter B. Schmidt for Executive Departments and Administration. The committee heard uncontroverted testimony that the statutes governing the referenced trades and businesses dealing in metals generally are antiquated and inadequate. Metals theft is a growing and pernicious threat to NH property owners and the people of NH in general. The above-referenced business sector is also placed in jeopardy by the criminal element involved in metals theft and recognizes that a collaborative effort to update and reform the relevant statutes is urgently needed, which they both support and are prepared to participate in; the committee concurs. Vote 15-0.

HB 216-FN, relative to recovery of certain investigatory costs by regulatory boards and commissions. **OUGHT TO PASS.**

Rep. David J. Danielson for Finance. This bill as submitted seeks to provide a board or commission the ability to require a licensee, registrant, or certificate holder who is subject to misconduct that is sufficient to support a disciplinary action to compensate the board or commission for reasonable costs of investigation and prosecution up to a maximum of $10,000 per incident. This sum may be imposed in addition to any otherwise authorized administrative fines levied by the board or commission as part of the penalty. The investigative and prosecution costs shall be assessed by the board or commission and any sums recovered shall be credited for the use of the board or commission and disbursed by the board or commission for any future investigations of complaints. The discussion of the bill, the testimony of a prime sponsor caused division I of finance to recommend the bill as Ought to Pass and the essence of the bill and accompanying fiscal note to be included in HB 2. The vote was bipartisan. Vote 23-0.

HB 561-FN, relative to the use of revenues generated by electric and other utility company leases and rentals. **INEXPEDIENT TO LEGISLATE.**

Rep. Joseph A. Pitre for Finance. The premise of this bill was to place revenue received by the state from rental, lease and royalties from utilities into the revenue stabilization account. According to the public utilities commission there are no state properties being utilized that would fall into this category. If in the future some arrangement might be made by the state, then this concept could be explored in greater detail. Vote 24-0.

HB 580-FN, relative to travel expenses for members of the building code review board. **INEXPEDIENT TO LEGISLATE.**

Rep. Lynne M. Ober for Finance. This bill would have established mileage reimbursement for the building code review board for travel to and from board meetings. This would have required an appropriation of approximately $10,000 per year for each year of the biennium. Because it is a budget year, the committee felt it was more appropriate to ITL this bill and establish mileage reimbursement as part of the biennium's budget. Vote 23-0.

HB 651-FN-L, transferring the portion of special education costs directly related to health issues to the department of health and human services. **INEXPEDIENT TO LEGISLATE.**
Rep. Kenneth L. Weyler for Finance. This concept has been tried before, unsuccessfully. There is within the department of health and human services a program called "Katie Beckett." This program requires DHHS to pay for medical assistance for a special education student where the individual education program (IEP), calls for it. This requirement is based upon the income of the student rather than the parent's income. So regardless of the family insurance or income, DHHS pays. Previously we attempted to get the department of education and DHHS to give us, in a non-identified way, the amounts involved in a school's catastrophic aid request. Despite the request for non-identified information, DHHS stymied us with HIPAA. We fear a repeat of this. Vote 24-0.

HB 671-FN-A, relative to mental health first aid training and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE.**
Rep. J. Tracy Emerick for Finance. This bill is relative to mental health first aid training and was amended by the policy committee. During discussions with the prime sponsor and agency representative, it was discovered that the agency thought that a non-lapsing dedicated fund would be more appropriate because the expected receipt of grants and donation would be relatively small. The committee discussed whether this should be part of the budget process and the agency agreed, but commented that they were unaware of the request until after it was too late discussing whether they wanted this in their budget. Since dedicated funds are handled by ways and means, house finance will refer the request to that committee for possible inclusion in HB 1 and HB 2. Vote 22-1.

HB 674-FN, relative to the salaries of certain unclassified positions. **INEXPEDIENT TO LEGISLATE.**
Rep. David J. Danielson for Finance. This bill as submitted seeks to codify certain unclassified positions, amends a title of a position in the department of administrative services and to amend 2013, 205:2 relative to a financial examinations supervisor in the insurance department. A number of positions were suggested for increased compensation as a result of the reclassifications sought. The discussion and testimony led finance division I to the conclusion that these items should be included in the budget because they should take effect in the next biennium. Because the budget is currently being discussed in house finance, the decision was to include this into the appropriate, associated sections of HB 1 and HB 2. Vote 23-0.

HB 212, relative to revocation of hunting licenses of persons convicted of a felony while hunting, trapping, or fishing. **OUGHT TO PASS WITH AMENDMENT.**
Rep. James A. Spillane for Fish and game and Marine Resources. This bill, as amended, closes a flaw in the process that allowed sexual predators to retain hunting, fishing, and trapping privileges. As amended, it tightly works to compel the director of fish and game to revoke those privileges when sexual offenses are committed while hunting, fishing, or trapping and protects the young hunters, fishers, and trappers. Vote 14-0.

Amendment (0229h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to revocation of fish and game licenses of persons convicted of sexual assault while hunting, trapping, or fishing.

Amend the bill by replacing section 1 with the following:

1 Fish and Game; Sexual Assault Conviction; Revocation of Licenses. Amend RSA 214:19 to read as follows:

214:19 Revocation or Suspension for Conviction.

I. The executive director may revoke or suspend the license of any person who has been found guilty in any court of a violation of any provision of this title or any rule or regulation of the executive director, or who has been found guilty in a municipal or district court of a violation of RSA 163-B or RSA 635:2. Such revocation or suspension shall not continue for more than one year from the date thereof, except for a conviction under RSA 208:8, in which case the revocation or suspension may be for a period not to exceed 5 years, or except for a conviction under RSA 208:1-a, in which case the revocation or suspension may be for a period not to exceed 2 years.

II. The executive director shall revoke or suspend the license of any person who has been found guilty in any court a second time within 5 years of the first finding of guilt, of a violation of any such laws or regulations, for a period of not less than one, nor more than 3 years from the date of such finding or conviction.

III. The executive director shall revoke the license, for a period of not less than 5 years, of any person convicted of aggravated felonious sexual assault, felonious sexual assault, or sexual assault, except for sexual assault under RSA 632-A:4, I(c), which occurred while the person was engaged in hunting, trapping, or fishing.

AMENDED ANALYSIS

This bill requires that the minimum period of revocation of a license issued by the fish and game department for a person convicted of sexual assault while hunting, trapping, or fishing is 5 years.

HB 423, designating the bobcat as the New Hampshire state wildcat. **OUGHT TO PASS.** Rep. Harold B. Parker for Fish and Game and Marine Resources. This bill recognizes the rebound of the bobcat in the state of New Hampshire. They are found from Massachusetts to Canada. The bobcat is an important part of New Hampshire's ecosystem. Designating the bobcat as New Hampshire's state wildcat is fitting because the bobcat's unique and elegant features are symbolic of New Hampshire's abundant natural beauty. This bill is also an excellent example of a civics lesson where grade school students from Peterborough have experienced what it's like to work with the New Hampshire General Court. Vote 14-0.

HB 251-FN, excluding circumcision from the state Medicaid plan. **INEXPEDIENT TO LEGISLATE.** Rep. Thomas M. Sherman for Health, Human Services and Elderly Affairs. This bill would exclude medicaid patients from funding for circumcision. The committee heard extensive testimony on both sides of the issue. Data and recommendations from the American Academy of Pediatrics supported the health benefits of the practice. Religious considerations were also heard. It was noted that the bill would disproportionately impact those with limited financial resources. Finally, it was understood that the department of health and human services already has their authority. Therefore, the committee voted overwhelmingly Inexpedient to Legislate. Vote 16-1.

HB 383, relative to the immunization/vaccination registry. **OUGHT TO PASS WITH AMENDMENT.** Rep. Thomas M. Sherman for Health, Human Services and Elderly Affairs. This bill, as amended, creates privacy protection for the immunization/vaccination registry. The format is opt out with required full disclosure of the patient's right to opt out at the time of each vaccination. Opt out may occur at any time with either no entry in the registry or complete removal of any data already therein. This allows for an effective registry while ensuring the privacy rights of those who do not wish to participate. Vote 16-1.

Amendment (0724h)

Amend RSA 141-C:20-f as inserted by section 2 of the bill by replacing it with the following:

141-C:20-f Immunization/Vaccination Registry.

I. The department shall establish and maintain a state immunization/vaccination registry. The registry shall be a repository of accurate, complete and current immunization/vaccination records to aid, coordinate, and promote immunization/vaccination uptake in accordance with paragraph VI and provide for vaccine inventory monitoring and controls.

II. No patient, or the patient's parent or guardian if the patient is a minor, shall be required to participate in the immunization/vaccination registry. At the time of immunization/vaccination by an administering health care provider or prior to or at an office visit with a current health care provider, a patient, or the patient's parent or guardian if the patient is a minor, shall be provided an opportunity by the administering or current health care provider to opt out of the registry. Such an opportunity shall be provided in writing in a clear, succinct and conspicuous manner, in simple language, and in a form style and size easily readable by the average adult. If the communication is outside of an office visit, it shall be individually directed and the sole subject of the communication. The option shall be exercised by the patient or, if the patient is a minor, the patient's parent or guardian by checking off a box and dating and signing the document. For each patient who does not exercise this option, the administering or the current health care provider shall provide to the immunization/vaccination registry such information relating to immunizations/vaccinations contained in the patient's medical records held by the health care provider as the commissioner may require by rule. At the request of a former patient, any health care provider shall provide to the immuniza-

tion/vaccination registry such information relating to immunizations/vaccinations contained in the patient's medical records held by the health care provider as the commissioner may require by rule. No health care provider shall provide to the department or to the immunization/vaccination registry the name of, or any information relating to any patient who opts out of participating in the registry.

III. Except as provided in paragraph II, no information relating to an immunization/vaccination shall be reported by a health care provider or by any other person to the immunization/vaccination registry.

IV. Access to the information in the registry shall be limited to physicians, nurses, other appropriate health care providers, including those licensed in other states as determined by the commissioner, schools, and child care agencies, but only for named individuals in their care, and a record of each such access shall be kept by the immunization/vaccination registry. Health agencies of the state of New Hampshire or its political subdivisions demonstrating a need for such information, as determined by the commissioner for the purposes set forth in paragraph VI, shall have such access as the commissioner may determine. Access by health agencies of other states or the federal government, or by researchers, shall be limited to de-identified data only.

V. A patient who participates in the immunization/vaccination registry, or the patient's parent or guardian if the registrant is a minor:

(a) May review and correct information contained in the immunization/vaccination registry upon verification from the patient's health care provider in which case only the corrected information may remain in the registry, and no other record of the transaction, including the request itself, shall be kept; or

(b) May withdraw from participation at any time and remove information from the immunization/vaccination registry by submitting a request in writing to the department in which case no information relating to the patient shall remain in the registry, and no record of the transaction, including the request itself, shall be kept.

VI. The information contained in the registry shall be used for the following purposes:

(a) To remind registrants to receive all required immunizations/vaccinations in a timely manner by providing access to the registrant's immunization/vaccination record and to provide registrants with information about recommended immunizations/vaccinations.

(b) To assure appropriate management and use of vaccines distributed by the department.

(c) To control communicable diseases by assisting in the identification of individuals who require immediate immunization/vaccination in the event of a disease outbreak.

VII. The commissioner shall adopt rules under RSA 541-A concerning the following:

(a) The establishment and maintenance of the immunization/vaccination registry.

(b) The methods for submitting and content of reports of immunizations/vaccinations.

(c) Procedures, for the patient or, if the patient is a minor, for the patient's parent or guardian to opt out of participation in the immunization/vaccination registry at any time.

(d) Procedures for the patient or, if the patient is a minor, for the patient's parent or guardian to review and correct information contained in the immunization/vaccination registry.

(e) Procedures for the patient or, if the patient is a minor, for the patient's parent or guardian to remove information from the immunization/vaccination registry.

(f) Limits on and methods of access to the registry by those authorized to gain access under paragraph IV of this section.

(g) Procedures for managed care organizations to obtain summary statistics of immunization information on managed care organization members from the registry.

(h) Procedures for the patient or, if the patient is a minor, for the patient's parent or guardian to reverse the previous decision to opt out of the immunization/vaccination registry.

VIII. Any person reporting, receiving, or disclosing information to or from the immunization/vaccination registry as authorized by this section or by any rule adopted pursuant to this section shall not be liable for civil damages of any kind connected with such submission or disclosure of immunization/vaccination information.

IX. Nothing in this section is intended to affect the obligations of persons under RSA 141-C:20-a to have their children immunized/vaccinated.

X. Nothing in this section shall preclude the right of the patient, or the patient's parent or guardian if the patient is a minor, to claim exemption from immunization/vaccination as defined in RSA 141-C:20-c; nor shall anything in this section require such patient to be included in the immunization/vaccination registry if the patient, or the patient's parent or guardian if the patient is a minor, objects thereto on any grounds.

XI. No health care provider shall discriminate in any way against a person solely because that person elects not to participate in the immunization/vaccination registry.

XII. Information collected under this section shall be treated as confidential and the records containing such information shall be exempt from the public disclosure provisions of RSA 91-A.

XIII. Information in the immunization/vaccination registry may be transferred to or from the immunization/vaccination registry through a health information organization, as defined in RSA 332-I:1, II(c), provided that no such information shall be retained by the health information organization.

HB 422-FN, relative to the signing authority of physician assistants. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Mary C. Freitas for Health, Human Services & Elderly Affairs. This bill authorizes physician assistants to certify death certificates. Other states have this in place at this time. An amendment removed the section in the original bill which would have allowed physicians assistants to authorize involuntary commitment and involuntary admission to state institutions. Vote 17-0.

Amendment (0671h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to certification of death certificates by physician assistants.

Amend RSA 5-C:62, III(c) as inserted by section 5 of the bill by replacing it with the following:

(c) The official capacity of the registered nurse or physician, which shall be: attending/associate physician or APRN ***or physician assistant***; non-attending physician or APRN ***or physician assistant***; pronouncing registered nurse; medical examiner/deputy medical examiner; temporary/assistant medical examiner; or assistant deputy medical examiner, non-physician.

Amend RSA 5-C:64I V(b) as inserted by section 8 of the bill by replacing it with the following:

(b) For deaths occurring in a nursing home or in a similar non-acute care hospital or institution, the attending physician [~~or~~], APRN, ***or physician assistant*** shall be the physician [or], APRN, ***or physician assistant*** who regularly attends to the medical needs of the nursing home residents or the resident's personal physician [~~or~~], APRN, ***or physician assistant*** if the resident was under the care of such physician [~~or~~] , APRN, ***or physician assistant***.

Amend the bill by replacing section 13 with the following:

13 Amendments and Corrections to a Death Record. Amend RSA 5-C:94, II-V to read as follows:

II. The certifying physician [~~or~~], APRN, ***or physician assistant*** shall initiate corrections concerning the cause of death, in writing, to the division, by signing and completing the supplemental death certificate as described in RSA 5-C:62.

III. The correction authorization from the physician [~~or~~], APRN, ***or physician assistant*** shall be retained by the division in accordance with the retention schedule for a death record as established by this chapter. The death record shall be amended and noted as being amended.

IV. In the case where the division queries the physician [~~or~~], APRN, ***or physician assistant*** concerning the cause of death, the physician [~~or~~], APRN, ***or physician assistant*** shall send notice of the change in the cause of death directly to the division.

V. The physician's [~~or~~], APRN's, ***or physician assistant's*** information concerning a change in the cause of death shall be retained by the division in accordance with the retention schedule for a death record established by this chapter. The death record shall be amended and noted as being amended.

Amend the bill by deleting sections 17-22 and renumbering the original section 23 to read as 17.

AMENDED ANALYSIS

This bill allows physician assistants to certify death certificates.

HB 517, relative to disciplinary actions for physicians whose license to practice is suspended or revoked. **INEXPEDIENT TO LEGISLATE.**

Rep. Helen M. Deloge for Health, Human Services & Elderly Affairs. This bill seeks to impose further disciplinary actions on physicians following the voluntary, or involuntary suspension, or revocation of a medical license. The bill seeks to ban financial, or ownership interest in the physician's group practice, or health care facility. As a disciplinary action has occurred, regarding licensure, it is not appropriate to impose further action that may be considered by the facility's licensing board. Vote 17-0.

HB 628-FN, relative to indemnification of health care facilities under certain circumstances. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Stephen J. Schmidt for Health, Human Services & Elderly Affairs. This bill, as amended, provides that health care facilities licensed under RSA 15-C, when acting in good faith, should disclose employment information regarding employee misconduct and competency upon request of a prospective employer. The providing facility, its directors and employees shall be immune from civil liability for providing the information unless it is proven that the disclosed information was false. This legislation is the fourth recommendation from the NH statewide taskforce on drug diversion to prevent another outbreak similar to the hepatitis C outbreak in Exeter. Vote 17-0.

Amendment (0718h)

Amend RSA 151:16-c as inserted by section 1 of the bill by replacing it with the following:

151:16-c Health Care Facilities; Disclosure of Employment Information; Immunity. Any facility licensed under this chapter shall, when acting in good faith, disclose employment information regarding misconduct and competency about a health care worker upon request of a prospective or current employer. A facility and its directors and employees who provide information in accordance with this section shall be immune from civil liability for providing the information or for any consequences that result from the disclosure of the information unless it is alleged and proven that the information disclosed was false and disclosed with knowledge that such information was false.

AMENDED ANALYSIS

This bill declares that any facility licensed under RSA 151 shall provide certain employment information to any other facility regarding an employee or prospective employee if the information was provided in good faith.

HB 108-FN, relative to the content and sealing of minutes in nonpublic sessions under the right-to-know law. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Timothy O. Horrigan for Judiciary. A committee or other governmental body can hold nonpublic sessions only to discuss certain specific subject matters. RSA 91-A: 3 contains 11 subparagraphs which basically limit nonpublic sessions to: personnel and labor issues, contract negotiations, litigation, public safety issues, private financial information, and other confidential information. Usually, the minutes will end up being sealed, for the same reasons why the session itself was made nonpublic in the first place. The existing law already requires the body to affirmatively take a recorded vote to seal the minutes of a nonpublic session. This bill merely deals with how such votes are taken. Members of a committee or other body are still allowed to debate the issue of sealing the minutes in nonpublic session— but the actual recorded vote has to happen in public session. The majority of the judiciary committee agreed that the passage of HB 108, as amended, would increase the public's confidence that nonpublic sessions are being held only when necessary. Vote 17-0.

Amendment (0684h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to sealing nonpublic session minutes.

Amend RSA 91-A:3, III as inserted by section 1 of the bill by replacing it with the following:

III. Minutes of meetings in nonpublic session shall be kept and the record of all actions shall be promptly made available for public inspection, except as provided in this section. Minutes and decisions reached in nonpublic session shall be publicly disclosed within 72 hours of the meeting, unless, by recorded vote of 2/3 of the members present[~~,~~] ***taken in public session,*** it is determined that divulgence of the information likely would affect adversely the reputation of any person other than a member of the public body itself, or render the proposed action ineffective, or pertain to terrorism, more specifically, to matters relating to the preparation for and the carrying out of all emergency functions, developed by local or state safety officials that are directly intended to thwart a deliberate act that is intended to result in widespread or severe damage to property or widespread injury or loss of life. This shall include training to carry out such functions. In the event of such circumstances, information may be withheld until, in the opinion of a majority of members, the aforesaid circumstances no longer apply.

AMENDED ANALYSIS

This bill declares that a vote to seal nonpublic session minutes shall be taken in public session.

HB 138-FN, relative to inspection of governmental records under the right-to-know law. **INEXPEDIENT TO LEGISLATE.**

Rep. Michael J. Sylvia for Judiciary. The committee had three very similar bills addressing RSA 91-A:4 IV, all seeking to clarify and strengthen the public's right to inspect, or receive electronic records without being charged a fee. The committee unanimously agreed to amend HB 606 to encompass HB 656 and HB 138. Vote 15-0.

HB 285, relative to discussion with legal counsel under the right-to-know law. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert Hull for Judiciary. Under current New Hampshire law, public bodies are permitted to conduct meetings in nonpublic session for specific enumerated purposes. This bill, as amended, creates a new permitted purpose for the nonpublic session for public bodies to consider correspondence from counsel. This would be a cost saving for public bodies, as legal counsel would no longer need to be present in order to consider correspondence in a nonpublic environment. Vote 18-0.

Amendment (0237h)

Amend the bill by replacing section 1 with the following:

1 New Subparagraph; Right-to-Know Law; Nonpublic Sessions. Amend RSA 91-A:3, II by inserting after subparagraph (j) the following new subparagraph:

(k) Consideration of correspondence from legal counsel.

AMENDED ANALYSIS

This bill adds correspondence with legal counsel to the law governing nonpublic sessions under the right-to-know law.

HB 309, permitting landlords to remove tenants' property in certain circumstances. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Mark McLean for Judiciary. RSA 540-A:3 III currently prohibits a landlord from in any way denying a tenant access to their personal private property. The only means of redress now available to the landlord is through the judicial process of the courts. This bill, as amended, would give landlords the legal authority to remove tenant property in certain limited circumstances. In cases where an immediate threat to the health and safety of another tenant or person is present, such as a blocked fire lane, no notification would be required for removal. In the absence of an immediate threat, the landlord may remove the tenant property after 48 hours notice if the property is leaking and causing damage or an environmental hazard. Tenant property that is inoperable, located in a no parking area, or stored in violation of the lease agreement could be removed after six (6) days notice. This bill strikes a balance; allowing landlords to operate their properties in a way that preserves property integrity and community safety, while maintaining the right of notification for tenants. Vote 17-1.

Amendment (0429h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraphs; Prohibited Practices; Removal of Property. Amend RSA 540-A:3 by inserting after paragraph II the following new paragraphs:

II-a. Notwithstanding paragraph II, and subject to the notice requirements of paragraph II-b:

(a) A landlord may remove, at the expense of the item's owner, any vehicle, motorcycle, trailer, ATV, or other property that blocks vehicular access to a common driveway, fire lane, parking area, or travel lane, or blocks access to a dumpster.

(b) A landlord may remove, at the expense of the item's owner, any property that is leaking fluids that are damaging the parking surface or creating an environmental hazard.

(c) A landlord may remove, at the expense of the item's owner, any property that is located in a posted no-parking area, is unregistered or inoperable, or is parked or stored in a manner prohibited under the terms of a lease agreement.

II-b. Prior to removing an item pursuant to paragraph II-a, the landlord shall provide notice as follows:

(a) In cases under RSA 540-A:3, II-a(a), prior to removal of the item the landlord shall make such efforts to notify the tenant who owns or possesses the item, if the landlord knows such tenant's identity, as are reasonable under the totality of the circumstances. If there is an immediate threat to the health or safety of another tenant or person, no notice shall be required.

(b) In cases under RSA 540-A:3, II-a(b), the landlord shall provide written notice no fewer than 48 hours prior to removing the property by:

(1) Placing a written notice on the item; and

(2) If the landlord knows the identity of the tenant who owns or possesses the item, placing a written notice on the door of such tenant's unit; or

(3) If the landlord does not know the identity of the tenant who owns or possesses the item, placing a written notice in a conspicuous location in one common area of each building in the apartment complex.

(c) In cases under RSA 540-A:3, II-a(c), the landlord shall provide the following notices to the tenant prior to removing the property:

(1) First notice, at least 6 days prior to removal of the item, by:

(A) Placing a written notice on the item; and

(B) If the landlord knows the identity of the tenant who owns or possesses the item, placing a written notice on the door of such tenant's unit; or

(C) If the landlord does not know the identify of the tenant who owns or possesses the item, placing a written notice in a conspicuous location in one common area of each building in the apartment complex; and

(2) Final notice, at least 24 hours prior to removal of the item, by:

(A) Placing a written notice on the item; and

(B) If the landlord knows the identity of the tenant who owns or possess the item, placing a written notice on the door of such tenant's unit; or

(C) If the landlord does not know the identity of the tenant who owns or possesses the item, placing a notice in a conspicuous location in one common area of each building in the apartment complex.

II-c. A landlord who removes a tenant's property pursuant to paragraphs II-a and II-b shall not initiate any possessory action based on the tenant's failure to remove the item; provided that if such failure caused substantial damage to the property of the landlord or another tenant, or injury to another person, the landlord may initiate eviction pursuant to RSA 540:2, II(b) or (d).

2 Effective date. This act shall take effect January 1, 2016.

HB 418, relative to waiver of rights to inherited property. **OUGHT TO PASS WITH AMENDMENT.** Rep. Claire A. Rouillard for Judiciary. This bill, as amended, allows a person who inherits real property to disclaim any interest in it. It allows a person to sign a waiver with the court and record that waiver in the registry of deeds in the county in which the real estate is located. That waiver will eliminate responsibility or liability related to that property, to the person who signed the waiver as well as his or her heirs and assigns. Vote 15-0.

Amendment (0242h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to waiver of rights to devised or inherited real property.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Waiver of Rights to Devised or Inherited Real Property. Amend RSA 554 by inserting after section 18-a the following new section:

554:18-b Waiver of Rights to Devised or Inherited Real Property. Notwithstanding any right to disclaim an interest in property as provided for in RSA 563-B, a person who has been devised real estate by testamentary instrument, or inherited under the laws of intestacy, may waive his or her rights to the property by filing a written notice of waiver with the court in which the estate administration is pending that shall include a legal description of the property. The waiving party shall provide a copy of the waiver to the administrator of the estate and shall record an attested copy in the registry of deeds in the county in which the real estate is located. Once filed with the court and recorded at the registry of deeds, the waiver may not be revoked. The effect of the waiver will be to relinquish the right of the waiving party and his or her heirs and assigns from receiving any and all right, title, and interest in and to the real estate. The waiving party and his or her heirs and assigns shall thereafter bear no

responsibility or liability related to or arising from the real estate. The cost to record the waiver in the registry of deeds shall not exceed $5. A waiver filed after the final account has been allowed, or the estate administration has been closed by other means, shall not be effective.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill allows a person who is devised or inherits real property to waive his or her rights to such property. The fee charged for filing a waiver document shall not exceed $5.

HB 447, relative to quorums for meetings under the right-to-know law. **INEXPEDIENT TO LEGISLATE.**

Rep. David Woodbury for Judiciary. This bill seeks to modify the current requirement of a physically present quorum as to state boards, commissions or authorities save for the trustees of the university system. A quorum may be achieved by a combination of physical presence and participation and telephone or electronic communication. While this measure might allow participation on boards by persons of limited mobility, it would require purchase of the needed equipment, and more importantly would deprive participants of a full opportunity of give and take, and of assessing demeanor of participants. This measure, if adopted, would encourage meetings with as few as one member actually present. This would not be in the best interest of the people of New Hampshire. Vote 16-1.

HB 633-FN, establishing a right-to-know grievance commission and relative to notice of meetings under the right-to-know law. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert Hull for Judiciary. This bill establishes a right-to-know grievance commission consisting of 15 citizens who will serve without pay. The commission members would hear right-to-know complaints statewide at a cost of $75.00 for each complaint. The judiciary committee felt that some form of an appeals system might be helpful but agrees that structure of this commission is unworkable. The commission members would need to travel long distances, possibly overnight without pay. No adjudication authority has been given to the commission. As such the decision would be only advisory. Further, the right-to-know law is extremely technical; as such may be more than the commission members can understand. While a competent and speedy right-to-know appeal system may be helpful, this presents an unworkable process. Vote 17-1.

HB 641-FN, relative to certain causes of action by inhabitants of this state. **INEXPEDIENT TO LEGISLATE.**

Rep. Charlene F. Takesian for Judiciary. Neither sponsor of the bill came to present information with regards to what the purpose of this bill is. Based on the wording of the bill it wasn't clear what the sponsor's intent was. With no information available and no one to testify on either side, the committee voted Inexpedient to Legislate on this bill. Vote 11-0.

HB 656-FN-L, relative to inspection of governmental records under the right-to-know law. **INEXPEDIENT TO LEGISLATE.**

Rep. Michael J. Sylvia for Judiciary. The committee had three very similar bills addressing RSA 91-A:4 IV, all seeking to clarify and strengthen the public's right to inspect, or receive electronic records without being charged a fee. The committee unanimously agreed to amend HB 606 to encompasses HB 656 and HB 138. Vote 15-0.

HB 163, establishing a state minimum hourly rate. **INEXPEDIENT TO LEGISLATE.**

Rep. Nick Zaricki for Labor, Industrial and Rehabilitative Services. This bill, if passed into law, would increase the minimum wage more than one hundred percent, from $7.25 per hour, to $16.00 per hour. The committee heard 3 bills addressing minimum wage increases; the bipartisan majority recommends ITL on this bill and HB 392 and allowing debate on the issue on HB 684. Vote 17-2.

HB 347, relative to payment of wages of certain hourly school district employees. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Fred Doucette for Labor, Industrial and Rehabilitative Services. This amended, enabling legislation allows for various options of payment that are currently not available to hourly employees subject to conditions of a collective bargaining agreement. The bill also contains an employee opt out clause. Vote 19-0.

Amendment (0426h)

Amend the bill by replacing section 1 with the following:

1 New Paragraph; Payment of Wages; Hourly School District Employees. Amend RSA 275:43 by inserting after paragraph IV the following new paragraph:

IV-a.(a) The commissioner shall permit payment of wages less frequently than weekly where a school district collective bargaining agreement for hourly employees provides an option to be paid in any number of equal installments with one additional installment.

(b) Such additional installment shall require a full reconciliation of pay at least once each calendar year. Each employee shall be informed in writing, prior to choosing the equal payment option, that the reconciliation could result in a paycheck of less than the equal pay amount to a possible zero balance due the employee. In all instances, payment shall be made regularly on a predesignated date. The commissioner may prescribe the terms and conditions of such permission, and limit the duration thereof.

(c) Any employee may exclude himself or herself from participation in the provisions of this paragraph. If the employee chooses this option, the employee shall notify the school district in writing prior to the first pay check.

HB 361, relative to the definition of "employee." **OUGHT TO PASS WITH AMENDMENT.** Rep. Tammy A. Simmons for Labor, Industrial and Rehabilitative Services. Being aware of changes in the workplace where more and more people are working for an employer outside of the "traditional" workplace, the committee unanimously agreed that the issue deserves a more in-depth study. Vote 19-0.

Amendment (0132h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the definition of "employee" and the application of that definition to persons who work exclusively at home via the Internet for online business activities.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose. The general court recognizes that the technology sector is an increasingly important part of our economy and that supporting and encouraging technology driven businesses to locate and expand in New Hampshire will benefit our citizenry with high-wage career opportunities and spin-off economic benefits.

2 Committee Established. There is established a committee to study the definition of "employee" and the application of that definition to persons who work exclusively at home via the Internet for online business activities.

3 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Four members of the house of representatives, appointed by the speaker of the house of representatives.

(b) One member of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

4 Duties.

I. The committee shall:

(a) Investigate how many persons are working exclusively at home via the Internet for online business activities and are currently considered employees in both the public and private sector.

(b) Analyze and propose changes, if any, to state laws which define employee, including, but not limited to: RSA 275:4, II, RSA 275:42, II, RSA 275-E:1, I; and RSA 279:1, X.

(c) Identify other state's definitions of employee pertaining to persons who may be working exclusively at home via the Internet for online business activities.

(d) Analyze the potential impact and the economic advantages and disadvantages in New Hampshire of any proposed legislation.

II. The committee may work with and obtain information from the following individuals, state agencies, and organizations, and others as deemed appropriate:

(a) Persons who are working from home.

(b) Employers of persons who are working from home.

(c) The department of labor.

(d) The department of employment security.

5 Chairperson; Quorum. The first-named house member shall be the committee chairperson. The first meeting of the committee shall be called by the committee chairperson. The first meeting of the committee shall be held within 45 days of the effective date of this section. Three members of the committee shall constitute a quorum.

6 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2015.

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study the definition of "employee" and the application of that definition to persons who work exclusively at home via the Internet for online business activities.

HB 411, prohibiting the payment of subminimum wages to persons with disabilities. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Tammy A. Simmons for Labor, Industrial and Rehabilitative Services. This bill, as amended, eliminates an anachronistic policy that dates back to the 1930s and 1940s. No employers or agencies in NH currently pay sub-minimum wages to disabled employees. This bill does not impact the ability to pay sub-minimum wages in a family business under 279:26a or for training purposes under 279:22-aa. The committee unanimously recognized that disabled people deserve the same dignity and employment opportunities within the same guidelines as everyone else. Vote 20-0.

Amendment (0075h)

Amend RSA 279:21-b as inserted by section 1 of the bill by replacing it with the following:

279:21-b Payment of Subminimum Wages. Except as provided in RSA 279:22-aa and RSA 279:26-a, no person shall employ any individual with a disability as an employee at an hourly rate lower than that set forth in RSA 279:21.

HB 521, relative to the size of the pool of the workers' compensation appeals board. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Leonard P. Turcotte for Labor, Industrial and Rehabilitative Services. This bill was a direct request of the department of labor. Testimony primarily focused on the sometimes needless and costly requirement to maintain a pool of 33 members to the Workers' Compensation Appeal Board even when the caseload was light. The request was to change the existing language, to a requirement of "up to 33 members." The committee, however, believes a minimum number of members should also exist which necessitated the amendment to require a "minimum of 21 members." The bill also requested, through amendment, to raise the daily per diem for each member of the board. Testimony and data provided by presenters convinced the committee that the per diem increase was warranted. For the foregoing reasons, the committee finds this bill OTP/A. Vote 20-0.

Amendment (0698h)

Amend RSA 281-A:42-a, I as inserted by section 1 of the bill by replacing it with the following:

I. There is established a compensation appeals board. The board shall consist of a pool of ***not less than 21 and not more than*** 33 members, of which [~~11~~], ***to the extent possible, 1/3 of the*** members shall represent labor, [~~11~~] ***1/3 of the*** members shall represent employers or workers' compensation insurers and [~~11~~] ***1/3 of the*** members shall be attorneys who shall be neutral. Members of the board shall be appointed by the governor and council from a list of nominees submitted by the commissioner. The commissioner shall submit at least 2 nominees for each vacancy to be filled. Any person appointed by the governor and council who is not qualified or who ceases to be qualified in the capacity in which such person is serving on the appeals board shall be replaced by the governor and council. Terms of board members shall be 3 years, except the initial appointments shall be staggered so that no more than 1/3 of the members' terms shall expire in the same year. Members of the board shall have at least 5 years' experience in the area of workers' compensation. As a condition to maintaining eligibility to hear appeals, board members shall have at least 10 hours annually of training and briefing in the area of workers' compensation and relevant disciplines. The commissioner, or designee, with the assistance of the attorney general's staff shall supervise and approve the training. The commissioner shall have the authority to suspend the eligibility of any member of the board who is not in compliance with such

annual training requirements, and to reinstate such member's eligibility upon compliance. The commissioner may suspend from active participation any board member who fails to render a decision or order within 30 days of the hearing as required by RSA 281-A:43, I(b). The commissioner may rescind the suspension once the board member is in compliance with RSA 281-A:43, I(b). Appeals from a decision of the commissioner or the commissioner's representative shall be heard de novo by a 3-member panel, composed of an attorney who shall serve as chair, one member representing labor and one member representing employers or workers' compensation insurers. At least 2 like votes shall be necessary for a decision by the panel. The board shall hear appeals, in accordance with RSA 281-A:43, I(b), from the decisions of the commissioner made pursuant to RSA 281-A:43. No person who is an interested party or an employee of an interested party shall participate as a member of the panel. The board shall conduct its proceedings in such a manner as to ensure a fair and impartial hearing.

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 Compensation Appeals Board; Compensation. Amend RSA 281-A:42-a, III to read as follows:

III. Attorney members of the board shall receive [~~$200~~] ***$350*** per diem and all other members of the board shall each receive [~~$150~~] ***$250*** per diem for each day devoted to the work of the board and shall be reimbursed for necessary travel expenses.

AMENDED ANALYSIS

This bill adjusts the size of the workers' compensation appeals board and increases per diem compensation for members of the board.

HB 522, making certain changes in the law governing toxic substances in the workplace to comply with federal law. **OUGHT TO PASS.**

Rep. Katherine Prudhomme-O'Brien for Labor, Industrial and Rehabilitative Services. This bill unified federal and state terminology pertaining to potentially dangerous substances used in the workplace and aims to make such documents as understandable, clear and uniform as possible. Vote 19-0.

HB 523, relative to the jurisdiction of the penalty appeal board. **OUGHT TO PASS.**

Rep. Anthony J. Pellegrino for Labor, Industrial and Rehabilitative Services. This bill clarifies that the penalty appeal board shall hear appeals on all penalties imposed by the commissioner of labor and has no opposition from the committee. Vote 19-0.

HB 300, requiring state employees and state public officials to obtain prior permission to attend meetings and hearings of the general court. **INEXPEDIENT TO LEGISLATE.**

Rep. Jack B. Flanagan for Legislative Administration. This bill would restrict the attendance of state employees acting in their official capacity at any legislative meeting of hearing unless their presence was requested by the chair of a committee of the general court. The majority of the committee felt that all meetings were public regardless of the attendees' job status. Additionally, it was felt that a state employee of an affected agency provides valuable information on pending legislation and its implementation. Vote 8-0.

HB 452, repealing the governor's authority to declare a state of emergency. **INEXPEDIENT TO LEGISLATE.**

Rep. Jack B. Flanagan for Legislative Administration. This bill would remove the governor's authority to declare a state of emergency and grant that authority solely to the legislature. For a number of reasons, the majority of the committee felt that this bill was not practical. These reasons include that the legislature is not in session year round, and our state may be bound by certain requirements set forth by the federal government dealing with important matters relating to emergency operations, natural disaster relief, and homeland security. As the chief executive of the state, the governor should have the authority to declare emergencies and be able to direct state resources. Vote 8-1.

HB 458, revising the legislative ethics laws and the guidelines of the legislative ethics committee. **OUGHT TO PASS.**

Rep. Anthony J. Pellegrino for Legislative Administration. This bill is the result of the work of the Commission to Study and Update the Rules and Procedures of the Legislative Ethics Committee. The commission met regularly for 12 months and solicited input from current and former members of the legislative ethics committee to find ways to improve and update the laws governing legislative ethics. Among many changes, the bill establishes a separate chapter regulating the acceptance

of gifts and honorariums by legislators and legislative staff. Currently, executive and legislative branch officials are all governed by RSA 15-B. The bill also broadens the definition of 'conflict of interest' to include personal as well as financial interests. In addition, it increases the value of a prohibited gift from something valued at less than $25 to something of value greater than $50. At the same time, the bill closes a current loophole that allows a person to give a legislator multiple gifts throughout the year as long as they have a value under $25 by establishing an aggregate limit of $250 per calendar year for multiple gifts from a single source. The committee believes that these and other changes in this bill will strengthen our legislative ethics laws, guidelines and procedures as well as eliminate some of the ambiguities contained in them. Vote 9-0.

HB 321, establishing a committee to study improvements to the Elizabeth Meader Hanson site in Dover. **INEXPEDIENT TO LEGISLATE.**

Rep. Virginia O'Brien Irwin for Public Works and Highways. The committee is not opposed to honoring New Hampshire women who have added to our rich history. However, there was a question over the ownership of the parcel where the monument is located. The committee received input from the department of transportation which showed that the land was not owned by the department. The department of resources and economic development can work with the city of Dover to study the issue of the monument if they so desire. Vote 17-0.

HB 460, establishing a commission to study revenue alternatives to the road toll for the funding the state's highways and bridges. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John R. Cloutier for Public Works and Highways. This bill, as amended, would establish a nine-member study commission to study revenue alternatives to the road toll for electric-powered and hybrid vehicles for the funding of improvements to the state's roads and bridges. The commission shall study alternatives to the road toll for electric-powered and hybrid vehicles, and may study other emerging vehicle fuels and technologies for funding road and bridge improvements, ensuring that all motor vehicles pay their fair share. The commission shall also track current road toll revenues, and, as it deems appropriate, analyze related programs developed in other states, and recommend legislation. Under the amended bill, the commission's recommendations must be filed by November 1, 2015. Vote 15-0.

Amendment (0575h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a commission to study revenue alternatives to the road toll for electric-powered and hybrid vehicles for the funding of improvements to the state's highways and bridges.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Commission to Study Revenue Alternatives to the Road Toll. Amend RSA 21-J by inserting after section 47 the following new subdivision:

Commission to Study Revenue Alternatives to the Road Toll

21-J:48 Commission to Study Revenue Alternatives to the Road Toll.

I. There is established a commission to study revenue alternatives to the road toll for electric-powered and hybrid vehicles for the funding of improvements to the state's highways and bridges.

II.(a) The members of the commission shall be as follows:

(1) Three members of the house of representatives, appointed by the speaker of the house of representatives, all of whom shall be members of the public works and highways committee.

(2) Two members of the senate, appointed by the president of the senate.

(3) The commissioner of the department of revenue administration, or designee.

(4) The commissioner of the department of safety, or designee.

(5) The commissioner of the department of environmental services, or designee.

(6) The commissioner of the department of transportation, or designee.

(b) Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

III. The commission shall study alternatives to the road toll for electric-powered and hybrid vehicles, and may study other emerging vehicle fuels and technologies, for funding improvements to the state's highways and bridges, ensuring that all motor vehicles contribute their fair share. The commission shall consider the interim report of the commission on the taxation of alternative fuel

and electric-powered motor vehicles of November 1, 2012, and the final report of the commission to study future sustainable revenue sources for funding improvements to state and municipal highways and bridges, dated November 1, 2010. The commission shall also track current road toll revenues and, as it deems appropriate, analyze related programs developed in other states and recommend legislation.

IV. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named house member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Three members of the commission shall constitute a quorum.

V. The commission shall submit a report of its findings and any proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2015.

2 Repeal. RSA 21-J:48, relative to commission to study revenue alternatives to the road toll, is repealed.

3 Effective Date.

I. Section 2 of this act shall take effect November 2, 2015.

II. The remainder of this act shall take effect upon its passage.

HB 511, relative to funding of eligible infrastructure projects. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Suzanne H. Gottling for Resources, Recreation and Development. HB 511, as amended, establishes a study committee to explore the future of the state aid grants program administered by the department of environmental services (DES). Pursuant to RSA 486:1, RSA 486-A:3, and RSA 149-M:43, the state legislature has expressly authorized a grant program for municipalities to receive 20% to 30% assistance toward principal and interest payments on eligible environmental infrastructure projects (drinking water, wastewater, and landfill projects). Because these public works projects are usually driven by federal and state regulations, these entities have historically contributed their fair share of project costs. Since 1959, the State of New Hampshire has recognized the importance of water pollution control projects and provided financial aid to our towns and cities. The state aid program has granted more than $400,000,000 in aid to eligible projects to help offset the local cost of environmental infrastructure projects. The state has recognized that cities and towns by themselves cannot and should not bear all of the cost of compliance with federal and state regulations. Because of budgetary constraints in 2008, the state aid grant program was disrupted. Legislative action in 2013 resulted in resumption of payments to 127 infrastructure projects known as "delayed and deferred" projects. In 2013, the department of environmental services testified to the need for a redesign of the state aid grant program. HB 511, as amended, provides the vehicle for this action. HB 511 will examine all aspects of this important state-local partnership as well as the long-term fiscal commitment needed to support the infrastructure assets that are vital to our economy and environment. Vote 20-0.

Amendment (0576h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the funding of certain state aid grants.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study the funding of state aid grants under RSA 486, RSA 486-A, and RSA 149-M.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house of representatives, 2 of whom shall be members of the resources, recreation and development committee, and one of whom shall be a member of the house finance committee.

(b) Two members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study the state aid programs under RSA 486, RSA 486-A, and RSA 149-M, with emphasis on the funding of these programs. The study shall include, but not be limited to:

(a) Determining whether the current thresholds for state aid are appropriate.
(b) Determining how to fund future state aid projects.
(c) Establishing clear criteria for when and which projects are eligible for state aid grants.
(d) Establishing clear criteria for prioritization of future state aid projects.
(e) Determining the best financing options available to fund future state aid projects.
(f) Any other matter the committee deems relevant.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Three members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2015.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study the funding of state aid grants under RSA 486, RSA 486-A, and RSA 149-M

HB 667-FN, relative to aquatic invasive species and authorizing a program to inspect boats for the presence of aquatic invasive species. **INEXPEDIENT TO LEGISLATE.**

Rep. John A. Mullen for Resources, Recreation and Development. This legislation sought to increase boat inspections for invasive species during water events through a permit process that included the promoter of such events inspecting all boats at the primary boat launch. While the committee realizes that invasive species are a constant threat to the health of our waters and it was felt that we should do what we can to control the spread of such species the practicality of the inspections and the administration of such was cumbersome and would not result in major reduction of incoming invasive species. DES supported the intent for prevention and inspection, but putting control in the hands of the marine patrol would overlap other agencies and be confusing and difficult to administer. NH lakes was in agreement that an increase in education by the NH Lakes Association members, DES, fish and game and the department of safety, the marine patrol, would be more productive in controlling invasive species. Vote 20-0.

HB 541-FN, relative to cellular mobile radio communications as public utilities. **INEXPEDIENT TO LEGISLATE.**

Rep. Laurence M. Rappaport for Science, Technology and Energy. The committee believes that there is no way to make this bill work. It was opposed by the major carriers. Since they already compete in many markets, the committee felt that they did not need regulation and the committee couldn't imagine how they might be regulated should this bill pass. Vote 17-0.

HB 374, permitting certain vehicles to proceed through an intersection after stopping for a red light. **INEXPEDIENT TO LEGISLATE.**

Rep. Chris True for Transportation. The majority of the committee feels that it is far too dangerous to allow hard to see vehicles to proceed through intersections in this manner. Thirty-six percent of all accidents occur at intersections. The committee was also concerned about our traffic from tourism being unaware that this can occur. Vote 15-1.

HB 506, clarifying the conditions under which motor vehicle information may be used. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Werner D. Horn for Transportation. This bill, as amended, is a department of safety supported bill that will require motor vehicle information obtained from people who evade tolls to comply with privacy laws. The committee amendment adds clarifying language assigning the responsibility to the department of transportation and defines that responsibility for the department's third party contractors. Vote 16-0.

Amendment (0536h)

Amend RSA 260:14, III-a as inserted by section 4 of the bill by replacing it with the following:

III-a. [~~Except for a person's photograph, computerized image, and social security number, motor vehicle records~~] ***The name and last known address of the owner of a vehicle used in viola-***

tion of RSA 236:31-b and the physical characteristics of such vehicle may be made available to the department of transportation ***or to a non-governmental contracted agent of the department of transportation*** for [~~collection of a toll~~] ***toll collection purposes only*** as identified by a toll collection system, pursuant to RSA 236:31. Any records received under this paragraph shall not be ***used for purposes other than for toll collection and shall not be*** further transferred or otherwise made available to any other [~~non-governmental agency~~] ***person or entity*** that is not a [~~contracting~~] ***contracted*** agent of the department of transportation for toll collection. ***The nongovernmental contracted agent of the department of transportation for toll collection is prohibited from releasing the motor vehicle records to a third party or from using the records for the collection of debts outside the toll collection system. Notwithstanding the provisions of RSA 260:14, XIV, the department of transportation shall be responsible for ensuring its own and its contracted agent's compliance with this section, and the commissioner, upon determining that the department of transportation or its contracted agent has violated any provisions of this section, may, with or without a hearing, prohibit the department of transportation and its contracted agent from receiving motor vehicle records for a period of 5 years or until such time as he or she is satisfied that procedures are in place and will be enforced to ensure compliance with this chapter.***

Amend RSA 260:14, III-c as inserted by section 5 of the bill by replacing it with the following:

III-c. The name and last known address of the owner of a vehicle used in violation of a toll collection system and the physical characteristics of such vehicle may be made available to another state, or to a statutory or non-governmental contracted agent of such other state for the collection of a toll in such other state as identified by a toll collection system pursuant to RSA 236:31, I(i), whether the vehicle was used in violation of an electronic toll collection system or the vehicle was identified by a toll collection monitoring system when there is no cash option in the toll lanes. Any records received under this paragraph shall not be used for purposes other than for toll collection and shall not be further transferred or otherwise made available to a person or entity that is not a statutory or contracted agent of such other state for toll collection. The other state or statutory or nongovernmental contracted agent of such other state is prohibited from releasing the motor vehicle records to a third party or from using the records for the collection of debts outside the toll collection system. Notwithstanding the provisions of RSA 260:14, XIV, such other state shall be responsible for ensuring its own and its statutory or contracted agent's compliance with this section, and the commissioner, upon determining that such other state or its statutory or contracted agent has violated any provisions of this section may, with or without a hearing, prohibit such other state and its statutory or contracted agent from receiving motor vehicle records for period of 5 years or until such time as he or she is satisfied that procedures are in place and will be enforced to ensure compliance with this chapter.

HB 532, relative to commercial vessel insurance and eliminating the mooring appeals board. **INEXPEDIENT TO LEGISLATE.**

Rep. Bruce E. Hodgdon for Transportation. This bill is unclear on the insurance rules for commercial vessels. It also removes the mooring appeals board, which would not allow a complaint to be heard by a civilian board. Vote 16-0.

HB 542, relative to motor vehicle emission requirements. **INEXPEDIENT TO LEGISLATE.**

Rep. Larry G. Gagne for Transportation. This bill would exempt vehicles that are 10 or more years old and vehicles for which repairs are unsuccessful from emissions control requirements. This bill would jeopardize the state's compliance with the federal Clean Air Act. Because this bill would conflict with the CAA, the committee voted ITL on this bill. Vote 16-0.

HB 180, relative to the definition of "price or consideration" under the real estate transfer tax. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Patrick F. Abrami for Ways and Means. This bill clarifies language in the real estate transfer tax definition in RSA 78-B:1-a in section IV by adding the words, in a contractual transfer, after "price or consideration." There were concerns from the hearings about situations related to transfers that occur by devise or by other testamentary disposition. An amendment was drafted to address these concerns. This amendment explicitly states that upon death, the heirs who inherit any real estate are not subject to the transfer tax. However, if one heir sells out to the other(s), that transfer would be subject to the transfer tax provision. At that point, even if the transfer between heirs is a gift, the value of the transfer will be at fair market value. Once the amendment was adopted, the committee voted unanimously in a bipartisan way. Vote 21-0.

Amendment (0113h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the definition of "price or consideration" under the real estate transfer tax and relative to the exception for transfers by devise under such tax.

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 Real Estate Transfer Tax; Exceptions. Amend RSA 78-B:2, XI to read as follows:

XI. To transfers that occur by devise ***or by other testamentary disposition,*** or by the laws regulating intestate succession and descent, or by the death of any cotenant in real estate held by joint tenancy***; regardless of any consideration paid or obligation assumed by the transferee.***

AMENDED ANALYSIS

This bill clarifies that the definition of "price or consideration" under the real estate transfer tax applies only to contractual transfers. The bill also excepts transfers by devise or other testamentary disposition, regardless of any consideration paid or obligation assumed by the transferee, from the real estate transfer tax.

HB 278, relative to town clerk fees for fill and dredge permit applications. **INEXPEDIENT TO LEGISLATE.**

Rep. Brian S. Gallagher for Ways and Means. This proposed bill would authorize a fee for sending copies of fill and dredge permits to certain boards. The amount of revenue collected was determined to be of minor impact for town clerks. It was learned during testimony by the committee that this fee was previously removed by the legislature, as the applications were mailed out. Vote 21-0.

HB 462-FN, repealing an increase in the fuel oil discharge cleanup fund fee. **INEXPEDIENT TO LEGISLATE.**

Rep. Paul J. Henle for Ways and Means. This fund is an insurance mechanism for businesses and homeowners against heating oil spills. It is impossible to get spill coverage in homeowner or business policies, with the exception of oil delivery employees' liability coverage. When the rare spill occurs, if not for rapid clean-up, neighboring homes and businesses also suffer. Affected businesses often must close. The fund has two functions: rapid clean-up and assistance to low-income owners of deteriorated tanks (SAFETANK). The latter costs $1500, and averts a spill whose clean-up averages $17,500. After all tanks are brought to code, the fund fee can be significantly reduced. In normal winters, the fund maintains an adequate balance for both functions. In the few easy winters, the fund comes close to the $2.5M balance over which the fee is suspended. In hard winters, the fund managers first suspend SAFETANK, and then delay clean-up of the least urgent spills, increasing their future cost. Cutting the current fee will jeopardize the fuel oil discharge cleanup project by delaying cleanups. Delaying cleanup will contaminate more soil, and seriously harm more businesses, municipal buildings, churches and homeowners. The fund is overseen by a commission of oil distributors, dealers and members of the public, and was given a strong positive report in a performance audit. Vote 19-0.

HB 588-FN-A-L, extending the Coos county job creation tax credit to Carroll county. **INEXPEDIENT TO LEGISLATE.**

Rep. Patrick F. Abrami for Ways and Means. This bill simply extends the Coos County job creation tax credit (RSA 71-C:2) to Carroll County. The committee had three major concerns. First, this tax credit was explicitly voted in for Coos County only as a way to help this economically depressed region of our state. The concern is that if the legislature opens this up to Carroll County, other counties could want the same consideration in future years. Second, it was discussed that constitutional challenges have been prevented because the original Coos County bill was narrowly crafted and that opening this up to another county without opening it up to all counties could be problematic. Finally, there is no provision in the original law that caps the total amount of credits in a year that can be given and this bill does not recommend any caps either. There were concerns that, with an expansion of this bill, much needed general fund revenue would be lost with no upper bound. The committee voted ITL in a unanimous bipartisan fashion. Vote 21-0.

HB 599, relative to the economic revitalization zone tax credit program. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Patrick F. Abrami for Ways and Means. This bill changes eligibility requirements for the economic revitalization zones and requires each zone to be reevaluated every 5 years to determine if the zone still meets eligibility criteria. The bill specifies that only full time jobs are counted for purposes of calculating the business tax credits received by the zone. This bill also authorizes the commissioner of the department of resources and economic development (DRED) to establish rules for evaluating the effectiveness of the economic revitalization zone tax credit program. This bill was requested by DRED as enhancements to the existing economic revitalization zone program. The bill was amended by changing the term full-time job to full time equivalent job, providing a definition of full time equivalent. The amendment also added Brownfields to the list of reasons land or structures previously used for industrial, commercial, or retail purposes but currently are not so used. With this amendment the bill was voted in a unanimous bipartisan manner. Vote 21-0.

Amendment (0550h)

Amend RSA 162-N:2, I(b) as inserted by section 1 of the bill by replacing it with the following:

(b) Vacant land or structures previously used for industrial, commercial, or retail purposes but currently not so used due to demolition, age, obsolescence, deterioration, ***Brownfields,*** relocation of the former occupant's operations, or cessation of operation resulting from unfavorable economic conditions either generally or in a specific economic sector.

Amend RSA 162-N:4, I(a) as inserted by section 4 of the bill by replacing it with the following:

(a) Quality and quantity of ***full-time equivalent*** jobs to be created.

Amend RSA 162-N:6, II as inserted by section 5 of the bill by replacing it with the following:

II. The sum of the following:

(a) 4 percent of the salary for each new ***full-time equivalent*** job created in the calendar year with a wage less than or equal to 1.75 times the then current state minimum wage.

(b) 5 percent of the salary for each new ***full-time equivalent*** job created in the calendar year with a wage greater than 1.75 times the then current state minimum wage and less than or equal to 2.5 times the then current state minimum wage.

(c) 6 percent of the salary for each new ***full-time equivalent*** job created in the calendar year with a wage greater than 2.5 times the then current state minimum wage.

(d) 4 percent of the lesser of the following:

(1) The actual cost incurred in the calendar year of creating a new facility or renovating an existing facility, and expenditures for machinery, equipment, or other materials, except inventory.

(2) $20,000 for each new ***full-time equivalent*** job created in the calendar year.

Amend the bill by inserting after section 7 the following and renumbering the original section 8 to read as 9:

8 Definitions. Amend RSA 162-N:1 to read as follows:

162-N:1 Definition. In this chapter[;]:

I. "Economic revitalization zone" means a zone designated by the commissioner of resources and economic development as an economic revitalization zone in accordance with the provisions of this chapter.

II. "Full-time equivalent" means the sum of all hours paid annually divided by 2,080.

AMENDED ANALYSIS

This bill changes eligibility requirements for economic revitalization zones and requires each zone to be reevaluated every 5 years to determine if the zone still meets eligibility criteria. The bill specifies that only full-time equivalent jobs are counted for purposes of calculating the business tax credits received by the zone. The bill also authorizes the commissioner of the department of resources and economic development to establish rules for evaluating the effectiveness of an economic revitalization zone tax credit program

HB 622-FN-A, relative to taxation of the taxable estates of decedents. **INEXPEDIENT TO LEGISLATE.**

Rep. Brian S. Gallagher for Ways and Means. This proposal establishes a rate of the New Hampshire estate tax of eight (8) percent upon the gross value of the additional portion of a decedent's taxable estate which would exceed $2,000,000. Testimony emphasized that enactment of this bill would

create doubt and send a negative message to individual and business trust and financial services. Moving forward with this type of legislation would create an environment more difficult to attract new business into New Hampshire. Vote 21-0.

HB 664-FN, consolidating existing oil pollution funds. **OUGHT TO PASS WITH AMENDMENT.** Rep. Bill H. Ohm for Ways and Means. This bill, prepared at the request of the department of environmental services and the oil fund disbursement board, consolidates six existing oil and gasoline pollution funds into two funds, one administered by DES and the other by the oil disbursement board. This action will improve the ability of the agencies to allocate funds to the highest priority projects. Existing fees would not change, but would be better utilized. Vote 21-0.

Amendment (0491h)

Amend RSA 146-A:11-b, II as inserted by section 4 of the bill by replacing it with the following:

II. Any person who imports or causes to be imported oil into the state, except those using oil pipelines, railroads, and highways to transport oil products between states other than New Hampshire or for international transport of oil products, shall be licensed by the department of safety under this chapter. The annual fee for the license shall be ***$0.01625 per gallon of on-road and off-road gasoline and diesel fuel, $0.01375 per gallon of fuel oil, diesel products, and used oil for on-premise heating, $0.04125 per gallon of motor oil and*** $.00125 per gallon of ***all other*** oil imported into this state. The fee shall be paid monthly by such person to the department of safety. The department of safety shall deposit the first [~~$100,000~~] ***$125,000*** of fees paid in each fiscal year into the general fund. The remainder shall be deposited into the oil pollution control fund [~~administered~~] ***established under RSA 146-A:11-a, and the oil discharge and disposal cleanup established under RSA 146-D:3, I, based on an allocation determined for each fiscal year*** by the department of environmental services ***and the oil fund disbursement board***. Imposition of the fee shall be based on the record of the person and certified as accurate to the department of safety.

Amend RSA 146-A:11-b, II as inserted by section 5 of the bill by replacing it with the following:

II. Any person who imports or causes to be imported oil into the state, except those using oil pipelines, railroads, and highways to transport oil products between states other than New Hampshire or for international transport of oil products, shall be licensed by the department of safety under this chapter. The annual fee for the license shall be [~~$0.01625 per gallon of on-road and off-road gasoline and diesel fuel, $0.01375 per gallon of fuel oil, diesel products, and used oil for on-premise heating, $0.04125 per gallon of motor oil and~~] $.00125 per gallon of [~~all other~~] oil imported into this state. The fee shall be paid monthly by such person to the department of safety. The department of safety shall deposit the first $125,000 of fees paid in each fiscal year into the general fund. The remainder shall be deposited into the oil pollution control fund ***administered*** [~~established under RSA 146-A:11-a, and the oil discharge and disposal cleanup established under RSA 146-D:3, I, based on an allocation determined for each fiscal year~~] by the department of environmental services [~~and the oil fund disbursement board.~~] Imposition of the fee shall be based on the record of the person and certified as accurate to the department of safety.

HB 680-FN-L, relative to establishing the rate for and the collection of the education property tax and establishing a homestead exemption from the education property tax. **INEXPEDIENT TO LEGISLATE.** Rep. Patrick F. Abrami for Ways and Means. This bill establishes the rate of the statewide education tax at $8 per 1,000 of the value of taxable property and transfers the authority to collect the educational property tax from the municipalities to the department of revenue administration (DRA). This bill establishes a homestead exception from the education property tax for the first $250,000 of assessed value of homestead property. The bill also requires an annual transfer of $150,000,000 from the education trust fund to the general fund. This bill was voted ITL in a nearly unanimous and very bipartisan vote. On a philosophical basis the aim of this bill is to shift the state property tax burden for education funding from those with less expensive homes to those with more expensive homes. There are those on the committee who believe that there is a certain amount of progressiveness in the education property tax already and all this would do is increase this progressiveness to a point of unreasonableness. On a practical level, the DRA indicated the shifting of the requirement for them to administer and collect this tax, would require much resource and thus cost to the state. They added that an added burden would also be realized by the municipalities, indicating that their data bases are not strong or robust enough to meet the demands of this most fundamental change in approach to collecting the education statewide property tax. Vote 20-1.

REGULAR CALENDAR

HB 426, relative to the prohibition on the use of mobile electronic devices while driving. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Werner D. Horn for the Majority of Transportation. This bill seeks to limit the scope of RSA 265:79-c, a law taking effect July 1, 2015, to persons less than 18 years of age, prohibiting the use of a mobile electronic device while operating a motor vehicle. Testimony given by the NH state police indicates that there is not sufficient training that allows persons of any age to safely operate motor vehicles while simultaneously operating a mobile electronic device. Keeping RSA 265:79-c whole solidifies the commitment to keeping NH's families whole to the best of our ability. Vote 13-3.

Rep. Chris True for the Minority of Transportation. The minority of the committee feels since we trust people to show reasonable responsibility in seat belt and helmet use, this bill should pass. Statistics from other states do not show an increase in safety or a decrease in accidents with a ban on mobile electronic devices. Passing a law to fine cell phone use will cause people to hide their phones in their lap, causing even more driver distractions. Personal responsibility is the New Hampshire way.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. True spoke against.

Rep. Horn spoke in favor and yielded to questions.

Rep. Dan McGuire requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

MOTION TO LAY ON THE TABLE

Rep. Tamburello moved that **HB 426,** relative to the prohibition on the use of mobile electronic devices while driving, be laid on the table.

On a division vote, 133 members having voted in the affirmative and 220 in the negative, the motion failed.

REGULAR CALENDAR CONT'D

HB 469, relative to highway surveillance. **INEXPEDIENT TO LEGISLATE.**

Rep. Michael B. O'Brien for Transportation. This bill would define surveillance determining ownership or location of a motor vehicle or its occupants. However, your cell phone or camera however used, could come under the jurisdiction of this bill. Several other questions arose on the use of transponders on trucks or rental vehicles which could also be compromised by this bill. The committee felt there were too many questions to support this bill. Vote 14-2.

Committee report adopted.

HB 485, relative to license restoration fees. **INEXPEDIENT TO LEGISLATE.** Rep. Werner D. Horn for Transportation. This bill addresses fees for government services, specifically the restoration of a driver's license when suspended or revoked for medical reasons. There is no additional process to restore a license revoked or suspended for a criminal offense or for medical reasons. Since the same work is required, this necessitates the same fee. Vote 9-7.

Reps. Leeman and True spoke against.

Reps. Horn and Steven Smith spoke in favor.

On a division vote, 182 members having voted in the affirmative and 172 in the negative, the committee report was adopted.

HB 553-FN, relative to dealer registration privileges by a dealership management company and proof of ownership of a vehicle at the time of sale. **OUGHT TO PASS WITH AMENDMENT.** Rep. Thomas C. Walsh for Transportation. This bill, as amended, allows the director of motor vehicles to approve additional forms to prove ownership of new and used vehicles. It also defines how dealership management companies (multiple dealerships under the same ownership) can use dealer plates. This is supported by the department of safety and the NH auto dealers association. This is good for both business and the consumer. Vote 16-0.

Amendment (0479h)

Amend the bill by replacing all after the enacting clause with the following:

1 Certificate of Origin. Amend RSA 261:13 to read as follows:

261:13 Certificate of Origin. When a new vehicle is delivered in this state by the manufacturer to [~~his~~] ***its*** agent or [~~his~~] franchised dealer, the manufacturer shall execute and deliver to [~~his~~] ***the*** agent or [~~his~~] franchised dealer a certificate of origin in the form prescribed by the director, and no person shall bring into this state any new vehicle unless he ***or she*** has in his ***or her*** possession the certificate of origin as prescribed by the director. The certificate of origin shall contain the vehicle identification number of the motor vehicle, the name of the manufacturer, model year, year of manufacture, number of cylinders, a general description of the body, if any, and the type of model. When a new vehicle is sold in this state, the manufacturer, [~~his~~] agent, or [~~his~~] franchised dealer shall execute and deliver to the purchaser, in case of an absolute sale, assignment of the certificate of origin, ***or a copy of the certificate of origin pending the original and an acceptable form proving assignment approved by the director***, or, if other than absolute sale, assignment of the certificate of origin subject to contract, signed or executed by the manufacturer, [~~his~~] agent, or [~~his~~] dealer, with the genuine names and business or residence addresses of both stated thereon, and certified to have been executed with full knowledge of the contents and with the consent of both purchaser and seller. No manufacturer, distributor, or manufacturer's authorized agent shall issue any duplicate, supplemental, or replacement certificate of origin unless the legend "duplicate" is placed on said certificate and the director is notified in writing of the circumstances under which said certificate was issued. A dealer registered under the provisions of RSA 261 who makes a courtesy delivery shall prepare the title application and supporting documents, but said delivery shall not be construed as a sale by the New Hampshire dealer.

2 Resale by a Dealer. Amend RSA 261:15 to read as follows:

261:15 Resale by a Dealer. If a dealer buys a vehicle and holds it for resale and procures the certificate of title from the owner or the lienholder within 10 days after delivery [~~to him~~] of the vehicle, [~~he~~] ***the dealer*** need not send the certificate to the department but, upon transferring the vehicle to another person other than by the creation of a security interest, shall promptly execute the assignment and warranty of title by a dealer, ***or if the title is held by a finance source show a copy of the title pending the original, and execute an acceptable form approved by the director proving assignment,*** showing the names and addresses of the transferee and of any lienholder holding a security interest created or reserved at the time of the resale and the date of [~~his~~] ***the*** security agreement, in the spaces provided therefor on the certificate or as the director prescribes, and mail or deliver the certificate to the department with the transferee's application for a new certificate.

3 Use of Dealer Registration. Amend RSA 261:111, III to read as follows:

III. The dealer's employees who are employed full-time in the retail motor vehicle business may be issued a dealer plate on motor vehicles owned by the dealer, at the dealer's discretion, for personal use outside of normal business hours ***and no person other than such employees shall operate such motor vehicles***. For purposes of this paragraph, [~~only~~] the dealer's employees ***shall include employees of a dealership management company solely engaged in the day-to-day busi-***

ness operations of the dealership [~~and no other person shall operate such motor vehicles~~]. Personal use shall require that the motor vehicle be in saleable condition, with all legally required window stickers as appropriate, in view to the general public.

4 Effective Date. This act shall take effect 60 days after its passage.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 584-FN, making various changes to laws relating to motor vehicles and vessels. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Thomas C. Walsh for Transportation. This bill contains a variety of legislative fixes requested by the department of safety. This housekeeping bill addresses technical changes, not policy changes. The committee amendment adds a provision to refund fees to plate holders when the plate is rescinded for rules violations. Vote 12-4.

Amendment (0686h)

Amend RSA 72-A:10 as inserted by section 1 of the bill by replacing it with the following:

72-A:10 Refund. Once paid, no part of [~~any~~] ***the*** boat fee shall be refunded.

Amend RSA 270-E:5, IV as inserted by section 2 of the bill by replacing it with the following:

IV. The department may issue refunds ***of the state portion of the registration fee*** to registrants in cases where a registrant has inadvertently registered the same vessel twice within the same registration period or has overpaid a registration fee ***or if there is evidence the decals and registration have not been used. Such request shall be submitted within 90 days from the date of registration.***

Amend the bill by inserting after section 10 the following and renumbering the original section 11 to read as 13:

11 Vanity Plate Processing; Refunds; Credits. Amend RSA 261:89 to read as follows:

261:89 Vanity Number Plates. The director is hereby authorized to design and to issue, under such rules as the director deems appropriate, vanity number plates to be used on motor vehicles in lieu of other number plates. Such number plates shall be of such design and shall bear such letters or letters and numbers as the director shall prescribe, but there shall be no duplication of identification. Such number plates or a changeable designation of the effective period thereof, as the director shall determine, shall be issued only upon application therefor and upon payment of a special vanity plate service fee of $40, said special fee to be in addition to the regular motor vehicle registration fee and any other number plate manufacturing fee otherwise required by law for the particular vehicle. Plates shall be renewed on an annual basis for $40 per set. All special fees collected under this section shall be paid to the state treasurer and distributed as provided by RSA 263:52. ***Upon rejection of an application for vanity number plates, the director shall refund or credit the collected special vanity plate service fee. The director shall recall any vanity number plates that have been issued which do not conform to applicable law and rules, regardless of when the plates were issued. Any person whose application for vanity number plates has been rejected or whose vanity number plates have been recalled shall be issued a number plate of the same classification as the plate that had been requested or recalled. The prorated by month portion of the special vanity plate service fee shall be refunded or credited to the person whose vanity number plates have been recalled.***

12 Deposits Into Driver Training Fund. Amend RSA 263:52, I to read as follows:

I. The proceeds from original license fees as provided in RSA 263:42 and the vanity plate service fee collected in accordance with RSA 261:89, plus the fee for the renewal of the use of such plates, after ***any refunding authorized by law and*** costs of such plates or designation of effective periods thereof and issuance of same have been appropriated and deducted, shall be expended for course materials, licensing of schools, and certification of instructors in connection with safe motor vehicle driving conducted in or under the supervision of secondary schools. Such balance shall be kept in a separate fund. The commissioner of safety shall adopt, pursuant to RSA 541-A, and publish, rules governing the courses of instruction and training.

AMENDED ANALYSIS

This bill:

I. Allows for refunds of vessel registration under certain conditions.

II. Defines "maintained for use" in regards to antique motor vehicles and motorcycles.

III. Requires driver's license holders and vehicle owners to notify the department of safety of a change of mailing address.

IV. Removes the requirement to list the driver license applicant's blood type.

V. Makes changes to proof required by the department of safety for walking disability placards.

VI. Allows for refunds or credits from the processing of vanity number plate applications.

VII. Deposits vanity plate service fee proceeds into the driver training fund minus authorized refunds.

VIII. Authorizes the recall of improperly issued vanity number plates.

IX. Changes the department of safety's rulemaking authority for setting fees for motorcycle rider education.

This bill is a request of the department of safety.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 169, relative to table stakes poker. **INEXPEDIENT TO LEGISLATE.**

Rep. Gary S. Azarian for Ways and Means. The majority of the committee, after serious consideration, agreed that the current law in regards to this issue was reasonable and equitable and found no beneficial cause to amend standing law. Vote 14-5.

Rep. Williams spoke against.

Rep. Azarian spoke in favor.

On a division vote, 157 members having voted in the affirmative and 204 in the negative, the committee report failed.

Rep. Williams moved Ought to Pass.

Motion adopted and ordered to third reading.

HB 439, relative to religious societies. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert L. Nigrello for Ways and Means. The majority of the committee agrees that the current law protects the public from religious organizations that have not registered as a charitable organization. Religious organizations can incorporate as a charitable organization; as such the donation restrictions are removed. Vote 18-1

Committee report adopted.

HB 445, defining poker as a game of skill. **INEXPEDIENT TO LEGISLATE.**

Rep. Patrick F. Abrami for Ways and Means. The committee was asked to make a judgment as to whether poker is a game of skill and thus not be considered gambling. We agree that a good poker player is skilled at reading the body language of other players, but at its core it is still a game of chance because the cards you are dealt are still random. Even if it were purely a game of skill, the committee feels that this is still a form of gambling that needs to be regulated to prevent high stakes games from being played at any location in the state without oversight. Vote 17-2.

Rep. Ammon spoke against and yielded to questions.

Rep. Abrami spoke in favor.

Rep. Spillane spoke against and requested a roll call; sufficiently seconded.

and the committee report was adopted.

HB 547, reestablishing the exemption from property taxation for telecommunications poles and conduits. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Patrick F. Abrami for the Majority of Ways and Means. The original bill called for reestablishing the exemption from property taxation for telecommunication poles and conduits. This exemption was repealed by the legislature effective July 1, 2010. Prior to its repeal many warned about lawsuits related to this issue between the telecommunication companies and municipalities. That has now become reality with numerous lawsuits pending throughout the state on this issue. It was clear from the testimony that the telecommunications companies were willing to compromise and agreed to the tax, as long as the issue of pole and conduit valuations was addressed. It was clear from testimony that a methodology for valuations was needed. Committee testimony showed pole values vary greatly from municipality to municipality. An amendment was filed that replaces the whole bill that provides such a methodology. The amendment states that the value should be equal to, "the direct replacement cost of the pole and/or the conduit, defined as the actual cost of the pole or conduit including the labor cost of installation less depreciation calculated on a straight-line basis for a period of 30 years with a residual value of no less that 20 percent." This language is close to the approach utilized by many assessors, but provides guidance to all municipal assessors that direct replacement cost should be utilized, that the cost includes installation which is a cost well established by the telecommunications industry, that the depreciation is straight-line for 30 years, and the language acknowledges that even the oldest of poles and conduits have a residual value and establishes a floor under that value. We heard testimony that the courts will fix this problem and establish these kinds of parameters. We should not have the courts fix a legislative problem. The legislature should fix the problem as this amendment does. It should be noted that poles and conduits owned by the electric companies can accept the assessed value derived by the department of revenue administration (DRA) or the town assessed value. The electric industry is highly regulated and all their properties are valued by the DRA. Their rates are set for them and are based on all costs of doing business including property taxes. The telecommunications industry is in a truly competitive environment and ever evolving race against technological advances that place extreme competitive pressures on them. This is why they are fighting for at least a level playing field, town to town and city to city. A majority of the committee agreed and voted the amendment and bill OTP/A that the legislature should take the lead in fixing this issue by stating its intent when defining parameters for assessing poles and conduits. Vote 14-7.

Rep. Susan W. Almy for the Minority of Ways and Means. The original bill is an attempt by the deregulated telephone companies to restore an exemption of their poles from property tax enjoyed during the era of regulation. The amendment is the companies' offer to end about 170 company lawsuits against varying municipal valuations, now consolidated into one in Concord district court and headed toward resolution. The towns and cities prefer to let the court decide the issue. The committee had only a few hours to consider it, and no time for municipal feedback on the final amendment. It is clear from testimony that about two thirds of most towns' poles are older than 30 years and would be assessed under the amended bill at 20% of replacement value. Municipalities depreciate down to 15-25% of value, but we do not know how long their depreciation schedule is - whether based on 30, 50 or more years; 30 years is the amendment's choice, but 50 years is quite reasonable given the average length of service of a pole. If they use 50 and the law says 30, most municipalities will lose considerable property tax. The bill's supporters cited extreme variation in municipal value per pole, but we learned that the most extreme example of $2400 in Lempster was due to very-high-capacity poles installed for the new wind farm. Finally, the amended bill creates a constitutional issue in that the towns and cities are required to assess telephone poles (with electric wires attached) in a way different from the way they have for decades assessed electric poles (with telephone wires attached). An advisory opinion should be sought from the supreme court.

Majority Amendment (0643h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the valuation of poles and conduits owned by telephone utilities.

Amend the bill by replacing all after the enacting clause with the following:

1 Reference Change. Amend RSA 72:8-a to read as follows:

72:8-a Telecommunications Poles and Conduits. [~~Except as provided in RSA 72:8-b,~~] All structures, poles, towers, and conduits employed in the transmission of telecommunication, cable, or commercial mobile radio services shall be taxed as real estate in the town in which such property or any part of it is situated. ***Except as provided in RSA 72:8-c,*** the valuation of such property shall be based on its value as real estate. Other devices and equipment, including wires, fiber optics, and switching equipment employed in the transmission of telecommunication, cable, or commercial mobile radio services shall not be taxable as real estate.

2 New Section; Property Taxation; Valuation of Poles and Conduits Owned by Telephone Utilities. Amend RSA 72 by inserting after section 8-b the following new section:

72:8-c Valuation of Poles and Conduits Owned by Telephone Utilities. The value of poles or conduits employed in the transmission of telecommunication owned in whole or in part by telephone utilities, as defined in RSA 362:7, or providers of Voice over Internet Protocol ("VoIP") service or IP-enabled service, each as defined in RSA 362:7, for purposes of tax assessment against said entity shall be determined by the following formula: the direct replacement cost of the pole or conduit, defined as the actual cost of the pole or conduit including the labor cost of installation less depreciation calculated on a straight-line basis for a period of 30 years with a residual value of no less than 20 percent.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes the valuation for purposes of the property tax assessment of poles or conduits employed in the transmission of telecommunication owned in whole or in part by telephone utilities.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Abrami spoke in favor.

Rep. Almy spoke against and yielded to questions.

Rep. Lovejoy spoke in favor and yielded to questions.

Rep. Spanos requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.
Reps. DiSesa and Porter voted Yea and intended to vote Nay.

HB 551-FN, relative to preventing diversion of business income to tax havens. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**
Rep. Jordan G. Ulery for the Majority of Ways and Means. This bill would fundamentally change the manner New Hampshire collects taxes on businesses in the state that are organized overseas. While the analysis suggests an undeterminable increase in revenue, there is a corresponding large increase in administrative costs by the DRA and a biannual review of foreign nations to determine which nations are or are not tax havens, a difficult to understand definition. The biannual review may involve declaring the property of our largest trading partner, Canada, in the name of its Queen, the islands of Jersey and Guernsey. New Hampshire already has too high tax on the entities that give our neighbors jobs. Do we really want to make the granite state even more unfriendly to business? Vote 13-8.
Rep. Richard Ames for the Minority of Ways and Means. Large multi-national corporations have developed elaborate schemes to avoid taxation by hiding profits in subsidiary corporations based in overseas tax haven jurisdictions. As currently structured, our business profits tax is unable to reach and tax NH's fair share of these profits, even though the profits are attributable to NH-based business activity. Smaller NH-based businesses are unable to engage in these international profit-shifting schemes and therefor bear a greater tax burden than the big multi-national corporations. HB 551, following the lead of Montana and Oregon, would amend our business profits tax so as to pierce this overseas corporate veil and close this unfair tax loophole. The bill identifies by name the overseas jurisdictions that are currently known to serve as tax havens. The bill includes a tax haven definition and a process to enable the periodic updating of the tax haven list. Profits realized by business organizations incorporated in these tax haven jurisdictions, unlike all other overseas corporations that are beyond the so-called "water's edge," are then brought back into the NH business profits tax apportionment formula. This system has been in effect to good effect in Montana for about a decade and in Oregon since 2013. The governor's budget estimated that this change in law in NH would produce $3.5M in FY 2016 and $8.0M in FY 2017.

MOTION TO SPECIAL ORDER

Rep. Major moved that **HB 551-FN,** relative to preventing diversion of business income to tax havens, be made a Special Order to the end of the Regular Calendar.
Motion adopted.

REGULAR CALENDAR CONT'D

HB 643-FN, relative to recovery of certain lottery winnings. **INEXPEDIENT TO LEGISLATE.**
Rep. Norman L. Major for Ways and Means. This bill would allow HHS to recover public assistance benefits from lottery winners. The recovery would be limited to state benefits only and not exceed half of the prize. During the past year the lottery commission reported 23 winners of $40,000 or more and many winners with winnings of less than a few thousand dollars. While NH has a recovery system for child support, a different system is needed to track public assistance beneficiaries. The committee concluded that the difficulty and expense of such a collection system outweighs the potential benefits. Vote 19-2.
Committee report adopted.

HB 655-FN, establishing a credit against business profits taxes for motion picture production expenditures in New Hampshire. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Patricia T. Lovejoy for the Majority of Ways and Means. This bill provides for a $10 million annual credit to the motion picture industry for production expenses incurred in NH and qualified non-NH expenses. The tax credits may be transferred, sold or assigned to other taxpayers with tax liabilities. This issue was extensively studied by this committee last term. Most states that have instituted film credits have income and sales tax that allow the state to recoup a significant portion of the credit through collection of sales and income tax on the activities that take place in their state. The majority of the committee believes that the state should not be singling out one industry for preferential treatment. Vote 11-10.

Rep. Bill H. Ohm for the Minority of Ways and Means. Committee testimony indicated that all of our neighboring states have such a tax credit and attract this type of business. NH has none and gets none. Testimony was heard from a number of actors who live here, but cannot work here, for lack of business and must commute to neighboring states. The minority feels that this proposed tax credit is similar to the existing R&D tax credit, namely a criteria on a checklist that keeps NH in the running for new business. The bill is structured such that there is no financial exposure unless new business is brought into NH, and the bill sunsets in 4 years. The committee was concerned that other terms of the bill were unfavorable to NH. The minority will be offering a floor amendment that would make the bill revenue neutral by cutting back the size of tax credit to match the projected room and meals tax that would be generated by the new business and to apply only to a NH business. Please oppose ITL so that an amendment can be introduced.

LAID ON THE TABLE

Rep. Ohm moved that **HB 655-FN,** establishing a credit against business profits taxes for motion picture production expenditures in New Hampshire, be laid on the table.
On a division vote, 329 members having voted in the affirmative and 39 in the negative, the motion was adopted.

REGULAR CALENDAR CONT'D

HB 673-FN-A, establishing a sales and use tax. **INEXPEDIENT TO LEGISLATE.**
Rep. Don E. Leeman for Ways and Means. The sales tax has long been considered to be the most regressive of all taxes. Furthermore, the residents of NH have never supported the imposition of a sales tax in any amount. Finally, the imposition of a sales tax would result in the loss of many jobs, possibly numbering in the thousands. It could also result in the closing of many businesses, especially in the communities near the border of NH and our neighboring states. Vote 19-2.
Rep. Sylvia requested a roll call; sufficiently seconded.

and the committee report was adopted.

Rep. Cali-Pitts voted Nay and intended to vote Yea.

HB 679-FN, establishing tax deferrals for expansion of natural gas distribution systems. **INEXPEDIENT TO LEGISLATE.**

Rep. Joseph R. Lachance for Ways and Means. This bill established a tax deferral on the business profits tax (BPT), the business enterprise tax (BET), the utility property tax (UPT) and property tax for natural gas distribution systems. Under this bill, effective July 1, 2015, a qualifying business may apply to the department of revenue administration (DRA) for a 5-year tax deferral of BPT, BET and UPT for taxes due

each year during the 5-year period and for interest accrued at 5% annually on the amount due. The DRA notes the commissioner of the DRA has no way of estimating the amount of taxes and interest that would be deferred for the 5-year period. The DRA would have an increase in expenditures in order to administer this bill. This bill requires DRA to adopt rules under RSA 541-A for administration implementation of this bill, and assumes additional personnel would be needed to revise forms, reprogram computers, and to write rules and administration of the bill. The committee agreed this bill is ITL. Vote 20-0. Committee report adopted.

HB 681-FN-A, increasing the marriage license fees. **OUGHT TO PASS.**

Rep. Susan W. Almy for Ways and Means. Domestic violence fills our jails, kills our citizens, poisons our children's futures, and overburdens our police, courts and emergency responders. New Hampshire's coalition against domestic and sexual violence is the lowest-funded agency of its type in the continental United States, and lost funding further during the recession years. Its mainstay is federal funding, and since at least 1981 the state provided matching money for the federal grants from two sources, the general fund and $38 of the $45 marriage license. The general fund money is sorely needed elsewhere; the $38 was raised from $33 in 1993. The money goes into a dedicated fund which rarely has a positive balance, and is used to match federal grants at 2:1 and 4:1. About one-third is used in statewide training programs for law enforcement and nurse examiners, and expert interpreters and prevention specialists for the crisis centers. The fourteen member agencies get 43% of their operating budgets from the remaining two-thirds of the federal-state money. These agencies provide temporary shelter for men, women and children fleeing abusers, for adolescent education in establishing healthy families and relationships, for local police and court training and consultations in dealing with victims and abusers for a best outcome. The $5 increase to the marriage license (after 22 years) will allow them to acquire 2-4 times that money from federal grants, totaling $135-270,000 annually - possibly enough to return the coalition to the budget level they had in the decade pre-recession. This would allow them to restore vital prevention and crisis services to near the frugal level the state provided at that time. Vote 20-1.

Rep. Sanborn offered floor amendment (0826h).

Floor Amendment (0826h)

Amend the title of the bill by replacing it with the following:

AN ACT making an appropriation to the department of health and human services for the purpose of funding the domestic violence grant program.

Amend the bill by replacing all after the enacting clause with the following:

1 Department of Health and Human Services; Domestic Violence Grant Program; Appropriation. There is hereby appropriated to the department of health and human services the sum of $45,545 for the fiscal year ending June 30, 2016, and the sum of $45,545 for the fiscal year ending June 30, 2017, for the purpose of funding the domestic violence grant program under RSA 173-B:16. The appropriation shall be deposited in the fund for the domestic violence grant program established in RSA 173-B:15. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

2 Effective Date. This act shall take effect July 1, 2015.

AMENDED ANALYSIS

This bill makes an appropriation to the department of health and human services for the purpose of funding the domestic violence grant program under RSA 173-B:15.

Rep. Cushing spoke against and yielded to questions.

Rep. Almy spoke against.

Rep. Sanborn spoke in favor and requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

HB 236, relative to child support and allowable child care expenses. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Daniel C. Itse for the Majority of Children and Family Law. As amended, this bill ensures that all of the children, natural and adopted, of an individual who has a child support obligation are treated equally. This bill removes an existing inequity by birth order. It will hopefully remove existing impediments to stable second marriages. Vote 11-8.

Rep. Martha Hennessey for the Minority of Children and Family Law. The minority believes that children of divorce even within the "best" divorces, have lived through crises inherent in the end of their family of origin. Stability is critical and in the best interest of all children including financial stability. HB 236 allows the parent providing court-ordered financial support to reduce financial support to existing children when he/she has subsequent biological or adopted children. The needs of existing children are not reduced when parents remarry and have other children.

Majority Amendment (0618h)

Amend the bill by replacing section 1 with the following:

1 Child Support Guidelines; Self-Support Reserve. Amend RSA 458-C:2, X to read as follows:

X. "Self-support reserve" means 115 percent of the federal poverty guideline for a single person living alone ***or for the obligor's household***, as determined annually by the United States Department of Health and Human Services. ***The obligor's household shall include the obligor and any minor natural or adopted children of the obligor who are not the subject of the support order.***

2 Child Support Guidelines; Allowable Child Care Expenses. Amend RSA 458-C:2, I-a to read as follows:

I-a. "Allowable child care expenses" means actual work-related child care expenses for [~~the children to whom the order applies~~] ***the natural or adopted children of either party*** and includes necessary work-related education and training costs.

AMENDED ANALYSIS

This bill increases the amount of the self-support reserve if the obligor's household includes other natural or adopted children of the obligor. The bill also expands the definition of allowable child care expenses to include expenses for the natural or adopted children of either party.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Martha Hennessey spoke against and yielded to questions.

Rep. Itse spoke in favor, yielded to questions and requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

The House recessed at 12:15 p.m.

RECESS

The House reconvened at 1:15 p.m.

(Speaker Jasper in the Chair)

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Comeau moved that the House reconsider its action whereby, on a voice vote, the House adopted the committee report of Inexpedient to Legislate on **HB 283,** requiring school districts to establish a policy permitting a pupil's parent or legal guardian to observe his or her classes.
Rep. Comeau spoke in favor.
Rep. Ladd spoke against.
Motion failed.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Tucker moved that the House reconsider its action whereby, on a roll call vote of 181-134, the House adopted the committee report of Ought to Pass on **HCR 2,** applying to Congress to hold a convention for amendments.
Reps. Baldasaro and McConnell spoke in favor.
Rep. Theberge spoke against.
On a division vote, 135 members having voted in the affirmative and 224 in the negative, the motion failed.

MOTION TO SPECIAL ORDER

Rep. Shurtleff moved that **HB 658-FN,** prohibiting collective bargaining agreements that require employees to join a labor union, be made a Special Order as the last bill on today's Regular Calendar.
Motion adopted.

REGULAR CALENDAR CONT'D

HB 380, relative to investigations of child day care agencies. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Skip Berrien for the Majority of Children and Family Law. This bill requires daycare agency licensing complaint interviews of children to be conducted in the presence of a representative of said agency, with the consent of the parent or guardian and with audio or video recording. The committee voted Inexpedient to Legislate because the provisions of this bill are addressed in a required department of health and human services child care registration form. The presence of an agency representative is inappropriate and agencies are reluctant to make electronic recordings. Vote 9-8.
Rep. Jeffrey D. Oligny for the Minority of Children and Family Law. The minority has plans to amend the bill to address concerns heard in committee which led to the Inexpedient to Legislate vote.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. Itse spoke against.
Rep. Kappler requested a roll call; sufficiently seconded.

and the majority committee report failed.

Rep. Itse moved the minority committee report of Ought to Pass and offered floor amendment (0234h).

Floor Amendment (0234h)

Amend the bill by replacing section 1 with the following:

1 Child Day Care Licensing; Rulemaking. Amend RSA 170-E:11, IV to read as follows:

IV. Policy and procedures concerning monitoring visits, investigation of complaints and disciplinary proceedings, including corrective action plans, against licensees*; provided that any interview with a child shall be conducted only in the presence of the child's parent, legal guardian, or their designee and with the prior written consent of the child's parent or legal guardian. The department of health and human services shall make an audio or video recording of the interview according to the department's protocol for recording such interviews. The child's parent or legal guardian shall be provided a copy of the recording upon request, for a fee of not more than $10.*

AMENDED ANALYSIS

This bill permits the department of health and human services to interview a child as part of an investigation of a child day care agency only if the child's parent or legal guardian is present and consents to the interview. The bill requires the department to record the interview and provide a copy of the recording to the child's parent or guardian upon request.

Rep. Itse spoke in favor and yielded to questions.

Rep. Shurtleff requested a roll call; sufficiently seconded.

and the minority committee report was adopted and ordered to third reading.

HB 441, relative to financial affidavits submitted in hearings regarding child support, property settlement, and alimony. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Daniel C. Itse for the Majority of Children and Family Law. As amended, this bill moves the requirement for financial affidavits for support and alimony hearings from court rules to statute so that it cannot be waived. Over the past several years there have been multiple occasions which one party to a hearing was excused from this requirement creating an inherent inequity in the process. The bill also requires submission of a knowingly false affidavit to be reported to the county attorney as sworn falsification (RSA 641:2). If no action is taken by the county attorney, it enables parties to the hearing to introduce and prosecute the matter privately as a misdemeanor b. Vote 11-8

Rep. Audrey M. Stevens for the Minority of Children and Family Law. The minority is extremely concerned that due diligence was not done with this bill, as amended. The amendment introduced at the executive session, and not previously vetted, opens up areas which may elevate conflict in cases. For example, when a disgruntled spouse may press charges without agreement of the court. The minority believes that there are already laws on the books concerning false statements, making this bill unnecessary, and possibly resulting in unintended negative consequences.

Majority Amendment (0614h)

Amend RSA 458:15-b, I as inserted by section 1 of the bill by replacing it with the following:

I. ***Prior to a hearing regarding child support, property settlement, or alimony, both parties shall submit financial affidavits. The financial affidavits shall be accepted as prima facie evidence of income unless challenged by the court. Submission of a knowingly false financial affidavit shall be referred for prosecution as an act of falsification under RSA 641. Any party to the case may submit a criminal complaint as a misdemeanor B offense directly to the district court, pursuant to RSA 592-A:7. In the absence of prosecution by the county attorney, the party may prosecute the offense privately.***

AMENDED ANALYSIS

This bill requires the parties to submit, as evidence of income, financial affidavits prior to any hearing regarding child support, property settlement, or alimony. The bill also provides that a party who knowingly submits a false financial affidavit may be charged with a crime of falsification. The bill further provides that the crime may be prosecuted privately.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. On a division vote, 213 members having voted in the affirmative and 150 in the negative, the majority committee report was adopted and ordered to third reading.

HB 449, relative to the duration of child support. **OUGHT TO PASS.**

Rep. Elizabeth Ferreira for Children and Family Law. This bill clarifies current statute regarding when adult child support terminates: when a child over the age of 18 withdraws from high school (support would not be restarted if the adult child enters a GED program); and upon incarceration for a criminal conviction. The bill also allows parents to have access to their adult child's education records if the adult child is still in high school and child support is still being paid. Vote 13-6.

Committee report adopted and ordered to third reading.

HB 514, revising the child support guidelines. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Debra L. DeSimone for the Majority of Children and Family Law. RSA 458-C:3 provides child support guidelines based on an income shares formula which were enacted effective July 1, 2013. HB 514 would drastically change how child support is calculated. The majority of the committee agrees this is not beneficial to support for children. Vote 12-8.

Rep. Jeffrey D. Oligny for the Minority of Children and Family Law. The minority remains concerned with the level of conflict that exists in divorced families as a result of the state's current child support guidelines that often provide profits to parents for raising their children. As opposed to a "winner-take-all" philosophy which puts price tags on the heads of our children, the minority proposes a cap on child support awards which limits the profit and incentive to litigate over child custody between fit parents. Current guidelines make New Hampshire children more profitable than almost every other state in the nation and the minority hopes to change that. The minority supports Ought to Pass.

Majority committee report adopted.

HB 516, relative to the determination of parental rights based on the best interest of the child and relative to grounds for modification of an order regarding parental rights and responsibilities. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Carolyn M. Gargasz for the Majority of Children and Family Law. This bill, which has failed twice in the past does not put best interests of the child as a priority. Best interest is the New Hampshire policy and a nationally recognized standard for determining a child's time with each parent. Some criteria removed are child's relationship with each parent, each parent's ability to provide for and care for the child, and whether contact between the parent and child is likely to harm the child. It also imposes a rebuttable presumption of equal parenting time. In New Hampshire, each family is unique and this provision imposes a "one size fits all" standard. Vote 11-9.

Rep. Jeffrey D. Oligny for the Minority of Children and Family Law. The main intent of the bill is to remove subjective custody criteria, which judges were unable to properly decide and which was used to remove fit parents from their children. It is also supported by considerable psychological studies that a 50/50 parenting presumption (not creating an adversarial winner/loser dichotomy) is best for children. The state should promote divorced parent cooperation and not adversity. The minority prefers to pass this bill.

LAID ON THE TABLE

Rep. Gargasz moved that **HB 516,** relative to the determination of parental rights based on the best interest of the child and relative to grounds for modification of an order regarding parental rights and responsibilities, be laid on the table.
On a division vote, 250 members having voted in the affirmative and 115 in the negative, the motion was adopted.

REGULAR CALENDAR CONT'D

HB 637-FN, relative to acts of falsification in family law cases. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Debra L. DeSimone for the Majority of Children and Family Law. In current law, people in court are sworn in to tell the truth. False swearing is already in statute; Title LXII Criminal Code Chapter 641 Falsification in Official Matter Section 641:2 effective November 1, 1993. HB 637 would not make RSA 641:2 better. Vote 12-6.
Rep. Daniel C. Itse for the Minority of Children and Family Law. Falsification in judicial proceedings is an offense against the other party. Failure to punish this offense is an injustice perpetrated by the court. This bill would ensure that justice is served. Tolerating this injustice is inexcusable.

The question being adoption of the majority committee report of Inexpedient to Legislate.
On a division vote, 213 members having voted in the affirmative and 152 in the negative, the majority committee report was adopted.

HB 137, relative to homeowner's insurance. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Laura M. Jones for the Majority of Commerce and Consumer Affairs. Currently in New Hampshire, an insurer has the right not to renew a property insurance contract with an insured if the insured has filed two or more valid claims in a 12-month period. In cases of non-renewal, the insured has the option of switching to the surplus and excess market for three years, and then the insured may return to the standard market. This bill seeks to reduce the number of possible valid claims by creating a type of 'non-claim' claim. A 'non-claim' claim would be any claim that is closed without payment to the insured or a third party, and where the insurer loss adjusting expense does not exceed a set amount. There may be varied reasons for non-payment, but the fact remains that frequency of claims filed is a valid underwriting risk. Proper accounting of underwriting risks is the key to solvent insurers and accurate premium pricing for all insurance customers. Therefore, the majority of the committee believes that ITL is the correct recommendation. Vote 12-8.
Rep. Richard M. Abel for the Minority of Commerce and Consumer Affairs. The minority believes this bill provides a needed, additional layer of consumer protections for New Hampshire policyholders of homeowner's insurance. It clarifies the term "valid claim" to prevent insurance companies from non-renewing policies based solely on a policyholder making an inquiry about coverage, on claims closed without payment to the insured or third party claimants or in which insurer loss adjusting expense does that not exceed $10,000.
Majority committee report adopted.

HB 158, requiring the managing agent to return the records of a condominium association upon the request of the association. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**
Rep. Rebecca McBeath for the Majority of Commerce and Consumer Affairs. This bill adds a section to the Condominium Act establishing a process by which condominium unit owners associations (board of directors, president, attorney, etc.) may obtain the association's records held by the contracted management agent of the association. This bill also specifies the time frame by which the agent must produce the association's documents after such a request, and authorizes the award of reasonable legal fees to the association if a lawsuit for production of documents is required. Vote 15-5.
Rep. Bart Fromuth for the Minority of Commerce and Consumer Affairs. The minority felt that this bill is an unwarranted government intrusion into the world of commercial contracts. The minority recommends that condo associations hire better attorneys. Furthermore, the bill, as introduced, calls for the return of all documents held by the management company within thirty (30) days. The minority also felt that this time period was unreasonable given the extraordinary amount of documentation to be turned over.

Majority Amendment (0049h)

Amend RSA 356-B:40-b as inserted by section 1 of the bill by replacing it with the following:

356-B:40-b Unit Owners' Association Records. Upon written request from the unit owner's association, its board of directors, the president of the association, or the association's attorney to the managing agent, sent by first class mail, facsimile, or electronically, the managing agent shall, irrespective of any language to the contrary in any management contract, return to the board of directors, president, or the association's attorney, any and all association records held by the managing agent within 30 days from the date of the request for such records. The managing agent shall have the right, at its own expense, to copy any and all association records it wishes to keep for its own records but shall comply with the requirement of returning all records to the association within the 30-day period. If the managing agent fails to return all association records within the 30-day period and the association institutes a lawsuit for purposes of recovering the association's records, then any judgment or order in favor of the association shall include the association's reasonable legal fees and costs as determined by the court.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.
Rep. Baldasaro requested a roll call; not sufficiently seconded.
On a division vote, 245 members having voted in the affirmative and 119 in the negative the majority committee report was adopted and ordered to third reading.

HB 210, relative to financial responsibility limits for motor vehicle liability insurance. **INEXPEDIENT TO LEGISLATE.**

Rep. John Bordenet for Commerce and Consumer Affairs. This bill raises the financial responsibility limits for motor vehicle liability insurance. The committee believes that it is inappropriate to increase the financial burden imposed on people required to purchase this insurance. Vote 12-7.
Committee report adopted.

HB 220-FN, requiring licensure of community association property managers. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Harold F. French for the Majority of Commerce and Consumer Affairs. The bill proposes requiring licensure of community association property managers for condominiums. Although well intended to address some condo owners complaints about property managers, licensing of these business professionals was unwarranted since they are hired and fired by the condo association. Ultimately, it is the condo association that should decide if they are not competent rather than a state licensure board. These private business people are evaluated by the market because there are no standards of conformity that comes with licensure. Anything that would be addressed through licensure is already addressed in existing condo legislation. Vote 13-7.

Rep. Kermit R. Williams for the Minority of Commerce and Consumer Affairs. This bill was created by the committee to study the laws relating to condominium and homeowners' associations. Testimony in the committee revealed that while some condominium association property managers were well-trained and provided excellent service to their communities, there were others who failed to meet reasonable standards of professionalism. The committee recommended licensure of property managers in order to achieve greater competence and accountability. This bill would create a licensing board as part of the joint board of licensure and certification. The board would consist of property managers and related persons and would ensure that license candidates meet defined standards, including background and training. The state already licenses professionals who interact with private citizens, from hairdressers to doctors. Property managers handle large sums of money and have significant control over the operation of an entire community. It makes sense that both the providers and their customers would be well served by licensing.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. Williams spoke against and yielded to questions.
Rep. Harold French spoke in favor.
On a division vote, 239 members having voted in the affirmative and 117 in the negative, the majority committee report was adopted.

HB 343, requiring certain charitable nonprofit corporations to provide certain information relative to board members. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Laura M. Jones for the Majority of Commerce and Consumer Affairs. This bill would require all charitable nonprofit corporations that are required to file IRS Form 990 to provide a list of the names, titles, and towns/cities of residence of the members of its board of directors on its website, or, lacking a website, upon request within 10 business days. Even though this information is already included on Form 990, and is also accessible through the New Hampshire secretary of states corporate web page, supporters of this bill desire even greater transparency. However, according to the New Hampshire ACLU, passing this bill would set precedent compelling organizations to speak in this way (dictating website content). In addition, no other state in the country has this requirement. Organizations also testified regarding their concern for protecting the privacy of their board members by not including this type of information on their websites. Not only were they concerned about privacy, but also safety, and their ability to find volunteers willing to serve as board members if such information was required to be placed on their websites. The majority of the committee believes that since this information is already available and the Attorney General has the authority to shut down a non-profit if it fails to disclose its board members, we should not legislate the website content of these corporations. Vote 13-6.
Rep. Edward A. Butler for the Minority of Commerce and Consumer Affairs. This bill simply requires that all nonprofits with budgets over $50,000 per year, who file 990s with the charitable trusts division, publish their board of directors on their websites, or by other means if there is no website. We actually heard one board member in our hearing complain that he might be bothered by members of the public if his name were published. The minority believes that this is a simple and basic responsibility to maintain the public trust.
Majority committee report adopted.

HB 358, relative to driver's license information obtained by pawnbrokers and secondhand dealers. **OUGHT TO PASS.**
Rep. Christopher J. Herbert for Commerce and Consumer Affairs. Currently, driver's license information may only be transferred by non-law enforcement personnel in non-electronic format and with the consent of the license holder. This bill permits pawnbrokers and second hand dealers to record and retain such information in an electronic format for their sales records and for submission to law enforcement for the sole purpose of identifying sellers of stolen merchandise. The consent of the license holder would continue to be required in this situation. Vote 15-5.
Committee report adopted and ordered to third reading.

HB 495, relative to referral fees for settlement services. **OUGHT TO PASS.**
Rep. Harold F. French for Commerce and Consumer Affairs. The committee strongly recommends the passage of this legislation because it creates a pro-business atmosphere encouraging future growth in certain segments of the commercial real estate industry. The bill would allow referral fees for commercial real estate transactions. It does not change, however, the current prohibition under the real estate law of allowing real estate agents to be compensated for finding or negotiating financing for residential real estate transactions. However, it removes the state regulation over commercial contracts between business entities. Vote 14-3.
Committee report adopted and ordered to third reading.

HB 508, relative to the dissolution of the New Hampshire medical malpractice joint underwriting association. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Laura M. Jones for Commerce and Consumer Affairs. This bill establishes a procedure for the dissolution of the New Hampshire Medical Malpractice Joint Underwriting Association (JUA). At the direction of the commission to study the New Hampshire medical malpractice JUA, the New Hampshire insurance department investigated the availability of replacement insurance, and finding sufficient availability, requested this legislation to wind down the JUA. The committee heard testimony that the JUA was not established to drive out private insurance, but only to avert a crisis with the lack of supply of medical malpractice insurance that occurred in the 1970s. Currently, the JUA is unsustainable without significant premium increases. The wind down is to be done under court supervision, and coverage will last for an additional year to give those insured additional time to find replacement coverage. The amendment makes technical corrections to the original bill, and makes a provision for the purchase of tail coverage. Vote 15-1.

Amendment (0674h)

Amend RSA 404-C:15, I as inserted by section 2 of the bill by replacing it with the following:

I. Upon the effective date of this section, the insurance commissioner shall bring a petition to the superior court for Merrimack county for the receivership of the New Hampshire medical malpractice joint underwriting association (NHMMJUA) pursuant to RSA 402-C. The receivership of the NHMMJUA shall include the stabilization reserve fund trust established in 1986 to pay deficits of the association incurred as a result of policies issued prior to January 1, 1986. Subject to such receivership, the NHMMJUA shall be a continuation of the same unincorporated association in existence immediately before the effective date of this section. The NHMMJUA shall be an insurer organized in this state for purposes of RSA 402-C.

Amend RSA 404-C:15, II as inserted by section 2 by inserting after subparagraph (d) the following new subparagraph:

(e) Upon the non-renewal of any claims-made policy issued by the NHMMJUA that is in-force as of the effective date of this section, calculate the amount of tail premium collected, using reasonable actuarial methodologies and standards of practice, and return the tail coverage premium to the policyholder. For the purpose of this subparagraph, tail coverage premium shall mean that portion of the premium collected by the NHMMJUA and separately identified in NHMMJUA's financial statements, and which would have been used to provide tail coverage if tail coverage had been provided under the terms of the policy. Return of tail coverage premium shall only be provided to those claims-made policyholders who will not otherwise receive tail coverage under their claims-made policies.

Amend RSA 404-C:15, III as inserted by section 2 of the bill by replacing it with the following:

III. The NHMMJUA shall have no in-force insurance business after December 31, 2016, other than extended reporting coverage elected under policies issued on or before December 31, 2015.

Amend RSA 404-C:16, IV as inserted by section 2 of the bill by replacing it with the following:

IV. The board members and officers of the NHMMJUA shall continue to be officers, trustees, officials, or employees of the state subject to RSA 99-D through the date of the rehabilitation order.

V. Until liquidated, the NHMMJUA shall continue as a legally cognizable unincorporated association solely for the purpose of winding down the NHMMJUA, consistent with this chapter. The provisions of this section and RSA 402-C shall control the management of claims and obligations of the association and shall supersede the provisions of administrative rules governing the operation of the NHMMJUA.

Amend RSA 404-C:17 as inserted by section 2 of the bill by replacing it with the following:

404-C:17 Closure of the NHMMJUA.

I. Subject to the provisions of RSA 404-C:15 and RSA 404-C:16, the NHMMJUA's obligations shall be wound up through rehabilitation under chapter 402-C.

II. Upon the resolution of all the association's obligations, and upon the approval of the supervising court, the association shall thereupon be liquidated and the receiver discharged.

III. The provisions of RSA 404-C:15 – RSA 404-C:17 shall not alter, and shall not be construed to alter, any vested contractual rights that any class of NHMMJUA policyholders may have with respect to excess surplus of the NHMMJUA. The existence and extent of any such rights shall be determined by the court in the receivership proceeding.

Amend the bill by replacing sections 5 and 6 with the following:

5 Applicability; Effective Date of Repeal. Section 4, paragraph II of this act shall take effect upon the date of dissolution and the end of the receivership of the New Hampshire medical malpractice joint underwriting association as certified by the insurance commissioner to the director of the office of legislative services and the secretary of state.

6 Effective Date.

I. Section 4, paragraph II of this act shall take effect as provided in section 5 of this act.

II. The remainder of this act shall take effect upon its passage.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 548, establishing the federally-facilitated health exchange as the health exchange for New Hampshire. **INEXPEDIENT TO LEGISLATE.**

Rep. Joseph A. Hannon for Commerce and Consumer Affairs. This bill is in reaction to a future United States Supreme Court decision, expected in June 2015, regarding whether or not individuals in states

that have not already set up a state based exchange qualify for subsidies. The majority of the committee believes that this bill is not needed since we cannot predict what the USSC will decide, and if there is a solution needed it must come from the federal level. Vote 11-5.
Rep. William O'Brien requested a roll call; sufficiently seconded.

HB 554-FN, relative to sales of beer in refillable containers. **OUGHT TO PASS WITH AMENDMENT.** Rep. Kermit R. Williams for Commerce and Consumer Affairs. This bill was the recommendation of the commission to study the sale of beer in refillable containers. The commission studied packaging definitions and standards, retail logistics, consumer procedures, and general health and safety issues arising from authorizing liquor licensees to sell draft beer in refillable containers, often referred to as growlers. The bill, as amended, defines a standard growler package that all licensees can use, and defines a set of license standards to ensure that on and off-premise retailers that sell growlers will meet standards for operation and sanitation, and will have made a strong financial commitment to the sale of craft beer. New Hampshire brewers who do not wish to have others put their beer in refillable containers can opt out of the program by notifying the liquor commission. Vote 12-4.

Amendment (0599h)

Amend RSA 178:32, I-II as inserted by section 2 of the bill by replacing them with the following:

I. An on-premises or off-premises licensee maintaining an inventory of at least 200 different beer labels and paying an additional fee of $240 shall be issued a refillable beer container license authorizing the licensee to fill standard refillable containers in accordance with this section.

II. The licensee shall attend a training program approved by the commission within 45 calendar days of the training program's availability. The training program shall include instructions in the sales, inspection, cleaning, and filling of standard refillable beer containers and sanitation standards for tap lines and equipment.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. McBeath requested a roll call; sufficiently seconded.

HB 570-FN, establishing a condominium dispute resolution board. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. George Hurt for the Majority of Commerce and Consumer Affairs. The committee had a lively debate on this bill both in the subcommittee and in executive session. This bill establishes a condominium dispute resolution board to hear and determine unit owner complaints relative to board noncompliance with association by-laws and state condominium laws. The committee felt unit owners who are dissatisfied with the work of elected board members have the ability to replace them in the next election. Equally important, testimony was given that there is no funding available to effectively establish a new condominium dispute resolution board. Vote 10-6.

Rep. Kermit R. Williams for the Minority of Commerce and Consumer Affairs. This bill was created by the Committee to Study the Laws relating to Condominium and Homeowners' Associations, which spent many hours over the past two years listening to testimony from New Hampshire citizens from all sides of the issue: condo owners and residents, condominium association board members, property managers who operate condominium facilities, and lawyers who work in the condominium business. The rules that control the association are the declaration and bylaws, both of which are originally written by the developer, and usually created for his benefit. There is no standard set for bylaws, so the fairness for residents and the amount of "democracy" in place in the association varies dramatically. Some boards don't follow their own bylaws, and the residents have little recourse other than suing. Some experts have called condominium associations small local governments; they levy fees, charge fines, maintain common facilities, and make rules for residents. If they were actually governments, the public outcry would be deafening. In New Hampshire, we have very strict rules for local governments, so they are fair to all residents. Open meetings and sunshine laws provide transparency and ensure that everyone knows what's going on, and has a chance to be heard. There are some wonderful, well-managed condominium developments, where residents are content. The others are the focus

of this bill. The attorney general gets many complaints each year, but tells the complainer that there is little they can do. Currently, a resident must take issues to court, running up thousands in legal fees. This bill would provide a lower-cost method for dispute resolution, with a board of volunteers from all areas of condominium life reviewing the issues and attempting arbitration, or making a decision that will have the force of law through the court system. With 1 in 7 residents of New Hampshire living in condominiums, we have a responsibility to ensure fair treatment for all, just as we require of other local governments.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. Williams spoke against.
Rep. Hurt spoke in favor.
On a division vote, 219 members having voted in the affirmative and 132 in the negative, the majority committee report was adopted.

HB 683-FN, regulating cash for gold businesses. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Harold F. French for the Majority of Commerce and Consumer Affairs. The committee voted to ITL this proposed legislation of licensing and regulating the cash for gold business. The intention was to stop "fly by night" gold transactions that some fear are just ways to fence stolen jewelry. Although well intended, this attempt to regulate commerce between private parties is not in the best interest of the citizens of the state and seen as another over reach of the state into private business transactions. We found that it was unwarranted, trying to solve mythical and fanciful problems that do not exist. Vote 9-5.
Rep. Kermit R. Williams for the Minority of Commerce and Consumer Affairs. This bill requires cash for gold businesses to be licensed and have a permanent place of business. It only applies to towns and cities where pawnbrokers and secondhand dealers are already required to be licensed. New Hampshire police agencies have been dealing with an increase in jewelry theft, driven largely by drug use, where the thieves sell the merchandise quickly, often for much less than it is worth. By ensuring that local law enforcement is aware of the existence of cash for gold businesses and where they are operating in their towns, this bill would make it more likely that stolen jewelry is recovered and returned to rightful owners, for whom the items often have a sentimental value far in excess of their intrinsic value.
Majority committee report adopted.

HB 150, establishing a study committee on the legalization of marijuana. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Robert R. Cushing for Criminal Justice and Public Safety. This bill, as amended by the committee, recognizes that in our state and the rest of the country, seismic changes are taking place in society with respect to attitudes about marijuana. In recent years, 24 states, including New Hampshire, have legalized the use of marijuana for medical reasons, and the voters in 5 states and the District of Columbia have voted to legalize adult recreational use. And last year the house passed a bill to legalize marijuana. The committee believes it is time for a comprehensive look at New Hampshire marijuana policy and establishes a commission of key stakeholders to study issues relating to the legalization, regulation and taxation of marijuana. In conducting its study the commission will look at specific issues related to the growing, selling, taxing, limiting use, advertising, promoting and otherwise regulating marijuana and marijuana-infused edible products, study the experience of NH and other states regarding the use of marijuana for medical and recreational purposes and other issues the commission deems relevant. The commission consists of 3 members of the house and 2 members of the senate, appointed by the Speaker and Senate President: the Attorney General or designee, the commissioners of the department of safety, the department of health and human services, the department of revenue administration, and the department of agriculture, markets and food, or their designees; one representative each from the NH Association of Chiefs of Police, NH Civil Liberties Union, New Futures, Marijuana Policy Project, NH Bar association, NH Medical Society, the NH Farm Bureau Federation, and three members of the public appointed by the governor. The commission will make a report on or before December 1, 2016. Vote 13-4.

Amendment (0347h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a commission to study the legalization, regulation, and taxation of marijuana.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Commission to Study the Legalization, Regulation, and Taxation of Marijuana. Amend RSA 318-B by inserting after section 38 the following new subdivision:

Commission to Study the Legalization, Regulation, and Taxation of Marijuana

318-B:39 Commission to Study the Legalization, Regulation, and Taxation of Marijuana Established.

I. There is established a commission to study the legalization, regulation, and taxation of marijuana. The members of the commission shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house of representatives.

(b) Two members of the senate, appointed by the president of the senate.

(c) The attorney general, or designee.

(d) The commissioner of the department of safety, or designee.

(e) The commissioner of the department of health and human services, or designee.

(f) The commissioner of the department of revenue administration, or designee.

(g) The commissioner of the department of agriculture, markets and food, or designee.

(h) A representative of the New Hampshire Association of Chiefs of Police, appointed by that organization.

(i) A representative of the New Hampshire Civil Liberties Union, appointed by that organization.

(j) A representative of New Futures, appointed by that organization.

(k) A representative of the Marijuana Policy Project, appointed by that organization.

(l) A representative of the New Hampshire Bar Association, appointed by that organization.

(m) A representative of the New Hampshire Medical Society, appointed by that organization.

(n) A representative of the New Hampshire Farm Bureau Federation, appointed by that organization.

(o) Three representatives of the public, appointed by the governor.

II. Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

III. The commission shall study the legalization, regulation, and taxation of marijuana including the specific issues related to growing, selling, taxing, limiting use, advertising, promoting, and otherwise regulating marijuana and marijuana-infused edible products. The committee shall also study the experiences of New Hampshire and other states regarding the use of marijuana for medical purposes and for recreational purposes. The commission shall study any other issue that the commission deems relevant to its objective. The commission may solicit the advice or testimony of any organization or individual with information or expertise relevant to its study.

IV. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named house member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Ten members of the commission shall constitute a quorum.

V. The commission shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before December 1, 2016.

2 Repeal. RSA 318-B:39, relative to a commission to study the legalization, regulation, and taxation of marijuana, is repealed.

3 Effective Date.

I. Section 2 of this act shall take effect December 1, 2016.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a commission to study the legalization, regulation, and taxation of marijuana.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 214-FN, relative to circumstances under which a police officer's certification may be revoked. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Len DiSesa for the Majority of Criminal Justice and Public Safety. This bill, while well-intentioned, is a solution seeking a problem. There are already legal mechanisms in place to deal with the revocation of a police officer's certification if s/he has been convicted of committing a crime, or if the officer has been terminated from employment for egregious behavior (or for severe violations of department standard operating procedures). This bill would remove all discretion from police chiefs and from the New Hampshire Police Standards and Training Council by making the de-certification mandatory using a standard of "clear and convincing evidence," which would potentially violate the officer's due process rights under the constitution. Vote 13-3.

Rep. John A. Burt for the Minority of Criminal Justice and Public Safety. The minority of the committee feels there must be measures taken to correct the negative perception of law enforcement by the public. Establishing a higher standard for police officers will ensure the law enforcement community as a whole will be made safer and the citizens they serve will have greater confidence in the integrity of the police.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Abramson spoke against.

Rep. DiSesa spoke in favor.

Rep. Hoell requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

Rep. Maes declared a conflict of interest and did not participate.

HB 255-FN, relative to petitioning for annulment of a class B misdemeanor offense. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Shawn P. Sweeney for Criminal Justice and Public Safety. Under current law, those convicted of both class A and class B misdemeanors must wait 3 years from the end of the sentence before being allowed to petition the court for a hearing on annulment of the conviction. This bill reduces the waiting period for the less serious class B misdemeanor conviction to 2 years. The amendment excludes domestic violence related convictions from the reduced time period. Vote 17-0.

Amendment (0161h)

Amend the bill by replacing section 1 with the following:

1 Annulment of Criminal Records. Amend RSA 651:5, III to read as follows:

III. Except as provided in RSA 265-A:21 or in paragraphs V and VI, any person convicted of an offense may petition for annulment of the record of arrest, conviction, and sentence when the petitioner has completed all the terms and conditions of the sentence and has thereafter been convicted of no other crime, except a motor vehicle offense classified as a violation other than driving while intoxicated under RSA 265-A:2, I, RSA 265:82, or RSA 265:82-a for a period of time as follows:

(a) For a violation, one year, unless the underlying conviction was for an offense specified under RSA 259:39.

(b) For a class B misdemeanor except as provided in [~~subparagraph (f), 3 years~~] ***subparagraphs (f) and (h), 2 years.***

(c) For a class A misdemeanor except as provided in subparagraph (f), 3 years.

(d) For a class B felony except as provided in subparagraph (g), 5 years.

(e) For a class A felony, 10 years.

(f) For sexual assault under RSA 632-A:4, 10 years.

(g) For felony indecent exposure or lewdness under RSA 645:1, II, 10 years.

(h) For any misdemeanor where the victim was, at the time of the offense, a family or household member or intimate partner as those terms are defined in RSA 173-B:1, 3 years.

AMENDED ANALYSIS

This bill reduces the waiting period for petitioning for annulment of a class B misdemeanor offense. The bill also establishes a 3-year waiting period for petitioning for annulment of an offense involving a family or household member or intimate partner.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 367-FN, redefining simple assault. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Robert R. Cushing for the Majority of Criminal Justice and Public Safety. This bill attempts to amend New Hampshire's simple assault law. Currently law enforcement can use the crime of "simple assault" to charge abusers in dating situations who assault their victims. Simple assault is also the crime that routinely allows victims of domestic violence to qualify for a restraining order under RSA 173-B. If enacted this bill would make it more difficult for victims of domestic violence to receive the protection they need under the law. Under HB 367, if an abuser punches, pushes, slaps or spits on a victim but does not leave a visible injury, a law enforcement officer will have to determine whether a reasonable person would find that conduct offensive, threatening or provocative before arresting the offender. This complicates and potentially delays an arrest and civil relief in cases that pose imminent danger to victims. This bill would also legalize seemingly innocuous grooming behavior by sex offenders. For example, if a man goes to a city park and tickles small children he does not know, the children might not find this conduct "offensive," "threatening," or "provocative." Furthermore, a person cannot be charged with simple assault for simply tapping someone on the shoulder; there must be intent in order to charge under current law. We have no reason to believe that this statute is being unfairly enforced; this is a solution in search of a problem. Vote 12-4.

Rep. Ed Comeau for the Minority of Criminal Justice and Public Safety. The existing statute, RSA 631:2-a, narrowly defines the parameters of simple assault. Presently it covers: bodily injury to another; recklessly causing bodily injury to another; or negligently causing bodily injury by a deadly weapon; and is a misdemeanor unless committed in a fight entered into by mutual consent, in which case it is a violation. HB 367-FN adds the gender and broadens the parameters to add additional physical contact that would be understood to be offensive, threatening or provocative or unprivileged physical contact that would be understood to purposely cause sexual arousal or gratification. It is the minority opinion that these additions will more fairly defend or prosecute people that are accused of simple assault.

Majority committee report adopted.

HB 490-FN, prohibiting the retail sale of reloadable aerial shell fireworks. **INEXPEDIENT TO LEGISLATE.**

Rep. John A. Burt for Criminal Justice and Public Safety. The majority of the committee agreed that this bill is not needed. NH towns and cities currently have the power to make local ordinances on fireworks. This bill was for one incident that was the homeowners fault. Vote 10-6.
Committee report adopted.

HB 560-FN, including a fetus in the definition of "another" for the purpose of certain criminal offenses. **MAJORITY: OUGHT TO PASS. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. John A. Burt for the Majority of Criminal Justice and Public Safety. This bill aims to give the families of wanted unborn children an avenue for justice when the unborn child is killed by the criminal or negligent actions of a third party. There is a string of tragic events in NH that have left families searching for justice. This bill will give the families that avenue. This bill fulfills the request of the state supreme court spelled out in the NH v Lamy case handed down April 9, 2009, when they overturned the negligent homicide conviction of Joshua Lamy in the death of Dominick Emmons. Part of the ruling stated that if the NH legislature finds the ruling in this case unfortunate as the court does they should revisit the homicide statutes in regards to a fetus like many other states have done. Thirty-eight other states have similar laws to the one proposed in HB 560. Twenty-three of these states start at conception making this proposed law in the middle ground. The 8-week point of protection centers on the women's choice it is also the point of pregnancy when miscarriages drops off dramatically. Expectant mothers are exempted from prosecution under this statute. Abortion is not affected by the proposed law as the abortion choice is also exempted under the bill. All challenges to fetal homicide laws have been denied as long as the law contained this exemption and in fact, fetal homicide laws have been in existence since California passed the first in the early 1970s. There is also language in the bill to protect families that require in vitro fertilization to complete their families. This bill will do away with the antiquated born alive rule formed in the 1900s and bring NH into the mainstream in regards to fetal homicide. Vote 10-7.
Rep. Laura C. Pantelakos for the Minority of Criminal Justice and Public Safety. While the minority certainly understands the desire to find justice for crimes that result in devastating effects for women and their families, we believe that this bill as written is not the answer. Current New Hampshire assault laws already have enhanced penalties for injuries that result in the death or stillbirth of a fetus. Last session we addressed a similar bill (1503) and it passed with an amendment. However this session, HB 560 as written, again creates a contradiction in one of the frameworks underpinning the Roe v. Wade Supreme Court decision by establishing fetal rights separate from the woman's rights. Similar fetal homicide bills elsewhere have resulted in pregnant women being arrested for harm to their fetuses. To address this problem in HB 560, we will present and recommend an amendment that passed the house in the last session. We believe now, as a majority of members did then, that the amendment strikes a meaningful compromise. We ask members to support it as they have in the past.

The question being adoption of the majority committee report of Ought to Pass.
Rep. Weber offered minority committee amendment (0759h)

Minority Amendment (0759h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the penalties for negligent homicide and manslaughter causing a miscarriage or stillbirth and relative to miscarriage or stillbirth in second degree murder cases.

Amend the bill by replacing all after the enacting clause with the following:

1 Homicide; Manslaughter. Amend RSA 630:2 to read as follows:

630:2 Manslaughter.

I. A person is guilty of manslaughter when he ***or she*** causes the death of another:

(a) Under the influence of extreme mental or emotional disturbance caused by extreme provocation but which would otherwise constitute murder; or

(b) Recklessly.

II.***(a)*** Manslaughter shall be punishable by imprisonment for a term of not more than 30 years.

(b) Manslaughter which causes a miscarriage or stillbirth, as defined in RSA 631:1, II(a) and (b), shall be punishable by imprisonment for a term of not more than 60 years.

III. In addition to any other penalty imposed, if the death of another person resulted from the driving of a motor vehicle, the court may revoke the license or driving privilege of the convicted person indefinitely.

2 Homicide; Negligent Homicide. Amend RSA 630:3 to read as follows:

630:3 Negligent Homicide.

I. A person is guilty of a class B felony when he ***or she*** causes the death of another negligently. ***A person convicted of class B felony negligent homicide which causes a miscarriage or stillbirth, as defined in RSA 631:1, II(a) and (b), shall be punished by imprisonment for a term of not more than 14 years.***

II. A person is guilty of a class A felony when in consequence of being under the influence of intoxicating liquor or a controlled drug or any combination of intoxicating liquor and controlled drug while operating a propelled vehicle, as defined in RSA 637:9, III or a boat as defined in RSA 265-A:1, II, he or she causes the death of another. ***A person convicted of class A felony negligent homicide which causes a miscarriage or stillbirth, as defined in RSA 631:1, II(a) and (b), shall be punished by imprisonment for a term of not more than 25 years.***

III. In addition to any other penalty imposed, if the death of another person resulted from the negligent driving of a motor vehicle, the court may revoke the license or driving privilege of the convicted person for up to 7 years. In cases where the person is convicted under paragraph II, the court shall revoke the license or driving privilege of the convicted person indefinitely and the person shall not petition for eligibility to reapply for a driver's license for at least 7 years. In a case in which alcohol was involved, the court may also require that the convicted person shall not have a license to drive reinstated until after the division of motor vehicles receives certification of installation of an ignition interlock device as described in RSA 265-A:36, which shall remain in place for a period not to exceed 5 years.

3 Homicide; Second Degree Murder. Amend RSA 630:1-b to read as follows:

630:1-b Second Degree Murder.

I. A person is guilty of murder in the second degree if:

(a) He ***or she*** knowingly causes the death of another; or

(b) He ***or she*** causes such death recklessly under circumstances manifesting an extreme indifference to the value of human life. Such recklessness and indifference are presumed if the actor causes the death by the use of a deadly weapon in the commission of, or in an attempt to commit, or in immediate flight after committing or attempting to commit any class A felony.

II. Murder in the second degree shall be punishable by imprisonment for life or for such term as the court may order.

III. In cases where a person is convicted of murder in the second degree which causes a miscarriage or stillbirth, as defined in RSA 631:1, II(a) and (b), the judge shall explicitly state for the record that he or she considered the miscarriage or stillbirth as a factor in pronouncing sentence and shall explain what effect, if any, the miscarriage or stillbirth had in determining the sentence imposed.

4 Effective Date. This act shall take effect January 1, 2016.

AMENDED ANALYSIS

This bill adds an enhanced term of imprisonment for manslaughter or negligent homicide causing a miscarriage or stillbirth. The bill also requires that in second degree murder convictions, the judge shall state for the record that he or she considered the miscarriage or stillbirth as a factor in pronouncing sentence and shall explain what effect, if any, the miscarriage or stillbirth had in determining the sentence.

Reps. Weber and Rosenwald spoke in favor.

Rep. Richardson spoke against.

Rep. Rideout spoke against and requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 592-FN, relative to vulnerable users of highways. **INEXPEDIENT TO LEGISLATE.** Rep. John F. Martin for Criminal Justice and Public Safety. This bill seeks to increase the penalty for an unintended act from a class A misdemeanor to a class B felony. It creates yet another special class of victim and specifically intends to threaten to punish an unintended act with a possible state prison sentence. Other statutes already address unlawful operation of a vehicle or vessel, and this bill adds nothing except another enhanced penalty. Vote 10-7.
Committee report adopted.

HB 597-FN, relative to penalties for indecent exposure and lewdness. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John E. Tholl for Criminal Justice and Public Safety. The bill, as amended, brings the act of fornicating, exposing his or her genitals, or performing any other act of gross lewdness to a child under 16 for the purpose of sexual gratification or sexual arousal from a misdemeanor to the same level as sending a photograph depicting those same events, which is currently a class B felony. Vote 16-0.

Amendment (0313h)

Amend RSA 645:1, II(a) as inserted by section 1 of the bill by replacing it with the following:

(a) ***Such person, with the intent to cause sexual gratification or arousal, purposely fornicates, exposes his or her genitals, or performs any other act of gross lewdness in the presence of a child who is less than 16 years of age.***

AMENDED ANALYSIS

This bill increases the criminal penalty for purposely, with the intent to cause sexual gratification or arousal, fornicating, exposing his or her genitals, or performing any other act of gross lewdness while in the presence of a child less than 16 years of age from a misdemeanor to a class B felony.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 618-FN, relative to penalties for the possession of marijuana and relative to the cultivation of marijuana plants. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert R. Cushing for Criminal Justice and Public Safety. This bill reforms NH marijuana laws to make possession of a small amount of marijuana a violation, subject to a fine, instead of a misdemeanor crime subject to jail and a criminal record. It is similar to the steps taken by 19 other states, including all other New England states, to decriminalize marijuana possession, and HB 618 is similar to decriminalization legislation that has been passed by the house 5 times since 2008. This bill does not endorse the use of marijuana, nor ignore the problems that can be associated with its use. The committee amended the bill to reduce from one ounce to one half ounce the amount of marijuana one could possess without being subject to misdemeanor arrest, include escalating fines for repeat violations of the law and maintain the current law outlawing possession of marijuana plants. This bill seeks to stop making criminals out of citizens by placing our marijuana laws more in line with voter opinion, the New Hampshire constitution, and common sense. Vote 12-3.

Amendment (0699h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to penalties for the possession of marijuana.

Amend RSA 318-B:2-c, I as inserted by section 1 of the bill by replacing it with the following:

I. Except as provided in RSA 126-X, any person possessing 1/2 ounce or less of marijuana, including adulterants or dilutants, shall be guilty of a violation, and subject to the penalties provided in paragraph III.

Amend RSA 318-B:2-c, III(a) as inserted by section 1 of the bill by replacing it with the following:

III.(a) Any person 18 years of age or older who is convicted of violating paragraph I or II shall be subject to a fine of $100 for a first offense, a fine of $200 for a second offense under this subparagraph, and a fine of $500 for a third or subsequent offense under this subparagraph, and shall forfeit the marijuana or hashish to the state.

Amend RSA 318-B:2-c, IV(a) as inserted by section 1 of the bill by replacing it with the following:

(a) No record of a violation of this section shall be recorded in any publicly available database of criminal offenders.

Amend RSA 318-B:2-c, VI(a) and (b) as inserted by section 1 of the bill by replacing it with the following:

(a) Except as specifically provided in RSA 263:56-b, III and IV, neither the state nor any of its political subdivisions shall impose any form of penalty on a person for possessing 1/2 ounce or less of marijuana, 5 grams or less of hashish, or paraphernalia for marijuana use, nor shall any penalties or obligations exceeding those outlined in RSA 263:56-b, III or IV be imposed by the state nor any of its political subdivisions solely for having cannabinoids or cannabinoid metabolites in the urine, blood, sweat, hair, fingernails, toenails, or other tissue or fluid of the human body.

(b) Possession of 1/2 ounce or less of marijuana, possession of 5 grams or less of hashish, possession of paraphernalia for marijuana use, or the presence of cannabinoids or cannabinoid metabolites in the urine, blood, sweat, hair, fingernails, toenails, or other tissue or fluid of the human body shall not constitute grounds for denying a person student financial aid, public housing, or any form of public financial assistance including unemployment benefits, or denying a person the right to operate a motor vehicle, or disqualifying a person from serving as a foster parent or adoptive parent.
Amend RSA 318-B:26, I as inserted by section 2 of the bill by deleting RSA 318-B:26, I(e)

AMENDED ANALYSIS

This bill reduces the penalty for possession of one ounce or less of marijuana to a violation, and reduces the penalty for possession of other amounts of marijuana.
Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.
Rep. Gannon spoke against.
Rep. Schroadter spoke in favor.
Rep. Edwards requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

HB 647-FN, exempting convictions for simple assault from an extended term of imprisonment and relative to annulments of certain criminal convictions. **INEXPEDIENT TO LEGISLATE.** Rep. David A. Welch for Criminal Justice and Public Safety. The bill would have removed the assault on an EMT, a paid fire fighter, a volunteer firefighter, an on call firefighter, a licensed emergency medical care provider, and a police officer from the extended term of imprisonment statute. While the bill had some merit dealing with annulment, the committee felt that it would be inappropriate to pass the bill as written. A co-sponsor who is a committee member concurred. Vote 11-6.

LAID ON THE TABLE

Rep. Welch moved that **HB 647-FN,** exempting convictions for simple assault from an extended term of imprisonment and relative to annulments of certain criminal convictions, be laid on the table.

Motion adopted.

REGULAR CALENDAR CONT'D

HB 648-FN, requiring detention under arraignment for persons arrested for violation of protective orders and increasing the fee for bail commissioners. **OUGHT TO PASS WITH AMENDMENT.** Rep. Laura C. Pantelakos for Criminal Justice and Public Safety. This bill requires detention until arraignment for persons arrested for a violation of a domestic violence order issued by a bail commissioner. The change addresses a discrepancy in the law between orders issued by a bail commissioner and the court. It brings the two practices in line. The amendment deletes the section of the bill, which would have increased the bail commissioner fee from $40.00 to $60.00. Vote 15-0.

Amendment (0616h)

Amend the title of the bill by replacing it with the following:

AN ACT requiring detention until arraignment for persons arrested for violation of protective orders.

Amend the bill by deleting section 4 and renumbering the original section 5 to read as 4.

AMENDED ANALYSIS

This bill requires detention until arraignment for persons arrested for violation of a domestic violence or stalking protective order.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

On a division vote, 255 members having voted in the affirmative and 99 in the negative, the committee report was adopted and ordered to third reading.

HB 650-FN, requiring background checks for commercial firearms sales. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. John A. Burt for the Majority of Criminal Justice and Public Safety. The bill requires that every firearm transaction go through a licensed dealer. Opponents of the bill pointed out that the language used in the definitions section is both broad and ambiguous and there is a real possibility that law abiding citizens would be turned into criminals. Enforcement of the current laws on the books should be a priority over creating new laws. The bill fundamentally changes the burden of proof to the individual as opposed to the state-a shift in our standards of jurisprudence. The majority of the committee believes that this bill would create more issues than it would solve and therefore opposed passage of this legislation. Vote 10-6.

Rep. Len DiSesa for the Minority of Criminal Justice and Public Safety. This bill will close the loophole for any firearms purchase between a seller and a buyer that is advertised commercially, requiring the seller to engage a federally licensed firearms dealer so that a national instant criminal background check, known as NICS, can be initiated. This is the standard currently in use for all commercial firearms purchases at gun shops, gun shows, and for purchases made from reputable dealers on-line using the internet. HB 650-FN would not require any sale that is non-commercial in nature, a private sale, a transfer or an exchange of a firearm between individuals provided that neither party to the transaction is a prohibited person (i.e., a convicted felon, a domestic abuser, or anyone who is prohibited from owning or possessing a firearm under 18 U.S.C. section 922(d) or pursuant to state law). This bill is a common sense approach to protecting the community while not impeding a law abiding citizen's rights under the Second Amendment. Since 1998, New Hampshire has conducted well over 1 million background checks through NICS. In most cases, the NICS check is completed in a few minutes, and with over 300 million firearms in the United States – and that number is growing each year – conducting background checks for all commercial purchases is a common sense approach to sensible firearms safety. According to F.B.I. statistics, NICS is customarily available 17 hours a day, seven days a week, including holidays except Christmas. Nationally since mandatory backgrounds checks became law in 1998; more than 1,000,000 disqualified persons have been prevented from owning or possessing a firearm. Polls have indicated an overwhelming majority of New Hampshire residents, New Hampshire gun owners, and NRA members favor background checks for firearms purchases, and HB 650-FN is supported by the New Hampshire department of safety.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. DiSesa and Rogers spoke against.

Rep. Burt spoke in favor.

Rep. Hoell spoke in favor and yielded to questions.

Rep. Rogers requested a roll call; sufficiently seconded.

and the majority committee report was adopted.
Rep. Timothy Smith declared a conflict of interest and did not participate.
Rep. Barbara French voted Yea and intended to vote Nay.

HB 653-FN, prohibiting the use of sex offender registry information for the purpose of harassing, intimidating, or threatening a registered sexual offender or offender against children, or any family member, employer or landlord of such person. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. John F. Martin for the Majority of Criminal Justice and Public Safety. This bill creates a special class of victims for offenses already covered by other statutes. Prohibiting the use of the sex offender registry is not enforceable as written, as there are multiple registries, state and federal, located online. Additionally the cost to upgrade the DOS website would run into tens of thousands of dollars. Vote 10-6.
Rep. Dick Marston for the Minority of Criminal Justice and Public Safety. This bill prohibits the use of sex offender registry information found on the department of safety's website for the purpose of harassing, intimidating, or threatening a registered sex offender or offender against children, or any family member, employer, or landlord of such person. The department would be required to post on the website a warning against such prohibited use of the website information and requiring users to acknowledge these prohibitions prior to accessing the website. There have been a number of instances where registered sex offenders have been harassed and even injured, and landlords pressured who have provided them with housing. Although this law would not be a panacea, it might at least make someone think twice before misusing the information in this way. We are not sure at this point what would be involved technically to facilitate acknowledgement of the warning before accessing the site but we assume it would be technically possible.
Majority committee report adopted.

HB 669-FN-L, requiring law enforcement agencies to report on the receipt of certain equipment and grants from the federal government and on the deployment of tactical teams. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Arthur E. Barnes for the Majority of Criminal Justice and Public Safety. This bill would require municipal agencies to develop and submit reports on receipt of surplus military equipment, grants and tactical team deployment. After development, the report must be submitted to a number of different state agencies. The committee felt the cost of staff to comply, develop, copy and submit the reports created an Article 28-A conflict. Vote 11-4.

Rep. Ed Comeau for the Minority of Criminal Justice and Public Safety. This bill adds Chapter 106-L and 106-L:2 and requires towns in receipt of equipment paid for through federal grants from: department of defense; homeland security; department of justice; office of national drug control policy and department of the treasury; to provide a report which would contain the outcomes caused by the use of federally granted equipment by law enforcement. The report would contain: ancillary cost associated with the use of such equipment; which law enforcement agency used the equipment; where the equipment was used; and the reason for deploying the equipment by law enforcement. The report would contain the type of warrant executed and if a no- knock provision was used; number of arrests made; contraband or property seized. The report would show if an armored personnel carrier was used and why it was needed; firearm discharges; demographic makeup of the encountered; law enforcement injures or deaths. It also adds section 106-L:3 annotating the reporting format to be used. It has been argued that HB 669-FN places an undue financial burden upon the towns and their agencies; and it is an unfunded mandate which is unconstitutional, per 28-A. It is the minority opinion that this information is already compiled by law enforcement and is readily available and can easily be placed in a report, such as RSA 91:A provides. It is the minority opinion that the influx of federally granted equipment received by towns, without oversight to their use in civilian law enforcement, is a detriment. That the report will support the publics right to know how this specialized equipment is being used and its positive and negative effects on local communities.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. Sylvia spoke against.
Rep. Barnes spoke in favor.
Rep. Fromuth requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 685-FN, prohibiting a state agency, state employee, or political subdivision from enforcing any federal law regarding a firearm, firearm accessory, or ammunition. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Geoffrey D. Hirsch for the Majority of Criminal Justice and Public Safety. Come January of 2016, should local police face criminal prosecution for assisting federal agents in controlling weapons and ammunition during a drug bust or terrorist action? In May of 2016, can local marine patrol assist the coast guard in a drug or human trafficking incident that involves firearms without facing criminal charges? HB 685-FN creates such criminal charges against local law enforcement. The bill is fundamentally problematic by stating that only laws adopted after the effective date of the bill will apply. This will lead to dangerous confusion as time passes and new federal laws are implemented or old laws revised. At critical moments, do we want local law enforcement wondering which federal laws can or cannot be enforced? HB 685 is attempting to solve a problem that does

not exist. It does hold the potential for many unintended consequences both in the area of public safety and in the performance of our local and state law enforcement. Assuming that any law or group of laws has reached an arbitrary ceiling beyond which one must not go is not just bad public policy; it is a disservice to the evolving needs of its citizenry. Vote 12-5.
Rep. John A. Burt for the Minority of Criminal Justice and Public Safety. This bill prohibits, with penalties, the use of state or local government resources to enforce future federal statutes in the area of firearms. This bill relies upon Article 7 of the NH Constitution, the 10th amendment to the US Constitution and recent US Supreme court cases like the 1997 case, Printz v. US, in which Justice Scalia held: "the federal government may neither issue directives requiring the states to address particular problems, nor command the states' officers, or those of their political subdivisions, to administer or enforce a federal regulatory program." The minority believed that passage of this bill is an important first step to establishing a proper balance between what the state should pay for the enforcement of and what the federal government should pay for the enforcement of.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. Tholl spoke in favor.
Rep. Hoell spoke against and requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 124, relative to the implementation of new college and career readiness standards. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Glenn Cordelli for Education. This bill, as amended, requires that the state board of education conduct public hearings regarding proposed standards, one in each executive council district. This bill does not apply to common core state standards. The bill further requires a complete evaluation of the proposed standard(s) to be provided by the legislature. The majority believes it is better to be open, communicate and have thorough debate on standards before, rather than after and option. This bill is about an open, transparent adoption process. Vote 16-5.

Amendment (0326h)

Amend RSA 186:11, XXXVII as inserted by section 1 of the bill by replacing it with the following:

XXXVII. Implementation of College and Career Readiness Standards.

(a) The state board shall not adopt or implement new college and career readiness standards nor shall the state board direct the department of education to implement any additional standards until the state board, in consultation with the department, school districts, and chartered public schools, performs an evaluation of the new standards in comparison to current standards and other

nationally-recognized standards and provides the results of such evaluation to the same, and to the chairperson of the house and senate committees with primary jurisdiction over education and to the legislative oversight committee established in RSA 193-C:7.

(b) The state board shall hold a public hearing in each executive council district to present the department's proposed college and career readiness standards and shall take public testimony regarding the adoption of the proposed standards.

AMENDED ANALYSIS

This bill requires the state board of education to evaluate and report on any new college and career readiness standards, and prohibits the board from implementing any such new standards until the board conducts a public hearing in each executive council district.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 276, providing that school districts shall not be required to adopt the common core standards. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Rick M. Ladd for the Majority of Education. In 2010, the state board of education adopted the common core state standards in math and language arts. In accordance with RSA 186:8, the state board of education shall adopt rules relative to minimum curriculum and educational standards for all grades of the public schools. The standards delineate what students should know and be able to do at each grade level. School districts desiring to adopt their own standards have been told by NH DOE that they are not required to participate in the common core state standards; however, districts must comply with statewide assessments that measure common core standards if the districts desire to receive Title I funding (elementary secondary education act). As amended, this bill provides a school board that elects not to implement, or participate in common core state standards, or any other minimum educational standards adopted by the state board pursuant to rules or adopted by the state board in any other fashion to adopt and implement standards of its own that either meet or exceed those of the state. This is truly an effort to preserve local control from the ever-encroaching federal department of education's controlling footprint. Vote 12-9.

Rep. Mary Heath for the Minority of Education. The minority believes HB 276 is unnecessary. Neither the NH department of education nor the NH state board of education mandate that local school districts adopt the common core. The commissioner of education has explained that it is not a requirement and does not impact any funding issues.

Majority Amendment (0474h)

Amend RSA 186:8, I as inserted by section 1 of the bill by replacing it with the following:

I. Minimum curriculum and educational standards for all grades of the public schools***; provided that the state board shall adopt no rule pursuant to RSA 541-A nor shall the state board formally or informally adopt a policy or guideline that requires a school district or any public school to implement or participate in the common core state standards. If a school board elects not to implement or participate in the common core state standards or any other minimum educational standards adopted by the state board pursuant to RSA 541-A or as adopted through state board policy or guidelines for all grades in public schools, the school board shall adopt and implement standards that meet or exceed those standards.***

AMENDED ANALYSIS

This bill prohibits the state board of education from adopting a rule requiring a school district or any public school to implement the common core state standards. The bill also requires a school board that elects not to implement or participate in the common core state standards or other minimum educational standards to adopt and implement educational standards that meet or exceed those standards.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Heath spoke against.

Rep. Ladd spoke in favor and yielded to questions.

Rep. Hoell requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 303, relative to statewide assessment standards and relative to parental consent for psychological services to students. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. James Verschueren for the Majority of Education. This bill consisted of two somewhat unrelated sections. Section I proposed additional criteria for the adoption of statewide educational improvement and assessment programs. Section II proposed that no psychological services shall be provided without written consent of the pupil's parent or legal guardian, except as ordered by a court. The majority vote in favor of ITL consisted of individuals opposed to one or the other, or both of the sections. Section I added language that was deemed confusing and/or duplicative of language already in statute. Section II was objected to more vigorously on multiple grounds. The language was ill-defined; parental rights are already protected by existing statute and the restriction proposed was of such severity that school personnel would be prevented from acting in the best interest of the child. Vote 12-9.

Rep. Victoria L. Sullivan for the Minority of Education. The minority believes that this bill defines the criteria that shall be used in the development of statewide assessments. This clarifies that the assessment will not be used to assess dispositions, attitudes and behaviors. This bill also adds the protection that no psychological services shall be provided without parental consent.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Victoria Sullivan spoke against.

Rep. Verschueren spoke in favor.

On a division vote, 166 members having voted in the affirmative and 169 in the negative, the majority committee report failed.

Rep. Hoell moved the minority committee report of Ought to Pass with Amendment and offered minority committee amendment (0622h).

Minority Amendment (0622h)

Amend the bill by replacing section 1 with the following:

1 Statewide Educational Improvement and Assessment Program; Program Established. Amend RSA 193-C:3, III to read as follows:

III. The following criteria shall be used in the development of the program:

(a) Educational standards specifying what students should know and be able to do shall be clearly defined before assessment procedures and exercises are developed.

(b) The assessment exercises or tasks shall be valid and appropriate representations of the standards the students are expected to achieve.

(c) At each grade level assessed, the standards and expectations shall be the same for every New Hampshire student.

(d) Teachers shall be involved in designing and using the assessment system.

(e) Assessment frameworks and reports shall be understandable and widely disseminated to parents, teachers, administrators, other school personnel, school board members, teacher preparation programs, business people, government officials, and community members.

(f)***(1) Assessments shall be:***

(A) Valid, reliable, and objective.

(B) Appropriate for the cognitive, social-emotional, speech-language, fine motor, and gross motor development of the student.

(C) Used to measure content knowledge and skills.

(2) Assessments shall not be used to:

(A) Measure student dispositions, including student values, attitudes, or beliefs.

(B) Diagnose educational or behavioral disorders.

(g) The assessment system shall be subject to continuous review and improvement.

Rep. Hoell spoke in favor and requested a roll call; sufficiently seconded.

and the motion was adopted.

REGULAR CALENDAR CONT'D

HB 332, relative to school district policy regarding objectionable course material. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Victoria L. Sullivan for the Majority of Education. This bill requires parental notification no less than two weeks prior to the teaching of materials involving human sexuality, or human sexual education. This bill also requires said material be made available for parental/guardian review. This bill will also open communication between schools and parents, resulting in greater parental engagement and necessary conversations with their children regarding these sensitive issues. Vote 10-9.

Rep. Mary Heath for the Minority of Education. The minority believes the content of HB 332 currently exists within the NH minimum standards, which has set guidance in this area for local school districts.

The question being adoption of the majority committee report of Ought to Pass.
Rep. Duane Brown spoke in favor.
Rep. Heath spoke against.
Rep. Victoria Sullivan spoke in favor and yielded to questions
Rep. Aldrich requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 519, establishing a committee to study department of education policies affecting dyslexic students. **OUGHT TO PASS.**
Rep. John L. Balcom for Education. It is the intent of the bill that this committee will study the condition of dyslexia within NH schools. The goal of this committee is to publish findings, which include successful intervention methods and effective corrective processes such as Orton-Gillingham. Vote 17-4.
Committee report adopted and ordered to third reading.

HB 520, establishing privacy protections for student online personal information. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**
Rep. Glenn Cordelli for the Majority of Education. This bill deals with data protection at the state level. This bill applies to local district use of online K-12 systems. It prohibits the system operators from using student data to develop advertising, or selling the information. It requires them to use reasonable security measures and remove information when requested. This bill is modeled after a California bill that passed their legislature unanimously. Vote 10-9.
Rep. Andrew R. Schmidt for the Minority of Education. While this bill is well intended, and there is a compelling need for student data privacy protection, this bill has serious shortcomings. It lacks enforcement mechanisms or penalties for resolutions. In fact, the bill fails to define who constitutes an aggrieved party. Finally, this is modeled on California legislation that has not been implemented, so we do not have the benefit of experience.

The question being adoption of the majority committee report of Ought to Pass.
Rep. Andrew Schmidt spoke against.
Rep. Cordelli spoke in favor and yielded to questions.
On a division vote, 216 members having voted in the affirmative and 125 in the negative, the majority committee report was adopted and ordered to third reading.

HB 555, relative to participation of chartered public school students in school district co-curricular activities. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Glenn Cordelli for Education. This bill as, amended, provides public charter students with the right to participate in co-curricular activities in their resident districts. Current statutes already provide this opportunity to non-public and home school students. Vote 18-3.

Amendment (0696h)

Amend the bill by replacing section 1 with the following:

1 Public Chartered Schools; Access to Public School Programs. Amend RSA 193:1-c to read as follows:

193:1-c Access to Public School Programs by Nonpublic, ***Public Chartered Schools*** or Home Educated Pupils.

I. Nonpublic, ***public chartered school,*** or home educated pupils shall have access to curricular courses and cocurricular programs offered by the school district in which the pupil resides. The local school board may adopt a policy regulating participation in curricular courses and cocurricular programs, provided that such policy shall not be more restrictive for non-public, ***public chartered school,*** or home educated pupils than the policy governing the school district's resident pupils. In this section, "cocurricular" shall include those activities which are designed to supplement and enrich regular academic programs of study, provide opportunities for social development, and encourage participation in clubs, athletics, performing groups, and service to school and community. For purposes of allowing access as described in this section, a "home educated pupil" shall not include any pupil who has graduated from a high school level program of home education, or its equivalent, or has attained the age of 21.

II. Nothing in this section shall be construed to require a parent to establish a home education program which exceeds the requirements of RSA 193:1.

AMENDED ANALYSIS

This bill clarifies the ability of public chartered school pupils to participate in programs and co-curricular activities in their resident district.
Committee amendment adopted.
Committee report adopted and ordered to third reading.

HB 578, relative to state board of education compliance with unfunded federal education mandates. **WITHOUT RECOMMENDATION.** Vote 10-10.

Statement in support of Ought to Pass: Rep. Rick Ladd.

This bill identifies the ever-increasing federal footprint and resultant unfunded costs downshifted to state and local education. As in programs established in support of the Individual Disabilities Education Act (IDEA) federal mandates once promised at 40% are in reality 17%, leaving the difference to state and local tax-payers. This bill states that the state board shall not adopt rules that require a school district to comply with a federally mandated curriculum, method of instruction or statewide assessment program that is not fully paid by federal funds.

Statement in support of Inexpedient to Legislate: Rep. Mary Heath.

This bill has far reaching negative implications for the state and local school districts. It also counteracts existing RSA's and rules and seriously limits the capacity of the NH department of education to carry out the responsibilities assigned to them by the general court. This bill is not in the best interest of children and local school districts.

Rep. Cordelli moved Ought to Pass and spoke in favor.

Rep. Myler spoke against.

Rep. Cordelli requested a roll call; sufficiently seconded.

and the motion of Ought to Pass was adopted and ordered to third reading.

HB 603, relative to student exemptions from assessments, questionnaires, or surveys. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.** Rep. Ralph G. Boehm for the Majority of Education. This bill gives parents the right to remove their child from taking the state annual assessment. Thus, reinforcing parental rights as to their control of what their children have access to. The amendment removes part of the bill that was passed earlier this session in HB 206. Other states are allowing parents to exempt their children from testing without any loss in federal funds. The number of students not taking the test should not statistically jeopardize any comparison with other schools. Vote 11-10.

Rep. Mary Stuart Gile for the Minority of Education. This bill requires school districts to adopt a policy allowing a student to be exempted without penalty from any assessment, questionnaire or survey based on the parent/guardian's determination that the material is questionable. The minority supports RSA 193-C:4, which requires the state board of education to adopt rules relative to RSA 541-A regarding student exemption from assessment programs. The minority is also concerned that the bill does not provide constructive alternative activities for students who are exempt. Doing nothing/punishment are not acceptable.

Majority Amendment (0661h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to student exemption from the statewide assessment.

Amend the bill by replacing all after the enacting clause with the following:

1 Statewide Education Improvement and Assessment; Assessment Required. Amend RSA 193-C:6 to read as follows:

193-C:6 Assessment Required. Each year, a statewide assessment shall be administered in all school districts in the state in grades 3 through 8 and one grade in high school. All public school students in the designated grades shall participate in the assessment, unless such student is exempted ***from taking the test by his or her parent or legal guardian***, or provided that the commissioner of the department of education may, through an agreement with another state when such state and New Hampshire are parties to an interstate agreement, allow [~~pupils~~] ***students*** to participate in that state's assessment program as an alternative to the assessment required under this chapter. Home educated students may contact their local school districts if they wish to participate in the statewide assessment. Private schools may contact the department of education to participate in the statewide assessment. ***A school district shall not penalize any student for being exempted from taking the statewide assessment by his or her parent or legal guardian, nor shall the department of education or the state board of education penalize any school district for a lower participation rate. A school district shall create a form to be signed by the parent or legal guardian of any student exempted from the assessment.***

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows a student to be exempted from taking the statewide assessment by the student's parent or legal guardian, without penalty to the student or the school district.

Rep. Ladd spoke against.

Majority committee amendment failed.

The question now being adoption of the motion of Ought to Pass.

Rep. Boehm offered floor amendment (0758h).

Floor Amendment (0758h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to student exemption from the statewide assessment.

Amend the bill by replacing all after the enacting clause with the following:

1 Statewide Education Improvement and Assessment; Assessment Required. Amend RSA 193-C:6 to read as follows:

193-C:6 Assessment Required. Each year, a statewide assessment shall be administered in all school districts in the state in grades 3 through 8 and one grade in high school. All public school students in the designated grades shall participate in the assessment, unless such student is exempted ***from taking the test by his or her parent or legal guardian***, or provided that the commissioner of the department of education may, through an agreement with another state when such state and New Hampshire are parties to an interstate agreement, allow [~~pupils~~] ***students*** to participate in that state's assessment program as an alternative to the assessment required under this chapter. Home educated students may contact their local school districts if they wish to participate in the statewide assessment. Private schools may contact the department of education to participate in the statewide assessment. ***A school district shall not penalize any exempted student nor shall the department of education or the state board of education penalize any school district for a lower participation rate. A school district shall develop a form to be signed by the parent or legal guardian of any student exempted from the assessment. The school district shall provide an appropriate alternative educational activity for the time period during which the assessment is administered. The alternative activity shall be agreed upon by the school district and parent or legal guardian of the student.***

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill declares that a student exempted from taking the statewide assessment by the student's parent or legal guardian shall not be penalized. The bill also requires a school district to provide an appropriate alternative educational activity for the time period during which the assessment is administered.

Rep. Boehm spoke in favor.

Rep. Hoell spoke against.

Floor amendment (0758h) adopted.

Majority committee report adopted and ordered to third reading.

HB 112, relative to domicile for voting purposes. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Adam R. Schroadter for the Majority of Election Law. This bill puts into statute the current guidelines used by the supervisors of the checklist when registering a person to vote. The guidelines are in the procedure manual used by election officials. Adding them to statute makes them more accessible to everyone. New Hampshire law technically requires documentary proof of citizenship, age, and domicile in order to register to vote. However, election officials are empowered to accept any kind of proof "deemed reasonable" by them to satisfy these criteria. Election officials and voter registrants alike are often uncertain what qualifies as domicile for voting purposes. This bill, as amended, identifies general qualifications that may be considered sufficient, such as where the person owns or rents property that they primarily live in, or enrollment and attendance at a college or university in New Hampshire. Vote 9-8.

Rep. Wayne M. Burton for the Minority of Election Law. This bill, as amended, encodes a partial list of factors in state law that might be considered by election officials in establishing a person's domicile for voting purposes. Five of the factors refer to how a person's residence is established by other statutes enacted for purposes other than voting. For voting eligibility purposes, current "domicile," not long-term residence is required by the NH Constitution. One of the factors listed in the amendment, for example, is demonstrating eligibility to procure a NH hunting or fishing license. Since both require that a person live in NH for two years, they are impermissible as criteria for establishing voter eligibility. Another example is possessing a NH driver's license, which requires that a person intends to remain in NH either permanently or indefinitely to qualify as a resident. Under the NH Constitution as interpreted by the courts, intent to remain in NH cannot be considered in determining a person's voting eligibility. Because the list of factors in the amended bill, if made a part of a statute, could be confused by election officials as requirements, the minority believes those factors, which are already included in the secretary of state's guidelines, are sufficient to inform election officials of determining a person's eligibility to vote. The current process has been well established and is working well. Therefore the minority of the Election Law Committee believes this bill is both unnecessary and potentially damaging to the integrity of our most precious right, that of casting our vote.

Majority Amendment (0066h)

Amend the bill by replacing section 1 with the following:

1 Voter Qualifications; Domicile. Amend RSA 654:1 to read as follows:

654:1 Voter; Office Holder.

I. Every inhabitant of the state, having a single established domicile for voting purposes, being a citizen of the United States, of the age provided for in Article 11 of Part First of the Constitution of New Hampshire, shall have a right at any meeting or election, to vote in the town, ward, or unincorporated place in which he or she is domiciled. An inhabitant's domicile for voting purposes is that one place where a person, more than any other place, has established a physical presence and manifests an intent to maintain a single continuous presence for domestic, social, and civil purposes relevant to participating in democratic self-government. A person has the right to change domicile at any time, however a mere intention to change domicile in the future does not, of itself, terminate an established domicile before the person actually moves.

II.(a) When determining a person's qualifications as a voter, the following factors may be considered as evidence of the person's domicile:

(1) The school district in which the person's residence is located.

(2) The address listed on the person's individual federal income tax return.

(3) The address designated by the person as his or her residence or homestead for purposes of state and local taxes.

(4) The place where the person spends the most nights of the year.

(5) The place where the person keeps his or her most valuable and precious possessions.

(6) The place that would be considered the person's residence for purposes of obtaining a driver's license.

(7) The place that would be considered the person's residence for purposes of applying for a passport or other federal identification.

(8) The place that would be considered the person's residence for purposes of eligibility for a resident hunting or fishing license.

(b) A person shall not be considered domiciled in this state if the person is temporarily absent from another state in a manner that would be consistent with RSA 654:2.

[~~I-a.~~] *III.* A student of any institution of learning may lawfully claim domicile for voting purposes in the New Hampshire town or city in which he or she lives while attending such institution of learning if such student's claim of domicile otherwise meets the requirements of RSA 654:1, I.

[~~II.~~] *IV.* Any elected or appointed official for whom one of the qualifications for his or her position is eligibility to be a voter in the area represented or served shall be considered to have resigned if the official moves his or her domicile so that he or she can no longer qualify to be a voter in the area represented or served. Any vacancy so created shall be filled as prescribed by law.

AMENDED ANALYSIS

This bill establishes factors to be considered in determining domicile for voting purposes.

Rep. Bates spoke against and yielded to questions.

Rep. Hoelzel spoke in favor.

Majority committee amendment failed.

LAID ON THE TABLE

Rep. Hoelzel moved that **HB 112,** relative to domicile for voting purposes, be laid on the table.

On a division vote, 254 members having voted in the affirmative and 85 in the negative, the motion was adopted.

MOTION TO REFER TO JUSTICES

Rep. Hoelzel moved that an opinion of the justices on the constitutionality of **HB 112,** relative to domicile for voting purposes, be requested.

On a division vote, 190 members having voted in the affirmative and 148 in the negative, the motion was adopted.

REGULAR CALENDAR CONT'D

HB 328, relative to delivery of absentee ballots. **OUGHT TO PASS.**

Rep. James P. Gray for Election Law. RSA 657:17 requires that voters mail their absentee ballots or "personally deliver it to the city of town clerk from whom it was sent." HB 328 will allow a spouse, parent, sibling or a child to deliver the ballot to the clerk. The committee took note that a ballot rejected by the clerk can be placed in a mailbox by the same person who presented it to the clerk and when it is delivered by the post office that ballot will be accepted. The majority of the committee believes that accepting ballots from the family members listed in the bill is appropriate and will not degrade the legitimacy of the absentee ballot process. Vote 12-6.

On a division vote, 206 members having voted in the affirmative and 129 in the negative, the committee report was adopted and ordered to third reading.

HB 373, establishing the red-tailed hawk as the New Hampshire state raptor. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Peter W. Bixby for the Majority of Environment and Agriculture. This bill, brought at the request of 4th graders from Hampton Falls, would designate the red tailed hawk as the New Hampshire state raptor. Students noted that several of the bird's characteristics make it a good symbol for the state: adaptability, attentiveness to family, and strong, determined presence. While this raptor is not unique to our state, one great advantage is its familiarity. It is easy for our citizens to look up and spot this noble looking bird. Vote 10-8.

Rep. Christy D. Bartlett for the Minority of Environment and Agriculture. It's always tough to oppose a group of 4th graders who are counting on the committee to pass a bill they've presented. However, this bill split the committee as many of us didn't feel that NH needed another "state bird" even if this one is a raptor. Additionally, the red-tailed hawk is ubiquitous to the entire country and not unique to NH. If a state raptor is absolutely necessary, it should seem that a pick of the 5 species that are threatened or endangered might have been more deserving, if the intention is to draw attention. During a budget year when our energy and efforts should be directed elsewhere, it would seem that a more valuable educational lesson would be that not all bills are passed.

MOTION TO SPECIAL ORDER

Rep. Haefner moved that **HB 373,** establishing the red-tailed hawk as the New Hampshire state raptor, be made a Special Order as the first order of business for tomorrow, Thursday, March 12, 2015.

Rep. Haefner spoke in favor.

Motion adopted.

REGULAR CALENDAR CONT'D

HB 609-FN, relative to hydraulic fracturing. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Warren J. Groen for the Majority of Environment and Agriculture. This bill would ban hydraulic fracturing for gas and oil in New Hampshire and also ban the treatment of fracking waste at New Hampshire municipal waste treatment facilities, neither of which is done in New Hampshire today. Three hundred trillion years ago, when the granite features of New Hampshire were formed, the heat was so intense that all the petroleum deposits were vaporized. Therefore, there is no need to frack for something that doesn't exist here. Any businessman that tried to make a living hauling fracking waste to New Hampshire would go broke at the start and take his banker down with him. No sewage treatment system in New Hampshire would, or could legally, accept the untreated waste if it did arrive here. The Department of Environmental Services believes that the bill is not necessary because we will never frack for oil and gas, and because we already have regulations that would prevent fracking waste from entering our wastewater treatment facilities. The majority of the E&A committee agrees. Vote 12-6.

Rep. Christy D. Bartlett for the Minority of Environment and Agriculture. At this time, there is no evidence of oil shale or any other energy deposits in the Granite State that may require fracking to extract. Yet, energy industry lobbyists opposed this bill prohibiting fracking. In fact, there are significant concerns for NH stemming from fracking in other states. Testimony opposed to the bill concentrated on the remote possibility of drilling here. But this gives a false sense of security and ignores the impacts of fracking beyond the act of drilling. There are additional risks, and the bill addresses them by prohibiting the importation of wastewater and solid waste from fracking operations in other states. If brought to NH for treatment, these hazardous wastes have the potential to affect local groundwater and drinking water supplies. As other states act to control these risks, NH may become an economical option for fracking wastewater disposal. This bill would send the message that we do not want other states' hazardous wastes.

CLERK'S NOTE

Rep. Groen notified the Clerk that the blurb was written intentionally to reflect the age of the earth. The Clerk, for accuracy, is appending this note so that it is understood the writer of the blurb intended to use the arbitrary age he established, despite any accepted model by religious or scientific dogma.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. Bartlett spoke against.
Rep. O'Connor spoke in favor.
Rep. Groen spoke in favor and yielded to questions.
Rep. Tucker requested a roll call; sufficiently seconded.

QUESTION OF THE HOUSE

The Speaker, having planned on completing bills through the Committee on Executive Departments and Administration, put the question to the House on whether to stay and complete those bills or finish them tomorrow.

The question being shall the House stay and complete bills as planned by the Speaker?
On a division vote, 190 members having voted in the affirmative and 142 in the negative, the House stays.

REGULAR CALENDAR CONT'D

HB 660-FN, relative to small farms and farmstands. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS**
Rep. John T. O'Connor for the Majority of Environment and Agriculture. This bill will allow only small farms (defined in the bill as under $100,000 gross sales per year) to be exempt from all state and local building codes, environmental laws, labor laws, safety and health codes, federal meat inspection programs, or any other statute that may be related to small farms. The exemption includes the sale of non-inspected and potentially hazardous foods, which could then be sold at retail stores and restaurants. In addition, the bill requires that the Department of Agriculture, Markets and Food maintains documents on each individual farm to include types of foods and dollar values of every sale, barter and trade. The department stated that they are unsure what the bill would require of them. The majority of the committee is in agreement that we need to help the viability of small farms. To that end, we recently passed The Homestead Food Act, which exempted farmers with sales under $20,000 from licensing and inspection requirements for non-hazardous value-added products. E&A has three other bills in committee also aimed at reducing the regulations for small farmers. We feel that, due to the potential risks to public health and safety, this bill goes too far. Both the department and the farm bureau oppose the bill. Vote 14-4.
Rep. Warren J. Groen for the Minority of Environment and Agriculture. This bill was broad in its scope, but solid in its goals. The minority believes that a "retain" motion was in order so the bill could be analyzed and tweaked for the benefit of NH's small farmers. These farmers suffer under burdensome regulations that do not comport to our state's motto of "Live free or die."

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. Comtois spoke against and yielded to questions.
Rep. O'Connor spoke in favor.
On a division vote, 202 members having voted in the affirmative and 85 in the negative, the majority committee report was adopted.

CACR 10, relating to term of office. Providing that beginning with the 2018 general election, there shall be a 4-year term of office for governor. **INEXPEDIENT TO LEGISLATE.**
Rep. J.R. Hoell for Executive Departments and Administration. This constitutional amendment would change the office of governor from a 2-year term to a 4-year term. The committee had concerns that additional money, which would be poured into our state for this high level race, would further degrade the very personal side of the NH elections. Further concerns expressed during the executive session were that the governor would be less responsive to the people as there was a longer period of time before they would be back in front of the citizens for a re-election campaign. The committee felt that this was a solution in search of a problem as only one governor was not re-elected over the last 20-year period. With the other state level offices serving a two-year term, the committee saw no need to change just the term of the governor. Lastly, unlike other states that have four year terms for the office of governor, there is no recall provision in either our statutes or in our constitution. Vote 9-5.

MOTION TO SPECIAL ORDER

Rep. Andrew Christie moved that **CACR 10,** relating to term of office. Providing that beginning with the 2018 general election, there shall be a 4-year term of office for governor, be made a Special Order to the end of the Regular Calendar.
Motion failed.

The question now being adoption of the committee report of Inexpedient to Legislate.
Rep. Gagnon spoke against.
Rep. Hoell spoke in favor.
On a division vote, 208 members having voted in the affirmative and 78 in the negative, the committee report was adopted.

HB 113, designating the mastodon as the official state fossil. **INEXPEDIENT TO LEGISLATE.** Rep. John Sytek for Executive Departments and Administration. This bill would designate the mastodon as the official state fossil (as does Michigan). It is the result of the third (now fourth) grade class project at Bradford elementary school. The committee was impressed with the quality of the effort. The pupils enlisted the aid of both UNH and Dartmouth professors. Three well-spoken pupils stated their case in testimony before the committee. However, the committee felt that New Hampshire has enough cultural and historical artifacts such as our state motto, flower and bird. There was no compelling evidence to indicate that the lack of a state fossil would detract from the imagery of our state nor would adding this designation significantly complement the extant array of our state emblems. Vote 11-4.

MOTION TO SPECIAL ORDER

Rep. Andrew Christie moved that **HB 113,** designating the mastodon as the official state fossil, be made a Special Order to the end of the Regular Calendar.
Reps. Andrew Christie and Baldasaro spoke in favor.
Motion adopted.

REGULAR CALENDAR CONT'D

HB 141, relative to rulemaking authority concerning work schedules in pharmacies. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Peter B. Schmidt for Executive Departments and Administration. This bill, as amended, expands rulemaking authority in the board of pharmacy to permit the board to address the current critical pressurization of work schedules and work responsibilities in some pharmacy settings. The committee received persuasive oral and written testimony detailing stressful and unhealthful circumstances, which are not in the public interest and could credibly threaten public safety. Granting this additional rulemaking authority will enable the board of pharmacy to create flexible work rules to alleviate current inappropriate conditions, while permitting businesses to manage their personnel for a high degree of efficiency and productivity. Vote 10-5.

Amendment (0048h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to rulemaking authority concerning practice standards and safe and secure operation of pharmacies.

Amend the bill by replacing section 1 with the following:

1 Pharmacists and Pharmacies; Rulemaking; Practice Standards; Safe and Secure Operation. Amend RSA 318:5-a to read as follows:

318:5-a Rulemaking Authority. The board shall adopt rules, pursuant to RSA 541-A, relative to:

I. The application procedure for any license issued under this chapter;

II. The qualifications of applicants in addition to those requirements set by statute;

III. Design and content of all forms required under this chapter;

IV. How an applicant shall be examined, including:

(a) Time and place of examination;

(b) The subjects to be tested;

(c) Passing grade; and

(d) Disposition of examination papers;

IV-a. The standards for registering pharmacies and licensing pharmacists and the practice of pharmacy;

V. How a license shall be renewed;

VI. Ethical ***and practice*** standards required to be met by each holder of any license, ***permit, registration, or certificate*** issued under this chapter and how such license, ***permit, or registration, or certificate*** may be revoked for violation of these standards;

VII. The establishment of all fees and fines required under this chapter, including application fees for nonresidents;

VII-a. Continuing education requirements under this chapter;

VIII. Procedures for the conduct of hearings consistent with the requirements of due process;

IX. Procedures for the inspection of licensees;

X. Registration or certification of pharmacy technicians, including:

(a) Requirements for registration or certification;

(b) The duties, functions, and ***practice*** standards of conduct of pharmacy technicians;

(c) Requirements for the supervision of pharmacy technicians by licensed pharmacists;

(d) Standards for denial and revocation of registration and certification;

(e) Establishment of the effective period of registration or certification;

(f) Requirements for renewal of registration or certification; and

(g) Requirements for reinstatement of registration or certification.

XI. The establishment of fees for registration or certification of pharmacy technicians, including fees for renewal or reinstatement.

XI-a. Registration of pharmacy interns, including:

(a) Requirements for registration;

(b) The duties, functions, and ***practice*** standards of conduct of pharmacy interns;

(c) Requirements for the supervision of pharmacy interns by licensed pharmacists;

(d) Standards for denial and revocation of registration;

(e) Establishment of the effective period of registration;

(f) Requirements for renewal of registration; and

(g) Requirements for reinstatement of registration.

XI-b. The establishment of fees for registration of pharmacy interns, including fees for renewal or reinstatement.

XII. Procedures for the use, documentation, security, maintenance, and monitoring of automated pharmacy systems, including the placement of automated pharmacy systems in long-term care facilities, hospices, and state or county correctional institutions, for the purposes of storage and dispensing of controlled and non-controlled prescription drugs.

XIII. Standards for contracting, implementation, and operation of central prescription processing.

XIV. The adoption of protocols and procedures for the temporary absence of a pharmacist from a pharmacy while on duty.

XV. The requirements for the use of electronic transmission prescriptions, including the contents of such order and the verification of electronic signatures.

XVI. Procedures and protocols for emergency contraception drug therapy, pursuant to RSA 318:47-e.

XVII. The education and training standards and other requirements for pharmacists who, pursuant to prescriber-approved protocol:

(a) Administer prescription medications, including influenza immunizations.

(b) Engage in collaborative pharmacy practices.

XVIII. Disclosure and confidentiality relative to the New Hampshire Rx advantage program, pursuant to RSA 161-L:3.

XIX. The standards for the safe and secure operation of pharmacies in meeting the requirements of this chapter and the protection of public health.

AMENDED ANALYSIS

This bill adds pharmacy board rulemaking authority to adopt rules concerning practice standards and the safe and secure operation of pharmacies.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 279, establishing a commission to study the economic impact of the arts and culture in New Hampshire. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jacalyn L. Cilley for Executive Department and Administration. This bill establishes a commission tasked with studying the economic impact of arts and cultural activities in New Hampshire. The committee heard testimony that this is a vibrant sector of our economy, but for which there is currently no concrete quantitative assessment of its contribution to our overall economy. The amendment by the committee extends the deadline for the report by this commission to November 1, 2016 to allow the commission to do a comprehensive assessment and also includes the provision that the commission shall make recommendations for the enhancement and expansion of this sector of the economy. Vote 12-4.

Amendment (0650h)

Amend RSA 19-A:14, IV as inserted by section 1 of the bill by replacing it with the following:

IV. The commission shall study the economic impact of the arts and culture in New Hampshire and recommend ways in which the state can enhance and expand this sector of the New Hampshire economy. In the performance of its duties, the commission may solicit information and testimony from local artists and any group or organization with information relevant to the study.

Amend RSA 19-A:14, VI as inserted by section 1 of the bill by replacing it with the following:

VI. The commission shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2016.

Amend section 3 of the bill by replacing paragraph I with the following:

I. Section 2 of this act shall take effect November 1, 2016.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. William O'Brien requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

HB 286, relative to permits issued by building inspectors. **OUGHT TO PASS WITH AMENDMENT.** Rep. Steven P. Beaudoin for Executive Departments and Administration. This enabling legislation, as amended, will allow a municipality to authorize a building inspector or code enforcement official to consider deed restrictions and covenants prior to issuing a building permit. Currently, this is not allowed under statute and code enforcement officials' hands are tied leaving enforcement of covenants a civil matter. Though zoning may allow certain structures and land uses, oftentimes covenants and deed restrictions prohibit them. This bill will allow an official the ability to take those into account if the municipality chooses to adopt a process to do so. Vote 12-2.

Amendment (0216h)

Amend the bill by replacing section 1 with the following:

1 New Paragraph; Power to Amend State Building Code and Establish Enforcement Procedures. Amend RSA 674:51 by inserting after paragraph V the following new paragraph:

VI. A municipality that has adopted a process to enforce a building code may authorize the building inspector to require compliance with applicable deed restrictions or covenants relative to structures erected, altered, or placed on the premises as a condition to the issuance of a building permit.

AMENDED ANALYSIS

This bill enables a municipality to authorize the building inspector to require compliance with applicable deed restrictions or covenants as a condition to the issuance of a building permit.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 325, relative to the release of the names of winners of multi-state lotteries. **INEXPEDIENT TO LEGISLATE.**

Rep. Gregory G. Smith for Executive Departments and Administration. This bill would allow winners of multi-state lotteries (e.g. Powerball) to remain anonymous. A majority of the committee felt that although it's understandable why some winners might not want their names released that the principle of transparency was paramount to ensure that the public maintain confidence in the

integrity of such games. There was also concern that this law would illegally attempt to bind out-of-state interests since it only affected multi-state lotteries. Current law already allows winners who wish to remain anonymous to have winnings paid to an anonymous trust. Vote 12-4.
Committee report adopted.

HB 410, relative to the uniform anatomical gift act. **INEXPEDIENT TO LEGISLATE.**
Rep. Mark L. Proulx for Executive Departments and Administration. This bill was written to repeal a provision in NH law that prohibited the sale of body parts harvested after a person's death. The purchase and sale of human organs is prohibited by the National Organ Transplant Act, therefore this change to state law would not permit the sale of organs in New Hampshire. The only country we were aware of that does allow this is Iran. The committee felt that repeal of RSA 291-A:16 was not prudent and could only lead to confusion over the state of the law. Vote 12-3.
Rep. Dan McGuire requested a roll call; sufficiently seconded.

and the committee report was adopted.

HB 413-FN-A, establishing the governing board of polysomnographic technologists within the allied health professionals. **INEXPEDIENT TO LEGISLATE.**
Rep. J.R. Hoell for Executive Departments and Administration. The bill would have created a governing board and a licensing system for polysomnographers (sleep technicians). These technicians work under a doctor's direct supervision, do not administer any medicines, have only minimal contact with their subjects, and are not permitted to perform any medical procedures at all. The committee thought that establishing a new board (more state government) and the mechanism of licensing were not warranted for these technicians who are presently under the respiratory board. In addition, there is already a national registration program for polysomnographers, which seems to fill the need. Furthermore, language in the bill left members of the majority concerned as the initial requirements for license included, "be of good moral character" and "demonstrate sufficient evidence of good professional character and reliability..." While these are good attributes and worthwhile traits for those engaged in the profession, these are not metrics by which a board can create definitive and subjective criteria to grade someone. Some of the majority thought that inclusion under the medical technician board (registration) would address the potential concerns of the sponsors. Vote 9-4. Committee report adopted.

HB 427, relative to the definition of the New Hampshire fire code. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**
Rep. Jeffrey P. Goley for the Majority of Executive Departments and Administration. This bill, as amended, will update the New Hampshire fire code from the 2009 edition to the current 2015 codes and gives the state fire marshal time to provide the updated information and training to those affected by the change before the new codes become law. The updates were reviewed and recommended by the state fire marshal and the board of fire control. This 11-member board advises the state fire marshal and is comprised of representatives from the following industries (1) manufacturing, (2) the storage of petroleum products, (3) the position of forest fire warden and who is a chief of a volunteer or full-time fire department, (4) fire insurance underwriting, (5) the position of chief of a municipal fire department, (6) a registered architect, (7) a chemical engineer, (8) an electrical engineer, (9) the position of chief of a volunteer fire department, (10) natural gas distribution, and (11) propane gas distribution. Additional stakeholders that provided input on this bill represented: the building code review board, the department of health and human services, health care engineers, the department of education, the association for assisted living, nursing home facilities, and the lobbyist for the home builders and commercial contractors. None of these parties testified in opposition to the bill. If this bill is adopted, all of the amendments to the state fire code that had been previously approved by the legislature and are currently in place will be carried forward. These amendments include exempting the requirement for residential fire sprinklers, any referenced permits in the code, corn mazes and allowing alternative stair configuration in establishing dwellings. Vote 11-3.

Rep. J.R. Hoell for the Minority of Executive Departments and Administration. The bill updates the standards used within the state for all new building construction or renovation, building operation and maintenance, fire department access, and hazardous material storage. The current edition of this standard used in the state is the NFPA 101: Life Safety Code 2009 edition and the Uniform Fire Code NFPA 1, 2009 edition, as published by the national fire protection association just 6 years ago. The bill simply changes the date to the most recent edition of the manual, however, the changes made over the last 6 years were extensive and included such restrictions as: "no hibachi, grill, or other similar device used for cooking, heating, or any other purpose shall be used....within 10 feet (3m) of any structure." Reviewing the website for the NFPA showed that these standards have only been adopted statewide by 19 other states. The website also showed that the NFPA has already published the first update to this manual, yet the manual has only been in use for 2 months. The minority felt that this bill to mandate the adoption of the new standards was premature and the changes contained needed additional vetting prior to their adoption. The committee membership had significant concerns about the costs to the taxpayers for upgrading the public buildings to these new specifications during future renovations. Members thought that retaining the bill would have been a better choice so a more thorough review of the changes could be done instead of pushing this bill through.

Majority Amendment (0446h)

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect January 1, 2016.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.
Rep. Ohm offered floor amendment (0780h).

Floor Amendment (0780h)

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect January 1, 2018.

Rep. Ohm spoke in favor.
Rep. Hoell spoke in favor and yielded to questions.
Rep. Andrew Christie spoke against.
On a division vote, 158 members having voted in the affirmative and 127 in the negative, floor amendment (0780h) was adopted.
Majority committee report adopted and ordered to third reading.

HB 448, establishing February 6 as Ronald Reagan Day. **INEXPEDIENT TO LEGISLATE.**
Rep. Gregory G. Smith for Executive Departments and Administration. This bill would require the governor to annually declare February 6 as "Ronald Reagan Day." A majority of committee felt that although President Reagan might have had a significant impact on American history that such proclamations should be limited to those who have a strong and unique connection to the State of New Hampshire and are not honored in other ways. President Reagan has many tributes already including Reagan National Airport, the USS Ronald Reagan aircraft carrier, and in New Hampshire a peak in the White Mountains. On that basis, we voted to ITL this bill. Vote 9-5.
Rep. Notter spoke against.
Rep. Gregory Smith spoke in favor.
Rep. Horn requested a roll call; sufficiently seconded.

and the committee report was adopted.

HB 454, relative to the commandant of the veterans' home. **INEXPEDIENT TO LEGISLATE.** Rep. J.R. Hoell for Executive Departments and Administration. The bill sought to make the position of commandant an honorably discharged veteran who would have a fixed three year term. The section of the bill that created the three year term, was the issue that the majority of the committee felt would have unintended consequences. During the executive session, issues like getting good applicants for a three year term may be a real issue. While the goals of the bill were laudable, the potential downsides of shifting from an open ended position to this fixed term outweighed the benefits. Vote 12-3.
Rep. Theberge spoke against.
Rep. Peter Schmidt spoke in favor.
Rep. Baldasaro spoke against and requested a roll call; sufficiently seconded.

and the committee report was adopted.

HB 455-FN, relative to the board of managers of the New Hampshire veterans' home. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jacalyn L. Cilley for Executive Departments and Administration. This bill increases the membership of the board of managers of the New Hampshire veterans' home, requires the board to meet at a specified interval and eliminates compensation for the secretary of the board. At the request of the commandant and the president of the board, the committee amended the bill to change the interval of the board meetings from "monthly" to quarterly. We heard testimony that the board currently meets on a quarterly basis and as frequently as necessary between those meetings. The committee unanimously agrees this is the appropriate approach. Vote 15-0.

Amendment (0636h)

Amend RSA 119:3-a as inserted by section 2 of the bill by replacing it with the following:

119:3-a Meetings of the Board. The board of managers shall meet quarterly and when called to meet by the chairman of the board. All meeting times and venues shall be noticed in the calendars of the house of representatives and the senate.

AMENDED ANALYSIS

This bill increases the membership of the board of managers of the New Hampshire veterans' home, requires the board to meet quarterly, and deletes compensation for the secretary of the board.

Rep. Theberge spoke against.

Rep. Cilley spoke in favor and yielded to questions.

On a division vote, 196 members having voted in the affirmative and 103 in the negative, the committee amendment was adopted.

Committee report adopted and ordered to third reading.

HB 632-FN, relative to fiscal impact statements submitted by agencies adopting a rule under RSA 541-A. **INEXPEDIENT TO LEGISLATE.**

Rep. John Sytek for Executive Departments and Administration. The committee found the intent of this bill laudable. It would attempt to foster an inviting atmosphere for small business to come to and to stay in New Hampshire. The bill would accomplish this by reining in burdensome administrative rules on businesses. How it would accomplish this would be by requiring an analysis of the cost of the proposed regulation versus the benefit. So far, so good. But the analysis specified in the bill is lengthy, complex, and often unknowable. We need only look at our own fiscal notes to see how daunting this process can be. The committee received a letter signed by virtually every commissioner in state government. While not at all opposed to the goals of the bill, they expressed concerns that their departments did not have staff with sufficient expertise to perform such analyses. Nor did they have the budget to hire outside consultants to meet the requirements of this bill. Because of this enormous devil in the details, the committee, with regret, could not support the bill as written. Vote 12-2.

Committee report adopted.

SPECIAL ORDER

HB 658-FN, prohibiting collective bargaining agreements that require employees to join a labor union. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Leonard P. Turcotte for the Majority of Labor, Industrial and Rehabilitative Services. The majority of the committee believes the workers in our state should have the individual choice and freedom to decide whether a portion of their pay should be mandatorily paid to a union. While the option is always available on whether or not an individual joins the union, negotiated contracts between an employer and union frequently require the non-members to pay a "contract maintenance fee," "contract recovery fee" or "agency fee." According to at least two representatives of unions engaged in the state, these fees are at least 66% of the full union member fees and are paid to support negotiations, the day-to-day operation of the union, and representation of both members and non-members. The citizens of New Hampshire support the issue of "right to work" as a large majority of the general population, and a majority of union members polled, are in agreement. Vote 11-9.

Rep. Douglas A. Ley for the Minority of Labor, Industrial and Rehabilitative Services. This bill represents our biannual exercise in regards to so-called 'right to work' legislation. Despite claims of sponsors and advocates, this legislation would not create jobs nor improve the NH economy. Instead, it bars labor organizations from recovering the costs of negotiating and enforcing contracts - contracts which by law cover all members of the bargaining unit, including non-union employees. Furthermore, the decision to carve out exceptions for police officers and firefighters was justified on grounds of the need for unit cohesion. That same logic can apply to any workplace including those where employees and labor organizations agree to allow the union to recover the costs of negotiating for and defending non-union employees. Such interference in the freedom to contract is unacceptable to the minority.

The question being adoption of the majority committee report of Ought to Pass.
Rep. Baldasaro spoke in favor and yielded to questions.
Rep. Doucette spoke against.
Rep. Ley spoke against and yielded to questions.
Rep. Leonard Turcotte spoke in favor.
Rep. Tucker requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. William O'Brien moved that the House reconsider its action whereby, on a roll call vote of 149-146, the House adopted the majority committee report of Ought to Pass on **HB 658-FN,** prohibiting collective bargaining agreements that require employees to join a labor union.

Rep. William O'Brien spoke against.

On a division vote, 135 members having voted in the affirmative and 160 in the negative, the motion failed.

RESOLUTION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, March 12, 2015 at 9:00 a.m.

Motion adopted.

LATE SESSION

Third reading and final passage

HB 305, relative to assessment of and discharge planning for minors in the juvenile court system.
HB 122, relative to advertising of liquor or beverages.
HB 171, relative to rebating.
HB 175, establishing a committee to study improving the efficiency of the financial approval process for housing subdivisions used by the department of justice.
HB 177-FN, relative to sales of alcoholic beverages by manufacturers.
HB 184, relative to travel insurance.
HB 195, relative to continuing care communities.
HB 223-FN, relative to external review under the managed care law.
HB 308, relative to the supervision of a real estate office and the duties of a facilitator under the real estate practice act.
HB 353, relative to the governance of condominium unit owners' associations.
HB 381-FN, allowing a liquor manufacturer to be issued an on-premises license.
HB 429, revising the commission to review and consider alcoholic beverage manufacturing processes and retail sales in manufacturing facilities.
HB 478, relative to rulemaking for market conduct record retention and production.
HB 479, relative to uninsured or hit-and-run motor vehicle coverage.
HB 480, relative to policies for property and casualty insurance.
HB 481, relative to commercial insurance.
HB 482, relative to the insurance claims adjuster definition.
HB 498, relative to notification of radon and arsenic testing.
HB 531, establishing a committee to study short-term rentals by homeowners and owners of residential properties.
HB 644-FN, relative to regulation of small loans, title loans, and payday loans.
HB 666-FN, relative to licensing of money transmitters.
HB 198, relative to retention requirements for certain motor vehicle records.
HB 270, granting immunity from criminal prosecution to a person who reports a drug related emergency.
HB 287, allowing citizens to record by audio or video a traffic stop by law enforcement officers.
HB 472, relative to the parole board and parole board procedures.
HB 494, relative to industrial hemp as a controlled substance.
HB 322, relative to protection of personally identifiable data by the department of education.
HB 346, relative to criminal history records checks for school employees and volunteers.
HB 424, relative to the accessibility of assessment materials.
HB 491, relative to immunity for school personnel using reasonable force to protect a minor.
HB 507, relative to teacher personally identifiable data.
HB 604, relative to the use of mixed use school buses by special education pupils.
HB 610, relative to a school board vote on the reassignment of a pupil.
HB 200, allowing homestead food operations exempt from licensure to sell homestead food products at retail food stores.
HB 421, authorizing the university of New Hampshire to grow industrial hemp for research purposes.
HB 109-FN-L, relative to the testing of backflow devices.
HB 326, relative to the board of registration of medical technicians.
HB 363, relative to Lyme disease awareness.
HB 408, making a technical correction relative to fees for chiropractors.
HB 425, relative to procedures for the adoption of agency rules under the administrative procedures act.
HB 473, relative to the smoking policy at the New Hampshire veterans' home.
HB 484, relative to medication administration by licensed nursing assistants and relative to exemptions from regulation for certain nursing care and attendant care services.
HB 510, establishing a commission to study the regulation of pawnbrokers, secondhand dealers, and junk or scrap metal dealers.
HB 216-FN, relative to recovery of certain investigatory costs by regulatory boards and commissions.
HB 212, relative to revocation of fish and game licenses of persons convicted of sexual assault while hunting, trapping, or fishing.
HB 423, designating the bobcat as the New Hampshire state wildcat.

HB 383, relative to the immunization/vaccination registry.
HB 422-FN, relative to certification of death certificates by physician assistants.
HB 628-FN, relative to indemnification of health care facilities under certain circumstances.
HB 108-FN, relative to sealing nonpublic session minutes.
HB 285, relative to discussion with legal counsel under the right-to-know law.
HB 309, permitting landlords to remove tenants' property in certain circumstances.
HB 418, relative to waiver of rights to devised or inherited real property.
HB 347, relative to payment of wages of certain hourly school district employees.
HB 361, establishing a committee to study the definition of "employee" and the application of that definition to persons who work exclusively at home via the Internet for online business activities.
HB 411, prohibiting the payment of subminimum wages to persons with disabilities.
HB 521, relative to the size of the pool of the workers' compensation appeals board.
HB 522, making certain changes in the law governing toxic substances in the workplace to comply with federal law.
HB 523, relative to the jurisdiction of the penalty appeal board.
HB 458, revising the legislative ethics laws and the guidelines of the legislative ethics committee.
HB 460, establishing a commission to study revenue alternatives to the road toll for electric-powered and hybrid vehicles for the funding of improvements to the state's highways and bridges.
HB 511, establishing a committee to study the funding of certain state aid grants.
HB 506, clarifying the conditions under which motor vehicle information may be used.
HB 180, relative to the definition of "price or consideration" under the real estate transfer tax and relative to the exception for transfers by devise under such tax.
HB 599, relative to the economic revitalization zone tax credit program.
HB 664-FN, consolidating existing oil pollution funds.
HB 553-FN, relative to dealer registration privileges by a dealership management company and proof of ownership of a vehicle at the time of sale.
HB 584-FN, making various changes to laws relating to motor vehicles and vessels.
HB 169, relative to table stakes poker.
HB 547, relative to the valuation of poles and conduits owned by telephone utilities.
HB 681-FN-A, increasing the marriage license fees.
HB 236, relative to child support and allowable child care expenses.
HB 380, relative to investigations of child day care agencies.
HB 441, relative to financial affidavits submitted in hearings regarding child support, property settlement, and alimony.
HB 449, relative to the duration of child support.
HB 158, requiring the managing agent to return the records of a condominium association upon the request of the association.
HB 358, relative to driver's license information obtained by pawnbrokers and secondhand dealers.
HB 495, relative to referral fees for settlement services.
HB 508, relative to the dissolution of the New Hampshire medical malpractice joint underwriting association.
HB 554-FN, relative to sales of beer in refillable containers.
HB 150, establishing a commission to study the legalization, regulation, and taxation of marijuana.
HB 255-FN, relative to petitioning for annulment of a class B misdemeanor offense.
HB 560-FN, including a fetus in the definition of "another" for the purpose of certain criminal offenses.
HB 597-FN, relative to penalties for indecent exposure and lewdness.
HB 618-FN, relative to penalties for the possession of marijuana.
HB 648-FN, requiring detention until arraignment for persons arrested for violation of protective orders.
HB 124, relative to the implementation of new college and career readiness standards.
HB 276, providing that school districts shall not be required to adopt the common core standards.
HB 332, relative to school district policy regarding objectionable course material.
HB 519, establishing a committee to study department of education policies affecting dyslexic students.
HB 520, establishing privacy protections for student online personal information.
HB 555, relative to participation of chartered public school students in school district co-curricular activities.
HB 578, relative to state board of education compliance with unfunded federal education mandates.

HB 603, relative to student exemption from the statewide assessment.
HB 328, relative to delivery of absentee ballots.
HB 141, relative to rulemaking authority concerning practice standards and safe and secure operation of pharmacies.
HB 279, establishing a commission to study the economic impact of the arts and culture in New Hampshire.
HB 286, relative to permits issued by building inspectors.
HB 427, relative to the definition of the New Hampshire fire code.
HB 455-FN, relative to the board of managers of the New Hampshire veterans' home.
HB 658-FN, prohibiting collective bargaining agreements that require employees to join a labor union.

UNANIMOUS CONSENT

Rep. Cilley requested Unanimous Consent of the House in regards to an apology and addressed the House.

RECESS MOTION

Rep. Hinch moved that the House stand in recess for the purposes of the introduction of bills and receiving Senate messages.
Motion adopted.

The House recessed at 8:35 p.m.

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn.
Motion adopted.

HOUSE JOURNAL No. 10

Thursday, March 12, 2015

The House assembled at 9:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord. Creator God, God of majestic mountains and soaring skies; God of ancient forests, sun-baked deserts, and endless seas; God of raging storms and icy chills; God of wind, rain, and snow; God of seasons, we give You thanks for the promise of Spring. As green shoots push their way up through the frozen ground, give us that same determination and strength. As tiny leaves begin to break out from their buds, help us to bring new ideas to life. As the temperature rises and the snow and ice melt away, release us from anything that holds us back or limits our vision and as Your creatures wake from their winter sleep, awaken in us energizing insight and creativity. May this time of renewal inspire us all to explore new opportunities, to discover untapped places in our hearts and our spirits, and to rejoice in Your daily gift of the chance to start again. Amen.

Representative Suzanne Gottling, member from Sunapee, led the Pledge of Allegiance.

The National Anthem was sung by Brooke Mills, a 15-year old student at Concord High School.

LEAVES OF ABSENCE

Reps. Adams, Baroody, Beaulieu, Bush, Comtois, Flanagan, Gladys Johnsen, Phyllis Katsakiores, Moody, Kris Roberts and Russell, the day, illness.
Reps. Crawford, Fisher, Friel, Ley, O'Hearne, Oligny, Peckham, Scontsas, Shaw, Twombly and Thomas Walsh, the day, important business.
Reps. Rebecca Brown, DeLemus, Jeudy and Ulery, the day, illness in the family.
Rep. Moffett, the day, death in the family.

INTRODUCTION OF GUESTS

Hishi Pradhan, student at Trinity High School, and Ronald Cooper, Student at Pinkerton Academy, Pages for the day.
Joel Weinrebe, guest of Rep. LeBreche. Honorable Elaine Andrews-Ahern, former member from Hampton falls, guest of Rep. Cushing. Maynard Goldman, guest of Rep. Andrew Schmidt. Stephanie and Emilee Mills, mother and sister of the singer, guests of Rep. Horn. Fourth graders from Lincoln Akerman School in Hampton Falls, accompanied by their teacher, James Cutting, guests of the Seabrook and Hampton Falls Delegations.

REGULAR CALENDAR CONT'D FROM MARCH 11, 2015

SPECIAL ORDER

HB 373, establishing the red-tailed hawk as the New Hampshire state raptor. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Peter W. Bixby for the Majority of Environment and Agriculture. This bill, brought at the request of fourth graders from Hampton Falls, would designate the red-tailed hawk as the New Hampshire state raptor. Students noted that several of the bird's characteristics make it a good symbol for the state: adaptability, attentiveness to family, and strong, determined presence. While this raptor is not unique to our state, one great advantage is its familiarity. It is easy for our citizens to look up and spot this noble looking bird. Vote 10-8.

Rep. Christy D. Bartlett for the Minority of Environment and Agriculture. It's always tough to oppose a group of fourth graders who are counting on the committee to pass a bill they've presented. However, this bill split the committee, as many of us didn't feel that NH needed another "state bird" even if this one is a raptor. Additionally, the red-tailed hawk is ubiquitous to the entire country and not unique to NH. If a state raptor is absolutely necessary, it should seem that a pick of the five species that are threatened or endangered might have been more deserving, if the intention is to draw attention. During a budget year when our energy and efforts should be directed elsewhere, it would seem that a more valuable educational lesson would be that not all bills are passed.

The question being adoption of the majority committee report of Ought to Pass.
Reps. Bartlett, Groen and Burt spoke against.
Reps. Bixby and Abramson spoke in favor.
On a division vote, 133 members having voted in the affirmative and 160 in the negative, the majority committee report failed.
Rep. Bartlett moved the minority committee report of Inexpedient to Legislate.
Minority committee report adopted.

MOTION TO REMOVE FROM THE TABLE

Rep. Edelblut moved that **HCR 3,** applying to Congress to call a convention of states under the United States Constitution, be removed from the table.
On a division vote, 71 members having voted in the affirmative and 228 in the negative, the motion failed.

MOTION TO SPECIAL ORDER

Rep. Rappaport moved that **HB 431,** relative to the placement of all new elective electric transmission lines in New Hampshire, be made a Special Order as the first order of business after the lunch break.
Motion adopted.

REGULAR CALENDAR CONT'D

HB 298, relative to the seasons for taking game animals and game birds with the use of bait. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**
Rep. Ivy C. Vann for the Majority of Fish and Game and Marine Resources. The committee believes that, in light of last year's legislation on this same topic, we should allow the fish and game process to work before we make any additional changes. Vote 12-2.
Rep. James A. Spillane for the Minority of Fish and Game and Marine Resources. The length of the baiting season as set by rules by fish and game has a detrimental economic impact upon all business that support and supply the sport of hunting. To benefit economic growth within New Hampshire for tourism and the sportsman industry, the state should extend the baiting season

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. Burt requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

(Rep. Packard in the Chair)

HB 563-FN, relative to funding for chartered public school pupils. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Kenneth L. Weyler for the Majority of Finance. In a study last year, looking at the financing for charter schools, the committee learned that once the startup federal grant expired the charter schools were struggling financially. In 2009, we added $2,000 to the adequacy amount that was given for every public school student. At the time, this brought spending for charter students to 45% of the average spent for other public school students. In the last 6 years, as spending has increased locally

for the other public school students, the amount for charter students fell to only 40%. The original bill called for indexing charter students to 50%, but due to financial constraints, the amendment reduces that. As amended, HB 563 adds the CPI to the $2,000 or an increase of $36 per student for 2016-17 (FY 2016). For 2017-18 (FY 2017), the amount per charter student increases by $1,036 and will be increased by CPI going forward. VLACS will benefit from the CPI adjustment on the $2,000, but will not receive the extra $1,000. The total general fund cost for the biennium is $4.7 million. Vote 14-10. Rep. Susan M. Ford for the Minority of Finance. While the minority of the committee believes in the goal of HB 563, there is significant concern about the process. HB 563 is a stand alone bill that adds additional monies to the charter school allocation. After studying the charter school funding in a study committee last year, finance committee division II agrees that some charter schools will need additional funds for sustainability. Division II is currently developing the 2016-2017 department of education budget, and there are questions about all adequacy grants that are distributed to public schools. The minority of the committee would prefer dealing with all of these aspects of public school funding within the budget process as is the custom. A vote of Inexpedient to Legislate would allow the committee to develop a fair budget for all public school funding, both public charter schools and town and city public schools.

Majority Amendment (0757h)

Amend the bill by replacing all after the enacting clause with the following:

1 Chartered Public Schools; Funding. Amend RSA 194-B:11, I(b)(1) to read as follows:

(b)(1) Except as provided in subparagraph (2), for a chartered public school authorized by the state board of education pursuant to RSA 194-B:3-a, the state shall pay tuition pursuant to RSA 198:40-a plus an additional grant of [~~$2,000~~] ***$2,036*** directly to the chartered public school for each pupil who is a resident of this state in attendance at such chartered public school.

2 Chartered Public Schools; Funding. Amend RSA 194-B:11, I(b)(1) to read as follows:

(b)(1) Except as provided in subparagraph (2), for a chartered public school authorized by the state board of education pursuant to RSA 194-B:3-a, the state shall pay tuition pursuant to RSA 198:40-a plus an additional grant of $2,036 ***for the Virtual Learning Academy Charter School and $3,036 for all other chartered public schools*** directly to the chartered public school for each pupil who is a resident of this state in attendance at such chartered public school. ***Beginning July 1, 2017 and every biennium thereafter, the department of education shall adjust the per pupil amount of the additional grant based on the average change in the Consumer Price Index for All Urban Consumers, Northeast Region, using the "services less medical care services" special aggregate index, as published by the Bureau of Labor Statistics, United States Department of Labor.***

3 Effective Date.

I. Section 2 of this act shall take effect July 1, 2016.

II. The remainder of this act shall take effect July 1, 2015.

AMENDED ANALYSIS

This bill adjusts the additional grants for chartered public school pupils based on the Consumer Price Index and adds $1,000 per pupil to the grant beginning July 1, 2016 for chartered public schools other than the Virtual Learning Academy Charter School.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Umberger spoke in favor.

Reps. Weyler and Ladd spoke in favor and yielded to questions.

Rep. Horrigan spoke against.

Rep. Kurk requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.
Rep. Murotake declared a conflict of interest and did not participate.

MOTION TO SPECIAL ORDER

Rep. Shurtleff moved that **HB 684-FN,** establishing a state minimum hourly rate, be made a Special Order as the 2nd order of business after today's lunch break.
Motion adopted.

REGULAR CALENDAR CONT'D

HB 336, relative to seasons for hunting by crossbow. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**
Rep. James A. Spillane for the Majority of Fish and Game and Marine Resources. This is a very strong bill, supported by fish and game, which cleans up some mistakes originally made when including crossbow use in the regular firearms season. Passing this bill allows crossbow hunters to use that bow for the taking of the other large game species in New Hampshire, not just whitetail deer. Vote 10-3.
Rep. Shari L. LeBreche for the Minority of Fish and Game and Marine Resources. It is understandable to use a crossbow if a hunter has a disability. To open the season to all hunters to allow for the taking of any game bird or game animal, other than deer is unsportsmanlike.

Majority Amendment (0084h)

Amend the bill by replacing all after the enacting clause with the following:

1 Fish and Game; Rulemaking; Crossbow. Amend RSA 208:7-a to read as follows:

208:7-a Taking [~~Deer~~] ***Game*** by Crossbow; Rulemaking.

I. The executive director of fish and game, with the consent of the commission, may adopt rules under RSA 541-A to allow for the taking of deer by crossbow during the regular firearms season, for persons holding a valid firearms deer tag, or as specified in RSA 206:23-c.

II. The executive director of fish and game, with the consent of the commission, may adopt rules under RSA 541-A to allow for the taking by crossbow of any game bird or any game animal, other than deer, during the regular firearms season set for that species.

III. Rules may include, but not be limited to, conditions or limitations as to the portions of the state crossbows may be used, the manner and method of taking with a crossbow, mandatory education requirements for the use of a crossbow, and any additional licensing requirements and associated fees.

2 Fish and Game; Black Bear; Crossbow. Amend RSA 208:22, V to read as follows:

V. Wild black bear may be taken by the aid and use of dogs, as permitted pursuant to RSA 208:22, I; by firearms; ***by crossbow;*** or by bow and arrow of at least 40 pound pull. No person shall take bear by the aid or use of a jack or artificial light, trap, snare, or set gun or .22 or smaller caliber rimfire firearm, unless otherwise provided in this section.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows the executive director of fish and game to adopt rules for taking black bear by crossbow and for taking game animals and game birds during the regular firearms season for the species.
Majority committee amendment adopted.
Majority committee report adopted and ordered to third reading.

HB 564-FN, relative to prior authorization for certain prescription drugs. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Susan Emerson for Health, Human Services and Elderly Affairs. This bill addresses a problem with a very narrowly defined patient population. The committee heard extensive testimony to a flawed process in prior authorization of medication used to treat mental illness for this covered under medicaid managed care putting the health of patients and the general public at risk. This bill as amended reverses prior authorization for specific classes of medications used to treat serious mental illness, including major schizophrenia, depression, and bi-polar disorders. Vote 13-4.

Amendment (0312h)

Amend the bill by replacing section 1 with the following:

1 New Subparagraph; Medicaid Managed Care. Amend RSA 126-A:5, XIX by inserting after subparagraph (d) the following new subparagraph:

(e) No managed care organization health benefit plan that provides prescription drug benefits to Medicaid recipients shall require prior authorization or other restrictions on medication used to treat mental illnesses such as schizophrenia, depression, or bipolar disorder. Medications that shall be available without restriction for persons with mental illnesses shall include atypical antipsychotic medications, conventional antipsychotic medications, and other medications used for the treatment of mental illness.

AMENDED ANALYSIS

This bill declares that a managed care health benefit plan offering prescription drug benefits to Medicaid recipients shall not require prior authorization for certain drugs used to treat mental illnesses.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 593-FN, permitting qualifying patients and registered caregivers to cultivate cannabis for therapeutic use. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Joanne A. Ward for the Majority of Health, Human Services and Elderly Affairs. The department of health and human services is working to implement the medical cannabis program for the state as passed in previous legislation in the last session. The majority believes that changes to the law should not be made until the program is operating and experience is gained regarding how well the alternative treatment centers are meeting the needs of patients. Vote 9-8.

Rep. Susan J. Ticehurst for the Minority of Health, Human Services and Elderly Affairs. Therapeutic cannabis relieves pain and prolongs life for seriously ill patients. Unnecessary suffering is caused by denying patients permission to produce their own therapeutic substance while waiting for dispensaries to become operational. Once dispensaries open, patients who lack the economic resources to purchase from a dispensary, or who live prohibitively far from a dispensary, must have the ability to produce this natural herb, in limited quantity, under secure control, for their own therapeutic use.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Wright spoke against.

Rep. Joanne Ward spoke in favor.

Rep. Edwards requested a roll call; sufficiently seconded.

HB 292, expanding the good Samaritan law to engineers and architects. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Frank H. Heffron for the Majority of Judiciary. This bill, as amended, grants immunity from civil suit to licensed engineers and architects rendering assistance in certain emergencies. Engineers and architects can provide invaluable advice or assistance in emergencies where the structural integrity of a building or portion thereof is in question, but they are often reluctant to do so for fear of becoming liable for civil damages alleged to have been caused by their acts or omissions in providing such assistance. This bill offers reasonable protections against the threat of such liability and will encourage more engineers and architects to provide such assistance when it is most needed. The bill contains adequate safeguards against abuse. The architect or engineer's advice must be rendered in good faith, voluntarily and without compensation. The professional must be licensed and must be acting under the direction of the director of the division of homeland security and emergency management, the state fire marshal or a town or city emergency management director who is managing a natural or human cause disaster or other life-threatening emergency. The immunity granted by this bill does not apply to acts or omissions constituting gross negligence, or wanton or willful misconduct. This bill as amended is supported by a broad range of public agencies and professional organizations and had strong bipartisan support in the Judiciary Committee. Vote 13-2.

Rep. Michael J. Sylvia for the Minority of Judiciary. This bill, which provides immunity to architects, engineers, and architectural and engineering firms, is unnecessary. The broad language in this bill covers 'disaster or other life-threatening emergency' which might affect 'any building, structure, or system, whether publicly or privately owned.' These firms have lobbied heavily for the privilege to become volunteers. They receive training from the department of homeland security and in the event of a 'life-threatening emergency' are empowered to condemn privately owned buildings, with no risk of being held liable. This bill shifts responsibility for these decisions from public officials onto government trained 'volunteers' and unlike RSA 508:12-b (immunity for volunteer/call fire and

rescue) there is no accountability retained by the public body. This bill is an assault on government accountability and transparency, and degrades the property rights of our citizens under the guise of an emergency. We have suffered natural disasters in the past; there is no reason to think we can't meet future challenges without this bill.

Majority Amendment (0210h)

Amend the introductory paragraph of RSA 508:12-c, I as inserted by section 1 of the bill by replacing it with the following:

I. Any engineer or engineering firm, architect, or architectural firm licensed pursuant to RSA 310-A who, in good faith, voluntarily and without charge or compensation, acting under the direction of the director of the division of homeland security and emergency management, the state fire marshal, or a town or city emergency management director who is managing a natural or human caused disaster or other life-threatening emergency, provides professional advice or assistance in connection such disaster or emergency, shall not be liable for any civil damages alleged to have been caused by the acts or omissions of such licensed professional or firm in providing the requested professional advice or assistance, subject to the following conditions:

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.
Rep. Sylvia spoke against.
Rep. Heffron spoke in favor.

MOTION TO LAY ON THE TABLE

Rep. Ammon moved that **HB 292,** expanding the good Samaritan law to engineers and architects, be laid on the table.

On a division vote, 119 members having voted in the affirmative and 206 in the negative, the motion failed.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.
Rep. Sylvia requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 403-FN, repealing the law relative to providing certain parameters for access to reproductive health care facilities. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.** Rep. Joseph M. Hagan for the Majority of Judiciary. This is a free speech issue, not a right-to-life issue. Last term, RSA 132:27-132:30 was enacted that limited peaceful demonstrations by our citizenry. A Massachusetts law, which is materially indistinguishable for the New Hampshire law was found unconstitutional, unanimously by the supreme court of the United States. The majority of the committee supports repeal to support our constitution and avoid costs of defending the indefensible. Vote 10-9.

Rep. Paul S. Berch for the Minority of Judiciary. The minority believes the legislature should not repeal a recently enacted law while the constitutionality of that law is currently being determined by a federal court. Traditional practice would suggest not interrupting that process. There are significant and material differences between the New Hampshire and Massachusetts law.

The question being adoption of the majority committee report of Ought to Pass.
Rep. Berch spoke against and yielded to questions.
Reps. Hagan and Souza spoke in favor.
Rep. Heath spoke against.
Rep. Potucek requested a roll call; sufficiently seconded.

REGULAR CALENDAR CONT'D

HB 443, clarifying the equity jurisdiction of the judicial branch family division. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. David Woodbury for the Majority of Judiciary. Under current law, the judicial branch family division has the powers of a court of equity, not withstanding any law to the contrary. This bill makes that equity power subservient to any other special provision made by law. A majority of the committee had difficulty understanding what practical effect this change would make in the jurisdiction and powers of the family division. It is also unclear what a "special provision" might be which would trump the family division's equity power. With these uncertainties in mind, a majority of the committee could not support this measure. Vote 12-6.

Rep. Kurt F. Wuelper for the Minority of Judiciary. This bill aims to clarify the boundary of the equity jurisdiction of our family courts. The minority believes this is a necessary step toward providing some certainty about family court proceedings by simply clarifying that existing equity law remains in force and family courts must comply with it.

Majority committee report adopted.

HB 446, relative to access to investigational drugs, biological products, and devices. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Joseph M. Hagan for the Majority of Judiciary. The intent of this bill is to allow persons with terminal illnesses access to investigational drugs. Despite, the deepest compassion for our afflicted neighbors, the majority felt this is not good legislation. First, the subject matter experts including the Federal Drug Administration (FDA) and the American Society of Clinical Oncologists oppose this concept. Secondly, no pharmaceutical company has supplied phase 1 drugs to terminally ill individuals nor would any results obtained from treatment be valid for investigational purposes. Thirdly, the D.C. circuit has en banc decision denied that access to investigational drugs was a constitutional right. Lastly, it was of deep concern that unscrupulous providers would prey on the vulnerable with treatments unlikely to have a positive clinical outcome but very likely to drain family resources. Vote 10-5.

Rep. Michael J. Sylvia for the Minority of Judiciary. This bill would allow people with a diagnosed terminal illness access to investigational drugs, biological products, and devices. The process of approval for such products takes several years, time that people with a terminal illness do not have. In order to be eligible, a patient must have a condition for which no FDA approved treatment is available, and the risk associated with the treatment must be lesser than the underlying condition. It is a fundamental right of all people to determine what choice is best in their life; the government should not interfere with the exercise of this right.

LAID ON THE TABLE

Rep. Wright moved that **HB 446,** relative to access to investigational drugs, biological products, and devices, be laid on the table.

Motion adopted.

REGULAR CALENDAR CONT'D

HB 461, prohibiting the use or application of foreign laws in the state court. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. David Woodbury for the Majority of Judiciary. This bill purports to ban the application of foreign law in New Hampshire courts. However, the bill as drafted is such a mass of exceptions that it may be fairly seen as all "hole and no cheese." For example, exceptions are provided for choices of foreign law contained in contracts; it does not apply to the exercise by religious courts of the normal functions of those courts; and it does not apply in cases of conflict with federal treaties or international agreements to which the United States is a party to the extent that such agreement or treaty preempts state law. Finally, this bill does not apply to conflicts with New Hampshire law on the enforcement of foreign judgments. The proponents of this measure did not provide the committee any specific instances where this bill, if passed, would apply or what it would do for the legal

system of this state. This bill is supposed to protect the citizens of this state from the imposition of foreign laws, but the exceptions, required to conform to the United States Constitution are so broad as to have no legal effectiveness. Foreign laws and foreign judgments have been applied in our courts for generations. This bill is an ineffective attempt to impose a legal system that is unwise and unworkable. Vote 12-1.

Rep. Robert Hull for the Minority of Judiciary. This bill aims to preclude the use of foreign law in New Hampshire, which would violate any fundamental right under the United States Constitution, or the New Hampshire Constitution. The minority felt this bill will give guidance to the courts and protect New Hampshire citizens from the application of foreign law going forward.

LAID ON THE TABLE

Rep. Burt moved that **HB 461,** prohibiting the use or application of foreign laws in the state court, be laid on the table.

Rep. Coffey requested a roll call; not sufficiently seconded.

On a division vote, 187 members having voted in the affirmative and 140 in the negative, the motion was adopted.

REGULAR CALENDAR CONT'D

HB 470, relative to jury nullification. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Paul S. Berch for the Majority of Judiciary. This bill seeks to allow juries in all courts – civil and criminal – to disregard the law when it considers verdicts. The judiciary committee by a bipartisan 11-2 margin felt this bill would undermine the rule of law and respect for the legal system, allow prejudice to substitute for considered application of the law, is anti-business and would most certainly allow for the conviction of innocent persons. If each jury were to become a mini-legislature, there is no provision as to how and on what basis a jury would analyze a law to see whether it should be followed or even how prosecution and defense would make that argument. The committee was concerned that, under this bill, a jury could choose to ignore the presumption of innocence and the need to prove guilt beyond a reasonable doubt. Popular defendants could be acquitted regardless of guilt; unpopular defendants could be convicted regardless of innocence. The committee also noted the probable unconstitutionality of this bill, and the difficulties that businesses would have resolving conflicts in court, if juries could ignore the law in deciding disputes. Vote 11-2.

Rep. Michael J. Sylvia for the Minority of Judiciary. Governor John Lynch signed into law HB 146 in 2012, which acknowledged the right of a jury to judge the application of the law in relationship to the facts in controversy. This change to the law was very much in keeping with the statement by former President John Adams (1771): "It's not only (the juror's) right, but his duty, in that case, to find the verdict according to his own best understanding, judgment, and conscience, though in direct opposition to the direction of the court." Furthermore in a case from the 1790's Chief Justice Jay authored the following as part of the majority decision: "It may not be amiss, here, gentlemen, to remind you of the good old rule, that on questions of fact, it is the province of the jury, on questions of law, it is the province of the court to decide. But it must be observed that by the same law, which recognizes this reasonable distribution of jurisdiction, you have nevertheless a right to take upon yourselves to judge of both, and to determine the law as well as the fact in controversy. On this, and on every other occasion, however, we have no doubt, you will pay the respect, which is due to the opinion of the court: for, as on the one hand, it is presumed, that juries are the best judges of facts; it is, on the other hand, presumable, that the court are the best judges of law. But still both objects are lawfully, within your power of decision." However, in 2014, the NH Supreme Court restated its opinion that, the 'Wentworth instruction is sufficient notice to the jury of its right to judge both the facts and the law.' The Wentworth instruction reads, "If you have a reasonable doubt as to whether the State has proved any one or more of the elements of the crime charged, you must find the defendant not guilty. However, if you find that the state has proved all of the elements of the offense charged beyond a reasonable doubt, you should find the defendant guilty." The proponents for this bill argued that the Wentworth instruction is insufficient to provide the necessary relief within the court system and that the current instruction does not go far enough and that in fact, the jury has the right to judge the law as applied in that case. It is clear to the minority that jurors are not being clearly advised of their rights and as a result, defendants are not being afforded due process. This is a fundamental function of our constitution.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. Sylvia spoke against.
Rep. Berch spoke in favor and yielded to questions.
Rep. Itse requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 595-FN, relative to banning abortion after viability. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Claire A. Rouillard for the Majority of Judiciary. This bill, as amended, prevents a pregnant woman from having an abortion post viability, except when necessary to preserve the life or health of the pregnant woman, to remove a dead fetus, or to remove a fetus with severe anomalies incompatible with life. "Viability" as defined in this amendment, is when the state of fetal development may be continued indefinitely outside the womb naturally. The original house bill defined viability as a fetus with a post fertilization age of 21 weeks and 5 days, which was not supported by many medical experts who testified at the committee hearing. The amendment states that viability and the decision to terminate a pregnancy shall be solely that of the pregnant woman in consultation with her physician. The amendment further states that only a licensed physician may perform a post viability abortion. The amendment provides that a physician who performs an abortion in violation of this chapter shall be guilty of a class B misdemeanor and subject to disciplinary action under RSA 329, which is the Physicians and Surgeons Statute. HB 595 had issues involving its constitutionality, potential HIPAA violations, legal challenges on standing enabling siblings to bring an injunction, as well as other enforcement issues. Lastly, the original bill was on the road to litigation, with the cost paid by New Hampshire taxpayers. Because this is an important issue to many, the committee felt a rewrite of the bill, with an amendment, was necessary. Vote 12-7.

Rep. Timothy O. Horrigan for the Minority of Judiciary. The bill, as amended, totally replaced the original bill. The minority believes that the amendment, as passed, needed additional work.

Majority Amendment (0748h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Viable Fetus Protection Act. Amend RSA by inserting after chapter 132-A the following new chapter:

CHAPTER 132-B

VIABLE FETUS PROTECTION ACT

132-B:1 Title. This chapter shall be known and may be cited as the Viable Fetus Protection Act.

132-B:2 Policy; Applicability.

I. It shall be the public policy of New Hampshire that the state shall not restrict a woman's exercise of her private decision to terminate a pregnancy before viability except as provided in RSA 132:32 – RSA 132:36.

II. Nothing in this chapter shall be construed to change accepted medical practice pursuant to RSA 326-B:11 relating to abortions prior to fetal viability.

132-B:3 Definitions. In this chapter:

I. "Abortion" means the use or prescription of any instrument, medicine, drug, or any other substance or device intentionally to terminate the pregnancy of a female known to be pregnant with an intention other than to increase the probability of a live birth, to preserve the life or health of the child after live birth, or to remove an ectopic pregnancy or the products from a spontaneous miscarriage.

II. "Viability" means the state of fetal development when the life of the fetus may be continued indefinitely outside the womb naturally.

132-B:4 Abortion After Viability Prohibited; Exception.

I. The determination of viability and the decision to terminate a pregnancy shall be solely that of the pregnant woman in consultation with her physician.

II. No abortion shall be performed upon a pregnant woman after viability of the fetus except when necessary to preserve the life or health of the pregnant woman, to remove a dead fetus, or to remove a fetus with severe anomalies incompatible with life.

III. All post viability abortions shall be performed by a licensed physician.

132-B:5 Penalty; Disciplinary Actions. Any physician who performs an abortion in violation of this chapter shall be guilty of a class B misdemeanor. In addition, any physician violating the chapter shall be subject to disciplinary action under RSA 329.

2 Effective Date. This act shall take effect January 1, 2016.

AMENDED ANALYSIS

This bill establishes the viable fetus protection act which prevents abortions beyond viability.

LAID ON THE TABLE

Rep. Rowe moved that **HB 595-FN,** relative to banning abortion after viability, be laid on the table. Motion adopted.

REGULAR CALENDAR CONT'D

HB 606-FN-L, relative to costs for public records filed electronically. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Michael J. Sylvia for the Majority of Judiciary. The people's right to access governmental records is an important function of RSA 91-A. Maintaining transparency of government is one of our constitutional duties. HB 606 incorporates similar concepts which were presented in three bills all addressing access to governmental records under RSA 91-A:4 IV; HB 606, HB 138 and HB 656. All three sought to make clear that there should be no fee charged for the inspection of records made available under 91-A. HB 606 as amended, also includes access to online records without a charge. Vote 14-4.

Rep. Charlene F. Takesian for the Minority of Judiciary. This bill was originally submitted to allow for a fee for actual costs to send information electronically. The committee had several bills submitted that dealt with costs of public records and attempted to combine them into one bill. However, in the process the fee to charge for electronic transmission was omitted. The minority believed that the original intent of the bill should have been honored.

Majority Amendment (0691h)

Amend RSA 91-A:4, IV as inserted by section 1 of the bill by replacing it with the following:

IV. Each public body or agency shall, upon request for any governmental record reasonably described, make available for inspection and copying any such governmental record within its files when such records are immediately available for such release. If a public body or agency is unable to make a governmental record available for immediate inspection and copying, it shall, within 5 business days of request, make such record available, deny the request in writing with reasons, or furnish written acknowledgment of the receipt of the request and a statement of the time reasonably necessary to determine whether the request shall be granted or denied. If a computer, photocopy-

ing machine, or other device maintained for use by a public body or agency is used by the public body or agency to copy the governmental record requested, the person requesting the copy may be charged the actual cost of providing the ***paper*** copy, which cost may be collected by the public body or agency. ***No fee shall be charged for records online. No fee shall be charged to make such governmental record available for inspection and no fee shall be charged for inspection of such record.*** Nothing in this section shall exempt any person from paying fees otherwise established by law for obtaining copies of governmental records or documents, but if such fee is established for the copy, no additional costs or fees shall be charged.

AMENDED ANALYSIS

This bill prohibits a public body or agency from charging a fee for making a governmental record available for inspection or from charging a fee for inspection of such record.
Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Lachance requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.
Rep. Gorman voted Nay and intended to vote Yea.

(Speaker Jasper in the Chair)

HB 613, relative to governmental records exempted under the right-to-know law. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Timothy O. Horrigan for Judiciary. This bill, as amended, protects the confidentiality of fish and game licenses, and similar licenses. The names and addresses of license-holders would no longer be available when right-to-know requests are made. Professional license-holders' names would still be available. Vote 14-3.

Amendment (0744h)

Amend the bill by replacing section 1 with the following:

1 New Paragraph; Right-to-Know; Exemptions. Amend RSA 91-A:5 by inserting after paragraph IV the following new paragraph:

IV-a. Except as otherwise provided by law, the names and addresses of individuals contained in license applications, other than professional license applications. For the purposes of this paragraph, "license" means "license" as defined in RSA 541-A:1, VIII.

Committee amendment adopted.
Committee report adopted and ordered to third reading.

HB 646-FN-L, allowing public bodies or agencies to charge for the costs of retrieval of public records under the right-to-know law. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**
Rep. David Woodbury for the Majority of Judiciary. This bill threads the needle between an individual's right to free and full access to public records and the taxpayer's right to be free from bearing the substantial costs of unreasonable or abusive document retrievals. This bill permits a public body to levy a fee for a response to a document request not to exceed minimum wage and only after the first hour, which is free of charge. No charge may be made for minutes of meetings occurring within the year prior to the request. Charges may be waived for those demonstrating an inability to pay like all compromises, this one imperfectly satisfies the two sides, but does offer taxpayer an increased level of protection. Vote 14-4.

Rep. Michael J. Sylvia for the Minority of Judiciary. This bill would allow public bodies to estimate the time required to retrieve records requested under the right to know law (RSA 91-A). If the time to retrieve records is estimated to be greater than one hour, the person making the request might be required to make payment prior to the records retrieval. The committee heard from a number of public bodies reporting stories of abusive requests under 91-A; missing from these stories was any substantive example of an abusive request. Members of the public and the press strongly object to this bill and find the policy to be chilling to open and transparent government. While compliance with 91-A carries a cost to public bodies, these costs serve as an incentive to streamline records management to control costs. In the balance, we have a constitutional duty to maintain transparency in government; this bill would be a step in the wrong direction.

Majority Amendment (0753h)

Amend RSA 91-A:4, IV as inserted by section 1 of the bill by replacing it with the following:

IV. Each public body or agency shall, upon request for any governmental record reasonably described, make available for inspection and copying any such governmental record within its files when such records are immediately available for such release. If a public body or agency is unable to make a governmental record available for immediate inspection and copying, it shall, within 5 business days of request, make such record available, deny the request in writing with reasons, or furnish written acknowledgment of the receipt of the request and a statement of the time reasonably necessary to determine whether the request shall be granted or denied. If a computer, photocopying machine, or other device maintained for use by a public body or agency is used by the public body or agency to copy the governmental record requested, the person requesting the copy may be charged the actual cost of providing the copy, which cost may be collected by the public body or agency. Nothing in this section shall exempt any person from paying fees otherwise established by law for obtaining copies of governmental records or documents, but if such fee is established for the copy, no additional costs or fees shall be charged. ***No charge shall be imposed for allowing a person to inspect a record that is immediately available.***

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 New Paragraph; Right-to-Know; Charges for Retrieval of Governmental Records. Amend RSA 91-A:4 by inserting after paragraph IV the following new paragraph:

IV-a. A public body may charge a fee to cover the actual labor cost of retrieving and copying the requested records, including reviewing and redacting confidential and other exempt information, subject to the following:

(a) The amount charged per hour shall not exceed the applicable minimum wage, and no charge shall be made for the first hour.

(b) The public body or agency shall provide the requester with a reasonable estimate of the time necessary to respond to the request and of the total cost. If the estimate of the total cost exceeds $50, the requester may be required to pay all or a portion of the cost prior to retrieval of the records. If the final cost differs from the estimate, the difference shall be refunded or collected, as the case may be, at the time the records are provided.

(c) No charge shall be made for the cost of searching for or retrieving minutes of any public body meeting that occurred less than one year before the date of the request.

(d) Upon request, the public body or agency shall provide a detailed itemization of the costs charged.

(e) A court may reduce or waive the fees charged if it determines that the information requested is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government.

(f) The public body or agency may waive any charges for an individual who demonstrates an inability to pay.

LAID ON THE TABLE

Rep. Hinch moved that **HB 646-FN-L,** allowing public bodies or agencies to charge for the costs of retrieval of public records under the right-to-know law, be laid on the table.

Motion adopted.

REGULAR CALENDAR CONT'D

HB 267-FN, requiring employers to verify an employee's eligibility to work in the United States. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Brian Seaworth for the Majority of Labor, Industrial and Rehabilitative Services. This bill, as proposed, would mandate the E-Verify system on the State and all political subdivisions, as well as all its contractors and subcontractors. E-Verify is an internet-based system that allows participating companies to compare information from an employee's form I-9 to homeland security and social security records to validate employment eligibility. Registration in this program is available, without charge, to all U.S. employers. The submitted version of the bill was overly broad, and the committee was asked to rework the bill to force only public employers into the program. While restricting the scope would mitigate the costs on some employers, employers testifying before the committee do expect administrative and compliance costs. This additional expenditure of tax money would be to address an issue that nobody testified was a problem: the employment of ineligible workers by the State of NH and its political subdivisions. The bipartisan majority of the committee, while concerned about the illegal immigration issue, cannot recommend this bill as a solution. Vote 14-6.
Rep. Fred Doucette for the Minority of Labor, Industrial and Rehabilitative Services. The minority believes the compliance with the electronic verification of work authorization program of the illegal immigration reform and immigration responsibility act of 1996 operated by the department of homeland security known as "E-Verify" or any equivalent program designed by the department of homeland security is an imperative tool to verify the employment eligibility of any newly hired public employee.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. Duarte spoke against.
Rep. Seaworth spoke in favor.
Rep. Edwards requested a roll call; not sufficiently seconded.
On a division vote, 271 members having voted in the affirmative and 64 in the negative, the majority committee report was adopted.

The House recessed at 12.03 p.m.

RECESS

The House reconvened at 1:00 p.m.

(Speaker Jasper in the Chair)

REGULAR CALENDAR CONT'D

SPECIAL ORDER

HB 431, relative to the placement of all new elective electric transmission lines in New Hampshire. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. David K. Murotake for the Majority of Science, Technology and Energy. This bill has high popular support amongst north country residents wishing to force northern pass to bury its transmission lines. The bill instructs the site evaluation committee (SEC) that "use of existing public rights of way" and "burial of electric transmission lines with supports over 50 feet," will be the "preferred" option for the positioning of all new elective electric transmission lines. It further instructs the SEC to "presume that any line not required for system reliability and not proposed to be substantially buried will have an unreasonably adverse effect on aesthetics." Given the changes made by SB 245 (2014) now chaptered law, the wording in this bill virtually mandates any future elective electric transmission project to be buried and use public rights of way, to gain siting approval by the SEC. Passage of this bill would certainly discourage future elective projects (funded by private industry), resulting in the loss of local jobs. This bill increases ratepayer costs, and has other unintended consequences. The bill would hinder growth of industry in New Hampshire, and is anti-business. The current law RSA 162-H, "Site Evaluation Committee," newly revised in 2014, achieves the goals of HB 431 without appearing to be a virtual mandate for burial of elective electric transmission lines, and without being legislation specifically tailored to target a single project - northern pass. Vote 11-8.
Rep. Laurence M. Rappaport for the Minority of Science, Technology and Energy. The minority agrees with the bill's author that burial is the preferred method of electrical transmission. We believe that many folks and businesses move here because of the unparalleled natural beauty and

that burial has an extremely low cost of maintenance. We think that overall cost is site specific and cannot be determined without a major engineering study, but the committee heard testimony that burial in certain conditions can actually be less expensive than aerial transmission. We recommend state transportation rights-of-way because we are giving them two uses instead of one and because the underlying soil has been disturbed, so blasting is generally not needed. We don't believe people should lose a major part of their investment due to an adjacent power line and we believe income from rental of state transportation rights-of-way should accrue to the state.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Reps. Suzanne Smith, Parison, Baber and Rappaport spoke against.
Reps. Murotake and Richardson spoke in favor.
Rep. Rappaport requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

SPECIAL ORDER

HB 684-FN, establishing a state minimum hourly rate. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Tammy A. Simmons for the Majority of Labor, Industrial and Rehabilitative Services. Data shows that a very small number of people in NH are paid less than $8/hr, let alone $7.25/hr. While rhetoric is that a family cannot afford to live on a job paying minimum wage, the facts are that minimum wage does not equate to what actual NH families live off of. A mere 1.5% of NH's workforce earn the current federal minimum wage of $7.25 and a third of those people are between the ages of 16-19. Additionally, the premise that simply paying an employee more means that the employee has more money to spend and thus more money is going into NH's economy, the reality is that not only does the business owner have $100 less of his money to spend on capital improvements and expansion, but he also has even less due to the additional costs in workers' compensation, liability insurance, federal payroll taxes, and unemployment insurance. Finally, the majority of the committee feels that the market will adjust earnings accordingly based on demand and without the need to be dictated to by the state. As the economy improves in NH and as we work to attract more businesses to our state, the perceived 'problem' of too low wages will fix itself. Vote 12-8.

Rep. Andrew A. White for the Minority of Labor, Industrial and Rehabilitative Services. The minority believes that financial security of the entire workforce is essential to the success of the state's economy. Raising the minimum wage would provide a direct and positive impact to New Hampshire's low wage earners while at the same time putting those earnings back into the economy. New Hampshire's minimum wage has not kept pace with inflation, nor has it kept pace with the surrounding states. The minority believes that providing a modest, gradual, and sustainable increase will help to reduce poverty and reduce dependence on state funded services. The minority is disappointed

that the majority has ignored the fact that over half of New Hampshire's voters agree with raising the minimum wage, that 29 states have minimum wages higher than New Hampshire, and that it is clear that raising the minimum wage does not contribute to job losses.

The question being adoption of the majority committee report of Inexpedient to Legislate.

(Rep. Packard in the Chair)

Rep. Simmons spoke in favor.

(Speaker Jasper in the Chair)

MOTION TO SPECIAL ORDER

Rep. Shepardson moved that ***HB 614-FN,*** implementing goals of the state 10-year energy strategy, be made a Special Order as the next order of business.
Rep. Shepardson spoke in favor.
Motion adopted.

SPECIAL ORDER

HB 614-FN, implementing goals of the state 10-year energy strategy. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Marjorie J. Shepardson for the Majority of Science, Technology and Energy. This bill creates four goals to implement parts of the new 10-year energy strategy. The goals deal with: 1. electric grid modernization, 2. finding incentives for utilities to help their customers reduce usage, 3. a strategy for further development of public (electric vehicle) charging corridors, and 4. establishing an electricity peak time reduction goal. The amendment changes "an incentive plan" to "a report" thereby removing the need for another employee and subsequent money to fund that employee. As it stands, there is no fiscal impact. Vote 11-8.

Rep. Michael Vose for the Minority of Science, Technology and Energy. This bill attempts to pull off the shelf a 15-year-old state 10-year energy plan and give direction on: 1- a Public Utility Commission (PUC) docket on modernization of the electric grid, 2- a framework for decoupling electric costs from the price of natural gas, and 3 – creating an incentive plan for public charging stations for alternatively fueled vehicles. Testimony revealed that the PUC and Office of Energy Planning (OEP) were already working on these issues. This bill is redundant to those efforts. Not implementing this legislation will save some state agency manpower costs.

Majority Amendment (0452h)

Amend paragraph III of section 1 of the bill by replacing it with the following:

III. The office of energy and planning, with input from the departments of transportation, environmental services, and resources and economic development shall develop and submit to the

speaker of the house of representatives and the senate president a report on the status of and the preferred strategy to prioritize further development of public charging corridors, including Interstate 93, Interstate 89 and Interstate 95. The report shall be submitted on or before December 31, 2015. Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.
Rep. Vose spoke against.
Rep. Shepardson spoke in favor.
On a division vote, 267 members having voted in the affirmative and 67 in the negative, the majority committee report was adopted and ordered to third reading.

REGULAR CALENDAR CONT'D

HB 365, prohibiting an employer from using credit history in employment decisions. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
Rep. Gregory Hill for the Majority of Labor, Industrial and Rehabilitative Services. This bill seeks to eliminate the opportunity for employers to use credit history in evaluating prospective employees. The National Federation of Independent Business (NFIB) correctly argues that small employers need "every tool they can use to make smart hiring decisions." However, the starkness of that truth is not restricted to small business. The majority, while sympathetic to prospective employees caught in a "spiral" of job loss leading to foreclosure and bankruptcy that appears symptomatic of bad economic times in NH, nevertheless feel that most employers who seek "good" employees will go the extra step to ascertain the cause of any credit problems. While there may be a great many reasons for credit issues, there are at least as many occupations where credit history is required for security clearances and concerns. At what point does restricting an employer's "due diligence" opportunities lead to reducing their desire to grow their business for fear of making the wrong decision? It is for all these reasons the committee recommends an ITL on HB 365. Vote 11-8.
Rep. Andrew A. White for the Minority of Labor, Industrial and Rehabilitative Services. The minority strongly believes that private, personal information should stay private unless absolutely necessary. This bill would prevent employers who do not need to inquire into an applicant's credit history from obtaining credit information, while expressly allowing those inquiries in cases where it is necessary for the job being sought. This bill seeks to break the cycle of employees being unable to find work due to their poor credit history, because they cannot fix their credit history without a good job. The reasons for poor credit histories are many, however we do know that women tend to be disproportionately affected by negative credit, often due to divorce. The minority of the committee believes that removing barriers to employment is essential and that people who want to work should be able to work without unnecessary intrusion into their private lives.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. Cushing spoke against.
Rep. Infantine spoke in favor.
Rep. Sylvia requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 392-FN, relative to the minimum hourly wage. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Gregory Hill for the Majority of Labor, Industrial and Rehabilitative Services. This bill would raise the state minimum wage incrementally until it reaches $10 per hour by 2018. After 2018, NH's minimum wage would continue upwards by annual cost of living increases. The bill also calls for employees paid primarily by tips to be also paid at this newly inflated state minimum wage. The committee heard three bills addressing minimum wage increases; the bipartisan majority recommends ITL on this bill and HB 163 and allowing debate on the issue on HB 684. Vote 15-4.

Rep. Andrew A. White for the Minority of Labor, Industrial and Rehabilitative Services. While the minority understands the need to consolidate similar bills to streamline the legislative process, the subject matter is so important the minority could not agree to kill this bill.

Majority committee report adopted.

HB 450, relative to the definition of employee for purposes of workers' compensation and establishing a commission to study and make recommendations for a common definition of employee. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Nick Zaricki for Labor, Industrial and Rehabilitative Services. This bill as amended creates a uniform definition of "employee." Currently, there are conflicting definitions of employee in statute, which causes considerable confusion among employers, employees, and state agencies. This bill amends statutory definitions of employee and replaces them with a single unified definition, determined by a joint work group including the dept. of labor, the dept. of employment security, and other stakeholders. This bill simplifies our regulations and is good for employers and employees. The recommendation was supported by a large bipartisan majority on the committee. Vote 16-4.

Amendment (0335h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the definition of "employee" for the purposes of workers' compensation and unemployment compensation.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Department of Labor; Collateral Estoppel. Amend RSA 273 by inserting after section 11-d the following new section:

273:11-e Collateral Estoppel. Decisions rendered under this chapter and RSA 281-A shall not be admissible in any court or in administrative or other proceedings, for the purpose of barring such court or proceeding from making independent findings of fact and rulings of law under the doctrine of collateral estoppel.

2 Procurement of Employment; Definitions. RSA 275:4, II is repealed and reenacted to read as follows:

II. "Employee" means every individual, other than a person exempted from the definition of employee under RSA 281-A:2, VI(b)(2), (3), or (4), or RSA 281-A:2, VII(b), or a person providing services as part of a residential placement for individuals with developmental, acquired, or emotional disabilities, who may be permitted, required, or directed by a single employer, in consideration of direct or indirect gain or profit, to provide services, unless this presumption is rebutted to the satisfaction of the commissioner that the individual is an independent contractor, both under the individual's contract of service and in fact, and the hiring unit proves that the individual meets all the criteria in subparagraph (a) and 3 of the criteria in subparagraph (b).

(a) The following criteria shall be met:

(1) The individual has the essential right to control the detailed means and manner of the work except as to final results;

(2) The individual has the opportunity for profit and loss as a result of the services being performed;

(3) The individual performs services that the individual is customarily engaged in as an independently established trade, occupation, profession, or business. This subparagraph may be met even when the individual performs services for only one hiring unit, or for 2 or more related hiring units, during one temporary period not to exceed 6 months, if:

(A) The individual is not contractually or practically precluded by such hiring unit, or any related hiring units, from performing similar services for a different, unrelated hiring unit; and

(B) It is the individual's choice not to make available or perform similar services for different, unrelated hiring units;

(4) The individual hires and pays the individual's assistants, if any, and, to the extent such assistants are employees, supervises the details of the assistants' work; and

(5) Payment to the individual is based on factors directly related to the agreed scope of work performed.

(b) At least 3 of the following criteria shall also be met:

(1) The individual has a substantive investment in the facilities, tools, instruments, materials, and knowledge used by the individual to complete the work;

(2) The individual is responsible for satisfactory completion of the work and may be held contractually responsible for failure to complete the work;

(3) The parties have a written contract that defines the relationship and gives each party contractual rights in the event the contract is terminated by the other party prior to completion of the work;

(4) The work is outside the usual course of business of the hiring unit;

(5) The work is performed outside all of the places of business of the hiring unit; or

(6) The individual has been determined to be an independent contractor by the federal Internal Revenue Service (an SS-8 determination).

3 Payment of Wages; Definitions. RSA 275:42, II is repealed and reenacted to read as follows:

II. "Employee" means every individual, other than a person exempted from the definition of employee as stated in RSA 281-A:2, VI(b)(2), (3), or (4), or RSA 281-A:2, VII(b), or a person providing services as part of a residential placement for individuals with developmental, acquired, or emotional disabilities, who may be permitted, required, or directed by a single employer, in consideration of direct or indirect gain or profit, to provide services, unless this presumption is rebutted to the satisfaction of the commissioner that the individual is an independent contractor, both under the individual's contract of service and in fact, and the hiring unit proves that the individual meets all of the criteria in subparagraph (a) and 3 of the criteria in subparagraph (b).

(a) The following criteria shall be met:

(1) The individual has the essential right to control the detailed means and manner of the work except as to final results;

(2) The individual has the opportunity for profit and loss as a result of the services being performed;

(3) The individual performs services that the individual is customarily engaged in as an independently established trade, occupation, profession, or business. This subparagraph may be met even when the individual performs services for only one hiring unit, or for 2 or more related hiring units, during one temporary period not to exceed 6 months, if:

(A) The individual is not contractually or practically precluded by such hiring unit, or any related hiring units, from performing similar services for a different, unrelated hiring unit; and

(B) It is the individual's choice not to make available or perform similar services for different, unrelated hiring units;

(4) The individual hires and pays the individual's assistants, if any, and, to the extent such assistants are employees, supervises the details of the assistants' work; and

(5) Payment to the individual is based on factors directly related to the agreed scope of work performed.

(b) At least three 3 of the following criteria shall also be met:

(1) The individual has a substantive investment in the facilities, tools, instruments, materials, and knowledge used by the individual to complete the work;

(2) The individual is responsible for satisfactory completion of the work and may be held contractually responsible for failure to complete the work;

(3) The parties have a written contract that defines the relationship and gives each party contractual rights in the event the contract is terminated by the other party prior to completion of the work:

(4) The work is outside the usual course of business of the hiring unit;

(5) The work is performed outside all of the places of business of the hiring unit; or

(6) The individual has been determined to be an independent contractor by the federal Internal Revenue Service (an SS-8 determination).

4 Whistleblowers' Protection Act; Definitions. RSA 275-E:1, I is repealed and reenacted to read as follows:

I. "Employee" means every individual, other than a person exempted from the definition of employee as stated in RSA 281-A:2, VI(b)(2), (3), or (4), or RSA 281-A:2, VII(b), or a person

providing services as part of a residential placement for individuals with developmental, acquired, or emotional disabilities, who may be permitted, required, or directed by a single employer, in consideration of direct or indirect gain or profit, to provide services, unless this presumption is rebutted to the satisfaction of the commissioner that the individual is an independent contractor, both under the individual's contract of service and in fact, and the hiring unit proves that the individual meets all of the criteria in subparagraph (a) and 3 of the criteria in subparagraph (b).

(a) The following criteria shall be met:

(1) The individual has the essential right to control the detailed means and manner of the work except as to final results;

(2) The individual has the opportunity for profit and loss as a result of the services being performed;

(3) The individual performs services that the individual is customarily engaged in as an independently established trade, occupation, profession, or business. This subparagraph may be met even when the individual performs services for only one hiring unit, or for 2 or more related hiring units, during one temporary period not to exceed 6 months, if:

(A) The individual is not contractually or practically precluded by such hiring unit, or any related hiring units, from performing similar services for a different, unrelated hiring unit; and

(B) It is the individual's choice not to make available or perform similar services for different, unrelated hiring units;

(4) The individual hires and pays the individual's assistants, if any, and, to the extent such assistants are employees, supervises the details of the assistants' work; and

(5) Payment to the individual is based on factors directly related to the agreed scope of work performed.

(b) At least 3 of the following criteria shall also be met:

(1) The individual has a substantive investment in the facilities, tools, instruments, materials, and knowledge used by the individual to complete the work;

(2) The individual is responsible for satisfactory completion of the work and may be held contractually responsible for failure to complete the work;

(3) The parties have a written contract that defines the relationship and gives each party contractual rights in the event the contract is terminated by the other prior to completion of the work;

(4) The work is outside the usual course of business of the hiring unit;

(5) The work is performed outside all of the places of business of the hiring unit; or

(6) The individual has been determined to be an independent contractor by the federal Internal Revenue Service (an SS-8 determination).

5 Minimum Wage Law; Definitions. RSA 279:1, X is repealed and reenacted to read as follows:

X. "Employee" means every individual, other than a person exempted from the definition of employee under RSA 281-A:2, VI(b)(2), (3), or (4), or RSA 281-A:2, VII(b), or a person providing services as part of a residential placement for individuals with developmental, acquired, or emotional disabilities, who may be permitted, required, or directed by a single employer, in consideration of direct or indirect gain or profit, to provide services, unless this presumption is rebutted to the satisfaction of the commissioner that the individual is an independent contractor, both under the individual's contract of service and in fact, and the hiring unit proves that the individual meets all of the criteria in subparagraph (a) and 3 of the criteria in subparagraph (b).

(a) The following criteria shall be met:

(1) The individual has the essential right to control the detailed means and manner of the work except as to final results;

(2) The individual has the opportunity for profit and loss as a result of the services being performed;

(3) The individual performs services that the individual is customarily engaged in as an independently established trade, occupation, profession, or business. This subparagraph may be met even when the individual performs services for only one hiring unit, or for 2 or more related hiring units, during one temporary period not to exceed 6 months, if:

(A) The individual is not contractually or practically precluded by such hiring unit, or any related hiring units, from performing similar services for a different, unrelated hiring unit; and

(B) It is the individual's choice not to make available or perform similar services for different, unrelated hiring units;

(4) The individual hires and pays the individual's assistants, if any, and, to the extent such assistants are employees, supervises the details of the assistants' work; and

(5) Payment to the individual is based on factors directly related to the agreed scope of work performed.

(b) At least 3 of the following criteria shall also be met:

(1) The individual has a substantive investment in the facilities, tools, instruments, materials, and knowledge used by the individual to complete the work;

(2) The individual is responsible for satisfactory completion of the work and may be held contractually responsible for failure to complete the work;

(3) The parties have a written contract that defines the relationship and gives each party contractual rights in the event the contract is terminated by the other prior to completion of the work;

(4) The work is outside the usual course of business of the hiring unit;

(5) The work is performed outside all of the places of business of the hiring unit; or

(6) The individual has been determined to be an independent contractor by the federal Internal Revenue Service (an SS-8 determination).

6 Workers' Compensation; Definitions. RSA 281-A:2, VI(b)(1) is repealed and reenacted to read as follows:

(1) Subject to the preceding paragraph, "employee" means every individual, other than a direct seller or qualified real estate broker or agent or real estate appraiser, or person providing services as part of a residential placement for individuals with developmental, acquired, or emotional disabilities, who may be permitted, required, or directed by a single employer, in consideration of direct or indirect gain or profit, to provide services, unless this presumption is rebutted to the satisfaction of the commissioner that the individual is an independent contractor, both under the individual's contract of service and in fact, and the hiring unit proves that the individual meets all of the criteria in subparagraph (A) and 3 of the criteria in subparagraph (B).

(A) The following criteria shall be met:

(i) The individual has the essential right to control the detailed means and manner of the work except as to final results;

(ii) The individual has the opportunity for profit and loss as a result of the services being performed;

(iii) The individual performs services that the individual is customarily engaged in as an independently established trade, occupation, profession, or business. This subparagraph may be met even when the individual performs services for only one hiring unit, or for 2 or more related hiring units, during one temporary period not to exceed 6 months, if:

(a) The individual is not contractually or practically precluded by such hiring unit, or any related hiring units, from performing similar services for a different, unrelated hiring unit; and

(b) It is the individual's choice not to make available or perform similar services for different, unrelated hiring units;

(iv) The individual hires and pays the individual's assistants, if any, and, to the extent such assistants are employees, supervises the details of the assistants' work; and

(v) Payment to the individual is based on factors directly related to the agreed scope of work performed.

(B) At least 3 of the following criteria shall also be met:

(i) The individual has a substantive investment in the facilities, tools, instruments, materials, and knowledge used by the individual to complete the work;

(ii) The individual is responsible for satisfactory completion of the work and may be held contractually responsible for failure to complete the work;

(iii) The parties have a written contract that defines the relationship and gives each party contractual rights in the event the contract is terminated by the other prior to completion of the work;

(iv) The work is outside the usual course of business of the hiring unit;

(v) The work is performed outside all of the places of business of the hiring unit; or

(vi) The individual has been determined to be an independent contractor by the federal Internal Revenue Service (an SS-8 determination).

7 Workers' Compensation; Definitions. Amend RSA 281-A:2, VI(c) to read as follows:

(c) A written agreement signed by the [~~employer~~] ***hiring unit*** and the [~~person~~] ***individual*** providing services, on or about the date such person was engaged, which describes ***how*** the services

are to be performed [~~and affirms that such services are to be performed~~] in accordance with [~~each of~~] the criteria in [~~subparagraphs~~] ***subparagraph*** (b)(1)[~~(A)-(G)~~] is prima facie evidence that the criteria have been met. Nothing in this subparagraph shall require such an agreement to establish that the criteria have been met.

8 Unemployment Compensation; Definitions. RSA 282-A:9, III is repealed and reenacted to read as follows:

III. Services performed by an individual for wages shall be deemed to be employment subject to this chapter unless and until it is shown to the satisfaction of the commissioner of the department of employment security that:

(a) The individual has the essential right, both under the individual's contract of service and in fact, to control the detailed means and manner of the work except as to final results;

(b) The individual has the opportunity for profit and loss as a result of the services being performed; and

(c) The individual performs services that the individual is customarily engaged in as an independently established trade, occupation, profession, or business; this provision may be met even when the individual performs services for only one hiring unit, or for 2 or more related hiring units, during one temporary period not to exceed 6 months, if:

(1) The individual is not contractually or practically precluded by such hiring unit, or any related hiring units, from performing similar services for a different, unrelated hiring unit; and

(2) It is the individual's choice not to make available or perform similar services for different, unrelated hiring units; and

(d) The individual hires and pays the individual's assistants, if any, and, to the extent such assistants are employees, supervises the details of the assistants' work; and

(e) Payment to the individual is based on factors directly related to the agreed scope of work performed; and

(f) That at least 3 of the following criteria are met:

(1) The individual has a substantive investment in the facilities, tools, instruments, materials, and knowledge used by the individual to complete the work;

(2) The individual is responsible for satisfactory completion of the work and may be held contractually responsible for failure to complete the work;

(3) The parties have a written contract that defines the relationship and gives each party contractual rights in the event the contract is terminated by the other prior to completion of the work;

(4) The work is outside the usual course of business of the hiring unit;

(5) The work is performed outside all of the places of business of the hiring unit; or

(6) The individual has been determined to be an independent contractor by the Federal Internal Revenue Service (an SS-8 determination).

9 Effective Date. This act shall take effect January 1, 2016.

AMENDED ANALYSIS

This bill clarifies the definition of "employee" for purposes of determining an independent contractor.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 496-FN-L, prohibiting public employers from using criminal history in employment decisions. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Keith Murphy for the Majority of Labor, Industrial and Rehabilitative Services. This bill would prohibit public employers from inquiring about or considering an applicant's criminal history until after a conditional offer of employment has been made. The majority of the committee believes that there are obviously positions for which a criminal conviction would be disqualifying or, at a minimum, worth consideration. It is doing neither the employer nor applicant any favors to not allow this information to be solicited prior to an interview. The committee heard testimony that applicants have the opportunity to explain past convictions on applications and that convictions are not automatically disqualifying for every position. Employers can and do take into account factors such as the amount of time that has passed since the conviction, the severity of the offense, and the relationship of the offense to the position sought. Finally, there was the sentiment that poor decisions do have consequences, and the decision to commit a crime has the consequence of limiting future job opportunities. Vote 12-8.

Rep. Douglas A. Ley for the Minority of Labor, Industrial and Rehabilitative Services. Despite its title, this bill did not prohibit using criminal history in employment decisions. Instead, it limited the use of criminal history to the second stage of a job application process, eliminating the typical initial inquiry regarding prior convictions. All too often, those who 'check the box' are immediately dismissed from further consideration, with no opportunity at explanation or ability to demonstrate whether a prior conviction is even relevant to the job in question. Consequently, we often discriminate against those with prior criminal history, affixing an often-unwarranted "Scarlet Letter" upon otherwise fully-qualified applicants. The minority endorse the idea that it's better to not discriminate and limit criminal history checks to those who have otherwise earned full consideration for employment.

LAID ON THE TABLE

Rep. Infantine moved that **HB 496-FN-L,** prohibiting public employers from using criminal history in employment decisions, be laid on the table.
Motion adopted.

REGULAR CALENDAR CONT'D

HB 600-FN, relative to paid sick leave for employees. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Leonard P. Turcotte for the Majority of Labor, Industrial and Rehabilitative Services. As written, the majority of the committee sees several issues with the bill. For starters, the "findings" are certainly subjective. Additionally, there is less than clear language in multiple places, including the word "reasonable," that would lead to interpretational debates. There are also key words/phrases lacking clarifying definitions. Regardless of the bill's lack of being ready for any house vote, the majority believes that mandatory sick leave is not in the best interest of our state's citizens overall. One individual who testified stated that legislatively mandating sick leave was preferable to education on the subject. We disagree. According to testimony, only one other state (Connecticut) has mandated sick leave, a state hardly known for thrift. When a witness was asked who would cover the small business owner's sick time, the owner being asked to cover all his employees, the reply was "the business owner would have to cover himself." Businesses would bear the brunt of the direct cost of paying for sick days as well as time and costs associated with record keeping and retention. There are additional publication costs, regulatory burdens and potential enforcement placed on the NH department of labor. Finally, the fiscal note states that there would be a nearly $9 million increase to the state's budget to cover the new sick time requirements for its part-time employees. Furthermore, the majority believes that it is in our state's interest to be pro-business rather than institute additional mandates that impose financial, clerical and regulatory burdens. In general, employee "benefits," like pay, should be a negotiated agreement between the employee and employer, not a mandate from bureaucracy. For all the foregoing reasons, however, we the majority find this bill ITL. Vote 12-8.

Rep. Michael D. Cahill for the Minority of Labor, Industrial and Rehabilitative Services. Sick leave is worthy of further study. The minority wanted to retain and improve the bill. Employees without sick leave bring contagious diseases to work leading to more workplace illness, reducing productivity and ultimately harming NH's economy. Provision of sick leave would enhance employee morale as well as overall productivity and profitability.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. Gile spoke against.
Rep. Leonard Turcotte spoke in favor and requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 299, prohibiting voting by the house of representatives for the speaker of the house on organizational convening day to be by secret ballot. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Jack B. Flanagan for the Majority of Legislative Administration. This bill would require all votes for speaker of the New Hampshire house to be by roll call only. The majority of the committee believes that the vote for speaker should be held to the same standard as other democratic elections. If a citizen chooses to keep their election ballot secret when choosing local, state and national leaders, it is their right to do so. This sacred right should be extended to a house member casting a ballot for the leader of the house. If a member chooses to announce their vote voluntarily to the public, that is also their right. This bill is contrary to decades of past practice in the house and is contrary to what many believe is their right to a secret ballot. We have a rich history of transparency in New Hampshire, but members have the right to privacy as much as our citizens do when it comes to electing leaders. Vote 8-1.

Rep. Pamela Z. Tucker for the Minority of Legislative Administration. The minority believes in transparency of all elected officials. From the US House of Representatives to our local school, zoning, and budget boards, all have the votes for the chair of their respective body made public. Once a member takes an oath of office, every vote that member takes should be for public consumption. The New Hampshire House of Representatives should not be an exception. The argument was made that it is past precedent to have secret a ballot. True, however, there are two past precedents. The first, in the prior two elections for speaker and in 2006 and 2002, the minority party cast a single vote for the majority party's choice for speaker. The other precedent was actual votes cast by every member of the house, which happened in 2008. No matter the choice of precedent used, keeping our elected officials accountable starts with their voting record and having their votes cast in the open, not clouded in secrecy.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Kurk spoke in favor.

Rep. Burt spoke against and requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 434, relative to review of proposed agency administrative rules by standing committees of the general court. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.** Rep. Jack B. Flanagan for the Majority of Legislative Administration. Currently, agencies are required to submit copies of rules proposed to implement a newly-enacted statute to the chairmen of the house and senate policy committees. Chairmen are then required to distribute the proposed rules to the

members of their committees for review. This policy was adopted in 2011 to ensure that proposed rules conform with the intent of the legislators that are most familiar with a new law. HB 434 would require all legislators to review all rules that relate to the subject matter of their policy committees, not only those rules that relate to new laws. This would increase the workload of our citizen legislature exponentially. Under the current rulemaking process, any person may attend JLCAR meetings and express an objection to a proposed rule. JLCAR is composed of dedicated legislators and staff that conduct careful reviews of all proposed rules to ensure, among other things, adherence to legislative intent. The changes in this bill would serve to further complicate an already complex process. Vote 8-1. Rep. Pamela Z. Tucker for the Minority of Legislative Administration. The minority believes HB 434 would increase the legislative oversight needed of our agencies. New, changes and reauthorizations of rules would be reviewed by the policy committee prior to implementation. Further, the policy committee will need to review the changes rather than just blindly let them become in effect with no understanding if they are in concert with the intent of the law. It is part of our legislative responsibilities to assure our agencies are following the laws we make and if we are serious about our position, we will make the time needed to perform our duties.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Tucker requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HCR 1, rescinding all requests by the New Hampshire legislature for a federal constitutional convention. **INEXPEDIENT TO LEGISLATE.**

Rep. Russell T. Ober for Legislative Administration. The majority of the committee felt that HCR 1 was not the proper mechanism to address the issue of whether or not the state should rescind any prior request for a constitutional convention. While we understand intent of the bill, and respect the concerns of the sponsors, at this time, HCR 1 raises more questions than it may be intended to resolve. Research into prior legislation suggests that the last call by New Hampshire was made in 1979. If that call has not resulted in a convention in over 3 decades, it is likely that rescinding is not necessary. Lastly, rescinding New Hampshire's request is not a guarantee against other future calls by other states, and does not rescind any future calls that could arise through other legislation currently before the legislature. We believe that HCR 1 is not necessary at this time. Vote 7-3.

Reps. Russell Ober and Timothy Smith spoke in favor.

Rep. McConnell spoke against and yielded to questions.

Rep. Hinch moved the previous question.

Rep. Kappler requested a roll call; not sufficiently seconded.

On a division vote, 169 members having voted in the affirmative and 166 in the negative, the motion was adopted and debate is now limited.

(Rep. Packard in the Chair)

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. William O'Brien moved that the House reconsider its action whereby, on a division vote of 169-166, the House adopted the previous question motion. On a division vote, 92 members having voted in the affirmative and 245 in the negative, the motion failed.

The question now being adoption of the committee report of Inexpedient to Legislate.
Rep. Hoell requested a roll call; sufficiently seconded.

and the committee report was adopted.

HCR 7, affirming States' powers based on the Constitution for the United States and the Constitution of New Hampshire. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.** Rep. James R. MacKay for the Majority of Legislative Administration. The majority of the committee believes that any constitutional acts of congress are appropriately defended by the courts and that a resolution adopted by the New Hampshire legislature that has no force of law will have no true impact in this area. Similar resolutions have been adopted by the house in previous sessions. None have been adopted by the senate. Vote 8-1.

Rep. Pamela Z. Tucker for the Minority of Legislative Administration. HCR 7 is the affirmation Part 1, Article 7, of the Constitution of the State of New Hampshire and the Tenth Amendment to the Constitution for the United States. In 2011, the New Hampshire house passed HCR 6 and HR 25 in 2012. Both resolutions were much the same as HCR 7. Unlike bills and joint resolutions, resolutions and concurrent resolutions expire with the each legislature making it imperative that each legislature publicly express their affirmation to these fundamental principles of American government and sovereignty. A legislature failing to make such an affirmation when it has the opportunity, makes positive the statement that it does not believe, nor support these fundamental principles.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Reps. Itse and Goulette spoke against.
Reps. Timothy Smith and MacKay spoke in favor.
Rep. Hoell requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 205-L, relative to lending practices of energy efficiency and clean energy districts. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. James P. Belanger for the Majority of Municipal and County Government. This bill was re-committed to the committee after it voted to ITL. The committee found redeeming features but felt some portions of the original legislation were not acceptable. The bill came back to committee and was amended to correct those unacceptable features. As amended, the bill allows private industry to make energy improvements to some properties with private lender loans repaid by the savings in energy. The municipality collects the funds and passes them to the lender as part of the tax bill but bares no liability or responsibility for the loan. This is enabling and the municipality has to vote it in. Vote 14-3.

Rep. James E. Coffey for the Minority of Municipal and County Government. The overall goals of this legislation as amended may be laudable, but several of the committee believe that towns should not be involved as a collection agency for private energy improvement loans. We believe that this is best left to the private sector.

Majority Amendment (0675h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Definitions. Amend RSA 53-F:1 by inserting after paragraph II the following new paragraph:

II-a. "Eligible property" means real property located within the boundaries of the district, whether zoned or used for residential, commercial, industrial, or other uses, excluding residential property containing less than 5 dwelling units.

2 Authority; Agreements; Eligibility; Financing. RSA 53-F:3 is repealed and reenacted to read as follows:

53-F:3 Authority. To achieve the public benefits of protecting the economic and social well-being by reducing energy costs in the community and risks to the community associated with future escalation in energy prices, and addressing the threat of global climate change, any municipality which has adopted the provisions of this chapter and established an energy efficiency and clean energy district may, upon a finding by the governing body of the municipality, after notice and hearing, that the energy conservation and efficiency and clean energy improvements will serve the public purposes as set forth in this chapter and not primarily be for the benefit of private persons or uses even though such private benefits and uses may incidentally result, do the following:

I. A municipality which adopts this chapter shall thereafter be authorized to establish one or more energy efficiency and clean energy districts.

II. Encourage private financing from individuals or institutions for qualifying improvements to eligible properties within the district and enter into agreements with those private lenders to administer the energy conservation and efficiency improvements or clean energy improvements program on their behalf, including evaluating eligible properties, supervising the improvements, arranging for the closing of the loans, collecting the special assessments and assisting them with the exercise of their lienholder rights, provided that anticipated expenses for the administration of the program shall be borne by the owners of eligible properties participating in the program.

III. Participate in state or federal programs providing support for municipal energy efficiency and clean energy finance programs such as those authorized by this chapter.

IV. Enter into agreements with owners of eligible property in which the owners consent to make energy conservation and efficiency improvements or clean energy improvements to their properties and to have the municipality include a special assessment to pay for such improvements on their property tax bills, their bills for water or sewer service or another municipal service, or separate bills, provided that such agreements shall not affect the tax liability or municipal services charges of other participating or nonparticipating property owners in the district.

V. Collect charges from participating owners of eligible properties to cover the cost of administration for the district.

VI. Otherwise administer a program for promoting and financing energy efficiency and clean energy improvements within a district in accordance with this chapter, enter into an agreement with a public or private entity to administer such a program on its behalf in accordance with this chapter, and enter into an agreement with one or more other municipalities to share services and otherwise cooperate in the administration of a district or districts in accordance with this chapter.

3 Agreements With Property Owners. RSA 53-F:4, I-III are repealed and reenacted to read as follows:

I.(a) A municipality may make an assessment under this chapter only pursuant to an agreement entered into with the free and willing consent of the owner of an eligible property to which the assessment applies. In the case of any eligible property with multiple owners, an agreement under this chapter shall be signed by all owners.

(b) An agreement with an owner of eligible property shall provide that the owner shall contract for qualifying improvements with one or more qualified contractors, purchase materials to be used in making qualified improvements, or both, and that, upon submission of documentation required by the municipality, the municipality shall disburse funds to those contractors and vendors in payment for the qualifying improvements or materials used in making qualified improvements. An agreement with a property owner shall require that the property owner report post-installation energy use data for program evaluation purposes over a period determined by the municipality.

(c) The agreement shall stipulate that all funding for the qualifying improvements shall be made by private lenders and that the loan will be evidenced by a note and secured by a mortgage on the eligible property. The agreement shall include a payment schedule showing the term over which payments will be due on the assessment, the frequency with which payments will be billed and the amount of each payment, and the annual amount due on the assessment. The obligations of the agreement and loan will run with the eligible property. If the property is sold, the new owner shall automatically assume the obligations of the agreement, note, and mortgage and shall be subject to all liability related to such obligations. Upon full payment of the amount of the special assessments, including all outstanding interest and charges and any penalties that may become due, the municipality shall provide the then participating property owner with a written statement certifying that the obligations of the agreement and the loan have been satisfied and the special assessments have been paid in full and shall record a discharge of the mortgage from the private lender.

II. The municipality shall disclose to the owners of eligible property participating in the program the risks associated with their participation, including risks related to their failure to make payments and the risk of enforcement of property tax or special assessment liens under RSA 53-F:8.

III. At least 30 days prior to entering into an agreement with a municipality under this chapter, the owner of eligible property shall provide to the holders of any existing mortgages on the property notice of his or her intent to enter into the agreement.

4 Eligibility of Property Owners. RSA 53-F:5 is repealed and reenacted to read as follows:

53-F:5 Eligibility of Property Owners.

I. A municipality may enter into an agreement under this chapter only with the legal owner of eligible property.

II. Prior to entering into an agreement with an owner of eligible property, the municipality shall determine that all property taxes and any other assessments levied with property taxes are current and have been current for 3 years or the owner's period of ownership, whichever is less; that there are no involuntary liens such as mechanic's liens on the property; and that no notices of default or other evidence of property-based debt delinquency have been recorded during the past 3 years or the property owner's period of ownership, whichever is less. The municipality shall adopt additional criteria, appropriate to property-assessed clean energy finance programs. The municipality shall determine whether any mortgages or liens of record exist in the registry of deeds on the property, whether they are current in the obligations, and whether the total debt to equity ratio specified by the private lender will be met. If any such mortgage or lien exists, the municipality shall notify each such mortgagee or lienholder in writing that a private lender is considering making a loan secured by a municipal lien pursuant to the provisions of this chapter and request the consent of each such mortgagee or lienholder to the making of such loan. Each mortgagee or lienholder shall have the right to determine in its sole discretion whether or not it will consent to such loan. If all of the mortgagees or lienholders of record elect to consent, the consents shall be in writing and recorded with the municipal lien in the registry of deeds. The legal effect of having all consents shall be that the municipal lien shall not be extinguished in the event of a foreclosure or sheriff's sale by the mortgagee or lienholder as provided in RSA 53-F:8. If all of the mortgagees or lienholders of record do not consent, but the private lender determines that it will proceed in making such loan, then in the event of a foreclosure or sheriff's sale by a mortgagee or lienholder, the municipal lien shall be extinguished.

5 Qualifying Improvements. RSA 53-F:6, II-IV are repealed and reenacted to read as follows:

II. Improvements shall be permanently affixed to an existing building or facility that is part of the eligible property. The owner of the property may not finance projects in buildings or facilities under new construction.

III. Improvements shall be made by a contractor or contractors, which may include a cooperative or not-for-profit organization, determined by the municipality to be qualified to make the energy efficiency or clean energy improvements in the agreement. Contractors may be designated as qualified by an electric or gas utility program or another appropriate New Hampshire-based entity. Any work requiring a license under any applicable law shall be performed by an individual holding such license. A municipality may elect to permit the financing pursuant to an agreement under this chapter of improvements made by the owner of the property, but shall not permit the value of the owner's labor to be included in the amount financed.

IV. Prior to disbursement of final payments to any contractor or vendor pursuant to an agreement with a property owner, submission is required by the property owner in a form acceptable to the municipality of:

(a) A post-installation report, based on an independent inspection acceptable to the municipality, certifying that improvements have been installed properly and verifying that they are performing satisfactorily; and

(b) Documentation of all costs to be financed and copies of any required permits.

6 Financing Terms. Amend RSA 53-F:7 to read as follows:

53-F:7 Financing Terms.

I. Improvements shall be financed pursuant to an agreement under this chapter only on terms such that the total energy cost savings realized by the property owner and the property owner's successors during the useful lives of the improvements are expected to exceed the total cost to the property owner and the property owner's successors of the improvements.

II. [~~A municipality that provides financing to participating property owners shall establish a loss reserve account and maintain funds in such account at a level that meets generally accepted standards for property-assessed clean energy finance programs. Funds in a loss reserve account shall not be provided from general municipal revenues.~~

~~III.~~] A property owner who escrows property taxes with the holder of a mortgage on a property subject to an agreement under this chapter may be required by the holder to escrow amounts due on the ***special*** assessment under this chapter and the mortgage holder shall remit such amounts to the municipality in the manner that property taxes are escrowed and remitted.

[~~IV.~~] ***III.*** The maximum term of finance provided pursuant to an agreement under this chapter shall be 30 years.

7 Priority; Collection and Enforcement. Amend RSA 53-F:8 to read as follows:

53-F:8 Priority; Collection and Enforcement. Collection of ***special*** assessments under this chapter shall be made by the tax collector or other official responsible for property tax or municipal service charge collection. A municipality shall commit bills for amounts due on the ***special*** assessments, including interest and any charges, to the tax collector with a warrant signed by the appropriate municipal officials requiring the tax collector to collect them. Each year bills for amounts due on the ***special*** assessments shall coincide with bills for property taxes or municipal service charges. Each ***special*** assessment on the property of a participating property owner shall create a lien on the property pursuant to RSA 80:19, except that the lien shall be junior to existing liens of record at the time the bill for the assessment is mailed to the participating property owner. Enforcement powers for nonpayment shall be those provided under RSA 80 relative to property tax collection, including RSA 80:19; provided, however, a tax sale of the property shall not extinguish prior liens of record. At the time of enforcement, only the past due balances of the ***special*** assessment under this chapter, including all interest, charges, and penalties, shall be due for payment. Notwithstanding any other provision of law, in the event of a transfer of property ownership through foreclosure or a sheriff's sale by a senior mortgagee or lienholder which has consented to the making of a loan by a [~~municipality~~] ***private lender*** under the provisions of this chapter, the lien of the municipality shall not be extinguished, and the net proceeds of the sale, if any, after payment of all prior obligations to mortgagees and lienholders, costs and expenses of foreclosure or sheriff's sale, shall be first applied to the payment of any past due balances of the [~~municipal~~] loan and then any excess shall be applied against the remaining balance of the loan. If a senior mortgagee or lienholder has not given its consent to the loan, a foreclosure or sheriff's sale by the mortgagee or lienholder shall extinguish all junior mortgages and liens. [~~Payment of a past due balance from the loss reserve established under this chapter shall not relieve a participating property owner from the obligation to pay that amount.~~]

8 Repeal. RSA 53-F:1, V, relative to the definition of property owner, is repealed.

9 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill makes changes in the financing of loans by energy efficiency and clean energy districts.
Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.
Rep. Carol McGuire spoke in favor and yielded to questions.
Majority committee report adopted and ordered to third reading.

HB 272, designating the Ham Branch watershed in Easton as a protected river and exempting the Ham Branch watershed from the comprehensive shoreland protection act. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Frederick C. Rice for Resources, Recreation and Development. The Ham Branch river watershed lies completely within the town boundaries of Easton. This bill would designate the Ham Branch watershed as a protected river under the rivers management and protection program (RMPP), to be managed by the town of Easton, and would exempt it from the Comprehensive Shoreland Protection Act (CSPA). The amendment clarifies certain language in the bill, exempting this protected river from shoreland protection, but also making it perfectly clear that the RMPP incorporates, and is more stringent than, the CSPA. The amendment also sunsets the CSPA exemption in three years, so that if the town did not maintain appropriate standards, the statewide requirements would still apply. Vote 14-5.

Amendment (0530h)

Amend the title of the bill by replacing it with the following:

AN ACT designating the Ham Branch River watershed in Easton as a protected river, and exempting portions of the Ham Branch River watershed from the shoreland water quality protection act.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Ham Branch River; Designated for Protection. Amend RSA 483:15 by inserting after paragraph XVIII the following new paragraph:

XIX.(a) Ham Branch River and its watershed tributaries.

(1) Ham Branch River, as a natural river from its headwaters in Easton at 44.060275, -71.791586, state plane coordinates, north 6.1 miles to the Franconia-Easton town line.

(2) Reel Brook, as a natural river from its headwaters in Easton at 44.10318, - 71.76841, state plane coordinates, to its confluence with the Ham Branch River in Easton (3.6 miles).

(3) Unnamed tributary C, as a natural river from its headwaters in Easton at 44.126754, - 71.779108, state plane coordinates, to its confluence with Reel Brook (1.3 miles).

(4) Unnamed Tributary D, as a natural river from its headwaters in Easton at 44.11914, - 71.76787, state plane coordinates, to its confluence with the Reel Brook (0.7 miles).

(5) Slide Brook, as a natural river from its headwaters in Easton at 44.13108, - 71.76225, state plane coordinates, to its confluence with the Ham Branch River in Easton (2.4 miles).

(6) Unnamed tributary B, as a natural river from its headwaters in Easton at 44.12875, - 71.76939, state plane coordinates, to its confluence with Slide Brook (0.5 miles).

(7) Unnamed tributary A, as a natural river from its headwaters in Easton at 44.13807, - 71.77415, state plane coordinates, to its confluence with the Ham Branch River in Easton (1.1 miles).

(8) Judd Brook, as a natural river from its headwaters in Easton at 44.14258, - 71.76733, state plane coordinates, to its confluence with the Ham Branch River in Easton (1.2 miles).

(9) Kendall Brook, as a natural river from its headwaters in Easton at 44.15002, - 71.76195, state plane coordinates, to its confluence with the Ham Branch River in Easton (1.2 miles).

(10) Flume Brook, as a natural river from its headwaters in Easton at 44.15427, - 71.75769, state plane coordinates, to its confluence with Kendall Brook in Easton (0.7 miles).

(11) Brooks Brook, as a natural river from its headwaters in Easton at 44.15655, - 71.74998, state plane coordinates, to its confluence with the Ham Branch in Easton (1.6 miles).

(12) Pepper Brook, as a natural river from the Sugar Hill-Easton town line at 44.17521, - 71.78583, state plane coordinates, to its confluence with the Ham Branch River in Easton (1.1 miles).

(13) Noyes Brook, as a natural river from its headwaters in Easton at 44.15239, - 71.80263, state plane coordinates, to its confluence with the Ham Branch River in Easton (0.6 miles); and

(14) Unnamed Tributary E, as a natural river from its headwaters in Easton at 44.13398, - 71.81106, state plane coordinates, to its confluence with the Ham Branch River in Easton (1.0 miles).

(b) All 1st, 2nd, and 3rd order portions of the Ham Branch River and its tributary rivers shall be exempt from the provisions of the shoreland water quality protection act, RSA 483-B.

2 New Hampshire Rivers Management and Protection Program. Amend RSA 483:2 to read as follows:

483:2 Program Established; Intent. There is established within the department of environmental services the New Hampshire rivers management and protection program. It is the intent of the legislature that the New Hampshire rivers management and protection program shall complement and reinforce existing state and federal water quality laws, ***including RSA 483-B,*** and that in-stream flows are maintained along protected rivers, or segments thereof, in a manner that will enhance or not diminish the enjoyment of outstanding river characteristics pursuant to RSA 483:1. It is also the intent of the legislature that, through said program, the scenic beauty and recreational potential of such rivers shall be restored and maintained, that riparian interests shall be respected, and ***notwithstanding the provisions of RSA 483-B,*** that nothing in this chapter shall be interpreted to preempt any land and zoning authority granted to municipal bodies under RSA title LXIV.

3 Repeal. RSA 483:15, XIX(b), relative to the Ham Branch River, is repealed.

4 Effective Date.

I. Section 3 of this act shall take effect June 30, 2017.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill designates the Ham Branch watershed in Easton as a protected river and exempts the Ham Branch watershed from the comprehensive shoreland protection act.

This bill also prospectively removes the Ham Branch River from the shoreland water quality protection act.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 349, relative to state buffers for projects requiring wetland permits. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Beverly A. Ferrante for the Majority of Resources, Recreation and Development. This bill would require the department of environmental services (DES) to consider impacts to wetlands and buffers before granting permits for filling and dredging in wetlands. If enacted, as introduced, this bill request would for the first time impose state wide zoning restriction upon land areas adjacent to, but within, state jurisdictional wetlands. Zoning has traditionally been left to municipalities. These substantial state regulated jurisdictional areas would be subjective in terms of size of affected areas and the nature of activities permitted and to be limited. In addition, this bill, if enacted, would impose on DES substantial increase in administrative permit burdens, and budgetary increases due to the significantly greater supervisory and enforcement role. This bill appears to rely on a document known as the "revised NH method" for assessing project impacts that would be used to determine the required wet land buffer. This method clearly states that it is not designed for use as a specific method for impact analysis. A myriad of terms, definitions, and citations warrant closer scrutiny to ensure clarity and consistency requirements on this bill. For these reasons, the resources committee recommends that the sponsors, DES, and the NH Association of Natural Research Scientists fully examine all potential issues associated with his bill as introduced. Vote 12-8.

Rep. Suzanne H. Gottling for the Minority of Recourses, Recreation and Development. New Hampshire is the only state in the northeast that does not provide a protective buffer around valuable wetlands. Over the years, New Hampshire has grappled with the problem of how to distinguish which wetlands need and deserve protection. Implicit in this is the challenge of balancing ecological concerns with landowner rights. The land use commission (HB 1579), comprised of ecologists and members of the regulated community, determined that policies related to wetlands must be firmly based on well-documented science. If HB 349 is amended to create a study committee, the New Hampshire Association of Natural Resource Scientists have agreed to assist the committee by convening a workgroup. This workgroup would develop a method of evaluating wetlands and propose ways to apply science to determine the need for and extent of a buffer. The buffer would apply to the small number of directly impacted wetlands that require a state wetlands permit, not wetlands under the jurisdiction of municipal regulation. This legislative study committee would also provide the opportunity for the regulated community, ecologists, municipalities, state and federal agencies, and legislators to develop a policy based in science and attuned to New Hampshire's needs.

LAID ON THE TABLE

Rep. Chris Christensen moved that **HB 349,** relative to state buffers for projects requiring wetland permits, be laid on the table.

Motion adopted.

REGULAR CALENDAR CONT'D

HB 391-FN, applying the E911 surcharge to prepaid cellular telephones. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. James A. Parison for the Majority of Science, Technology and Energy. This bill, as amended, provides a payment mechanism to collect the E911 surcharge from pre-paid cell phone users who currently evade NH law at the expense of customers who fund E911 through their monthly phone bills. In 1997, NH amended section 106:H9 to include cellular phone users in the population required to pay the E911 fee because these phones also use emergency services. At that time prepaid phones did not exist, but now are estimated to be 22% of the market and growing. This bill does not present any new fee or tax. Instead, it will reduce costs for the entire population now funding the service by bringing these users into compliance. Vote 14-5.

Rep. Carolyn Halstead for the Minority of Science, Technology and Energy. While the minority believes that E911 is a good service to have, we disagree with this bill's attempt to add a new tax to the prepaid cell-phone model, especially since many of these customers are in the poor, bad credit or elderly category. The original funding of E911 was based on the assumption that everyone had a monthly phone bill that could be taxed. This bill is an attempt to get people on the prepaid models to also pay. This bill is inefficient, doesn't go far enough and is costly to businesses. This bill makes businesses the debt collector - including transactions

on-line - by keeping track of such things like whether the number is a NH number, or whether you have given any information that links you to NH. The commissioner of the department of safety sets the monthly surcharge rates. This rate would apply each time someone renews their phone. Even though it seems that E911 is currently fully funded, this bill is an attempt to bring in more revenue.

Majority Amendment (0360h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Enhanced 911 System; Definition of Commercial Mobile Radio Service. Amend RSA 106-H:2 by inserting after paragraph III the following new paragraph:

III-a. "Commercial mobile radio service" means commercial mobile radio service as defined in 47 C.F.R. section 20.3.

2 New Paragraph; Enhanced 911 System; Definition of Prepaid Commercial Mobile Radio Service. Amend RSA 106-H:2 by inserting after paragraph VIII-a the following new paragraph:

VIII-b. "Prepaid commercial mobile radio service" means commercial mobile radio service that allows a caller to dial 911 to access the E911 system, which service must be paid for in advance and is either sold in predetermined units or dollars which decline with use in a known amount or is sold for unlimited use during a predetermined period of time.

3 Enhanced 911 System; Funding. Amend RSA 106-H:9, I(a) to read as follows:

I.(a) The enhanced 911 system and the statewide emergency notification system shall be funded through a surcharge to be levied upon each residence and business telephone exchange line, including PBX trunks and Centrex lines, each individual commercial mobile radio service number[;] ***and*** each VoIP service number with a place of primary use within New Hampshire, and each semi-public and public coin and public access line. For purposes of this subparagraph, "place of primary use" shall have the same meaning as the definition contained in 4 U.S.C. section 124(8). No such surcharge shall be imposed upon more than 25 business telephone exchange lines, including PBX trunks and Centrex lines, or more than 25 commercial mobile radio service exchange lines or VoIP service lines or channels per customer billing account.

4 Enhanced 911 System; Funding. Amend RSA 106-H:9, I(c) to read as follows:

(c) In the case of an entity which provides commercial mobile radio service the surcharge shall be billed to each customer on a monthly basis and shall not be subject to any state or local tax; the surcharge shall be collected by the commercial mobile radio service provider, and may be identified on the customer's bill. ***For prepaid commercial mobile radio service, the provisions of paragraph I-a shall apply.***

5 Enhanced 911 System; Funding. Amend RSA 106-H:9, I(e) to read as follows:

(e) Each ***seller of prepaid commercial mobile radio service as described in paragraph I-a and each*** local exchange telephone company, VoIP service provider, or entity which provides commercial mobile radio service shall remit the surcharge amounts on a monthly basis, as prescribed by the commissioner, to the enhanced 911 services bureau, which shall be forwarded to the state treasurer for deposit in the enhanced 911 system fund. The state treasurer shall pay expenses incurred in the administration of the enhanced 911 system and the statewide emergency notification system from such fund. Such fund shall not lapse. If the expenditure of additional funds over budget estimates is necessary for the proper functioning of the enhanced 911 system or the statewide emergency notification system, the department of safety may request, with prior approval of the fiscal committee of the general court, the transfer of funds from the enhanced 911 system fund to the department of safety for such purposes. The moneys in the account shall not be used for any purpose other than the development and operation of enhanced 911 services and the statewide emergency notification system, in accordance with the terms of this chapter. Surcharge amounts shall be reviewed after the budget has been approved or modified, and if appropriate, new tariffs or rate schedules shall be filed with the public utilities commission reflecting the surcharge amount.

6 New Paragraph; Enhanced 911 System; Funding; Prepaid Commercial Mobile Radio Service. Amend RSA 106-H:9 by inserting after paragraph I the following new paragraph:

I-a. Prepaid commercial mobile radio service.

(a) In this paragraph:

(1) "Consumer" means a natural person or any other person who purchases prepaid commercial mobile radio service in a retail transaction.

(2) "Commissioner" means the commissioner of the department of safety.

(3) "Division" means the division of emergency services and communications of the department of safety.

(4) "Entity" means a natural person or any other person, including any firm, corporation, partnership, or business organization.

(5) "Provider" means an entity that provides prepaid commercial mobile radio service pursuant to a license issued by the Federal Communications Commission.

(6) "Retail transaction" means the purchase of prepaid commercial mobile radio service from a seller for any purpose other than resale.

(7) "Seller" means an entity, including a provider, who sells prepaid commercial mobile radio service to a consumer.

(b) There is hereby imposed a prepaid commercial mobile radio service E911 surcharge that shall be levied on each retail transaction sourced to New Hampshire. The amount of the surcharge levied for each retail transaction shall be the same as the surcharge imposed under RSA 106-H:9, I(a).

(c) For purposes of subparagraph (b), a retail transaction is sourced to New Hampshire:

(1) If the transaction occurs in person at a seller's location in New Hampshire; or

(2) If subparagraph (1) does not apply, the prepaid commercial mobile radio service is evidenced by a physical item, such as a card, and the purchaser provides a New Hampshire delivery address for such item; or

(3) If subparagraphs (1) and (2) do not apply, the consumer gives a New Hampshire address during the consummation of the sale, including the address associated with the consumer's payment instrument if no other address is available, and the address is not given in bad faith; or

(4) If subparagraphs (1) – (3) do not apply, the consumer's mobile telephone number is associated with a postal zip code, telephone area code, or location within New Hampshire.

(d) The prepaid commercial mobile radio service E911 surcharge shall be collected by the seller from the consumer with respect to each retail transaction sourced to New Hampshire. The amount of the surcharge shall be either separately stated on an invoice, receipt, or other similar document that is provided by the seller to the consumer, or otherwise disclosed to the consumer.

(e) The seller shall be liable to remit all charges required by this paragraph to be collected from consumers including all such charges that the seller is deemed to collect where the amount of the surcharge has not been separately stated on an invoice, receipt, or other similar document provided by the seller to the consumer.

(f) The prepaid commercial mobile radio service E911 surcharge shall not be subject to any other state or local tax.

(g) If a minimal amount of prepaid commercial mobile radio service is sold with a prepaid mobile device for a single, non-itemized price, then the seller may elect not to apply the surcharge to such transaction. For purposes of this subparagraph, an amount of service denominated as 10 minutes or less, or 5 dollars or less, is minimal.

(h) With respect to sales made prior to July 1, 2016, a seller may deduct and retain 3 percent of the prepaid commercial mobile radio service E911 charges that are collected by the seller from consumers.

(i) Whenever lawful, providers and sellers of prepaid commercial mobile radio service shall put forth reasonable good faith efforts to cooperate with and provide timely and reasonable assistance to the division, its E911 telecommunications supervisors and investigative or law enforcement officers of this state, or any town, city, or county in this state, in connection with locating the source of any emergency E911 call or lawful investigation or activity by such telecommunications supervisor or law enforcement officer. In such instances, providers and sellers of prepaid commercial mobile radio service shall not be liable for damages to any person resulting from or incurred in connection with the provision of such lawful assistance. In such instances, providers and sellers of prepaid commercial mobile radio service shall not be liable for damages to any person resulting from or incurred in connection with the provision of such lawful assistance.

(j) Beginning on January 1, 2016, prepaid commercial mobile radio service providers shall report annually to the division the total number of active prepaid commercial mobile radio service customers in New Hampshire. For purposes of such report, "active prepaid commercial mobile radio service customers" shall include all prepaid commercial mobile radio service customers with a New Hampshire telephone number on the date of the report, or if account balance information is

not available, otherwise determined not to be active by comparable data. All information submitted to the division by a provider shall be considered proprietary and confidential and shall not be considered a public record under RSA 91-A.

7 Enhanced 911 System; Funding; Records Disclosure. Amend RSA 106-H:9, III(b)(3) to read as follows:

(3) Disclosure to the department of revenue administration of records, files, and information required by the department of revenue administration to administer the communications services tax pursuant to RSA 82-A ***and to assist the bureau in its administration of RSA 106-H:9***.

8 Effective Date. This act shall take effect January 1, 2016.

On a division vote, 200 members having voted in the affirmative and 102 in the negative, the majority committee amendment was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.
Rep. Parison spoke in favor.
Rep. Halstead spoke against.
Rep. Kappler requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

MOTION TO LAY ON THE TABLE

Rep. Halstead moved that **HB 391-FN,** applying the E911 surcharge to prepaid cellular telephones, be laid on the table.

On a division vote, 153 members having voted in the affirmative and 166 in the negative, the motion failed.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. White moved that the House reconsider its action whereby, on a roll call vote of 167-152, the House adopted the majority committee report of Ought to Pass with Amendment on **HB 391-FN,** applying the E911 surcharge to prepaid cellular telephones. Rep. White spoke against.

On a division vote, 125 members having voted in the affirmative and 190 in the negative, the motion failed.

REGULAR CALENDAR CONT'D

HB 544, allowing the general court to deny a utility the use of the power of eminent domain. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. James A. Parison for the Majority of Science, Technology and Energy. The majority of the committee, while in general agreement with the goal of protecting private property, opposed this particular approach for two basic reasons: first, there were practical concerns around a full year

delay that could impede implementation of critical projects, not just elective projects; secondly, the legislature in passing HB 648 recently defined an objective criteria and process to reinforce protections in the NH Constitution against taking of private property for a private purpose. This bill would add a step where subjective and even political factors could enter into the decision, potentially weakening protections for property owners if agencies like the Public Utility Commission (PUC) decided to "rubber stamp" projects in deference to the legislature. Vote 16-3.
Rep. Laurence M. Rappaport for the Minority of Science, Technology and Energy. The minority agrees with the bill's author that eminent domain seldom results in fair and reasonable settlements even though mandated. The sponsor interviewed many subjects who lost their property in eminent domain proceedings and found none who believed their settlement was fair. This bill attempts to give the legislature a vote in the matter. While local utilities were opposed and claimed they never used it, the committee received testimony from some NH landowners who said they were initially threatened with its use.
Majority committee report adopted.

HB 574-FN, relative to regional greenhouse gas initiative distributions to residential customers. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**
Rep. Michael Vose for the Majority of Science, Technology and Energy. This bill sought to eliminate distributions from the sale of regional greenhouse gas initiatives (RGGI) allowances to residential electric ratepayers. It gave the funds instead to commercial and industrial customers. This bill would perpetuate government's inefficient involvement in implementing energy efficiency programs. The committee felt that unleashing free-market forces would provide a better path to expanding energy efficiency efforts. Vote 11-8.
Rep. David A. Borden for the Minority of Science, Technology and Energy. The minority of the committee supported this bill, which would help double the number of low-income families receiving weatherization services in their homes. The committee heard testimony that families living close to the margin have to choose between food and fuel, often having to buy expensive kerosene by the gallon when cash is tight. Sadly, approximately 80,000 homes are eligible for assistance and only 700 per year are currently being served.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Rep. Borden spoke against.
Rep. Vose spoke in favor.
On a division vote, 179 members having voted in the affirmative and 129 in the negative, the majority committee report was adopted.

SPECIAL ORDER
HB 113, designating the mastodon as the official state fossil. **INEXPEDIENT TO LEGISLATE.**
Rep. John Sytek for Executive Departments and Administration. This bill would designate the mastodon as the official state fossil (as does Michigan). It is the result of the third (now fourth) grade class project at Bradford elementary school. The committee was impressed with the quality of the effort. The pupils enlisted the aid of both UNH and Dartmouth professors. Three well-spoken pupils stated their case in testimony before the committee. However, the committee felt that New Hampshire has enough cultural and historical artifacts such as our state motto, flower and bird. There was no compelling evidence to indicate that the lack of a state fossil would detract from the imagery of our state nor would adding this designation significantly complement the extant array of our state emblems. Vote 11-4.
Rep. Sherman spoke against and yielded to questions.
Rep. Sytek spoke in favor.
On a division vote, 207 members having voted in the affirmative and 109 in the negative, the committee report was adopted.

SPECIAL ORDER
HB 551-FN, relative to preventing diversion of business income to tax havens. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**
Rep. Jordan G. Ulery for the Majority of Ways and Means. This bill would fundamentally change the manner New Hampshire collects taxes on businesses in the state that are organized overseas. While the analysis suggests an undeterminable increase in revenue, there is a corresponding large

increase in administrative costs by the DRA and a biannual review of foreign nations to determine which nations are or are not tax havens, a difficult to understand definition. The biannual review may involve declaring the property of our largest trading partner, Canada, in the name of its Queen, the islands of Jersey and Guernsey. New Hampshire already has too high tax on the entities that give our neighbors jobs. Do we really want to make the granite state even more unfriendly to business? Vote 13-8.

Rep. Richard Ames for the Minority of Ways and Means. Large multi-national corporations have developed elaborate schemes to avoid taxation by hiding profits in subsidiary corporations based in overseas tax haven jurisdictions. As currently structured, our business profits tax is unable to reach and tax NH's fair share of these profits, even though the profits are attributable to NH-based business activity. Smaller NH-based businesses are unable to engage in these international profit-shifting schemes and therefore bear a greater tax burden than the big multi-national corporations. HB 551, following the lead of Montana and Oregon, would amend our business profits tax so as to pierce this overseas corporate veil and close this unfair tax loophole. The bill identifies by name the overseas jurisdictions that are currently known to serve as tax havens. The bill includes a tax haven definition and a process to enable the periodic updating of the tax haven list. Profits realized by business organizations incorporated in these tax haven jurisdictions, unlike all other overseas corporations that are beyond the so-called "water's edge," are then brought back into the NH business profits tax apportionment formula. This system has been in effect to good effect in Montana for about a decade and in Oregon since 2013. The governor's budget estimated that this change in law in NH would produce $3.5M in FY 2016 and $8.0M in FY 2017.

LAID ON THE TABLE

Rep. Almy moved that **HB 551-FN,** relative to preventing diversion of business income to tax havens, be laid on the table.

Motion adopted.

BILLS REMOVED FROM THE CONSENT CALENDAR OF MARCH 11, 2015

HB 263, prohibiting residency restrictions on sex offenders. **OUGHT TO PASS.**

Rep. John F. Martin for Criminal Justice and Public Safety. The purpose of this bill is to prohibit municipalities from enacting residency restrictions on sex offenders. These restrictions tend to limit opportunities to decent housing, job opportunities and financial support. These restrictions often cause offenders to fail to accurately register their residency, making supervision more difficult and increasing the possibility of either reoffending or association with other offenders prohibited under the terms of their release. Vote 17-0.

LAID ON THE TABLE

Rep. Webb moved that **HB 263,** prohibiting residency restrictions on sex offenders, be laid on the table.

On a division vote, 203 members having voted in the affirmative and 106 in the negative, the motion was adopted.

BILLS REMOVED FROM THE CONSENT CALENDAR CONT'D

HB 492-FN-L, relative to military and historic reenactments and commemorations. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John E. Tholl for Criminal Justice and Public Safety. The bill, as amended, removes the reference to fireworks from the bills title as there is no reference to fireworks in the RSA. It removes the requirement to obtain a permit from the police chief and only requires notification of the police and fire chief. The amendment adds the requirement that only blank ammunition may be used and defines blank ammunition. Vote 15-0.

Amendment (0690h)

Amend the bill by replacing all after the enacting clause with the following:

1 Unauthorized Use of Firearms and Firecrackers. Amend RSA 644:13, II and III to read as follows:

II. For the purposes of this section[~~, "compact part"~~].

(a) "Blank ammunition" means a cartridge loaded with propellant and a wad, but no projectile.

(b) "Compact part" means the territory within a town or city comprised of the following:

[~~(a)~~] *(1)* Any nonresidential, commercial building, including, but not limited to, industrial, educational, or medical buildings, plus a perimeter 300 feet wide around all such buildings without permission of the owner.

[~~(b)~~] *(2)* Any park, playground, or other outdoor public gathering place designated by the legislative body of the city or town.

[~~(c)~~] *(3)* Any contiguous area containing 6 or more buildings which are used as either part-time or permanent dwellings and the spaces between them where each such building is within 300 feet of at least one of the others, plus a perimeter 300 feet wide around all the buildings in such area.

III. Paragraph I shall not apply to the firing or discharge of a cannon, gun, pistol, or other firearm within the compact part of a town or city for the following events, provided that the person responsible for organizing the event notifies the police department [~~of~~] ***and the fire department prior to*** the following events ***using blank ammunition***:

(a) The celebration of, or practice for the celebration of, military events, military funerals, national holidays, or other military or veterans commemorations, conducted by United States armed forces personnel; or

(b) Military re-enactors registered with the secretary of state's office ***and who meet the requirements of the state fire code pursuant to RSA 153:5***; or

(c) Funerals or commemorative events conducted by law enforcement agencies, fire departments, emergency medical services, or other public safety agencies***, or official veterans organizations including but not limited to the American Legion or Veterans of Foreign Wars***.

2 Unauthorized Use of Firearms and Firecrackers; Section Heading Amended. Amend the section heading of RSA 644:13 to read as follows:

644:13 Unauthorized Use of Firearms [~~and Firecrackers~~].

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires military and historic re-enactors to obtain permission from the fire department and comply with the state fire code and amends a section heading to remove an obsolete reference. Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.
Rep. Tholl spoke in favor.
Rep. Hoell spoke against and requested a roll call; sufficiently seconded.

HB 568-FN, requiring a supervisory law enforcement officer to arrest a law enforcement officer when the supervisor knows that the law enforcement officer has committed a criminal offense. **INEXPEDIENT TO LEGISLATE.**

Rep. Laura C. Pantelakos for Criminal Justice and Public Safety. The bill as written would have required a law enforcement supervisor to arrest an officer when he knows that the officer has committed a crime. This would make the supervisor guilty of a misdemeanor if he/she fails to make the arrest. Knowing that someone had committed a crime is vastly different in having probable cause to make an arrest. The bill removes discretion from the supervisor and should there be an ongoing investigation on the felony level making an arrest for a minor offense could detrimentally effect the more serious investigation, as Miranda rights and right to an attorney attach upon the arrest. Vote 16-0.

Rep. DiSesa spoke in favor.

Rep. Itse spoke against and requested a roll call; sufficiently seconded.

and the committee report was adopted.

HB 598, relative to the definition of deadly force. **INEXPEDIENT TO LEGISLATE.** Rep. Arthur E. Barnes for Criminal Justice and Public Safety. This bill would alter the definition of "the use of deadly force," which would impact the ability to use self defense. By tightening the definition of deadly force to an act that results in death or serious injury it likewise reduces the circumstances wherein a victim may use deadly force to defend themselves. Vote 16-0.
Rep. Abramson spoke against.
Rep. Tholl spoke in favor.
On a division vote, 298 members having voted in the affirmative and 5 in the negative, the committee report was adopted.

HB 317, relative to contracts between schools and school districts. **INEXPEDIENT TO LEGISLATE.** Rep. Mary Heath for Education. This bill requires an unrealistic burden on the house education committee by requiring the review and approval of non-public schools and also the review of contracts between schools and school districts. There is a process in place currently without legislating that legislators carry out this process. Vote 18-2.
Rep. Eastman spoke against.
Rep. Ladd spoke in favor.
On a division vote, 246 members having voted in the affirmative and 39 in the negative, the committee report was adopted.

HB 323, relative to the administration of the statewide assessment program. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Rick M. Ladd for Education. Currently statewide assessment occurs in grades 3, 4, 5, 6, 7, 8 and 11. This testing process also duplicates mandated assessments required by the elementary and secondary education act. It is widely believed that we are testing too much with valuable instructional time lost; a definite detractor to teaching and learning. Further, there are other reliable techniques to measure student growth: portfolios, teacher reports, transcripts, performance-based outcomes, student progress reports and on going formative assessments. Recently, the council of chief school officers recommended that states should have more control of improvement and assessment, rather than being driven by federal mandates. This bill, as amended, recommends that statewide assessments occur in grades 4, 6, 8 and 11. This process provides for testing one grade level within four grade spans extending from grade 3-12. This testing procedure would keep NH in compliance with federal testing levels. In addition, by using the SAT in grade 11 rather than smarter balanced, as does Maine, NH will have more students taking a college readiness assessment with the outcome of increased college enrollments by 2-3%. Lastly, testing is big business. Throughout the US, $2.5B is annually spent on testing. By eliminating smarter balanced testing in grades 3, 5 and 7, NH will also save an annual general fund expenditure of approximately $850,000+. Vote 20-1.

Amendment (0612h)

Amend the bill by replacing all after the enacting clause with the following:

1 Statewide Education Improvement and Assessment Program; Assessment Required. Amend RSA 193-C:6 to read as follows:

193-C:6 Assessment Required. Each year, a statewide assessment shall be administered in all school districts in the state in [~~grades 3 through 8 and one grade in high school~~] ***grade spans 3-4,***

5-6, 7-8, and 9-12. Evidence of student achievement submitted to the United States Department of Education and assessment data required in support of the performance base accountability system as provided in RSA 193-E:3-c and RSA 193-E:3-d in conformity with competency-based strategies identified in RSA 193-H:1 shall be collected in grades 4, 6, 8, and 11. All public school students in the designated [~~grades~~] ***grade within each grade span*** shall participate in the assessment, unless such student is exempted, or provided that the commissioner of the department of education may, through an agreement with another state when such state and New Hampshire are parties to an interstate agreement, allow pupils to participate in that state's assessment program as an alternative to the assessment required under this chapter. Home educated students may contact their local school districts if they wish to participate in the statewide assessment. Private schools may contact the department of education to participate in the statewide assessment.

2 Statewide Education Improvement and Assessment Program. Amend RSA 193-C:3, IV(i) to read as follows:

(i) At the end of grade [~~3~~] ***4***, to determine if pupils are reading at grade level on a standardized reading test to be developed by the department as part of a statewide assessment system.

3 Cost of an Opportunity for an Adequate Education. Amend RSA 198:40-a, II-a to read as follows:

II-a. An additional $675 for each [~~third~~] ***fourth*** grade pupil in the public school's ADMA in the determination year who has not tested at the proficient level or above in the reading component of the state assessment and who is not eligible to receive special education, English as a second language, or free or reduced-price meal program funds in the determination year.

4 Effective Date. This act shall take effect 60 days after its passage.

Rep. Ladd spoke against.

Committee amendment failed.

Rep. Ladd offered floor amendment (0806h).

Floor Amendment (0806h)

Amend the bill by replacing all after the enacting clause with the following:

1 Statewide Education Improvement and Assessment Program; Assessment Required. Amend RSA 193-C:6 to read as follows:

193-C:6 Assessment Required. Each year, a statewide assessment ***program designed to yield specific data to use in identifying and improving instruction and learning*** shall be administered in all school districts in the state in grades 3 through 8 and one grade in high school. ***If approved through a federal education waiver, the New Hampshire department of education shall further develop criteria for an application and approval process that will allow school districts to meet certain readiness criteria to participate in a local model of assessment and accountability. This process will allow approved districts to implement the statewide assessment only in selected grades as determined by the department and as identified in the New Hampshire Performance Assessment for Competency Education (PACE) pilot.*** All public school students in the designated grades shall participate in the assessment, unless such student is exempted, or provided that the commissioner of the department of education may, through an agreement with another state when such state and New Hampshire are parties to an interstate agreement, allow pupils to participate in that state's assessment program as an alternative to the assessment required under this chapter. Home educated students may contact their local school districts if they wish to participate in the statewide assessment. Private schools may contact the department of education to participate in the statewide assessment. ***Nothing in this section shall preclude the use of a well established, curriculum-based college readiness examination of academic achievement, such as the College Board SAT as the high school assessment, where approved for federal accountability purposes.***

2 Effective Date. This act shall take effect 60 days after its passage.

Rep. Ladd spoke in favor and yielded to questions.

Floor amendment (0806h) adopted.

Committee report adopted and ordered to third reading.

HB 244-L, relative to the permissible level of methyl tertiary butyl ether in drinking water. **INEXPEDIENT TO LEGISLATE.**

Rep. John T. O'Connor for Environment and Agriculture. After hearing testimony from the Department of Environmental Services, the Oil Fund Disbursement Board, along with public water systems companies, the majority of the committee has determined that setting a standard for 0 parts-per-billion

(ppb) of MtBE is a technical impracticability. In addition, HB 244 would only regulate public water supplies and not address the thousands of homeowners' wells. Currently the Federal EPA is responsible for ensuring the safety of drinking water in the USA. The EPA has set MtBE advisory standards for odor and taste at 20-40 ppb, and have stated, "Keeping MtBE below this level should provide protection against any health effects with a wide margin of safety." New Hampshire's DES has set the MtBE standard lower than the EPA guidelines to a level of 13 ppb. With the recent settlement of the MtBE lawsuit, DES has set up a MtBE Remediation Bureau to address the issue statewide. They are charged with the responsibility of developing a comprehensive plan on mitigating MtBE. In January of this year, DES signed a contract with the US Geological Survey to evaluate MtBE distribution and concentration trends of NH aquifers with a report due by the end of December 2016. Therefore, the majority feels steps are currently being taken to address the problem. Vote 17-0.
Rep. McConnell spoke against.
Rep. O'Connor spoke in favor.
On a division vote, 242 members having voted in the affirmative and 32 in the negative, the committee report was adopted.

HB 139-FN, relative to an emergency exception under the New Hampshire retirement system for certain part-time employment. **INEXPEDIENT TO LEGISLATE.**
Rep. Jacalyn L. Cilley for Executive Departments and Administration. This bill sought to allow certain part-time employees who are retired members of the NH Retirement System to exceed their allotted hours in an emergency declared by the governor. Retired members of the NHRS are statutorily prohibited from working more than part-time while simultaneously collecting retirement from the system. While the sponsor of the bill made a compelling case for the municipality he represents, and which currently has only part-time employees on their police force, the committee felt there are other remedies to this municipality's situation. Further, the committee was concerned that allowing exceptions to the current work guidelines for post-retirement employees may have a deleterious effect on the integrity of the NHRS fund. Vote 14-0.
Reps. Ratzki and Karrick spoke against.
Rep. Sytek spoke in favor.
Committee report adopted.

HB 459, establishing a committee to study medical services provided to residents of the New Hampshire veterans' home. **INEXPEDIENT TO LEGISLATE.**
Rep. Peter B. Schmidt for Executive Departments and Administration. The committee heard from numerous members of the NH veterans' home community: residents, board of managers members and staff, on this and other related bills. There was strong and credible testimony that the home is well managed and served by competent and caring staff. Given current budgetary realities, the committee believes medical services provided meet reasonably attainable and appropriate standards. Vote 14-0.

LAID ON THE TABLE

Rep. Theberge moved that **HB 459,** establishing a committee to study medical services provided to residents of the New Hampshire veterans' home, be laid on the table.
Motion adopted.

BILLS REMOVED FROM THE CONSENT CALENDAR CONT'D

HR 10, urging the department of justice to reexamine the conviction of Chad Evans. **INEXPEDIENT TO LEGISLATE.**
Rep. Paul S. Berch for Judiciary. This house resolution seeks to have the New Hampshire Attorney General investigate another time the conviction of Chad Evans for the brutal murder of twenty-one month old Kassidy Border, the daughter of his then girlfriend. It was clear to the judiciary committee that there is no legal authority for the legislature to compel such a re-evaluation by that office, and the committee noted that such a re-evaluation was conducted by the attorney general's office subsequent to the conviction. Mr. Evans was convicted of murder in a jury trial; a unanimous supreme court upheld his conviction; a federal court rejected his petition for writ of habeas corpus. The committee was informed that Mr. Evans will be proceeding in state court for habeas relief and unanimously agreed that would be the proper forum for him to present him claims, and this resolution is inappropriate and problematic. Vote 16-0.

MOTION TO INDEFINITELY POSTPONE

Rep. Hopper moved that **HR 10,** urging the department of justice to reexamine the conviction of Chad Evans, be indefinitely postponed.
On a division vote, 257 members having voted in the affirmative and 23 in the negative, the motion was adopted.

BILLS REMOVED FROM THE CONSENT CALENDAR CONT'D

HB 370-L, enabling counties and municipalities to establish minimum wage rates. **INEXPEDIENT TO LEGISLATE.**
Rep. Leon H. Rideout for Labor, Industrial and Rehabilitative Services. The committee felt that that allowing each municipality to create its own minimum wage would create a great deal of confusion for businesses in the state and be counterproductive in attracting new jobs to NH. If each municipality and county set their own minimum wage there could be up to 244 different rates. Vote 19-0.
Rep. Robertson spoke against.
Rep. Infantine spoke in favor.
Committee report adopted.

HB 402-FN, establishing the Franklin Partin right-to-work act. **INEXPEDIENT TO LEGISLATE.**
Rep. Brian Seaworth for Labor, Industrial and Rehabilitative Services. The committee received two nearly identical right to work bills this session. The committee unanimously recommends ITL and the focus be on HB 658. Vote 19-0
Rep. William O'Brien spoke against.
Rep. Infantine spoke in favor.
Rep. White requested a roll call; sufficiently seconded.

and the committee report was adopted.

RESOLUTION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, March 25, 2015 at 10:00 a.m.

Motion adopted.

LATE SESSION

Third reading and final passage

HB 563-FN, relative to funding for chartered public school pupils.

HB 336, relative to seasons for hunting by crossbow.

HB 564-FN, relative to prior authorization for certain prescription drugs.

HB 593-FN, permitting qualifying patients and registered caregivers to cultivate cannabis for therapeutic use.

HB 292, expanding the good Samaritan law to engineers and architects.

HB 403-FN, repealing the law relative to providing certain parameters for access to reproductive health care facilities.

HB 606-FN-L, relative to costs for public records filed electronically.

HB 613, relative to governmental records exempted under the right-to-know law.

HB 614-FN, implementing goals of the state 10-year energy strategy.

HB 450, relative to the definition of "employee" for the purposes of workers' compensation and unemployment compensation.

HB 205-L, relative to lending practices of energy efficiency and clean energy districts.

HB 272, designating the Ham Branch River watershed in Easton as a protected river, and exempting portions of the Ham Branch River watershed from the shoreland water quality protection act.

HB 391-FN, applying the E911 surcharge to prepaid cellular telephones.

HB 492-FN-L, relative to military and historic reenactments and commemorations.

HB 323, relative to the administration of the statewide assessment program.

RECESS MOTION

Rep. Hinch moved that the House stand in recess for the purposes of the introduction of bills and receiving Senate messages.
Motion adopted.

The House recessed at 6:30 p.m.

RECESS

(Rep. Murotake in the Chair)

RESOLUTION

Rep. Berube offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 12, 47, 50, 53, 62, 103, 110, 115, 168, 171, 172, 178, 183, 192, 194, 202, 209, 211, 223, 230 and 236 shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees.
Motion adopted.

INTRODUCTION OF SENATE BILLS

First, second reading and referral

SB 12, relative to jurisdiction over surrogacy cases under RSA 168-B. (Judiciary)
SB 47, repealing the payment of subminimum wages to persons with disabilities. (Labor, Industrial and Rehabilitative Services)
SB 50, relative to the content of a mortgage foreclosure notice. (Commerce and Consumer Affairs)
SB 53, repealing the interagency coordinating council for women offenders and transferring certain members and duties to the interbranch criminal and juvenile justice council. (Judiciary)
SB 62, relative to drivers' licenses for persons without a permanent address. (Transportation)
SB 103, relative to guardian ad litem reports and relative to the definition of incapacity for purposes of filing a guardianship petition. (Children and Family Law)
SB 110-FN, establishing the administrative supervision act. (Commerce and Consumer Affairs)
SB 115-FN, relative to the resale of condominium and subdivision time shares. (Commerce and Consumer Affairs)
SB 168, relative to the duties of the commissioner of the department of environmental services. (Resources, Recreation and Development)
SB 171, establishing a committee to study issues concerning parking for those with walking disabilities. (Transportation)
SB 172, relative to the size limitations of off highway recreational vehicles. (Resources, Recreation and Development)
SB 178, relative to optometrist participation in vision insurance plans. (Commerce and Consumer Affairs)
SB 183, allowing the fish and game department to offer lifetime hunting and fishing licenses for newborns. (Fish and Game and Marine Resources)
SB 192-FN, permitting the department of revenue administration to conduct employee candidate background checks and establishing the position of tax policy analyst within the department. (Ways and Means)
SB 194-FN, relative to epinephrine administration policies in postsecondary educational institutions. (Education)
SB 202-FN, relative to licensure of outsourcing facilities by the pharmacy board. (Commerce and Consumer Affairs)
SB 209-FN, adopting the Uniform Adult Guardianship and Protective Proceedings Jurisdiction Act. (Judiciary)
SB 211-FN, relative to taxation of employee leasing companies under the business enterprise tax. (Ways and Means)
SB 223-FN, relative to name availability for business organizations. (Commerce and Consumer Affairs)
SB 230-FN-L, relative to speed limits on state roads that are seasonally congested by pedestrian and bicycle traffic. (Transportation)
SB 236-FN, relative to alcohol ignition interlock requirements. (Criminal Justice and Public Safety)

RECESS

(Rep. Ohm in the Chair)

RESOLUTION

Rep. Carol McGuire offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 8, 22, 23, 32, 40, 49, 52, 55, 75, 77, 84, 86, 92, 108, 113, 117, 119, 124, 133, 134, 146, 151, 154, 160, 161, 163, 181, 200, 219, 250, 258 and 259 shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees. Motion adopted.

INTRODUCTION OF SENATE BILLS

First, second reading and referral

SB 8-FN-L, relative to appropriations for nursing homes. (Finance)
SB 22, relative to certain changes in the law governing the therapeutic use of cannabis. (Health, Human Services and Elderly Affairs)
SB 23, allowing certain advanced practice registered nurses to authorize involuntary commitment and voluntary admission to state institutions. (Health, Human Services and Elderly Affairs)
SB 32, relative to state agency budgetary reporting requirements. (Finance)
SB 40-FN, including a viable fetus in the definition of "another" for the purposes of certain criminal offenses. (Criminal Justice and Public Safety)
SB 49, relative to clinical eligibility determination for long-term care. (Health, Human Services and Elderly Affairs)
SB 52, establishing a commission to study the issue of residential tenancies in foreclosed properties. (Commerce and Consumer Affairs)
SB 55, allowing private employers to establish a policy granting a veterans' preference in employment decisions. (Commerce and Consumer Affairs)
SB 75, relative to unfair trade practices targeting veterans. (Commerce and Consumer Affairs)
SB 77-L, authorizing the creation of a special purpose village district within the town of Danbury. (Municipal and County Government)
SB 84, relative to the definition of "telemedicine." (Health, Human Services and Elderly Affairs)
SB 86, relative to state procurement of goods and services. (Executive Departments and Administration)
SB 92, establishing a committee to study public access to political campaign information. (Election Law)
SB 108-FN, relative to health care associated infections. (Health, Human Services and Elderly Affairs)
SB 113-FN-A-L, relative to video lottery and table gaming. (Ways and Means)
SB 117-FN-L, relative to energy security and diversity. (Science, Technology and Energy)
SB 119, relative to the regulation of consumer guaranty contracts and debt cancellation or debt suspension agreements by the insurance department. (Commerce and Consumer Affairs)
SB 124-FN, relative to filing felonies first in the superior court. (Judiciary)
SB 133-FN, relative to certain health care data and relative to certain workers' compensation medical claim data collected by the insurance department. (Health, Human Services and Elderly Affairs)
SB 134-FN, relative to the escheat of United States savings bonds. (Ways and Means)
SB 146, relative to accessory dwelling units. (Municipal and County Government)
SB 151-FN, requiring inclusion of home educated pupils in the definition of average daily membership in attendance. (Education)
SB 154, authorizing the department of safety to set fees for motorcycle rider education programs. (Ways and Means)
SB 160, relative to duplicate vessel registration certificates. (Transportation)
SB 161, relative to the wellness and primary prevention council. (Executive Departments and Administration)
SB 163, relative to wholesale hospital-to-hospital laboratory and testing services. (Commerce and Consumer Affairs)
SB 181, relative to registration fees for hunter education programs of the fish and game department. (Fish and Game and Marine Resources)
SB 200-FN, relative to newborn screening for Krabbe Leukodystrophy. (Health, Human Services and Elderly Affairs)
SB 219-FN, relative to breastfeeding. (Commerce and Consumer Affairs)
SB 250, relative to the jurisdiction and voting procedures of the executive branch ethics committee. (Executive Departments and Administration)

SB 258-FN, changing the timing of determination of weighted case units for the purpose of calculating the judicial branch budget request and judicial salaries. (Finance)
SB 259-FN-L, relative to place of assembly licenses. (Executive Departments and Administration)

RECESS

(Speaker Jasper in the Chair)

RESOLUTION

Rep. Flanagan offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bill numbered 264 shall be by this resolution read a first and second time by the therein listed title and referred to the therein designated committee.
Motion adopted.

INTRODUCTION OF SENATE BILL

First, second reading and referral

SB 264, relative to tipped employees. (Labor, Industrial and Rehabilitative Services)

RECESS

(Speaker Jasper in the Chair)

COMMITTEE ASSIGNMENTS

The Speaker made the following changes to committee assignments:
Rep. Sanborn on the Committee on Commerce and Consumer Affairs and off the Committee on Finance.
Rep. Hess on the Committee on Finance, Division II.
Rep. Weyler appointed Vice-Chairman on the Committee on Finance, Division II.

RECESS

(Rep. Chandler in the Chair)

RESOLUTION

Rep. Andrew Christie offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 19, 45, 67, 104, 105, 112, 125, 132, 137, 148, 155, 170, 186, 187, 195, 241, 249, 252, 254, 255 and 265 and Constitutional Amendment Concurrent Resolution numbered 5 shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees.
Motion adopted.

INTRODUCTION OF SENATE BILLS AND CACR

First, second reading and referral

SB 19, relative to the payment of restitution among and between co-defendants. (Judiciary)
SB 45, relative to opioid treatment agreements under workers' compensation law. (Labor, Industrial and Rehabilitative Services)
SB 67, establishing a commission to study opioid misuse in New Hampshire. (Health, Human Services and Elderly Affairs)
SB 104-FN, relative to licensure of research organizations by the pharmacy board. (Executive Departments and Administration)
SB 105, relative to child-resistant packaging for tobacco products and establishing a committee to study revising the indoor smoking act. (Commerce and Consumer Affairs)
SB 112, requiring the Medicaid managed care program to cover telemedicine services. (Health, Human Services and Elderly Affairs)
SB 125-FN, relative to certification and licensure for mold assessment or remediation services. (Executive Departments and Administration)
SB 132-FN, relative to dredging projects conducted by the Pease development authority division of ports and harbors. (Public Works and Highways)
SB 137, relative to cost-sharing parity for oral anti-cancer therapies. (Commerce and Consumer Affairs)

SB 148, relative to the shellfish inspection program. (Environment and Agriculture)
SB 155-FN-A, establishing a recovery fund for victims of the Financial Resources Mortgage (FRM) fraud and continually appropriating a special fund. (Commerce and Consumer Affairs)
SB 170, requiring the public utilities commission to ensure ratepayer protections with electric power suppliers and extending the time for the site evaluation committee to adopt certain rules. (Science, Technology and Energy)
SB 186, reestablishing the commission to study soft tissue injuries under workers' compensation and to study the feasibility of developing a first responder's critical injury fund. (Labor, Industrial and Rehabilitative Services)
SB 187, allowing a patient to designate a caregiver upon entry to a medical facility. (Health, Human Services and Elderly Affairs)
SB 195-FN, encouraging instruction in cursive handwriting and memorization of multiplication tables. (Education)
SB 241, relative to authorization for the town of Rindge to make capital expenditures from a trust fund. (Municipal and County Government)
SB 249, relative to the Hampton and Exeter district divisions of the circuit court. (Judiciary)
SB 252, establishing a committee to study a number plate commemorating Laconia Motorcycle Week. (Transportation)
SB 254, establishing a committee to study the provision of services to the public through peer-to-peer or sharing economy businesses. (Commerce and Consumer Affairs)
SB 255, establishing a low-wage service worker task force. (Labor, Industrial and Rehabilitative Services)
SB 265-FN, establishing the achieving a better life experience (ABLE) savings account program. (Education)
CACR 5, relating to legal actions. Providing that taxpayers have standing to bring actions against the government. (Judiciary)

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn.
Motion adopted.

HOUSE JOURNAL No. 11

Wednesday, March 25, 2015

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord.

Almighty God, creator of all things, large and small, seen and unseen, You delight in the world You have made, and all Your creatures are precious in Your sight, but our culture encourages us to compete and to compare; to view one another as rivals instead of as companions on a common journey. Help us to remember that we were all made in Your image; that each of us is inspired by the breath of Your spirit and lit from within by Your divine light. As we work together for the good of our country, open our eyes to see Your face in one another; open our ears to the voices crying out for justice and help us to use the gifts You have given us to restore and renew the world You created. Your creative spark lives on in us; empower us to make a difference. Amen.

Representative Douglas Ley, member from Jaffrey, led the Pledge of Allegiance.

The National Anthem was sung by Rebecca Mason of Litchfield.

LEAVES OF ABSENCE

Reps. Baroody, Comtois, Gladys Johnsen, Manning, Pitre, Kris Roberts and Russell, the day, illness.
Reps. Duane Brown, Coffey, Flanders, Kolodziej, Murotake, O'Hearne, Oligny, Carol Roberts, Silva, Gregory Smith, Souza and Daniel Sullivan, the day, important business.
Reps. Francis Chase and DeLemus, the day, illness in the family.

INTRODUCTION OF GUESTS

Bobby Brockway, student at Bedford High School, Page for the day.
Colleene Brockway, mother of the Page, guest of Rep. Bartlett. Cara Clark, guest of Rep. Piper. William Roderick and Joel Weinrebe, guests of Rep. LeBreche. Scott, Karen and Lyla Davis, guests of Rep. Duarte. Ken Dassau, guest of Rep. Gallagher. Lynne Mason, mother of the singer, guest of Rep. Bates. Members of the Kennett High School Key Club, Malcom Badger, Kristina Bean, Taylor Bouchard, Kevin Brogan, Isabelle Doucett, Cian Duffy, Tessa Greenhalgh, Logan Hagerty, Molly Robert, Maianna Robinson, Sarah Smith, Frank Thompson, Jack Thompson, Liam Van Rossom, and Mae Van Rossom, guests of Reps. Chandler, Buco, Butler, Frank McCarthy and Umberger. Mary Ann Harper, David Moloney, Richard Kanoff, Betty Anders, Elisa Benincaso, Pam Schules, and Irene Jenks, guests of Rep. Emerson. Fourth graders from Lincoln Street School in Exeter, guests of Reps. Berrien, Heffron, Simpson and Francese. Members of Leadership Seacoast, guests of the House.

MOTION TO VACATE

Rep. Rowe moved that the House vacate the reference of **SB 53,** repealing the interagency coordinating council for women offenders and transferring certain members and duties to the interbranch criminal and juvenile justice council, to the Committee on Judiciary.
Motion adopted.

The Speaker referred **SB 53** to the Committee on Criminal Justice and Public Safety.

MOTION TO VACATE

Rep. Hunt moved that the House vacate the reference of **SB 202-FN,** relative to licensure of outsourcing facilities by the pharmacy board, to the Committee on Commerce and Consumer Affairs.
Motion adopted.
The Speaker referred **SB 202-FN** to the Committee on Executive Departments and Administration.

MOTION TO SUSPEND HOUSE RULES

Reps. Flanagan and Shurtleff moved that House Rules be so far suspended as to introduce and consider at the present time a House Resolution, relative to honoring the contributions of New Hampshire's youth in government, without the required printing, referral to committee, public hearing and report from committee.
Motion adopted by the necessary two-thirds vote.

HOUSE RESOLUTION NO. 13

Honoring the contributions of New Hampshire's youth in government

WHEREAS, education is the bedrock of a democracy; and
WHEREAS, fourth grade curriculum in New Hampshire has long included references to studying New Hampshire history and government which brings in excess of 30,000 students to the state house in any given school year; and
WHEREAS, fourth graders, and indeed students from varying grades around our state, have for many years been responsible for initiating legislation designating, among other things, the state dog, state amphibian, state insect, state fruit, and state vegetable; and
WHEREAS, many honorable attempts have been made at the behest of students over the years to include items such as the state color, state beverage, state fossil, and state raptor, but have fallen short in their attempts in the fullness of the legislative process; and
WHEREAS, New Hampshire supports the rights of all her citizens to be involved in the legislative process, especially and including all the students who wander the halls of the oldest, continually used state house in the nation; now, therefore, be it
RESOLVED, that the New Hampshire House of Representatives recognizes and offers it's thanks to all students who have participated or will continue to participate in the legislative process; and be it further
RESOLVED, that the New Hampshire House encourages the youth of this state to be actively involved in the important deliberations of government and never be discouraged if legislation fails, but work twice as hard in the efforts in the future.
Offered by the House of Representatives.
Adopted.

CONSENT CALENDAR

Rep. Flanagan moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.
Consent Calendar adopted.

HB 121, making a technical correction to the negligent driving statute. **OUGHT TO PASS.**
Rep. David A. Welch for Criminal Justice and Public Safety. This bill changes only a statutory reference and there is no change in penalty. The committee unanimously supports this bill. Vote 17-0.

HB 230, relative to penalties for failure to timely discharge a mortgage. **OUGHT TO PASS WITH AMENDMENT.**
Rep. Arthur E. Barnes for Criminal Justice and Public Safety. Current state law requires that when a mortgage is paid off the lender must discharge that mortgage within 60 days. During the testimony, it was represented that the current law which has been in effect since 1905 fails to identify the party responsible to enforce the law. As amended, this bill would transfer the issue from criminal to civil law allowing the aggrieved party to seek restitution through the courts. Vote 16-0.

Amendment (0966h)

Amend RSA 479:8 as inserted by section 1 of the bill by replacing it with the following:

479:8 Penalty. Any mortgagee violating the provisions of RSA 479:7, or any mortgagee who after the satisfaction of [~~his~~] ***the*** mortgage refuses to give a sufficient discharge of such mortgage, shall [~~be guilty of a violation~~] ***be liable for damages to the mortgagor at the rate of $200 for each week after the expiration of the 60 days up to a maximum of $5,000 or in an amount equal to the loss sustained as a result of the failure of the mortgagee to execute and deliver a release, whichever is greater, plus costs and reasonable attorney fees.***

AMENDED ANALYSIS

This bill permits the mortgagor to recover damages from a mortgagee who fails to release a mortgage in a timely manner.

HB 329, relative to a construction project at the state veterans cemetery. **OUGHT TO PASS.** Rep. David J. Danielson for Finance. This bill provides the New Hampshire State Veterans Cemetery Association with the authority to design and construct an addition to the administration building at the state veterans cemetery subject to the approval of the capital budget overview committee established in RSA 17-J without the use of any state funds. It provides project oversight by mandating that the New Hampshire State Veterans Cemetery Association shall utilize a licensed independent architect or professional engineer to oversee the design and construction of this addition. This architect or professional engineer shall be selected by mutual agreement by the department of administrative services, division of public works design and construction, and the New Hampshire State Veterans Cemetery Association. Additionally, the department of administrative services, division of public works design and construction shall provide oversight of the design and construction of the building addition and the division of public works design and construction shall represent the adjutant general and the state in order to assure compliance of the plans and specifications for the project with accepted state standards for building design and construction. The building shall not be deemed completed until certified by the division of public works design and construction that the addition has been constructed in accordance with the above standards. The New Hampshire State Veterans Cemetery Association shall reimburse the division of public works design and construction for its design and construction oversight services at a cost not to exceed 4 percent of the project cost. Vote 21-0.

HB 354, relative to the closing of clam, oyster, and other bivalve areas for restoration. **OUGHT TO PASS.** Rep. Laurie J. Sanborn for Finance. This bill authorizes the executive director of the fish and game department to close bivalve areas for restoration purposes. It passed the policy committee on a 13-0 vote. It came to finance for a review of the financial implications. Since there are none, the finance committee unanimously voted the bill OTP. Vote 22-0.

HB 577-FN-A-L, establishing a children's savings account program. **OUGHT TO PASS.** Rep. Joseph A. Pitre for Finance. This bill establishes the children's savings account program commission and the children's saving account (CSA). The bill allows the commission to accept gifts, grants and donations for deposit into the CSA fund. This program does not use any government funds. Vote 21-0.

REGULAR CALENDAR

HB 468-FN, requiring a warrant to obtain electronic device location information. **OUGHT TO PASS.** Rep. Len DiSesa for Criminal Justice and Public Safety. This bill regulates the use of electronic device location information and was originally referred to the ED&A committee, which passed with a motion of ought to pass with amendment, 11-1. HB 468, which is supported by the department of safety, puts the burden on a government entity - where it belongs - requiring that entity (whether it is a state, local or federal agency) to get a warrant in front of a neutral and detached magistrate before the communication device is utilized in any investigative capacity. The bill stipulates the exceptions to the warrant process depending on exigent circumstances. The criminal justice committee had consensus on the penalty stipulating a class B misdemeanor for violating this statute. Vote 14-3. Committee report adopted and ordered to third reading.

HB 645-FN, relative to the licensure and regulation of child day care agencies. **OUGHT TO PASS.** Rep. Robert R. Cushing for Criminal Justice and Public Safety. This bill establishes that anyone who operates a licensed or unlicensed child care facility where a child suffers permanent impairment to brain function, permanent paralysis, or other permanent depilatory injury as a result of that person's negligent operation shall be guilty of a class B felony. This is consistent with penalties for other negligent homicide. Vote 16-0.
Committee report adopted and ordered to third reading.

HB 215-FN, relative to school building aid grant payments. **INEXPEDIENT TO LEGISLATE.** Rep. Kenneth L. Weyler for Finance. This bill proposes keeping school construction aid at a fixed amount of $50 million for the foreseeable future. It would adjust for payments on previously-issued school construction bonds. These payments are $42.8 million in 2016 and $37 million in 2017, leaving

$21.2 million available for building aid in the next biennium. The bill also allows for this money to be used for additional bonding. Bonding is what has caused problems in the school building aid program. Bond payments for five-year old construction cost $14.4 million per year from the meals and room tax revenue. We have had over a decade of declining enrollment in our schools. The original purpose of school construction aid was to assist districts that had growing enrollments to properly house those students. With declining enrollments, this purpose no longer applies. Districts might wish to have new schools, but in the present tight fiscal situation, there are more pressing needs. Vote 20-2.
Rep. Cahill spoke against.
Rep. Weyler spoke in favor and yielded to questions.
Committee report adopted.

HB 357, relative to notice of change of name or address on a driver's license and on the registration of a vehicle. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**
Rep. Karen C. Umberger for the Majority of Finance. The DOT budget presented in the committee amendment to HB 357 reflects a budget that lives within our current means, without raising the road toll or registration fees. As a result, there is a stark reduction in funds available for our transportation infrastructure. It is a baseline, bare bones proposal that some may call fiscally responsible and others may call irresponsible due to layoffs and service cutbacks that may come as a result. The majority of the committee understands both sides of the argument. This effort, although extremely painful for both budget writers and state employees, has provided us with an opportunity to see what happens when the can is kicked down the road for far too long. A decade of reliance on one-time revenue sources, creative but temporary accounting solutions, as well as a decline in federal funding have lead us to our current situation. Here are the facts: the department believes that if this proposal were to become law, 400 of our valuable DOT employees may face layoffs. It would result in substantially reduced services including mowing, paving, maintenance, mechanical services, equipment, and bridge maintenance, among many other DOT functions. Under this proposal, the department would be facing a reduction in funding of $88.2 million, which represents a 42% cut in highway funds. These reductions will have a significant impact on the services our citizens, visitors, and business community have come to expect from DOT. There are no longer opportunities to employ temporary fixes to correct this disparity. Finance committee members with decades of experience have explored dozens of options. The only solution would be new or increased revenue streams into the highway fund. This would come in the form of higher registration fees and/or an increase in the road toll. However, the finance committee must work within the existing revenue framework unanimously approved by a bipartisan vote of the house ways & means committee. Despite reducing the use of highway funds to support the department of safety to the statutory level, a provision that had been suspended in past years, reductions of more than 40% are still necessary to produce a balanced DOT budget for the next biennium within the house-passed revenue estimates. The committee believes strongly in the legislative process and our ability to work collectively to find solutions to the tough problems our state faces. We must all do what we believe is in the best interests of our constituents. Through this process the house, and eventually the senate, will be able to choose a path forward. The committee chose to present this as the baseline option. This is the first step. Vote 15-11
Rep. Daniel A. Eaton for the Minority of Finance. The amendment to HB 357 will cripple and eviscerate the department of transportation (DOT). The effect of HB 357, as amended, will be a reduction of over 690 employees, almost half of the entire workforce. Fifty maintenance sheds and at least 2 district offices will be shuttered. Almost all DOT construction programs will cease as will most federal funds for projects and services due to failure of maintenance of efforts. Finally some 2500 miles of roadway and up to 1000 bridges will be left to local communities to maintain if they so choose. Of the 1000 bridges left behind, many may be subject to emergency closure. The result of HB 357 is irresponsible and unconscionable. The primary purpose of government is public safety. HB 357 abdicates that responsibility.

Majority Amendment (1015h)

This amendment was printed in its entirety in House Record No. 23, March 20, 2015 and is made part of this Journal by reference.
Rep. Kurk spoke against and yielded to questions.
Rep. Shurtleff requested a roll call; sufficiently seconded.

and the majority committee amendment failed.
Motion of Ought to Pass adopted and ordered to third reading.
Rep. Wright voted Yea and intended to vote Nay.

HB 572-FN-L, relative to taking land by eminent domain for high pressure gas pipelines and requiring payment of the land use change tax when land is taken by eminent domain to build energy infrastructure. **OUGHT TO PASS.**
Rep. Susan W. Almy for Ways and Means. Although this bill came to ways and means, it deals only with local taxation, which is the sphere of the municipal and county government. That committee and the floor approved the existing language. No ways and means policy is involved. Vote 15-0.
Rep. Ammon requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

RESOLUTION

Rep. Flanagan offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, April 1, 2015 at 10:00 a.m.

Motion adopted.

LATE SESSION

Third reading and final passage

HB 121, making a technical correction to the negligent driving statute.
HB 230, relative to penalties for failure to timely discharge a mortgage.
HB 329, relative to a construction project at the state veterans cemetery.
HB 354, relative to the closing of clam, oyster, and other bivalve areas for restoration.
HB 577-FN-A-L, establishing a children's savings account program.
HB 468-FN, requiring a warrant to obtain electronic device location information.
HB 645-FN, relative to the licensure and regulation of child day care agencies.
HB 357, relative to notice of change of name or address on a driver's license and on the registration of a vehicle.
HB 572-FN-L, relative to taking land by eminent domain for high pressure gas pipelines and requiring payment of the land use change tax when land is taken by eminent domain to build energy infrastructure.

UNANIMOUS CONSENT

Rep. Cynthia Chase requested Unanimous Consent of the House in regards to Genocide Awareness Month and addressed the House.
Rep. Piper requested Unanimous Consent of the House regarding a thank you on HB 645-FN and addressed the House.
Rep. Frederick Rice requested Unanimous Consent of the House in regards to West Point and addressed the House.
Rep. Cushing requested Unanimous Consent of the House regarding 4th graders visiting the State House and addressed the House.
Rep. Moffett requested Unanimous Consent of the House regarding memorial remarks for the former member from Canterbury, the Honorable Bob Lockwood and addressed the House.

MOTION TO PRINT REMARKS

Rep. LeBrun moved that the remarks made by Rep. Frederick Rice be printed in the Permanent Journal. Motion adopted.

REMARKS

Rep. Frederick Rice: Thank you, Mister Speaker. Last week, while most of us weren't here, a significant anniversary took place. Monday, March 16, was the 213th anniversary of the founding of the United States Military Academy at West Point. For those who are not familiar with West Point, it is the world's premier leadership development institution. Our country has depended on West Point graduates to lead it to victory in all of it's major wars, Grant and Lee in the Civil War, Pershing in the first 1st World War, Eisenhower, MacArthur and Patten in the 2nd World War, Ridgway in Korea, Westmoreland and Abrams in Vietnam and Schwarzkopf, and Petraeus in the Middle East. In addition to be a premier military institution, West Point produces leaders in many other areas as well. The CEO's of such companies that you may have heard of, such as AT&T, the Marriott Corporation, the New York Stock Exchange, General Mills, Mercedes, have all been captained at one time or another, or at present, by West Point graduates. At the present time, there is a West Pointer who is trying out for the Boston Red Sox. He's fulfilled his military obligation and he is now trying out and he has a fairly good chance, I think. We hope. In the future, three West Point graduates will be going to the International Space Station. One of them will be staying for a full year. West Point excels academically. It has produced more Rhodes Scholars than any school or university in the country, except Harvard, Princeton and Yale. It has produced more Hertz Fellowships, which is the scientific equivalent of Rhodes, than any school in the country other than Stanford, MIT and CalTech. It has produced more Rhodes and more Hertz Scholarships than the two other major service academies combined. We are very proud of that. Now, if we could only beat Navy a little bit more. How does West Point do this? They do it by starting on day one inculcating leadership traits. They introduce a concept and then reinforce it steadily over the next four years. On the first day that every freshman or plebe reports into West Point, one of the many things that they are issued that day is a small book called The Bugle Notes. In it, it is filled with military information, the history of the military, the history of the military academy, some specific information that they will use on a day to day basis. Some of it is inspirational and some of it is guidance. One of the things that is

my favorite quotation from The Bugle Notes is a brief quotation that I have had framed on the wall of my office for some forty years. It is extremely inspirational. It pertains to integrity, leadership and justice and I would like to leave you with that quotation right now. It is taken from an Address given to the Corp of Cadets in 1820 by Brevet Major William Jenkins Worth, who was then the Commandant of Cadets. It's called *The Battalion Orders*. It pertains to everyone. It especially pertains to people like us in a public body. It pertains to everyone from the political left to the political right. It pertains to everyone from the lowest to the highest ranks within our midst and it goes like this: "But an officer on duty knows no one -- to be partial is to dishonor both himself and the object of his ill-advised favor. What will be thought of him who exacts of his friends that which disgraces him? Look at him who winks at and overlooks offenses in one, which he causes to be punished in another, and contrast him with the inflexible soldier who does his duty faithfully, notwithstanding it occasionally wars with his private feelings. The conduct of one will be venerated and emulated, the other detested as a satire upon soldiership and honor." And now the final two words that are more important to Cadets, beat Navy. Thank you.

MOTION TO PRINT REMARKS

Rep. Hinch moved that the remarks made by Rep. Cushing be printed in the Permanent Journal. Motion adopted.

REMARKS

Rep. Cushing: Thank you, Mister Speaker. I first came to the State House with Mrs. Down's fourth-grade class from Center School in Hampton. I remember walking through that door into this chamber and I felt like I was walking into a cathedral. I felt like I was walking into a sacred space and I could have a sense like all sacred space that there were spirits here and that is was a very special place. The first time I ever spoke in this chamber, I was in high school. My cousin, Ralphie, Private First Class Ralph Norgren had come back from Vietnam in a chair with stumps instead of legs and it affected my family and made me ask a lot of questions. One thing I asked myself was, why is it that Ralphie could be sent away to fight in a foreign country but he didn't have the right to vote for the government that would make that decision about whether he would go to war? So would another number of kids in New Hampshire get together to try to ask the Legislature to lower the voting age to eighteen from twenty-one. A bill was introduced and I came to testify on that bill and I stood right here. That was before there was a legislative office building when the Legislature would hold hearings on bills and I stood before the members of the committee and I explained my position and others did too. Though, the committee did not adopt the bill that I wanted them to pass, what I remember is I was treated with respect. No one suggested that I shouldn't be here advocating for a change in the law. No one made fun of the legislation. No one mocked me. I even got, after the hearing, I even got to go up to the third floor into the office of the Speaker of the House of Representatives. A guy from a Hudson suburb, from Nashua, Speaker Cobleigh and what I remember about Speaker Cobleigh telling me is, "You know, it might not pass this time, but you know, maybe someday you'll come back if they don't do it, you can come back as a legislator and you can make the case here and vote for that. In 1984, I stood here for the first time as an elected official. I was in the Con-Con and there are some familiar faces from thirty-one years ago still in this chamber and I got to stand here with Marshall Cobleigh, which was kind of an interesting full circle for me. Last fall, I was approached about sponsoring a piece of legislation that a group of fourth-graders in Hampton Falls were interested in seeing passed. It wasn't my, I didn't think right away, I didn't run to it, but as I met with those fourth-graders, they told me they wanted to have the Red-Tail hawk become a state raptor. What got me about it was their reasoning. They said the Red-Tail hawk, it's an animal where both the male and the female participate in the raising of the young and they thought that would be a really good symbol for the state. You know, when a nine and ten-year old tells you that both parents participating in the raising of a young is a good thing and we ought to have a symbol for it, I wanted to listen. They worked hard on the legislation. These are the kids who gave up recess and lunch hour to work on their legislation. They appeared before the Environment and Agriculture Committee. They heard the bill was given a hearing and that there was a favorable vote for it. The last Session, they came here with their parents and their teacher, Mr. Cutting, and as you will recall, they were introduced as our guests and people stood up and applauded them and they were excited because they had their t-shirts on. I had gone to the school a couple of days before to tell them what was going to happen, I thought. We had a discussion about

the majority and minority report. They criticized the minority report, but I told them, just listen to the debate. I assured them, I said, "You know, the House, sometimes some people are cranky, but we are not mean." When the debate took place on HB 373, I don't think that people took as serious the legislation before them as the fourth-graders and their parents did. I don't think the debate was our finest hour. I don't think it was very elevated. To my colleagues who have a problem with the idea that we should be discussing bills like the State raptor, I want to say, nobody rode their bicycle up here, climbed up on the table at legislative services and signed off on a bill. If people have a problem with legislation, come speak to myself or any of the other sponsors of this bill because we are responsible, not fourth-graders. I think that in the aftermath, we know that there has been a fair amount of attention paid to what we did that day. After the vote, I went up and greeted or spoke to the fourth-graders and their parents and told them that it is not always like this here. That we really aren't as mean and cranky as perhaps your perception was of that day and that hang in there, we will try and bring this back and to thank them for inspiring me and inspiring a lot of other people. So, Mister Speaker, I want to stand here today and I want to apologize to the fourth-graders of Lincoln Ackerman School and their teacher and their parents and I want to apologize to every fourth-grader and every parent in the state for the reception that they were given last week during the debate on HB 373. One of the things that happened after the debate was that they rode back on the bus and a parent asked the kids if they wanted to become politicians, if they wanted to become involved in politics and they said, "No, we don't want to be mean." I want to say to those fourth-graders and to every fourth-grader, that notwithstanding how we were on that day, that we need you to become involved, that you are important to us, that you represent the future and without you we are lost and I want to thank you for inspiring us to debate the State raptor for New Hampshire.

MOTION TO PRINT REMARKS

Rep. Shurtleff moved that the remarks made by Rep. Moffett be printed in the Permanent Journal.
Motion adopted.

REMARKS

Rep. Moffett: Thank you, Mister Speaker. I just want to take a moment to remember the life of a former member of this House and a singular man and in the interest of time, I have been asked not to request other members of the Merrimack County Delegation or others of you who may remember Bob Lockwood, to come down to the well. I want to talk about him for just a moment. Bob Lockwood was a singular man. He was born in Concord. He was educated at Concord High, then at UNH, and then he got his masters at Boston University. He served in the Korean War and he served proudly as a soldier's soldier and he later served as a veteran's veteran. He worked in the family business, Lockwood Young Concrete. In 1960, he moved to Canterbury after marrying the lovely Priscilla Parmenter, known to many of you as Representative Priscilla Lockwood. He worked for the Concord Monitor as a reporter and city editor and he was a newspaperman's newspaperman. He served in this House for twelve years, from 1986 to 1998, chairing the judiciary committee for part of that time. When he retired, as many of you know, he was succeeded by his wife, my former colleague, Priscilla Lockwood of Canterbury who deserves accolades in her own right, but that is for another day. Today we just want to remember Bob. He passed away on February 15 after a long career. In addition to being a soldier's soldier, a veteran's veteran, a newspaperman's newspaperman and a legislator's legislator, he was a giant in the Canterbury community. He wrote the history of the Canterbury Fair --"Always the last Saturday in July." In so many others ways, he contributed to our community in ways that it is impossible to express so I won't say more now, but I would like to ask you to stand and remember Bob Lockwood. Thank you.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the former member from Canterbury, the Honorable Bob Lockwood.

RECESS MOTION

Rep. Flanagan moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.
Motion adopted.

The House recessed at 11:10 a.m.

RECESS

(Rep. Cynthia Chase in the Chair)

SENATE MESSAGE
CONCURRENCE

HB 467-FN, relative to the 14-month registration of off highway recreational vehicles.

ENROLLED BILL AMENDMENT

HB 467-FN, relative to the 14-month registration of off highway recreational vehicles.

Amendment (1177-EBA)

Amend RSA 215-A:21, X as inserted by section 1 of the bill by replacing line 2 with the following: include the months of May and June for [~~an initial~~] ***a*** registration of an OHRV under RSA 215-A:23, Motion adopted.

RECESS

(Rep. Packard in the Chair)

RESOLUTION

Rep. Potucek offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 7, 29, 30, 31, 48, 57, 58, 64, 72, 111, 114, 135, 136, 144, 145, 153, 157, 159, 167, 169, 179, 188, 189, 190, 191, 203, 314, 214, 216, 221, 227, 232, 234, 235, 238, 240, 242, 243, 244, 248, 251 and 266 and Senate Concurrent Resolutions numbered 1 and 2 shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees.
Motion adopted.

INTRODUCTION OF SENATE BILLS AND SCRS

First, second reading and referral

SB 7, adding duties to the joint health care reform oversight committee. (Health, Human Services and Elderly Affairs)
SB 29-FN, relative to fines for motor vehicle offenses. (Transportation)

SB 266-FN, adopting the Uniform Securities Act. (Commerce and Consumer Affairs)
SCR 1, recognizing the contribution of Bhutanese refugees to New Hampshire, and requesting the United States government to work diligently on resolving the Bhutanese refugee crisis, reaching an agreement to allow the option of repatriation, and promoting human rights and democracy in Bhutan. (State-Federal Relations and Veterans Affairs)
SCR 2, urging Congress to discontinue foreign aid to Argentina until financial disputes are resolved. (State-Federal Relations and Veterans Affairs)

RECESS

(Speaker Jasper in the Chair)

Rep. Packard moved that the House adjourn.
Motion adopted.

HOUSE JOURNAL No. 12

Wednesday, April 1, 2015

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Susan Grant Rosen from Charlestown Congregational Church.
Gracious God, we don't need to invite You into the room, because You are already here. We thank You for Your presence with us today. You lead us to what is true and good, so that the human community may come to reflect Your loving order. Bless the work of this people's House. Inspire those who labor in it with Your wisdom and justice. Grant them enthusiasm and joy in their work; kindness and forbearance in their relations with each other, and at the end of the day, fulfillment rather than fatigue. As they work to advance the common good, guide them in making decisions that are just. Make them especially attentive to the needs of the poor, the sick, the aged and all who struggle with little hope, for these are the focus of Your own special concern and care. May the work of this House mirror Your compassion, and foster an excellent quality of life for all in our state, so that all citizens may be grateful and You may be glorified. We ask this in Your Holy name. Amen.

Representative Edith Hogan, member from Nashua, led the Pledge of Allegiance.

The National Anthem was sung by Ruth Barron, a student at Kingswood Middle School in Wolfeboro.

LEAVES OF ABSENCE

Reps. Baroody, Comtois, Gladys Johnsen, Parsons, Rokas, Russell and Sanders, the day, illness.
Reps. Flanders, Friel, Jeffrey Shackett and Takesian, the day, important business.
Reps. Francis Chase and DeLemus, the day, illness in the family.

INTRODUCTION OF GUESTS

Emma Williams and Dylan Barlow, students at Bishop Guertin High School, Pages for the day.

David Ward, Sherry Thompson, and Anna Greenlaw, husband and guests of Rep. JoAnne Ward. Joel Weinrebe, guest of Rep. LeBreche. Lisa Casanova-DiFranco, daughter-in-law of Rep. DiFranco. Ruth Pierce, wife of Rep. Pierce. Melissa Donovan-Madden and Michael Keefe, guests of Rep. Donovan. Members of the National Day of Prayer Board/Prayer Strike New Hampshire and Associates, guests of Rep. Cook. Roy and Karen Barron, Geri Andrea, and Kristy Verrill, parents of the singer, guests of Reps. Avellani, Comeau and Nelson. Fourth graders from Groveton Elementary School, guests of Reps. Moynihan and Rideout. Fourth graders from Strafford Elementary School, guests of Reps. Fothergill and Rappaport.

CONSENT CALENDAR

Rep. Flanagan moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.
Consent Calendar adopted.

SB 264, relative to tipped employees. **OUGHT TO PASS WITH AMENDMENT.**
Rep. William J. Infantine for Labor, Industrial and Rehabilitative Services. This bill adds the term "Ballroom" as defined by the New Hampshire liquor commission to the tipping law which will allow ballrooms to pay the subminimum wage plus tips like all other restaurants and bars. There are only two ballrooms as defined by the New Hampshire liquor commission in the state. This issue came to light after a New Hampshire department of labor audit and all parties agreed that this type of establishment should always have been included in the law from when it was originally passed. The New Hampshire department of labor supports this legislation. The labor committee is always wary of passing legislation for one or even a few businesses as a standard practice. This is a rare case where the committee felt a change was necessary to fix an unintended omission to a long existing law. This omission went unnoticed until this audit was performed and a strict interpretation of the existing law was applied. Vote 19-0.

Amendment (1116h)

Amend RSA 279:1, XVI as inserted by section 2 of the bill by replacing it with the following:

XVI. "Ballroom" means an indoor facility which has seating accommodations for at least 500 patrons, provides live entertainment, and is licensed by the New Hampshire liquor commission.

REGULAR CALENDAR

HB 25-FN-A, making appropriations for capital improvements. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Gene G. Chandler for Public Works and Highways. The treasurer indicated to the committee that a $130 million capital budget would be about the maximum we should have this biennium, and reduce the next biennium to $125 million and the following to $120 million. The committee chose to be prudent and jump right to the next biennium's level, which we have done. As is usual, the capital budget is really an economic engine for the state as there are many projects statewide which not only improve the state's infrastructure but also provide many jobs, a better experience for our citizens and our visitors. The following are major items in the capital budget: The adjutant general will receive funds for the columbarium expansion at the veterans' cemetery as well as other building and repair projects. The department of administrative services has a number of roofing projects, safety code issues, restroom upgrades and ADA improvements. Funds for upgrades and improvements at the state house, in order to put on a good face for our upcoming celebration of the 200th anniversary of the state house. Also included is money to complete the repairs to the state house dome which is in very poor condition. Funding of $16,600,000 is included for a new Merrimack County courthouse to be located on Hazen Drive or elsewhere in Concord if a suitable site can be found in time to start this project in a timely fashion. The community college system will receive $14,200,000 for a number of projects and the University System is scheduled to receive 5 million dollars for system-wide deferred maintenance. The New Hampshire State Prison for Women project will receive an additional 12.6 million dollars. Preliminary bids were way in excess of the $38 million included in the last capital budget and we have been assured that with this $12.6 million a new design and women's prison can be completed. We have added language which says the new design must incorporate changes to minimize staffing and other costs once completed. A new design will not only save construction money but long term operation costs. The committee approved two career and technical education (CTE) projects; one in Dover and one in Somersworth, totaling $7,900,000 in state funds. Local funds provide a 25% match. The department of environmental services is on tap to receive funding for a number of dam reconstructions, hazardous waste superfund match; drinking water and clean water facility funds to help our communities. Additionally, $1.8 million is allocated for infrastructure improvements in the Suncook River to prevent the loss of the state owned bridge spanning the river. Health and human services is scheduled to receive funding for a potable water system at the Glencliff Home as well as other much needed life safety upgrades at Glencliff. Department of information technology will be getting funds to upgrade cyber security as well as expansion of the virtual server environment and enterprise collaboration solution. The judicial branch e-court system has proven to be very successful in saving time and expenses, not only for the judicial system but citizens as well, and will receive continued funding to the tune of 1.6 million dollars. The liquor commission will receive new funding from the liquor commission fund (RSA 176:16) for 3 new projects; replacing the leaking Concord warehouse roof, in-store security systems and a new consumer internet ordering site. In addition to these projects, liquor funds that were approved in the last capital budget for construction of 3 new retail stores in Salem, Epping and Warner became available due to the commission's decision to lease sites rather than build new stores. This money is now being used to complete the renovation of the Concord Storrs Street former retail location to office space and consolidate the agency in one location, to supplement the Concord warehouse roof replacement project, to start plans for layout and design of the Portsmouth Traffic Circle Store, to implement consistent signage at all locations statewide, and most significantly, to supplement the prior capital budget appropriation to upgrade the outdated point of sale software and hardware in 78 stores and back offices to be PCI (Payment Card Industry) compliant. The Piscataqua River Turning Basin project is a very vital project for the state and the Pease Development Authority in order to be able to turn the new size vessels that will be able to go up-river as soon as the new bridge is complete. The total project is $19 plus million and we are receiving almost $14 million in federal funds to

complete it. In past capital budgets the committee has tried to catch up on needed projects for our state parks so accordingly, the department of resources and economic development will receive funding for a number of statewide roofing projects, parking lot improvements and restoration and bathroom projects. The department of safety will receive funding for a number of safety related items including the radio interoperability project. The committee worked very hard to ensure that any highway funds used to fund items for the department of safety are appropriate. We include planning and design money for a very necessary addition to the state archives building to enable the proper storage of not only our historic documents but other necessary documents. The veterans' home got the okay for $13,550 million for a third floor addition to provide rooms and care of dementia patients at the home - $8.8 million in federal funds will be utilized to complete this much needed and worthy project for our veterans. The department of transportation has a number of projects including mandatory underground fuel tank replacements, salt and patrol sheds and a new system for processing oversize and overweight permits and welcome and information center improvements. As proposed, this budget authorizes $124,817,373 in general fund spending down from $134,544,611 as originally submitted. Additionally, we take advantage of $118,394,100 in federal funds. The committee unanimously approved HB 25 as amended. Vote 18-0.

Amendment (1121h)

Amend the bill by replacing all after the enacting clause with the following:

1 Capital Appropriations. The sums hereinafter detailed are hereby appropriated for the projects specified to the departments, agencies, and branches named:

I. Adjutant General	
A. Columbarium Expansion	$1,495,000
Less Federal Funds	-1,495,000
Net state appropriation subparagraph A	0
B. Construction of FMS - Southern NH	10,600,000
Less Federal Funds	-10,600,000
Net state appropriation subparagraph B	0
C. Construction of FMS - Seacoast Area	9,400,000
Less Federal Funds	-9,400,000
Net state appropriation subparagraph C	0
D. Readiness Center Design	1,200,000
Less Federal Funds	-1,200,000
Net state appropriation subparagraph D	0
E. Health and Safety Army Facility on Federal Property	1,000,000
Less Federal Funds	-500,000
Net state appropriation subparagraph	500,000
Total state appropriation paragraph I	$500,000
II. Department of Administrative Services	
A. Statewide Projects	
1. All State Owned Facilities - Emergency Repairs	$1,000,000
2. Statewide Energy Efficiency Improvements	500,000

1. Hills Ave. - New Roof	775,000
2. Monadnock Mill - Wall Repair	195,000
3. Health and Human Services - New Lab Floor	110,000
4. Department of Justice - New Roof	545,000
5. Monadnock Mill - Elevator Upgrade	210,000
6. Materials and Research - HVAC Upgrades	380,000
7. All Buildings - Burglar Alarm Replacement	215,000
8. State House Repairs	1,350,000
9. State House Dome	1,343,058
10. State Library - Repair Parapet and Ceiling	280,000
11. Department of Justice and Philbrook - Elevator code issues	120,000
C. Facilities and Asset Management	
1. Brown Building - Roof Replacement	905,000
2. Dolloff Building - ADA Restrooms and Entryway	505,000

D. Court Facilities	
1. Merrimack County Superior Court - New Courthouse*	16,600,000

*The primary location for the siting of the facility shall be in Concord on state lands adjacent to the supreme court. If an alternative location is deemed necessary, the siting for the facility shall be subject to prior approval of the capital budget overview committee.

Total state appropriation paragraph II	$25,033,058
III. Community College System of New Hampshire	
A. Critical Maintenance	$4,000,000
B. IT Infrastructure	2,800,000
C. HVAC Electrical Technology	7,000,000
D. Phase II, IT STEM Lab in Claremont	400,000
Total state appropriation paragraph III	$14,200,000
IV. Department of Corrections	
A. New Women's Prison – Addendum*	$12,600,000
B. Replace Roof in Warehouse, Gym, Autoshop and Outside	1,855,000
Total state appropriation paragraph IV	$14,455,000

*The prison shall be designed in a manner which provides the best economical approach to maintaining and operating the facility.

V. Department of Education	
A. Renovation of CTE Center – Dover*	$3,025,000
B. Renovation of CTE Center – Somersworth*	4,875,000
Total state appropriation paragraph V	$7,900,000

*The funds appropriated to the department of education in subparagraphs A and B for CTE centers in Dover and Somersworth shall not be spent, obligated, or encumbered until such time as an action plan has received approval from the capital budget overview committee.

VI. Department of Environmental Services	
A. Dam Repairs and Reconstruction	$2,975,000
B. Hazardous Waste Superfund State Match	500,000
C. Suncook River Infrastructure Protection Project	1,800,000
D. Rehabilitation of Natural Resources Conservation	
Service Flood Control Dams	7,200,000
Less Federal Funds	-5,100,000
Net state appropriation subparagraph D	2,100,000
E. Permitting, Environmental Monitoring and Flood Forecasting	1,000,000
F. Drinking Water SRF Matching Funds	2,978,212
G. Clean Water SRF State Match Funds	5,403,400
Less Other Funds*	-2,701,700
Net state appropriation subparagraph G	2,701,700
Total state appropriation paragraph VI	$14,054,912

*To provide funds for the appropriation made in subparagraph VI, G, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of $2,701,700 and for said purpose may issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with RSA 6-A. Payments of principal and interest on the bonds and notes pursuant to subparagraph VI, G shall be made from the state water pollution control and drinking water revolving loan funds established in RSA 486:14.

VII. Department of Health and Human Services	
A. Glencliff Home Potable Water System	$1,350,000
B. Campus Security Glencliff	425,000
C. New Hampshire Hospital; New Patient Unit Furniture	557,223
D. Main Access Tunnel Repair	525,000
E. Replace Roof Over Auditorium at Howard Rec.	230,000
F. SYSC Administration Building - Restroom Upgrades	120,000
G. Chillers and Associated Components Replacement	2,800,000
H. Child Support Systems Maintenance and Enhancement	7,100,000
Less Federal Funds	-4,686,000
Net state appropriation subparagraph H	2,414,000

I. New HEIGHTS Access Front Door	11,000,000
Less Federal Funds	-6,600,000
Net state appropriation subparagraph	4,400,000
J. Department Email Project	500,000
Less Federal Funds	-200,000
Net state appropriation subparagraph J	300,000
Total state appropriation paragraph VII	$13,121,223
VIII. Department of Information Technology*	
A. Enterprise Projects including Cyber Security, Upgrades, and Inter-agency Coordination	$1,000,000
B. Expansion of Virtual Server Environment	2,034,320
C. Enterprise Collaboration Solution	650,000
Total state appropriation paragraph VIII	$3,684,320

*The bonds issued for the projects in paragraph VIII shall not exceed 10 year maturity dates.

IX. Judicial Branch	
A. New Hampshire e-Court	$1,261,628
Total state appropriation paragraph IX	$1,261,628
X. Liquor Commission	
A. Concord Warehouse Roof Replacement	$1,715,000
Less Other Funds*	-1,715,000
Net state appropriation subparagraph A	0
B. In-store Management Systems Refresh/Surveillance System	2,800,000
Less Other Funds	-2,800,000
Net state appropriation subparagraph B	0
C. Consumer Internet Ordering Site	125,000
Less Other Funds*	-125,000
Net state appropriation subparagraph C	0
Total state appropriation paragraph X	$0

*To provide funds for the appropriations made in paragraph X, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of $4,640,000 and for said purpose may issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with RSA 6-A. Payments of principal and interest on the bonds and notes shall be made from the liquor commission fund established in RSA 176:16.

XI. Pease Development Authority	
A. Piscataqua River Turning Basin	$19,254,700
Less Federal Funds	-13,899,200
Less Other Funds*	-285,550
Net state appropriation subparagraph A	5,069,950

*To provide funds for the appropriations made in subparagraph A, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of $285,550 and for said purpose may issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with RSA 6-A. Payments of principal and interest on the bonds and notes shall be made from fees relating to wharfage, dockage, and other marine terminal operations under RSA 12-G:42.

Total state appropriation paragraph XI	$5,069,950

XIV. Department of State	
A. State Archives Addition Planning and Design	$250,000
Total state appropriation paragraph XIV	$250,000
XV. Transportation	
A. Transportation- Aeronautics, Rail and Transit	
1. 5 Percent Match for Federal Aviation Administration Project	$59,502,387
Less Federal Funds	-55,906,400
Net state appropriation subparagraph A	3,595,987
2. Repairs to State-owned Railroad Bridges	1,350,000
3. Public Transit Bus and Facility Matching Funds	1,358,636
4. Coos County Rail Improvements*	1,500,000
Total state appropriation paragraph XV	$7,804,623

*The sum appropriated in subparagraph A, 4 shall be a match to private funds of an equal amount.

XVI. Veterans Home	
A. Third Floor Addition to the LEDU Building-Vets Home	$13,550,000
Less Federal Funds	-8,807,500
Net state appropriation subparagraph A	4,742,500
Total state appropriation paragraph XVI	$4,742,500
Total state appropriation section 1	$119,817,373

2 Appropriation; Highway Fund. Department of Safety and Department of Transportation. The sums hereinafter detailed are appropriated for the projects specified:

I. Department of Safety	
A. Helicopter FLIR and ADS-B Replacement (highway funds)	$122,000
B. Troop A HVAC and Remodel and Troop E HVAC	650,000
C Radio Interoperability Project	3,320,317
Total state appropriation paragraph I	$4,092,317
II. Department of Transportation	
A. Underground Fuel Tank Replacement - Statewide	$1,310,000
B. Oversize/Overweight Permit Software	2,000,000
C. New Patrol Shed 114 Lisbon	270,000
D. 602 Strafford Patrol Shed	1,770,000
E. Statewide Salt Sheds (3)	1,660,000

F. Welcome and Information Center Capital Improvement	760,000
G. Morton Building - Carpet Replacement	200,000
Total state appropriation paragraph II	$7,970,000
Total state appropriation section 2	$12,062,317

3 Capital Appropriation; University System of New Hampshire. The sums hereinafter detailed are appropriated for the projects specified:

A. Deferred Maintenance	$5,000,000
Total state appropriation section 3	$5,000,000

4 Expenditures; General. The appropriations made for the purpose mentioned in sections 1 and 2 of this act, with the exception of appropriations in paragraph III of section 1, and the sums available for those projects, shall be expended by the trustees, commissions, commissioner, or department head of the institutions and departments referred to herein; provided that all contracts and projects and plans and specifications therefor shall be awarded in accordance with the provisions of RSA 21-I and RSA 228.

5 Expenditures; Community College System of New Hampshire.

I. The appropriations made for the community college system in paragraph III of section 1 and the sums available for these projects shall be expended by the trustees of the community college system of New Hampshire.

II. The appropriations made to the community college system in paragraph III of section 1 are available for all costs incidental to the completion of the projects enumerated including but not limited to the costs of the services for architects, engineers, and other consultants of such kind and capacity as the community college system board of trustees may, in its discretion, wish to employ on such terms and conditions as the board determines. These monies shall be spent under the direction of the community college system board of trustees and pursuant to policies adopted by the board of trustees.

III. Any authorization contained in this act which is at variance with the requirements of applicable federal law and regulations shall be controlled by the terms of federal law and regulations.

6 Expenditures; University System of New Hampshire.

I. The appropriations made for the university system in section 3 and the sums available for these projects shall be expended by the trustees of the university system of New Hampshire. All contracts for the construction of all or any part of said building or facilities shall be let only after competitive sealed bids have been received and only after an advertisement calling for such bids has been published at least once in each 2 consecutive calendar weeks in a newspaper of general circulation in New Hampshire or in a trade journal known to be circulated among the contractors from whom bids will be sought with the state of New Hampshire or elsewhere in the area. The first publication of such advertisement shall be not less than 30 days prior to the date the bids will be received. All conditions considered, wherever possible, it is recommended that the services of New Hampshire architectural and construction firms be considered within the discretion of the trustees.

II. The appropriations made to the university system in section 3 are available for all costs incidental to the completion of the projects enumerated including the costs of the services or architects, engineers, and other consultants of such kind and capacity as the university system board of trustees may, in its discretion, wish to employ on such terms and conditions as the board determines. These monies shall be spent under the direction of the university system board of trustees.

III. If, in the judgment of the trustees of the university system, just cause exists indicating the lowest bid should be rejected, then the contract may be awarded to the next lowest bidder, or, if the next lowest bid should be rejected, the contract may be awarded to the third lowest bidder.

IV. The board of trustees of the university system has the right to reject any and all bids and, if the lowest bid is in excess of the appropriation, the board has the right to negotiate with the low bidder or with the 3 lowest bidders for a contract for the construction upon terms considered most advantageous to the university. If only one bid is received, the board of trustees may negotiate a contract for the construction on terms considered most advantageous to the university system and to the state. Any authorization contained in this act which is at variance with the requirements of applicable federal law and regulations shall be controlled by the terms of the federal law and regulations.

7 Land Acquisition. Any land acquired under the appropriations made in section 1 and 2 of this act, if any, as may be acquired under the appropriation shall be purchased by the commissioner of the department of administrative services or the commissioner of the department of transportation with the approval of governor and council.

8 Bond Authorized. To provide funds for the total of the appropriations of state funds made in sections 1-3 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of $145,606,940 and for said purposes may issue bonds and notes in the names and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A. The source of funds are as follows: general fund $124,817,373, highway funds $12,062,317, and other funds $8,727,250.

9 Payments.

I. The payment of principal and interest on bonds and notes issued for the projects in sections 1 and 3 shall be made when due from the general fund of the state.

II. The payment of principal and interest on bonds issued for the projects in section 2 of this act shall be made from the highway fund.

10 Powers of Governor and Council. The governor and council are hereby authorized and empowered:

I. To cooperate with and enter into such agreements with the federal government, or any agency thereof, as they may deem advisable, to secure federal funds for the purposes hereof.

II. To accept any federal funds which are, or become available for any project under sections 1 and 2 beyond the estimated amounts. The net appropriation of state funds for any project for which such additional federal funds are accepted shall be reduced by the amount of such additional funds, and the amount of bonding authorized by section 8 shall be reduced by the same amount.

11 Transfers. The individual project appropriations provided in sections 1 and 2 of this act shall not be transferred or expended for any other purposes; provided that if there is a balance remaining after an individual project, which is fully funded by state funds, is completed, accepted, and final payment made, said balance or any part thereof may be transferred by governor and council, to any other individual project or projects, which are also fully funded by state funds, within the same section and from the same funding source, provided that prior approval of the capital budget overview committee is obtained.

12 Reduction of Appropriation and Bonding Authority. If the net appropriation of state funds for any project provided for by sections 1 and 2 is determined on the basis of an estimate of anticipated federal, local, or other funds, and if the amount of such funds actually received or available is less than said estimate, then the total authorized cost for such projects and the net appropriation of state funds thereof shall be reduced by the same proportion as the proportion by which federal, local, or other funds are reduced. The amount of bonding authorized by section 7 shall be reduced by the amount that the appropriation of state funds is reduced pursuant to this section.

13 Bureau of Public Works Design and Construction Inspection Services; Davis-Bacon Act Compliance. The appropriations for those projects which are managed by the bureau of public works design and construction, department of administrative services, may be expended to fund temporary personnel for the purpose of providing construction inspection services and Davis-Bacon Act Compliance services for projects utilizing federal funds, for those projects included in this act.

19 Effective Date.

I. Section 18 of this act shall take effect June 30, 2015.

II. The remainder of this act shall take effect July 1, 2015.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

MOTION TO SPECIAL ORDER

Rep. Hinch moved that **HB 2-FN-A-L,** relative to state fees, funds, revenues, and expenditures, be made a Special Order as the next order of business.

Motion adopted.

REGULAR CALENDAR CONT'D

SPECIAL ORDER

HB 2-FN-A-L, relative to state fees, funds, revenues, and expenditures. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Neal M. Kurk for the Majority of Finance. This is the companion or "trailer bill" to HB 1-A, the biennial budget. It contains necessary statutory changes to allow HB 1-A to be executed appropriately. Various sections were changed or removed to conform to bills passed by the House. A number of technical corrections were made. Various tax and fee increases proposed by the governor were removed, including the increases in vehicle registration fees, the increase in the tobacco tax, and the "reasonable compensation" business tax increase. Expanded Medicaid, known in New Hampshire as the New Hampshire Health Protection Program (NHHPP), will terminate on December 31, 2016, in accordance with current law, and will not be extended. Medicaid coverage for pregnant women and children will be reinstated on the same date. Other key provisions include: removing minimum sentences for non-violent criminals and encouraging the use of electronic bracelets; providing for faster and more efficient processing of felony cases, in accordance with procedures developed by the judicial branch; allowing the executive director in consultation with the fish and game commissioners to set fees for all licenses under their purview, provided the fees are established in rules and are reviewed by the joint legislative committee on administrative rules (JLCAR); removing the governor's proposed increase in the boat registration fee; authorizing departments to enter into lease-purchase agreements for vehicles or equipment; increasing public charter school funding (HB 563); combining the racing and charitable gaming commission and the lottery commission; authorizing the lottery commission to purchase its building; providing a term of office for the executive director of the lottery commission; removing the cap on education grants and tapering off the stabilization grants, starting in FY 2017; increasing the vanity plate fee by $3, with the increase used to fund the department of safety detective bureau; removing Keno and electronic Lucky 7 tickets; allowing the certificate of need board to sunset on June 30, 2016, as per current law, with any remaining funds returned to payers; continuing the moratorium on new nursing home beds; continuing the $5 million credit for county nursing homes; requiring Medicaid managed care organizations to use their preferred drug lists, saving $5 million in general funds; delaying for a year the opening of the 10-bed expansion of the NH hospital psychiatric crisis unit as a result of additional mental health community services; reducing the cost per youth of operating the Sununu Youth Services Center to the average daily rate of community homes. Vote 14-9.

Rep. Mary Jane Wallner for the Minority of Finance. The minority of the committee cannot support HB 2 as amended. Included in the act are inappropriate changes to collective bargaining agreements on health insurance and alterations to retiree health benefits. It also suspends rooms and meals tax distributions to travel and tourism efforts. Costs to implement provisions of voter identification law will be downshifted to cities and towns. The minority is opposed to the nearly $6 million downshift to counties for long term care costs through a provision that deposits 25% of the nursing home bed tax and companion federal matching funds into the general fund. This same provision has the effect of a $26 million tax increase on private nursing homes. The minority believes we should listen to the experts in health care policy and economics and extend the sunset provision for the certificate of need. The NH Health Protection Program should also be extended, so that we capitalize on the investment in our economy and increase the financial security of families and providers. The minority believes the governor's revenue proposals, such as closing the off-shore tax loophole and raising the cigarette tax, as our neighboring states have done, were reasonable and would have avoided many of the painful and misguided cuts in the budget.

Majority Amendment (1163h)

Amend the bill by replacing all after the enacting clause with the following:

1 Department of Administrative Services; Consolidation of Human Resources and Payroll Functions.

I. Notwithstanding any law or administrative rule to the contrary, the commissioner of administrative services, with the prior approval of the fiscal committee of the general court and the governor and council, may make such transfers of appropriation items and changes in allocations of funds available for operational purposes to the department of administrative services, from any other agency except for the liquor commission, as necessary to effectuate the efficient consolidation of human resource and payroll functions within state government.

II. The commissioner of administrative services may establish the number and classification of personnel required for human resource and payroll management in state government except for the liquor commission and, with the prior approval of the governor and council, may eliminate unnecessary positions and transfer to the department of administrative services any position in another agency except for the liquor commission identified by the commissioner of administrative services as necessary to effectuate the efficient consolidation of human resource and payroll functions within state government. Such transfers shall include the transfer of all associated books, papers, records, personnel files, and equipment, including, but not limited to, work station and information technology equipment, and shall include the transfer of any unexpended appropriations for any of the foregoing, as well as any unexpended appropriations for salary/payroll, benefits, support costs, or any other costs associated with the transferred personnel. All commissioners and department heads shall cooperate with the commissioner of administrative services to accomplish the intent of this section. Notwithstanding any law or administrative rule to the contrary, the division of personnel shall be authorized to reclassify positions required for human resources or payroll consolidation from one class series to a different class series as provided in RSA 21-I:54 and shall not require the approval of governor and council.

III. The commissioner of administrative services may locate personnel whose positions have been transferred in such work spaces as the commissioner determines will efficiently effectuate the consolidation of human resource and payroll functions. Such work spaces may include either space currently owned or rented by the state, or space which may be rented by the commissioner utilizing amounts which may be saved by the state as the result of the consolidation of human resources and payroll functions.

2 Department of Administrative Services; Consolidation of Business Processing Functions.

I. The commissioner of administrative services, with the prior approval of the fiscal committee of the general court and the governor and council, may make such transfers of appropriation items and changes in allocations of funds available for operational purposes to the department of administrative services, from any other agency except for the liquor commission, as necessary to effectuate the efficient consolidation of business processing functions within state government. Such business processing functions shall include:

(a) Accounts receivable;

(b) Accounts payable;

(c) Collection of fines, penalties, fees, restitution, remittances, and other moneys due to the state; and

(d) Such other finance and accounting functions and transactions the commissioner of administrative services determines would achieve substantial efficiencies from consolidation.

II. The commissioner of administrative services may issue a request for proposals or purchases in accordance with RSA 21-I:22 and RSA 21-I:22-a for the services and assistance of a qualified consultant to evaluate and identify opportunities for business processing consolidation in state government and make recommendations, including for a proposed implementation plan, for consolidation of such functions.

III. The commissioner of administrative services may establish the number of total personnel required for business processing functions in the executive branch of state government and, with the prior approval of the governor and council, may eliminate unnecessary positions and transfer to the department of administrative services any position in another agency except for the liquor commission identified by the commissioner of administrative services as necessary to effectuate the efficient consolidation of business processing functions within state government. Such transfers shall include the transfer of all associated books, papers, records, personnel files, and equipment, including, but not limited to, work station and information technology equipment, and shall include the transfer of any unexpended appropriations for any of the foregoing, and any unexpended appropriations for salary/payroll, benefits, support costs, or any other costs associated with the transferred personnel.

IV. The commissioner of administrative services may locate personnel whose positions have been transferred in such work spaces as the commissioner determines will efficiently effectuate the consolidation of business functions. Such work spaces may include either space currently owned or rented by the state, or space which may be rented by the commissioner utilizing amounts which may be saved by the state as the result of the consolidation of human resources and payroll functions.

3 Department of Administrative Services; Continuation of Appropriation. Any unspent balance remaining on the $250,000 appropriation made by 2011, 224:86 to the department of administrative services for the biennium ending June 30, 2013, for the purpose of selecting and retaining an independent business processing consultant to evaluate and make recommendations relative to the consolidation of business processing functions within state government, shall not lapse until June 30, 2017. The department of administrative services may use this balance to fund such projects, functions, or activities as the commissioner of administrative services may direct relating to the efficiency of state government, including, but not limited to, the selection and retention of an independent business processing consultant and/or other projects, functions, or activities relating to the consolidation of human resource, payroll, finance, business processing and accounting functions.

4 Department of Administrative Services; Transfer Among Accounts and Classes. Notwithstanding any provision of law to the contrary, except RSA 9:17-c, and subject to the approval of the fiscal committee of the general court and governor and council, for the biennium ending June 30, 2017, the commissioner of the department of administrative services is hereby authorized to transfer funds within and among all accounting units and/or class codes within the department, with the exception of class 60 transfers, and is further authorized to create new class codes within the department into which funds may be transferred or placed, as the commissioner deems necessary and appropriate to address present or projected budget deficits, or to respond to changes in federal laws, regulations, or programs, and otherwise as necessary for the efficient management of the department; provided if a transfer does not include new class codes, only transfers over $75,000 shall require prior approval of the fiscal committee of the general court.

5 Department of Administrative Services; Rehiring of Laid Off Classified State Employees.

I. For purposes of this section, "laid off" means any person in a classified position as described in RSA 21-I:49 who receives written notice of the state's intent to lay him or her off or who is laid off between July 1, 2015 and June 30, 2017, as a result of reorganization or downsizing of state government.

II. It is the intent of the general court that any classified position which becomes available in a department or establishment, as defined in RSA 9:1, shall be filled, if possible, by a state employee laid off, as defined in paragraph I, if such person is not currently employed by the state of New Hampshire, if he or she meets the minimum qualifications for the position, and if he or she does not receive a promotion as a result of the rehire.

III. The head of each department or agency shall submit the name and classification of any individual laid off between July 1, 2015 and June 30, 2017, to the director of the division of personnel within 10 days of the layoff.

6 Health Risk Appraisal; Protected Health Information. All information contained in a state employee's health risk appraisal as referenced in any collective bargaining agreement shall be considered protected health information and entitled to all of the non-disclosure and other restrictions set forth in the Health Insurance Portability and Accountability Act of 1996, as amended, (HIPAA) Standards for Privacy of Individually Identifiable Health Information at 45 C.F.R. Part 160 and Subparts A and E of Part 164 ("Privacy Rule").

7 State Employee Health Plan; Application. The cost sharing and plan design for unrepresented active state employees who participate in the health plans offered by the state shall be the same as those for individuals covered by the collective bargaining agreement between the state of New Hampshire and the State Employees' Association of New Hampshire, Inc. The fiscal committee of the general court may approve changes to the above plan design cost sharing provisions consistent with RSA 21-I:30, I. The cost sharing and plan designs for represented active state employees who participate in the health plans offered by the state shall be in accordance with the provisions of the collective bargaining agreements between the state and the employee organizations representing those employees.

8 New Paragraph; Executive Councilors. Amend RSA 94:1-a by inserting after paragraph IV the following new paragraph:

V.(a) Executive councilors may participate at their own expense in a group health and dental insurance arrangement during their tenure in office. Such group health and dental insurance arrangement shall be the state employees group insurance plan afforded full-time state employees.

(b) Notwithstanding the terms of any state employee group insurance contract or other state law to the contrary, executive councilors who have participated in a group health and dental insurance arrangement during their tenure in office, shall elect, within 30 days after they leave the executive council, either to continue to participate fully in that arrangement for as long as they choose to do so at their own expense, or to discontinue their participation.

(c) The commissioner of the department of administrative services shall invoice and collect amounts due from executive councilors and former executive council members. Collected amounts shall be deposited in the employee and retiree benefit risk management fund, established in RSA 21-I:30-e.

(d) Failure to remit payment for participation pursuant to paragraph I in full within 30 days of billing shall be grounds for terminating benefits, effective with the beginning of the billing period. Reenrollment shall be dependent upon payment of outstanding participation or other amounts.

(e) Failure to remit payment in full for participation pursuant to paragraph II within 60 days of billing shall be grounds for permanently terminating benefits effective upon the beginning of the billing period. Either in the billing notice or in a separate notice to the person billed, the department of administrative services shall advise that failure to pay the specified amount in full within the required time shall be grounds for permanent termination of benefits.

9 Department of Administrative Services; Energy Consumption Reduction Reports. Amend RSA 21-I:14-c to read as follows:

21-I:14-c Energy Consumption Reduction Goal; Reports.

I. Each state department shall identify cost-effective measures to reduce fossil fuel consumption by 25 percent by 2025 in state buildings, on a square foot basis, compared to a 2005 baseline. Implementation of any measures shall be subject to the appropriate budgetary process and approval. Cost effectiveness for the purposes of this section shall mean a return on investment based on energy savings and reduced operational costs within the expected lifetime of the measure.

II. Beginning in calendar year [~~2012~~] ***2016***, each state department shall submit [~~an annual~~] ***a biennial*** report to the commissioner of administrative services on or before [~~September 1~~] ***October 15*** which details any cost-effective measures it is utilizing and those potential measures, subject to budgetary approval, to comply with the energy consumption reduction goal established in paragraph I and its annual progress in complying with this goal.

III. Beginning in calendar year [~~2012~~] ***2016***, the commissioner shall submit [~~an annual~~] ***a biennial*** report to be made available to the public on or before [~~December 1~~] ***January 15*** compiling the annual reports submitted under paragraph II, with findings on the departments' annual progress in complying with the energy consumption reduction goal established in paragraph I and problems which may prevent the departments from achieving this goal, to the governor, the senate president, the speaker of the house of representatives, the chair of the senate energy and natural resources committee and the chair of the house science, technology and energy committee.

10 New Paragraph; Department of Administrative Services; State Facility Energy Cost Reduction; Definition of Renewable Energy Added. Amend RSA 21-I:19-b by inserting after paragraph VI the following new paragraph:

VII. "Renewable energy," for the purposes of this section, means wind energy; biomass energy; geothermal energy, if the geothermal energy output is in the form of useful thermal energy; hydrogen derived from biomass fuels or methane gas; ocean thermal, wave, current, or tidal energy; methane gas; solar thermal or electric energy; or hydropower.

11 Department of Administrative Services; Energy Performance Contracting. Amend RSA 21-I:19-d, I to read as follows:

I. Any state agency or municipality may enter into an energy performance contract for the purpose of undertaking or implementing energy conservation or alternate energy measures in a facility. An energy performance contract may include, but shall not be limited to, options such as joint ventures, shared-savings contracts, positive cash flow financing or energy service contracts, or any combination thereof, provided that at the conclusion of the contract the agency will receive title to the energy system being financed, if the agency so desires. [~~The agency that is responsible for a particular facility shall review and make recommendations regarding energy performance contract arrangements for the facility to the IEEC.~~]

12 Department of Administrative Services; Energy Performance Contracting. Amend RSA 21-I: 19-d, II(f) to read as follows:

(f) Any energy performance contract should require the contractor to include all energy efficiency improvement in selected buildings that are calculated to recover all costs within 20 years from the date of project implementation at existing energy prices. The contract shall require that the public utility or energy services provider be repaid only to the extent of energy cost savings guaranteed by the contractor to accrue over the term of the contract. [~~Repayments to the public utility or energy services provider shall be interest-free.~~]

13 New Paragraph; State Employees Group Insurance; Medical and Surgical Benefits. Amend RSA 21-I:30 by inserting after paragraph II the following new paragraph:

II-a. Retired employees who are eligible for Medicare Part A without premium due to age or disability shall provide proof of enrollment in Medicare Parts A and B within 30 days of becoming eligible for Medicare or they shall no longer be eligible to participate in the state retiree benefit plan for as long as they are not participating in Medicare Parts A and B.

14 Department of Administrative Services; State Employees Group Insurance; Medical and Surgical Benefits. RSA 21-I:30, III is repealed and reenacted to read as follows:

III. The state shall pay a partial premium for each retired employee, as defined in paragraphs VI and VII, who is not eligible for Medicare and for his or her spouse for their lifetimes, toward group health care coverage within the limits of the funds appropriated at each legislative session and providing any change in plan is approved by the fiscal committee of the general court prior to its adoption. Pursuant to paragraph XIII, a portion of the premium shall be paid by each retiree and his or her spouse. Retired employees who are not eligible for Medicare may voluntarily cease participation in plan benefits at any time and may reenroll without restriction.

15 Department of Administrative Services; State Employees Group Insurance; Medical and Surgical Benefits. Amend RSA 21-I: 30, XIII to read as follows:

XIII. The commissioner of administrative services shall invoice and collect from retired state employees [~~under the age of 65 years~~] ***and/or each applicable spouse who are not Medicare eligible and*** receiving medical and surgical benefits provided under this section, who do not receive a retirement allowance as defined in RSA 100-A:1, XXII, [~~the~~] ***a*** premium contribution [~~amounts of 12.5 percent~~] ***amount based on a percentage*** of the total monthly premium [~~for each such retiree and 12.5 percent of the total monthly premium for each applicable spouse; provided that the charge to each household shall not exceed 12.5 percent of the total monthly premium for 2 plan participants~~] ***attributable to the applicable retiree and/or spouse, as determined by the commissioner of administrative services, with prior approval by the fiscal committee of the general court, provided the percentage is not lower than 20 percent***. The commissioner of administrative services is also authorized to invoice and collect from such other participants contribution amounts as specified by law. Collected amounts shall be deposited in the employee and retiree benefit risk management fund. Failure to remit payment of the contribution amount in full within 30 days of billing shall be grounds for terminating benefits, effective from the beginning of the billing period. Reenrollment shall be dependent upon payment of any outstanding contribution

or other amounts within 6 months of the termination date. If a participant fails to remit payment in full for participation within 30 days of billing, on the 30th day the participant shall be notified by certified mail, return receipt requested, that he or she shall remit payment to the department within 10 business days of receiving the letter or his or her benefits shall be terminated effective upon the 10th business day after receipt of the letter and that reenrollment shall be dependent upon payment of any outstanding contribution or other amount within 6 months of the termination date.

16 Department of Administrative Services; New Hampshire Retirement System; Medical Benefits. Amend RSA 100-A:54, III to read as follows:

III. The retirement system shall deduct from the monthly retirement allowance of retired state employees [~~under the age of 65 years~~] ***and/or each applicable spouse who are not Medicare eligible and*** receiving medical and surgical benefits provided pursuant to RSA 21-I:30, [~~the~~] ***a*** premium contribution [~~amounts of 12.5 percent~~] ***amount based on a percentage*** of the total monthly premium [~~for each such retiree and 12.5 percent of the total monthly premium for each applicable spouse; provided that the charge to each household shall not exceed 12.5 percent of the total monthly premium for 2 plan participants~~] ***attributable to the applicable retiree and/or spouse, as determined by the commissioner of administrative services, with prior approval by the fiscal committee of the general court provided the percentage is not lower than 20 percent***. The department of administrative services shall provide information as to the total monthly premium cost for each participant to the retirement system for purposes of calculating this deduction. Deducted amounts, which shall be in addition to and notwithstanding any amounts payable by the retirement system pursuant to RSA 100-A:52, RSA 100-A:52-a, and RSA 100-A:52-b, shall be deposited in the employee and retiree benefit risk management fund. In the event the retiree's monthly allowance is insufficient to cover the certified contribution amount, the retirement system shall so notify the department of administrative services, which shall invoice and collect from the retiree ***and/or each applicable spouse*** the remaining contribution amount. Failure to remit payment of the contribution amount in full within 30 days of billing shall be grounds for terminating benefits, effective from the beginning of the billing period. Reenrollment shall be dependent upon payment of any outstanding contribution or other amounts within 6 months of the termination date. The department of administrative services shall provide notice of the termination of benefits as provided in RSA 21-I:30, XIII.

17 Department of Administrative Services; Judicial Retirement Plan. Amend RSA 100-C:11-a to read as follows:

100-C:11-a Retiree and Spouse Health Insurance Premium Contribution. Retired judges and ***their applicable*** spouses [~~under the age of 65 years~~] ***who are not Medicare eligible and*** receiving medical and surgical benefits shall be responsible for payment of a premium contribution amount [~~of 12.5 percent of the~~] ***based on a percentage of the*** total monthly premium [~~for each such retiree and 12.5 percent of the total monthly premium for each applicable spouse; provided that the charge to each household shall not exceed 12.5 percent of the total monthly premium for 2 plan participants~~] ***attributable to the applicable retiree and/or spouse, as determined by the commissioner of administrative services, with prior approval by the fiscal committee of the general court, provided the percentage is not lower than 20 percent***. The department of administrative services shall provide information as to the total monthly premium cost for each participant to the judicial retirement plan for purposes of calculating this deduction. The judicial retirement plan shall deduct the payment required under this section from the retiree's monthly retirement allowance. Deducted amounts shall be remitted to the administrative office of the courts within 14 days along with a statement identifying from whom the deduction was made, and shall be used to pay for plan retiree and spouse health care expenses and any administrative costs related thereto.

18 Lottery Commission; Incentive Program. Amend RSA 284:21-h by inserting after paragraph VI the following new paragraph:

VII. The lottery commission may develop and implement an employee recognition program for monetary incentives to promote increased sales and compensate lottery sales representatives based upon performance and funded from an existing lottery budget line item. The incentive program shall be implemented through rules adopted by the lottery commission in accordance with RSA 541-A. The lottery commission shall report quarterly to the fiscal committee of the general court on the status of the incentive program.

19 Liquor Commission; Reimbursement of Cost of Legal Services. Notwithstanding any provision of law to the contrary, for the biennium ending June 30, 2017, the liquor commission shall reimburse the cost for any legal services provided by the department of justice to the commission that would not normally be included as part of the statewide cost allocation paid by the commission.

20 New Paragraph; Department of Justice; Civil Bureau; Contract Attorney. Amend RSA 21-M:11 by inserting after paragraph II the following new paragraph:

III. The department of justice shall have the authority to hire a full-time attorney assigned to the bureau, who shall act as legal counsel for state executive agencies in the procurement, negotiation, and development of contracts as determined by the attorney general. Each agency shall notify the department of justice of its intent to procure a contract or enter into any agreement that may materially impact the state, according to criteria established by the department of justice, including but not limited to, contract value, complexity, and performance obligations.

21 Department of Justice; Agency Attorneys. Amend RSA 7:13 to read as follows:

7:13 Transfer of Attorneys From Other Departments.

I. Upon request of the attorney general, the governor is hereby authorized to transfer any employee authorized to do legal work, and all unexpended appropriations and funds allocated for the payment of such employee's salary, from any department or agency of the state to the department of justice whenever such action is deemed by the governor to be in the best interest of the state. ***Upon transfer, the employee's position shall be converted to an unclassified attorney position. The transferring agency shall be responsible for any eligible earned but unused leave due to the employee.*** Any such employee so transferred or employed by the expenditure of such funds and appropriations shall be directly responsible to the attorney general and shall perform such services as the attorney general may direct. [~~The provisions of this section shall not apply to the general counsel and counsel of the department of employment security.~~]

II. Whenever an attorney position in any agency or department becomes vacant, the attorney general shall have the option of transferring the position and any related appropriations to the department of justice. The attorney general shall be notified whenever such a vacancy occurs, and shall decide whether to request a transfer of the position pursuant to paragraph I.

22 Department of Justice; Compliance with Nonparticipating Manufacturer Adjustment Settlement Agreement. Amend RSA 21-J:14, XII to read as follows:

XII. Department records, files, or information obtained by the commissioner or other department employee under the provisions of RSA 78, RSA 541-C, or RSA 541-D may be disclosed to the attorney general, or designee, and other federal, state, or local agencies as provided under RSA 541-D:5, II. ***The attorney general or designee may further disclose such records, files, or information pursuant to an agreement with an entity designated to serve as a data clearinghouse in accordance with the terms of the Nonparticipating Manufacturer Adjustment Settlement Agreement. The Nonparticipating Manufacturer Adjustment Settlement Agreement means, for purposes of this paragraph, the settlement agreement between the state of New Hampshire and the participating manufacturers, as primarily set forth in the term sheet dated November 14, 2012 and approved by the general court in 2013, 6.***

23 Judicial Appointments; Number Limited; Vacancies.

I. Except as provided in paragraph II, for the biennium ending June 30, 2017, the number of judges serving on the superior court shall not exceed 20 and the number of full-time judges serving on the circuit court shall not exceed 31.

II. For the biennium ending June 30, 2017, the filling of a marital master position by a judge shall increase the authorized number of circuit court judges allowed under paragraph I for each position so filled.

24 Judicial Branch; Transfers. Notwithstanding any provision of law to the contrary, and subject to approval of the fiscal committee of the general court, for the biennium ending June 30, 2017, the supreme court is hereby authorized to transfer funds within and among all accounting units within the judicial branch as the supreme court deems necessary and appropriate to address budget reductions or to respond to changes in federal laws, regulations, or programs, and otherwise as necessary for the efficient management of the judicial branch. If the supreme court intends to transfer funds which would otherwise meet the transfer requirements as set forth in RSA 9:17-d, prior approval of the fiscal committee shall be required for transfers of $75,000 or more.

25 New Paragraph; Community College System; Retiree Health Care Payments. Amend RSA 188-F:7 by inserting after paragraph IV the following new paragraph:

V. The community college system of New Hampshire shall remit to the state on a monthly basis the cost of retiree health care benefits for employees who have retired on or after July 1, 2011. The amount due shall be based on current enrollment for that month and the working rate for the calendar

year. Invoices from the department of administrative services shall contain retiree enrollment detail in regards to the amount due. The department shall provide the community college system an anticipated budget each biennium as part of the retiree health budget process.

26 Fish and Game Department; Rulemaking; Fees. Amend RSA 206:10, I as follows:

I. It shall be the duty of the executive director to function as the chief administrator of the commission and to protect, propagate and preserve the fish, game, and wildlife resources of the state and to protect and conserve nongame birds of the state. The executive director shall, subject to the limitations hereinafter set forth, have the power and authority to adopt and enforce rules, pursuant to RSA 541-A, for the adequate and effective control, management, restoration, conservation, and regulation of the fish, game, bird, and wildlife resources of the state, including rules designed to prohibit or otherwise regulate nonagricultural activities which may cause the introduction or spread of infectious disease in the state's wildlife resources. Such power and authority shall include*: (a)* the right*, after consultation with the commission,* to *set and charge fees adopted pursuant to RSA 541-A, (b) the right to* open and close the season for taking fish, game, birds, and wildlife, *(c)* the right to fix the size, number and weight limits, and other conditions governing the method and manner of taking the same. Such power and authority may be exercised with reference to the state as a whole, or for any specified county or part thereof, or for any lake, pond, stream, or part thereof.

27 Fish and Game; Crossbow Permit; Disability; Administrative Fee. Amend RSA 207:10-c, V, to read as follows:

V. [~~A $10~~] *An* administrative fee *set by the executive director pursuant to RSA 206:10, I* shall be charged once, upon application to the executive director for such permit.

28 Fish and Game; Dog Training; Fee. Amend RSA 207:12-a, I to read as follows:

I. Any person who is licensed to hunt within the state may be issued a training permit for the training of bird dogs and trail or tree hounds during the closed season on any wildlife, except deer, moose, caribou, elk, lynx, cougar, bobcat, and turkey, upon application and the payment of a fee [~~of $5~~]. The executive director shall adopt rules pursuant to RSA 541-A, relative to the *amount of the fee for the training permit and the* period for the training of bear dogs. Notwithstanding the provisions of this paragraph, field trials shall be permitted pursuant to RSA 207:13.

29 Fish and Game; Field Trials. Amend RSA 207:13, I to read as follows:

I. Field trials for dogs may be held at such times, in such manner, and under such restrictions, as may be prescribed by the executive director. Any person wishing to hold a field trial shall first obtain a written permit from the person on whose land it is proposed to hold the trial, present the same to the executive director, and pay a fee [~~of $9.50~~] *set by the executive director pursuant to RSA 206:10, I*, including field trials for coon dogs and such night hunts for coon dogs as authorized by paragraph II. The executive director may thereupon issue a permit for such field trial. The executive director or his duly authorized agent shall supervise the holding of such field trial, enforce the terms of the permits, and the rules for its conduct. The executive director shall adopt rules under RSA 541-A for the conduct of field trials as in his *or her* opinion are necessary to safeguard the interest of the wildlife of the state, provided that the executive director shall issue permits for beagle trials to any beagle club recognized by the American Kennel Club for trials to be run under the rules and regulations of the American Kennel Club. The fee for this permit shall [~~not exceed $9.50~~] *be set by the executive director pursuant to RSA 206:10, I*. The executive director or his *or her* authorized agent shall enforce the terms of such permits.

30 Fish and Game; Bow and Arrow; License Fee. RSA 208:5, I is repealed and reenacted to read as follows:

I. The executive director shall set the fee pursuant to RSA 206:10, I, for issuance of archery licenses for the following categories: residents 16 years of age or older and nonresidents 16 years of age or older.

31 Fish and Game; Muzzleloaders. Amend RSA 208:5-a to read as follows:

208:5-a Muzzleloaders. A person who has complied with the licensing requirements relative to hunting deer pursuant to RSA 214, [~~upon payment of a fee of $15 by residents or a fee of $40 by non residents,~~] shall be issued a license*, upon payment of a fee set by the executive director pursuant to RSA 206:10, I, for the following categories: residents 16 years of age or older and nonresidents 16 years of age or older*. A muzzleloading license shall not be required for residents less than 16 years of age, but such person while hunting with a muzzleloading firearm shall be accompanied by a properly licensed person who is 18 years of age or over and must also comply with all provisions of this chapter. The license shall entitle the holder to hunt deer with a single shot muzzleloading firearm.

32 Fish and Game; Special Deer Permits. Amend RSA 208:5-b to read as follows:

208:5-b Special Deer Permits. The executive director may issue special deer permits to a person licensed with the applicable license to hunt issued under RSA 214, or RSA 208:5 or [~~5-a~~] ***208:5-a***. The executive director shall adopt rules pursuant to RSA 541-A relative to fixing the number and sex limitations for wild deer and any other conditions governing the location, method, and manner of taking as well as the issuance and fee for special deer permits. [~~The executive director may charge a fee not to exceed $15 for all applications for special deer permits.~~]

33 Fish and Game; Black Bears. Amend RSA 208:24, II to read as follows:

II. No person shall take wild black bears in this state without first procuring a bear license and tag in addition to the applicable license to hunt issued pursuant to RSA 214 or RSA 208:5. The cost of the bear license and tag, ***for both residents and nonresidents,*** shall be [~~$15 for residents and $47 for non residents~~] ***set by the executive director pursuant to RSA 206:10, I***.

34 Fish and Game; Fishing Tournaments. Amend RSA 211:16-b to read as follows:

211:16-b Fishing Tournaments.

I. No person shall promote or operate any fishing tournament in the waters under the jurisdiction of this state without first procuring a special permit from the executive director to do so. [~~The fee for a permit issued under this section is $25.~~]

II. The executive director shall adopt rules, pursuant to RSA 541-A, relative to definitions, ***fees,*** conditions, requirements for waivers, including waivers of the fee, qualifications, and all other criteria relating to the operation of a fishing tournament on any waters of the state.

35 Fish and Game; Lobster and Crab. Amend RSA 211:18, III-a to read as follows:

III-a. The [~~following fees shall apply to lobster and crab license~~] ***executive director shall set the fee pursuant to RSA 206:10, I for the following lobster and crab license types*** issued under this section:

(a) Resident commercial lobster and crab license[~~; $300~~].

(b) Nonresident commercial lobster and crab license[~~; $600~~].

(c) Resident limited commercial lobster and crab license[~~; $175~~].

(d) Nonresident limited commercial lobster and crab license[~~; $350~~].

(e) Resident part-time commercial lobster and crab license[~~; $103~~].

(f) Nonresident part-time commercial lobster and crab license[~~; $350~~].

(g) Recreational lobster and crab license[~~; $35~~].

36 Fish and Game; Lobster Helper's License. Amend RSA 211:20 to read as follows:

211:20 Helper's License. Any person licensed under the provisions of RSA 211:18 may get a helper's license which entitles the person to have the help of a person in the taking of lobsters or crabs. The helper's license may be transferred to any one helper employed by the licensee, but may not be transferred to a person who previously had a lobster license which is under suspension. A helper may assist, set, or haul pots or traps or any other device used in the taking of lobsters and crabs only in the presence of and aboard the boat of a person licensed under the provisions of RSA 211:18, and who holds a valid helper's license. [~~The fee for a helper's license is $10.~~] The executive director shall adopt rules pursuant to RSA 541-A relative to the ***fee for a helper's license and the*** terms and restrictions of a helper's license to comply with lobster trap limits established under the Atlantic States Marine Fisheries Commission management plan for American lobster relative to reduced fishing effort.

37 Fish and Game; Lobster Retail Dealer. RSA 211:39, II through IV are repealed and reenacted to read as follows:

II. The executive director shall set the fee pursuant to RSA 206:10, I, for retail dealer licenses issued under this section.

38 Fish and Game; Nonresident Commercial Salt Water License. Amend RSA 211:49-a, II to read as follows:

II. The fee for an annual license shall be [~~$500~~] ***set by the executive director pursuant to RSA 206:10, I***. The license shall be for the operator of the boat, vessel, flotation device, or gear, and helpers; provided, however, that helpers shall not be allowed for the taking of sea urchins or scallops by diving.

39 Fish and Game; Nonresident Wholesaler License. Amend RSA 211:49-aa, I, to read as follows:

I. Any person, firm, or corporation who does not qualify as a resident under RSA 207:1 or RSA 211:43 and who is engaged in a wholesale trade in any marine species shall first procure a valid license from the executive director to do so in this state. The license shall entitle the licensee to buy, sell, process, and transport any marine species in wholesale trade within the state and to ship any

marine species within and outside the state. A separate extra facility license shall be required for each market, store, vehicle, or facility where such marine species are bought or sold at wholesale. A nonresident wholesale license shall not be required by a person properly licensed pursuant to RSA 211:49-a. The [~~fee~~] ***fees*** for an annual license [~~shall be $200 and $75~~] ***and*** for each extra facility license ***shall be set by the executive director pursuant to RSA 206:10, I***. A copy of the license shall be carried in each vehicle and displayed at all facilities.

40 Fish and Game; Resident Commercial Salt Water License. Amend RSA 211:49-b, II to read as follows:

II. The fee for such annual license shall be [~~$50~~] ***set by the executive director pursuant to RSA 206:10, I***. The license shall be for the operator of the boat, vessel, flotation device, or gear, and helpers; provided, however, that helpers shall not be allowed for the taking of sea urchins or scallops by diving.

41 Fish and Game; Resident Wholesaler License. Amend RSA 211:49-c, I to read as follows:

I. Any person, firm, or corporation engaged in a wholesale trade in any marine species shall first procure from the executive director a license to do so. Said license shall entitle the licensee to buy, sell, process, and transport any marine species in wholesale trade within the state and to ship any marine species within and outside the state. A separate extra facility license shall be required for each market, store, vehicle, or facility where such marine species are bought or sold at wholesale. A resident wholesaler license shall not be required by a person properly licensed pursuant to RSA 211:49-b. The [~~fee~~] ***fees*** for an annual license [~~shall be $100 and $50~~] ***and*** for each extra facility license ***shall be set by the executive director pursuant to RSA 206:10, I***. A copy of the license shall be carried in each vehicle and displayed at all facilities.

42 Fish and Game; Landing License. Amend RSA 211:49-d to read as follows:

211:49-d Landing License; Lobster and Crabs. Any person who is not licensed under RSA 211:18, RSA 211:49-a, or RSA 211:49-b and wishes to transport in state waters lobsters and crabs taken outside the jurisdiction of the state via ship, vessel, or similar craft in state waters for the purposes of landing the lobsters and crabs in the state must first procure a landing license. This shall allow the licensee to sell lobster and crab landed under such person's license. The fee for [~~an~~] annual [~~license~~] ***licenses*** [~~shall be $50 for a resident and $500 for any persons who does not qualify as a residents under RSA 207:1~~] ***for residents and nonresidents shall be set by the executive director pursuant to RSA 206:10, I***.

43 Fish and Game; Commercial Shrimp License. Amend RSA 211:49-e, II and III to read as follows:

II. The [~~fee~~] ***fees*** for the northern shrimp [~~license~~] ***resident and nonresident licenses*** shall be [~~$100 for residents~~] ***set by the executive director pursuant to RSA 206:10, I***.

III. [~~The fee for the northern shrimp license shall be $500 for nonresidents.~~] A nonresident shall not be eligible to obtain a commercial shrimp license unless the state in which such person is a resident provides a reciprocal licensing privilege for residents of this state.

44 Fish and Game; Oyster License. Amend RSA 211:62-a to read as follows:

211:62-a License for Taking. No person shall at any time take oysters unless the person is a resident of the state and has been duly licensed as provided in this section. Any resident of this state shall, upon application to the executive director of the fish and game department, be granted a license to take oysters upon payment of a fee [~~of $29~~] ***set by the executive director pursuant to RSA 206:10, I***. Such license shall be issued for the current calendar year. The executive director of the fish and game department shall make readily available such licenses as are covered by this section through its regular outlets. A person who furnishes to another person or permits another person to have or use the person's oyster license or the license of any other person, or changes or alters such license or uses a license issued to another person, or makes a false statement in an application to obtain said license shall be subjected to the penalty under RSA 211:64.

45 Fish and Game; Clams in Coastal Waters. Amend RSA 211:62-d to read as follows:

211:62-d Clams in Coastal Waters. No one other than an individual natural person who is a bona fide resident of the state, and who has obtained a [~~$300~~] commercial clamming license, may at any time commercially harvest or take the following from ocean waters within the jurisdiction of the state, black clams (Cyprina islandica), sea clams (Spisula solidissima), and razor clams (Enis directus). No such person authorized by this section to take such clams may take more than 500 bushels of unshucked clams daily. ***The fee for a commercial clamming license shall be set by the executive director pursuant to RSA 206:10, I.***

46 Fish and Game; Recreational Taking of Clams. Amend RSA 211:64-b to read as follows:

211:64-b License for Recreational Taking of Clams. No person shall at any time take clams for such person's own use unless the person is a resident of the state and has been duly licensed as provided in this section. Any person 6 years of age or older shall, upon application to the executive director of the fish and game department, be granted a license to take clams for recreational purposes upon payment of a fee [~~of $29~~] ***set by the executive director pursuant to RSA 206:10, I.*** Such license shall be issued for the current calendar year. A resident of the state may take up to one quart of clamworms during any one day for such person's own use without a license. A person who furnishes to another person or permits another person to have or use the person's recreational clam license or the license of any other person, or changes or alters such license or uses a license issued to another person, or makes a false statement in an application to obtain said license shall be subjected to the penalty under RSA 211:64.

47 Fish and Game; Sale of Venison. Amend RSA 212:30-d, III to read as follows:

III. Resident and nonresident wholesalers who wish to sell imported venison in this state as permitted in paragraph I shall procure a wholesaler's license from the department of fish and game to do so, the fee for which shall be [~~$50~~] ***set by the executive director pursuant to RSA 206:10, I.*** Said license shall expire on December 31 of each calendar year. Wholesalers shall provide bills of sale in duplicate, one copy of which shall be given to the retail seller, and the other copy of which shall be retained as a file copy by the wholesaler and shall be available for inspection by any agent of the executive director.

48 Fish and Game; License Fees. Amend RSA 214:8 to read as follows:

214:8 Form***; Fees.***

I. The executive director shall prepare licenses, game tags, permits, stamps, and such other forms as determined necessary to comply with all licensing requirements of title XVIII. Such license, when issued to the licensee, shall bear the date of issuance, and shall contain the name, age, color of eyes, and residence of the licensee and such other information, including affidavits, as may be requested by the executive director. The license, to be valid, shall be countersigned by the licensee on the face of the license in the space provided.

II. The executive director shall set fees for the various license types described in RSA 214:9 pursuant to RSA 206:10, I.

49 Fish and Game; License Applications and Fees. Amend RSA 214:9 to read as follows:

214:9 Application[~~; Fees~~]. [~~The~~] ***To obtain any of the following licenses, an*** applicant shall fill out and subscribe [~~to~~] ***on*** a blank to be furnished by the executive director and pay the agent the [~~following~~] ***license*** fees, ***established under RSA 214:8, II,*** and the agent fee as provided in RSA 214-A:4:

I. [~~If the applicant is a resident of this state and wishes to hunt, $21, and the agent shall thereupon issue a~~] Resident hunting license, which shall entitle the licensee to hunt, shoot, kill, or take, except by the use of traps, and to transport wild birds and wild animals under the restrictions of this title.

II. [~~If the applicant is a resident of this state and wishes to fish, $33, and the agent shall thereupon issue a~~] Resident fishing license, which shall entitle the licensee to kill, take, and transport all species of freshwater fish, under the restrictions of this title.

II-a. [Repealed.]

II-b. [~~If the applicant is a resident of this state and wishes to fish for one day, $8, and the agent shall thereupon issue a~~] One-day resident fishing license, which shall entitle the licensee to kill, take, and transport all species of freshwater fish, for said time only, under the restrictions of this title.

III. [~~If the applicant is a resident of this state and wishes to hunt and fish, $44, and the agent shall thereupon issue a~~] Resident hunting and fishing license, which shall entitle the licensee to hunt, shoot, kill, or take, except by use of traps, and to transport wild birds, wild animals, and all species of freshwater fish under the restrictions of this title.

IV. [~~If the applicant is a resident of this state and wishes to take fur-bearing animals and coyote by the use of traps, $27.50, and the department shall thereupon issue a~~] ***Resident*** trapping license, which shall entitle the licensee to take fur-bearing animals and coyote by the use of traps and sell and transport them under the restrictions of this title.

V. [~~If the applicant is a resident under 16 years of age and wishes to take fur-bearing animals and coyote by the use of traps when not accompanied by a licensed trapper 18 years of age or over, $5.50, and the agent shall thereupon issue a~~] Resident minor's trapping license, which shall entitle the licensee ***under 16 years of age*** to take fur-bearing animals and coyote by the use of traps and sell and transport them under the restrictions of this title.

VI. [~~If the applicant is a nonresident, 16 years of age or older, and wishes to hunt, $102, and the agent shall thereupon issue a~~] Nonresident hunting license which shall entitle the licensee to hunt, shoot, kill, and take, except by the use of traps, and to transport wild birds and wild animals under the restrictions of this title.

VI-a. [~~If the applicant is a nonresident and wishes to hunt and fish, $139, and the agent shall thereupon issue a~~] Nonresident hunting and fishing license, which shall entitle the licensee to hunt, shoot, kill, or take, except by use of traps, and to transport wild birds, wild animals, and all species of freshwater fish under the restrictions of this title.

VII. [Repealed.]

VII-a. [~~If the applicant is a nonresident and wishes to take small game as defined in RSA 207:1, XXVI, $52, and the agent shall thereupon issue a~~] Nonresident small game license which shall entitle the licensee to hunt, shoot, or take small game ***as defined in RSA 207:1, XXVI***; provided, however, this license shall not authorize the taking of fur-bearing animals as defined in RSA 207:1, VIII.

VII-b. [~~If the applicant is a nonresident and wishes to take small game as defined in RSA 207:1, XXVI, for 3 consecutive days, $24, and the agent shall thereupon issue a~~] 3-day nonresident small game license which shall entitle the licensee to hunt, shoot, or take small game ***as defined in RSA 207:1, XXVI, for 3 consecutive days***; provided, however, this license shall not authorize the taking of fur-bearing animals as defined in RSA 207:1, VIII.

VIII. [~~If the applicant is a nonresident, 16 years of age or older, and wishes to take any species of freshwater fish, $51, and the agent shall thereupon issue a~~] Nonresident fishing license which shall entitle the licensee to kill, take, and transport all species of freshwater fish under the restrictions of this title[~~, provided that:~~

~~(a) [Repealed.]~~

~~(b) If the applicant wishes to take said fish for 7 consecutive days, $33, and the agent shall thereupon issue a 7-day nonresident fishing license for said time only under the restrictions of this title;~~

~~(c) If the applicant wishes to take said fish for 3 consecutive days, $26, and the agent shall thereupon issue a 3-day nonresident fishing license for said time only under the restrictions of this title; and~~

~~(d) [Repealed.]~~

~~(e) If the applicant wishes to take said fish for one day, $13, and the agent shall thereupon issue a one-day nonresident fishing license for said time only under the restrictions of this title~~].

VIII-a. [Repealed.]

VIII-b. [Repealed.]

VIII-c. 7-day nonresident fishing license, which shall entitle the licensee to kill, take, and transport all species of freshwater fish, for 7 consecutive days, under the restrictions of this title.

VIII-d. 3-day nonresident fishing license, which shall entitle the licensee to kill, take, and transport all species of freshwater fish, for 3 consecutive days, under the restrictions of this title.

VIII-e. One day nonresident fishing license, which shall entitle the licensee to kill, take, and transport all species of freshwater fish, for one day, under the restrictions of this title.

IX. [~~If the applicant is a nonresident and wishes to take fur-bearing animals and coyotes by the use of traps, the nonresident shall pay $300.~~] ***Nonresident trapping license, which shall entitle the licensee to take fur-bearing animals and coyote by the use of traps and sell and transport them under the restrictions of this title.*** If the applicant's state or province does not permit nonresident trappers, said applicant shall be denied a nonresident license in this state.

X.(a) [~~If the applicant wishes to hunt pheasants, the agent shall thereupon issue a~~] Pheasant license or stamp which shall entitle the licensee to hunt, shoot, kill, and take, except by the use of traps, pheasants during the open season.

(b) The fee for such license or stamp shall be [~~determined by the executive director pursuant to RSA 541-A~~] ***set by the executive director pursuant to RSA 206:10, I.***

XI. [~~If the applicant is a resident and wishes to hunt wild turkeys, $15, and if the applicant is a nonresident and wishes to hunt wild turkeys, $30, and the fish and game department shall thereupon issue a wild turkey license or permit~~] ***Resident wild turkey license,*** which shall entitle the licensee to hunt, shoot, kill, and take turkey, except by the use of traps.

XI-a. Nonresident wild turkey license, which shall entitle the licensee to hunt, shoot, kill, and take turkey, except by the use of traps.

XII. [~~If the applicant wishes to hunt migratory waterfowl, $4.00, and the agent shall thereupon issue a state~~] Migratory waterfowl license which shall entitle the licensee to hunt, shoot, kill, and take migratory waterfowl during such time and in such manner and numbers as may be allowed under RSA 209:6.

XIII.(a) Any recognized summer camp or educational facility operated within the state may apply to the executive director of the fish and game department for a group fishing license that may be utilized by individual campers or students while participating in camp or school approved activities. The fee for the license [~~shall be $25, and~~], the definitions, requirements for participation, and criteria for obtaining the license shall be determined by the executive director pursuant to rules adopted under RSA 541-A.

(b) [Repealed.]

XIV. [Repealed.]

XV. If the applicant wishes to take wild animals, excluding fish and marine species, or wild birds, [~~$2.50~~] ***a fee set by the executive director pursuant to RSA 206:10, I***, and the agent shall thereupon issue a wildlife habitat stamp or license as provided in RSA 214:1-f. For any year in which a stamp is issued, the agent shall be entitled to retain [~~$.50~~] ***a portion*** of the [~~$2.50~~] fee ***as set by the executive director pursuant to RSA 206:10, I*** for each wildlife habitat stamp sold and all stamps sold at the department headquarters or any subagency thereof shall retain the same [~~$.50~~] ***portion of the*** fee which, notwithstanding RSA 214:1-f, V, shall be credited to the general fish and game fund. Notwithstanding any other provision of law, there shall be no agent fee for a wildlife habitat license issued pursuant to RSA 214:1-f.

XVI.(a) [~~If the applicant is 16 years of age or older and wishes to take, possess, or transport finfish from coastal and estuarine waters under the restrictions of this title, the applicant shall pay the fee according to the schedule in subparagraph (c), and the agent shall thereupon issue a~~] Recreational saltwater license which shall entitle the licensee***, 16 years of age or older,*** to take, possess, or transport finfish from coastal and estuarine waters, under the restrictions of this title, provided that any person participating in a recreational saltwater fishing opportunity on a for-hire vessel, which is licensed under subparagraph (b), shall be exempt from the license requirement of this subparagraph.

(b) A resident or nonresident owner or operator of a for-hire vessel who wishes to provide recreational saltwater fishing opportunities for persons taking finfish from coastal and estuarine waters, shall pay a fee***, set by the executive director pursuant to RSA 206:10, I,*** for each charter boat and each party boat [~~according to the schedule in subparagraph (c),~~] which shall entitle the owner or operator of the licensed for-hire vessel to take, possess, or transport finfish from coastal and estuarine waters, under the restrictions of this title.

(c) A nonresident holding a valid recreational saltwater license or a for-hire charter or party boat saltwater license from Maine or Massachusetts, shall be allowed to take, possess, or transport finfish from New Hampshire coastal and estuarine waters, provided that the state in which such person purchased a recreational saltwater license or in which the for-hire vessel is registered allows an angler with a New Hampshire recreational saltwater license or a saltwater for-hire vessel with a for-hire license from New Hampshire to recreationally take, possess, or transport finfish in that state's coastal and estuarine waters.

(d) In this paragraph:

(1) "Coastal and estuarine waters" means all waters within the rise and fall of the tide, and water below any fishway or dam which is normally the dividing line between tide water and fresh water, or below any tidal bound which has been legally established in streams flowing into the sea under the jurisdiction of the state.

(2) "For-hire vessel" means a party boat, charter boat, dive boat, head boat, or other boat hired by persons to engage in recreational saltwater fishing opportunities.

(3) "Recreational saltwater fishing" means taking of any marine finfish, by any means for personal use only and which are not sold.

(4) "Charter boat" means a vessel less than 100 gross tons (90.8 metric tons) that meets the requirements of the U.S. Coast Guard to carry 6 or fewer passengers for hire.

(5) "Party boat" or "head boat" means a vessel that holds a valid Certificate of Inspection issued by the U.S. Coast Guard to carry passengers for hire.

(e) [~~The following fees shall apply:~~

~~(1) $10 for resident and nonresident individuals.~~
~~(2) $50 for charter boats and other for-hire vessels, except party boats.~~
~~(3) $100 for party boats.~~

~~(f)~~] The executive director shall adopt rules under RSA 541-A on the further definitions, criteria, and requirements for obtaining the licenses under this paragraph.

50 Fish and Game; Fur Buyers. Amend RSA 214:25 to read as follows:

214:25 Applications; Fees. The applicant, whether a resident or nonresident, shall fill out and sign a blank to be furnished by the executive director and pay [~~the applicable~~] ***a*** license fee ***set by the executive director pursuant to RSA 206:10, I***. The executive director shall thereupon issue a fur buyer's license which shall entitle the licensee to buy and sell the furs and skins of deer, coyotes, and fur-bearing animals lawfully taken, and to sell and transport the same, under the restrictions of this title. The executive director shall grant such licenses for the entire state upon the payment of [~~a~~] ***the applicable license*** fee [~~of $50 for residents or upon the payment of a fee of $150 for nonresidents~~].

51 Fish and Game; Taxidermy. Amend RSA 214:29-a to read as follows:

214:29-a Taxidermy. The executive director may grant licenses which may be revoked or suspended at any time to any person desiring to practice taxidermy, as defined under general provisions, RSA 207:1, XXVII-a. [~~The fee for a taxidermy permit shall be $50, and~~] The executive director shall adopt rules under RSA 541-A relative to the ***fee for a taxidermy permit, and the*** conditions, qualifications, and other criteria under which a taxidermy permit shall be granted.

52 Fish and Game; Freshwater Bait. Amend RSA 214:34 to read as follows:

214:34 Licenses Required.

I. No person shall take, sell, or offer to sell live fish for bait without first procuring a license to do so.

II. The applicant shall complete the prescribed application form furnished by the executive director and pay the [~~following~~] appropriate ***license*** fee in addition to the $1 agent's fee as provided in RSA 214-A:4[~~:~~

~~(a) If the applicant is a retailer, he shall pay a fee of $25.~~
~~(b) If a resident applicant wishes to sell at retail and wholesale, he shall pay a fee of $75.~~
~~(c) If a nonresident applicant wishes to sell at retail, he shall pay a fee of $50.~~
~~(d) If a nonresident applicant wishes to sell at wholesale, he shall pay a fee of $150~~].

III. Fees for the following license types shall be set by the executive director pursuant to RSA 206:10, I:

(a) Retail.
(b) Resident retail and wholesale.
(c) Nonresident retail.
(d) Nonresident wholesale.

53 Fish and Game; Importing Bait. Amend RSA 214:34-d to read as follows:

214:34-d Permit to Import. No fish of any description shall be brought into this state for use as bait without first procuring a permit from the executive director. Such permit shall be valid for no longer than one year but no additional permit shall be required within that period of time to import the same species of fish from the same source of supply. Five days' notification of each intent to import shall be filed with the executive director. [~~The fee for each such permit is $9.50.~~] ***The executive director shall set the fee for such permits pursuant to RSA 206:10, I.***

54 Fish and Game; Guide License. RSA 215:4 is repealed and reenacted to read as follows:

215:4 Fee for License. The executive director shall set the fees for resident and nonresident licenses to guide under this chapter pursuant to RSA 206:10, I.

55 Fish and Game; Guides. Amend RSA 215:5, II to read as follows:

II. ***Notwithstanding RSA 215:4,*** every resident 65 years of age or older who has been a licensed guide in this state for 5 or more years may obtain a license as a guide to fish or to hunt [~~not by payment of the fees prescribed in RSA 215:4, I and II but rather~~] by payment of only the cost of issuing said license as determined by the executive director.

56 Fish and Game Department; Licenses for Persons Over 65. RSA 214:7-a is repealed and reenacted to read as follows:

214:7-a Persons Over 68 Years of Age.

I. Any resident of this state who is 68 years of age or over may make application each year, to any authorized agent of the state for the sale of freshwater fishing, hunting, or trapping licenses, for a

special license to fish in freshwaters and hunt or trap, under the restrictions of this title. Such license may permit the use of a muzzle-loading firearm and bow and arrow. The executive director shall set the annual fee for the special license established in this section by rule pursuant to RSA 206:10, I. Said fee shall not exceed 50 percent of the regular resident license fee for fishing in freshwaters, hunting, or trapping. The license shall be marked in such manner as the executive director may designate.

II. Those individuals holding a special license under this section as of June 30, 2015 shall be exempt from the requirement to apply for said license annually. The special license held by these individuals shall remain effective for the remainder of each individual's life, as long as the individual remains a resident of the state, unless suspended or revoked by the executive director.

57 New Section; Fish and Game Department; Environmental Review Fees. Amend RSA 206 by inserting after section 33-e the following new section:

206:33-f Environmental Review Fees.

I. The executive director may charge a fee for the review of proposed projects which may adversely impact wildlife, including threatened or endangered species of wildlife, if such review is requested by a project developer, either public or private, regardless of whether such request is received before or after an application is submitted to any permitting agency.

II. The fees established by this section shall be designed to recover a reasonable portion of the costs of:

(a) Reviewing, assessing, and monitoring the impacts to wildlife of a proposed project;

(b) Reviewing and assessing research, sampling, or modeling protocols to be implemented either prior to or after the completion of a project; and

(c) Formulating recommendations designed to avoid, minimize, and/or mitigate any potential adverse impacts of a project on wildlife.

III. Fees shall be fixed in a schedule prepared and revised as necessary by the executive director, and established in rules adopted pursuant to RSA 541-A. Such schedule may differentiate among different classes of projects based on the intensity of the requisite review by the department.

IV. All moneys received under this section shall be deposited into the fish and game fund established under RSA 206:33 and used solely for the purposes set forth in RSA 206:34-a.

V. Receipt of the fees established by this section shall be a prerequisite for any environmental review undertaken by the department. Any permit or certificate dependent on the environmental review undertaken by the department shall be invalid until the fees assessed under this section are paid in full.

58 Forest Management and Protection Fund. Amend RSA 227-G:5, I(b) to read as follows:
